

Undergraduate Catalog

Catalog Announcements

Volume 83, No. 1

**Catalog Issue 2024-2025
Announcements 2025-2026**

Announcements contained in this publication are subject to change without notice and may not be regarded in the nature of binding obligations to the University. The University reserves the right to change any provisions or requirements. Only the Provost or designee can approve changes to the Catalog except where otherwise stated within.

When students matriculate with Old Dominion University, they come under the academic requirements of the edition of the Catalog at that time. Students may graduate under these academic requirements within a period of six years even though subsequent Catalogs may change. Academic requirements include competency requirements, general education requirements, grade point average requirements, major and minor course requirements, foreign language requirements, overall unit requirements and related curriculum matters. Grading practices, tuition, fees and other matters are not considered to be “academic requirements” and are subject to change at the discretion of the University.

Should new changes be to their advantage, undergraduate students may graduate under the conditions of the newer catalog. However, because academic programs are subject to requirements imposed by outside accrediting or certifying agencies, the Commonwealth of Virginia, and the United States of America, such outside requirements take precedence.

It is the policy of Old Dominion University to provide equal employment, educational and social opportunities for all persons, without regard to race (or traits historically associated with race including hair texture, hair type, and protective styles such as braids, locks, and twists), color, national origin, age, marital status, sex (including pregnancy, childbirth, or related medical conditions), political affiliation, marital status, sexual orientation, gender identity, genetic information, disability, religion, or veteran status. Old Dominion University complies with the Family Rights and Privacy Act of 1974 (as amended).

The University is an Affirmative Action Equal Opportunity employer.

Student Responsibility for Catalog Information

Students are held individually responsible for the information contained in the Undergraduate and Graduate Catalogs. Failure to read and comply with University regulations will not exempt students from whatever penalties they may incur.

Table of Contents

Old Dominion University	9	Communication with a Major in Cinema & TV Production (BA)	125

Old Dominion University

The Mission of the University

Mission

Old Dominion University (ODU) is a preeminent public research university located in Coastal Virginia. Our world-class faculty fosters dynamic on-campus and global online learning for undergraduate and graduate students that enriches their lives, promotes insightful and perceptive leadership, and motivates the pursuit of excellence in dedicated fields and professions. We collaborate with strategic partners to address challenges and propose solutions that impact the economy, environment, health and wellness, and social justice. In pursuit of equity and inclusion, ODU provides opportunities for educational, artistic, and professional growth to our diverse Monarch community.

Background

Old Dominion University is located in Hampton Roads, one of the world's major seaports. Since the early seventeenth century, Hampton Roads has been the state's gateway to the rest of the world and the world's gateway to Virginia in commerce and industry, in recreation and culture, and in national security. Now a complex of seven major cities, it is a microcosm of the opportunities and challenges of contemporary urban America. It is also a major center for research and development and a home for extensive scientific and technological activities in marine science, aerospace, ship design and construction, advanced electronics, and nuclear physics.

The University takes its unique character from Hampton Roads as it provides leadership to the state and nation in teaching, research, and service. Thus the University has a special mission for the Commonwealth in commerce, and in international affairs and cultures. It has a significant commitment in science, engineering and technology, particularly in fields of major importance to the region. As a metropolitan institution, the University places particular emphasis upon urban issues, including education and health care, and upon fine and performing arts.

As one of America's major ports, Hampton Roads is the locus of national and international military commands, and the home of a culturally diverse population. The University therefore has natural strengths in activities having international outreach. Faculty members in such fields as business, economics, international studies, geography and the sciences strive to design curricula, teach courses, and encourage foreign exchanges that enhance the University's role as Virginia's international institution.

The Hampton Roads scientific environment provides special opportunities for science and engineering faculty to emphasize research and graduate programs in such fields as marine science, aerospace, and advanced electronics. Global ocean studies and cooperative research at NASA receive particular attention, as University researchers collaborate with U.S. and foreign engineers and scientists.

Urban issues are addressed by programs in public administration, education, the social sciences, and the health professions. The richness of Hampton Roads' artistic life gives great vitality to the University's programs in the visual arts, music, theater, and dance.

Mission Support

Old Dominion University serves the needs of several internal and external constituents with its resources. These include: current and prospective students seeking undergraduate, graduate, and continuing education programs; business and industry; government agencies at all levels; the military; research organizations; and the community at large regionally statewide, nationally, and internationally. These constituencies are discussed in greater detail in the following paragraphs.

Old Dominion University offers a wide array of undergraduate programs, all of which meet national standards of excellence. Every Old Dominion undergraduate student follows a general education program that is designed to develop the intellectual skills of critical thinking and problem solving and to encompass the breadth of understanding needed for personal growth and achievement and for responsible citizenship. This general education

program places special emphasis upon appreciation of the arts and upon understanding the perspectives of women, minorities, and non-Western cultures. Each undergraduate chooses a major program in the liberal arts or sciences or in a technological or professional field.

Old Dominion University's graduate offerings are focused on society's need for advanced professional education and on specialized programs at the master's and doctoral levels for which the institution is prepared through unusual strength of faculty or special geographic advantages. All graduate programs meet national standards of excellence.

As a national leader in the field of technology-delivered distance learning, the University strives to enhance the quality of the educational experience, wherever education is delivered, by applying emerging technologies. It also supports research to explore the impact of these technologies on the teaching-learning process. By utilizing these technologies and by partnering with institutions of higher education, corporations, and governmental entities, the University is able to provide undergraduate and graduate degree programs to students across time and geographic boundaries.

Because of its commitment to Hampton Roads and its emphasis on creative innovation, Old Dominion University offers life-long learning opportunities through credit and noncredit courses and brings educational services and programs to the people of Hampton Roads at several off-campus centers. The University has a responsibility to serve the many members of the military services and their families. The military forms a unique combination of national and international constituents because they are from other locales in the United States and are looking to become, among other things, internationally capable in an international environment.

As a center of learning, Old Dominion University is committed to the principle of free inquiry. The University faculty of distinguished teacher-scholars seek to pass on the best in academic tradition while establishing themselves at the forefront of discovery and creativity. As partners in the development of the University's future, the faculty enjoy full academic freedom and have a recognized role in the decision-making process of the University. Mindful of present and future needs for a multicultural academic climate, the University deems recruitment and retention of minority and women faculty members and staff to be essential.

The University is committed to providing the highest quality instruction to all of its students. Teaching excellence is encouraged through faculty development programs and appropriate recognition of superior instruction.

The discovery of new knowledge through research and creative endeavor is a central function of Old Dominion University, which values and supports faculty participation in the discovery, synthesis, application and creation of new knowledge and art forms. The institution shall promote and preserve excellence in basic and applied research as a Carnegie Foundation Doctoral Research-Extensive University which is a key production and coordination force in technology development.

The University encourages the involvement of its faculty and staff in community service. The enrichment of the lives of students and residents of Hampton Roads is fostered through University sponsored cultural activities, fine and performing arts events, and intercollegiate athletics. In addition, through applied research, consulting, and other activities, the University plays a prominent role in the development of local business and industry and serves as a resource of government agencies and both public and private educational institutions.

The University seeks in its student body a diversity of age, gender, ethnic, religious, social, and national backgrounds. It actively recruits American minority students along with students from other countries worldwide in such numbers as to have their presence make a discernible impact upon the University's educational processes. Old Dominion recognizes its mandate to serve both the academically gifted and those who have the potential for academic success despite educational, social, or economic disadvantages.

Extracurricular activities and experiences are offered that challenge students to develop a personal system of values, to think and act autonomously, to achieve physical competence, and to establish a sense of their own identity. Other services help students meet educational, personal, and health needs.

Old Dominion University depends on its alumni for advice, leadership, and support. In close collaboration with the University, the Alumni Association provides to former students opportunities to continue their participation in various aspects of university life, to advance their personal and professional development, and to sustain communication and strengthen bonds with their alma mater and fellow alumni.

To evaluate its accomplishments against its goals, a continuing process of systematic assessment is given high priority by the University. Information gained from such efforts is utilized to ensure the highest possible quality for all University programs. The Board of Visitors will conduct a periodic review of the University's mission and major goals in conjunction with representatives of the major University constituencies. The review will ensure that the mission clearly identifies the University's unique role in Virginia's public higher education system and assures that the University is focusing its resources to be the best that it can be in that role to achieve its mission and accomplish the major goals.

Adopted by the Board of Visitors
June 10, 1971
Revised January 17, 1989
Revised April 15, 1999
Revised June 14, 2002
Revised April 8, 2010

Major Goals of the University

1. Students

Old Dominion University is a selective admission institution. The University strives to serve those students in the immediate geographical area as well as attract students from the national and international communities. Additionally, the University seeks to attract and serve a culturally and ethnically diverse student body. The University pays particular attention to identifying and admitting students who are academically gifted. As a major metropolitan university, Old Dominion University has a special commitment to serve those students who have been academically, socially, or economically disadvantaged, but who have the potential for academic success.

2. Faculty

Old Dominion University seeks to attract and retain a distinguished faculty of teacher-scholars. Its faculty enjoy academic freedom and have a recognized role in the decision-making process of the University. The University is committed to strengthening its faculty through the recruitment and retention of minorities and women.

3. Academic Programs

Undergraduate Programs

As a comprehensive university, Old Dominion University offers and develops quality liberal arts, science, technology and professional programs. Old Dominion University undergraduate students follow a general education program that emphasizes intellectual skills and the breadth of intercultural understanding necessary for personal growth and achievement and responsible citizenship. All Old Dominion University degree programs meet national standards of excellence.

Graduate Programs

Old Dominion University's graduate offerings are focused on society's need for advanced professional education and on specialized programs at the master's and doctoral levels for which the institution is prepared through unusual strength of faculty or special geographic advantages. In selected graduate programs, the University aspires to international leadership.

Special Emphasis Areas

Because Hampton Roads is a major international maritime and commerce center that is Virginia's window to the nation and world, the University has a special mission for the Commonwealth in commerce, and in international affairs and cultures. With the principal marine and aerospace activities of the Commonwealth concentrated in Hampton Roads, the University has a

significant commitment to science, engineering and technology, specifically in marine science, aerospace and other fields of major importance to the region. Due to its location in a large metropolitan area, Old Dominion University places particular emphasis on urban issues, including education and health care, and on fine and performing arts.

4. Teaching

Old Dominion University is committed to providing the highest quality instruction to all of its students. Teaching excellence is encouraged through faculty development programs and appropriate recognition of superior instruction.

5. Research, Scholarship, and Creativity

Old Dominion University is a center of learning committed to the principle of free inquiry. The University seeks to participate in the acquisition, discovery, synthesis, application, and creation of new knowledge and art forms through research, scholarly endeavor and creative undertakings by faculty and students. In selected areas of research, scholarship and creativity, the University strives for international recognition.

6. Digital Learning

As a national leader in the field of technology-delivered distance learning, Old Dominion University is committed to providing academic programs to a diverse national and international population. The University seeks partnerships and alliances that will facilitate delivering those programs to place-bound students.

7. Life-long Learning

Old Dominion University is committed to the concept of life-long learning, and offers credit and noncredit courses throughout the region. The University seeks to develop off-campus centers to bring educational services and programs to the citizens of the region. Because of the major Armed Forces presence in Hampton Roads, the University is particularly cognizant of its responsibility to serve members of the military services and their families.

8. Community Service

Community service is an important part of the University's mission. Particular importance is attached to the enrichment of the lives of students and residents of Hampton Roads through University cultural activities, fine and performing arts events, and recreational, intramural and intercollegiate athletics. The University acts as a resource to business, industrial, health care and educational organizations, as well as to the agencies of local, state and federal government. The University is committed through applied research, consulting and other activities to playing a major role in advancing the overall development of Hampton Roads.

9. Student Life

The University provides opportunities for student development outside of the classroom. Programs are offered to enhance personal and social growth of individual students, to provide an exciting and stimulating collegiate environment and to enable students to cope with educational, career, and health needs. Students choosing to live in on-campus housing benefit from programs especially designed to promote student educational and personal development.

10. Alumni

Alumni are an important part of the University community. Through outreach programs, participation on advisory committees, and a variety of professional and social activities, the University maintains a close relationship with its alumni and seeks alumni involvement and support for planning and development purposes.

11. Quality

Improvement of the University is a continual process. The foregoing goals provide criteria for the rigorous and regular evaluation of the quality, pertinence and effectiveness of academic and other University programs.

These goals also provide criteria for the assessment of student achievement and the performance of members of the faculty, administration, and staff.

Adopted by the Board of Visitors

General Statement of Policy

Within the limits of the University's facilities as to numbers that can be accommodated, admission to Old Dominion University is open to all qualified students regardless of race (or traits historically associated with race including hair texture, hair type, and protective styles such as braids, locks, and twists), color, national origin, age, marital status, sex (including pregnancy, childbirth, or related medical conditions), political affiliation, marital status, sexual orientation, gender identity, genetic information, disability, religion, or veteran status; the facilities and services of the University are open to all enrolled students on those same bases, and all policies and standards of the University, including those governing employment, are applied accordingly. Students having concerns of this nature should contact the Office of Institutional Equity and Culture.

Old Dominion University Notice of Non-Discrimination

Old Dominion University does not discriminate in admissions, treatment, employment or access to its programs or activities on the basis of race (or traits historically associated with race including hair texture, hair type, and protective styles such as braids, locks, and twists), color, religion, national or ethnic origin, age, sex (including pregnancy, childbirth, or related medical conditions), political affiliation, marital status, veteran status, family medical and genetic information, sexual orientation, gender identity, gender expression, or disability, as required by The Civil Rights Act of 1964; The Americans with Disabilities Act of 1990, as amended; The Age Discrimination Act of 1975; Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973; the Virginia Human Rights Act; the Governor's Executive Order Number One (20184); and other state or federal laws and University policies <https://www.odu.edu/about/policiesandprocedures/university/1000/1005> (<https://www.odu.edu/about/policiesandprocedures/university/1000/1005/>) and <https://www.odu.edu/about/policiesandprocedures/university/1000/1008> (<https://www.odu.edu/about/policiesandprocedures/university/1000/1008/>). ODU prohibits sexual and sex-/gender-based misconduct, discrimination, harassment and interpersonal violence, including sexual assault. ODU also prohibits discrimination against employees or applicants because they have inquired about, discussed or disclosed their own pay or the pay of another employee or applicant.

As an affirmative action and equal opportunity employer, ODU promotes the full realization of employment opportunity for all persons, including minorities, women, individuals with disabilities and veterans. ODU bases all employment decisions only on job requirements. These efforts apply to all employment actions, including but not limited to recruitment, selection, hiring, promotion and compensation.

Any member of the ODU community has the right to raise concerns or file a complaint regarding discrimination without fear of retaliation. Any and all inquiries regarding the application of this statement and related policies may be referred to: Kimberly Cain, Director of Equity and EO/AA, Institutional Equity and Culture, Innovation Research Park I, 4111 Monarch Way, Suite 106, Old Dominion University, Norfolk, VA 23529, (757) 683-3141, kcain@odu.edu.

Title IX Nondiscrimination Statement

As part of its commitment to providing an educational environment free from discrimination, Old Dominion University complies with Title IX of the Education Amendments, which prohibits discrimination and harassment based upon sex in an institution's education programs and activities. Title IX prohibits sexual harassment, including sexual violence, of students at Old Dominion University-sponsored activities and programs whether occurring on-campus or off-campus. Title IX also protects employees from sexual harassment and discrimination. Prohibited harassment includes acts of verbal, nonverbal or physical aggression, intimidation or hostility based on sex, even if those acts do not involve conduct of a sexual nature; sex-based harassment by those of the same sex; and discriminatory sex stereotyping. Old Dominion University will take prompt action to investigate and resolve reports of sexual harassment or sexual violence in accordance with Title IX. Old Dominion University's Title IX Coordinator is Kate Couch, Innovation Research Park I, 4111 Monarch Way, Suite 106, Norfolk, VA 23529, akgriffi@odu.edu. Retaliation against any person who initiates an inquiry

or complaint or participates in the investigation of a complaint is prohibited. Such conduct will be further cause for disciplinary action.

Accreditations

Old Dominion University is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award baccalaureate, masters, education specialist, and doctoral degrees. Old Dominion University also may offer credentials such as certificates and diplomas at approved degree levels. Questions about the accreditation of Old Dominion University may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC's website (<https://www.sacscoc.org> (<https://www.sacscoc.org/>)).

Numerous programs of study at the University are accredited by specialized accrediting agencies that are recognized by the Council on Higher Education Accreditation (CHEA), the U.S. Department of Education, and other agencies.

College of Arts and Letters

The F. Ludwig Diehn School of Music is a full member of the National Association of Schools of Music (NASM):

11250 Roger Bacon Drive, Suite 21
Reston, VA 20190-5248

Strome College of Business

- The undergraduate and graduate business programs of the Strome College of Business are accredited by The Association to Advance Collegiate Schools of Business (AACSB)-International.
- The undergraduate and master's degrees in accounting are also accredited by the AACSB-International.
- The master's degree in public administration is accredited by the National Association of Schools of Public Affairs and Administration (NASPAA).

Darden College of Education and Professional Studies

- The undergraduate human services program is accredited by the Council for Standards in Human Service Education.
- The mental health, school, and college counseling master's and counselor education doctoral degree programs are accredited by the Council on Accreditation of Counseling and Related Educational Programs (CACREP).
- The Children's Learning and Research Center is accredited by the Southern Association of Colleges and Schools Commission on Colleges and Council on Accreditation and School Improvement (SACS/CASI).
- The graduate program in library and information studies has been awarded candidacy by the American Library Association Committee on Accreditation (ALA).

Education Programs

- The education programs in the Colleges of Arts and Letters, Education and Professional Studies, and Sciences are accredited by the Council for the Accreditation of Teacher Education (CAEP). These include: art education, biochemistry (licensure in chemistry), biology, chemistry, computer science, early childhood education, earth science, educational leadership, elementary education, English, world languages, library science, marketing education, mathematics, math specialist, vocal and instrumental music, middle school science education, health and physical education, physics, reading specialist, school counseling, social studies, special education, Teaching English as a Second Language, technology education, and theatre and dance.
- The graduate program in music education is accredited by the National Association of Schools of Music (NASM).

Batten College of Engineering and Technology

- The baccalaureate degrees in civil engineering, computer engineering, electrical engineering, and mechanical engineering are accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/>.
- The engineering technology programs in civil engineering technology, electrical engineering technology, and mechanical engineering technology are accredited by the Engineering Technology Accreditation Commission of ABET, <http://www.abet.org/>. (<http://www.abet.org/>)

School of Health Professions

- The Master of Health Sciences, Pathologists' Assistant program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS), 5600 N River Road, Suite 720, Rosemont, IL 60018, 773-714-8880.
- The Master of Physician Assistant program is accredited by the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA).
- The Master of Science in Counseling and Art Therapy is accredited by the Accreditation Council for Art Therapy Education (ACATE).
- The Master of Surgical Assisting program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP).

College of Health Sciences

- The program in dental hygiene is accredited by the American Dental Association Commission on Dental Accreditation (ADA).
- The medical laboratory science program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS), 5600 N River Road, Suite 720, Rosemont, IL 60018, 773-714-8880.
- The physical therapy program is accredited by the American Physical Therapy Association, Commission on Accreditation in Physical Therapy Education (CAPTE).
- The graduate program in athletic training is accredited by the Commission on Accreditation of Athletic Training Education (CAATE).
- The nuclear medicine technology program is accredited by the Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT).
- The cytology program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP).
- The undergraduate program in exercise science is accredited by the Commission on Accreditation of Allied-Health Education Programs (CAAHEP).
- The Doctor of Occupational Therapy program is a candidate for accreditation by the Accreditation Council for Occupational Therapy Education (ACOTE).
- The graduate program in speech-language pathology is accredited by the Council on Academic Accreditation in Speech-Language Pathology of the American Speech-Language-Hearing Association (CAA/ASHA).

Joint School of Public Health

- The environmental health program is accredited by the National Environmental Health Science and Protection Accreditation Council (EHAC).
- The health services administration major in the Bachelor of Science in Public Health program is certified by the Association of University Programs in Health Administration (AUPHA).
- The Master of Public Health program is accredited by the Council on Education for Public Health (CEPH).

College of Sciences

- The doctoral program in clinical psychology is accredited by the American Psychological Association (APA).
- The doctoral program in psychology (human factors) is accredited by the Human Factors and Ergonomics Society.

School of Nursing

- The baccalaureate nursing program is accredited by the Commission on Collegiate Nursing Education (CCNE) and approved by the Virginia Board of Nursing (VBN).
- Graduate nursing programs (MSN and DNP) are accredited by the Commission on Collegiate Nursing Education (CCNE).
- Specialty tracks in graduate nursing programs are approved by the Pediatric Nursing Certification Board, the National Nurses Certification Corporation, American Nurses Certification Corporation, and the American College of Nurse Practitioners.
- The certified registered nurse anesthetist specialty track is accredited by the Council on Accreditation of Nurse Anesthesia Educational Programs (CoA-NA).

Admission to Old Dominion University

Web Site: <http://www.odu.edu/admission> (<http://www.odu.edu/admission/>)

Office of Admissions

The mission of the Office of Undergraduate Admissions is to recruit, admit and enroll students from throughout the United States and abroad who will benefit from, and contribute to, the overall collegiate experience. Old Dominion University is open to all qualified students regardless of race (or traits historically associated with race including hair texture, hair type, and protective styles such as braids, locks, and twists), color, national origin, age, marital status, sex (including pregnancy, childbirth, or related medical conditions), political affiliation, marital status, sexual orientation, gender identity, genetic information, disability, religion, or veteran status. All students submitting an application for admission must certify the content is true and correct. Applicants also agree to abide by and support the rules, regulations, and Honor Code of Old Dominion University. Please refer to the Office of Undergraduate Admissions website for application requirements and deadlines.

Programs available online and on-campus are subject to change. Please consult the application for admission for the specific semester for the most up-to-date information.

Undergraduate Admission

Freshmen Admission

Traditional freshman applicants are typically under the age of 21 and currently enrolled in high school or have graduated from high school within the past two years and have not attended any regionally accredited college or university (not to include dual enrollment).

Admission to the University does not imply admission to a specific degree program. The following programs require a secondary admission process once the student has been admitted to the University. Please contact the department directly for secondary admission information.

- Cytology
- Dental Hygiene
- Medical Laboratory Science
- Nuclear Medicine Technology
- Nursing

Academic Preparation

The University encourages students to participate in a college preparatory program of study. Preference is given to students enrolled in Advanced Placement (AP) or International Baccalaureate (IB), honors and college-level dual enrollment courses.

The most qualified applicants' high school curriculum includes course work in the following areas:

- English - 4 units
- Social Sciences - 3 units (World History, United States History and United States Government)
- Mathematics - 3 units (Algebra, Geometry, Algebra II)
- Sciences - 3 units of laboratory sciences
- Foreign Language - 3 years of one foreign language or two years of two foreign languages

Note: Batten College of Engineering and Technology intended applicants who have taken advanced courses, particularly in math, chemistry and physics, are best prepared for the academic rigor of the Batten College of Engineering and Technology and are more competitive in the admissions process. Students are encouraged to complete four units of mathematics that include one unit of higher-level math courses such as trigonometry, analysis, or calculus. Science units should include one unit of chemistry, one unit of

physics, and one unit in another area of science, such as general science, physical science, environmental science, and anatomy and physiology.

Academic Criteria

The weighted cumulative high school grade point average (HS GPA) and performance on the Scholastic Assessment Test I (SAT) or the American College Testing (ACT) Program are primary considerations during the application review. Applicants should consult <http://sat.collegeboard.org/home> (<http://sat.collegeboard.org/home/>) or <http://www.act.org/> for test registration procedures and to request scores be sent to Old Dominion University. Freshman applicants may choose whether to submit standardized test scores. Applicants choosing to exclude test scores should provide evidence of a challenging academic curriculum indicative of future college success via their submitted high school transcript and possess demonstrated leadership in extracurricular, work, or service experiences. Applying test-optional does not guarantee admission.

Admission of Homeschool Graduates

Students who received secondary instruction at home are encouraged to apply using the regular admissions application by visiting <http://www.odu.edu/apply> (<http://www.odu.edu/apply/>). In addition to the application and \$50 non-refundable fee, students should also submit a transcript outlining their curricula and grades awarded by the parent instructor, who should also sign the document attesting to its authenticity. Students who are not eligible for or who do not wish to be reviewed as a test-optional candidate for admission should also submit results from the SAT or ACT.

Additional Credentials

Applicants are encouraged (not required) to submit a resume, essay, and/or letters of recommendation as part of their application materials. These additional credentials, combined with the academic qualifications, provide the Office of Undergraduate Admissions with a comprehensive profile of an applicant's potential for academic success and ability to contribute to the academic community. Students with unique talents and abilities in art, music, leadership, and other endeavors should provide such information.

Deposits for Admission

All new undergraduate applicants who wish to accept their offer of admission to the University are required to submit a non-refundable \$200 admissions deposit.

Deferring Admission

Under certain circumstances new undergraduate applicants may request to defer their admission up to one year. All deferment requests must be submitted in writing to the Office of Admissions.

Gifted High School Students

High school students with demonstrated exceptional academic abilities may take classes before completing the full program of high school studies. Students must submit a non-degree online application accompanied by a high school transcript, letters of recommendation supporting the student's request for early enrollment into college-level courses from the high school principal and designated parent/guardian. If available, SAT or ACT test scores should be included. NOTE: Admission to the University does not imply admission to a specific course or program. Departmental approval may be required.

Freshmen Early Action Admission

Freshman applicants who submit the application for admission, fee, and all credentials by the early action deadline receive priority consideration and decision notification. Early action decisions are non-binding. Please refer to the Office of Admissions website for more information and deadlines.

Freshmen Regular Admission

Freshman applicants who submit the application for admission, fee, and all credentials by the regular admission application deadline are reviewed and notified on a rolling basis.

Non-Traditional Freshmen

Non-traditional freshman applicants are typically over the age of 21 and have graduated from high school or received a General Education Development (GED) Certificate two or more years ago. Additionally, they have not enrolled in any regionally accredited college or university (excluding dual enrollment) since the completion of high school. Non-traditional freshman applicants must submit the application, the application fee, and an official high school transcript or GED transcript presenting a minimum composite score of 500. If the applicant has graduated from high school or received the GED certificate within the past two years, official SAT or ACT standardized test scores may be requested. The submission of a resume and statement of goals is strongly encouraged.

Freshmen Guaranteed Entry and Undergraduate to Graduate Degree Linked Programs

High-ability freshmen may be guaranteed entry into professional and graduate school in a number of areas. The dental hygiene program offers a guaranteed freshman entry option, and the BS/MD program in the College of Sciences (guaranteed admission to medical school) allows students to begin professional school after three years.

Information on undergraduate to graduate linked degree programs may be obtained on the University's website, program sections in this Catalog, or by contacting the individual programs or departments. A listing can be found at the linked programs (p. 71) page in this Catalog.

Advanced Placement, International Baccalaureate and A/AS Level Credit

Old Dominion University recognizes the rigor and challenge of the Advanced Placement (AP), International Baccalaureate (IB) and Cambridge Advanced (A/AS Level) programs. Credit may also be awarded for A/AS Level Examinations from examining boards other than the Cambridge Advanced Program. Advanced standing credit is awarded to students who earn qualifying scores on AP, IB and Cambridge Advanced (A/AS Level) subject examinations. See the AP and IB equivalency charts on the ODU website: <https://www.odu.edu/academics/academic-records/score-analysis/ap-ib> (<https://www.odu.edu/academics/academic-records/score-analysis/ap-ib/>). For further information on credit awarded for A/AS Level Examinations, contact the Office of Undergraduate Admissions.

Most credits awarded for AP, IB, and Cambridge Advanced (A/AS Level) examinations satisfy individual course requirements in ODU's General Education curriculum. Course credit will not be awarded until final and official examination scores are received. Students must request that their official exam results be sent to the Old Dominion University Office of Undergraduate Admissions.

-Approved by the Board of Visitors

Transfer Admission

Transfer applicants are students who have attended an institution of higher education accredited by accrediting agencies recognized by the U.S. Department of Education for Title IV purposes (https://www2.ed.gov/admins/finaid/accred/accreditation_pg9.html) or international equivalent after graduating from high school or receiving a GED. Transfer applicants must submit official transcripts from all previously attended institutions (including post-secondary institutions outside of the U.S.) regardless of whether or not the transfer credit will apply toward an Old Dominion University degree. All students submitting an application for admission certify the content is true and correct. Deliberate falsification of application information will result in immediate withdrawal and a potential forfeiture of credits. By submitting an application, applicants agree to abide by and support the rules, regulations and Honor Code of Old Dominion University.

Transfer Guaranteed Admission (GAA)

Old Dominion University guarantees admission to applicants completing a transfer-oriented degree program or an articulated applied associate degree program at a Virginia community college (VCCS) with a cumulative grade point average (GPA) of 2.5 or higher on a four-point scale. Submission

of the Letter of Intent to Transfer is required for eligibility under this guaranteed articulation agreement (GAA) program. Graduates of an articulated applied associate degree program must have met all degree/course requirements outlined in the specific curriculum articulation agreement.

Some degree programs at Old Dominion University require a secondary admission process; thus, guaranteed admission into Old Dominion University does not imply admission to these specific degree programs. Applicants admitted to Old Dominion University via the Letter of Intent should contact the relevant department for information regarding secondary admission requirements, deadlines, and criteria.

Transfer Academic Criteria

The Office of Undergraduate Admissions will consider the cumulative grade point average and the grade point average (based on a four-point scale) of the most recent 24 credit hours. Performance on the Scholastic Assessment Test I (SAT) or American College Testing (ACT) Program may be required if the applicant has completed fewer than 24 semester hours of academic work at a regionally accredited college or university.

Transfer Admission

Transfer applicants must submit the application, fee, all official transcripts from any previously attended institution, as well as all other required credentials by the appropriate deadline. Applicants who have completed the application process will receive notification on a rolling basis.

Evaluation of transfer credit. Subsequent to notification of admission, a formal evaluation of credit is completed by the Office of Undergraduate Admissions, and students will be notified via email when the evaluation is available for review at <https://www.leonline.odu.edu>. Transfer credits may be awarded for specified equivalent courses, electives within a discipline or free electives. Please note, admitted transfer applicants who do not attend the University within one year of their admitted term must re-apply.

Transfer of Credit

Old Dominion University considers transfer credit from institutions of higher education accredited by accrediting agencies recognized by the U.S. Department of Education for Title IV purposes (https://www2.ed.gov/admins/finaid/accred/accreditation_pg9.html) or international equivalent. A grade of C (2.00) or above must be earned in the course. Credits will be applied as equivalent college courses offered at Old Dominion University after evaluation from the appropriate faculty member in the corresponding academic department or the Office of Undergraduate Admissions. Courses are evaluated by reviewing the course content (syllabus, assignments, catalog description) regardless of the mode of instruction. Students are required to submit academic transcripts from all institutions attended. In general, all liberal arts credits and professional and technical courses parallel to those of Old Dominion University are transferable. Graduate credit will not be accepted for undergraduate degree requirements.

Transfer Policies for General Education Requirements

1. Students wishing to transfer academic credits into Old Dominion University to satisfy the General Education Requirements must apply individual transfer courses to the academic skills, Ways of Knowing, and upper-division categories as listed in this catalog. Students must submit transcripts to the Office of Undergraduate Admissions for evaluation. Decisions regarding the equivalency of transfer courses to satisfy General Education Requirements will rest with the chair of the academic department responsible for the subject matter involved. Students should be aware that even though University General Education Requirements might be met through transfer courses, departmental and college requirements must still be met.
2. With regard to the fulfillment of General Education Requirements, students will be able to apply transfer credit on a course-by-course basis rather than hour-by-hour as long as the course is determined to be commensurate with content categories of the curriculum used to fulfill General Education Requirements at Old Dominion University. Questions regarding such equivalency will be directed to the chair of

the academic department responsible for the subject. Any such course transfer will carry the number of academic credits assigned by the institution where the credits were earned. In the case of quarter system credits, the standard conversion of quarter hours to semester hours (3:2) will be used.

- Students who have received an AA, AS, or AA&S from Richard Bland College or the Virginia Community College System (including the AA&S degree in general studies) have met all lower-division General Education requirements except those specified as major or college requirements and requirements for completion of the Undergraduate Writing Program.

Applicants who have received the AS degree in general studies offered by institutions whose general studies degrees are recognized as transfer degrees by the State Council of Higher Education for Virginia will be guaranteed acceptance as meeting lower-division General Education Requirements. AS degrees in general studies received from institutions whose general studies degrees are not recognized by the State Council of Higher Education for Virginia will be examined individually to determine whether they are university parallel and eligible for lower-division General Education requirement waivers.

Students who have earned an Associate of Applied Science (AAS) degree from the Virginia Community College System that includes the required General Education courses have met all lower-division General Education requirements except those specified as major or college requirements and requirements for completion of the Undergraduate Writing Program.

Associate degrees awarded outside the Virginia Community College System are examined individually to determine whether they are university parallel programs (consistent with the requirements of degrees from the Virginia Community College System) and eligible for lower-division General Education requirement waivers.

Students who transfer into the University from a campus of the Virginia Community College System without having completed the AA, AS, or AA&S degree may receive credit for General Education courses, even if these courses are not full equivalents of Old Dominion University courses.

The University evaluates transcripts of all transfer students from two- or four-year institutions at the time of the matriculation and assigns appropriate transfer credit for General Education courses judged as compatible with corresponding Old Dominion University General Education courses. Students must earn a grade of C (2.0) or better in order to receive the credit hours associated with classes taken at other regionally accredited institutions.

- Substitutions for General Education Requirements can be made only by the dean of the college offering the General Education skill or Ways of Knowing area.
- Students earning high school diplomas before December 31, 1985 will be exempted from the General Education foreign language requirement as part of the skills area of General Education at Old Dominion University. This does not waive departmental or major requirements.
- Students who have earned a baccalaureate degree at another regionally accredited institution and who wish to acquire a second baccalaureate degree from Old Dominion University will be considered to have fulfilled the lower-division writing requirement and University General Education Requirements with the exception of the writing intensive (W) course in the major; such students must complete the writing intensive course in the major at Old Dominion University and must earn a grade of C (2.0) or better. Second degree students will be expected to meet all college, school and departmental requirements as well as complete a minimum of 30 semester hours at Old Dominion University for a second degree.

Special Transfer Credit Policies. Transfer students admitted to the Department of Art must submit a portfolio for evaluation by the faculty to determine the number of art credits that will be accepted from previous study. Information on portfolio requirements may be obtained from the chair of the department. For more information, refer to the Department of Art

section of this catalog. Transfer students interested in music must have an audition to determine placement and number of credits transferable from previous study. Information on the audition may be obtained from the chair of the department. For more information, refer to the Department of Music section of this catalog.

Military Service and Prior Learning Assessment Credit. Old Dominion University recognizes the specialized training and skills of our military service members. Credit may be awarded for various types of military experiences and other experiential learning skills.

Evaluation of Transfer Credit. Subsequent to notification of admission, a formal evaluation of credit is completed by the Office of Undergraduate Admissions. Transfer credits may be awarded for specified equivalent courses, electives within a discipline or free electives.

Appeals of Transfer Credit Evaluations

Students who wish to appeal their transfer credit evaluation may consult with the Office of Undergraduate Admissions, their academic advisor, or the academic department relevant to the course in question. Course descriptions and/or syllabi are required for departmental review. Once a course equivalency is approved, the department will request the Office of Undergraduate Admissions to update the student's record.

Students with Foreign Credentials

U.S. Citizens and Permanent Residents who have attended high school (secondary) and/or post-secondary (college or university) institutions outside the United States must submit official credentials to the Office of Undergraduate Admissions. Official transcripts are delivered in a sealed envelope bearing the official seal and signatures of the issuing institution. Transcripts should be sent directly from the previous institution to Old Dominion University. All transcripts that are not issued in English must be supplemented with a literal (word-for-word) translation. These translations should be official and stamped by a school official or certified by an acceptable translation service. For a list of acceptable translation companies, please visit the Office of Undergraduate Admissions website. Notarized copies are not considered official documents. Old Dominion University will not accept unattested photocopies or documents verified by a local notary public. All submitted documents become property of Old Dominion University and will not be returned. Old Dominion University conducts in-house evaluations of foreign credentials. Evaluations completed by a credential evaluation service or agency (AACRAO, WES, ECE, etc.) will serve as an English translation only.

Second Baccalaureate Degree Admission

Second baccalaureate degree applicants are students who have earned a bachelor's degree from a regionally accredited college or university and wish to pursue an additional bachelor's degree in a different course of study. Second baccalaureate degree applicants must submit the application form, fee, all official transcripts from any previously attended institution, and all other credentials by the appropriate deadline for their intended term of entry. Applicants who have completed the application process will receive notification on a rolling basis. Please refer to the Office of Undergraduate Admissions website for the application form and deadlines. Second baccalaureate degree students who do not attend the University within one year of their admitted term must re-apply by submitting a new application, fee and updated credentials. Additional information can be found in the section of this Catalog on Second Baccalaureate Degree.

Non-degree Admission

Non-degree entry is available to applicants who do not choose to apply for admission to a degree program but wish to enroll in course work at Old Dominion University. Federal financial aid is not available for non-degree students, except for those in approved teacher certification programs. The option of non-degree admission is available for the following student types.

- Visiting students – those taking course work at Old Dominion University with the intention of transferring the course credit to their home degree-granting institution.

- Certificate program students – individuals expanding their academic background or seeking teacher certification. For information related to registering for a certificate program, please contact the academic department directly. Financial aid is not available for non-degree students, except those in approved teacher certification programs.
- Adult learners – students taking courses for personal and/or academic growth.
- Gifted High School Scholars – high school students taking college-level courses (permission is needed from the high school principal and parent/ or legal guardian).

Additional Information

- All students taking prerequisites (undergraduate, second degree or graduate) for a degree-seeking program should seek the approval of the academic department before registering for course work as a non-degree student. Financial aid is not available for non-degree students, except those in approved teacher certification programs.
- Students under suspension from Old Dominion University or another college or university are not eligible to attend Old Dominion University.
- Applicants denied admission to Old Dominion University are not eligible for non-degree admission without a change from the original application type (i.e. attended a community college or became non-traditional by definition).
- Academic advisors are not assigned to non-degree-seeking students, but students are strongly encouraged to contact their academic department of interest prior to registering for courses.
- Undergraduate students are advised to take no more than 24 semester hours as non-degree students.
- All students, degree and non-degree alike, must meet the continuance requirements as stated in the current Undergraduate Catalog. Failure to meet these requirements will subject students to probation or suspension.
- Non-native speakers of English must provide evidence of English language proficiency.

