WELCOME TO BEAUTIFUL ARIZONA!

Bordering on California, Colorado, New Mexico, Utah, and Nevada, Arizona, known as the "Grand Canyon State" encompasses a wide range of influences geographically, culturally and politically.

Phoenix, one of Arizona's two largest cities, certainly has a distinct charm of it's own. Phoenix and its more than 20 surrounding communities are known as the "Valley of the Sun", an alias clearly linked to Arizona's climate and blisteringly hot growth over the last several years.

During the real estate boom years of 2003 to 2006, Phoenix was one of the up-and-coming cities in the Southwest region. During the periods of 2000 and 2010, Phoenix experienced a 24 percent population increase, growing from 1.3 million to more than 1.6 million, making it the second fastest growing metropolitan area in the country, after Las Vegas. Thanks to the nation's ongoing economic recovery, the Phoenix median home price has increased in value yet remains very affordable, offering a wide range of living preferences from luxurious downtown condos, elegant old homes, modern showplaces to friendly countryside ranches. No matter where you decide to live in the "Valley of the Sun", you'll find a friendly neighborhood atmosphere waiting for you!

The Phoenix metropolitan area includes the city of Phoenix, Maricopa County, most of Pinal County and parts of Southern Yavapai County. The city's combined metropolitan statistical area population is just over four million and it includes the communities located in Maricopa County; Anthem,

Avondale, Buckeye, Carefree, Cave Creek, Chandler, El Mirage, Fountain Hills, Gila Bend, Gilbert, Glendale, Goodyear, Guadalupe, Litchfield Park, Mesa, Paradise Valley, Peoria, Queen Creek, Scottsdale, Sun City, Sun City West, Sun Lakes, Surprise, Tempe, Tolleson, Tonopah, Wickenburg, and Youngtown. The communities located in Pinal County include; Apache Junction, Arizona City, Casa Grande, Coolidge, Eloy, Florence, Kearny, Mammoth, Maricopa, Oracle, Picacho, Picacho Peak, Red Rock, San Manuel, and Superior.

LOCATION:

Phoenix is the capital of Arizona and has the official elevation of 1,117 feet above sea level. Phoenix is 372 miles east of Los Angeles, 297 miles southeast of Las Vegas, and 821 miles south of Denver.

REASONS FOR MOVING TO ARIZONA:

In Phoenix, you can find great local options like picking up Thai, Mexican and Greek food all from the convenience of your car. While it does get hot in Phoenix for a large part of the year, the water parks make it possible to have a lot of fun in the sun.

Phoenix is home to 189 parks, 200 miles of trails and 33,000 acres of desert preserves. You'll have plenty of recreational areas to visit.

If you like golf, there's no better place to be! With more than 200 courses around the city, you'll have plenty to pick from. Don't forget the largest professional golf tournament on the PGA Tour is the Phoenix Open, located in nearby Scottsdale.

Driver's License

As a new resident to Arizona, you are required to obtain an Arizona driver license and to register your vehicle(s) in this state.

If you've just moved to Arizona, or you've never been licensed to drive before, you'll need to get an AZ driver's license right away to begin driving legally in the state.

To complete your new driver's license application process:

Submit your completed license application and surrender your out-of-state license, if you're a new resident.

Present proof of ID, age, and legal presence in AZ:

You'll need a minimum of two documents from the full list of accepted documents (birth certificate, U.S. passport, I-94, Social Security card); **one document must include a clear photo of you.**

At least one document must be from the Primary column.

If you don't have a photo document, you'll need three documents from the list, all of which must be originals or certified copies.

Provide proof of name change, if applicable and provide your Social Security number.

Pass a vision exam and the written knowledge test (unless exempt).

If you hold a permit, you will not need to take the permit test.

New residents generally do not have to take this exam.

Pass the driving test (unless exempt).

New residents generally do not have to take the driving test.

Pay the applicable fee .

Once you complete these steps, you'll be given your permanent license right away, UNLESS your local office cannot issue them (this generally applies to very small towns and cities).

