## **WELCOME TO THE ACSTO FAMILY!**

ACSTO considers it a great privilege to partner with your family as you choose to enroll your children in a Christian School. Our passion is to build the body of Christ, which is why we partner with only Christian Schools.

Our mission is to help parents understand how they can afford a Christian Education for their children. Since ACSTO began in 1998, we have worked diligently to help parents learn how Arizona's Private School Tax Credit Program works and how they can best take advantage of it.

For the past 27 years, we have provided scholarships for thousands of students, giving them an education in an environment where they not only learn, but they develop and grow in their relationship with Christ—the only relationship that will never fail them!

### **ACSTO PROMISES TO:**

- Always operate based on godly principles
- Fight for a parent's right to choose a Christian Education for their child
- Make Christian Education affordable for all
- Provide the resources families need to make the most of the Private School Tax Credit Program

We are very blessed God has given us a role in your Christian Education journey.

**STEVE YARBROUGH**  
*Executive Director*

# WHY ACSTO?

Parents, schools, and donors have trusted us for more than 27 years to help make Christian Education affordable for everyone. **Why?** Because we operate on biblical principles, exercise transparency, and go to great lengths to protect a parent's right to choose the best educational option for their child.

## **DISTINCTLY CHRISTIAN**

Our passion is Christian Education. We work tirelessly to build God's kingdom through Christian Schools!

## **GOOD STEWARDS**

By law we are required to award 90% of all donations we receive; we actually award 92%! We have received Charity Navigator's top Four-Star rating for eight consecutive years.

## **LARGEST STO IN ARIZONA**

Since the Tax Credit Program began, ACSTO has received the most Individual donations, accounting for at least 20% of total donors among all STOs.