Non-degree Admission Procedures

In addition to the applications, non-degree seeking students must submit the application fee. The link to the online application is located on the Office of Undergraduate Admissions website. Official credentials may not be required at the time of application; however, unofficial records or a personal interview may be requested for course registration. It is understood that all student information stated on the application is truthful. Deliberate falsification of application information will result in immediate withdrawal and a potential forfeiture of credits. By submitting an application, applicants agree to abide by and support the rules, regulations and Honor Code of Old Dominion University. Non-degree students who do not attend the University within one semester of their admitted term must re-apply by submitting a new non-degree application and fee.

Admission Reactivation

Returning applicants are students who previously attended Old Dominion University on a degree-seeking basis and left the University in good academic standing. Degree-seeking students separated from the University for more than 12 months are required to complete a returning student application available on the online application portal by selected "Undergraduate Returning Student Application." If the separation from the University was longer than five years, applicants are required to resubmit all official transcripts and other required credentials.

Students who are returning from academic suspension must participate in the Academic Continuance Experience for Success (ACES) program prior to the start of classes for the returning semester. More information about readmission from suspension can be found at [http://www.odu.edu/academics/academic-records/grades/academic-performance/reinstatement/](http://www.odu.edu/academics/academic-records/grades/academic-performance/reinstatement) or by contacting the Center for Advising Administration and Academic Partnerships in the Student Success Center

(also see Undergraduate Continuance Regulations and Adjusted Resident Credit information in this Catalog).

The deadlines to apply for admission from suspension are as follows.

- Fall semester – second Friday in August
- Spring semester – second Friday in December
- Summer semester – second Friday in April

Reactivation applications submitted after the deadline will not be considered. Students must resubmit the reactivation form and required credentials by the next deadline.

Graduate Admission

Refer to the Graduate Catalog.

English Proficiency Requirements for Non-Native Speakers of English

Admission to all levels of University study is contingent upon successful completion of English language proficiency requirements. Non-native speakers of English can provide evidence of English language proficiency through a variety of options. Admission to the on-campus English Language Center (ELC) and subsequent enrollment in English language courses at the center does not imply admission to the University. Further information for non-native speakers of English is available from the Office of Admissions (permanent residents and naturalized citizens) and from the Office of International Admissions (all non-immigrants).

Fulfillment of any one of the following will satisfy English language proficiency requirements for admission to Old Dominion University:

1. Submission of one of the following English proficiency test scores: TOEFL of 79 (550 paper based); IELTS overall band of 6.5; PTE score of 53; Duolingo English Test of 120; new SAT Reading Test of 26 or SAT Critical Reading of 480; GRE Verbal Reasoning of 150; GCSE or GCE "O" level pass in English language; CPE grade of A, B, or C.
2. Possession of a bachelor's or master's degree equivalent from an accredited institution located in a country where English is the native language.
3. Successful completion of two university- or college-level English courses at a regionally accredited U.S. institution. Successful completion is defined as obtaining a minimum grade of C (2.00) in each of these courses. These courses must be equivalent to the University's English composition course(s) (see General Education Requirements, Lower-Division Written Communication section) and any other advanced composition or technical writing course. In addition, matriculated Old Dominion University/English Language Center students must receive prior approval from the Office of International Admissions to take English composition courses at another institution for the purpose of satisfying the English Proficiency Requirement.
4. Successful completion of Old Dominion University's English Language Center (ELC) Monarch English Transition Program (formerly the ELC Bridge Program). Successful completion is defined as satisfying the following two criteria: a.) Securing a minimum grade of B and demonstrating 85% attendance in each English Language Center class; and b.) Securing a minimum grade point average of 2.50 in academic courses taken during the Monarch English Transition Program.

Undergraduate students who choose to satisfy English language proficiency requirements through the on-campus English Language Center will be placed according to the following criteria:

1. Students with a TOEFL iBT score below 61 (below 500 paper-based) are automatically eligible to enroll in the ELC's Intensive English Program (IEP). Conditional admission to the university is available for most academic programs.
2. Students with a TOEFL iBT score between 61 - 78 (500 - 550 paper-based) will be placed in the Monarch English Transition Program,

which includes both academic and semi-intensive English Language Center course work.

English Language Center - IEP students may enter the Monarch English Transition Program directly without TOEFL test scores after satisfying the following requirements: a.) Successful completion of level 5 in the IEP program with a 'B' grade or higher; and b.) Receive passing scores on level exit assessments. This option is only available to students that have progressively enrolled in the Intensive English Program.

Students whose native language is not English and who have satisfied English language proficiency requirements through one of the avenues detailed above are exempt from fulfilling the foreign language requirement for general education. Students pursuing degrees that require proficiency beyond the 100 level must be certified by the Department of World Languages and Cultures to obtain a waiver of the 200-400 level courses. Native speakers are not eligible to earn credit for foreign language courses below the 300 level through coursework or external testing services such as CLEP. These students should consult a foreign language faculty member for advising.

Transfer credit is not granted for English composition classes taken at an institution located in a non-native English-speaking country. Exceptions to this policy may be made in instances in which the University has entered a formal agreement with an overseas institution.

All undergraduate students who have not earned credit for ENGL 110C through dual enrollment, Advanced Placement (AP), the College Level Examination Program (CLEP) or transfer from another institution are **required** to complete the Writing Success Placement Tool (WSPT) in order to enroll in first-year writing courses. Additional information can be found in the section of this Catalog on Academic Testing and Placement. In addition, all undergraduate students must earn a grade of C or better in ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major in order to graduate.

International Student Admission

International students should apply only through the Office of International Admissions. U.S. Permanent Residents and Green Card holders should apply only through the Office of Admissions. The primary method of application is web-based; however, a paper application is available upon request. Along with the application and fee, officially issued academic records (transcripts) and evidence of English language proficiency are required. As a service to applicants, the Office of International Admissions evaluates all foreign academic credentials.

Application Process and Dates

Applicants must strictly adhere to international admission and specific program deadlines to allow for the evaluation of academic and financial credentials. Additional timeline considerations include the student visa application process and required attendance at various orientation programs conducted during the week prior to the beginning of classes. Admission deferments are granted for up to one calendar year (two semesters); beyond this allotted time, a new application, fee and academic credentials are required. Along with the application and fee, all academic transcripts, translations and standardized tests must be official, sealed, stamped by the institution or testing agency and sent directly to the Office of International Admissions at Old Dominion University (CEEB code 005126). Officiating authorities include an institution's Registrar or Principle of Exams. When English is not the language of instruction, academic transcripts and course descriptions are required in one's native language and officially translated into English. Photocopies, notarized copies, or faxed copies of required official documents will not be accepted. Certified translations by a licensed or professional translator must accompany academic documents not written in English. Translations of official documents completed by the student/family member/friend will not be accepted. Credentials submitted during the application process become the property of Old Dominion University and cannot be returned.

Transfer of Undergraduate Course Credit

The determination of the equivalency and number of undergraduate transfer credits to be awarded for post-secondary work completed at a foreign institution is based on grades, credit value assigned per course (or number of hours per week spent in class) and the duration (in weeks) per course. All transfer credit policies listed in the Transfer Admission section of this catalog are parallel and apply to the transfer of credit from non-U.S. institutions. It is the responsibility of the student to provide this information to the Office of International Admissions. Course descriptions or syllabi must be officially translated into English. The Office of International Admissions may provide the transfer credit evaluation upon admission; however, the final evaluation may be determined by the academic department upon the student's enrollment.

F-1 & J-1 Student Visas

Students seeking an F-1 or J-1 non-immigrant student visa must demonstrate to both Old Dominion University and the U.S. consulate the financial ability to cover all expenses related to study and living in the U.S. Funding requirements include tuition, health insurance, living and personal expenses for the first year of study, in addition to a reasonable expectation of funding for the remaining years of study. Old Dominion University issues forms I-20 (F-1) or DS-2019 (J-1) for the nine-month academic year with the submission of Old Dominion University's Financial Affidavit of Support, along with any corresponding original, bank issued financial statements or financial sponsorship guarantees.

Tuition, Fees, and Financial Information

Tuition

As used by the University, the term tuition refers to a comprehensive fee that includes payment of instructional programs, academic services, student services and activities, recreational sports, and intercollegiate athletics. All fees are subject to approval and/or change by the Board of Visitors.

Information related to the comprehensive tuition can be found on the website for the Office of Finance (<https://www.odu.edu/tuition/rates> (<https://www.odu.edu/tuition/rates/>)).

Students who are eligible to enroll in a combination of undergraduate and graduate courses in any given semester must pay tuition for the courses at the appropriate levels as prescribed. Graduate hours are available at graduate tuition rates, and undergraduate rates apply for undergraduate hours.

Room and Board Charges—2025-26 Academic Year

See <https://www.odu.edu/housing> (<https://www.odu.edu/housing/>) for room and board rates.

Eligibility for In-State Tuition for Certain Individuals Using G.I. Bill Benefits

<https://www.odu.edu/tuition-aid/tuition/military> (<https://www.odu.edu/tuition-aid/tuition/military/>)

G.I. Bill is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by the VA is available at the official U.S. government website at <http://www.benefits.va.gov/gibill> (<http://www.benefits.va.gov/gibill/>).

In-State Tuition Status (Residency)

Current information about eligibility for in-state tuition rates can be found at: <https://odu.edu/tuition-aid/costs-tuition/tuition/in-state> (<https://odu.edu/tuition-aid/costs-tuition/tuition/in-state/>).

Billing Cycle/Tuition Deadlines

Through the act of registration, either by registering online or by registration form, students accept responsibility for charges incurred. All University charges are due and payable by the established deadlines. The total amount due must be received by 5:00 p.m. on the deadline date shown on the statement to avoid financial penalties. Students unable to pay the total due by the tuition deadline may opt for participation in the University payment plan (fall and spring only). If charges remain unpaid 30 days after the due date, a 5% late payment penalty is assessed. Once the account is 120 days past due, it is forwarded to a collection agency and assessed an additional 25%. Tuition deadlines are published for each term: <https://ww1.odu.edu/tuition-aid/tuition/billing> (<https://ww1.odu.edu/tuition-aid/tuition/billing/>).

Billing Statements

All itemized Student Account billing statements are only available online at www.LeoOnline.odu.edu (<http://www.leoonline.odu.edu/>). Billing activity, notifications, and alerts are sent to the student's ODU.EDU provided email address. For more information, please visit the website (<https://ww1.odu.edu/tuition-aid/tuition/billing/>).

Failure to Pay Tuition

Students' registrations will not be canceled for failure to pay tuition. Nonpayment will not release students from the financial obligation for tuition charges. Students are strongly encouraged to follow University procedures and meet published deadlines to officially drop classes and be released from charges. Stopping payment on a tuition draft does not constitute a cancellation of the student's registration.

Payment/Student Accounts (Cashiers' Windows)

Students may pay for tuition and fees with personal checks, money orders, cash, or credit card (VISA, MasterCard, Discover, and American Express). The Office of Finance no longer accepts credit card payments at the cashiers' windows. Cash payments should be made at the Office of Finance cashiers' windows ONLY. Check/money order payments may be mailed to Office of Finance, Student Accounts, Old Dominion University, Alfred B. Rollins, Jr. Hall, Norfolk, VA 23529-0045. Personal checks will be accepted for the exact amount of fees and/or other amounts owed the University. Students may make credit card payments via Leo Online only. Students who pay using a credit card will be charged a convenience fee. Third party payments are accepted upon submission of authorization documents. Payments on all financial obligations to the University will be applied on the basis of age of the debt. The oldest debt will be paid first. Postdated checks are not scrutinized and will be deposited upon receipt. The cashiers do not cash checks or make cash refunds. Checks must be provided in U.S. dollars. Over-payments on students' accounts of \$5 or less that are not created by a financial aid disbursement will not be refunded unless students request the refund from the Student Accounts Office.

Cash Payments over \$10,000

In accordance with the Internal Revenue Service (IRS) requirements and the University Policy, any cash payment received by ODU exceeding \$10,000 will require completion of a Cash Intake Form (<https://www.odu.edu/sites/default/files/documents/cash-intake-form.pdf>). For more information, visit the Departmental Deposits (<https://ww1.odu.edu/finance/accounts-receivable/departamental-deposits/>) page.

Third-Party Payment Authorizations

A "Third Party" is an employer, a military unit, a service organization, embassies, or a federal, state or local governmental agency agreeing to pay tuition and fees on the student's behalf, and requests that ODU bill them for these debts. These payments require a written authorization (<https://ww1.odu.edu/tuition-aid/tuition/billing/payments/third-party/>) for processing.

Student Account Inquiry

The University reserves the right to request information on the student identification number and/or a photo identification when releasing information or conducting other financial transactions. Specific account information will be released only to the student. Each student account can be viewed using any Internet browser. Students are strongly encouraged to access records directly through their secure access site on www.leoonline.odu.edu (<http://www.leoonline.odu.edu/>). Students are expected and required to assume responsibility for their own financial matters and to abide by the laws of the Commonwealth and the rules and regulations of the University. Failure to read and comply with University regulations will not exempt students from whatever penalties they may incur.

Delinquent Accounts

The University will not issue a degree, diploma, grade report, or permit registration for future terms to any student who has not paid all debts in full. Students with account holds are permitted to drop classes to reduce debt or withdraw to prevent academic penalty.

Collections

Virginia State law requires that the University make every attempt to collect past due amounts owed to state agencies. If, after 120 days, full payment of a debt has not been received, the account will be placed with a collection agency. Account holders are responsible for any collection costs incurred at a rate of 25% of the total due. Several other actions may be taken including the following: the account can be listed by the Credit Bureau as a bad debt; a delinquent account can be collected in full from income tax refunds, lottery winnings or other refunds due from the state (for Virginia residents); and the account may be turned over to the Virginia Attorney General's Office for

litigation. Timely payment is strongly encouraged so that collection efforts can be avoided.

Set-off Debt Collection Act

Under the provisions of this act, an individual's Virginia income tax refund or lottery winnings will be subject to the University's claim for any unpaid balance of tuition and fees to the University. For more information, please visit <https://ww1.odu.edu/tuition-aid/tuition/penalties/collections/>).

Dishonored Checks and Charge Cards

A \$50.00 fee will be charged for each returned check or charge on a student's account, with a maximum allowable of three returned checks after which check payments will no longer be accepted. For more information, please visit <https://ww1.odu.edu/tuition-aid/tuition/penalties/>).

University Payment Plan (Fall & Spring Semesters)

Students may setup a payment plan (<https://www.odu.edu/tuition/billing/payments/payment-plan-agreement/#:~:text=Fall%2FSpring%20Semester%20Plans&text=Old%20Dominion%20University%20offers%20a,%2Drefundable%20set%2Dup%20fee>) in Leo Online, where charges for each semester are divided into four equal payments with a \$40 nonrefundable setup fee, to be paid at the time the payment plan is established. **Payment plans may not be available on past due balances.**

Tuition Refund Policy

The total tuition is considered fully earned by the University once scheduled classes have begun. Students desiring to withdraw from the University must formally notify the University of their intention by executing an official withdrawal with the Office of the University Registrar (<https://www.odu.edu/registrar/>). If completed by the posted deadlines each semester, students will be refunded (<https://ww1.odu.edu/tuition-aid/tuition/refunds/>) the costs and fees associated with dropped courses.

Tuition Differentials (Add/Drop Policy)

In accordance with the refund periods, a full or partial refund of the difference between tuition paid and the new tuition charges will be granted if the per credit rates differ. In those instances where the revised tuition charges are greater, the additional tuition charges will be assessed.

Special Situations

For classes of less than one semester/session in length, refunds will be granted only before the first meeting of the class. Administrative withdrawals, as in the case of classes canceled by the University or the case of academically suspended students, entitle the student to a full refund of tuition. For refund purposes, the beginning of a semester is defined as the opening day of classes as shown in the course schedule and Undergraduate and Graduate Catalogs. For additional information, visit <https://ww1.odu.edu/tuition-aid/tuition/refunds/>).

Return of Title IV Funds

According to federal regulations, financial aid funds are returned to the government when charges were paid by financial aid and a refund is given to a student who fully withdraws from the University. For more information or further assistance, please visit the Refunds (<https://ww1.odu.edu/tuition-aid/tuition/refunds/>) page or contact the Office of Financial Aid (<https://www.odu.edu/finaidoffice/>).

Tuition Appeal Policy

Students may request tuition financial charges be dropped if a student meets the approved requirements by completing an official Tuition Appeal (<https://ww1.odu.edu/tuition-aid/tuition/refunds/appeals/>) and providing necessary paperwork.

Senior Citizen Tuition Waiver

In accordance with the Senior Citizen's Higher Education Act of 1974 (Code of Virginia, § 23.1-639, et seq.), a senior citizen* may take courses without paying tuition or required fees, except for course materials, under certain conditions. If the senior citizen has taxable individual income of not more than \$23,850 in the preceding year, the individual may take a course for academic credit free of tuition and fees, except for fees established for the purpose of paying for course materials, such as laboratory fees, books, etc. Proof of income in the form of a Virginia Resident Form 760 or an IRS Verification of Non-Filing must be provided at the time of registration, along with the Senior Citizen Tuition Waiver Application & Registration Form. This form can be downloaded at <https://odu.edu/registrar/forms/>).

A senior citizen, regardless of income level, may audit a course that is given for academic credit or take a noncredit course free of tuition and fees, except for fees established for the purpose of paying for course materials, such as laboratory fees or books.

No limit is placed on the number of terms or semesters in which a senior citizen who is not enrolled for academic credit may register for courses, but the individual can take no more than three noncredit courses in any one term, quarter, or semester. There will be no restriction on the number of courses that may be taken for credit in any term, semester or quarter, or on the number of terms, semesters or quarters in which an eligible senior citizen may take courses for credit.

The two additional conditions listed below shall be met before an individual may take a course under the provisions of this program:

1. Senior citizens wishing to use this benefit must be admitted as degree-seeking or non-degree students before registering, and
2. The senior citizen may be admitted to a course only on a space-available basis after all tuition-paying students have been accommodated on or after the first day of classes for the session in which the class is scheduled. Exceptions to this procedure may be made when the senior citizen has completed 75% of the requirements for a degree.

* "Senior citizen" means any person who, before the beginning of any term, semester or quarter in which such person claims entitlement to the benefits of this chapter, (i) has reached 60 years of age, and (ii) has had his legal domicile in this Commonwealth for one year. (Code of Virginia, § 23.1-639)

Deferment for Veterans

Old Dominion University offers a deferment for veterans, which extends the payment deadline for students whose veterans' benefits are not available by the tuition deadline. More information may be found here: <https://ww1.odu.edu/tuition-aid/tuition/military/>).

Federal Student Aid Refunds

Students who have a credit balance on their account may be eligible to receive a refund. The type of credit on a student's account will determine the method of initiating the refund and the length of time for a student to receive their refund. If there is a credit balance, then funds will be returned to the student in the form of a check or e-Refund. Additional information may be found here: <https://ww1.odu.edu/tuition-aid/tuition/refunds/>).

Replacement Checks

Checks that are lost, mutilated, or destroyed can be replaced by issuing a Stop Payment Request Form (<https://www.odu.edu/sites/default/files/documents/stop-payment-request.pdf>). For more information, please visit <https://ww1.odu.edu/tuition-aid/tuition/refunds/>).

Education Tax Credits

The IRS regulations require ODU to provide a statement of tuition and charges billed each calendar year via a 1098T Tax Form, issued no later than January 31 of each calendar year to all eligible students. For more

information, please visit <https://ww1.odu.edu/tuition-aid/tuition/education-tax-credits> (<https://ww1.odu.edu/tuition-aid/tuition/education-tax-credits/>).

Contact Information

Information related to tuition and fees, billing, refunds, payment options and related forms may be directed to Customer Relations located in the downstairs lobby of Alfred B. Rollins, Jr. Hall:

Norfolk, VA 23529

Student Financial Aid

The Office of Student Financial Aid supports the mission of the University by assisting students and families seeking educational programs at Old Dominion University. The Office administers financial aid programs funded by federal, state, University, and private sources in the form of grants, federal work-study programs, and merit and need-based scholarships. Also, federally supported loans are offered to qualified applicants through Federal Direct Subsidized loans, the William D. Ford Federal Direct Unsubsidized Loan and the Federal Direct PLUS loan programs. Alternative loan options are also available to support educational goals.

Regulations governing the administration of student financial aid are subject to unanticipated changes. For updated information, visit the website at www.odu.edu/finaidoffice (<http://www.odu.edu/finaidoffice/>) or the Old Dominion University home page at www.odu.edu (<http://www.odu.edu>).

Scholarships, Grants, Loans, and Student Employment

The University offers a variety of awards each year to qualified students who have been admitted into degree programs. Financial aid is offered on the basis of academic achievement and/or financial need. Financial need is defined as the difference between the total cost of education at Old Dominion University and the amount of money an applicant and his or her family are expected to make available from income and assets to meet those expenses. The eligibility for non-need-based loans programs, Federal Direct Unsubsidized loans and Federal Direct PLUS loans is determined by multiple factors such as dependency status, student classification (undergraduate/graduate, grade level), cost of attendance, and total amount borrowed to date.

To be eligible for assistance from the most aid programs, a student must be a citizen or an eligible non-citizen. Some awards are designated only to Virginia residents while others are not restricted by residency. A student must be admitted and enrolled in an eligible degree program, must be registered with the Selective Service (if required), must not be in default or owe a repayment or refund on a federally guaranteed loan or grant, and must be in good academic standing (making satisfactory academic progress). Certain aid programs require a student to maintain a full-time status. One exception to the requirement that students must enroll in a degree-seeking program applies to students admitted for purposes of teacher certification who apply for a William D. Ford Federal Direct Loan.

Financial aid eligibility is determined on an annual basis, for one academic year (Fall, Spring). Students must submit the summer aid request form to request summer aid review. Not all students will be eligible for summer aid. Students must reapply each year for continued eligibility. Applications for financial aid should be submitted as early as possible beginning in October preceding the academic year requested. Priority awards of grants funded by the Commonwealth of Virginia and the Federal Supplemental Educational Opportunity Grant (FSEOG) Program are awarded to eligible students whose Free Application for Federal Student Aid (FAFSA) is received by the federal processing agency no later than the established University priority deadlines each academic year of interest. Awards are offered on a first-come, first-served basis and dependent on fund availability.

To be considered for the Annual and Endowed Scholarships administered by the University, an Admissions application or the Scholarship Application for Continuing Students must be received by the University by March 1 preceding the academic year of interest. All admitted students are automatically considered.

An entering student must be accepted for admission into a degree-seeking program before receiving a financial aid eligibility notification email; however, a student who has not yet been accepted for admission may apply for financial assistance. Once admitted into an eligible degree program, the student will automatically receive a notice of tentative financial aid eligibility. Announcements of financial aid eligibility for early applicants are generally made before May 1. The applicant will be notified by the Office of Student Financial Aid. In addition, the admitted student is encouraged to monitor the status of his/her application for aid and its subsequent processing

by accessing his/her records on the University's secure online site, LEO Online. Students may be notified by email to their Old Dominion University email accounts throughout the year. Alerts, reminders, and student-specific information are emailed through the University's secure email system throughout the year, and students are responsible for reading and responding to these communications.

The information regarding financial aid contained in this Catalog is subject to changes or deletions without notification. Additional information concerning financial aid is available through the Office of Student Financial Aid. The federal Student Guide, which describes the federal student financial aid programs and how to apply for them, is also available free of charge from the Federal Student Aid Information Center (1-800-433-3243). The U.S. Department of Education provides efficient and secure access to information and government services and benefits for students via <https://studentaid.gov/>.

Application Requirements

To be considered for financial aid, a student must complete the FAFSA as soon as it becomes available preceding the academic year for which application is made. For example, a student planning to attend during the Fall Semester, 2025 would submit a financial aid application on or after October 1, 2024. The documents and deadlines are described below. The FAFSA for the 2026-27 aid year is expected to be available on October 1, 2025.

Note: The Free Application for Federal Student Aid (FAFSA) is required of all applicants who wish to be considered for financial aid.

Document 1: The Free Application for Federal Student Aid (FAFSA)

Submitting a completed and signed FAFSA initiates the process of applying for financial aid. The information provided by the student (and his/her parents) is used by the University and other awarding agencies to determine financial need and general financial aid eligibility. When filing the 2025-26 FAFSA, tax information for 2023 will be submitted. When completing the FAFSA, use Old Dominion University's Title IV Institution Code (003728). Old Dominion University encourages students to take advantage of the electronic FAFSA option on the web at <https://studentaid.gov/>, which is a secure and convenient method for completing the application process. All applicants and parents of dependent applicants should apply for a FAFSA ID with the Department of Education at <https://studentaid.gov/fsa-id/create-account/launch/> in order to be able to sign the FAFSA application electronically. The FAFSA must be filed each year for which the student is requesting aid. FAFSAs received by the federal processor before university established priority deadlines receive priority consideration. The FAFSA priority date is March 1 for all students (priority consideration as funds are available).

Document 2: FAFSA Submission Summary

Once the FAFSA is received and processed, the federal processing center will email the FAFSA Submission Summary to the applicant. Students are strongly encouraged to review and keep their FAFSA Submission Summary and all other financial-aid-related documents for future reference. The FAFSA Submission Summary contains valuable information as well as a unique data release code. Students should also keep copies of all documents used to complete the FAFSA, as they may be requested by the Office of Student Financial Aid as part of the federally required verification process.

Document 3: Employment Eligibility Verification (Form I-9)

I-9 verification, also known as Employment Eligibility Verification, is a critical process in the United States that ensures employees are legally authorized to work. This process requires both employers and employees to complete specific forms and provide documentation, verifying the employee's identity and work authorization status. Old Dominion University employees are required to submit an I-9 form prior to starting work. Additional information is found at the links below.

Document 4: Consortium Agreement and Dual Enrollment Forms

ODUGlobal students completing classes remotely may be required to submit these forms. These students should consult with their Student Success Director to determine if these forms are required.

Verification Process

Continuing/returning students selected for verification will be required to complete the verification process prior to receiving a financial aid award. This means that required verification documents must be received and processed prior to the receipt of an aid offer. The verification review process may take up to two weeks or longer during peak processing periods.

Satisfactory Academic Progress for Financial Aid Eligibility

Satisfactory Academic Progress (SAP) Policy

To be eligible for federal, state, and institutional financial aid, all students are required to maintain Satisfactory Academic Progress (SAP.) The regulations provided by the U.S Department of Education are geared toward improving program integrity. Old Dominion University has established its own policy to adhere to these guidelines while ensuring student success.

The following information provides a more in-depth understanding of the minimum progress requirements a student must meet in order to be eligible for financial aid. It is important to note these requirements may differ from that of the University and individual colleges.

Federal regulations are continuously updated, and the Office of Financial Aid is required to verify that their policy meets any changes. If any changes occur, the Office website will be updated, and notifications will be sent to those students affected.

Satisfactory Academic Progress Review Procedure

The Office of Financial Aid evaluates Satisfactory Academic Progress (SAP) annually at the end of the spring semester once grades are posted. Students who are included in this review include undergraduates, graduates, both full-time and part-time, who have filed the Free Application for Federal Student Aid (FAFSA.) This is a cumulative review of all semesters regardless of whether or not the student received financial aid during a particular academic year. The evaluation is based on the student meeting three criteria, which are described below:

- Meeting a minimum cumulative grade point average (GPA)
- Earning a minimum number of credits (Pace of Progress)
- Cumulative attempted hours not exceeding program requirements (Maximum Timeframe)

Students who fail to meet any one of the criteria are considered ineligible for financial aid.

Financial Aid, including loans, is limited and the Office of Financial Aid must ensure students obtain their degree in a reasonable amount of time with reasonable debt.

To maintain Satisfactory Academic Progress, students must maintain the following minimum cumulative GPA:

Qualitative/Grade Point Average (GPA)

Undergraduates - minimum 2.0

Graduates - minimum 3.0

PACE of Progress

This standard is calculated by dividing the cumulative number of credits successfully completed by the cumulative number of credits the student has attempted.

To be eligible for financial aid, an undergraduate student is required to complete a minimum of **67%** of cumulative attempted credits.

Graduate students are required to complete minimum of **80%** of cumulative attempted credits.

Credits completed are those for which grades of A, B, C, D and P, are earned. An **I-incomplete** grade and **W-withdrawal** are not earned and therefore cannot be counted.

Old Dominion University does not round up when determining PACE percentage.

Audit classes are not counted towards Pace of Progress nor counted in enrollment for financial aid eligibility.

Maximum Timeframe

No student may exceed 150% of the published length of their educational program. Students will be notified and will need to appeal for financial aid when they are approaching 150%. Students must complete their degree within a specified amount of time. This standard will depend on the student's enrollment status and degree. Old Dominion University requires an appeal at 125% of degree hours. When a student exceeds 125%, they will be required to submit an appeal for the following semester to determine if they will continue to receive financial aid.

Undergraduate student students pursuing their first degree must complete the requirements for their program without exceeding 180 attempted credits. **Students who have a major with a minor are included.**

Undergraduate students pursuing a second degree or who have a double major should note that once a student has completed the requirements for one major or degree, financial aid eligibility will be limited. Students must complete degrees within 150% of credits needed for a double major, second degree, and teacher licensure, not to exceed 225 attempted credits.

Students with a double major will be flagged at each report and **required** to self-identify on the academic plan of the satisfactory academic progress Maximum Timeframe Appeal, if the second degree or double major status is not seen in the student's record in Banner. The appeal will be placed in the student's extender file to refer to and the account will be noted. An additional academic plan will **not** be required until they reach 125% of the program.

If a student fails any of the above SAP standards, the student's financial aid eligibility is suspended.

Example: An undergraduate student that is required to complete 120 credits to graduate will be eligible for financial aid up to 150 attempted credits at which point an appeal will be required.

Undergraduates working on a second degree, double major, and teacher licensure will be eligible for financial aid up to 188 attempted credits at which point an appeal will be required.

Note: Transfer credits are included, and completion of the first undergraduate degree must be conferred.

Graduate students may attempt a maximum of 90 hours. Graduate students working on a second degree will be given an additional 45 credit hours to earn their second degree; however, they may not exceed 150% of the published length/credits required for their degree program of study.

Note: Transfer credit hours are included.

Special programs such as Clinical Psychology, Nursing Anesthesiology, Physical Therapy, etc., may require additional credits to complete the program and thus may be allowed additional credits based on the program.

Credit hours are counted starting with the semester the student entered school, even semesters in which a student did not receive financial aid.

Students who are aware of learning or other disabilities should immediately contact the Office of Educational Accessibility so that appropriate accommodations can be made. A student with a documented disability and

functional limitations is still held to the same academic expectations as other students.

Students who have completed all undergraduate course requirements, but do not graduate (for any reason) are ineligible for funding. Reasons not acceptable for further funding include but are not limited to raising GPA to meet graduation requirement, needing to pass writing proficiency requirements, and wanting to complete a minor or second major (double majors).

Students with an academic history showing patterns of enrollment of inability or unwillingness to progress, withdrawals, repeats, incomplete grades, or enrollment inconsistent with the student's educational objective may be regarded as ineligible for future financial aid.

Notification of Satisfactory Academic Progress

Students who have met these requirements will not receive any type of notification. ODU will send a notification to students who have not met SAP standards stating ineligibility for financial aid. The notification will be sent by email to the student's ODU email address and will outline the academic standards, reason(s) the student failed, and other pertinent information regarding appeal reasons and procedures.

SAP Evaluations

If a student who failed SAP later self-identifies that they now meet the SAP standards at a point prior to an official SAP evaluation/checkpoint, the institution can only make formal SAP determinations during an official SAP evaluation/checkpoint at the end of a payment period. Any updates or changes to a student's SAP status can only be made during official SAP evaluations. ODU reserves the right to recalculate SAP due to grade changes; however, these will be done a case-case basis and on rare occasions.

Appeal Procedures

Appeals must be submitted 10 days after notification of appeal or by the deadline on the appeal form. These dates vary from year to year; however, the deadline will be the Friday before classes begin. The deadlines are listed on the SAP appeal form.

Deadlines for appeal submission for summer 2025 and 2025-26 academic years

Summer 2025 - June 27, 2025, regardless of summer session(s) enrolled

2025-26

Fall term - August 22, 2025

Spring term - January 16, 2026

Summer - June 26, 2026

Students awaiting a response from the SAP Appeal Review Committee are responsible for paying their tuition and other fees by the payment deadline to avoid late and collection fees.

The decision of the Financial Aid Office is FINAL and cannot be appealed.

The complete packet including the advisor's portion and all documentation needed must be submitted or appeal will be denied.

The University will consider appeals for uncontrollable events, special circumstances that happen in a student's life such as death of a family member, student illness, and transition to college issues that can be documented, or being called to the military, etc. The student must describe what impact the circumstance had on academics, what the student has done to address the impact and how the student plans to be successful. If the student is not yet prepared to vigorously focus on academics with assistance, if necessary, the student should not submit an appeal.

Some examples include but are not limited to:

- Death in the family. State how this person was related (i.e., parent, spouse, sibling, etc.). **A copy of the death certificate or related documentation must be provided.**

- Disabling illness or injury to the student. **Please provide supporting documentation from the medical provider.**
- Disabling illness or injury of immediate family member that required the student's care. **Please provide supporting documentation from the family member's medical provider.**
- Emotional or mental health issue (for student) that required professional care. **Please provide supporting documentation from the medical provider, social worker or other professional.**
- Other special circumstance beyond the student's control (transition that may lead to depression, anxiety, and other problems that can be documented, divorce/separation, natural disaster, extreme change in financial or legal circumstances, etc.)

Documentation or evidence that supports the reason(s) must be included with the appeal. This might include a letter from a doctor, court documents, death certificates or copies of university documents, layoff notices, foreclosure notices, etc. Attach copies; original documents will not be returned.

Potential Delay of Disbursements

Financial aid may not be disbursed to a student's account until SAP has been evaluated. This process cannot be completed until after grades have officially posted from the prior semester.

Students who have failed SAP may experience a delayed financial aid disbursement if grades are not made official before the start of the subsequent semester. No exceptions can be made to this process.

Regaining Financial Aid Eligibility

Regaining Financial Aid Eligibility with a Grade or Degree Change

Students who have received a SAP failure notice due to GPA or Pace of Progress and have received a grade change will need to notify the Office of Financial Aid for a re-evaluation of SAP. If the student is back in compliance with SAP standards, the Office will update the student's SAP status and make any other necessary adjustments. Also, if a student is failing for undergraduate maximum timeframe and is now accepted to Graduate School, they will need to contact the Office so the system can be updated. The SAP process is run with prior semester information.

Regaining Financial Aid Eligibility with Maximum Timeframe

Undergraduate and graduate students who need additional time to complete their first degree must complete the SAP Appeal explaining why the student has not completed the degree and a SAP Advisor form signed by an advisor/department chair explaining what classes remain, what terms they will be taken in and note the student's expected graduation date.

NOTE: Students who do make SAP while on a Maximum Timeframe Appeal are disqualified from receiving further financial aid, including loans, and will be unaided until or unless they are able to reestablish eligibility. Reinstatement of aid will not be automatic, will be reviewed on a case-by-case basis, and requires achieving SAP standards and taking courses only from the approved Maximum Timeframe Appeal.

Regaining Financial Aid Eligibility with a GPA or Pace of Progress

Students may also appeal for failing GPA and/or Pace of Progress. The following will be considered: injury or illness of the student or family member, death of a close relative, emotional or mental health issue (for student) that required professional care, or other reasons resulting in undue hardship to the student such as divorce/separation, natural disaster, extreme change in financial or legal circumstances or transition that may lead to depression, anxiety, and other problems that can be documented. Undergraduate and graduate students would need to submit the SAP appeal explaining why the student has failed and what changes they have or will make to successfully complete their degree and supporting documentation for their appeal. This might include a letter from a doctor, court documents, death certificates or copies of university documents, layoff notices, foreclosure notices, etc. Copies should be attached; original documents will not be returned.

Notification of Appeal Decision

SAP appeals will be reviewed once **ALL** required documentation is received. Notification of the decision will be emailed to the student's Old Dominion University email address within 10 business days.

Approved Decision

If the appeal is approved, the student will be placed on an academic plan/contract whereby specific conditions must be satisfied to demonstrate progress toward degree completion. The academic plan/contract is an agreement with the student and Financial Aid Office that may be stricter than the above guidelines in order for a student to successfully graduate.

Acceptance of the approved plan/contract supersedes all other SAP regulations. The student's approved academic plan/contract may be shared with his or her academic department.

The Financial Aid Office will evaluate all students that have a SAP plan/contract at the end of each semester. If a student meets the terms of the plan/contract but is not back in compliance, the contract will be extended for another term.

A student who fails to meet the terms of the plan/contract will lose financial aid eligibility until the student is able to meet all the SAP standards.

Students who fail to complete the probationary conditions cannot submit a new appeal.

Denied Decision

If the appeal is denied, the student may pay for the classes out of pocket or make monthly payments using the University payment plan with the Office of Finance. Students may regain eligibility for aid once they meet SAP standards.

Financial aid suspension does not prohibit students from continuing their education at Old Dominion University. It does prohibit students from receiving financial aid until they again meet the standards of Satisfactory Academic Progress.

Students awaiting a response from the SAP Appeal Review Committee are responsible for paying their tuition and other fees by the payment deadline to avoid late and collection fees.

The decision of the financial aid review committee is FINAL and cannot be appealed.

Students Who Do Not Appeal

Students who choose not to appeal will be required to meet the Satisfactory Academic Progress standards before regaining eligibility for financial aid. Once the student has regained SAP, the student is eligible to receive financial aid at Old Dominion University. The student cannot automatically regain eligibility by paying for classes for a semester, by sitting out a semester, or by taking classes elsewhere.

Academic Circumstances that Affect Students' Status

Changes in major, double majors, double degrees or minors may cause students to reach their maximum attempted hours and lose eligibility before earning a degree.

Withdrawing from courses

Withdrawing from courses may impact students' financial aid awards. Before withdrawing from class, students should contact the Financial Aid Office to determine the consequences.

Withdrawing from the University

Students who totally withdraw and receive aid may owe the University money. Before withdrawing from the University, students should contact the Financial Aid Office to determine the consequences.

Incomplete grades, missing grades and failing grades

Courses assigned a grade of "I" Incomplete are not considered complete and will not be included in the total credits earned until the final grade has been submitted. Incomplete grades, missing grades and failing grades reduce a

student's completion ratio, because they are counted as attempted, but not earned credits. They will also count against the maximum attempted hours.