If you do not receive your permanent driver's license immediately, you'll get a temporary license to use while your permanent is being mailed to you.

Your license will expire upon turning 65 years old; however, you'll need to get an updated photo and vision exam every 12 years.

Applicants age 60 years old or older will get a license valid for 5 years.

Insurance

Requirements

Arizona requires that every motor vehicle operated on roadways be covered by one of the statutory forms of financial responsibility, more commonly called liability insurance, through a company that is authorized to do business in Arizona.

This requirement also includes golf carts, motorcycles and mopeds.

Minimum levels of financial responsibility are:

- \$15,000 bodily-injury liability for one person and \$30,000 for two or more people.
- \$10,000 property-damage liability.

**For more information call:
602-255-0072**

Or visit the following web page:

insurance](http://azdot.gov/mvd/faq/vehicle-services/mandatory-insurance)**

Vehicle Registration/Tags

Vehicle registration in Arizona MUST be completed in person at your local DMV office. You will need to submit your vehicle title, a completed application form, and proof of ID, as well as pay the required fee. You can obtain a temporary registration if you need extra time to gather your vehicle paperwork in order to register it. If you live in Phoenix or Tucson, you will also be required to pass an emissions test.

Pets

Thousands of pets find their way into our shelters every year. A majority of these animals have no form of identification and are never reunited with their families. Licensing your dog is not only the law, it helps ensure that your beloved pet will be returned home safely.

In Maricopa County, all dogs three months of age and older are required to have a license and rabies vaccination. If your licensed dog is picked up by one of our Animal Control Officers, we will make every attempt to bring your dog home to you immediately, and save you (and your dog) a trip to the shelter. Cats do not need to be licensed.

If your dog does arrive at MCACC and has a current license, his first 24 hours at the shelter will be at no charge. Licensed dogs receive longer care periods while our staff exhausts every option to contact you.

Additionally, if a licensed dog bites someone, he may be eligible for home quarantine instead of being quarantined in our facility or a veterinary hospital.

Bustling city or silent mountains? Warm desert or snowy peaks? In Arizona, you have so much to choose from. With five distinct regions, dozens of national and state parks (including the Grand Canyon) and hundreds of towns and cities, Arizona's landscape is as diverse as it is beautiful. Where will your next adventure be?

Most Popular Destinations

The Grand Canyon

The Grand Canyon is easily Arizona's **most distinguishable landmark and a natural wonder that you simply have to see to believe!** Stretching 277 miles from end to end, steep, rocky walls descend more than a mile to the canyon's floor.

Monument Valley

One of the grandest and most photographed landmarks in the United States, Monument Valley Navajo Tribal Park is a sprawling, sandy preserve that spans the border between Arizona and Utah, bathing the region in rich red hues.

Four Corners

Stand in four states at one time at Four Corners Monument! Unique amongst Arizona's many landmarks, Four Corners Monument is the only place in the United States where four states intersect at one point: **Arizona, New Mexico, Utah and Colorado.**

Petrified Forest

Experience one of the world's **largest and most vibrantly colored assemblies of petrified wood**, historic structures and archeological sites at Petrified Forest National Park, located east of Winslow, Arizona.

Painted Desert

Located in Northern Arizona, the Painted Desert features a broad region of rocky badlands encompassing more than 93,500 acres, this vast landscape **features rocks in every hue – from deep lavenders and rich grays to reds, oranges and even pinks!**

Lake Powell & Glen Canyon

One of the most popular lakes in Arizona, Lake Powell is a narrow, 186-mile-long body set amid the deep canyons, rocky outcrops and spectacular scenery of the Glen Canyon National Recreation Area.

Lake Mead

Explore more than 700 miles of shoreline at Lake Mead, the largest reservoir in the United States. This enormous lake can hold as much as nine trillion gallons of water, giving you ample opportunity for any type of aquatic fun.