## **SCHOOL CHOICE CHAMPIONS**

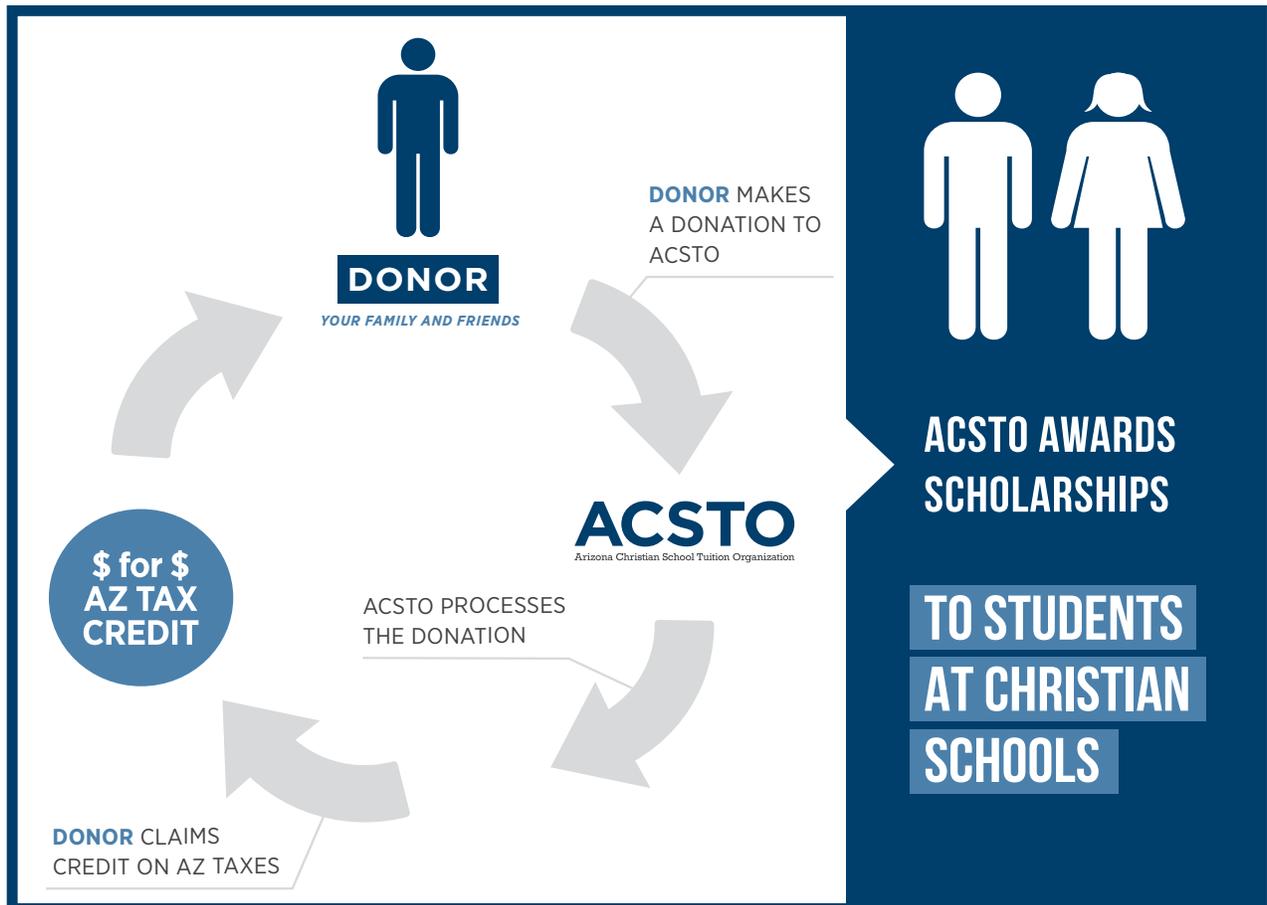

Our leadership stays continuously engaged with policymakers and school choice advocates to promote educational freedom for parents, both through choice and affordability.

# HOW IT WORKS

The more you understand about how the Private School Tax Credit Program works, the easier it is to communicate the advantages of this great opportunity to others. Arizona taxpayers can receive a dollar-for-dollar tax credit when they donate to ACSTO, which goes against what they would normally pay as a state tax payment, or up to the current tax credit maximums (whichever is less).

When donors give, they may recommend a specific student to be considered for a scholarship, or they may identify a school and their donation will be awarded to students at that specific school. Therefore, the best way to maximize tax credit scholarships is to invite people you know to take advantage of receiving a dollar-for-dollar tax credit by donating to ACSTO and recommending your student(s) to be considered for a scholarship.

ACSTO awards 92% of donated funds to students attending one of our Partner Schools. Currently, we partner with approximately 130 Christian Schools in Arizona.

# ATTEND A ZOOM PARENT WORKSHOP

# TAX CREDIT SCHOLARSHIPS

The Private School Tax Credit laws provide four different tax credit scholarships for Kindergarten – 12th grade students attending private schools. Students are eligible to receive any of these four scholarships as long as they meet the qualifications specified for each one. Preschool students with disabilities may also qualify for these scholarships. They must have an MET or IEP from an Arizona public school.

**ACSTO** provides the two Individual Tax Credit Scholarships, **Original and Overflow (Switcher)**, which are funded by Individual taxpayers.

To be considered for these scholarships, an ACSTO Scholarship Application must be completed and the student must be enrolled in a Partner School. **Apply at [acsto.org/parents/apply-now](https://acsto.org/parents/apply-now).**

Please complete the following questionnaire to determine if your student qualifies for Original or Overflow Tax Credit Scholarships.

# Step 2: Create a Family Page

Your ACSTO Family Page is a custom page featuring your student(s). It explains how your friends and family can give a dollar-for-dollar tax credit donation to ACSTO and recommend your student(s) to receive a scholarship! You do not need to submit an ACSTO Scholarship Application to create an ACSTO Family Page; you just need to create a Parent Portal and add your student(s).

When someone donates through your Family Page, your student's name and school will automatically appear in the recommendation fields.

There are so many ways to use your ACSTO Family Page! Try posting the link on your social media or sending it to friends and family in an email or text message. Be creative!