Dismissal and Return

Students who are suspended academically or choose not to attend because of SAP Failure will not be automatically eligible for financial aid upon their return. Student must meet all standards of SAP. Student must appeal if eligible or use means other than financial aid for educational expenses.

Absence does not restore eligibility for financial aid. It is the student's responsibility to be knowledgeable of their SAP standard when returning to school after dismissal or choosing not to return because of SAP failure.

Audit Courses – Students are not eligible to receive financial aid for audit courses. Audited courses are not included in hours attempted or earned for SAP determination.

Transfer and Repeat Coursework

Accepted transfer credits must count as both attempted and completed hours. Repeat courses count as attempted credit hours each time students register for them. They also count against the allowed maximum. This can reduce a student's completion ratio because repeated credits count as earned credits only once. **NOTE: The U.S. Dept. of Education allows only one retake for Title IV credit.**

Students are allowed to repeat a previously passed course and have it count toward enrollment for financial aid eligibility only once. However, all repeats count against the maximum total attempted credits and reduce the pace/completion rate.

For federal student aid, passing grades higher than an "F" will be considered to have passed the course and considered as an attempt. **NOTE: This is regardless of any University or major program policy requiring a higher grade or measure for academic purposes.**

Remedial courses may be included, however, enrichment and English as a Second Language (ESL) courses ARE NOT taken into consideration

Other examples: PACE requirement

Undergraduate student attempts 30 credits for the academic year, earned 19; student would not be meeting satisfactory academic progress at the time of SAP review. Total credits needed would be 20.1 or 21 completed (30 X 67%).

Graduate student attempts 18 credits for the academic year, earned 17, student would be meeting the PACE standard for satisfactory academic progress at the end of SAP review. Number of minimum credits needed would be 14.4 or 15 (18 x 80%)

Note regarding the Office of Financial Aid policy on alternative loans:

Alternative loans may be certified if the student is not making satisfactory academic progress with a lender who will approve for students not meeting SAP standards. Please discuss with the financial aid counselor if you have questions.

The Office of Financial Aid reserves the right to review denied appeals, GPA's and completion rates on a case-by-case basis. On rare occasions when grades are updated before the formal SAP evaluation checkpoint, the Office of Financial Aid may update SAP eligibility and award aid. The official SAP evaluation checkpoint is completed at the end of the spring term. Students on financial aid probation are reviewed at the end of each term.

Federal Programs

Students must submit the Free Application for Federal Student Aid (FAFSA) to determine eligibility for all of the following federal financial aid programs.

Federal Pell Grant Program

A Federal Pell Grant, unlike a loan, does not have to be repaid. Pell Grants are only awarded to undergraduate students who have not earned a bachelor's degree. For many students, Pell Grants provide a foundation of financial aid to which other aid may be added. The amount of Federal Pell

Grants students may receive over their lifetime is limited to an equivalent of six years of Pell Grant funding.

Federal Supplemental Educational Opportunity Grant (FSEOG)

Like the Federal Pell Grant, this award assists undergraduate students only and does not have to be repaid. This grant is made to students who demonstrate exceptional financial need and must be Pell grant eligible. Students who meet all other eligibility criteria and whose FAFSAs were received by the federal processing agency by Old Dominion University priority deadlines are considered for this grant. It is awarded on a first-come, first-served basis. Federal funding for this program is extremely limited.

Federal Work Study (FWS) Program

This program provides jobs for undergraduate or graduate students with financial need, allowing them the opportunity to earn money for educational expenses. The FWS program encourages community service work such as tutoring and work related to the course of study. A student who qualifies for FWS is not automatically guaranteed employment. Students must apply for available positions and cannot be a participant of the Learn and Earn Advantage Program (***LEAP**). The Center for Career & Leadership Development, located at 2202 Webb University Center, maintains a listing of available positions as provided by offices across campus in Handshake through its website at <https://www.odu.edu/cds> (<https://www.odu.edu/cds/>) . CDS also manages the following FWS programs for the University: Student Temporary Assistance Team (STAT), Community Service Internship (CSI), America Reads Tutoring and America Counts Tutoring. Contact the CDS at (757) 683-4388 for information on completing the application process for these CDS managed programs.

***The Learn and Earn Advantage Program (LEAP)** offers first and second year undergraduate ODU students the opportunity to be selected for part-time on-campus jobs with ODU departments and Regional Higher Education Centers. Jobs over the last two semesters averaged 10-15 hours per week with students making \$12.00 per hour for a total maximum of \$3,000 per academic year. Students who do not have Federal Work Study awards and have financial need as determined by the Financial Aid Office will receive a LEAP award letter as funds allow. Students must meet minimum GPA requirements each semester, successfully complete the UNIV 130 LEAP course and have satisfactory work supervisor evaluations and recommendations to remain eligible. A limited number of positions are available each semester and are filled by the order of completed University employment application packets received by the Center for Career & Leadership Development. Contact the Center at (757) 683-4388 for more information about the application process.

Federal Direct Student Loan Programs

Old Dominion University participates in the William D. Ford Federal Direct Loan Program and thus receives loan funds directly from the U.S. Department of Education upon disbursement (payment) to eligible students. There are three kinds of loans:

William D. Ford Federal Direct Subsidized Loans

The federal government will pay the interest on these loans while students are in school and during deferments (postponements of repayment). Students must demonstrate financial need to receive this type of loan. Only undergraduate students may be eligible and must be enrolled at least half time. Like all other forms of aid, loans are disbursed to student accounts on a semester-by-semester basis, and eligibility must be re-confirmed prior to release.

William D. Ford Federal Direct Unsubsidized Loans

Loans are available to eligible students regardless of financial need, but students will be required to pay all interest charges, including the interest that accumulates during deferments.

The Federal Direct Parent Loan for Undergraduate Students (PLUS)

This is available for parents of dependent students who filed the FAFSA and who meet other general eligibility requirements. Applications for these loans are completed on-line at <https://studentaid.gov/>. The loans are subject to a Federal credit approval process at the time of submission. Parents are responsible for all payments and interest charges. PLUS loans are not automatically offered but are available upon the written request of the parent borrower by submission of a Parent PLUS Data Sheet found on-line at the Financial Aid website. Please note: The Federal on-line application found at <https://studentaid.gov/> **and** the Parent PLUS Data Sheet found on the Financial Aid website must be completed.

1-19: Children of Fallen Heroes Scholarship

On March 23, 2018, the President signed Public Law 115-141, the Consolidated Appropriations Act, 2018, which included an amendment to Section 473(b) of the Higher Education Act, authorizing the Children of Fallen Heroes Scholarship. Under this scholarship, beginning with the 2018-2019 award year, a Pell-eligible student whose parent or guardian died in the line of duty while performing as a public safety officer is eligible to receive a maximum Pell Grant for the award year for which the determination of eligibility is made. To qualify for this scholarship, a student must be Pell-eligible, have a Pell-eligible EFC and be less than 24 years of age or enrolled at an institution of higher education at the time of his or her parent's or guardian's death. In subsequent award years, the student continues to be eligible for the scholarship as long as the student has a Pell-eligible EFC and continues to be an eligible student.

All Title IV aid awarded to such eligible students must be based on an EFC of zero without regard to the student's calculated EFC. Thus, the student is eligible for the maximum Pell Grant for his or her enrollment status and cost of attendance. In addition, the student's eligibility for Direct Loans and for Campus-Based program aid must be based on an EFC of zero.

For purposes of the Children of Fallen Heroes Scholarship, a public safety officer is:

- As defined in section 1204 of Title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796b); or
- A fire police officer, defined as an individual who is serving in accordance with state or local law as an officially recognized or designated member of a legally organized public safety agency and provides scene security or directs traffic in response to any fire drill, fire call, or other fire, rescue, or police emergency, or at a planned special event.

The Children of Fallen Heroes Scholarship requires the institution's financial aid administrator (FAA) to determine and document, in collaboration with the student, that the student was less than 24 years of age or enrolled at an institution of higher education at the time of his or her parent's or guardian's death.

Acceptable documentation that may be used to determine eligibility for this scholarship are:

- A determination letter acknowledging eligibility for certain federal benefits under the Public Safety Officers Benefit (PSOB) program administered by the Department of Justice.
- A written letter of attestation or determination made by a state or local government official with supervisory or other relevant oversight authority of an individual who died in the line of duty while serving as a public safety officer as defined above.
- Documentation of the student qualifying for a state tuition or other state benefit accorded to the children or other family members of a public safety officer consistent with the definition in 42 U.S.C. 3796b, or as a fire police officer as noted above or
- Other documentation the school determines to be from a credible source that describes or reports the circumstances of the death and the occupation of the parent or guardian.

State Programs

The Virginia Student Financial Assistance Program (VSFAP) was established to assist students with financial need. VSFAP Funds are used for need-based grants to Virginia resident undergraduates or for assistantships and fellowships to graduate students. As funds are limited, they are awarded on a first-come, first-served basis, with students meeting the priority FAFSA receipt deadlines established by the University given first consideration. Awards are limited to 125% of degree (cannot exceed 150 attempted credits). Specific Satisfactory Academic Progress requirements that are more rigorous than those for federal financial aid eligibility consideration apply. Interested students are encouraged to visit the State Council of Higher Education for Virginia web site at <http://www.schev.edu> for detailed information and program regulations and guidelines.

Commonwealth Award

In order to be eligible for a Commonwealth award, a student must be admitted into a Virginia public two- or four-year college or university, a domiciliary resident of Virginia as defined by the Code of Virginia 23-7.4, demonstrate financial need as determined by the institution (FAFSA required), be enrolled at least half-time in an eligible baccalaureate program, a U.S. citizen or eligible non-citizen, and otherwise eligible for federal financial aid. This is a grant and does not have to be repaid. The actual awards vary by institution and are based on funds available. The awards may not exceed tuition and required fees. Additional restrictions, such as minimum GPA or maximum hours attempted, affecting state grant eligibility may be enacted during the period covered by this catalog.

Virginia Guaranteed Assistance Program (VGAP)

In order to be eligible for a VGAP award, a student must meet all Commonwealth award requirements, and must also be a graduate of a Virginia high school, have a minimum cumulative high school grade point average of 2.5 on a 4.0 scale. A student generally enters the VGAP program as a freshman. Awards may be renewed for up to three additional years provided that the student meets the renewal conditions, and that funding is available. Renewal of the VGAP grant is dependent upon several factors: maintaining full-time continuous enrollment, maintaining domiciliary residency in Virginia, demonstrating continued financial need, maintaining a college grade point average of least 2.0 on a 4.0 scale, or equivalent, and maintaining the satisfactory academic progress standards of the institution for federal student aid programs. Students must also have advanced class levels upon completion of each full year of award received (VGAP is restricted to no more than one year – 12 months – per class level, freshman, sophomore, junior, senior). As with all other aid programs, audited courses do not count toward full-time enrollment. Participation in the VGAP program is limited to four years of eligibility. Additional restrictions, such as minimum GPA or maximum hours attempted, affecting state grant eligibility may be enacted during the period covered by this catalog.

Conditions for Disbursement of Financial Aid

The Office of Student Financial Aid publishes a “Statement of Student Responsibility & Conditions for Release of Financial Aid” document each academic year. This statement is included with the initial award notification mailed to the student and is also accessible on the Financial Aid Office page of the University web site <http://www.odu.edu/finaidoffice> (<http://www.odu.edu/finaidoffice/>). When students accept financial aid, they also acknowledge that they have read and agree to comply with the Statement. A limited sample of conditions is as follows:

Statement of Student Responsibility & Conditions for Release of Financial Aid

- **INITIAL NOTIFICATIONS OF FINANCIAL AID ARE TENTATIVE.** Initial financial aid notices are based on the assumption that students will enroll at the **full-time** level (12 or more credits for undergraduate and 9 or more credits for graduate). If students enroll less than full time (three-quarters-time, half-time or less than half-time), it is the student's responsibility to notify the Financial Aid counseling team if the enrollment level or **student type** changes (examples: change from

degree seeking to certificate program, from undergraduate to graduate, residency revisions out-of-state to in-state, etc.). It is essential that the student **communicate** any changes in enrollment level or student type with his/her Financial Aid team during the period leading up to the beginning of each semester as changes may impact the student's aid eligibility. **Undergraduate students must report December graduation plans (federal loans must be prorated per regulations).**

- Financial aid can be credited to students' University accounts only after certain conditions have been met, including but not limited to timely receipt of requested documents needed to verify information provided on the FAFSA and appropriate enrollment for the term. Students receiving loans must be enrolled at least half-time (6 hours undergraduate or 4 hours graduate) and maintain Satisfactory Academic Progress standards as stated in this Catalog. **Failure to meet the standards of Satisfactory Academic Progress will result in loss of eligibility and automatic cancellation of previously offered federal and state aid.**
- If financial aid has not been disbursed (paid to the student's account with the University) by the tuition deadline, **the student is NOT automatically dropped from classes for non-payment.** Students must actively drop or withdraw from courses prior to the tuition deadline to be relieved of charges for courses dropped. Drops and withdrawals after the tuition deadline are subject to the policies enumerated in this Catalog.
- **Financial Aid eligibility per allowable program length.** Undergraduate students at Old Dominion University may attempt a maximum of 180 credit hours. **Undergraduate students who have exceeded 180 credits are not able to appeal and are ineligible for aid.** Undergraduates working on a second degree are given an additional 90 hours to earn their second degree. **(Note: Transfer credits are included and completion of the first undergraduate degree must be conferred.)** Graduate students maximum allowable time to receive financial aid is 90 hours. Graduate students working on a second degree will be given an additional 45 credit hours to earn their second degree. **(Transfer credit hours are included).** **In each of these cases students are no longer eligible for financial aid and appeals are not accepted**
- Decisions made by financial aid administrators at other institutions relative to dependency status, special circumstances, or financial aid awards are not automatically accepted by Old Dominion University.
- **The student is responsible for repayment of any federal, state, or University and outside agency aid received as a result of unreported or misreported information discovered through verification, third-party notices, account reviews, and/or Quality Assurance findings.**
- The student is responsible for reporting additional educational assistance received through sources other than the Financial Aid Office. Financial aid may be adjusted in compliance with federal regulations as a result of additional educational assistance received and not reflected in the financial aid notification letter. **The student bears responsibility for reporting any additional aid in the form of scholarships from outside groups, Unfunded Scholarships, Graduate Tuition Waivers, Meal scholarship waivers, Senior Citizen Tuition Waivers, Employer Assisted Tuition Payments, Third-Party Payment Agreements involving any outside group or company etc., and all other forms of assistance.** The student must report these external sources of financial assistance in writing or via email immediately to his/her financial aid counseling team.
- New Federal Direct Loan student borrowers must complete an Electronic Direct Loan Master Promissory Note (E-MPN) online at <https://studentaid.gov/mpn/> before the loan process can be completed. Students will receive requirement notifications when their E-MPN is ready for completion.
- All **first-time loan borrowers** and students who have not borrowed through the Federal Direct Loan Program within the past two years must, by federal regulation, complete a **loan entrance counseling** session before loan proceeds can be credited to the student's financial account. **Failure to comply with this requirement will prevent release of loan funds and may result in cancellation of loans, even if the student has submitted a completed loan promissory note.**

This requirement may be satisfied online at <https://studentaid.gov/entrance-counseling/>.

• **ATTENTION – UNDERGRADUATE TRANSFER STUDENTS:**

Student loan eligibility is determined by student classification (freshman, sophomore, junior, senior). It is possible that not all academic transcripts from other institutions will have been evaluated at the time of initial aid eligibility determination; therefore, the classification entered by the student on the FAFSA is used to determine loan eligibility. **Once all transcripts have been evaluated, eligibility for Federal Direct Student Loans may require downward adjustment if the official classification is lower than the classification entered on the FAFSA.**

- Eligibility for financial assistance is based upon FAFSA (Free Application for Federal Student Aid) information provided by the student and his/her family. The FAFSA must be filed each year. FAFSA's received by the federal processor before **March 1** preceding the fall semester receive **priority** consideration. Aid for students whose FAFSA's are received by the federal processor after April 1 may not be ready by the fall semester tuition deadline. Students should make alternate financial arrangements for tuition payment, books, and other education-related expenses.

- **Financial aid eligibility changes when enrollment level or student type changes or students meet the allowable time eligibility.** Students who drop courses are responsible for notifying the financial aid counselor **immediately**. Aid will be reduced accordingly. If a student drops classes, **financial aid received must be repaid to the University.**

This also applies to "balance-of-aid" payments made to students before dropping.

- If the student adds a course(s) after the financial aid has been applied to the account and refund issued, the student is responsible for the balance owed.
- Students who withdraw from **all** courses are subject to regulations regarding the **Return of Title IV funds**. If the date of complete withdrawal from all courses precedes the date on which more than 60% of the academic semester has been completed, a prorated portion of all Title IV student financial assistance will be due back to the federal programs. State student financial assistance may also be due back. The University policy regarding tuition refunds following withdrawal is stated in the Catalog and is independent of the Return of Title IV funds regulations. *******Students who withdraw from the University before more than 60% of the semester has elapsed should anticipate repaying a significant portion of Title IV and state financial assistance. *****Additionally, students who failed to earn a passing grade during the term are subject to the same federal guidelines.**
- A notice of tentative financial aid eligibility assumes a level of federal and state appropriations that are frequently undetermined at the time of preparation. If legislative bodies fail to provide the anticipated funding level, it may be necessary to reduce or cancel certain types of aid, particularly grants. Students will be notified immediately if such changes become necessary. Students are strongly encouraged to check their ODU email accounts often.
- **The Office of Student Financial Aid reserves the right to review, modify or cancel financial aid at any time on the basis of information affecting student eligibility, including but not limited to changes in financial resources, residence, academic status, student type, enrollment level, the availability of funds or Satisfactory Academic Progress requirements.**
- **The student is responsible for Catalog information.** Students are held individually responsible for the information contained in the Catalog and on the Financial Aid webpage. Failure to read and comply with university regulations will not exempt students from whatever penalties they may incur.
- **Students may receive financial aid from only one institution during any given period of enrollment (semester).**
- **Students are limited to 12 semesters (or 600%) of Federal Pell Grant eligibility during their lifetime. This affects all students regardless of when or where they receive their first Pell Grant.**

- **There is a limit on the maximum period of time that students can receive Direct Subsidized Loans. In general, students may not receive Direct Subsidized Loans for more than 150% of the published length of their program.**

Scholarships

Merit-Based Scholarships

All entering fall freshmen students who submit their admission application, and ALL required credentials are considered for merit-based scholarships offered through the Old Dominion University Office of Admissions. The admissions application serves as the merit-based scholarship application.

Information related to First-Year Student Scholarships can be found on the Admissions web site.

Annual and Endowed University Scholarships

Scholarships at Old Dominion University have been established through the generosity of individuals, organizations and corporations to recognize outstanding academic performance and to assist students in pursuing their educational goals. Scholarship awards are based on a variety of criteria. For some awards, eligibility is entirely determined by academic merit or potential. Other requirements might include demonstrated financial need, field of study, state or city residency, graduation from a particular high school or participation in a specific program, organization or activity. Generally, recipients have earned at least a 3.4 grade point average (on a 4.00 scale) and are full-time, degree-seeking students.

All first-time freshmen and transfer students will automatically be considered for academic and endowed scholarships based on their admissions application. The majority of scholarships offered to Old Dominion University students are based on information already known to the University via the student's admissions application and the Free Application for Federal Student Aid (FAFSA).

New incoming freshman and transfer students have the opportunity to identify institutional scholarship interest by selecting "YES" to the institutional scholarship indicator when completing an admissions application. New students will be able to select from various scholarship options listed with in the admissions application.

Incoming freshmen are automatically considered for merit-based scholarships based on academic performance. Merit-based scholarships are managed by the Office of Admissions; financial need is not required.

The Scholarship Form for Continuing and Graduate Students is available for students who have a change in scholarship eligibility according to the Criteria Check List (included in the Scholarship Form). Continuing students who meet the above circumstances must complete and submit the form to the Office of Student Financial Aid, 2002 Rollins Hall, Norfolk, VA 23529-0052. **The form must be received by March 1 each year to be considered for scholarships for the following academic year.** The information provided on the Form for Continuing and Graduate Students will be maintained and used for scholarship selection for the duration of the student's attendance at Old Dominion University. **It is not necessary to complete the form more than once during attendance at Old Dominion University, UNLESS the required information has changed. To determine eligibility for need-based scholarships (designated by an asterisk (*), students must also file the Free Application for Federal Student Aid (FAFSA).** FAFSAs received by the federal processor before university established priority deadlines receive priority consideration. The FAFSA priority date is March 1 for all students (priority consideration as funds are available).

Selection procedures vary for these awards. All scholarships require admission to and enrollment in a degree program at Old Dominion University. For some scholarships, a portfolio, an audition, or participation in a specific program may be required. The additional steps, if required, are summarized following each scholarship description.

Students will receive written notification of any scholarship for which they have been selected. Most scholarships will be awarded in April through August of each year.

Awards for Entering Freshmen

The Old Dominion University Alumni Association (ODUAA) Legacy Scholarship Endowment was established to assist children of an Old Dominion University ("ODU") alumnus/ae. The recipient(s) must be a full-time undergraduate student in good academic standing. It is the intention of the ODUAA for the scholarship to be awarded to a freshman and follow the recipient during his/her time at ODU (up to four years).

The Nicholas Andrasz Academic and Social Service Endowed Scholarship was established by Nicholas Andrasz to assist an entering freshman who has graduated from a Virginia Beach high school. The recipient must have a minimum 3.25 grade point average, minimum 1000 combined SAT score and must have spent a considerable amount of non-paid volunteer time helping to make their community a better place. The recognized categories of non-paid volunteer time are: Hospital Volunteer, Public Safety, Mentoring/Tutoring, Shelters, and Elder Care. Students must provide reasonable documentation as proof of their public service. Preference is given to a student who has previously been awarded the Nicholas Andrasz Endowed Scholarship from Tidewater Community College.

The Edward N. Antoun, AH Environmental Endowed Scholarship in Engineering was established to assist a full-time undergraduate student intending to major in civil and environmental engineering. The recipient must attain a minimum high school GPA of 3.2 and be a U.S. Citizen or Permanent Resident.

The Beta Sigma Phi-Alice Brewer White Memorial Endowed Scholarship is made possible by an endowment established in 1985. This award assists an entering freshman who is from Southside Hampton Roads. Preference will be given to students with a 3.20 grade point average and Beta Sigma Phi affiliations, including mother, grandmother, or aunt. The student may also be a member of Beta Sigma Phi. Leadership ability and community involvement are factors in selection. This scholarship is renewable.

The James L. Bugg Scholarship was established in 1978 by the Old Dominion University Alumni Association to honor this former University president. The award is made to an alumnus' son or daughter who has participated in extracurricular activities and community service and displays top academic achievement.

The CHROME Scholarships are funded by the University and awarded to entering freshmen who have participated in a certified high school CHROME club. Recipients must intend to pursue a degree in engineering, mathematics, science, technology, or a related field.

The Claire Virginia Dabel Memorial Scholarship is funded through an endowment established by Dr. Virginia B. Newbern to assist one or more freshmen students majoring in the field of biology.

The Peter G. Decker Endowed Scholarship for Residents of Lambert's Point is funded by an endowment established by Peter G. Decker and the estate of Celia Stern. This scholarship is awarded to students who have recently graduated from a local high school who reside in Lambert's Point at the time of application to Old Dominion University. Recipients must maintain a GPA of 2.5 and demonstrate financial need.

The Haislip-Rorrer Presidential Scholars Endowment was established by Wallace Haislip and Linda Rorrer to assist one or more full-time entering freshmen with outstanding academic credentials. Recipients will be chosen according to the University's criteria for Presidential Scholars candidacy.

***The E. L. Hamm Endowed Scholarship** was established by Edward L. Hamm, Jr. to assist a student who is residing in or has resided in Norfolk Redevelopment & Housing Authority properties. The recipient must be a full-time undergraduate student who demonstrates financial need. (FAFSA)

***The Forrest H. Harrell, Jr. Scholarship Endowment** was established to assist an incoming freshman student who demonstrates financial need and maintains a minimum grade point average of 3.0. (FAFSA)

The Ellen P. Harvey Scholarship Endowment was established by Old Dominion University to assist one or more full-time entering freshmen with outstanding academic merit credentials. Preference is given to resident(s) of Lambert's Point, Highland Park, or Park Place neighborhoods surrounding Old Dominion University, or a graduate of the Lambert's Point Summer program sponsored by the University.

***The James W. Ingersoll Memorial Scholarships** are made possible by an endowment given by the Ingersoll family, their friends and the citizens of Portsmouth, Virginia. These awards assist entering freshmen who demonstrate financial need and are graduates of Churchland High School in Portsmouth. (FAFSA)

***The Ron Jet Jones Memorial Scholarship in English** was established by Barbara Ann Jones to assist one or more full-time entering freshmen with an intended English major and a high school grade point average of 3.75. Student (s) must have held leadership positions in clubs or organizations in high school and must demonstrate financial need. (FAFSA)

The James V. and Donna L. Koch Endowed Scholarship was established by the Old Dominion University Educational Foundation in 2001 to honor this former University president and his wife. This four-year scholarship assists an incoming freshman with a minimum 1300 SAT score, 3.80 cumulative grade point average and extracurricular involvement. The scholarship can be renewed if the student maintains eligibility criteria.

The Edgar and Kathleen Kovner Scholarships for outstanding high school scholars are awarded each year to entering freshmen in the Frank Batten College of Engineering and Technology. The awards are based on performance in a high school curriculum that emphasized mathematics and the sciences. These scholarships are renewable for three years for recipients who remain enrolled full time in the Frank Batten College of Engineering and Technology and maintain a 3.00 grade point average.

The A. D. Morgan Scholarships are supported by a trust established in 1968 by Dr. A.D. Morgan and Annye Lewis Morgan. The scholarships assist Old Dominion University students who are U.S. citizens and residents of the greater Norfolk area. Preference is given to the members of the Freemason Street Baptist Church of Norfolk. Recipients are selected by the trustees of the Scholarship Fund and coordinated through the Old Dominion University Office of Student Financial Aid.

***The Patricia Ann Vaughan Myers '57 Memorial Scholarship** was established by Hugh L. Vaughan in honor of his daughter, Patricia Ann. It assists an entering freshman who is a Virginia resident and a resident of the Tidewater area. The student must demonstrate financial need, academic merit and be a full-time student under the age of 24 who lives at home. (FAFSA)

***The Newport News Shipbuilding Engineering Endowment** was established to assist undergraduate students majoring in engineering or engineering technology who hold a minimum 2.5 cumulative grade point average. The recipient may also be an undergraduate student enrolled as engineering intended in the Engineering Fundamentals Division with a minimum 3.0 cumulative high school grade point average. Preference will be given to students who are Pell eligible. (FAFSA)

Norfolk School Board Scholarships are funded by the University and awarded to ten entering freshmen graduates of Norfolk public or private schools. Students are selected based on their high school academic achievement. The award equals full in-state tuition (up to 15 credit hours per semester). Recipients are selected by the Director of Guidance of the Norfolk Public School system, in conjunction with the high school guidance counselors. Recipients may qualify for a one-year renewal of the award by maintaining a 2.50 grade point average and completing 24 academic units at the end of the first academic year.

Norfolk Southern Alumni Endowed Scholarships was established to assist an entering freshman in the College of Engineering and Technology or the Strome College of Business and Public Administration who rank in

the top 10% of the student's high school class, demonstrate the potential for leadership, and has a minimum combined Scholastic Aptitude Test (SAT) score of 1200.

***The ODU CDC Scholarship Endowment** was established to assist a student who is a resident of Lambert's Point, Highland Park or Park Place neighborhoods surrounding Old Dominion University. The recipient must demonstrate financial need, and preference will be given to an incoming freshman student. (FAFSA)

The Pace Collaborative Endowed Scholarship in Engineering has been established by PACE Collaborative PC to assist an incoming freshman intending to major in engineering. The student must be a full-time student, have attained a minimum high school GPA of 3.0, and must be a U.S. citizen or Permanent Resident. The scholarship may be renewed up to three academic years if the student maintains a 2.5 GPA.

The Parents' Association of Old Dominion University Freshman Scholarship is funded by an endowment by the organization to assist an outstanding entering freshman who has demonstrated academic merit and leadership skills.

The Parents' Association of Old Dominion University Freshman '90 Scholarship is funded by an endowment by the organization to assist an outstanding entering freshman who has demonstrated academic merit and leadership skills.

***Regional Scholarship** awards are provided by the University in the amount of \$1,200 to entering freshmen from Accomack County, Chesapeake, Franklin, Hampton, Isle of Wight, Newport News, Northampton County, Portsmouth, Southampton County, Suffolk, Surry, and Virginia Beach public high schools. Students must demonstrate financial need. Students may qualify for a one-year renewal of the award if they maintain a 2.50 grade point average, complete 24 academic units for the year and demonstrate financial need. (FAFSA)

***The Rafael Torrech-Tecnico Endowed Scholarship in Engineering** was established by Tecnico Corporation in honor of Rafael Torrech III to assist entering freshmen from a local Hampton Roads high school with preference to children of parents who are employed at Tecnico Corporation. Students must be full-time, intending to major in the Batten College of Engineering and Technology, maintain a cumulative GPA of 3.0 or better, and demonstrate financial need. (FAFSA)

Old Dominion University Dominion Scholarships for Entering Freshmen

The Theodore F. and Constance C. Constant Dominion Scholarship was established by Theodore F. and Constance C. Constant to assist incoming freshmen who present a minimum 3.8 cumulative grade point average, rank in the top 10 percent of their graduating class, and score 1280 or better on the Scholastic Assessment Test. The recipient must be a Virginia resident, with preference given to Hampton Roads residents.

The Mary T. Cooper and Dudley Cooper Dominion Scholarship was established by Mary T. Cooper and Dudley Cooper to assist incoming freshmen who present a minimum 3.8 cumulative grade point average, rank in the top 10 percent of their graduating class, and score 1280 or better on the Scholastic Assessment Test. The recipient must also be a United States citizen.

The Clifford and Ann Cutchins, III Dominion Scholarship was established by Mr. and Mrs. Clifford A. Cutchins, III to assist incoming freshmen who present a minimum 3.8 cumulative grade point average, rank in the top 10 percent of their graduating class, and score 1280 or better on the Scholastic Assessment Test.

The Robert L. and Geraldine E. Fodrey Alumni Association Memorial Scholarship Endowment was established by the Old Dominion University Alumni Association to assist incoming freshmen who present a minimum 3.8 cumulative grade point average, rank in the top 10 percent of their graduating class, and score 1280 or better on the Scholastic Assessment Test.

The Harry H. and Marie Mansbach Dominion Scholarship was established by Harry H. and Marie Mansbach to assist incoming freshmen who present a minimum 3.8 cumulative grade point average, rank in the top 10 percent of their graduating class, and score 1280 or better on the Scholastic Assessment Test.

The Joseph M. Marchello Dominion Scholars Endowment was established by the Old Dominion University Alumni Association to assist incoming freshmen who present a minimum 3.8 cumulative grade point average, rank in the top 10 percent of their graduating class, and score 1280 or better on the Scholastic Assessment Test.

The Clark-Nexsen Dominion Scholarship in Engineering was established by Clark-Nexsen, PC, Architecture & Engineering, and the ODU alumni employees of Clark-Nexsen, PC to assist an incoming freshman who is a resident of Virginia, ranks in the top 10% of high school class, has attained a minimum combined Scholastic Assessment Test (SAT) score of 1200, and demonstrates potential for leadership.

The Sam H., Willie Mae, and Herbert L. Sebrein Dominion Scholars Memorial Endowment was established by Mr. Sam H. Sebrein, Sr. and Mrs. Lucille Sebrein to assist incoming freshmen who present a minimum 3.8 cumulative grade point average, rank in the top 10 percent of their graduating class, and score 1280 or better on the Scholastic Assessment Test.

The William B. Spong, Jr., Dominion Scholar Endowment was established by the Old Dominion University Alumni Association to assist incoming freshmen who present a minimum 3.8 cumulative grade point average, rank in the top 10 percent of their graduating class, and score 1280 or better on the Scholastic Assessment Test.

The College of Arts and Letters

The H. Lee Addison, III Scholarship in History was established to assist a full-time undergraduate or graduate student majoring in history who has a minimum GPA of 3.0.

***The Herbert Altschul Memorial Scholarship** in Humanities is made possible by an endowment given by the family of the late Herbert Altschul, a Norfolk businessman and former owner of Altschul's Department Store. This award assists juniors who demonstrate financial need, are U.S. citizens and are majoring in the Humanities. (FAFSA)

***The Nora Barnes Endowed Scholarship in Political Science** was established to help assist a full-time student majoring in political science. The recipient of this scholarship must have at least a 2.5 grade point average and demonstrate financial need. (FAFSA)

***The Bruce T. and Sarah Bishop Endowed Scholarship** was established to assist a full-time student in the College of Arts and Letters who has a cumulative GPA of 3.0 or better, demonstrates financial need, and demonstrates evidence of involvement in student activities. (FAFSA)

***The Linda H. and Edward Bradley Endowed Scholarship** was established to assist an undergraduate student in the College of Arts and Letters with a minimum GPA of 3.0 who is eligible for the Federal Pell grant. (FAFSA)

The Eliot S. Breneiser Memorial Scholarship was established to assist a full-time music major in either the piano performance program or the music education program with a concentration in piano. Information concerning audition requirements is available from the Music Department. (AUDITION, PARTICIPATION) (757) 683-4061

***The Martha Brown Endowed Scholarship** is made possible by the friends of Martha Brown. It is awarded to assist a full- or part-time student in the College of Arts and Letters. The recipient must be a sophomore or junior and maintain a minimum cumulative grade point average of 3.0 pursuing a minor in African American Studies. The student must also demonstrate financial need. (FAFSA)

***The Dr. James V. D. Card Scholarship Fund** was established to assist an undergraduate or graduate student who is majoring in English. The recipient must demonstrate financial need. (FAFSA)

The Claire Cucchiari-Loring Memorial Scholarship was established by the Cucchiari and Loring families in honor of Claire Cucchiari-Loring. A scholarship is to be awarded annually to one or more full- or part-time musically talented students to be chosen by the Director of the Jazz Program. The recipient must be an undergraduate with a major in performance or voice. Preferred criteria include membership in the ODU Jazz Choir, membership in the ODU Jazz Band, and membership in the ODU Madrigal Singers.

The College of Arts and Letters General Scholarship was established to assist a full-time student in the College of Arts and Letters.

***The Dance Endowed Scholarship** was established to assist a full-time undergraduate or graduate student(s) studying in the College of Arts and Letters who has a minimum grade point average of 2.75. Preference will be given to student(s) pursuing a degree in dance.

The Marie A. Dornhecker-French Language Endowed Scholarship is funded by the Marie A. Dornhecker Charitable Trust and was established in 1998. The recipient must be a full-time student living in the Hampton Roads area of Virginia and must be a French language major in his or her junior year of study. The scholarship is to be based primarily on academic merit.

***The Drewry Family Endowed Scholarship** was established in 2004 by William B. Drewry to be given to a declared undergraduate majoring in the College of Arts and Letters. The recipient must be academically average with a grade point average between 2.8 and 3.0. Preference will be given to a student with financial aid. (FAFSA)

The recipient(s) must be a full-time or part-time student, has a minimum GPA of at least 3.5, and demonstrate a commitment to young children and the profession as evidenced by their performance in related course work.

The Dana Burnett Endowed Scholarship for Emerging Leaders in Higher Education was established to assist admitted students in the Darden College of Education enrolled in the Education Foundations and Leadership program interested in pursuing careers in higher education.

***The Coca-Cola Scholars Endowed Scholarship Fund** was established by the Coca-Cola Foundation to assist a student enrolled in a financial aid-eligible program leading to teacher certification, licensure, and/or enhancement. Consideration will be given to all students studying via Digital Learning who have a minimum of 58 credit hours with a 3.00 cumulative grade point average. The recipient must also demonstrate financial need. (FAFSA, Essay))

The Costulis Family Scholarship was established to assist full-time undergraduate students with a declared major in mechanical engineering or an approved teacher education program at Old Dominion University. The recipient must be a graduate of Poquoson High School, Maury High School, or Indian River High School, and must maintain a minimum grade point average of 3.3.

***The James and Patricia Cross Endowed Scholarship** was established to assist full-time undergraduate student(s) enrolled in the Darden College of Education and Professional Studies. The recipient must have a minimum grade point average of 3.0 and must demonstrate financial need and merit as determined by the Office of Student Financial Aid. (FAFSA)

***The Robert B. Cunningham Endowed Scholarship** was established by Robert B. Cunningham to assist a student enrolled in the Darden College of Education and Professional Studies enrolled as a full-time student. The student must demonstrate financial need. (FAFSA)

The Darden College of Education and Professional Studies General Scholarship was established to assist a full-time student in the Darden College of Education and Professional Studies.

***The Lorraine Buser Halsch '80 Memorial Scholarship Fund in Special Education** was established by Paul Halsch in memory of his late wife, Lorraine Buser Halsch, an Old Dominion University alumnus who majored in special education. The recipient of this scholarship award must be a junior or senior with a declared major in special education, must have a grade point average of 3.0 or higher, and must demonstrate financial need. (FAFSA)

***The Dr. Elizabeth Dubovsky & Col. Thomas Kaugher Jr. Endowed Scholarship** was established to assist a Junior or Senior student in the Darden College of Education & Professional Studies attending classes at the Norfolk Campus. Recipient(s) must demonstrate financial need and maintain a 3.0 GPA or higher. (FAFSA)

The Higginbotham Endowed Scholarship Fund was established by Hal B. Higginbotham to assist a rising junior or senior in teacher education in the Darden College of Education and Professional Studies. The recipient must be a full-time student, child or grandchild of an ODU graduate, and must have a minimum grade point average of 3.0.

***The Ejner Emil "Karl" Karlsen Scholarship for Future Teachers** was established to assist student(s) seeking a degree in teaching education and/or licensure and fully admitted into a teacher education program. The student must be a Virginia resident qualifying for in-state tuition, must demonstrate financial need, and may be enrolled at full- or part-time status. (FAFSA)

***The Jan P. Lowrance '74 Scholarship in Human Movement** was established to assist full-time students who have declared a major in the human movement sciences program within the Darden College of Education and Professional Studies. The recipient must maintain a 3.0 grade point average and demonstrate financial need. (FAFSA)

The Dr. Helen Moore Scholarship Endowment was established to assist full-time undergraduate student(s) in the Darden College of Education and Professional Studies.