Lake Havasu

More than just a spring break destination, Lake Havasu offers the perfect environment for water and desert enthusiasts alike, with activities like **outdoor adventures, golfing, shopping and dining** all at your fingertips.

Hoover Dam

One of the greatest dams of its day and an Arizona landmark, the Hoover Dam is situated in Black Canyon between Arizona and Nevada on U.S. 93. Filled with history and boasting a colossal view, the Hoover Dam makes for an awe-inspiring stop on your Arizona sightseeing trip.

Chiricahua National Monument

Located in Southern Arizona, near the town of Willcox, and around 90 miles from Tucson, travelers come from all over to experience this site of **unique rock formations and Arizona history.**

Canyon de Chelly

Canyon de Chelly reflects one of the longest continuously inhabited landscapes in North America. **Distinctive architecture, artifacts and rock imagery** are all remarkably preserved, providing a peek into the lives of the canyon's earliest inhabitants

Saguaro National Park

Saguaro National Park protects and preserves a giant saguaro cactus forest that stretches across the valley floor near Tucson. **The park's giant saguaros sometimes reach as much as 50 feet in height**, so it's no wonder they've been described as the kings of the Sonoran Desert!

Kartchner Caverns State Park

Boasting **the world's longest stalactite formation**, Kartchner Caverns State Park lets you see Arizona's tallest natural column formation below ground level, making this state park one of Arizona's most popular outdoor activities.

COLLEGES & UNIVERSITIES

Arizona has a variety of higher educational resources. Anything from continuing education, customized training, a four-year or graduate program, or technical school to learn valuable trades can be found. Not only does Arizona have plenty to choose from, it is also ranked second in research and development among 11 cities of similar size, and ranks 20th nationwide. With the convenience of off and on-campus education to online courses, most education centers make it easy to meet your educational goals.

For more information on programs and fees, call your local college.

MISC. INFORMATION

Arizona TAXES

Business Tax

Businesses are required to report and pay Phoenix privilege sales tax on their taxable business activity on a monthly, quarterly, or annual basis. Reporting frequency is **based upon taxable gross income**. You may request a change in filing frequency after you have established a minimum of six months of reporting history. All new accounts must file monthly for a minimum of six months prior to requesting a change in filing frequency

Automobile Registration Fees

The state also charges a vehicle license tax (VLT) at every registration and renewal. This tax is assessed for each \$100 of your vehicle's value. Note that the value of your vehicle is calculated as 60% of the original manufacturer's retail price, and that total will be lowered by 16.25% at every registration renewal.

For each \$100 of the vehicle's value, you will be assessed:

- New vehicles: \$2.80
- Used vehicles: \$2.89
- Alternative Fuel Vehicle: \$4

Government Services Tax

This tax is in lieu of personal property tax. The valuation of the vehicle is determined at 35% of the manufacturer's suggested retail price, without accessories. Vehicle value is depreciated to 85% after the first year and graduated down to five percent after nine years. Buses,

trucks and truck trailers depreciate down to 75% after the first year and down 13% after 10 years. The rate imposed by the state is four cents on each \$1 valuation. Counties may levy up to one cent on each dollar of valuation, but the total tax imposed cannot exceed five cents on each dollar of valuation.

Child Care

Businesses that provide on-site child care or vouchers for child care to employees are eligible for an abatement of up to 50 percent on the business tax. **Eligible employees cannot earn more than 150 percent of the federal poverty level.**

Real Property

(Land, buildings and improvements not normally removable) The taxable value for land is full cash value. The value for improvements is replacement costs less depreciation at 1.5 percent per year up to 50 years.

Sales and Use

The Arizona sales tax rate is currently 5.6%. In Arizona, each county, city and special district can add sales taxes on top of the state rate. Taxes in Arizona are origin-based, meaning **the sales tax rate is based, or determined from, the location where a sale originates.** The Arizona state use tax rate is not the same as the state, county, city and special district sales tax rates. If you reside in AZ, use tax is due to the state on any and all transactions where sales tax has not been paid, even out-of-state internet sales.