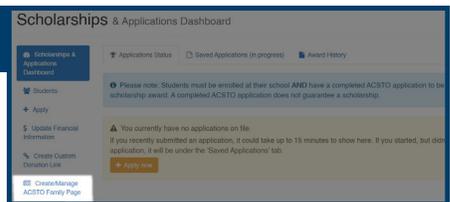

## STEP 1

Log in to your Parent Portal

## STEP 2

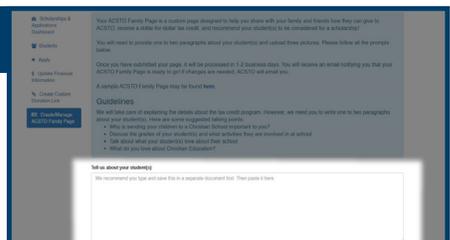

Select "Create/Manage ACSTO Family Page" on the left sidebar

## STEP 3

Upload 1-3 photos and write a couple of paragraphs about your student

*\*Please allow 1-2 business days to process your page. You will receive an email when your page is ready!*

## Step 4: Start the Conversation

Communicating to others about donating to ACSTO may be out of your comfort zone, but we're here to help! Think of all the ways you already communicate with others—personal conversations, text messaging, emails, social media platforms, etc. These are perfect opportunities to share about ACSTO! Here are a few examples to get you started.

*Our kids love their school! They are receiving an excellent education and deepening their relationship with God every day. Without the scholarships we receive from ACSTO, [school name] would not be possible. Please consider donating to ACSTO, receiving a dollar-for-dollar tax credit, and recommending our kids for scholarships. To learn more, check out [include Family Page link]. Thank you for your support!*

*If you are thinking about making a dollar-for-dollar tax credit donation to ACSTO, please consider recommending [student's name] to be considered for a scholarship! You can donate today at [include Family Page link]. If you have any questions about how the program works, send me a message! Thanks a bunch!*

*Hey family and friends! Did you know you can make a dollar-for-dollar tax credit donation to ACSTO and recommend my kids for a scholarship? Arizona taxpayers can donate up to \$3,062 (married filing jointly) or \$1,535 (single filer) and claim it as a dollar-for-dollar tax credit when filing their state taxes. You have to pay the money anyway, so why not have a say in where your money goes? Donate today at [include Family Page link].*

*Did you know that you can provide scholarships for students at Christian Schools without it costing you anything? You have a choice to either pay state taxes and let the state decide how to spend your money, or donate to ACSTO and know exactly where your money is going!*

# FREQUENTLY ASKED QUESTIONS

1

## ***How are scholarships awarded and what factors are considered?***

---

Every student who has a current application on file, is enrolled, and meets the qualifications of each type of scholarship is considered.

Our Selection Committees consider three factors when making award decisions:

1. Family Financial Information provided on the application  
(This is a required factor by state law. It is held in strictest confidence.)
2. Student Narrative provided on the application
3. Donor Recommendations received for the student

By law, donor recommendations are not guaranteed. However, they do help in the award decision process.

Regardless of our desire to award every student during each Award Cycle, we do not always have the funds available to meet this goal since we are a donation-based organization.

2

## ***What if my student receives an award but transfers to another school?***

---

As long as the new school is a private Christian School in Arizona that partners with ACSTO, the unused portion will follow the student. Otherwise, any remaining scholarship amount would be awarded among other students at that school. For a list of our Partner Schools, visit [acsto.org/about/our-partner-schools](http://acsto.org/about/our-partner-schools).

3

## ***May a student receive funds from more than one school tuition organization (STO)?***

---

Yes, we encourage you to apply for any opportunities available. Our number one goal is for you to afford a Christian Education for your child.

4

## ***Are scholarships awarded to families?***

---

Per the Arizona Department of Revenue (ADOR), scholarship awards are only given to individual students. There are no family accounts.

# EMPOWERMENT SCHOLARSHIP ACCOUNT (ESA)

An ESA is an account administered by the Arizona Department of Education (ADE) and funded by state tax dollars. It consists of 90% of the state funding that would have otherwise been allocated to the school district the student is assigned to attend based on their address. When parents sign an ESA contract, they opt out of the education and services the public education system offers. ESA funds can be used to pay private school tuition, home education and curriculum, tutoring, and more.