The Donald J. Musacchio Scholarship Endowment was established to assist students in the Darden College of Education and Professional Studies. The recipient must be in good academic standing and must have completed at least 24 credit hours. The recipient must submit a one-page personal statement and three letters of recommendation not to exceed two letters from ODU faculty or professors and one letter from a personal reference. The selection of the award will be determined by the Dean of the Darden College of Education and Professional Studies.

***The Nybakken-Graves Endowed Scholarship** was established to assist a full-time undergraduate student whose parent or legal guardian is a graduate of the Darden College of Education and who is licensed or a certified professional educator (teacher, school counselor, principal, speech pathologist or other professional educator). Student must be enrolled in the Darden College of Education and Professional Studies, demonstrate financial need, and have a minimum grade point average of 3.5. (FAFSA)

***The Hugo A. Owens Jr. and Rosa R. Owens Scholarship in Memory of Dr. and Mrs. Hugo A. Owens, Sr.** was established to assist a student in the Darden College of Education & Professional Studies demonstrating financial need. (FAFSA)

***The Annabel & Hal Sacks Family Endowed Scholarship** was established to assist a full-time student in the Darden College of Education and

Professional Studies who has met the requirements to enter into the teacher candidate internship at the graduate or undergraduate level. The student must demonstrate financial need and must be taking classes on campus. (FAFSA)

***The Peggy Ashford Scott Memorial Endowed Scholarship** was established by Simpson Ashford to assist a full-time undergraduate student majoring in elementary education. The student must have a grade point average of 3.0 or higher and a demonstrated financial need. (FAFSA)

The J. Frank Sellew Memorial Scholarship in Education was established by the friends and family of Mr. Sellew. The recipient must have a GPA of 3.0 and major in any teacher education program. The recipient must also meet all teacher education admission standards established by their program of study and the Darden College of Education and Professional Studies.

***The Strong Scholars Program Scholarship** was established by the Hattie M. Strong Foundation to assist students in their final year of study in an approved teacher education program. This scholarship will be awarded to undergraduate students who have exhibited outstanding success and enthusiasm in field experiences prior to the final year of the program OR graduate students whose life experiences prior to enrollment reveal the same traits. Students must have achieved a minimum GPA of 3.0 in the two semesters prior to their final year and must demonstrate financial need. (FAFSA)

The Dr. A. Rufus and Sara Tonelson Scholarship in Special Education was established by Dr. Stephen W. and Dr. Louis O. Tonelson in memory of their parents whose lives were dedicated to the education of students. Students must be accepted into the Darden College of Education and Professional Studies special education program, enrolled full time and have a minimum GPA of 3.0.

***The Jessica Rhea Turner Scholarship in Human Services Counseling** was established by Ulysses Turner to assist a full-time student majoring in human services with a minimum grade point average of 2.5. The recipient must demonstrate financial need. (FAFSA)

***The Ulysses Turner Scholarship in Educational Curriculum and Instruction** was established by Ulysses Turner to assist a full-time undergraduate student enrolled in the Darden College of Education and Professional Studies within the Department of Teaching and Learning with a focus on teaching from grades K-12. The recipient must demonstrate financial need and must have a minimum grade point average of 2.5. (FAFSA)

***The Patricia Goodman Waldo Scholarship Endowment for Special Education** was established to assist a full-time undergraduate junior or senior student admitted in the approved teacher education program with the special education general curriculum K-12 endorsement. The recipient must demonstrate financial need and must have a minimum grade point average of 3.2. (FAFSA)

***The Louise M. White Memorial Scholarship** was established to assist a student pursuing a degree in the Darden College of Education and Professional Studies, first generation student that demonstrates financial need (FAFSA)

***The Charles P. and Margaret B. Wildermann Endowed Scholarship for Future Teachers** was established by Charles P. Wildermann and the late Margaret B. Wildermann to assist a full-time undergraduate student majoring in English. The student must be accepted into an approved teacher education program as determined by the Darden College of Education and Professional Studies and demonstrate financial need. (FAFSA)

The Frank Batten College of Engineering and Technology

The American Society of Highway Engineers-Greater Hampton Roads Chapter Scholarship in Engineering (ASHE-GHR) is awarded to a full-time undergraduate civil engineering student with an emphasis in transportation. The recipient must be a U.S. citizen, a rising junior, and have a minimum cumulative GPA of 3.0.

The Edward N. Antoun, AH Environmental Endowed Scholarship in Engineering was established to assist a full-time undergraduate student intending to major in civil and environmental engineering. The recipient must attain a minimum high school GPA of 3.2 and be a U.S. Citizen or Permanent Resident.

***The Michael Baker International Scholarship Endowment** was established to assist full-time undergraduate students majoring in civil engineering or civil engineering technology. The recipient(s) must demonstrate financial need and must have a minimum cumulative grade point average of 3.0. Preference is given to undergraduate students from Virginia, but Virginia residency is not essential. (FAFSA)

The Batten College of Engineering and Technology General Scholarship was established to assist a full-time student in the Batten College of Engineering and Technology.

The BBG Incorporated Endowed Scholarship in Engineering was established by BBG Incorporated for a rising junior or senior majoring in electrical engineering, electrical engineering technology, computer engineering, or computer engineering technology who holds a minimum cumulative GPA of 2.5. The scholarship is also available to a graduate student majoring in electrical engineering or computer engineering with a minimum cumulative GPA of 3.0. The recipient will also be considered for an engineering cooperative education/intern position with BBG Incorporated.

The Stanley Blaxton Endowed Engineering Scholarship was established by the Stanley Blaxton Foundation to assist an undergraduate student majoring in engineering or engineering technology who holds a minimum 2.5 cumulative grade point average, or an undergraduate student enrolled as engineering intended in the Engineering Fundamentals Division with a minimum 3.0 cumulative high school or transfer grade point average. The recipient must be enrolled for at least half-time enrollment or co-op education/intern position. Preference will be given to Disabled Veterans of the United States Armed Forces.

***The Civil and Environmental Engineering Visiting Council (CEEVC) William M. Boone Memorial Scholarship** is awarded based on both need and merit to a full- or part-time junior civil and environmental engineering student. (FAFSA)

***The Bruce and Carol Conway Scholarship Endowment** was established to assist a student that is pursuing a degree within the Batten College of Engineering & Technology. The recipient must demonstrate financial need. (FAFSA)

The Corporate Circle Endowed Scholarship was established by The Corporate Circle of the Frank Batten College of Engineering and Technology in 2003. Recipients must be rising sophomores with excellent academic credentials and a declared major in either engineering or engineering technology. Preference will be given to someone with membership in one or more of ODU's student engineering societies.

The Costulis Family Scholarship was established to assist full-time undergraduate students with a declared major in mechanical engineering or an approved teacher education program at Old Dominion University. The recipient must be a graduate of Poquoson High School, Maury High School, or Indian River High School, and must maintain a minimum grade point average of 3.3.

***The Dr. Frederick J. Berger and Gary R. Crossman Endowed Scholarship in Engineering Technology** was established to assist a full-time undergraduate engineering technology student who will have completed 58 or more credits and will qualify as a junior in an engineering technology curriculum. The recipient must demonstrate financial need, attend Old Dominion University on campus and hold an overall minimum cumulative grade point average of 3.0. (FAFSA)

The Day-Helmick Family Endowed Scholarship in Engineering was established to assist a student in the Batten College of Engineering and Technology.

The Dewberry Endowed Scholarship was established to assist full-time students in the Batten College of Engineering and Technology in the civil engineering, electrical engineering, or mechanical engineering disciplines.

The Rolle Dubbe' and GET Solutions Civil Engineering Scholarship Endowment was established to assist a first-time, full-time undergraduate engineering student with preference given to a civil engineering major or civil engineering intended major. The recipient must have a minimum grade point average of 2.5 and/or have a cumulative high school or transfer grade point average of 3.0.

The Electrical and Computer Engineering Scholarship was established to assist undergraduate students majoring in electrical engineering or computer engineering. The recipient must be a rising sophomore, junior, or senior and must have a minimum GPA of 2.75.

The Jack and Jeanie Harris Endowed Engineering Scholarship was established to assist engineering students who have made a commitment to minor in biomedical engineering. This scholarship is based on merit; the recipient must maintain a minimum grade point average of 3.0 and must be a full-time student.

***The EWA-Joseph B. Vestal Endowed Scholarship** was established by Enterprise Wireless Alliance to assist a full-time student in the third year of study with at least 55 hours completed and a 2.5 grade point average. The recipient must be pursuing a course of study leading to a degree in either electrical engineering technology or information systems management. Preference will be given to a student focusing on a professional career in the expanding universe of wireless applications and/or telecommunications as determined by the submission of a 500 word essay describing the applicant's specific career objectives in the industry. Students must demonstrate financial need. (FAFSA)

***The Toykea S. Jones Endowed Scholarship in Engineering** was established by Toykea Jones to assist a full-time undergraduate (sophomore or above) majoring in civil engineering, who must have graduated from one of the following high schools in Hampton Roads, VA: Lake Taylor, I.C. Norcom, Norview, Booker T. Washington, Maury, or Granby. The student must demonstrate financial need and must have a minimum GPA of 3.0. (FAFSA)

The Edgar and Kathleen Kovner Scholarships provide several one-year scholarships: (a) for continuing engineering students who demonstrate academic achievement and (b) for engineering students who participate in extracurricular activities.

***The Labelle Endowed Scholarship in Engineering** has been established by William M. Labelle, Jr. to assist a full-time, rising sophomore or junior majoring in electrical and computer engineering. The recipient must demonstrate financial need, be a U.S. citizen and have a GPA of 3.0 or better. (FAFSA)

The Lewis Endowed Scholarship in Engineering was established by William Ashton Lewis Sr. and Louise B. Lewis to assist a full-time rising sophomore student majoring in mechanical engineering. The recipient must be a U. S. Citizen or Permanent Resident, must have attained a minimum undergraduate grade point average of 3.0, and must maintain a minimum grade point average of 2.5 to hold the scholarship. The scholarship may be awarded up to three academic years if the recipient maintains at least a 2.5 grade point average.

***The Mr. Winfred D. Nash and Patricia D. Nash Endowed Scholarship in Electrical and Mechanical Engineering Technology** was established to assist an undergraduate transfer student from a Virginia Community College majoring in electrical or mechanical engineering technology. The recipient must demonstrate financial need and have a minimum cumulative grade point average of 3.0. (FAFSA)

***The Richard H. Nettleton Endowed Scholarship for Civil Engineering** was established to assist students in the Batten College of Engineering and Technology majoring in civil engineering and demonstrate financial need. Strong preference is given to a student who promotes diversity amongst statistically underrepresented groups. (FAFSA)

***The Newport News Shipbuilding Engineering Endowment** was established to assist undergraduate students majoring in engineering or engineering technology who hold a minimum 2.5 cumulative grade point average. The recipient may also be an undergraduate student enrolled as engineering intended in the Engineering Fundamentals Division with a minimum 3.0 cumulative high school grade point average. Preference will be given to students who are Pell eligible. (FAFSA)

The Newport News Shipbuilding and Huntington Ingalls Industries Scholars Program was established to assist rising junior, senior and/or graduate students who are declared in a STEM major related to engineering, analytics, information technology, and/or computer sciences. Student must maintain a minimum undergraduate grade point average of 2.0, and a minimum graduate grade point average of 3.0. The recipient must be a U.S. citizen or permanent resident. First preference will be given to military-affiliated student or student veterans. Second preference will go to students interested in working and living in Hampton Roads.

***The Clarence Lee Ray Endowed Scholarship** is made possible by an endowment established by Clarence L. Ray, Jr. The scholarship is awarded to a full-time undergraduate student in the Batten College of Engineering and Technology who holds a 3.0 GPA or better. The recipient must demonstrate financial need and be a U.S. citizen. (FAFSA)

***The Christopher Kelly Rapp Memorial Scholarship in Civil & Environmental Engineering** was established to assist a student with a declared major in Civil and Environmental Engineering who has graduated from a Virginia High School and demonstrates financial need. (FAFSA)

The Stuart H. Russell Memorial Scholarship is made possible by an endowment established by the estate of Olive L. Spicer. The scholarship is awarded to a deserving student in the Batten College of Engineering and Technology with particular preference given to a student in the Electrical and Computer Engineering Department with an interest in electronics.

***The Sue Cotton Smith Endowed Scholarship in Engineering** was established to assist a full-time undergraduate student intending to major in civil and environmental engineering. The recipient must have attained a minimum high school GPA of 3.2, be a U.S citizen or Permanent Resident, and demonstrate need. The scholarship may be renewed for up to four academic years if the student maintains a 3.0 GPA. (FAFSA)

***The William D. Stanley Scholarship Fund in Engineering Technology** was established to assist an undergraduate transfer student in engineering technology with 58 or more credits at a two-year institution at the time of matriculation at Old Dominion University and a 3.0 grade point average. Recipient must demonstrate need. (FAFSA)

The Sumitomo Machinery Corporation of America Endowed Scholarship is awarded to an undergraduate student enrolled in the Batten College of Engineering and Technology or the Strome College of Business with preference given to students with additional international studies. The recipient will be eligible for a work experience in Japan with the Sumitomo Machinery Corporation. The recipient may be eligible for renewal on a semi-annual basis with the approval of the award committee and the maintenance of a 3.00 grade point average.

The Triton International Enterprises Scholarship Endowment was established to assist full-time undergraduate or graduate student(s) from the country of Turkey with preference given to student(s) residing in a city OTHER THAN Istanbul, Ankara, Izmir, Bursa, Antalya or Adana. The recipient must be enrolled in Old Dominion University's Frank Batten College of Engineering & Technology.

***The Clarke and Susan Vetrone Endowed Scholarship** is funded by an endowment established to assist one undergraduate and one graduate student with an intended or declared major in the Batten College of Engineering and Technology. The recipient must be enrolled full time and demonstrate financial need. An undergraduate student must have a minimum GPA of 2.75, and preference will be given to a student with learning disabilities. A graduate student must have a minimum GPA of 3.0. (FAFSA)

The Virginia Natural Gas Endowed Scholarship in Environmental Engineering was established by Virginia Natural Gas and the AGL

Resources Private Foundation to assist a full-time undergraduate student who has an educational focus in civil and environmental engineering.

The Virginia Society of Professional Engineers Scholarship, established in 1991, is awarded to a junior or a senior in the Batten College of Engineering and Technology. The student must have attended high school in Southside Hampton Roads, be active in Batten College of Engineering and Technology clubs and societies and be a U.S. citizen. An essay must be submitted to the Engineering Scholarship Committee. (ESSAY)

***The Edward L. White Endowed Scholarship** was established by Edward L. White, Jr. and Margaret W. Moore to assist a computer engineering student. The recipient must be a Norfolk resident, have a minimum 3.30 grade point average and demonstrate financial need. (FAFSA)

***The George C. Winslow Scholarship** is made possible by an endowment to assist a graduate or undergraduate student who has demonstrated financial need and has obtained at least a 2.50 grade point average while pursuing a degree in mechanical engineering. (FAFSA)

The Gordon Webster Zipperer III Endowed Scholarship was established by the Hampton Roads Chapter of the American Society of Heating, Refrigerating, and Air Conditioning Engineers, Inc. (HRC-ASHRAE) to promote heating, refrigeration, and air conditioning engineering education at Old Dominion University. The recipient must be a full-time undergraduate student studying mechanical engineering or mechanical engineering technology. The student must have a minimum cumulative GPA of 2.5 and be a rising senior or in the senior year. Preference is given to student membership in the ODU Student Chapter of ASHRAE.

The Anthony B. Woodell and Paul A. Woodell Aerospace Engineering Scholarship was established to assist a senior taking a senior concentration in aerospace engineering or pursuing an aerospace minor within The Batten College of Engineering and Technology. Preference will be given to the same student to continue their studies at ODU by pursuing a master's degree or Ph.D. in aerospace engineering. Preference will be given to full-time students, awarded on merit and/or financial need, and the student must maintain a grade point average of 3.0 at both undergraduate and graduate levels.

***The Captain Joseph F. Yurso Scholarship Endowment** was established to assist students in the Batten College of Engineering and Technology who demonstrate financial need and are in good academic standing. (FAFSA)

The Ellmer College of Health Sciences

The Thomas Charles Auclair ('78) Scholarship is made possible through an endowment given by Mr. and Mrs. George E. Auclair in memory of their son. The scholarship supports a student pursuing studies in environmental health.

***The Dr. Scott Sechrist Nuclear Medicine Technology Scholarship Endowment** was established to assist a full-time junior or senior enrolled in the nuclear medicine technology program. The student must have a minimum grade point average of 3.0 and must demonstrate financial need. (FAFSA)

***The Dr. Tapan K. Chaudhuri Endowed Scholarship** was established to assist a full-time junior or senior who has been admitted into the Old Dominion University nuclear medicine program. The recipient must demonstrate financial need and have the highest GPA amongst those eligible for the scholarship award. (FAFSA)

The College of Health Sciences General Scholarship was established to assist a full-time student in the College of Health Sciences.

***The Cathy Dowrick Memorial Endowed Scholarship** was established by Barbara Williams and the Clinical Laboratory Management Association (CLMA) to assist a full-time senior admitted into the medical laboratory science program. The recipient must be a declared major in medical laboratory science and demonstrate financial need. (FAFSA)

***The Gene W. Hirschfeld Scholarship** is supported by an endowment given by the former chair of the Department of Dental Hygiene and Dental Assisting. The scholarship is awarded to undergraduate or graduate students

who demonstrate financial need and are enrolled in the dental hygiene program. (FAFSA)

***The LifeNet Health College of Health Sciences Endowed Scholarship** was established to assist a full-time senior student(s) enrolled in Old Dominion University's School of Medical Diagnostic and Translational Sciences. Student(s) are encouraged to participate in a 3-4 week Internship at LifeNet Health or its successor (School of Medical Diagnostic and Translational Sciences will supervise). The internship must be completed prior to graduation. The recipient must demonstrate financial need. (FAFSA)

***The LifeNet Health Medical Laboratory Science Endowed Scholarship** was established to assist a full-time senior student(s) enrolled in Old Dominion University's College of Health Sciences. Recipient(s) must demonstrate financial need. Student(s) are encouraged to participate in a 3-4 week Internship at LifeNet Health or its successor (College of Health Sciences Dean's Office will supervise). The internship must be completed prior to graduation. (FAFSA)

***The Linda Fox Rohrer Endowed Scholarship for Dental Hygiene** was established by Mrs. Linda Fox Rohrer in 2004. Recipients must be either full-time graduate or undergraduate students. The scholarship will be awarded to a deserving student in the School of Dental Hygiene. The recipient must also demonstrate financial need. (FAFSA)

The Sentara Scholars College of Health Sciences Annual Scholarship was established to assist an in-state undergraduate or graduate student enrolled in a healthcare or healthcare-related program. Student(s) must demonstrate financial need, be in compliance with the institution's Student Code of Conduct and must be in good academic standing.

The Sharon C. Stull Oral Health Community Impact Scholarship was established to assist all enrolled dental hygiene student(s) in the BSDH and MSDH programs. Interested student(s) must have a minimum grade point average of 3.0 and must submit an application packet to the Dental Hygiene Scholarship Committee. The packet should contain information that describes his/her leadership, volunteer and extra-curricular initiatives to increase oral health literacy in the community and include a letter of support from impacted volunteer/community organization(s).

***The Rev. Dr. Russel J.-Dr. George E. Emig-Carole Ann Schrott Memorial Endowed Scholarship** was established by an anonymous donor to assist junior and senior undergraduate students with a declared major in dental hygiene, who upon graduation, intend to enter the workforce or a master's program. The scholarship recipient must have a minimum grade point average of 3.0, demonstrate financial need, and be a Hampton Roads resident. Secondary consideration may be given to a junior or senior declared nursing major who, upon graduation, intends to enter the workforce or a master's program. (FAFSA)

The Dr. Deanne Shuman Endowed Scholarship in Public Health was established to assist a full-time undergraduate student with regular admission status to the BS in Health Sciences program on the basis of completed and fully evaluated credentials and in good academic standing. The recipient must have a minimum of grade point average of 3.25.

***The J.M. Walton & Professor A.J. English Scholarship** was established to assist a full-time student admitted to the Old Dominion University Bachelor of Science in Environmental Health degree program. The recipient must have a minimum grade point average of 3.5 or greater and be in good academic standing. In addition, the recipient must submit an essay no longer than 500 words to the Environmental Health Faculty committee describing personal career goals in industrial hygiene or occupational safety and health and reason(s) for choosing this field of study. Recipient must be enrolled in the ENVH 441 Industrial Hygiene course or its successor.

The Melvin H. Williams Scholarship for Exercise Science was established to assist a student in the exercise science program in the Department of Human Movement Sciences. The recipient must be a rising senior, enrolled full time, and have at least a 3.0 cumulative GPA.

The Ellmer School of Nursing

***The Amerigroup Leadership Endowed Scholarship** is made possible by the Amerigroup Corporation. The scholarship is awarded to a student who is enrolled at least half-time as an undergraduate junior or senior in the School of Nursing. Priority is given to students who have dependent children. The recipient must demonstrate financial need. (FAFSA)

The Atlantic Anesthesia Endowed Scholarship for Nurse Anesthesia Students was established to assist full-time nurse anesthesia students in good standing. The scholarship will support tuition for any given semester of enrollment.

The Captain Kenneth B. Austin USN and Mrs. Virginia Frank Keller Austin Scholarship for Nursing Students was established to assist a full-time student with junior status who has been accepted into the School of Nursing. The recipient will be selected based on merit and demonstrated leadership experience.

***The Bon Secours Hampton Roads Health System School of Nursing Endowed Scholarship** was established to assist a full-time senior undergraduate enrolled in the Old Dominion University Nursing program. The recipient must demonstrate financial need (as determined by the Office of Student Financial Aid). The recipient must agree to a Role Transition experience with a minimum of 120 clinical hours (140 for honors students) at Bon Secours Hampton Roads Health System facility or its successor (School of Nursing will supervise). The student(s) will agree to placement in a specialty area including but not limited to: Emergency Room, Operating Room, Intensive Care Unit or Critical Nursing. (FAFSA)

***The Chesapeake Regional Medical Center Nursing Endowed Scholarship** was established to assist a full-time undergraduate or graduate student enrolled in Old Dominion University's nursing program. The student must demonstrate financial need and must agree to accept 120 clinical hours at Chesapeake Regional Medical Center, or its successor. (FAFSA)

***The Joseph Fleischmann Scholarship Endowment** was established to assist a full-time undergraduate sophomore, junior, senior or graduate student enrolled in pre-med or nursing major. Preference is given to a student pursuing medical research. The recipient must maintain a minimum GPA of 3.0 and must demonstrate financial need. (FAFSA)

***The Jordan and Carol Levitin Endowed Scholarship in Nursing** was established to assist a full-time pre-licensure undergraduate student(s) enrolled in the Old Dominion University School of Nursing. The recipient must demonstrate financial need. (FAFSA)

The Barbie Morgan Endowed Scholarship for Nurse Anesthesia Students was established to assist full-time senior nurse anesthesia student(s). Students interested in the scholarship must submit an application to the Graduate Nursing Awards Committee. The application packet should describe his/her volunteer activities, include a letter of support from the volunteer organization(s), and provide evidence of demonstrated clinical excellence as reported by preceptor feedback and evaluations.

***The Cinda L. Morgan Memorial Scholarship** was established to assist a registered nurse with an associate degree or graduate of an accredited diploma program who wants to go back and get his or her post licensure BSN. Recipient must be a declared nursing major and must demonstrate financial need. (FAFSA)

The Samuel B. Murphey Scholarship in Nursing was established by the family and friends of Samuel B. Murphey to assist a rising sophomore, junior, or senior student in nursing with a minimum grade point average of 2.5.

The Norris-Keeley Scholarship for Registered Nurse Students in Hampton Roads was established to assist a student enrolled in a minimum of six semester credits of BSN curriculum courses per semester and a current licensure as a registered nurse in Virginia. The recipient must have completed the most general requirements at the time of admission into the RN-BSN program and demonstrate academic excellence during the first semester of enrollment in the RN-BSN program (maintaining a cumulative grade point average of 3.5 or above)

School of Nursing General Scholarship Fund was established to assist a full-time student(s) in the School of Nursing.

The George and Susan Petro and Michael and Anna Yura Endowed Scholarship was established by Dr. Helen Yura Petro and Joseph Petro in memory of their parents, George and Susan Petro and Michael and Anna Yura. The scholarship is to be awarded to a full-time senior or junior majoring in nursing, with a minimum GPA of 3.0.

*** The Joseph Petro and Helen Yura Petro Endowed Nursing Scholarship** was established to assist a full-time junior or senior admitted into the Old Dominion University undergraduate nursing program. The student must demonstrate financial need. (FAFSA)

***The Marilyn Frakes Quinn Endowed Undergraduate Nursing Scholarship** was established by Dr. John Nunnery to assist a full-time junior or senior student enrolled in Old Dominion University's nursing program. The student must demonstrate financial need. (FAFSA)

***The Rev. Dr. Russel J.-Dr. George E. Emig-Carole Ann Schrott Memorial Endowed Scholarship** was established by an anonymous donor to assist junior and senior undergraduate students with a declared major in dental hygiene, who upon graduation, intend to enter the workforce or a master's program. The scholarship recipient must have a minimum grade point average of 3.0, demonstrate financial need, and be a Hampton Roads resident. Secondary consideration may be given to a junior or senior declared nursing major who, upon graduation, intends to enter the workforce or a master's program. (FAFSA)

***The Sara C. Seay Endowed Scholarship for Nursing Students** was established to assist a full-time undergraduate student(s) enrolled in the Old Dominion University School of Nursing. The recipient must have a minimum cumulative grade point average above a 3.5 and must demonstrate financial need. (FAFSA)

The Molly Seymour Endowed Scholarship for Nurse Anesthesia Students was established to assist a student who must have completed one year of clinical preparation and be entering their third academic year in the Nurse Anesthesia program. The scholarship recipient must have and maintain a grade point average of at least 3.5.

***The TOWN Foundation Scholarship Awards** were established to encourage students with academic ability who lack sufficient financial means to attend the Old Dominion University School of Nursing. Each recipient must meet the normal admission standards of the Old Dominion University School of Nursing and demonstrate substantial financial need. (FAFSA)

***The Robert B. and Rosemarie Williams Endowed Scholarship for Undergraduate Nursing** was established to assist a pre-licensure, full-time senior level undergraduate student pursuing a degree in Nursing. Recipient must be in good academic standing with a grade point average of 3.0 or higher and must demonstrate financial need. (FAFSA)

***The Eugene Michael Yura and Eli Petrun Memorial Endowed Scholarship in Nursing** was established by Dr. Helen Yura Petro and Joseph Petro to assist a full-time junior or senior majoring in nursing. The student must demonstrate financial need. (FAFSA)

The College of Sciences

The Clifford L. and Lillian R. Adams Scholarship is made possible by an endowment established by Mr. and Mrs. Adams. Mr. Adams, the former director of the Research Foundation and department chair, taught in the Department of Physics at Old Dominion University for many years. The scholarship is awarded to a full-time undergraduate with a declared or intended major in physics.

The Beatrice Rice Adreon Endowed Scholarship for Pre-Pharmacy Studies was established to assist full-time undergraduate student(s) entering his/her senior year and enrolled in a major that includes pharmacy school prerequisites, intends to enter a Virginia pharmacy school, and has taken his/her Pharmacy College Admission Test (PCAT) before the award is given. The recipient will submit a personal statement describing why they have chosen a pharmacy career and the impact pharmacy will have on

their patients and their community. The scholarship will be awarded to the student(s) having the strongest recommendation from his/her instructors. The recipient must maintain a grade point average (GPA) of 3.0

***The Sarah E. Armstrong Science Scholarship Endowment** was established in 2002 in memory of Sarah E. Armstrong. The recipient must be a full-time student who has been accepted into the College of Sciences. The recipient must have a minimum 3.2 grade point average and demonstrate financial need. (FAFSA)

The Robert Bock Memorial Endowed Scholarship Fund was established by the Bock family to assist a resident of Chincoteague, Virginia. Second preference will be given to residents of Accomack or Northampton County in Virginia. The recipient must be a junior or a senior majoring in the biological sciences with a cumulative grade point average of 3.00. Priority is given to residents of Chincoteague.

The John Evan Cash Scholarship in Psychology was established to assist an undergraduate student in good academic standing. The student must be a declared psychology major.

The Richard T. and Nancy P. Cheng Award in Computer Science was established to assist one graduate student and one or more undergraduate student(s) enrolled in the Department of Computer Science in the College of Sciences. The graduate scholar must be in good academic standing and making good progress on his/her degree. The undergraduate scholar(s) may be awarded up to the extent funds are available and must have a minimum grade point average of 3.5.

The Dr. Allen K. Clark Endowed Scholarship in Chemistry was established to assist a full-time undergraduate or graduate student majoring in chemistry or organic chemistry. Preference will be given to a student who is an affiliate of the American Chemical Society. The recipient must maintain a grade point average of at least 3.0.

The College of Sciences General Scholarship was established to assist a student enrolled in the College of Sciences. Scholarship selection is determined by the Dean of the College of Sciences.

Veterans and Dependents Benefits

Virginia Military Survivors and Dependents Education Program (VMSDEP)

The Virginia Military Survivors and Dependents Education Program (VMSDEP) is a Commonwealth of Virginia program that provides education benefits to spouses and children of qualifying veterans who have been rated by the U.S. Department of Veteran Affairs (USDVA) (<https://www.va.gov/education/survivor-dependent-benefits/>) as totally and permanently disabled or at least 90 percent permanently disabled as a result of military service or qualifying military service members killed, missing in action, taken prisoner, or who have been rated by the USDVA as totally and permanently disabled or at least 90 percent permanently disabled as a direct result of involvement in covered military combat. Military service includes the United States Armed Forces, United States Armed Forces Reserves, or the Virginia National Guard. VMSDEP assists survivors and dependents of qualified veterans or service members in attaining their educational goals.

The Virginia Department of Veterans Services (VDVS) (<https://www.dvs.virginia.gov/home/showpublisheddocument/148/638538872385700000/>) is responsible for certifying eligibility for benefits under the Virginia Military Survivors and Dependents Education Program.

The State Council of Higher Education for Virginia (SCHEV) (<https://www.virginia.gov/agencies/state-council-of-higher-education-for-virginia/>) and Virginia's public colleges and universities are responsible for applying the financial aid benefits (tuition/fee waiver, stipend) available under VMSDEP.

Benefits are available for up to eight semesters, the equivalent of four academic years.

Students who are certified by VMSDEP are eligible for educational benefits (a waiver of tuition and mandatory fees). **Housing and meals are not included.**

In addition, as funds are available, eligible students may receive a stipend to offset other educational expenses incurred by the student, such as room, board, books, and supplies. Please note that the stipend will **not be available** for the advance purchase of books.

Only students appearing on the verification rosters released by SCHEV to the institutions will be funded for the terms specified as authorized, regardless of certification/verification from any other source.

Stipends Priority Funding System for Fall and Spring

Because there may not be sufficient funding to make full VMSDEP stipends to all eligible students, a priority funding system will be used to determine the order and number of stipends. Students in a higher Priority category must receive their full projected annual stipend, as determined by SCHEV based on student enrollment level before subsequent categories are considered for funding. Only students appearing on the verification rosters released by SCHEV to the institutions will be funded for the terms specified as authorized, regardless of certification/verification from any other source.

To apply for VMSDEP, students must submit the application on the Virginia Military Survivors web site <https://www.dvs.virginia.gov/>.

Once approved, students are required to report enrollment plans via the VMSDEP portal for each term they wish to use benefits within the established open and close dates. Once the request is approved by VMSDEP, the student's name will be placed on the roster in the VMSDEP portal. The student's financial aid account will be noted with the enrollment and expected tuition amount. Please note VMSDEP only covers the tuition costs. Housing and meals are not included. Tuition payment may be adjusted for enrollment changes or tuition charge revisions.

The student's name must match the name listed in the ODU system to be processed. For example, if the name listed with VMSDEP is Bobby Smalls, the ODU name listed must also be Bobby Smalls. It cannot be Bob Smalls or Robert Smalls. VMSDEP funds cannot be processed if the student names do not match in both systems. It is strongly encouraged to have the student

social security number on file to prevent processing delays. The student's domicile/residency must also be determined. Submit the request for instate tuition form or contact the Office of the Registrar for assistance. Students with a pending domicile status cannot be processed.

VMSDEP can only pay the authorized term tuition charge. Late fees may be assessed if the student is not listed in the portal timely and will be the responsibility of the student.

Approval for late submission of VMSDEP request for awarding of benefits will be at the discretion of the ODU Office of Financial Aid.

The student must report enrollment plans in the VMSDEP portal during the open and close established deadlines for tuition to be applied to the term requested. If you do not complete your enrollment update by the listed *Close (Due by)* date and time, you must request retroactive approval from your attending Virginia public college or university; and **if approved**, the respective institution will notify the VMSDEP Office of such approval; upon which, the Office will authorize the qualifying semester. The financial aid office decision on retro request is final.

Note: Once the academic year is closed for processing (August 1), ODU can no longer approve VMSDEP tuition retro request.

Students should follow the VMSDEP application deadline guidelines to ensure they are approved for the semester they want to start the benefit.

VMSDEP Award Information

As a state veterans' benefit, the VMSDEP will be included as a financial resource in the financial aid package and may reduce state grants*, University grants or scholarships, federal loans, federal work-study, and private loans. Each financial aid offer type is different, so the benefit may affect each person's offer differently.

***A student cannot receive both VMSDEP and state grants (Commonwealth and VGAP). The state grant award will be cancelled once the student is authorized for VMSDEP.**

Tuition benefits (Tier 1 and Tier 2)

Eligible students, as confirmed by DVS, are guaranteed a waiver of all tuition and mandatory fees for eight semesters at a Virginia public college or university and Eastern Virginia Medical School. Please note tuition and mandatory fees are waived.

Housing, dining, books, and supplies are considered educational expenses; however, they are not considered mandatory fees and are not waived under this program.

Stipend benefits (Tier 2 only)

Eligible students may receive a stipend to offset educational expenses such as housing, dining, books, and supplies. The State Council of Higher Education for Virginia (SCHEV) works with DVS and the public colleges and universities in disbursing funds. The amount of the stipend is determined annually by SCHEV and is dependent on the student's enrollment status, the number of participating students, and available funding. Stipends are awarded later in the semester when funds are received from SCHEV.

Funds will be applied to the student's account 2-3 business days AFTER the last day to withdraw and receive 50% tuition refund or credit deadline of each term.

Students eligible for the stipend will receive those funds later in the semester once approved by SCHEV.

Students should not allow technical issues to prevent them from requesting their benefits. Contact VMSDEP directly for help with technical issues. Representatives are available to assist Monday-Friday, 8 a.m. - 4:30 p.m. Their contact information is as follows:

VMSDEP Contact Information

Phone - (804) 225-2083

Email: vmsdep@dvs.virginia.gov

Delays in submitting your VMSDEP request can lead to holds and late penalties. To avoid delays and possible late penalties, submit your request in a timely manner and by following up with VMSDEP should have questions or concerns.

VMSDEP is handled by the Office of Financial Aid Office. All other Veterans programs are handled by VASERVICES in the Military Connections Center.

Information about the administration of education assistance under the Veterans Administration may be obtained from the VA website: www.vba.va.gov (<http://www.vba.va.gov/>). Students wishing to use their VA benefits at Old Dominion University may find further information on the Military Connections Center <https://www.odu.edu/military-connection>. ([http://www.odu.edu/military/students/veterans-services %20/](http://www.odu.edu/military/students/veterans-services%20/))

This institution is approved to offer GI Bill® educational benefits by the Virginia State Approving Agency. GI Bill® is a registered trademark of the U.S Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at <http://www.benefits.va.gov/gibill> (<http://www.benefits.va.gov/gibill/>).

Phone: 757 683-7153

Email: vaservices@odu.edu

Termination of Aid

Failure to remain in good academic standing will result in automatic withdrawal of financial aid by the University. Failure to comply with the conditions of a financial award will cause its termination and the return of any unexpended funds as well as repayment, in some cases, of funds already utilized. Undergraduate-specific endowed scholarships will be withdrawn immediately for the term in which an undergraduate student advances to an admitted graduate student status.

Financial Aid for Graduate Students

For information on financial aid for graduate students and graduate assistantship guidelines, refer to the Graduate Catalog (<http://catalog.odu.edu/graduate/>).

Policies

- Academic Policies (p. 49)
- University Policies (p. 61)

Academic Policies

Academic Credit For Extracurricular Activities

Extracurricular activities may be approved for credit for undergraduate students by academic departments, based on objectives, criteria, and evaluative procedures formally determined by the department and the student before the semester in which the activity is to take place. Such credit is subject to the review of the provost and vice president for academic affairs.

Guidelines

The following guidelines regarding the administration of the policy on granting credit for extracurricular activities will provide university-wide standards on this matter. Within these standards individual departments may establish credit activities appropriate to their particular discipline.

1. A department may grant credit for extracurricular activities that fall within the academic interests of the department.
2. The extracurricular activity for which credit is to be granted must have demonstrable academic value.
3. A student desiring academic credit for extracurricular activity shall, prior to the semester the credit is to be granted, formally petition the chair of the department, describing the proposed project in detail and justifying its academic value.
4. If the department chair considers that a petition has merit, the chair will refer the student to a faculty member with expertise in that area. The student and the proposed faculty supervisor will refine the student's project. The faculty member will then make a recommendation to the chair concerning the validity of the project, the amount of credit to be awarded, and the grading system to be employed (pass/fail or letter grade). The recommended plan will include a description of the nature of the supervision and methods of evaluation to be used.
5. A recommended project approved by the chair will then be sent to the dean for approval.
6. If the project is approved, the student will then register for the appropriate course number and credit hours. Each department interested in granting credit for such activity will establish courses numbered "377, 378" for one to six credits each semester and titled "Extracurricular Studies."
7. After completion of an approved project, the student will submit a report to the faculty supervisor. This report will be retained by the faculty supervisor for examination by the department chair and/or other interested persons.
8. The faculty supervisor will review the results of the project and submit the appropriate grade to the Registrar.
9. The burden of justifying a project and documenting the results rests on the student. It is also to be emphasized that credit will not be given retroactively.

Academic Testing and Placement

The University administers a variety of tests for both internal and external populations. University Testing on the fourth floor of the Perry Library provides testing services for the College of Sciences, make-up exams, and ODUGlobal, as well as math placement tests. The Credentialing Center on the first floor of the Student Success Center provides the ODU foreign language placement test, as well as external testing services, which can be taken by Old Dominion University students and the general public. Examples of Credentialing Center exams include CLEP, Praxis, HESI, Kryterion, Measure Learning, and tests offered through PearsonVUE. For

information about testing services at Old Dominion University, please visit www.odu.edu/testing-center (<http://www.odu.edu/testing-center/>).