METRO LIGHT RAIL

Valley Metro

101 North 1st Ave., Suite 1300

Phoenix, AZ 85003

602-253-5000

www.valleymetro.org

The Phoenix Metro Light Rail was approved by voters in Phoenix in 2000. Transit 2000 aimed at improving the local bus service (considered unacceptably inadequate compared to other major US cities) and the formation of bus rapid transit and light rail, among other things, which was seen as a more affordable approach. It used the route placing and color designations from the 1989 plan.

Construction on a new light rail line began in March, 2005. Featuring 28 stations on the initial 20-mile starter segment. The line celebrated its grand opening December 27, 2008, with official ribbon-cutting ceremonies and community celebrations spread throughout Phoenix, Tempe, and Mesa.

The event was attended by thousands of local residents who waited as long as an hour or more to ride the vehicles. The stations have been designed to complement their immediate surroundings.

As of early 2014, income has exceeded Metro's stated goal with 44.6% fare box recovery, partially due to the light rail ridership far exceeding original projections. The light rail has also led to rapid urban development in downtown Phoenix and Tempe, generating additional revenue through taxes. Valley Metro had its busiest month in February 2014, with a weekday ridership of 48,924.

VALLEY METRO BUSES

Valley Metro

101 North 1st Ave., Suite 1300

Phoenix, AZ 85003

602-253-5000

www.valleymetro.org

Valley Metro operates bus routes around the Phoenix area through private companies in Phoenix, Mesa, Tempe, Glendale, and other parts of Maricopa County. These include fixed routes on city streets, suburban Express buses, RAPID buses, and circulators in downtown parts of Phoenix, Glendale, Tempe, and Scottsdale. The Valley Metro buses are known to sport a green "V" along with purple green graphics. A theme that makes them easy to spot to any new or current resident.

With three locations in the valley, Greyhound offers services to 2,400 locations nationwide. Tickets can be purchased just prior to departure; however, discounts may be offered for some advanced ticket purchases.

ROADWAYS

Phoenix's grid of federal, state and local roads receives an overwhelming average

daily traffic flow of some 263,604 automobiles. Roadwork and construction projects are continually under way in order to accommodate the phenomenal growth the city is experiencing in terms of population and business development.

The major arteries for the transportation of people and the distribution of cargo into and out Arizona include I-10, running east to Las Cruces, New Mexico and West to Southern California; U.S. 60, running north to Las Vegas and south to Globe; and I-17, running north to Flagstaff.

MILEAGE FROM PHOENIX TO OTHER MAJOR CITIES

The Phoenix area is within a day's drive of many other major cities and such well-known attractions as Death Valley, Disneyland, Hollywood and Las Vegas.

MISC. INFORMATION

AIR TRANSPORTATION

Phoenix owns and operates three airports. Phoenix Sky Harbor International Airport is the “economic engine” of the entire state of Arizona, contributing more than \$33 billion to Arizona’s economy each year and employing more than 33,000 people. There are hundreds of nonstop and connecting flights from points around the globe each day. Conveniently located airports provide easy access to the luxurious resorts, spas, golf courses, and sunshine for which Arizona is famous!

Phoenix Sky Harbor International Airport
3400 East Sky Harbor Boulevard
Phoenix, AZ 85034
602-273-3300

Phoenix Sky Harbor International Airport has been owned and operated by the City of Phoenix since 1935. Back in the 1930’s, the airport had one runway. No one could have imagined the tremendous growth that would come to the Phoenix area and as a result, to the airport.

Phoenix-Deer Valley Municipal Airport
702 West Deer Valley Road
Phoenix, AZ 85027
623-869-0975

Deer Valley Municipal Airport was built in 1960 as a private airfield with a single runway. In 1971, the City of Phoenix purchased the 482-acre site. In 1975, a new terminal was constructed and the FAA began directing air traffic. Later, the FAA replaced Deer Valley’s four hard-working radio operators with 26 air traffic controllers. The airport also became home to the Phoenix Police Department which utilizes a 12,000 sq. ft. hangar for their citywide helicopter operations. In 2007, the FAA completed construction of a state-of-the-art air traffic control tower on the north side of the airport and the airport is in the process of rehabilitating most of the pavement on the south and northwest areas, at a cost of over 17 million dollars. The City Council adopted a revised Master Plan in 2007, which called for a balanced approach to accommodate all customers of the airport, including potential development of corporate hangars on the southeast side of the airport.