Per the current ESA handbook, “Pursuant to A.R.S.§15-2402(B)(3), the Account Holder agrees not to receive any STOs or tax credit scholarships in the same contract year as an ESA.” Therefore, receiving tax credit scholarships from STOs for your student in the same fiscal year as an ESA (fiscal year is July 1 – June 30), is a violation of the law and is grounds for termination or removal from the ESA program.

## UNIVERSAL ESA

All K-12 students in Arizona are eligible to receive a Universal ESA, giving parents more educational options for their students.

Funds are distributed quarterly and begin the quarter that the ESA contract is signed. Kindergarten students are eligible for approximately \$4,500/school year. Students in 1st - 12th grade are eligible for approximately \$7,500/school year.

**Quarter 1:** July 1 - September 30

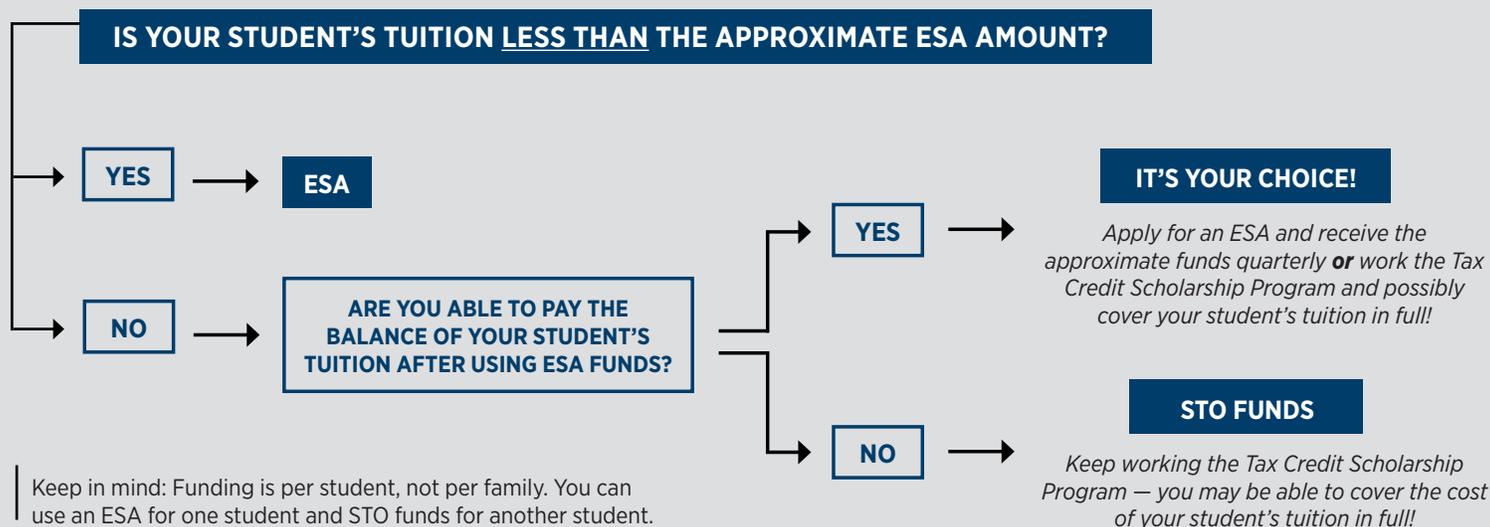

**Quarter 3:** January 1 - March 31

**Quarter 2:** October 1 - December 31

**Quarter 4:** April 1 - June 30

Other ESA eligibility categories include: students in K-12th grade with a disability and students in preschool with a disability.