Writing Placement. All undergraduate students who have not earned credit for ENGL 110C through dual enrollment, Advanced Placement (AP), the College Level Examination Program (CLEP) or transfer from another institution are **required** to complete the Writing Success Placement Tool (WSPT) in order to enroll in first-year writing courses. Students with a score of 3 on the WSPT are required to register for ENGL 110C or ENGL 126C without the corequisite course, ENGL 101 Composition Studio. Students with a score of 1 on the WSPT will need to enroll in ENGL 101 and ENGL 110C in the same semester. ENGL 101 is a 3-credit elective corequisite course designed to complement and extend the ENGL 110C curriculum. Students who feel as though their placement is inaccurate can appeal the decision by contacting the Director of Writing Placement and Support (<https://www.odu.edu/englishdept/general-education/writing-placement/>) who will put them in contact with an advisor from the Writing Program.

Undergraduate students with transfer credit for ENGL 110C or ENGL 211C/ENGL 231C are not required to complete the Writing Success Placement Tool (WSPT). However, they are expected to be competent writers and must possess writing skills equivalent to those described in the outcome statements for equivalent ODU courses (i.e., ENGL 110C, ENGL 211C/ENGL 231C). Although students with transfer credit for ENGL 110C, or ENGL 211C/ENGL 231C are not required to take the WSPT, those wishing to complete the WSPT for diagnostic purposes may do so by contacting the Director of Writing Placement and Support.

ODUGlobal students are considered part of the aforementioned cohorts (students with or without transfer credit for ENGL 110C) and must meet the assessment requirements of the undergraduate writing program. Students should contact their advisor with questions or concerns.

Waiver Option for ENGL 110C and ENGL 211C/ENGL 231C

Waivers for ENGL 110C and ENGL 211C/ENGL 231C may be available to students who meet certain criteria. Please see the Writing Program Requirements area under the Academic Policies (p. 49) section of this catalog for additional information.

Math Placement. All incoming freshman students and transfer students are eligible to enroll in MATH 101M. Placement into MATH 103M will be based on a student's high school GPA. Students who require MATH 103M and do not have a qualifying GPA should complete the ALEKS PPL placement program by obtaining a sufficient score on the ALEKS proctored placement test prior to registering for classes and no later than two weeks before the start of the semester. For those who do not use the ALEKS PPL placement program to place into MATH 103M (and have not been granted equivalent transfer math credit), a one-credit 8-week course, MATH 100, is available to gain entry into the course. Successful completion of MATH 100 will delay students' progress toward their math requirements by at least one full semester. Placement into STAT 130M, MATH 102M, MATH 162M and above will be based on a student's ALEKS placement score or their SAT or ACT score.

Students can challenge their math placement by making an appointment to take a math placement test at the University Testing Center. Students challenging their placement may take the math placement test up to the start date of the semester; however, test scheduling availability and course registration options may be severely limited two weeks prior to the semester start.

Foreign Language. All students who have studied a foreign language in high school for three or more years must take a placement exam before continuing in that same language. Students with less than three years of foreign language study in high school may take the placement test if they wish to begin higher than 101F or 111F; otherwise, they must begin with the 101F course or 111F course. This policy does not apply to students who have advanced placement credit. Foreign language courses below the 300 level are not open to native speakers. Heritage speakers may be eligible to take foreign language courses below the 300 level depending on their language skills. Both native and heritage speakers should consult a foreign

language faculty member for advising before enrolling in language classes at any level.

Students whose native language is not English and who have satisfied English language proficiency requirements (see the section of this catalog on English Proficiency Requirements for Non-Native Speakers of English) are exempt from the foreign language requirements for General Education, including exemption from foreign language placement testing. Students pursuing degrees that require proficiency beyond the 100 level must be certified by the World Languages and Cultures Department to obtain a waiver of the 200-400 level courses. Foreign language courses below the 300 level are not open to native speakers; native speakers are not eligible to earn credit for foreign language courses below the 300 level through coursework or external testing services such as CLEP. Heritage speakers may be eligible to take language courses below the 300 level. Both native and heritage speakers wishing to take language classes at any level should consult a foreign language faculty member for advising.

Exemptions

Written Communication. Students may satisfy the requirement for the first semester of General Education written communication based on their performance on one of two national examinations. Three hours of credit for ENGL 110C will be earned if the student receives either:

1. a score of 3, 4, or 5 on the Advanced Placement Examination in English Language and Composition; or
2. a score of 50 or higher on the College-Level Examination Program (CLEP) English Composition with Essay Examination

Mathematics. Students desiring credit by examination for mathematics and statistics courses should apply to take either the DANTES or CLEP test(s) at the Credentialing Center.

Foreign Language. Students may be exempt from the General Education Foreign Language requirement (without credit) in one of the following ways:

1. presentation of three high school credits in one foreign language or American Sign Language (ASL);
2. presentation of two high school credits in each of two foreign languages or one foreign language and American Sign Language (ASL); or
3. presentation of an appropriate passing score on the CEEB Foreign Language Achievement Test, internal ODU placement test, or its equivalent. Appropriate passing scores can be found on the Office of Admissions website.

Credit is granted for scores of 3, 4 and 5 on Advanced Placement (AP) language exams in Chinese, French, German, Italian, Japanese, and Spanish and literature exams in French, Latin and Spanish. No more than nine credits will be awarded if both AP language and literature exams are submitted. Credit is also granted for scores of 4, 5, 6 and 7 on the A2 and B exams in French, German, Latin and Spanish of the International Baccalaureate (IB). Contact the Department of World Languages and Cultures for additional information. Students receiving B.A. degrees must demonstrate foreign language proficiency through the 202 or 212 level regardless of high school credits completed.

All placement tests described above are administered by the University Testing Center except the foreign language placement test. Contact information can be found on the web at www.odu.edu/testing-center (<http://www.odu.edu/testing-center/>).

Activity Credits

The University sets a limit of 12 credit hours earned in activity courses that may be applied to any undergraduate degree. The individual college will determine the maximum number of such credits that students may apply in fulfillment of their particular degree requirements. In unusual circumstances, activity credit beyond the established college maximum will require the approval of the appropriate dean. In any case, the total number authorized by the college shall not exceed the limit set by the University. (Students may be counseled but not required either to take or avoid specific activity courses outside their own fields of study. They are further advised to limit

the number of activity credits taken until they have ascertained the limitation on such credits set by the colleges in which they propose to major.)

Activity courses are generally defined as those that are not predominantly academically oriented and that are service, skill, recreational, or craft in nature, such as performing ensembles and organizations in music, one-credit health and physical education service courses, theatre arts activity courses, and certain military and naval science courses. All activity courses shall be identified specifically in the catalog and the class schedule and can be recognized by the “+” symbol following the course number.

Activity credits required by a student’s major department will not be counted against the credit limitation, nor will the credits earned in courses numbered 377-378 that involve extracurricular studies.

Adjusted Resident Credit

Any undergraduate student who leaves Old Dominion University for at least one calendar year will be given the option of requesting a grade-point-average status equivalent to that of a student admitted as a transfer according to the following conditions and regulations.

1. Prior to the one year’s absence, the student must have a cumulative grade point average less than 2.00.
2. The student must have separated from the institution for at least one calendar year. A term in which the student received W grades cannot be counted as part of the calendar year separation.
3. Upon returning to the University, the student must earn a minimum of 30 credits at Old Dominion University to be eligible for a degree. This must include twelve hours of upper-level courses in the declared major program.
4. Upon return, a full-time student must have attained a 2.00 grade point average for all work attempted since his or her return and must have completed a minimum of 12 semester hours. There may be no incomplete grades in the record. Courses that do not compute in the grade point average will not count toward the minimum of 12 semester hours.
5. Upon satisfying the above requirements, the student must submit the application for Adjusted Resident Credit to the Office of the University Registrar.
6. This option will be available only once during the student’s career at Old Dominion University. In all cases, the Adjusted Resident Credit option must be elected and the student’s record adjusted prior to graduation. Waivers of the requirement that students have less than a 2.00 grade point average can be made only in those programs that require greater than a 2.00 for admission.
7. Consultation and approval by the appropriate department and approval of the dean(s) of the college(s) in which the student’s major program resides will be required. Once an application for Adjusted Resident Credit is approved and applied to the student’s record, this action is final.
8. Students may elect to use both grade forgiveness and the Adjusted Resident Credit Policy. However, students cannot use grade forgiveness for individual courses for which adjusted resident credit already has been applied. In addition, the application of adjusted resident credit will not change the number of times a student can elect to use grade forgiveness.
9. Under this option: (1) eligible students will receive degree credit only for those courses in which grades of C (2.00) or better were earned prior to readmission; (2) likewise, hours attempted for courses in which grades of C-, D+, D, D- or F were received prior to readmission will not be considered in computing the student’s new cumulative grade point average; and (3) grade points earned for any course completed prior to readmission will not count in determining the student’s new cumulative grade point average.
10. All grades received at the University will be part of the individual’s official transcript and will be used to determine honor awards. However, computation of a new grade point average for graduation and continuance will be based on work performed subsequent to reinstatement.

11. In cases of dual jurisdiction, University continuance regulations will prevail.

Before making the request for the Adjusted Resident Credit process, all students should consult their academic advisor. In addition, any student who is a financial aid recipient should consult his or her financial aid counselor in the Office of Financial Aid. Application of the Adjusted Resident Credit Policy may adversely impact the student's Satisfactory Academic Progress and subsequent eligibility for federally funded financial aid.

Students wishing to avail themselves of this policy may receive procedural information from the Office of the University Registrar.

Assessment Requirement

In response to demands by the University's accrediting agencies, including the Southern Association of Colleges and Schools – Commission on Colleges and the State Council on Higher Education for Virginia, Old Dominion University has developed an institution-wide plan to assess the quality of its academic programs and services. The plan calls for the assessment of student learning at the beginning, during, and at the end of the college experience.

Upon enrollment in the University and again prior to the completion of degree requirements, all undergraduate students must take one or more measures related to the University's assessment plan. Students will be notified about the requirement to complete the measures through their University email address. The email invitations will contain a link to the University's web-based assessment tool where the measures can be completed at the student's convenience. Assessment results are used for program improvements and thus are not a part of the student's transcript.

Sanctions for Noncompliance with Assessment Testing Requirement

All undergraduate students are required to participate in the assessment program. Failure to take assessments when required to do so may preclude the student's right to register for the ensuing semester, or in the case of seniors, receive the baccalaureate degree.

The University will make all reasonable efforts to assure that students have ample opportunities to complete the required assessments. However, certain precautions will be taken to ensure that students submit to the assessment measures and that they take the measures seriously. Further information regarding sanctions procedures is available in offices of college deans and the Office of Institutional Effectiveness and Assessment.

Assignment Submissions

Coursework is to be delivered to the instructor using the method specified. Electronic and postal delivery may be required.

Attendance Policy

Regular classroom attendance is expected of all students and individual faculty may require class attendance. Course grades reflect not only performance on written assignments and exams, but also participation during class periods. As discussions cannot be reproduced, many times absences cannot truly be made up. Excessive absences therefore have a negative effect on the student's learning and performance. Students are responsible for all class work, and a student who misses a class is expected to have the initiative necessary to cover properly the material missed. Students must meet all course deadlines and be present for all quizzes, tests, and examinations.

Syllabus information will include a statement of the attendance policy for each course and the effect of nonattendance on grades. Reasonable provisions should be made by the instructor for documented representation at University-sponsored athletic or academic functions, mandatory military training and documented illness. The granting of provisions for other documented absences is left to the discretion of the faculty member.

Due to the nature of asynchronous courses, students are expected to participate in class, but in formats that may not require attendance at regular intervals.

Extended illness. The student should notify the Office of Student Enrollment, Engagement & Services when the student is going to be absent from classes for more than one week because of an illness. Student Enrollment, Engagement & Services will notify the student's course instructors of the absence on his or her behalf.

Baccalaureate Degree Requirements

A candidate for a baccalaureate degree must present a minimum of 120 semester hours (except where otherwise noted in degree program descriptions). A minimum overall cumulative grade point average of C (grade point average of 2.00) must be made in all courses taken, and an overall cumulative grade point average of at least 2.00 must be attained in the major except in those programs requiring a grade point average above 2.00. Grades in all courses taken, including failing grades (except courses in which grade forgiveness was applied), are counted when calculating a student's cumulative grade point average. Grades in all courses taken in the major, including failing grades, are counted when calculating a student's grade point average in the major. Students completing a minor must have a minimum overall cumulative grade point average of 2.00 in all courses taken toward the minor.

Class Attendance by Guests

Statement: The propriety for non-student presence in the classroom will vary dependent upon the nature of curricular offerings, dangers inherent to certain classrooms and labs, the optimum classroom environment for each class, and the preferences of each instructor. Guidelines specifying whether non-student guests will be permitted in the classroom, which are consistent with departmental policy, will be established for each class by the instructor.

Dean's List

The Dean's List is announced at the end of each term. Any undergraduate student taking 12 or more hours of degree credit for grade point credit who attains a grade point average of 3.40 or higher with no grade below C (2.00) is placed on the Dean's list. The student must also receive a passing grade on any nondegree credit courses in which he or she is enrolled. Students who receive grades of I are not placed on the Dean's List.

Duplicate Courses

An undergraduate student who has taken two courses that are designated by the department as duplicate may apply only one toward a degree. Courses considered to be duplicate are so designated in the course descriptions found elsewhere in this catalog. For example, a student receiving credit for BIOL 121N and BIOL 122N cannot receive credit for BIOL 110N and BIOL 111N.

Final Examinations

The University firmly believes that a comprehensive evaluation of a student's achievement in a course is a vital part of the educational process. Final examinations for campus-based and higher education center courses, if given, are to be given at the time provided on the Registrar's Office website at www.odu.edu/registrar (<http://www.odu.edu/registrar/>). Upon request of the instructor, exceptions to this regulation may be made only by the dean. Final examinations are normally scheduled in the classroom where the course has met throughout the semester.

In the event that a final examination is changed to other than that of the scheduled time, provisions will be made by the instructor for any student who cannot comply with the schedule change.

Any student who has three examinations scheduled in one calendar day and is unable to resolve the problem informally with the instructor or instructors may petition the dean for relief.

All examinations are to be retained for one year by the faculty members. Students have the privilege of requesting conferences with the instructors in regard to their final grades.

All online final exams shall be available for students to complete in a minimum 24-hour window as defined by the professor, including one business day, during the final examination period as defined for that course.

Students in online classes who need a proctor should follow this guidance: <https://online.odu.edu/academics/academic-resources/exams-and-proctors> (<https://online.odu.edu/academics/academic-resources/exams-and-proctors/>). (<http://dl.odu.edu/how-it-works/exams-proctors/>)

Grading

Grade	Grade Points	Undergraduate	Graduate
A	4.00	Superior	Excellent
A-	3.70	Superior	Excellent
B+	3.30	Good	Good
B	3.00	Good	Good
B-	2.70	Good	Fair
C+	2.30	Satisfactory	Poor
C	2.00	Satisfactory	Poor
C-	1.70	Passing	Poor
D+	1.30	Passing	Not Used
D	1.00	Passing	Not Used
D-	0.70	Passing	Not Used
F	0.00	Failing	Unsatisfactory
WF	0.00	Unofficial Withdrawal	Unofficial Withdrawal
P	None	Pass	Pass
F (P/F)	None	Fail	Fail
O	None	Audit	Audit
I	None	Incomplete	Incomplete
II	None	Not Used	Incomplete not Subject to Time Limit
W	None	Official Withdrawal	Official Withdrawal
Q	None	Progress but not Proficiency	Not used
Z	None	No Grade Reported	No Grade Reported

The use of plus and minus grades is at the discretion of the instructor.

The grade point average is calculated by dividing the accumulated number of grade points earned by the accumulated number of credit hours attempted. Grades of F and WF and repeats are included, but official withdrawals, audits, and grades on noncredit courses and pass/fail degree courses are not included. All undergraduate-level courses, including courses taken as a non-degree seeking student and courses taken after graduation, will be included in calculating the undergraduate cumulative grade point average. All graduate-level courses, including courses taken as a non-degree seeking student and courses taken after graduation, will be included in calculating the graduate cumulative grade point average.

For completion of an undergraduate degree or certificate, a student must have a minimum cumulative grade point average of C (grade point average of 2.00) in all courses taken and a grade point average of at least 2.00 in the major except for those degree programs or certificate programs requiring grade point averages above a 2.00.

A minimum cumulative grade point average of 3.00 is required for the award of a graduate degree or certificate.

Grades in courses accepted for transfer credit are not counted in the computation of grade point averages.

Grades are available to students through the secure website. Grades are mailed to students only if a written request is submitted to the Office of the University Registrar.

WF and W Grades. The grades of WF and W indicate withdrawal from a course only under those conditions described in the sections entitled Class Schedule Change Procedure and Grading Policy for Withdrawal From Classes.

Incomplete Grades. A grade of I indicates assigned work yet to be completed in a given course or absence from the final examination and is assigned only upon instructor approval of a student request. The I grade may be awarded only in exceptional circumstances beyond the student's control, such as illness, and only after 80% of the time allocated for the course has elapsed and substantial progress has been made toward completion of course requirements with the exception of courses that do not fit within the traditional semester calendar.

In cases of exceptional circumstances beyond the student's control, it is the responsibility of the student to approach the instructor to request an I grade and to provide documentation, including a written statement of when the work will be completed, to support the request. The authority to award an I grade rests with the instructor whose decision is final. Students whose requests for I grades are approved must not re-register for the class until the I grade has been resolved. The I grade becomes an F if not removed when grades are due the following term according to the following schedule: I grades from the fall semester become F's if not removed by the day grades are due for the spring semester; I grades from the spring semester and the summer session become F's if not removed by the day grades are due for the fall semester.

When there is an existing incomplete grade and the instructor who assigned the incomplete has left the university or is no longer available, the chair of the department or the program director will be responsible for making sure that the completed work is graded, and a final grade is submitted.

An I grade may be changed to a W only in very unusual circumstances and when the student's situation has changed since the I grade was awarded. In these cases, the request for a change to a W must be in writing, documented, and approved by the instructor, department chair and dean. Students will not be allowed to graduate until all grades of I have been resolved.

In the case of courses that do not fit within the traditional semester calendar, the faculty member assigns the I grade. The time periods for the removal of I grades before they become grades of F are the same as those stated in the previous paragraph.

Extension of the I time limitation normally will not be approved except for reasons beyond the student's control and only if the supervising faculty member is available and willing to supervise the work beyond the normal time limit. Students should submit the request to the instructor, who should submit approval, via the chair, to the University Registrar in order to retain the I. The approval from the instructor should designate the expiration date of the extension.

A grade of II indicates incomplete work not subject to the time limits described above for I grades. The II grade can be used only in those courses directly related to the research for and preparation of the graduate thesis/dissertation.

Z Grades. A grade of Z indicates that no grade has been reported by the instructor and will convert to a grade of F if not removed through the last day of classes of the following term (excluding the exam period) according to the following schedule: Z grades from the fall semester become F's if not removed by the last day of classes of the spring semester; Z grades from the spring semester and the summer session become F's if not removed by the last day of classes of the fall semester. Students will not be allowed to graduate until all grades of Z have been resolved.

Interim Academic Evaluation

Faculty teaching 100- and 200-level undergraduate courses will provide specific feedback regarding progress in the course in the fifth week of the semester in the fall and spring semesters. Providing timely information to

students on graded work makes students aware of their performance so they can determine whether to seek additional help from the faculty member, tutoring services when available, their academic advisor, and/or withdraw from the course prior to the established deadline for withdrawal.

Mid-Semester Feedback

The University believes that regular assessment of students and feedback to them is essential to effective teaching and learning. Therefore, faculty members will provide all students with evaluation of their progress in a course prior to midsemester (or equivalent in a nonsemester course) so that students have information about their progress before the withdrawal deadline, which is the end of the tenth week of classes.

Grade Forgiveness

Under the Grade Forgiveness Policy, undergraduate students seeking a baccalaureate degree may improve their grade point average (GPA) by repeating up to five courses taken previously. Each repeated course must be the same course as taken previously and must be completed through Old Dominion University. The registrar automatically applies the Grade Forgiveness Policy to all eligible course repeats at the end of each semester. The Grade Forgiveness Policy became effective for the Fall 1997 semester. Courses repeated prior to the Fall 1997 semester are not eligible for grade forgiveness. Grade forgiveness will not be processed after a student graduates.

Grade Forgiveness Policy

Undergraduate students are subject to the following conditions and requirements.

1. Students who receive a grade of C– or lower (grades of C–, D+, D, D–, F, and WF) may repeat up to five courses to improve the overall grade point average. Only the first five repeated courses will be forgiven. Students are not given an option to select which course might be forgiven. A course may be repeated once with grade forgiveness applied. Grade forgiveness is automatically applied only to the first repeat of a course with an original grade of C– or less, regardless of how many times the student may elect to repeat the course for other reasons. The Grade Forgiveness Policy will not be applied to courses for which a grade of C or higher was ever earned. Additional courses that are not eligible for grade forgiveness include courses taken under the pass/fail option, courses taken under the audit option, courses for which a grade of W was the only grade awarded, courses that currently are incomplete (I grade), or courses for which a grade of F was awarded as a result of an act of academic dishonesty.
2. The Grade Forgiveness Policy applies only to the repeat of the same course (same number, same title, same credit value, and, for topics courses, same subtitle and same credit value). Exceptions will be made where the course number or title is the only change and the change is documented in the Catalog and approved for grade forgiveness by the assistant vice president for undergraduate studies.
3. The Grade Forgiveness Policy will not be extended to courses originally taken elsewhere, including Norfolk State University and institutions with which Old Dominion University has consortia arrangements. In addition, courses repeated at other institutions will not be used to forgive Old Dominion University courses.
4. Students may not be able to repeat a course in the following cases: enrollment is restricted, the student no longer qualifies for admission to a course, the prerequisites are enforced, major or sequence requirements have been changed, or the curriculum has been revised. In such cases the decision of the assistant vice president for undergraduate studies in consultation with the appropriate academic department will prevail. Exceptions are granted only in rare instances. In any course or program where enrollment demand exceeds the resources to offer sufficient openings or sections to meet that demand, the academic unit may give registration priority to students taking the course for the first time.
5. Students may elect to use both grade forgiveness and the Adjusted Resident Credit (ARC) policy. However, students cannot use grade forgiveness for individual courses for which adjusted resident credit already has been applied.
6. Students who have graduated may not use the provisions of this policy to repeat for forgiveness a course taken prior to the date of graduation. Once a bachelor's degree has been awarded, a student may not raise the undergraduate grade point average by repeating a course taken as an undergraduate.
7. Under this policy, only the second grade earned, whether higher or lower than the original grade, will be calculated in the grade point average for the purposes of continuance, graduation, etc. Any repeats of a course after grade forgiveness has been applied will be averaged with other course work. All grades will remain on the student's permanent record, but the record of a previous grade in the course will be marked to indicate that the course has been repeated. Academic suspensions will not be removed from student transcripts and Dean's List status will not be added after grade forgiveness is applied to the student record in cases where the grade point average is improved sufficiently to change the student's status for the semester in question.
8. An enhanced grade point average using the Grade Forgiveness Policy does not determine eligibility for graduation with honors. To determine eligibility for graduation with honors, the student's complete record, including grades (grade points and hours) for courses that have been forgiven, will be evaluated to calculate the final grade point average. If the student's overall average is sufficient, graduation with honors will be posted to the student's record.
9. In cases where the student repeats a course in which a grade of C or better was awarded, all grades received, including the original grade, and all hours earned will be used for calculation of grade point averages. The course will count only one time toward graduation certification and degree completion.
10. Students receiving financial aid should consult with their Financial Aid representative to determine how use of this policy may affect financial aid status.
11. Other schools, including professional and graduate schools, may not honor this policy on repetition of courses with forgiveness.
12. Veterans should consult the Office of the University Registrar to determine the impact of course repetition on their eligibility for benefits.

Grade Appeals: Policy and Procedures

- I. Policy and Purpose
 - A. The purpose of the grade appeal procedure is to serve the needs of graduate and undergraduate students who believe that they were unjustly awarded a final course grade by a faculty member through prejudice or caprice. This policy applies to the final grade for the award of academic credit and does not apply to graduate and undergraduate examinations that are administered as part of the degree progression and certification processes (such as comprehensive examinations and candidacy examinations at the graduate level).
 - B. The basis for a grade appeal is the student's charge that the final grade was awarded through prejudice or caprice. The burden of proof rests with the student.
 - C. Students must initiate the first review of the appeal within 45 days of the official end of the semester in which the grade was awarded. For grades awarded and appealed from fall and summer semesters, the entire appeal process must be completed before the official end of the next semester; the entire appeal process for grades awarded and appealed from the spring semester must be completed before the official end of the next fall semester.
- II. Procedure

Prior to initiating a formal appeal, the student must attempt to consult with the instructor to request an explanation of the method of evaluation and to determine whether an error has been made. This consultation may be face to face, via e-mail, phone, or video conference if both agree, and efforts to consult with the instructor must be documented by the student. If at any point in the appeals process the student and instructor, or the student and a subsequent appeals body, agree that a grade of P is acceptable, that grade shall be assigned for the course and the appeals process will conclude. At all stages of the grade appeal

processes outlined below, the instructor and student shall be notified of any actions recommended or taken by the chair, Grade Appeal Review Committee, Dean (or designated Associate Dean) or Provost and Vice President for Academic Affairs (or designated Vice Provost).

A. First Review of Appeal

1. If the student is not satisfied with the results of the consultation with the instructor, or the instructor is not available as described in section IV. B, then the student may file a grade appeal. The chair of the department in which the instructor is teaching will conduct the first review of the student's appeal, unless the instructor is the department chair. The student's case must be presented on the Grade Appeal Form with supporting documents/explanations to the instructor's department chair within 14 days of the consultation with the instructor.
2. The student's Grade Appeal Form should (1) state specific reasons and give examples of faculty prejudice or caprice, (2) show that prejudice or caprice affected the awarding of the final course grade, and (3) be presented as a complete package and include all other supporting documentation.
3. The chair shall notify the instructor of the appeal and provide the instructor with copies of the form and other documents that were submitted. The chair or Dean (or designated Associate Dean) shall also request a response from the instructor that should include at a minimum the course syllabus, grade distribution for the course, attendance policy, the grading plan for the course, and other grading rubrics.
4. The chair shall review all documents and may hold a hearing where both the instructor and student are present. (See section V. for guidelines for hearings.) No other persons will attend the hearing and the hearing must be recorded.
5. If the chair concludes that there is no cause for complaint, the student and the instructor will be notified in writing of the decision within seven days of receipt of the request for an appeal and the supporting documents. The student may request a second review of the appeal (see section II.B. for details).
6. If the chair concludes that there is valid cause for the complaint, the chair should consult with the instructor and student and attempt to mediate the dispute by working with both parties to agree on an appropriate course grade. Among the alternatives available for resolution of the case will be the assignment of the grade of P if the chair, the instructor, and the student express their agreement in writing. If the instructor and student agree to a grade change or to award a grade of P, the instructor will make the official grade change.
7. If mediation fails, the chair will notify the college Grade Appeal Review Committee of the need for a review and submit all documents to the committee. The instructor and the student will be notified of this action.
8. The chair will ask the college Grade Appeal Review Committee to appoint the reviewers within five working days. (See Section III for the composition of the committee.)
 - a. The faculty and the student who form the Grade Appeal Review Committee will notify the instructor and student involved in the appeal when the review will take place and request needed documents.
 - b. The Grade Appeal Review Committee will review the documents, consult with relevant parties as needed and determine if there is sufficient evidence in the documents to support the student's appeal, or if more information is needed in which case a hearing with the student and instructor may be held. (See Section V for details about the hearing.) The review and hearing must be scheduled within 15 days of the receipt of the materials by the committee.
 - c. If the Grade Appeal Review Committee finds that there is sufficient evidence that the grade was awarded with prejudice or caprice, they may consult with the instructor to suggest a grade change and provide a rationale for that decision. The decision and rationale must be provided

in writing to the instructor. The final outcome of the committee's review will be documented and communicated to the instructor, the student, the department chair, and Dean.

- d. If the committee finds on behalf of the student and recommends a change of grade and the instructor refuses to change the grade but is willing to assign a grade of P, then the committee will consult with the student about the advisability of accepting a P grade. Should the student agree to accept a grade of P, the instructor will make the official grade change.
 - e. If the committee finds on behalf of the student and recommends a change of grade and the student is unwilling to accept a grade of P, the Dean will review and make a recommendation to the Provost and Vice President for Academic Affairs. The Provost and Vice President for Academic Affairs or a designated Vice Provost will submit the recommended grade change to the Registrar. Only the Provost and Vice President for Academic Affairs or designated Vice Provost is authorized to change an instructor's grade. The instructor, chair, student, and Dean will be notified. The Provost and Vice President for Academic Affairs' decision will be final.
 - f. If the committee finds on behalf of the instructor, the original grade will stand and the instructor and the student will be notified.
9. If the instructor is the department chair, the student will submit the Grade Appeal Form and documents to the Dean (or designated Associate Dean) and the Dean (or designated Associate Dean) will conduct the first review following the procedures described in II.A.1-8.
 10. If the instructor is a Dean or Vice President, the student will submit the Grade Appeal Form and documents to the chair of the department in which the Dean or Vice President is teaching the course.

B. Second Review of Appeal

1. The student may request a second review of the appeal if the conclusion of the first review is that there is no cause for complaint. The request for a second review must be submitted within seven days of the denial of the first review. The student should request in writing that the person responsible for conducting the first review forward the grade appeal package to the person responsible for conducting the second review. The instructor is notified of this action.
2. When the instructor is a faculty member, the Dean (or designated Associate Dean) is responsible for conducting the second review. If the instructor is the chair and the Dean (or designated Associate Dean) conducted the first review, the Provost and Vice President for Academic Affairs or designated Vice Provost is responsible for conducting the second review. If the instructor is a Dean or Vice President and the chair of the department in which the Dean or Vice President is teaching conducted the first review, the Provost and Vice President for Academic Affairs or designated Vice Provost is responsible for conducting the second review.
3. The second review shall follow the same procedures as the first review, as described in section II.A.1—4.
4. If the person to whom the second review is submitted concludes that there is no cause for complaint, the student and the instructor will be notified in writing that the grade appeal process is complete. No further appeal will be allowed.
5. If the person to whom the second review is submitted concludes that there may be valid cause for the complaint, the procedures as described in section II.A.6-8 will apply.

III. Grade Appeal Review Committee

A. Committee Composition and Duties

1. Each college will create a Grade Appeal Review Committee that has one representative from each department in the college

and a list of potential student members. If an appeal is heard, the Grade Appeal Review Committee will select two faculty members and one student from these lists.

2. Representatives must be full-time tenured or tenure-track faculty in an academic department elected by the department faculty. At least two committee members shall be tenured. No administrator, such as a Chief Departmental Advisor or Graduate Program Director, shall be eligible to serve on the committee.
3. Terms of service will be for two years. Members may be re-elected for an additional two-year term.
4. At the beginning of each academic year, each department in the college will submit a list of full-time students who are eligible and willing to serve on the committee. This list will be formulated each year. When needed, one student will serve on a review committee.
5. The committee will select its own chair and develop guidelines for the review process and procedures.
6. Two faculty members and one student selected from the names submitted by each department will review the appeal including documents from the student filing the appeal and the instructor of record. Neither the faculty members nor the student member shall be from the instructor's or student's department.
7. Both the instructor and the student will have the right to challenge, for valid cause, any or all of the members of the committee, and in that event replacements will be appointed and no further challenge will be permitted.

IV. Instructors' Responsibilities and Rights

A. The following are guides for the instructor's responsibilities and rights.

1. Instructors have a responsibility to meet with students to explain the course grading procedure and the process for determining the final grade.
2. When requested, instructors must provide the documents requested for a review at all levels. These documents will include at a minimum the course syllabus, grade distribution for the course, attendance policy, and grading procedures for course tasks with rubrics. Other documents may be included or requested.
3. The instructor must assist in making arrangements for a hearing when one is needed.
4. Instructors have the responsibility to participate in a grade appeal.
5. No instructor shall be forced or coerced into making a grade change.

B. Unavailable Instructors

1. In the event a student makes documented efforts to consult with an instructor and is unable to find the instructor, or does not receive a response, the student shall seek assistance from the chair.
2. When the chair has made reasonable efforts to contact an instructor whose final grade is being appealed and is unsuccessful, the Grade Appeal Review Committee and chair will independently review available materials and reach a consensual decision. In the event that these two reviews reach different decisions that are not reconciled, the Provost and Vice President for Academic Affairs or designated Vice Provost will make a final decision. No other appeal can be made.
 - a. If the decision is in favor of the student, and the student is not willing to accept a grade of P, the Provost and Vice President for Academic Affairs or designated Vice Provost will submit the recommended grade change to the Registrar. Only the Provost and Vice President for Academic Affairs or designated Vice Provost is authorized to change an instructor's grade upon the recommendation of the college Grade Appeal Review committee.

- b. If the decision is not in favor of the student, the instructor's original grade will remain.

3. In the event of an instructor's unavailability due to death, serious illness, or any other cause that would prevent the instructor from participating in the process in time for the process to be completed during the designated semester, the procedure in II.A.1. and IV.B.2 will be followed.

V. Procedures for Hearings

A hearing involving the faculty member and the student may be held at any level of appeal.

- A. After the Grade Appeal Review Committee reviews the appeal form and supporting documents and the instructor's documents, a hearing may be held to clarify issues and/or to receive further evidence. Both the student and the instructor may submit additional materials at the hearing.
- B. Hearings may be held at any level only when both the instructor and the student can participate. No other persons may attend this hearing.
- C. The conclusions, decision(s), and a rationale for these must be disseminated in writing to the instructor and to the student.
- D. If either the instructor or the student believes that the established procedures for the appeal of grades have not been followed, an appeal for an additional hearing may be made to the Dean (or designated Associate Dean), or when the chair or Dean is the instructor, to the Provost and Vice President for Academic Affairs or designated Vice Provost. The only basis for an appeal will be the failure to have been provided due process as prescribed by the policy.

VI. Records

- A. If the grade appeal concludes after the first review, the original Grade Appeal Form and all decision letters for each level of review will be kept in a secure location in the department chair's office for a minimum of one year.
- B. If the grade appeal advances to the second level, the original Grade Appeal Form and all decision letters for each level of review will be kept in a secure location in the Dean's office for a minimum of one year.
- C. Recordings of hearings will be kept in the department chair's office or the Dean's office for a minimum of one year.

VII. Assignment of P Grade

A P grade established under this policy at any stage of the grade appeal process will be given irrespective of the University policy on hours permitted for P grades or restrictions on when a P grade is permissible and will not prevent progression in the degree program or courses for which this course is a prerequisite.

Guidelines and Procedures for Grade Adjustments for Nonacademic Reasons

1. Students are responsible for notifying the faculty member of errors in the assignment of grades (e.g., a C received instead of an A) immediately upon receipt of the grade. If confirmed, the instructor will submit a grade change using the "Report a Change of Grade" link in the Faculty & Advisors menu in Leo Online. If the grade is older than two semesters or has previously been changed, the instructor should complete the electronic Grade Change Form available via the MyODU portal. Once submitted, the grade change request is forwarded to the chair or program director for consideration. If the chair or program director approves, the form will be signed electronically and forwarded to the Office of the University Registrar for processing. If the chair or program director does not approve, they should notify the instructor of the reasons for denial.

When a grade change is needed and the instructor who assigned the grade has left the university or is no longer available, the student should contact the chair of the department or program director who will be responsible for verifying the change and submitting the electronic Grade Change Form to the Office of the University Registrar.

- Students are responsible for notifying the Office of the University Registrar of administrative errors immediately upon receipt of the grade.
2. Students are notified via email when a change of grade is processed by the Office of the University Registrar.

Minors

In addition to the completion of courses in the area of the major field, a candidate for a baccalaureate degree may complete a minor. The completion of a minor is optional. The minor may be chosen to support the major, to offer greater job opportunities to the student on graduation, or to provide recognition of study in a second academic area. Some minors may not be available for certain majors. Restrictions are determined by Academic Affairs. Completion of a University-approved minor will meet the upper-division General Education Requirements.

Students who complete the course requirements for the minor, but who do not attain a 2.00 grade point average in the minor, may request that the course work be approved to meet the upper-division general education requirement. The request may be initiated through the student's advisor and the associate dean of their college and submitted to the University Registrar. Students whose requests are approved will meet the upper-division requirement, but they will not receive credit for the minor.

For completion of a minor, an undergraduate student must have the following:

1. A minimum of 12 credit hours in a specified minor, normally at the 300 and 400 upper-level.
2. An overall grade point average of 2.0 or above in all courses specified as a requirement in the minor exclusive of prerequisite courses. All 300-, 400-, and approved 200-level courses designated for the minor and taken by the student will be calculated in the student's grade point average for the minor. For example, if the minor requires four courses at the 300- and 400-level and the student completes five courses, all five courses will be included in the calculation of the grade point average for the minor.
3. Six credit hours in the minor from Old Dominion University. No course that is introductory or foundational, or that meets a lower-level General Education requirement, may be included, although such courses may be prerequisites for courses in the minor.

Minors may be proposed by departments and programs and must be approved by the appropriate college committee and dean, by Faculty Senate Committee A and by the provost and vice president for academic affairs. Students may be able to count up to six credit hours toward fulfilling requirements for both a major and a minor, excluding prerequisites, with the approval of the department chair or designee of the major program.

Interdisciplinary minors must be reviewed by all colleges and departments involved prior to submission to Committee A of the Faculty Senate. Three credit hours in the interdisciplinary minor may be in the major, if a major course is listed as an option for the interdisciplinary minor. As such, it will be credited toward both the major and the interdisciplinary minor. Interdisciplinary minors require 12 credit hours of 300/400-level courses selected from at least two different disciplines with a maximum of six credits from any one discipline.

A maximum of six credits for disciplinary minors (or three credits, for interdisciplinary minors) may share with other areas of the student's program. Approval of the department chair, chief departmental advisor, or designee may be required. Special attention should be paid to major/minor combinations where multiple courses overlap to ensure that the student is taking enough unique hours for the minor. Minor coordinators may allow substitutions for courses as needed. Excluding prerequisites, all courses designated as options for the minor and taken by the student will be calculated into the minor GPA.