Phoenix Goodyear Airport GYR
1658 South Litchfield Road
Goodyear, AZ 85338
623-932-4550

The City of Phoenix bought and began operating Phoenix Goodyear Airport in July, 1968. Prior to that, the airport was built and operated by the United States Navy. The airport is classified as a general aviation reliever airport for Sky Harbor. With one of the best general aviation runways in the country, Phoenix Goodyear Airport is poised to continue providing quality aeronautical services to our tenants. Phoenix Goodyear Airport is 2.2 miles south of Interstate 10 on Litchfield Road.

Scottsdale Municipal Airport
15000 North Airport Drive
Scottsdale, AZ 85260
623-932-4550

Scottsdale Airport was founded in June 22, 1942, as Thunderbird Field II, a basic training facility for World War II Army Air Corps pilots. The City of Scottsdale acquired the airfield portion of the academy’s property in 1966. The first fixed base operator was selected in April of 1967, and the first business jets landed at Scottsdale Airport in the following August. In 2004, there were over 450 aircraft based at Scottsdale Airport, from single-engine recreational planes to numerous corporate jets. Approximately 200,000 take offs and landings occurred, making Scottsdale the second busiest single runway airport in the country, and the busiest corporate jet facility in the state. Scottsdale Airport plays a key role in linking the Scottsdale economy to the Southeast and the nation.

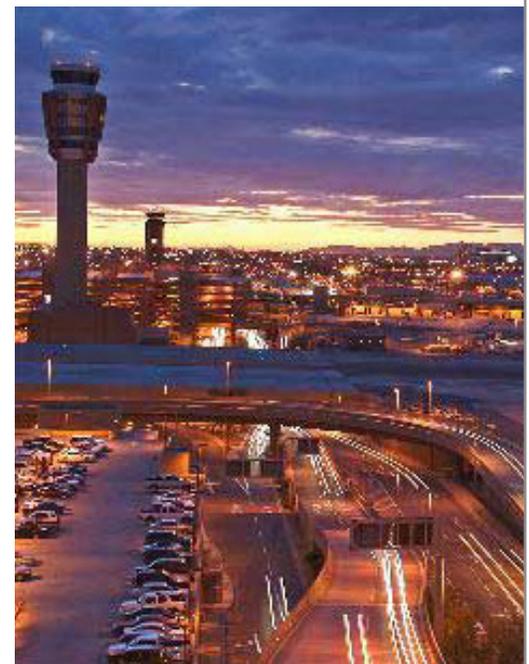

Glendale Municipal Airport
6801 North Glen Harbor Boulevard
Glendale, AZ 85307
623-930-2188

Pilots, business entrepreneurs as well as people who simply enjoy easy access to convenient travel arrangements, have discovered the Glendale Municipal Airport advantage: superior location and customer service with a smile.

Located just five miles west of downtown Glendale, five miles east of Luke Air Force Base, and 30 minutes northwest of downtown Phoenix, this 477-acre modern airport features a beautifully designed two-story, 18,000 square-foot terminal, a Federal Aviation Administration (FAA) controlled tower, and complete airport services for general aviation and corporate jet traffic.

Phoenix-Mesa Gateway Airport
6033 South Sossaman Road
Mesa, Arizona 85212
480-988-7600

The former “Williams Air Force Base” played a strategic role in America’s aviation history. Gearing up for the combat pilot demands of World War II, the Army Air Corps broke ground in Southeast Mesa, Arizona for its Advanced Flying School on July 16, 1941. In January of 1948, the facility was re-designated as Williams Air Force Base. In 1993 the Base was closed and reopened a year later as Williams Gateway Airport. Over a decade later the name was changed again to Phoenix-Mesa Gateway Airport. Today, Gateway hosts more than 40 companies, serves more than 35 cities with non-stop service via Allegiant, and contributes \$1.3 billion annually to the Arizona economy.