## WHICH FUNDING SOURCE IS THE BEST OPTION FOR YOUR STUDENT— ESA or STO funds?

# 10 COMMON QUESTIONS ABOUT ACSTO & ESAs

1

## ***What is the difference between tax credit scholarships and Empowerment Scholarship Accounts (ESAs)?***

- » Tax credit scholarships and ESAs are two entirely separate tuition funding sources. Tax credit scholarships are funded by private taxpayers and implemented by certified school tuition organizations (STOs). ESAs are funded by state tax dollars and administered through the Arizona Department of Education. Both programs require parents to submit some type of application each academic year.
- » ESAs provide a set amount of funding per quarter which may not cover all tuition costs. The quarter that funding begins is determined by when you apply and sign the ESA contract. With tax credit scholarships, there is a potential for scholarships to cover 100% of tuition costs.
- » ESAs require parents to submit tuition statements (monthly or quarterly) to receive payment. Parents must also pay a processing fee to ClassWallet, reducing the funds available to pay tuition costs. STOs can provide tuition payments throughout the school year as long as the total scholarships paid do not exceed the student's annual tuition amount. ACSTO does not charge any fees to parents, schools, or donors.
- » STOs are allowed to communicate with schools regarding students who are enrolled and their tuition needs. ESA staff can only communicate with parents and cannot provide schools with any information.

2

## ***Can parents use both tax credit scholarships and ESA funds at the same time as payment for tuition?***

- » No. Parents cannot simultaneously use tax credit scholarships and ESA funds to pay tuition for the same student. If a parent accepts ESA funds and chooses to use the funds for other expenses such as tutoring or special services, and not tuition, then they must pay their student's tuition out of their own pocket. A student cannot receive ESA funds and tax credit scholarships at the same time regardless of how the parent chooses to spend the ESA funds. This would be a clear violation of the ESA contract.

3

## ***Which funding source should I choose—ESA or tax credit scholarships?***

- » Each family's situation is different. Consider the following:
  - The cost of tuition for each student.
  - The anticipated amount the student would receive from each program.
  - Your family's financial ability to pay any outstanding tuition due after ESA funds or tax credit scholarships are applied.
- » If an ESA would fully cover the student's tuition, using an ESA may be the best option. For the 2025-2026 school year, ESA funding is approximately \$4,500 for Kindergarteners and \$7,500 for students in 1<sup>st</sup>-12<sup>th</sup> grades, if you signed your contract during Quarter 1.
- » If you choose to use an ESA and the student's tuition exceeds the ESA funding, the parent is responsible for paying any balance due.
- » If your student already received tax credit scholarships for the 2025-2026 school year (or you anticipate receiving tax credit scholarships during future award cycles) in excess of the ESA amounts, continuing to use tax credit scholarships may be your best option.
  - Check your school tuition account or contact your school to determine the total amount of all tax credit scholarships applied to your student's tuition for the current school year.
  - To see the amount ACSTO has awarded your student this school year, log in to your Parent Portal and select Award History.

4

## ***If I decide to sign an ESA contract, do I need to notify ACSTO and my student's school?***

- » Yes. As soon as you sign an ESA contract, it is very important to call ACSTO at 480.820.0403 to update your student's record in our database. It is equally important that you inform your school as well.

## 5

### **My student received tax credit scholarships for this school year and I signed an ESA contract in the same school year. Can the school keep any of the tax credit scholarships already sent for my student's tuition?**

- » No. Per the STO Manual published by The Arizona Department of Revenue (ADOR):
  - Pursuant to A.R.S. §15-2402(B)(3), an ESA account holder agrees to not receive any STO scholarships in the same contract year as an ESA. The ESA contract year is July 1st through June 30th. Once there is a signed ESA contract, all STO monies that have been remitted to a private school for the same contract year must be returned to the STO regardless of when the ESA contract was signed or when the STO remitted scholarship money to a private school for the same academic year.
- » Therefore, if the parent signs an ESA contract, the school must return ALL tax credit scholarships paid out for the school year to the awarding STO(s) and the parent is then responsible for any balance of tuition owed.