Specific minor requirements may be found in the section on Colleges, Schools and Departments of Instruction in this catalog.

Procedures

Students who wish to pursue a minor must declare the minor with and be advised by the department offering the minor or their Student Success Director (for online students). Students completing a minor should present the minor for certification when submitting applications for graduation.

Approved academic minors can be found on the programs search link: /programs (<http://catalog.odu.edu/programs/>).

Prior Learning Assessment Credit Options at the Undergraduate Level

Old Dominion University offers a program for assessing college-level knowledge gained through professional work and training experiences prior to attempting a specific ODU course. Students may initiate assessment of prior learning through a variety of assessment tools, including departmental examinations, portfolios, external examinations, or documented training programs, as determined by academic departments. A student may earn a maximum of 60 semester hours at the undergraduate level through Prior Learning Assessment credit. However, in unusual situations when a student can demonstrate a more extensive knowledge base that would be applicable to a degree program, the student can apply to the Prior Learning Assessment representative in Continuing Education for an exception to the maximum of 60 credit hours. Requests will be forwarded to the appropriate department for review. Prior Learning Assessment credit may be granted through the following mechanisms:

1. **External Examinations.** Satisfactory scores on the College-Level Examination Program (CLEP), Defense Activity for Non-Traditional Education Support (DSST), International Baccalaureate (IB), Advanced Placement (AP), Cambridge Advanced (A/AS Level) programs, and professional certification examinations evaluated by the American Council on Education (ACE) for college-level credit. If a CLEP or DSST exam exists and Old Dominion University accepts a qualifying score for credit, the student may not request to take a departmental exam. CLEP and DSST exams are administered through Old Dominion University's Credentialing Center. Qualifying scores through the Advanced Placement Examinations Program, Cambridge Advanced (A/AS Level) programs, or Admissions Testing Program of the Educational Testing Service (ETS) are approved by departments. CLEP, DSST, AP, IB, and Cambridge scores should be reported to the Office of Admissions.
2. **Departmental Examinations.** Upon approval of the chair or dean (designee) of the college in which the course is offered, a student may take a comprehensive examination in an academic course in which he or she can demonstrate proficiency and upon passing the examination receive credit for that course. A request for testing should be made through the Prior Learning Assessment representative in Continuing Education, who forwards the request to the appropriate faculty. A course may be tested through departmental examination one time only.
3. **Credit for Training.** Military and professional training may be evaluated and recommended for college credit by the American Council on Education (ACE). The relevant academic department will recommend specific academic credit for posting to the student's record.
4. **Portfolio Development.** Upon approval of the chair or dean (designee) of the college in which the course is offered, a student may develop a portfolio for a course or courses offered by Old Dominion University to gain college-level credit. Portfolios are submitted to the Prior Learning Assessment representative in Continuing Education.

The following regulations for Prior Learning Assessment credit will apply:

1. All approved Prior Learning Assessment options will be granted with credit.
2. Prior Learning Assessment credit will be granted upon the written recommendation of the chair of the department or designated faculty assessor having jurisdiction over the courses involved with the chair's approval.

3. The applicability of Prior Learning Assessment credit toward specific degree program requirements is subject to departmental approval.
4. A student may not fail a course at Old Dominion University and later receive credit for the same course through a Prior Learning Assessment option.
5. A student may not enroll in a course for credit or audit at Old Dominion University and subsequently seek credit through a Prior Learning Assessment option.
6. No letter grades will be entered on the student's transcript for Prior Learning Assessment credit. This credit will be treated in the same way as transfer credit; a "XP" (Pass) will be assigned and it will not count in the student's grade point average.
7. A student must request Prior Learning Assessment credit as early as possible upon admission to degree status.
8. Prior Learning Assessment credit does not count toward the University's residency requirement. A student earning prior learning credit must meet the minimum residency requirements of 25 percent of the total number of credits required for the degree at Old Dominion University, which shall include 12 residency hours of upper-level courses in the declared major program. The student should be aware that some program residency requirements exceed the University minimum residency requirements.
9. A student in a certificate or endorsement area may earn a maximum of six credit hours through prior learning credit to apply to a certificate, endorsement or teacher licensure program. Prior Learning Assessment hours gained in these programs would be applicable to approved degree programs at Old Dominion University. In an approved undergraduate degree program, a student who has previously earned six credit hours of Prior Learning Assessment credit for a certificate area may be eligible to attempt additional Prior Learning Assessment credit toward a degree program.
10. Prior Learning Assessment credit earned at another institution will be re-evaluated by Old Dominion University faculty to determine whether credit may be awarded at Old Dominion.

The privilege of seeking Prior Learning Assessment credit is available to both full-time and part-time degree status students only. A student should consult with the degree program advisor, Student Success Director (for online students), advisor, or the Office of Prior Learning Assessment at the beginning of his or her academic career at Old Dominion University to determine how Prior Learning Assessment may be applicable to the degree. For further information, visit the Prior Learning Assessment web site at [odu.edu/prior-learning-assessment](https://www.odu.edu/prior-learning-assessment) (<https://www.odu.edu/prior-learning-assessment/>).

For information about Prior Learning Assessment options for graduate students, please see the section of the Graduate Catalog on Prior Learning Assessment Credit Options at the Graduate Level.

Procedures for Prior Learning Assessment

Students wishing to receive academic credit for departmental examinations, training or portfolio development through Prior Learning Assessment should do the following:

1. Contact the Prior Learning Assessment representative in Continuing Education to discuss possible challenges. The Prior Learning Assessment representative and student will discuss guidelines on requesting approval to challenge a course(s) through the available Prior Learning Assessment options.
2. Submit an extended resume and other documentation demonstrating learning outcomes based upon prior learning to the representative in the Continuing Education.
3. The Prior Learning Assessment representative will submit the documentation to the department chair, or a designated faculty assessor, who will examine the request and determine eligibility to challenge the course(s). The department's decision will be forwarded to the Prior Learning Assessment representative who will then notify the student.
4. Once determination is made that the student is eligible to challenge the course(s) through Prior Learning Assessment, the student will complete

and return to the Prior Learning Assessment office the appropriate intake request form. At this time, the student's account will be billed, and the appropriate Prior Learning Assessment fee should be paid. It is important to note that a student pursuing a challenge should not register for the course they seek to challenge.

If the conclusion for the portfolio assessment process results in a negative decision of the award of credit, a student may appeal the decision to the college having the responsibility for the course(s) for which credit is sought. The basis for a portfolio assessment appeal is the student's charge that the assessment decision was awarded through prejudice or caprice. The burden of proof rests with the student.

Students must initiate appeals in writing within three weeks of receiving the completed portfolio evaluation form. The appeal must be written to the Prior Learning Assessment representative in the Continuing Education.

The Prior Learning Assessment representative will forward the appeal letter to the appropriate department chair. The chair will review the student's appeal. The chair will get input from the student and from the faculty assessor and may form an independent committee to review the appeal. The chair makes the decision on the validity of the appeal. If the chair concludes there is no cause for complaint, the student has the right to appeal to the dean of the college.

If the faculty assessor is the chair, the student may go directly to the dean. The dean will follow the procedures as outlined above. The decision of the dean of the college is final.

External Examinations. External examinations, including CLEP and DSST, are administered through the Credentialing Center. Students wishing to receive academic credit for external examinations should contact the Credentialing Center at (757) 683-6089. Information about CLEP/DSST scores is available from the website at <https://www.odu.edu/academics/academic-records/score-analysis/clep-dantes> (<https://www.odu.edu/academics/academic-records/score-analysis/clep-dantes/>).

Prior Learning Assessment Fees*

Students participating in the Prior Learning Assessment program are responsible for assessment fees as follows:

1. External Examination

Students are responsible for the fees associated with external examinations such as CLEP and DSST, including voucher purchase and test administration fees. There is no additional Prior Learning Assessment fee for the granting of academic credit for external examinations.

2. Departmental Examination

The Prior Learning Assessment fee is equal to 30% of the current approved in-state on-campus rate for undergraduate and graduate courses.

3. Training Evaluation

The assessment fee for training not previously evaluated by Old Dominion University is equal to 20% of the current approved in-state on-campus rate for undergraduate and graduate courses.

4. Portfolio

Portfolio assessment fee equal to 50% of the current approved in-state on-campus rate for undergraduate and graduate courses.

Fees are based on the credit hours attempted and are not refundable if the student does not receive credit as a result of the evaluation. There is no appeal of the fee charge. The fees must be paid at the time the student is approved to submit a portfolio, departmental examination or training documentation for evaluation.

For more information call (757) 683-5650, visit the web site at [odu.edu/prior-learning-assessment](https://www.odu.edu/prior-learning-assessment) (<https://www.odu.edu/prior-learning-assessment/>) or email priorlearning@odu.edu.

* All fees are tentative and subject to final approval by the Board of Visitors and/or the president. Current Prior Learning Assessment fees are available

on the website at [odu.edu/prior-learning-assessment](https://www.odu.edu/prior-learning-assessment) (<https://www.odu.edu/prior-learning-assessment/>).

Repeating Courses

As a general rule, undergraduate students may not repeat courses in which they have previously earned a C or better or in which they have received transfer credit. Exceptions to this should be made by the department chair, and should be allowed only under the following conditions:

1. A student has a long delay (usually more than five years) between an introductory course (or the first half of a two-course sequence) and subsequent study, so that repeating the course is advisable for future success in the field.
2. A department requires that grades higher than C be earned in particular courses or requires a cumulative grade point average greater than 2.00 and stipulates that students who earn less than the desired grades or grade point average retake the courses.

Except in programs with more stringent policies on repeating courses, students may repeat a class in which they earned a C- or below twice without further appeal, for a total of three attempts. A grade of "W" counts as an attempt in this policy. Any subsequent attempt must be approved by the student's advisor and department chair and communicated by them to the Registrar. If approval is not granted for subsequent attempts, no further appeal is available to the student. This policy retroactively applies to all courses students have taken including those taken prior to the publication of this catalog. Exceptions to this policy for classes where students regularly need to register more than three times may be made by departments and communicated to the Registrar.

None of the credit hours earned in courses that have been repeated for credit under these conditions will be applicable toward the total hours required for the degree. Grades earned in both the original course (including C or above) and the repeated course will, however, be used in the calculation of the cumulative grade point average unless the Grade Forgiveness Policy has been applied (for grades below C).

The Grade Forgiveness Policy does not apply when courses are repeated in which a grade of C or higher was earned originally nor does the Grade Forgiveness Policy apply to transfer courses. Please refer to the Grade Forgiveness Policy in this Catalog for information about repeating courses in which grades below C were earned.

Regulations for Continuance: Undergraduate Students

Notification of Academic Status

It is the responsibility of every student to determine his or her academic status on-line at www.leonline.odu.edu (<http://www.leonline.odu.edu>). The University makes every reasonable effort to notify undergraduate students who are not in good standing of their academic status. An email will be sent to each undergraduate student (degree and non-degree seeking) placed on academic warning, academic probation and suspension. The e-mail will be sent to the student's Old Dominion University e-mail address in accordance with the Electronic Messaging Policy for Official University Communication. Non-receipt of an e-mail by a suspended student will not be considered grounds for claiming eligibility to enroll for a subsequent semester. All academic status notices appear on the student's transcript and will not be removed.

Undergraduate Continuance Regulations

At the end of each semester—fall, spring, and summer—the coordinator of academic continuance reviews the records of all students who do not maintain a 2.00 grade point average (GPA) and acts according to the following policies, which are summarized in the table below.

1. **ACADEMIC WARNING.** A student will be placed on academic warning **for one semester** when the student's cumulative GPA falls below 2.0 at the end of a semester, including summer sessions. A student on academic warning may not enroll in more than 15 credits per semester of attendance (no more than six credits in the summer sessions,

and no more than one course in any single summer session) except under extenuating circumstances and with the permission of the dean or designee of the college in which the student is enrolled. A student on academic warning must achieve a cumulative GPA of at least 2.0 at the end of the next semester of attendance to be in good standing.

Old Dominion University is committed to assisting students in achieving their academic goals. Therefore, freshman students on academic warning are required to participate in a success program sponsored by the Student Success Center in their next semester of attendance.

Students on academic warning are eligible to participate in all extracurricular activities as governed by the rules of the specific activity.

2. **ACADEMIC PROBATION.** A student is placed on academic probation when the student's cumulative GPA falls below 2.0 for **two consecutive semesters of attendance**, including summer sessions. Students on academic probation are expected to improve their cumulative GPA by achieving a **semester GPA of 2.0 or better** during each semester of attendance. A student who achieves a **cumulative GPA of at least 2.0** is removed from academic probation and placed in good academic standing.

Students on academic probation are required to meet regularly with their advisor during their next semester of attendance. Students on academic probation are required to participate in a Student Success program sponsored by the Student Success Center in their next semester of attendance. A student on academic probation may not enroll in more than 15 credits per semester of attendance (no more than six credits in the summer sessions, and no more than one course in any single summer session).

Students on academic probation are eligible to participate in all extracurricular activities as governed by the rules of the specific activity.

Failure to achieve a 2.0 semester GPA at the end of a fall or spring semester while on probation results in academic suspension. Students who receive a 0.0 GPA for two consecutive semesters (fall, spring) will be suspended immediately if the cumulative GPA is below 2.0.

3. **ACADEMIC SUSPENSION.** Following a semester of academic probation, an undergraduate student will be suspended at the end of the fall or spring semester if the cumulative grade point average remains below a 2.0 AND the semester grade point average falls below 2.0. Old Dominion University does not suspend students at the end of the summer sessions. Students suspended at the end of the fall term must separate from the institution for spring term; students suspended at the end of the spring term must separate from the institution for summer and fall terms.

Students on academic suspension are not eligible to participate in extracurricular activities.

A student may apply for readmission to ODU for the semester following completion of the suspension period. A student readmitted after suspension enrolls under the academic probation status and is subject to the provisions of that status. If a student readmitted after suspension fails to obtain a semester GPA of 2.0 in any semester before achieving a cumulative GPA of at least 2.0, the student is placed on a one calendar year suspension (two semesters and a summer term). The student may be considered for readmission after a minimum one-year separation from ODU.

Although a student may be approved for readmission to ODU, the student is not automatically eligible to receive federal or state financial aid. See the "Financial Aid" section of this catalog for information about Satisfactory Academic Progress (SAP) standards and suspension of aid eligibility. Detailed information about the SAP appeals process can be found on the ODU Office of Financial Aid web site at <http://www.odu.edu/content/dam/odu/offices/student-financial-aid/docs/odu-sap-appeal-final-revised.pdf>.

Academic Status	Grade Point Average	Requirements
Good Standing	2.00+ cumulative GPA	
Academic Warning (1st occurrence)	1.99 or less cumulative GPA	Initial term of academic difficulty; student eligible to continue
Academic Probation (1st occurrence)	1.99 or less cumulative GPA	Second consecutive term of academic difficulty; student eligible to continue
Academic Probation (2nd and subsequent occurrences)	Term GPA = 2.0 or above AND cumulative GPA = 1.99 or less	Second consecutive and subsequent term(s) on academic probation; student eligible to continue with a minimum 2.0 term GPA
First Suspension (see below)	Term GPA AND cumulative GPA = 1.99 or less	After two consecutive semesters, one on academic warning and one on academic probation, first term of academic difficulty in which cumulative and term GPA are below 2.0; student NOT eligible to continue
If suspension occurs during the: Fall term OR Spring term		Student must separate from ODU for the: Spring term OR Summer and Fall terms
Second suspension	Term GPA AND cumulative GPA = 1.99 or less	After academic warning, academic probation and first suspension occur, second term of academic difficulty in which cumulative and term GPA are below 2.0; student is placed on a mandatory one-year suspension

All academic status notices appear on the student's transcript and will not be removed.

Guidelines for filing a suspension appeal for continuous enrollment:

2025 – 26 Suspension Appeal Deadlines:

Suspension Posted	Appeal Application Deadline	Appeal Decision Posted
December 2025	January 5, 2026	January 7, 2026 (after 5:00 p.m.)
May 2026	May 26, 2026	May 28, 2026 (after 5:00 p.m.)

1. All students have the right to appeal their suspension if extenuating circumstances warrant such action. All appeals must be submitted in writing with the Suspension Appeal Form or on-line at www.odu.edu/advising by the deadline posted above. Suspension Appeal Forms must be delivered to the coordinator of academic continuance. Late appeals will not be reviewed.
2. Appeals must be based on circumstances pertinent to the semesters in which academic difficulty occurred that were beyond the control of the student and for which official withdrawal from the course(s) was not an option. Appeal letters must be legible and authored by the suspended student. Appeal letters must provide sufficient detail and explanation regarding the points listed below because there is no face-

to-face meeting with appeal committee members. The decision of the appeals committee is final.

In order to be reviewed, an appeal letter must:

- Document the extenuating circumstances such as work, poor study environment, finances, illness, or personal relationships that have adversely affected performance: i.e. statement or letter from physician, employer, family members, faculty, academic advisor, Counseling Center, Educational Accessibility.
 - Explain how the extenuating circumstances caused each semester of grades below the 2.0 minimum grade point average.
 - State reasons why official withdrawal was not requested.
 - Present a plan of action for subsequent enrollment, should the appeal be granted.
3. Students who do not file a suspension appeal may not re-enroll until the suspension period has been served and readmission has been granted.
 4. Students suspended for a second time who do not file an appeal for continuous enrollment may submit an appeal by the published deadline for subsequent enrollment. Students suspended for a second time whose appeals are denied are no longer eligible to attend Old Dominion University or any of its satellite campuses until readmission after the mandatory one-year separation has occurred.
 5. A student suspended a third time will no longer be eligible to attend Old Dominion University or any satellite campuses. A student will not be eligible to appeal the suspension.
 6. If the student has pre-registered for a subsequent semester, all registration will be administratively dropped if the suspension appeal is denied. The Office of Finance will audit the accounts of students whose appeals are denied, and a tuition refund, if appropriate, will be issued. Students who choose not to appeal the academic suspension will be dropped from all courses before the tuition deadline.

Returning from Academic Suspension

1. All students returning from suspension must submit an application for readmission from suspension at www.odu.edu/continuance (<http://www.odu.edu/continuance/>) in order to re-enroll and must submit all necessary documentation. The deadlines to reapply for admission are as follows:

Fall semester - third Friday in August
Spring semester - third Friday in December
Summer semester - third Friday in April

Readmission requests received after the deadline will not be considered. Students must resubmit the application by the next deadline.

2. Each student returning from suspension must earn at least a 2.00 GPA for each semester. If the 2.0 semester GPA is not met, the returning student will be suspended again. Students returning from suspension should acquaint themselves with the options available under the Adjusted Resident Credit (ARC) policy and should note that use of the ARC policy requires a separation from Old Dominion University for at least one calendar year.
3. All students readmitted after serving a suspension must complete an online workshop conducted by the Office of Continuance prior to the start of classes to complete the readmission process. Students who register for the workshop but fail to complete it by the add/drop period and students who fail to register for the workshop will be dropped from all classes by the Office of Continuance and their readmission will be revoked for the semester. Students in this situation will be eligible to reapply for the next semester, but must begin the readmission process again.
4. Students who are suspended while under non-degree admission status, and who reapply and are readmitted, should be aware that they are readmitted to the non-degree status. Non-degree students are not eligible for financial aid.
5. Students readmitted to the University from suspension or due to a successful suspension appeal do not automatically qualify for financial aid. Please refer to the Financial Aid section of the catalog for the Financial Aid Continuance policy. All students who are suspended

should contact their financial aid counseling team immediately to discuss their options.

Credits Earned While Under Suspension

Credits earned at another accredited institution at a grade level of C (2.00) or better while an undergraduate student was under suspension from Old Dominion University will be accepted upon receipt of official transcripts following readmission.

Residency Requirements for Baccalaureate Degrees

A student who seeks a bachelor's degree from Old Dominion University must, in addition to meeting other requirements of the University, earn a minimum of 25 percent of the total number of credits required for the degree (for example, 30 credits in a 120-credit degree program) through on- or off-campus instruction. This must include a minimum of 12 credit hours of upper-level courses in the declared major program. Some program residency requirements exceed the University minimum. Courses taken at Old Dominion University (as the host institution) through the Virginia Tidewater Consortium do not count toward resident credit. The responsibility for meeting the requirements for a degree rests with the student.

Second Baccalaureate Degree

The University will permit a student to acquire a second baccalaureate degree, provided that he or she:

1. Pursues a different course of study.
2. Meets all University, college, school, and departmental requirements (credits earned for the first degree may be applied, if suitable, toward the second degree).
3. Completes a minimum of 30 semester hours at Old Dominion University that are beyond the requirements for the first degree.

A minimum of 150 credit hours is required for students earning two baccalaureate degrees from Old Dominion University. If the degrees are to be awarded simultaneously, an application for graduation and degree certification must be submitted through the respective advisors for each degree program.

Prior to undertaking the second degree, the Office of Admissions will conduct an evaluation of all prior university-level coursework the student has completed. Those who meet the admissions standards of the University will be admitted; however, this does not guarantee admission into specific degree programs where separate applications are required. The University, as a general rule, will not permit a student to pursue more than two baccalaureate degrees.

Second degree students are not required to take the Writing Success Placement Tool (WSPT) and are considered to have fulfilled the lower-division writing requirement and University General Education Requirements with the exception of the writing intensive (W) course in the major. Second degree students must complete the writing intensive course in the major at Old Dominion University and must earn a grade of C (2.0) or better. Students receiving two degrees from Old Dominion University must complete the writing intensive course in both majors and earn a grade of C or better in both courses.

All second degree students must meet the college/departmental requirements for both degrees even if some of these requirements are also general education courses.

Students who received their first degree from Old Dominion University should be aware that grades in all undergraduate courses (for both the first and the second degree) will be included in the cumulative grade point average.

Students wishing to earn a second major rather than a second degree should see the "Second Major" section of the catalog for information.

Second Major

The University permits an undergraduate student to pursue a second major. A student pursuing two majors in different programs must meet all the degree requirements of one major and at least the departmental requirements of the other. (Most professional degree majors require completion of both the departmental/school and the college requirements.) For two majors within the same degree program, at least 60% of the credit hours must be unique and not shared. This calculation is based on major requirements only and does not include general education or elective credits. Requirements for both majors must be completed prior to receiving the baccalaureate degree. The student will receive one baccalaureate degree. Both majors will appear on the transcript. The degree awarded will be determined by the major to which University and college requirements are applied. Prior to undertaking the second major, the student must have the program approved by the appropriate chief departmental advisor or chair.

Completion of a second major will meet the upper-division General Education Requirements.

Students wishing to earn a second degree rather than a second major should see the "Second Baccalaureate Degree" section of the catalog.

Student Accountability & Academic Integrity

The Office of Student Accountability & Academic Integrity (OSAAI) oversees the administration of the student conduct system as outlined in Board of Visitors Policy 1530: Code of Student Conduct. The mission of OSAAI is to assist students with bringing their actions into congruence with their values. Through interactions with students, staff provide a transformational individualized experience that equips students with the decision-making skills and critical thinking tools needed to be successful after college. In support of this mission, the office provides education to the University community and serves as a resource for anyone with inquiries related to student accountability.

The Code of Student Conduct applies to all students. Students include all persons enrolled or registered at the University who have not completed a program of study for which they were enrolled; student status continues whether or not the University's programs are in session. Examples of violations heard under the Code include, but are not limited to, academic integrity, alcohol, drugs, threats of harm, assault, and sexual violence (Title IX).

Title IX of the Education Amendments of 1972 prohibits discrimination based on sex in educational programs and activities. Sexual harassment and sexual violence have been recognized as a form of discrimination in violation of Title IX. For information, counseling, or to file a complaint of discrimination or harassment on the basis of sex, individuals may contact Kate Couch, Title IX Coordinator, located at Innovation Research Park I, 4111 Monarch Way, Suite 103; (757) 683-3141 or titleixcoordinator@odu.edu.

Student Technology Skills

It is assumed that students entering Old Dominion University have basic productivity software proficiency, possess e-mail skills, and know how to navigate the Web. Some courses, particularly online courses, will require technology proficiency at levels higher than this. It is the student's responsibility to insure that he or she possesses the technology skills and proficiency required for each enrolled course or program of study.

Submission of Written Work To More Than One Class

In general, it is not acceptable for a piece of work such as a term paper to be submitted to more than one class for credit. In cases where submission of the same paper is appropriate, prior approval must always be obtained.

An example of a situation in which the same paper might appropriately be submitted would be one in which a student was enrolled in two classes, in both of which a given research topic was not only of interest to the student

but was completely appropriate to both classes. In such circumstances, the student would approach the instructors of the two classes and obtain approval to submit the same term paper to both classes, based on prior agreement concerning the depth of the study, amount of material covered, and the length of the paper to be submitted (which should be longer than a paper submitted to one class).

Writing Program Requirements

Undergraduate Students without credit for freshman composition (ENGL 110C) through dual enrollment, Advanced Placement (AP), the College Level Examination Program (CLEP) or transfer from another institution, including ODU Online students, are required to complete the Writing Success Placement Tool (WSPT) in order to enroll in first-year writing courses.

A score of 3 on the WSPT is required to register for ENGL 110C or ENGL 126C (Honors) without the corequisite course, ENGL 101 Composition Studio. Students who earn a score of 1 on the WSPT will need to enroll in ENGL 101 (<http://catalog.odu.edu/courses/engl/>) and ENGL 110C in the same semester.

ENGL 101 is a 3-credit elective corequisite course designed to complement and extend the ENGL 110C curriculum. Students who feel as though their placement is inaccurate can appeal the decision by contacting the Director of Writing Placement and Support (<https://www.odu.edu/englishdept/general-education/writing-placement/>) who will put them in contact with an advisor from the Writing Program.

Undergraduate Students with transfer credit for ENGL 110C or ENGL 211C/ENGL 231C are not required to complete the Writing Success Placement Tool (WSPT). However, they are expected to be competent writers and must possess writing skills equivalent to those described in the outcome statements for equivalent ODU courses (i.e., ENGL 110C, ENGL 211C/ENGL 231C). Although students with transfer credit for ENGL 110C are not required to take the WSPT, those wishing to complete the WSPT for diagnostic purposes may do so by contacting the Director of Writing Placement and Support (<https://www.odu.edu/englishdept/general-education/writing-placement/>).

ODU Online Students are considered part of the aforementioned cohorts (students with or without transfer credit for ENGL 110C) and must meet the assessment requirements of the undergraduate writing program. Students should contact their advisor with questions or concerns.

Assessment of Writing Proficiency

- Students enrolled in ENGL 101 must earn a D or higher to pass the course. However, the co-enrollment course, ENGL 110C, must be passed with a C or higher in order to move on to the required 200-level composition course. Students who do not earn a passing grade in ENGL 101 but pass ENGL 110C with a C or better are not required to retake ENGL 101 but can opt to retake the course the same semester they are taking a writing intensive course for the support and to improve their GPA.
- All students enrolled in undergraduate degree programs must pass ENGL 110C or ENGL 126C (Honors) or their transfer equivalency with a grade of C (2.0) or better in order to register for ENGL 211C/ ENGL 226C (Honors) or ENGL 231C/ ENGL 228C (Honors).
- Students must also pass ENGL 211C/ ENGL 226C (Honors) or ENGL 231C/ ENGL 228C (Honors) or their transfer equivalency with a grade of C (2.0) or better in order to register for a writing intensive (W) course.
- Students must complete their W course in the major at Old Dominion University with a grade of C (2.0) or better.

NOTE: This policy also applies to transfer students holding associate degrees; holding an associate degree does not fulfill the requirements of the Undergraduate Writing Program if students received a grade below C (2.0) in any 100- or 200-level Composition (C) course. These students must also take a writing intensive (W) course in their major at ODU and must pass

that W course at ODU with a grade of C (2.0) or better in order to earn a baccalaureate degree.

Dropping and Withdrawal from ENGL 101: Because ENGL 101 and ENGL 110C are co-enrollment courses, once enrolled, students cannot drop or withdraw from one course without also dropping or withdrawing from the other. Should a student need to drop or withdraw from these courses, they should speak with their advisor right away to discuss how this might impact their scholarships, financial aid, or full-time status.

Waiver Option for ENGL 110C and ENGL 211C/ENGL 231C

ENGL 110C Waiver. Students who have transferred in credit for ENGL 211C/ENGL 231C or equivalent but not ENGL 110C should contact the Director of Writing Placement and Support to discuss the process for applying for a waiver. If a waiver is granted, there is no cost and no award of credit.

ENGL 211C/ENGL 231C Waiver. In extenuating circumstances, such as a student with a degree from another institution where there is no comparable 200-level class, the English Department may approve a waiver of the ENGL 2**C requirement. This is rare and determined by the Director of Writing Placement and Support on a case-by-case basis. If approved, the student will be exempt from the ENGL 2**C requirement. There is no cost and no award of credit.

Online Students: Students may contact their advisor in ODUGlobal for information on the WSPT and Evaluation of Writing Proficiency. For those students not associated with an ODU site, please contact the Testing Center (<http://www.odu.edu/testing-center>) or ODUGlobal (<https://online.odu.edu/about-us/contact-us/>) at 1-800-482-3957.

Additional information regarding policies and courses can be found on the English Department webpage at <https://www.odu.edu/englishdept> (<https://www.odu.edu/englishdept/>).

Student Complaint Procedure

The University subscribes to the following 2009 statement on professional ethics of the American Association of University Professors, according to which “As teachers, professors encourage the free pursuit of learning in their students. They hold before them the best scholarly and ethical standards of their discipline. Professors demonstrate respect for students as individuals and adhere to their proper roles as intellectual guides and counselors.” The University recognizes that the instructor has the authority to maintain appropriate classroom behavior and respects the academic freedom of the faculty (see Board of Visitors Policy 1403: Academic Freedom). The University will not normally interfere with content or style of teaching activities. The University recognizes the responsibility to establish procedures for addressing student complaints about faculty conduct that is not protected by academic freedom and not addressed in other procedures (see Board of Visitors Policy 1502: Student Rights and Freedoms).

This procedure describes how students may formally complain about inappropriate faculty behavior in formal academic, professional, or research settings. Student-initiated complaints in other areas, including grade appeals, sexual harassment, disability accommodations, and discrimination, are covered under separate policies and are not included in this procedure.

I. General Provisions Procedures

1. **Determination of Appropriate Procedure.** The student is responsible for filing the complaint under the proper procedure. Complaints should only be filed using this procedure if there is no other provision available. *Failure to follow the appropriate procedures may result in the complaint not being heard.*
2. **Student Complaints and Concurrent Procedures**
The act of filing a complaint under this procedure will not normally delay any pending process or procedure involving the student and/or faculty member. Normally, any concurrent process or procedure will move forward independently of the student complaint, though it may be delayed for good cause as determined by the appropriate University official(s).
3. **Retaliation**
No student who files a complaint under this procedure shall be subject to any form of retaliation by any person, department, program or college.

II. Procedures

1. **STEP 1 - Informal Resolution.** Students must first attempt to resolve complaints informally. Given the nature of complaints covered by this procedure, it is expected that in all but the most unusual circumstances, students will first raise the issue with the faculty member. In the event this is not feasible, the student will contact the Department Chair. In instances where there is no Department Chair, the student should contact the Program Director.

2. **STEP 2 - Formal Complaint.** If the issue is not resolved informally, the student may contact the Department Chair or Program Director if there is no Chair. In instances where the Chair is the subject of the complaint, the student should contact the Dean of the College to which the chair is assigned. The student must contact the Chair (or Program Director if there is no Chair or Dean if the Chair is the subject of the complaint) within 30 business days of the action from which the complaint rises or the complaint will be barred. The Chair or Dean has the discretion to accept a complaint filed after this deadline for good cause.

The complaint must be submitted in writing on the Student Complaint Procedure Formal Complaint Form (<https://www.odu.edu/dean-students/submit-a-student-complaint/>) and contain:

- a. The student's name and University Identification Number
- b. The faculty member's name and the course subject area prefix and number
- c. A detailed description of the nature of the complaint
- d. A detailed description of attempts at informal resolution with the faculty member and Chair
- e. A detailed description of the relief sought

C. STEP 3 - Investigation

The Chair may designate a faculty member to investigate the complaint. If the Chair is the subject of the complaint, the student shall contact the academic Dean who will designate a faculty member to investigate the complaint. The person investigating the complaint will meet, either independently or collectively, with the student and the person who is the subject of the complaint within 10 business days from the filing of the complaint. The decision should be issued in writing to the student and the faculty member within 20 business days of the date the complaint is filed.

The complaint process is not intended to be an adversarial hearing and both the interviews of the student and the faculty member will usually be conducted without the other present.

- D. **STEP 4 - Appeal Procedure.** If the student is not satisfied with the resolution in Step 3, the student may file a formal appeal with the appropriate academic Dean. The appeal must be filed within five business days after the decision in Step 3 has been sent. The Dean has the discretion to accept a complaint filed after this deadline for good cause.

The appeal must be submitted in writing on the Student Complaint Procedure Formal Appeal Form (<https://www.odu.edu/dean-students/submit-a-student-complaint/>) and contain:

1. The student's name and University Identification Number
2. The faculty member's name and the course subject area prefix and number
3. A detailed description of the nature of the complaint
4. A detailed description of attempts at resolution with the faculty member and Chair or Program Director
5. A detailed description of the relief sought
6. A copy of the Chair's (or Program Director's) finding and supporting documents. (No new information is permitted.)

1. The Dean shall provide the faculty member and Chair or Program Director a copy of the appeal.
2. The Dean may consider the appeal or appoint a faculty member to consider the appeal. The person appointed shall not have been involved as a decision maker in Steps 1-3 above.
3. The person considering the appeal shall review the materials and issue the finding within 30 business days from the date the appeal is filed. The review of materials will generally occur outside the presence of the complainant and respondent, and it will be limited to a review of the record. The person considering the appeal may

interview any person, such as the original decision-maker, as needed.

4. The person making the decision shall first determine whether the conduct in question is protected by academic freedom and whether the student's complaint is best addressed by this process.
5. At the end of the review, a written decision will be issued. A copy of the decision will be sent to the complaining student, the faculty member, and the Chair or Program Director.
6. The decision by the designee or the Dean is final.

III. Records

A. If the complaint concludes after Step 3 above, the Student Complaint Procedure Formal Complaint Form and all related documents will be kept in a secure location in the department chair's or program director's office for a minimum of three years after the last action.

B. If there is an appeal, the Student Complaint Procedure Formal Complaint Form, the Student Complaint Procedure Formal Appeal Form, and all related documents for each level of review will be kept in a secure location in the Dean's office for a minimum of three years after the last action.

-Approved by the president

May 13, 2011

Revised May 16, 2022

Veterans Grievance Policy

The Virginia State Approving Agency (SAA), is the approving authority of education and training programs for Virginia. Our office investigates complaints of GI Bill beneficiaries. While most complaints should initially follow the school grievance policy, if the situation cannot be resolved at the school, the beneficiary should contact our office via email saa@dvs.virginia.gov.

GI Bill® is a registered trademark of the U.S Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Webs site at <http://www.benefits.va.gov/gibill> (<http://www.benefits.va.gov/gibill/>).

Student Record Policy

(<https://www.odu.edu/about/policiesandprocedures/university/4000/4100/>)

Technical Standards

To successfully complete a program at Old Dominion University, students must meet all academic and technical standards required by the program. Technical standards are all nonacademic criteria or standards for admission to or participation in the program in question. A technical standard is a description of the physical and mental abilities required of students to perform successfully in an academic program. Students are responsible for knowing the technical standards of their intended major program. Technical standards are documents that can and should be used in the advising process, both when students are exploring different majors and when they want specific information on what is required in a particular program.

Copies of all technical standards are located in the following offices: Educational Accessibility, Institutional Equity and Diversity, and University Counsel. In addition, each department chair has a copy. For students requiring accommodations, please contact the Office of Educational Accessibility for assistance. webpage: <http://www.odu.edu/educationalaccessibility> (<http://www.odu.edu/educationalaccessibility/>).

Registration Requirements and Procedures

Office of the University Registrar

The Office of the University Registrar provides a wide variety of student services, including registration, verification of enrollment, maintenance of student records and academic history, transcripts, degree certification and diplomas. A calendar of important dates, the examination schedule, and information about various policies and procedures is available at <http://www.odu.edu/registrar> (<http://www.odu.edu/registrar/>).

The Office of the University Registrar also is responsible for determining in-state tuition status, athletic eligibility, and registration of students enrolling through the Virginia Tidewater Consortium and the Interinstitutional Study Program with Norfolk State University.

Self-service is available for most processes online at <https://my.odu.edu/>. On the Norfolk main campus, walk-up services are available at the office in 1009 Rollins Hall; on the Macon & Joan Brock Virginia Health Sciences at Old Dominion University campus, walk-up services are available at the office in Lewis Hall Building. Additionally, many services are available at the higher education centers. The offices are open Monday-Friday from 8 a.m. - 5 p.m. and can be reached at 757-683-4425 for the main campus, and at 757-446-5806 for VHS campus.

Academic Calendar and Course Scheduling

The academic calendar includes the fall and spring semesters, as well as a summer term. The fall semester begins one or two weeks prior to Labor Day Weekend and ends 16 weeks later. Classes will be held on Saturday and Sunday of Labor Day weekend, but classes are canceled for the Labor Day holiday. A Fall Break is scheduled for mid-October (Columbus Day Weekend) and runs from Saturday through Tuesday of that weekend. Thanksgiving break begins after classes on Tuesday prior to the holiday, and classes resume on the following Monday. Commencement is scheduled on the Saturday after exams have been administered.

Spring semester includes a Winter session that begins after fall commencement and ends before the rest of the spring semester classes begin.

Spring semester begins on Tuesday following the holiday weekend of Martin Luther King (MLK). Spring Break is scheduled eight weeks after the start of classes, from Monday through Saturday. Classes resume on the following Sunday and continue until Monday of week 15 into the semester. A reading day is held the Tuesday after classes end, with exams beginning on Wednesday and continuing to the following Wednesday. Commencement is scheduled on the Friday and Saturday after exams have been administered; Saturday is the degree conferral date.

Summer term includes a three-week Maymester, along with one 12-week and two six-week sessions.

Note: Asynchronous courses may or may not follow these terms. The University will determine the duration of each course, and students may opt for self-paced study when enrolling in this online format.

Summer Term and Winter Session

Old Dominion University offers a summer program that includes a three-week Maymester, along with one 12-week and two six-week sessions. More than 1,200 graduate and undergraduate courses are offered on campus, off campus and online during the summer months.

The University also offers select classes during winter session, which is between the December graduation date and the start of spring semester classes.