LUKE AIR FORCE BASE

Luke Air Force Base is an active-duty, F-16 Fighting Falcon training base with 170 F-16s assigned. The base population includes about 7,500 military members and 15,000 family members. An important part of Luke's F-16 fighter pilot training mission is the Barry M. Goldwater Air Force Range. The range consists of 1,900,000 acres of relatively undisturbed Sonoran Desert. This training range is located southwest of Luke Air Force Base between Yuma and Tucson, south of Interstate 8. With 57,000 cubic miles of airspace where pilots practice air-to-air maneuvers and engage simulated battlefield targets on the ground, it is one important training ground for F-16 pilots. The immense complex allows for simultaneous training activities on nine air-to-ground and two air-to-air ranges. In addition to flying and maintaining the F-16, Luke airmen also deploy to support on-going operations in Iraq, Afghanistan and to combatant commanders in other locations around the world. In 2004, more than 900 Luke airmen were deployed, most to supporting Operation Iraqi Freedom. Since June 2012, Luke AFB has been the permanent home of Naval Operational Support Center (NOSC) Phoenix of the US Navy. A NOSC is a facility used to provide operational support for training and administrative services to Navy Reserve Units. NOSC Phoenix supports over 750 Navy Reservists in 16 Navy Reserve units. The new 32,055 square-foot, one-story facility is located on a 1.85 acre site at Luke AFB. The new complex features sufficient parking and a secured perimeter to meet current anti-terrorism and force protection standards. On site administrative staff, a medical unit, and reservists are on call during drill weekends. It also has a 4,800 square-foot drill hall, command staff offices, reserve unit administration spaces, medical and dental examination areas, six classrooms, a distance learning center, a physical fitness room.

NATIONAL MEMORIAL CEMETERY OF AZ

A state law was passed in 1976 and signed by Governor Raul Castro authorizing the development of a state veterans cemetery. The cemetery was dedicated December 9, 1978 and the first burial occurred on March 19, 1979. The cemetery was officially transferred to the VA on April 1, 1989. The cemetery consists of 225 acres and will not reach capacity until well after the year 2030. The Department of Veterans Affairs spent over \$13 million for improvements in 1999. The project included three new committal shelters, a maintenance building, visitor center, founders plaza, assembly area and extensive landscaping.

DIRECTIONS FROM NEAREST AIRPORT

From Airport: Take Interstate 10 West to State Route 51 North. Follow State Route 51 to Loop 101 West. Following Loop 101 West to Cave Creek Road. Turn North on Cave Creek Road to Pinnacle Peak Road, turn East on Pinnacle Peak Road and go ¼ mile. Cemetery will be on the right.

When we think of volunteer opportunities, non-profit groups usually come to mind.

There are, however, numerous other community-based organizations that need help also:

- Day Care Centers, Neighborhood Watch, Public Schools and Colleges
- Halfway Houses, Community Theaters, Drug Rehabilitation Centers, Fraternal Organizations and Civic Clubs
- Retirement Centers and Homes for the Elderly, Meals on Wheels, Church or Community-Sponsored Soup Kitchens or Food Pantries
- Museums, Art Galleries and Monuments
- Community Choirs, Bands and Orchestras
- Prisons, Neighborhood Parks, Youth Organizations, Sports Teams, and After-school Programs, Shelters for Battered Women and Children
- Historical Restorations, Battle-fields and National Parks
- Hotline Counselor
- Youth Mentoring
- Visitor for the Homebound
- Hospice Team Member
- Meals on Wheels Driver
- Literacy Tutor
- Volunteer Recruiter
- Community Outreach Coordinator
- Fundraiser
- Writer/Editor
- Publicist