### **If a parent ends an ESA contract during the school year, can tax credit scholarships be sent to the student's school beginning the quarter after the contract is cancelled?**

## 6

- » Yes. While ACSTO does not encourage the practice of “switching” from an ESA to tax credit scholarships during a school year, under certain circumstances it may benefit a parent financially to cancel their ESA contract to use tax credit scholarships. Per the STO Manual published by the ADOR:
  - If the parent closes the ESA contract during the school year there will be no conflict for the student to receive an STO scholarship for the remainder of the academic year after the ESA contract was cancelled. Parents that withdraw from the ESA program will receive an email indicating their ESA account is closed which can be provided to the STO for verification.
  - STOs are not to award scholarships for a period in which ESA money was received. STO funding may begin the quarter following the ESA contract cancellation. For example, if the ESA contract is cancelled in November (Quarter 2), an STO scholarship can be awarded beginning in January (Quarter 3) to cover Quarters 3 and 4. If a parent cancels their ESA contract prior to receiving and/or spending any ESA funding, an STO may award a scholarship for the same quarter(s) **only if** the parents can provide documentation that no money was received and/or spent. Please note that parents will not be eligible to sign another ESA contract until July 1 of the next contract year.

## 7

### **What happens to tax credit scholarships returned to ACSTO because my student is using an ESA?**

- » Funds returned by schools to ACSTO will be held in the student's name as a Multi-Year Scholarship to be used for future tuition at one of our Partner Schools after the ESA is discontinued.
- » **IMPORTANT!** If your student has Multi-Year Scholarship funds being held at ACSTO:
  - The student must stay continuously enrolled at an ACSTO Partner School.
  - The parent must continue to submit an ACSTO Scholarship Application in subsequent school years, even if the student is using an ESA.
- » If these conditions are not met, ACSTO will re-award the student's Multi-Year Scholarship to another student at the same school after 18 months.

## 8

### **Can my student still be considered for scholarship awards from ACSTO while receiving ESA funding?**

- » If ACSTO has a current Scholarship Application for your student and he/she is enrolled at one of our Partner Schools, they can be considered for and awarded scholarships, however, any awards will be held for the student as a Multi-Year Scholarship since they cannot be sent to the school while the student is accepting ESA funding.

## 9

### **Can one child in our family use an ESA and another child use tax credit scholarships?**

- » Yes, there is nothing in the law to prevent a family from using an ESA for one child and tax credit scholarships for a different child since both programs are student-based, not family-based.

## 10

### **What can I do to learn more about how to afford Christian Education?**

- » Attend an ACSTO Parent Workshop where we discuss both ESA and tax credit scholarship opportunities, and how the Tax Credit Program works. Parent Workshops are offered online via Zoom and on many of our Partner School campuses. Visit [acsto.org/parents/workshops](http://acsto.org/parents/workshops) for details.

# WE'RE SO GLAD YOU'RE HERE!

Congratulations on joining the ACSTO family! We hope you have a better understanding of how to afford a Christian Education for your family. A few reminders before you go:

- Trust and pray. If God is leading your child(ren) to a Christian School, trust that He will place donors in your path and pray that He gives you the confidence to share the information about ACSTO with your family and friends.
- Become a donor yourself! There is no better way to learn how the program positively impacts your taxes than to donate and claim your dollar-for-dollar tax credit.
- Remember, you are not alone. We have an excellent customer service team that loves to answer any questions you might have. Call our office Monday-Friday, 9am to 4pm (we are closed from 12pm to 1pm for a lunch break). You can also email us at [social@acsto.org](mailto:social@acsto.org).

*“ACSTO scholarships have been extremely helpful to our family. There was a time that we would not have been able to commit to Christian Education for our kids if ACSTO did not exist. I knew the Lord had told me to trust Him to provide and, by His grace, He used ACSTO to do just that.”*

*“As a Christian School principal, I saw hundreds of families liberated to make the right school choice for their family as they became aware of ACSTO. Never be thrown off by the “sticker price.” Trust God to make a way.”*

*“Diving into the possibility of paying full tuition at a Christian School is scary. If you are willing to put in the work, ACSTO makes it very affordable. It has been well worth any effort put forth to send our kids to a Christian School.*

*“It might sound like a lot of work at the beginning, but ACSTO is so user-friendly. Give it a shot! It’s worth it to know your children are being taught from a Christ-centered worldview.”*