The exact dates for the summer and winter sessions are listed on the Registrar's Office website at www.odu.edu/registrar (<http://www.odu.edu/registrar/>).

Course Numbering

Courses numbered 100 are primarily for freshmen, 200 for sophomores, 300 for juniors, and 400 for seniors. All 300- and 400-level courses require a prerequisite of a specific course(s), junior/senior standing, and/or permission of the instructor.

Courses at the 500, 600, 700, and 800 levels are generally for graduate credit.

Courses at the 500 level are cross-listed to undergraduate 400-level courses, with additional work and higher-level outcomes required for 500-level courses. Except in cases where topical content changes by each semester, cross-listed courses taken previously at the 400 level may not be retaken at the 500 level. A limited number of 500-level courses may be used to satisfy the requirements for a master's degree, education specialist degree, or a doctoral degree.

Courses at the 600 level form the core of master's programs, including those taken in connection with a thesis, and they are not cross-listed with numbers at other levels. A limited number of 600-level courses may be used to satisfy the requirements for a doctoral degree.

700- and 800-level courses are generally, but not always, cross-listed. 700-level courses are generally reserved for master's students and 800-level courses for doctoral students. When 700- and 800-level courses are cross-listed, additional work and higher-level outcomes are required for 800-level courses. Except in cases where topical content changes, cross-listed courses taken previously at the 700 level may not be retaken at the 800 level. A limited number of 700-level courses may be used to satisfy the requirements for a doctoral degree.

Education specialist students may take courses at the 600, 700, or 800 levels depending on their program's curricula.

General Education undergraduate courses are designated by the fourth digit in the course number. At the lower division, the following designations are used: for skills courses, C=Composition, F=Language and Culture, G=Information Literacy and Research, M=Mathematics and R=Oral Communication; for Ways of Knowing courses, A=Human Creativity, H=Interpreting the Past, L=Literature, P and E=Philosophy and Ethics, N=the Nature of Science, S=Human Behavior and T=Impact of Technology. Writing intensive courses are designated by a W in the fourth digit.

Course numbers ending in "29" at all levels are reserved for courses taken through the Virginia Tidewater Consortium Exchange Program.

Topics course numbers include 195, 196, 295, 296, 395, 396, 495, 496, 595, 596, 695, 696, 795, 796, 895, and 896. These numbers are generally to be used to designate topics courses taught as a class. The particular topic for that semester should be listed in the semester schedule. Where a particular topic is offered more than two or three times, it should be approved as a regular course offering and given its own course number.

Individual and Tutorial course numbers include 397, 398, 497, 498, 597, 697, 797, and 897. These numbers are generally to be used to designate courses involving individual or tutorial study within a discipline. These individually arranged courses will require prior approval by the department chair and/or instructor.

Cooperative Education course numbers are 367, 667, and 867.

Internship course numbers are generally 368, 668, and 868.

Practicum course numbers are generally 369, 669, and 869.

Extracurricular Activities course numbers are 377 and 378. These numbers are reserved for departments interested in granting credit for extracurricular activities at the undergraduate level.

Honors course numbers include 126, 127, 128, 226, 227, 228, 387, 388, 487, and 488. These numbers are reserved for departments interested in offering honors courses at the undergraduate level.

Seminar, Colloquium, and Capstone course numbers include 690, 691, 692, 693, 890, 891, 892 and 893.

Research/Project course numbers are generally 698 for the master's level and 898 for the doctoral level.

The Thesis course number is 699 and is reserved for the master's thesis.

The Dissertation course number is 899 and is reserved for doctoral dissertation courses.

The Continuous Enrollment course number 999 is available for the purpose of maintaining active status at the doctoral level. All students are required to be enrolled the semester in which they graduate, and all doctoral students who have advanced to candidacy are required to be registered for at least one graduate credit hour each term (fall, spring, and summer) until the degree is completed.

Once a course number has been deactivated it may not be reused for a different course for a period of six academic years.

Normal Course Load for Undergraduate Students

The University considers the carrying of 12 or more credit hours during the fall and spring semesters to be full time for undergraduate students; 15 hours is considered a normal course load. Students seeking to enroll in more than 18 credit hours must have a 3.00 or better overall grade point average. In addition, they must obtain the recommendation of their advisor and written permission from the dean or designee of the college in which their major or intended major program resides. A student on academic warning or probation may not enroll in more than 15 credits per semester (fall or spring) of attendance, except under extenuating circumstances and with the permission of the dean or designee of the college in which the student is enrolled. Otherwise, the actual course load is entirely the prerogative of the student.

During the summer term, an undergraduate student is considered to be full time if he or she is enrolled in nine hours. A student may not enroll in more than nine hours in a six-week session without the recommendation of the advisor and written permission of the dean or designee of the college in which the major or intended major program resides. Students seeking to enroll in more than nine hours in a six-week session or more than 15 hours in the summer term must have a 3.00 or better overall grade point average. A student on academic warning or academic probation may not enroll in more than six credits in the summer term and no more than one course in any single summer session. No student may enroll in more than 15 hours during the summer term without the recommendation of the advisor and written permission from the dean or designee of the college in which the major or intended major program resides.

Exceptions to the 3.00 grade point average requirement may be made by the dean or designee of the college in which the student's major or intended major program resides.

Spring semester includes a winter session that begins after fall commencement and ends before spring semester classes begin. Summer term includes a three-week Maymester, along with one 12-week and two six-week sessions. A student may not enroll in more than four hours during winter session or Maymester. Credits earned during winter session and/or Maymester will not count against the semester's credit caps.

Non-degree students must obtain written permission from the Assistant Vice President for Academic Student Success to enroll in more than 18 credit hours.

Classification of Undergraduate Students

A sophomore must have completed 30 semester hours. A junior must have completed 60 semester hours. A senior must have completed 90 semester hours.

Transfer students will be classified based upon credit hours accepted by Old Dominion University.

Classification of students will be determined at the end of each semester.

Pre-registration and Time Ticketing

Electronic Time Ticketing - Old Dominion University ([odu.edu](https://ww1.odu.edu/academics/courses-registration/registration/time-ticketing/)) (<https://ww1.odu.edu/academics/courses-registration/registration/time-ticketing/>)

Priority Preregistration for Active Duty, Veterans, Reservists and Virginia National Guard Service Members

Code of Virginia § 23.1-904 (C) states that:

The governing board of each public institution of higher education shall, in accordance with guidelines developed by the State Council of Higher Education for Virginia, implement policies that recognize the scheduling difficulties and obligations encountered by active-duty members of the United States armed forces.

The State Council of Higher Education for Virginia in consultation with the Military Education Advisory Committee (MEAC) has issued guidelines that require state colleges and universities to establish course registration policies that provide reasonable accommodation to students who are active-duty military members, veterans, reservists and Virginia National Guard members. The policy can be found at the following link: <https://www.odu.edu/about/policiesandprocedures/bov/board-of-visitors-policy-1418> (<https://www.odu.edu/about/policiesandprocedures/bov/board-of-visitors-policy-1418/>).

Staff in the Office of the University Registrar, Military Connections Center, and the Office of Admissions will be trained to communicate the policy to students who may be qualified for this benefit.

Class Schedule Changes and Drop/Add Procedures

During the fall and spring semesters, students may add and drop classes within the first 11 calendar days after the first day of classes for the semester (for full semester classes). Please refer to www.odu.edu/registrar (<http://www.odu.edu/registrar/>) and click on the link to "Academic Calendar" for the dates to drop classes in courses not spanning the full semester.

Once registered, a student must drop or add classes via the secure website at <https://portal.odu.edu>, click LEO online or submit a completed drop/add form to the Office of the University Registrar. The date the form is received in the Office of the University Registrar or processed via LEO determines tuition adjustments, if applicable. If needed, drop/add forms can be downloaded from the Registrar's Office website: <http://odu.edu/registrar/forms> (<http://odu.edu/registrar/forms/>) and submitted electronically to register@odu.edu.

First-year students are strongly encouraged to seek advising before dropping or adding any class. Students enrolled in degree programs in which sequencing is critical are urged to consult their academic advisors before scheduling changes. In such programs, dropping of courses without prior consultation with academic advisors may necessitate additional time to complete University and/or departmental degree requirements.

See the academic calendar in this Catalog or at <https://www.odu.edu/academics/calendar> (<https://www.odu.edu/academics/calendar/>) and click on the link to "calendars" for the dates for adding or dropping classes. For information regarding the refund schedule, see the chapter on Tuition, Fees and Financial Information or go to the Office of Finance's web page at www.odu.edu/finance (<http://www.odu.edu/af/finance/>). There may also be financial aid implications to dropping or withdrawing from a course. For more information about how financial aid could be impacted, seek advice from a financial aid advisor or visit the Office of Financial Aid website at www.odu.edu/financialaidoffice/manage/dropping-a-class (<https://www.odu.edu/financialaidoffice/manage/dropping-a-class/>).

ODU does not automatically drop or withdraw students from classes for failure to attend or failure to pay tuition. The student must initiate the process to withdraw from classes.

Withdrawal From Classes or From the University

Policy for Dropping and Withdrawing From Classes

Dropping Classes

Prior to the start of and during the first 11 calendar days of the semester, a student may drop a course; during this period no grade will be assigned and no record of the course will be entered on the student's permanent academic record. Please refer to www.odu.edu/registrar (<http://www.odu.edu/registrar/>) and click on the link to "Academic Calendar" for the dates to drop classes in courses not spanning the full semester.

Withdrawal from Classes

After the first 11 calendar days of the semester, a student may withdraw from any course through the end of the twelfth week of classes of a regular semester not including the exam period. For all other non-standard semester courses (i.e., Summer Sessions, Maymester, Winter Session, or eight-week sessions), a student may withdraw after the drop/add period through the day prior to the last day of classes for that session. A grade of W will be assigned during this period. However, some degree programs have withdrawal, continuance and progression policies that supersede this policy because of the nature of the professional standards and practices underlying the specific curriculum. Students should consult with their advisor or student success coach (for online students) to determine if there are more stringent requirements for withdrawing from courses in specific majors.

Withdrawal from a course after the twelfth week of a regular session (or its equivalent in a non-semester course) is usually not permitted. However, in the event of an illness or other severe hardship beyond the student's control, the student should submit, no later than the last day of classes, a written petition for permission to withdraw to the instructor. If permission is granted, a grade of W will be recorded. If permission is not granted, the student will not be allowed to withdraw from the course. Any appeal of decisions should be brought to the department chair.

Please refer to www.odu.edu/registrar (<http://www.odu.edu/registrar/>) and click on the link to "Academic Calendar" for the dates to withdraw from classes in courses not spanning the full semester. Information on tuition refunds can be found on the Office of Finance website at <https://www.odu.edu/tuition/refunds> (<https://www.odu.edu/tuition/refunds/>).

Students are encouraged to contact their instructor, advisor, and Student Success Director (for online students) to discuss the implications of withdrawing. Prior to withdrawing from any course, students receiving financial aid should consult their financial aid counselor. Course withdrawal may adversely impact satisfactory academic progress for financial aid purposes and limit the student's ability to continue receiving financial aid.

Withdrawal from a course after the last day of classes of a regular semester (or after the day prior to the last day of classes for non-semester courses) is not permitted.

Students who have a financial hold on their record are not able to withdraw from classes online. However, they may withdraw by the published deadline at the Registrar's Office between 8:00 a.m. and 5:00 p.m. Monday-Friday or by email to register@odu.edu (register@odu.edu). The office is located at 1009 Rollins Hall.

A student who stops attending classes without withdrawing from the course will receive a grade of WF, except if the student's performance was an F at the time the student stopped attending class, in which case a grade of F will be assigned. The grade of WF will carry no grade points, and will be computed in the grade point average as a grade of F.

ODU does not automatically drop or withdraw students from classes for failure to attend or failure to pay tuition. The student must initiate the process to withdraw from classes and file a Tuition Appeal if applicable.

Tuition Appeal forms and full details are available from the Office of Finance web site: <https://www.odu.edu/tuition/refunds/appeals> (<https://www.odu.edu/tuition/refunds/appeals/>).

Drop and Withdrawal Deadlines

Specific deadline dates for dropping and withdrawing from classes can be found on the Academic Calendar at <https://odu.edu/academics/calendar> (<https://odu.edu/academics/calendar/>).

Administrative Withdrawal From the University

During the course of any semester, there will be situations, such as severe illness, death in the immediate family, or disciplinary actions, which will require that the University initiate an administrative withdrawal from the University to assist a student or to implement a University-imposed sanction. The following procedures will be used.

1. The request for withdrawal is initiated either by the student because of an extenuating personal situation or by the University because of a disciplinary situation.
2. This action will normally be handled by the Vice President for Student Enrollment, Engagement & Services or designee. If the student initiates the withdrawal, the Office of the Vice President for Student Enrollment, Engagement & Services will determine what verification is necessary and document the situation.
3. A request will be submitted to the Office of the University Registrar to withdraw the student from all classes.
4. The student's instructors will be notified. If the student is withdrawing after the last day of classes, part of this notification will include the opportunity for the faculty member to raise objections if the student's classroom performance is such that a withdrawal (W) would not be appropriate. If a faculty member objects, the faculty member will inform the University Registrar and the original grade assigned by the faculty member will stand.
5. The request for withdrawal must be initiated by the student within one calendar year counting from the first day of classes of the term for which administrative withdrawal is sought. Requests for withdrawal that have the necessary documentation but are received after the one-year deadline may be reviewed by an appeals committee consisting of at least three members and including both faculty and administrators, to be convened by the Director of Student Outreach and Support in Student Enrollment, Engagement & Services. These requests must include clear and compelling reasons for not submitting the request within one calendar year.
6. Tuition refund appeals are handled separately and must be submitted to the Office of Finance. Students submitting requests after the one-year deadline are not eligible for a tuition appeal.
7. Students receiving financial aid should consult their financial aid counselor prior to submitting a tuition refund appeal.

Any exceptions for undergraduate students must be approved by the Vice Provost for Academic Affairs or designee. Exceptions for graduate students must be approved by the Dean of the Graduate School.

Sudden Withdrawal and Prolonged Absence Due to Military Mobilization

Guidelines are provided for students whose service in the armed forces of the United States has required their sudden withdrawal or prolonged absence from enrollment at Old Dominion University. The policy can be found at the following link:

<https://www.odu.edu/about/policiesandprocedures/bov/board-of-visitors-policy-1416> (<https://www.odu.edu/about/policiesandprocedures/bov/board-of-visitors-policy-1416/>)

Audit Status

The audit grading status is available for students who would like to enroll in a course for the knowledge gained or personal satisfaction, not for academic credit. Any course that is elected to be carried as an audit will be subject to the normal fees and regulations of the University. Regular attendance is expected, but neither tests nor examinations are required. No grade will be recorded, except that an instructor may assign a grade of "W&" to a

student who misses an appreciable portion of the classes. The student's record will be marked "audit" by the course so elected. A student may not audit a course and subsequently seek advanced placement credit for the same course. A student may audit a course and register for the same course for credit in a subsequent semester. Registration for the audit option must be selected by the end of the drop/add period in the given semester. Any course elected for audit cannot be changed to that of credit status after the end of the "add" registration period. Students receiving financial aid should be aware that registering for audit status may affect their financial aid eligibility. Selection of the audit status is accomplished through the normal registration procedures.

Student-Elected Pass/Fail Course Option For Undergraduate Students

1. The option to select courses for pass/fail credit is open to the undergraduate student who has been accepted by a department as a major.
2. Courses within the student's major or minor, or courses necessary to meet a departmental, school, or college requirement, or University General Education Requirement, may not be taken under this option.
3. A maximum of 12 hours of student-elected pass/fail credit may be applied to the student's baccalaureate degree unless in teacher education programs. Majors in teacher education programs may apply only three hours of student-elected pass/fail credit.
4. Instructors will have knowledge of which students in their courses are enrolled for pass/fail credit.
5. A student receiving a P will receive credit for the hours, but will not receive grade points, and the hours will not be counted in the computation of the grade point average. A student receiving an F will not receive credit for the course and there will be no penalty, although the failure will appear on his or her transcript.
6. A student electing the pass/fail option for a particular course cannot change his or her registration and elect to take the course for grade point credit after the end of the "add" period. Similarly, courses cannot be elected as pass/fail after the end of the "add" period.
7. All prerequisites must be met for any course taken under the pass/fail option.

Course Offerings for Credit and Noncredit

If a course is offered as both a noncredit and a credit offering, students must elect one or the other prior to the add/drop deadline. They will pay the fee/tuition for the elected offering by the tuition deadline. Students who register for a noncredit course may not elect to receive credit for it at any point after the add/drop deadline. Completed noncredit work may be reviewed as part of a Prior Learning Assessment to determine if the award of academic credit is appropriate. Noncredit courses will not meet undergraduate or graduate degree requirements.

Attendance at Other Institutions

Students who are enrolled at Old Dominion University may attend another institution and transfer credit earned there back to a degree program at Old Dominion University. While formal Old Dominion University permission is not required, students should consult the academic advisor to ensure that the credits to be taken at the other institution will transfer to the Old Dominion University program in which the student is enrolled. A complete list of transferable courses that have already been evaluated can be found on the Transfer Student Centers (<https://www.odu.edu/transfer/transfer-centers/>) website. If deemed equivalent and the student has earned at least a grade of "C," courses will appear on the Old Dominion University transcript as transfer credit and can be used for general education, major or minor requirements or elective credit. No grade points or hours are calculated into the Old Dominion University grade point average; only hours awarded count toward the total number of credits required for the degree. An official transcript from the other institution must be mailed directly to: Office of Undergraduate Admissions, 1004 Rollins Hall, Norfolk, VA 23529.

The other institution may ask the student to provide documentation of good standing or eligibility to continue at Old Dominion. These forms should be

submitted to the Office of the University Registrar. Forms that require the student to demonstrate that the course(s) will be accepted for transfer credit at Old Dominion University should be submitted directly to the academic advisor.

It is recommended that students not enroll in courses at another institution during the semester the student intends to graduate.

Virginia Tidewater Consortium Exchange Program

Old Dominion University students may take courses at any of the following Consortium institutions: Christopher Newport University (Newport News), College of William and Mary (Williamsburg - limited number of graduate courses only), Eastern Shore Community College (Melfa), Hampton University (Hampton), Joint Forces Staff College (Norfolk), Norfolk State University (Norfolk), Camp Community College (Franklin), Regent University (Virginia Beach), Virginia Peninsula Community College (Hampton), Tidewater Community College (all campuses), and Virginia Wesleyan College (Norfolk).

Cross-registration is subject to the following regulations:

1. Cross-registration is limited to degree-seeking students with an ODU cumulative grade point average of 2.00 or better.
2. Cross-registration credit is limited to 30 semester hours.
3. Cross-registration in major courses requires the permission of the department chair.
4. Cross-registration is limited to courses not available to students at the home institution during the current semester. Exceptions to this requirement must be made by the chair of the department offering the course.
5. Cross-registration courses count as resident credit at the home institution, not the host institution.

For further information, please contact the Office of the University Registrar at (757) 683-4425 or visit the office in Rollins Hall.

Declaration or Change of Major or Minor for Undergraduate Students

Upon entrance to the University, students are assigned either to an advisor in the Center for Major Exploration or to an advisor in their college or department of interest. Online students work with their assigned online Student Success Director as their main advisor, with a college advisor on campus assigned as the final authority. Acceptance of a student for advising purposes does not guarantee acceptance into the department as a major. Acceptance of a student as a major in a program cannot occur until all requirements for acceptance have been met. These requirements vary depending upon the major. Specific inquiries concerning requirements should be made to the academic college, school or department involved, or the Student Success Director. In all cases a student must successfully complete ENGL 110C before declaring a major.

A student must be accepted as a major in an academic program before the student may become a degree candidate or apply for graduation. Students cannot receive a degree in an academic program unless they have met all requirements for acceptance and have been accepted into that academic program. Students should declare their major by the time they earn between 45-60 credit hours in order to meet requirements of their intended major in a timely manner. Non-degree students may not declare majors until admitted to degree status.

Students must contact the department of the intended major or their Student Success Director to formally declare a major. Upon meeting the University, college, and departmental/school requirements for declaring the major and/or minor, the academic advisor or the Student Success Director in the interest area will officially declare the major and/or minor on the student's behalf.

Graduate Credit for Old Dominion University Undergraduates

Undergraduate Students Enrolled in Linked Undergraduate to Graduate Degree Programs

Old Dominion University hosts a number of linked undergraduate to graduate programs, including bachelor's to master's programs and bachelor's to doctoral programs, that permit undergraduate students to begin graduate study as early as the junior year. For linked bachelor's to master's programs, students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree, 30 discrete credit hours for the graduate degree). For linked bachelor's to doctoral programs, students must earn a minimum of 198 credit hours (120 discrete credit hours for the undergraduate degree, 78 discrete credit hours for the graduate degree).

Undergraduate students enrolled in linked graduate degree programs at Old Dominion University may take up to 21 hours of graduate credit that can be applied toward their undergraduate degrees. Of these 21 hours of graduate credit, up to 12 can be applied toward both the undergraduate and graduate degrees. This option is available only to those students who have satisfied all admission and continuation requirements of the specific linked programs. All graduate hours applied to the undergraduate degree will be counted in the undergraduate grade point average, will appear on the undergraduate transcript, and will be used to determine graduation with honors. Undergraduate students accepted into linked graduate degree programs will be formally admitted to the graduate program following receipt of the bachelor's degree.

Approved Bachelor's to Master's and Bachelor's to Doctoral Linked Degree Programs can be found at the link below.

https://catalog.odu.edu/undergraduate/registrationrequirementsandprocedures/linked_programs/ (p. 71)

Undergraduate Students with Senior Standing but not Enrolled in Programs with a Linked Graduate Degree Option

An Old Dominion University undergraduate degree-seeking student with senior standing and a 3.30 or better grade point average in the major field of study may be allowed to take up to 12 hours of graduate course work for graduate credit, upon approval of the instructor of the graduate course, the chair and graduate program director of the department offering the graduate course, and the chair or chief departmental advisor of the student's undergraduate major department. Up to six hours of graduate credit taken prior to completing the undergraduate degree may be applied toward the undergraduate degree. The graduate credit may be used as a substitution for required undergraduate courses only with the approval of the department chair or chief departmental advisor of the student's undergraduate program. All graduate hours applied to the undergraduate degree will be counted in the undergraduate grade point average, will appear on the undergraduate transcript, and will be used to determine graduation with honors. The combined undergraduate and graduate hours taken during any semester must not exceed 18. The proper request form, Request of Old Dominion University Undergraduate to Take Graduate Courses, is available in the Office of the University Registrar. This option is available only to degree-seeking undergraduate students at Old Dominion University.

Students who apply graduate credit to their undergraduate degree and continue in a graduate program at Old Dominion University in the same area must earn a minimum of 30 discrete credit hours for a master's degree and 78 discrete credit hours for a doctoral degree.

Completion of Requirements for Undergraduate Students (Catalog Year)

Undergraduate students may choose to graduate under the Catalog in effect at the time of their first enrollment (part-time or full-time) or any subsequent Catalog provided that the students graduate within six years (18 semesters)

from the date of the first enrollment. For example, students beginning in the fall 2023 semester may use any Catalog in effect from fall 2023 through the end of the 2029 summer term, students beginning in spring 2024 may use any Catalog in effect from spring 2024 through the end of the fall 2029 semester, and students beginning in summer 2024 may use any Catalog in effect from summer 2024 through the spring 2030 semester. If students do not graduate within this six-year period, they may choose to graduate under any Catalog in effect within the six-year period preceding the date of graduation. For example, students graduating in spring 2024 may use any Catalog in effect from summer 2018 through spring 2024, students graduating in summer 2024 may use any Catalog in effect from fall 2018 through summer 2024, and students graduating in fall 2024 may use any Catalog in effect from spring 2019 through fall 2024.

In all cases, students must have been duly admitted to the University and an academic program of study and meet all of the requirements for graduation in one catalog. Students may not "tailor make" their own degree requirements by selecting partial requirements from more than one catalog.

Degree Completion (Graduation) Application

Undergraduate students who have earned at least 102 credits and met other minimal requirements will be reminded via email to the ODU email address to begin the review process and to apply for graduation if eligible.

Qualified students should access and download a current copy of the Degree Works degree evaluation from <https://portal.odu.edu/> and consult with the academic advisor or Student Success Director (for online students) prior to submission of the application for graduation to ensure that degree requirements are being met. Students who have elected a minor must consult a representative in the minor department to ensure that minor requirements are being met. After meeting with the academic advisor and verifying eligibility for graduation, students should submit the online application for graduation. Paper applications for graduation are not accepted.

All students should apply for graduation during the semester prior to the expected completion of degree requirements. The deadline to apply for graduation and have the student's name printed in the commencement book is generally the last day of November, February and June for the following semester. Students applying after these dates may not appear in the commencement book. Complete instructions and specific deadlines are published on the Registrar's Office website, www.odu.edu/registrar (<http://www.odu.edu/registrar/>). All students should apply for graduation by using the online process at LEO Online.

Students pursuing two degrees simultaneously must submit graduation applications for each degree.

Students can view their application and degree status in LEO Online. Once the application has been processed, the student's graduation status appears as "accepted." The status changes to "awarded" once the degree is conferred. Degree conferral occurs after the official date of graduation and may take up to six weeks.

Students who do not complete degree requirements as expected will be notified via email and must reapply for the graduation date in which they will complete their degree. Students should check Degree Works for notes about missing requirements.

Graduation Clearance

All degree requirements must be completed no later than the last day of exams for the term in which graduation is anticipated. Students attending classes at other institutions should ensure that the course(s) and examination(s) taken at the other institution will be completed no later than the date of conferral for the semester published in the Academic Calendar. If all coursework is not completed by this date, awarding of the degree may be delayed until the next scheduled conferral date. In addition to departmental academic requirements specific to the major, minor, or degree program, prior to conferral of the degree, undergraduate students must complete the senior assessment (survey) and meet the University's undergraduate writing program requirement, which is completion of the following courses with a grade of C (2.0) or better: ENGL 110C, ENGL 211C or ENGL 231C,

and the writing intensive (W) course in the major. The writing intensive course must be taken at Old Dominion University and cannot be met through transfer coursework or through enrollment in the Virginia Tidewater Consortium. Students should also refer to the sections of this Catalog on Baccalaureate Degree Requirements, Residency Requirements for Baccalaureate Degrees, and specific requirements for their degree program.

Students are responsible for monitoring their own progress toward degree completion and for meeting all graduation requirements. Students are encouraged to monitor the following specific University requirements: general education, foreign language, transfer work evaluation, and upper-level requirements. Students are also reminded that academic advising in the major department is extremely important to the successful completion of the degree being sought.

Graduation with Honors

Baccalaureate Degrees

Baccalaureate degrees with honors are conferred in accordance with the following cumulative grade point averages on work attempted at Old Dominion University:

Honors	Minimum Number of Credit Hours	Minimum Number of Grade-Point Graded Hours
Cum Laude 3.4-3.65	60	54
Magna Cum Laude 3.66-3.85	60	54
Summa Cum Laude 3.86-4.00	60	54

These designations apply only to candidates who have completed 60 or more credit hours of work at Old Dominion University. At least 54 of the hours must be in grade-point graded courses. Honors designations will be posted to students' records and appear on the diploma.

Candidates who transfer to Old Dominion and thus do not qualify for honors designations because they have not completed 60 hours at Old Dominion University but who have 45 or more graded hours at Old Dominion University with a cumulative grade point average of 3.66 or higher will be recognized as graduates with distinction. This information will be posted to students' records and appear on the diploma.

To determine eligibility for graduation with honors or with distinction, the student's complete record, including grades and hours for courses that have been forgiven using grade forgiveness or adjusted through the Adjusted Resident Credit policy, will be evaluated to calculate the final grade point average. If the student's overall average is sufficient, graduation with honors or with distinction will be posted to the student's record and appear on the diploma.

Credit earned under the Prior Learning Assessment credit options (advanced placement, University exams, departmental exams, external exams such as CLEP and DANTES, portfolio review, and training) does not apply to the 60 credit hours required for graduation with honors or the 45 hours required for graduation with distinction.

For students in approved linked undergraduate to graduate degree programs, all graduate hours applied to the undergraduate degree will be counted in the undergraduate grade point average, appear on the undergraduate transcript, and be used to determine graduation with honors.

Departmental Honors

Undergraduate students may earn the designation of departmental honors on their diplomas. Minimum University standards for departmental honors are:

- Minimum cumulative GPA of 3.25.
- Minimum GPA in the major of 3.50.
- Completion of at least two 300- or 400-level courses designated by the department to be honors courses.

- Completion of at least 60 credit hours at Old Dominion University, 54 of which must be in grade-point graded courses.

Undergraduate students who meet all the criteria for departmental honors except the credit-hour requirement may earn the designation of with distinction on their diplomas with the completion of a minimum of 45 graded hours at Old Dominion University.

Candidates who have used grade forgiveness or adjusted resident credit should be aware that the enhanced grade point average determined by use of these procedures does not determine eligibility for departmental honors. To determine eligibility for departmental honors, the student's complete record, including grades and hours for courses that have been forgiven or adjusted, will be evaluated to calculate the final grade point average. If the student's overall average is sufficient, departmental honors will be posted to the student's record.

Credit earned under the Prior Learning Assessment credit options (advanced placement, University exams, departmental exams, external exams such as CLEP and DANTES, portfolio review, and training) does not apply to the 45 credit hours required for departmental honors.

For students in approved linked undergraduate to graduate degree programs, all graduate hours applied to the undergraduate degree will be counted in the undergraduate grade point average, appear on the undergraduate transcript, and be used to determine departmental honors.

Individual departments may set other eligibility standards in addition to the University standards.

Contract Honors Courses

Students with a grade point average of at least 3.25 may transform any upper-division course into an Honors course on an individual basis. With the advice and consent of the instructor, students take one or more courses that can be converted into Honors. No grade below B is accepted for Honors designation. In addition, contract honors courses may be used to meet requirements for departmental honors. Interested students should contact the Perry Honors College for additional information.

Commencement

Commencement exercises are intended for students who are eligible and reasonably expect to complete degree requirements to graduate from the University within the current or following graduation period.

Commencement ceremonies are managed through the Commencement Office. Information about requirements for participation in commencement ceremonies is available at <https://www.odu.edu/commencement> (<https://www.odu.edu/commencement/>). To be eligible to participate in ceremonies, candidates must indicate their intent when they apply for graduation; any change, including changes to graduation dates, must be communicated to the Commencement Office.

May commencement ceremonies are intended for candidates graduating in May and students who expect to complete studies in August. December commencement ceremonies are intended for candidates graduating in December and students who completed studies the preceding August.

Students who expect to attend commencement ceremonies must have applied for graduation. Tickets will not be provided by the Commencement Office to students that have not applied. Participation in commencement ceremonies does not confirm that a degree has been (or will be) conferred. Degree conferral may take four to six weeks from the date of the commencement ceremony. With the exception of doctoral degrees, diplomas are not distributed at commencement.

Diplomas

Diplomas are mailed to the student's permanent address in Banner approximately 6-8 weeks after graduation. Students should verify address information in LEO when applying for graduation.

The student's legal name (as maintained in the official student record) and the degree title (Bachelor of Arts, Bachelor of Science, etc.,) appear on the

diploma. Neither the major nor the minor appears on the diploma, but will appear on the transcript.

Transcripts

Transcripts are provided by the Office of the University Registrar and are issued only as requested through LEO Online. Official electronic transcripts (PDF) can be ordered through Parchment, the University's electronic transcript service provider. Transcripts should be requested at least five business days before the date needed to allow for processing and delivery. Students picking up transcripts must present valid identification. Students may access and print unofficial transcripts for personal use through LEO Online at no charge.

All grades, academic standing, degrees awarded, and degree honors are included on the transcript. Recent graduates that need to show proof of the degree earned should confirm that the graduation status in Leo Online shows "Awarded" prior to ordering a transcript.

An official transcript carries the University Seal and an authorized signature. Official transcripts are usually mailed directly to educational institutions, employers, etc. Any transcript mailed to or given directly to a student will be marked, "Issued to Student." Partial transcripts are not issued; each transcript must include the student's complete record at Old Dominion University. A transcript of work completed at any high school or at any college other than Old Dominion University must be obtained directly from that institution.

Linked Programs

Approved Bachelor's to Master's Linked Degree Programs

Please refer to your specific program page and consult with an advisor for additional information. The programs listed below are bachelor's to master's programs for specific subject areas.

College of Arts and Letters

- Bachelor of Arts or Bachelor of Science (various majors) to Master of Business Administration (see below for details)
- Bachelor of Arts or Bachelor of Science (various majors) to Master of Public Administration (see below for details)
- Bachelor of Arts in English to Master of Arts in Applied Linguistics (<http://catalog.odu.edu/undergraduate/arts-letters/english/english-applied-language-studies-ba/#mastersdegreeoptiontext>)
- Bachelor of Arts in Art History to Master of Arts in Humanities (p. 244)
- Bachelor of Arts or Bachelor of Science in Communication to Master of Arts in Humanities (p. 244)
- Bachelor of Arts or Bachelor of Science in Communication to Master of Arts in Lifespan and Digital Communication (p. 244)

The linked bachelor's/master's degree in communication/lifespan and digital communication is administered by the Communication and Theatre Arts Department. The purpose of this option is to allow exceptional majors in communication to count up to 12 hours of 500-level graduate coursework towards both the BA or BS in communication and, if accepted, the MA in lifespan and digital communication. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credits for the undergraduate degree and 30 discrete credits for the graduate degree). For more information, please contact Dr. Gary Beck.

- Bachelor of Arts or Bachelor of Science in Geography to Master of Arts in Humanities (p. 244)
- Bachelor of Arts in History to Master of Arts in History (p. 236)
- Bachelor of Arts or Bachelor of Science in Interdisciplinary Studies (Individualized Integrative Studies) to Master of Arts in Humanities (p. 244)
- Bachelor of Arts in International Studies to Master of Arts in International Studies (p. 313)
- Bachelor of Arts in Philosophy to Master of Arts in Humanities (p. 244)
- Bachelor of Arts in Visual Studies to Master of Arts in Humanities (p. 244)
- Bachelor of Arts in Women's Studies to Master of Arts in Humanities (p. 244)
- Bachelor of Arts in World Languages and Cultures to Master of Arts in Humanities (p. 244)
- Bachelor of Fine Arts (Art) to Master of Arts in Humanities (p. 244)

Strome College of Business

- Bachelor of Arts or Bachelor of Science (various majors in other colleges) to Master of Business Administration
- Bachelor of Arts or Bachelor of Science (various majors in other colleges) to Master of Public Administration
- Bachelor of Science in Business Administration to Master of Business Administration
- Bachelor of Science in Business Administration to Master of Public Administration
- Bachelor of Science in Business Administration to Master of Science in Accounting (p. 376)

School of Cybersecurity

- Master of Science in Cybersecurity (may be available in various BA and BS programs)

School of Data Science

- Master of Science in Data Science and Analytics (may be available in various BA and BS programs)

Darden College of Education and Professional Studies

- Bachelor of Science (various majors) to Master of Business Administration (see below for details)
- Bachelor of Science (various majors) to Master of Public Administration (see below for details)
- Bachelor of Science (various majors) to Master of Science in Education (contact program director for details).

Batten College of Engineering and Technology

- Bachelor's to Medical Doctor (in cooperation with Eastern Virginia Medical School)
- Bachelor's in Engineering or Engineering Technology to Master's programs in Engineering
These are designed to allow qualified students to secure a space in a master's program available in the Frank Batten College of Engineering and Technology while they are still pursuing their undergraduate degrees. An eligible student can choose a master's program in the same discipline as his/her bachelor's program or in a complementary discipline. Subject to the approval of the undergraduate and graduate program directors, a student enrolled in a linked program can count up to six credit hours of course work towards both the undergraduate and the graduate degrees. Full-time students may be able to complete the requirements for the bachelor's degree in four years and the master's degree in one additional year. Students in linked programs must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Students who are matriculated in an undergraduate major in the Frank Batten College of Engineering and Technology with a GPA of at least 3.00 overall and 3.00 in the major are eligible to apply for admission to a linked bachelor's/master's program. Transfer students who desire to be admitted to a linked program at the time they join an undergraduate major at Old Dominion University are eligible to apply if their overall GPA at their previous institution is 3.25 or higher. Prerequisite courses may be required for engineering technology majors to pursue a master's degree in engineering.

Continuance in a linked bachelor's/master's program requires maintenance of a GPA of 3.00 or higher overall and in the major.

College of Health Sciences

- Bachelor of Science in Dental Hygiene to Master of Science in Dental Hygiene (p. 626)

School of Nursing

- Bachelor of Science in Nursing to Master of Science in Nursing (p. 649)

Joint School of Public Health

- Bachelor of Science in Public Health to Master of Public Health (p. 663)

College of Sciences

- Bachelor of Science (various majors) to Master of Business Administration (see below for details)
- Bachelor of Science (various majors) to Master of Public Administration (see below for details)

- Bachelor of Science (various majors) to Medical Doctor (in cooperation with the Eastern Virginia Medical School)
- Bachelor of Science in Biochemistry to Master of Science in Chemistry (p. 696)
- Bachelor of Science in Chemistry to Master of Science in Chemistry (p. 703)
- Bachelor of Science in Computer Science to Master of Science in Computer Science (p. 718)
- Bachelor of Science in Computer Science to Master of Science in Data Science and Analytics (p. 718)
- Bachelor of Science in Mathematics to Master of Science in Computational and Applied Mathematics (p. 726)

General Linked Program Options

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<https://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<https://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Approved linked bachelor's to doctoral degree programs are as follows:

College of Engineering and Technology

- Bachelor's in Engineering or Engineering Technology to PhD in Engineering

For a select number of exceptionally well-qualified students, the college has established a linked doctoral program that enables students to

be admitted directly into the PhD program upon completion of the baccalaureate degree. A select number of exceptionally well-qualified students can be admitted to the Bachelor/PhD program in their junior year while they are pursuing one of the undergraduate programs at Old Dominion University. This program encourages admitted students to work closely with faculty members and pursue a research experience. Just as in the linked Bachelor/MS program, six credit hours of graduate course work may again be counted towards the undergraduate degree and doctoral course work mentioned above for the Bachelor/PhD program. For linked bachelor's to doctoral programs, students must earn a minimum of 198 credit hours (120 discrete credit hours for the undergraduate degree and 78 discrete credit hours for the graduate degree). Students in these programs must maintain a GPA of 3.50 or better throughout their bachelor's and doctoral studies.

The student may opt to obtain the master's degree along the way to the doctorate. To obtain the master's degree, the student must utilize the six graduate credits obtained as part of their undergraduate program, use 18 credits of the graduate course work that is part of the PhD, and also write a master's thesis.

University General Education Requirements

University General Education Requirements

All students receiving baccalaureate degrees from Old Dominion University shall complete the University's General Education Program. At the lower division (freshman and sophomore), the program's designed courses develop the Skills (Goals 1-2 below) needed for later study and the Ways of Knowing (Goals 3-4) needed to understand the various approaches to knowledge at work in the University. At the upper division (junior and senior), Options B, C, and D provide a multidisciplinary experience to broaden the student's ability to apply the Skills and Ways of Knowing at a more advanced level.

General Education and Prior Learning Assessment

All lower-level requirements within this program may be met by credit awarded to students who are able to demonstrate appropriate prior learning that fulfills the objectives of the particular Skills and Ways of Knowing requirements. Though not all learning and experiences are worthy of being recognized with the reward of academic credit, the principle that supports the policy is that many valid learning experiences worthy of such credit do take place outside of the traditional classroom setting. For procedures to meet General Education Requirements in this manner, please consult the section of this Catalog on Prior Learning Assessment Credit Options at the Undergraduate Level and visit the Prior Learning Assessment web site at <https://www.odu.edu/academics/academic-records/evaluation-of-credit/prior-learning> (<https://www.odu.edu/academics/academic-records/evaluation-of-credit/prior-learning/>).

General Education Philosophy

The General Education program at Old Dominion University represents the common core of the baccalaureate degree. It prepares students for pursuing a major, for broadening their views of life, and for understanding an increasingly global and diverse world. It provides students with the basic skills and intellectual perspectives to engage in the search for knowledge. The General Education program develops analytical and critical thinking skills and the ability to make reasoned judgments. Students will also discover that learning is a complex, multifaceted, and lifelong endeavor.

General Education Goals and Objectives

The Goals (1-5) and particular objectives of General Education are as follows:

1. Develop and demonstrate effective uses of language.
 - a. Develop written communication skills.
 - b. Develop oral communications skills.
 - c. Develop ability to use a foreign language and learn about another culture.
 - d. Develop written communication skills in the major at the upper-division level.
2. Develop mathematical and information literacy.
 - a. Develop basic mathematical competence.
 - b. Develop information literacy competence.
3. Develop an understanding of the natural sciences and technology and their contributions to human culture.
 - a. Understand the concepts and methods of the natural sciences.
 - b. Understand the nature of technology and its impacts on society and the environment.
4. Develop an understanding of human behavior, society and culture, with specific attention to technology, international perspectives and issues related to ethnicity, race and gender.
 - a. Develop an understanding of history and the ability to think critically about the past.

- b. Think critically about beliefs, values, and moral issues that have shaped human society.
 - c. Critically analyze the fine and performing arts and their contribution to culture.
 - d. Critically analyze literature and its contribution to culture.
 - e. Develop an understanding of behavioral, political, economic, and social systems.
5. Integrate knowledge at the advanced level.
 - Option A. Complete a minor, second major or second degree.
 - Option B. Complete an interdisciplinary minor.
 - Option C. Complete an approved certification program such as teaching licensure.
 - Option D: Complete upper-division course work from another college or component (majors in the College of Arts and Letters may select from the Arts and Humanities component or the Social Sciences component depending on the major) outside of and not required by the major.

Students may not use courses in the discipline of their declared major to fulfill University General Education Requirements in the following Ways of Knowing areas: Human Behavior, Human Creativity and the Nature of Science.

Since the Skills and Ways of Knowing are needed for major courses and Upper-Division General Education, students should meet those requirements during their freshman and sophomore years.

Transfer Policies for General Education Requirements

Students who have received any of the following associate degrees from Richard Bland College or the Virginia Community College System have met all lower-division General Education requirements, except those specified as major or college requirements and requirements for completion of the undergraduate writing program: Associate of Arts (AA), Associate of Science (AS) with any major other than general studies (see the next paragraph for additional information), and Associate of Arts and Sciences (AA and S), including the AA & S with a major in general studies.

Effective Fall 2010, the AS degrees in general studies that are offered by those institutions whose general studies degrees are recognized as transfer degrees by the State Council of Higher Education for Virginia will also be guaranteed acceptance as meeting lower-division General Education Requirements. AS degrees in general studies received from those institutions whose general studies degrees are not recognized by the State Council of Higher Education for Virginia will be examined individually to determine whether the degrees are university parallel programs and eligible for lower-division General Education requirement waivers.

Students who have earned an Associate of Applied Science (AAS) degree from the Virginia Community College System that includes the required General Education courses have met all lower-division General Education requirements except those specified as major or college requirements and the requirements for completion of the undergraduate writing program. College-parallel programs at other community colleges or systems (consistent with the requirements of degrees from the Virginia Community College System) are also accepted as meeting lower-division General Education requirements and are reviewed by the Office of Undergraduate Admissions. Transfer students should be aware that even though University lower-division General Education Requirements may have been met, college, school and/or departmental requirements must still be met. Students must earn a grade of C (2.0) or better in order to receive the credit hours associated with classes taken at other regionally accredited institutions.

Policies governing the transfer of General Education Requirements can be found in the Admissions section of this catalog. See the transfer student website for the complete listing of articulation agreements at: <https://www.odu.edu/transfer/transfer-pathways> (<https://www.odu.edu/transfer/transfer-pathways/>).

Lower-Division Requirements (freshman and sophomore years)

I. Skills

Completion of course work in the skills areas ensures that all students possess the basic tools with which to pursue their major interests.

A. Written Communication

Students are advised to consult the department of their major program and the Undergraduate Writing Program Requirements section of this catalog.

ENGL 110C	English Composition (grade of C or better required)	3
Select one of the following:		3
ENGL 211C	Writing, Rhetoric, and Research (grade of C or better required)	
ENGL 231C	Writing, Rhetoric, and Research: Special Topics (grade of C or better required)	
Undergraduate students must pass ENGL 110C with a grade of C (2.0) or better in order to qualify to register for ENGL 211C or ENGL 231C.		
Students must also pass ENGL 211C or ENGL 231C with a grade of C (2.0) or better to qualify to register for a writing intensive (W) course.		
Total Credit Hours		6

A portfolio waiver option is available for ENGL 110C and ENGL 211C/ENGL 231C. Please refer to the section on Academic Testing and Placement (p. 49) in this Catalog for more information.

B. Oral Communication

Select one of the following courses		3
COMM 101R	Public Speaking	
COMM 103R	Voice and Diction	
COMM 112R	Introduction to Interpersonal Communication	
DANC/THEA 152R	Acting One	
MKTG 200R	Professional Interactions and Negotiations	
PHIL 160R	Raising Moral Issues in STEM	
Total Credit Hours		3

Students may meet this requirement by completing an oral communication course appropriate to the student's program of study or through an approved course(s) within the major. Please refer to the specific major requirements found in this catalog to determine whether this requirement may be met through major courses and consult with the major department or advisor as needed. Students who complete the required courses in their major that meet oral communication and then change to a major that does not meet the requirement through courses in the major will have met the oral communication requirement for the new major.

C. Mathematics

Select one of the following courses		3
MATH 101M	An Introduction to Mathematics for Critical Thinking	
MATH 102M	College Algebra	
MATH 103M	College Algebra with Supplemental Instruction	
MATH 162M	Precalculus I	
STAT 130M	Elementary Statistics	
Total Credit Hours		3

For the appropriate course, the major program should be consulted. Some programs require more advanced 200-level courses.

Students should strive to complete the mathematics General Education requirement within their first 30 hours at Old Dominion University and are expected to have completed the requirement before the end of their first 60 hours at the University. Students should be aware that waivers of the mathematics General Education requirement are not granted, and all students are required to complete this requirement before graduating.

D. Language and Culture*

Select 6 hours of a single language from the following courses unless the language requirement was met through high school coursework, transfer credit, or exemption.

ARAB 111F	Beginning Arabic
CHIN 111F	Beginning Chinese
FR 101F & FR 102F	Beginning French I and Beginning French II
GER 101F & GER 102F	Beginning German I and Beginning German II
HEBR 111F	Beginning Hebrew I
ITAL 101F & ITAL 102F	Beginning Italian I and Beginning Italian II
JAPN 111F	Beginning Japanese
LATN 101F & LATN 102F	Beginning Latin I and Beginning Latin II
PRTG 101F & PRTG 102F	Beginning Portuguese I and Beginning Portuguese II
RUS 101F & RUS 102F	Beginning Russian I and Beginning Russian II
SPAN 101F & SPAN 102F	Beginning Spanish I and Beginning Spanish II
SPAN 121F	Intensive Beginning Spanish

Total Credit Hours 6

111F courses are six credit hours each. Students may meet the language and culture requirement by successfully completing the third level in one foreign language or the second level in each of two foreign languages in high school or by completing a single foreign language at the 102F or 111F level or equivalent work from another institution. Students who have had some foreign language experience but are unable to be exempted from this requirement may complete just the 121F course in the case of Spanish or the 102F course in foreign languages if scores on the CEEB Foreign Language Achievement Test so indicate.

The College of Arts and Letters requires foreign language proficiency at the fourth-semester level for students pursuing Bachelor of Arts degrees.

Students whose native language is not English are exempt from taking a foreign language for General Education. Students pursuing degrees that require proficiency beyond the 100 level must be certified by the World Languages and Cultures Department to obtain a waiver of the 200-400 level courses.

American Sign Language courses taken in high school or transferred to Old Dominion University from another institution are accepted by Old Dominion University to meet General Education requirements in language and culture. American Sign Language courses transferred from another institution are accepted to meet the foreign language requirement for BA degrees in the College of Arts and Letters except for Asian Studies, foreign languages and international studies.

* Does not apply to students earning high school diplomas before December 31, 1985.

E. Information Literacy and Research

Select one of the following courses		3
CHEM 160G	Introduction to Chemistry and Biochemistry Research and Careers	
COMM 272G	Digital Literacy	

COMM 278G	Advertising & Society
CS 120G	Introduction to Information Literacy and Research
CS 121G	Introduction to Information Literacy and Research for Scientists
CS/CYSE/PHIL 202G	Information Literacy for Cybersecurity
HLTH 120G	Information Literacy for Health Professions
HNRS 250G	Media and Info Literacy in the Google Age
IT 150G	Basic Information Literacy and Research
LIBS 110G	Information Literacy for the Digital Age
OEAS 130G	Research Skills and Information Literacy for the Natural Sciences
PHIL 290G	Philosophy of Digital Culture
REL 147G	Cults and Conspiracies
REL 260G	Muslims & Media
STEM 251G	Computer Literacy: Communication and Information

Total Credit Hours 3

Students may meet this requirement in the major by completing an information literacy and research course appropriate to the student's program of study or through an approved course(s) within the major. Please refer to the specific major requirements found in this catalog to determine whether this requirement may be met through major courses and consult with the major department or advisor as needed.

Students who complete the required courses in their major that meet information literacy and research and then change to a major that does not meet the requirement through courses in the major will have met the information literacy and research requirement for the new major. Engineering and engineering and technology majors who completed ENGT 111 or its equivalent but do not complete the additional major courses to meet information literacy and research must complete CS 112 to meet the requirement or they may complete a separate course with the "G" designation. ENGN 121 will meet the information literacy and research requirement on its own.

II. Ways of Knowing

Courses in the Ways of Knowing develop the students' critical and analytical thinking abilities. They also develop understanding of the various approaches to knowledge, the contributions various academic disciplines can make to solving specific problems, and the effective use of the English language. Courses in the Ways of Knowing also develop and reinforce written communication skills and include relevant insights into technology. In addition, courses within each Way of Knowing focus on objectives unique to that way of knowing.

A. Human Behavior

The objective of this Way of Knowing is to enable students to learn about human behavior in changing contexts. The courses will address how ideological, scientific, and ethical judgments affect human behavior in Western and non-Western cultures. They will also offer perspectives on the challenges, concerns, and contributions of diverse groups such as women and minorities.

Students may not use courses in the discipline of their major to meet the Human Behavior requirement.

Courses that meet the human behavior Way of Knowing are:

Select one of the following courses		3
AAST 100S	Introduction to African American Studies	
ANTR 110S	Introduction to Anthropology	
COMM 200S	Introduction to Human Communication	
CPD/SOC 100S	Leadership and Society	
CRJS 215S	Introduction to Criminology	
CYSE 201S	Cybersecurity and the Social Sciences	

DASC/SOC 205S	Data, Technology, Society
ECON 200S	Basic Economics
ECON 201S	Principles of Macroeconomics
ECON 202S	Principles of Microeconomics
ENTR 201S	Introduction to Entrepreneurship
FOUN 101S	Learning to Learn
FIN 210S	Personal Financial Literacy
GEOG 100S	Human Geography
GEOG 101S	Environmental Geography
HMS 200S	Personal Health and Wellness
POLS 100S	Introduction to International Politics
POLS 101S	Introduction to American Politics
POLS 102S	Introduction to Comparative Government and Politics
PRTS 210S	Leisure and Human Behavior
PSYC 201S	Introduction to Psychology
PSYC 203S	Lifespan Development
SEPS 203S	Dress, Culture and Society
SOC 201S	Introduction to Sociology
SOC 203S	Diversity and Society
WGS 201S	Introduction to Women's, Gender, and Sexuality Studies

Total Credit Hours 3

B. Human Creativity

This Way of Knowing emphasizes artistic creative endeavor and appreciation and the history of the arts. The courses include field experience with the professional arts community in Hampton Roads as well as with the faculty of relevant departments. The objectives are to foster an appreciation of aesthetic experiences, develop abilities to make reasoned aesthetic judgments and develop an understanding of diverse cultures.

Students may not use courses in the discipline of their major to meet the Human Creativity requirement.

Courses that meet the human creativity Way of Knowing are:

Select one of the following courses		3
ARTH 121A	Introduction to the Visual Arts	
ARTS 122A	Visual Communication	
COMM/THEA 270A	Film Appreciation	
DANC 185A	Dance and Its Audience	
MUSC 264A	Music in History and Culture	
SEPS 223A	Visual Merchandising and Display	
THEA 241A	The Theatre Experience	

Total Credit Hours 3

C. Interpreting the Past

The objective of this Way of Knowing is to provide an understanding of historical analysis for non-history majors.

Courses that meet the interpreting the past Way of Knowing are:

Select one of the following courses		3
HIST 100H	Interpreting the World Past Since 1500	
HIST 101H	Interpreting the Asian Past	
HIST 102H	Interpreting the European Past	
HIST 103H	Interpreting the Latin America Past	
HIST 104H	Interpreting the American Past	
HIST/AAST 105H	Interpreting the African Past	
HIST 205H	Heroes & Hoplites: History of Ancient Greece	

THEA 243H	Theatre Histories	
Total Credit Hours		3

D. Literature

This Way of Knowing emphasizes the contribution of literature to culture. Through critical reading and analysis, students will develop the ability to make effective use of the English language and informed aesthetic judgments about style and content.

Courses that meet the literature Way of Knowing are:

Select one of the following courses		3
ENGL 112L	Introduction to Literature	
ENGL 114L	American Writers, American Experiences	
ENGL 215L	Deep Dive Literature	
WCS 100L	Introduction to World Literatures and Cultures	
Total Credit Hours		3

E. The Nature of Science

This Way of Knowing requires two semesters of natural science. A student may fulfill the requirement with two non-sequential natural science classes with labs unless a sequence is specifically required for the major. These courses introduce the disciplines and the methods of science and develop the abilities to make reasoned judgments based on scientific considerations.

Students may not use courses in the discipline of their major to meet the Nature of Science requirement.

Courses that meet the nature of science Way of Knowing are:

Select two of the following courses. The combination of BIOL 150 and BIOL 151 plus BIOL 240 and BIOL 241 or the combination of BIOL 150 and BIOL 151 plus BIOL 250 and BIOL 251 satisfies four credits of the nature of science requirement.		8
ASTP 103N	Introductory Astronomy of the Solar System	
ASTP 104N	Introductory Astronomy of Galaxies and Cosmology	
BIOL 105N	Biology for Nonscience Majors I	
BIOL 106N	Biology for Nonscience Majors II	
BIOL 110N & BIOL 111N	Environmental Science for Non-Majors and Environmental Science Lab for Non-Majors	
BIOL 112N & BIOL 113N	Environment and Humanity and Environment and Humanity Laboratory	
BIOL 117N & BIOL 118N	Introduction to Human Biology and Introduction to Human Biology Lab	
BIOL 121N & BIOL 122N	General Biology I and General Biology I Lab	
BIOL 123N & BIOL 124N	General Biology II and General Biology II Lab	
CHEM 105N & CHEM 106N	Introductory Chemistry and Introductory Chemistry Laboratory	
CHEM 107N & CHEM 108N	Introductory Organic and Biochemistry and Introductory Organic and Biochemistry Laboratory	
CHEM 121N & CHEM 122N	Foundations of Chemistry I Lecture and Foundations of Chemistry I Laboratory	
CHEM 123N & CHEM 124N	Foundations of Chemistry II Lecture and Foundations of Chemistry II Laboratory	
OEAS 106N	Introductory Oceanography	
OEAS 108N	Understanding Global Climate Change	
OEAS 110N	Earth Science	
or OEAS 111N	Physical Geology	
OEAS 112N	Historical Geology	
OEAS 250N	Natural Hazards and Disasters	

PHYS 101N	Conceptual Physics	
PHYS 102N	Conceptual Physics	
PHYS 111N	Introductory General Physics	
PHYS 112N	Introductory General Physics	
PHYS 231N	University Physics I	
PHYS 232N	University Physics II	
PHYS 261N & PHYS 262N	Advanced University Physics I and Advanced University Physics II	
Total Credit Hours		8

F. Philosophy and Ethics

Because of the many decisions students will be called upon to make in their personal and professional lives, they will need an appreciation and understanding of philosophical, religious, and ethical foundations to help them to make informed, intelligent choices. Further, as the pace of change and interdependency in the world accelerates, it is important that students be given an ample opportunity to critically examine philosophy and ethical values and to understand how philosophical and ethical issues affect decision-making in professional disciplines.

Courses that meet the philosophy and ethics Way of Knowing are:

Select one of the following courses		3
PHIL 110P	Introduction to Philosophy	
PHIL 120P	Logic and Philosophy	
PHIL/REL 150P	Life, Death, and Meaning	
PHIL/REL 155E	Human Nature	
PHIL 230E	Introduction to Ethics	
PHIL/REL 235E	Love, Sex, and Desire	
PHIL 250E	World Religions: Beliefs and Values	
PHIL 270P	Truth and Perception	
PHIL 303E	Business Ethics	
PHIL 344E	Environmental Ethics	
PHIL 345E	Bioethics	
PHIL 355E	Cybersecurity Ethics	
PHIL/DASC 357E	Ethics and Data	
PHIL 442E	Studies in Applied Ethics	
Total Credit Hours		3

Students may meet this requirement by completing a philosophy and ethics course appropriate to the student's program of study or through an approved course(s) within the major. Please refer to the specific major requirements found in this catalog to determine whether this requirement may be met through major courses and consult with the major department or advisor as needed.

Students who complete the required courses in their major that meet philosophy and ethics and then change to a major that does not meet the requirement through courses in the major will have met the philosophy and ethics requirement for the new major. All majors under the College of Engineering and Technology meet this requirement if ENMA 480 is completed.

G. Impact of Technology

Thinking critically about technology requires understanding how technologies and technological systems reflect and perpetuate our values, our biases, and our ways of understanding ourselves, each other, and the world.

Courses in the Impact of Technology Way of Knowing are intended to develop students' ability to make reasoned judgments about the meaning and impact of technology by understanding that technologies and technological systems are not value-neutral but are influenced by social and cultural forces and also influence society and culture.

Courses that meet the impact of technology Way of Knowing are:

Select one of the following courses	3
BDA 200T	Elements of Data Science
BIOL 470T	Diseases that Changed our World
CHEM 171T	Influence of Polymers on Society
CHEM 173T	Nutritional Biochemistry
CHEM 175T	Neurotechnology
CHEM 320T	Survey of Forensic Science
CHEM 339T	The Chemistry of the Environment
CHEM 343T	Science and Technology in Art
COMM/THEA 280T	Entertainment Technologies
COMM 372T	Introduction to New Media Technologies
CPD/SCLM 303T	Maritime Leadership, Technology, and Society
CS 300T	Computers in Society
CYSE/IT 200T	Cybersecurity, Technology, and Society
DNTH 440T	Telehealthcare Technology
ENGL/IDS 307T	Digital Writing
GAME 201T	Introduction to Game Studies
GEOG 102T	Digital Earth: Geospatial Technology and Society
GEOG 306T	Hazards: Natural and Technological
HIST 304T	History of Medicine, Disease, and Health Technology
HIST 388T	Discovering Earth's History
HIST 389T	Technology and Civilization
HIST/HNRS 386T/SCI 302T	The Evolution of Modern Science
IT 360T	Principles of Information Technology
MUSC 335T	Music Technology Survey
OEAS 220T	Introduction to Meteorology
PHIL 383T	Philosophy of Technology
PHYS 137T	Introduction to Quantum Science and Technology
POLS 350T	Technology and War
POLS 458T	Weapons of Mass Destruction in Global Security
STEM 110T	Technology and Your World
STEM 370T	Technology and Society
THEA 280T	Entertainment Technologies
WGS 390T	Women, Gender, and Technology Worldwide

Students may meet this requirement by completing an impact of technology course appropriate to the student's program of study or through an approved course(s) within the major. Please refer to the specific major requirements found in this catalog to determine whether this requirement may be met through major courses and consult with the major department or advisor as needed.

Students who complete the required courses in their major that meet impact of technology and then change to a major that does not meet the requirement through courses in the major will have met the impact of technology requirement for the new major.

Honors Courses that Meet General Education Requirements*

Skills

Written Communication

ENGL 126C	Honors: English Composition	3
ENGL 226C	Honors: Writing, Rhetoric, and Research	3

ENGL 228C	Honors: Writing, Rhetoric, and Research: Special Topics	3

Oral Communication

COMM 126R	Honors: Public Speaking	3

Information Literacy and Research

CS 126G	Honors: Introduction to Information Literacy and Research	3

REL 226G	Honors: Muslims & Media	3

Ways of Knowing

Human Behavior

COMM 226S	Honors: Introduction to Human Communication	3

CRJS 226S	Honors: Introduction to Criminology	3

ECON 226S	Honors: Principles of Macroeconomics	3

ECON 227S	Honors: Principles of Microeconomics	3

GEOG 126S	Honors: Cultural Geography	3

POLS 126S	Honors: Introduction to American Politics	3

POLS 127S	Honors: Introduction to International Politics	3

SOC 226S	Honors: Introduction to Sociology	3

WGS 226S	Honors: Gender and Sexuality in a Changing World	3

Human Creativity

ARTS 126A	Honors: Art as Experience	3

ARTH 127A	Honors: Introduction to the Visual Arts	3

COMM 227A	Honors: Film Appreciation	3

MUSC 126A	Honors: Music in History and Culture	3

THEA 227A	Honors: Film Appreciation	3

Interpreting the Past

HIST 126H	Honors: Interpreting the American Past	3

HIST 127H	Honors: Interpreting the European Past	3

Literature

ENGL 127L	Honors: Introduction to Literature	3

WCS 120L	Honors: Introduction to World Literatures and Cultures	3

The Nature of Science

ASTP 126N	Honors: Introductory Astronomy of the Solar System	4

ASTP 127N	Honors: Introductory Astronomy of Galaxies and Cosmology	4

BIOL 136N & BIOL 137N	Honors General Biology I and Honors General Biology I Lab	4

BIOL 138N & BIOL 139N	Honors General Biology II and Honors General Biology II Lab	4

OEAS 126N	Honors: Introductory Oceanography	4

PHYS 226N	Honors: University Physics I	4

PHYS 227N	Honors: University Physics II	4

Philosophy and Ethics

PHIL 126P	Honors: Introduction to Philosophy	3

PHIL 127P	Honors: Life, Death, and Meaning	3

PHIL 226E	Honors: Love, Sex, and Desire	3

PHIL 227E	Honors: World Religions: Beliefs and Values	3

PHIL 228E	Honors: Introduction to Ethics	3

* Courses listed are open only to students in the Perry Honors College.

Upper-Division Requirements (junior and senior years)

Writing Intensive Course in the Major

All students are required to demonstrate written communication skills in the major by taking a Writing Intensive (W) course at the upper-division level. All undergraduate students must complete their W course in the major (3 credits) at Old Dominion University and earn a grade of C (2.0) or better in order to earn a baccalaureate degree.

Criteria for Writing Intensive courses include:

1. Students will demonstrate, in a series of individual (not group) assignments, their mastery of the subject in a discipline, through the writing of formal documents.
2. For each writing assignment, the instructor will provide feedback to the student, evaluating content and writing style (organization, development, logic, coherence and mechanics).
3. Types of documents for writing assignments include essays, laboratory reports, project reports, critiques of performances, research proposals, case studies, journal article reviews, book reviews, creative writing, written interviews, and other forms appropriate to a particular discipline.
4. A maximum of 10% total of identified graded writing in the form of essays for tests, quizzes, and/or a mid-term examination (not a final exam) may be included. It is to be evaluated for both content and writing style as indicated in (b) above.
5. Graded writing requirements comprise at least 51% of the overall course grade.

Upper-Division Studies Outside the Major

Students are required to complete Option A, B, C or D to meet the upper-division general education requirement. In addition to the completion of courses in the area of the major field, a candidate for a baccalaureate degree may select Option A, any University-approved minor, second degree or second major. The minor may be chosen to support the major, to offer greater job opportunities to the student on graduation, or to provide academic recognition of study in a second disciplinary area. A baccalaureate degree candidate may also choose an integrative disciplinary experience through the selection of Option B, an Interdisciplinary Minor; Option C, an approved Certification Program such as Teaching Licensure; or Option D, six hours of elective upper-division course work from outside of and not required by the student's major and college. In the College of Arts and Letters, courses are divided into two components for option D: (1) Arts and Humanities and (2) Social Sciences.

Option A: Any University-approved minor (minimum of 12 hours determined by the department), second degree, or second major

Students who complete the course requirements for the minor, but who do not attain a 2.00 grade point average in the minor, may request that the course work be approved to meet the upper-division general education requirement. The request may be initiated through the student's advisor and the associate dean of their college and submitted to the assistant vice president for undergraduate studies in the Office of Academic Affairs. Students whose requests are approved will meet the upper-division requirement, but they will not receive credit for the minor. Additional information can be found in the section of this Catalog on Minors.

Approved minors can be found at the programs search link: /p (<http://catalog.odu.edu/programs/>)

Option B: Any University-approved interdisciplinary minor (specifically 12 hours, three of which may be in the major)

Three credit hours in the interdisciplinary minor may be in the major if a major course is listed as an option for the interdisciplinary minor. As such, it will be credited toward both the major and the interdisciplinary minor. Interdisciplinary minors require 12 credit hours of 300/400-level courses

selected from at least two different disciplines with a maximum of six credits from any one discipline. Course substitutions may be approved by the interdisciplinary minor coordinator. Additional information can be found in the section of this Catalog on Minors.

Approved interdisciplinary minors can be found at the programs search link: /programs/ (<http://catalog.odu.edu/programs/>)

Option C: Approved Certification Program such as Teaching Licensure

Option C can be met through an approved certification program such as teaching licensure. The professional education requirements specified for teaching licensure programs meet this option.

Option D: Upper-Division Course Work from Another College Outside of and not Required by the Major

Option D can be met by six credit hours of elective upper-division course work from outside of and not required by the student's major and college. Transfer courses may be used to meet this requirement but must be from outside of and not required by the student's major and college. Study abroad courses, Military Science and Leadership courses (MSL) and Naval Science courses (NAVS) may be used to meet the Option D requirement for all students, regardless of the student's major and college. Upper-division courses elected to meet the Philosophy and Ethics and Impact of Technology Ways of Knowing areas may also meet the requirement but they must be outside the college and not required by the major.

In the College of Arts & Letters, courses are divided into two components: (1) Arts & Humanities and (2) Social Sciences.

Arts and Letters majors will be permitted to take upper-division courses in their non-major component for this requirement or courses from another college.

By definition the Arts and Humanities component will include: Art, Dance, English, Graphic Design, History, Humanities, Music, Music Education, Philosophy, Theatre, and World Languages and Cultures. The Social Sciences component will include: African-American Studies, American Studies, Asian Studies, Anthropology, Communication, Criminal Justice, Filipino-American Studies, Gaming, Geography, International Studies, Jewish Studies, Middle Eastern Studies, Political Science, Queer Studies, Sociology, and Women's and Gender Studies.

Students must satisfy all prerequisites before enrolling in any upper-division course.

Student Resources and Services

Academic Success Initiatives

Housed inside the Student Success Center, Academic Success Initiatives (ASI) empowers all to thrive academically, personally, and professionally. Academic Success Initiatives provides an inclusive environment dedicated to building authentic relationships and community, fostering meaningful learning experiences, and collaborating with all as they pursue their passion and purpose. In partnership with the Provost, Vice Provost and other University leaders, this area is responsible for the coordination of academic success programs across the University.

ASI includes five offices:

- Office of Advising Administration
- Office of Academic Innovation & Learning Support
- Monarch Internship & Co-op Office
- Office of Study Abroad
- TRiO Programs: TRiO Upward Bound, TRiO Student Support Services, and TRiO McNair Scholars

In collaboration with the academic colleges and other partners across campus, these units provide a diverse array of services and programs for undergraduate students. Staff work to ensure students learn about academic programs and majors; connect to campus peers, groups, and others with similar interests; make academic plans, monitor progress, and reach short- and long-term goals; engage in active learning and work-based learning programs; find and use academic support services; and showcase skills, talents, and abilities.

Center for Career & Leadership Development

The Center for Career and Leadership Development (CCLD) empowers undergraduate and graduate students and alumni in their career and leadership development from their first day as a Monarch through graduation and their career. Through strategic collaboration with campus and community partners, CCLD offers several programs and services, including career coaching and workshops, leadership development, resume reviews and job search preparation, career fairs and employer connections, a job search database called Handshake, student employment coordination and training, volunteer and service-learning programs, career treks, professional mentorship programs, living-learning and theme communities, and the Monarch Pantry.

The Student Employment Program is designed to assist students in locating on- or off-campus, part-time, seasonal, or Federal Work-Study (FWS) positions for those who qualify.

The Center for Career and Leadership Development collaborates with on- and off-campus organizations to post open jobs of all types, including permanent full-time positions, as well as on-campus roles, through ODU Handshake. This powerful interactive web-based system is available for free to students and alumni of Old Dominion University. The ODU Handshake database contains employer information, career information, a career events calendar and interview schedules, and the means to electronically apply for positions posted. Handshake is the primary tool used by CCLD to communicate with students about various career opportunities and events to help students succeed at Old Dominion University and into their careers.

Individual career coaching and electronic assessment tools, as well as workshops on career exploration, development, and the job search, are available to assist in major and career path selection. Students may sign up for an appointment with a career coach via Handshake or by visiting the office during drop-in coaching hours. CCLD also provides students with experiential learning opportunities through leadership seminars, service-learning course partnerships, career treks, job shadow, and mentorship opportunities. Students can also volunteer in and receive support from the Monarch Pantry and Monarch Clothing Closet. More information on career coaching, workshops, and experiential learning opportunities are located on

CCLD's website at [odu.edu/career-leadership](https://www.odu.edu/career-leadership) (<https://www.odu.edu/career-leadership/>).

Career and internship fairs are held twice a year and are supplemented by specialized fairs for specific populations. Employers are also present on campus through information and tabling sessions, as well as employer and alumni career information panels and etiquette meals. Additional opportunities to connect with internships and co-operative opportunities are coordinated by ODU's Monarch Internship and Co-Op Office ([odu.edu/internship](https://www.odu.edu/internship)) (<https://www.odu.edu/internship/>).

More information is available by calling the CCLD main office at 757-683-4388 during normal office hours, via email at ccld@odu.edu, or via the website at <http://www.odu.edu/career-leadership> (<http://www.odu.edu/career-leadership/>). Staff members are also available in 2202 Webb Student Center.

Division of Student Enrollment, Engagement and Services

Student Enrollment, Engagement and Services employees are dedicated to student success and enrich the campus-based experience so all may belong and thrive. We strengthen our community through a culture of care and service that unifies enrollment, engagement, and active learning.

Celebrating academic and inclusive excellence, our forward-focused graduates are equipped with knowledge, skills, and tenacity to thrive in a rapidly evolving world. The division provides creative leadership and strategic direction for a broad array of student recruitment and retention services and programs including: Admissions (Undergraduate, Graduate, International), Assessment and Planning, Budget Management, Campus Life Services, Campus Visitors and Events, Center for Career and Leadership Development, Center for Orientation, Retention, and Exploration (CORE), Chartway Arena, Office of Counseling Services, Customer Relationship Management (CRM) and Integrated Systems, Dean of Students Office, Divisional Marketing and Communications, Divisional IT Support, Office of Educational Accessibility, Enrollment Management, Enrollment Marketing and Analytics, Student Financial Aid, Housing and Residence Life, Office of Intercultural Relations, Mail Center, Military Connection Center, Monarch Assistance Partners, Monarch Card and Business Services, Monarch Dining Services, Recreation and Wellness, Strategic Initiatives, Student Accountability and Academic Integrity, Student Engagement and Traditions, Student Health Services, University Village Bookstore, Webb Student Center, and Women's and Gender Equity Center.

Educational Accessibility

The Office of Educational Accessibility (OEA), located at 1021 in the Student Success Center, is dedicated to providing students with disabilities access to higher education. The University offers accommodations and services depending on documentation presented by the student. It complies with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and its Amendments of 2008. For students with specific learning, medical, psychological, physical or mobility, visual, hearing, or temporary and other challenges, reasonable accommodations are afforded. Students with disabilities benefit greatly from the accommodations and other supportive services offered by the Office of Educational Accessibility, which also significantly contribute to their academic performance.

All students must submit the proper documentation and register with OEA to receive help. Instructions for registering and guidelines for documentation can be found at <https://www.odu.edu/accessibility> (<https://www.odu.edu/accessibility/>). Calling (757) 683-4655 will provide more detailed information. Interactions between students and OEA are kept confidential and private. OEA expects new students who require interpreters to contact them at least 45 days before registration to prepare. As soon as a student has pre-registered for a semester, they must pre-register for accommodations for themselves.

An overview of compliance standards can be found at <https://www1.odu.edu/equity/>.

Student Outreach and Support (SOS)

Denisse Thillet-Tirado, Associate Dean of Students and Director of Student Outreach and Support

Student Outreach and Support (SOS) is a service within the Dean of Students Office that provides support to students who experience administrative, academic, or personal road blocks. These services include extended absence notifications, emergency grants, and administrative withdrawals from the University. SOS is available to help students achieve their personal and academic goals.

The University Care Team is an extension of Student Outreach and Support.

The Care Team was developed to provide a University-wide system of care and support for students who experience an unexpected crisis. The Care Team's role is to determine effective strategies for addressing concerns and connecting students with the appropriate resources. Student Outreach and Support is located in 2008 Webb Center, and can be reached at (757) 683-3442 or oducare@odu.edu. For more information please visit the SOS website at: www.odu.edu/sos (<https://www1.odu.edu/life/dean-students/student-outreach/>).

University Libraries

Old Dominion University Libraries enrich the academic, research, and learning experience of the University community by inspiring and empowering the Monarch community to learn, grow, and create. The University Libraries provide students access to extensive digital resources, online journals, e-books, streaming media, and other electronic resources in all fields of research and instruction. The Libraries also offer access to Naro Video @ ODU Libraries (<https://guides.lib.odu.edu/narovideo/>), a collection of 43,000+ videos and materials made available to the Monarch community and to any member of Friends of the ODU Libraries.

On the University Libraries' website at www.odu.edu/library (<http://www.odu.edu/library/>), students can find library guides, instructional videos, Chat reference, and many other services. The Libraries include the Patricia W. and J. Douglas Perry Library, the Elise N. Hofheimer Art Library, and the Music Library and F. Ludwig Diehn Composers Room. Each facility holds specialized book collections, maps, scores, recordings, microforms, and equipment available for borrowing. At our Help Desks, staff are on hand to provide assistance with information, location, instruction, and information technology questions. Additionally, students and faculty members have online access to the Virtual Library of Virginia's collections and may borrow books and other materials from participating libraries across the Commonwealth.

Edward E. Brickell Medical Sciences Library at Macon and Joan Brock Virginia Health Sciences at Old Dominion University

The Edward E. Brickell Medical Sciences Library is the major health care information resource for Macon and Joan Brock Virginia Health Sciences at Old Dominion University. It serves the faculty members, students, and staff of VHS (Virginia Health Sciences) as well as provides a resource for the communities of Hampton Roads.

The Brickell Library subscribes to a variety of information resources including DynaMed, UpToDate, the Cochrane Library, VisualDX, PubMed/MEDLINE, CINAHL, ClinicalKey, BMJ Best Practice, AccessMedicine, PsycINFO, Web of Science, EndNote, and others. Brickell Library employees can provide training sessions in the use of these resources and also assist with copyright questions and evaluating the validity of information.

Our Clinical Medical/Reference Librarians (CML) can help with literature searches, compile bibliographies, and provide systematic and scoping review assistance for VHS. CML librarians also work to support the Institutional Review Board (IRB) and Institutional Animal Care and Use Committee (IACUC).

The Brickell Library includes a computer lab with color and b/w printers and a scanner and is available 24/7 with badge access. Residents have unlimited free printing. VHS students are provided \$200 of printing credit annually. There are also 25 group study rooms: 16 on the second floor and nine on

the third floor. These are equipped with DVD players, 52-inch monitors and whiteboards. The Brickell Library also has a collection of hand-held ultrasound probes for check out at the Circulation desk.

Information on staffed hours of operation, additional services and resources can be found at <https://www.evms.edu/library/> or you may call the Brickell Library for information or assistance at (757) 446-5850 or email at library@evms.edu (https://olddominion-my.sharepoint.com/personal/delnekab_odu_edu/Documents/Documents/library@evms.edu). The Brickell Library employees look forward to working with you during your time at Macon and Joan Brock Virginia Health Sciences at Old Dominion University.

Elise N. Hofheimer Art Library

Barry Arts Building, 47th Street and Monarch Way, Room 2008, second floor; 757-683-4059

The Hofheimer Art Library contains specialized books, journals, online resources, videos, audio-visual titles, and other materials for students and faculty in the visual arts. Reserve materials for ODU Art Department classes are available at the service desk. Individual and group study space, computers, drawing tablet, scanner, and network printer are available. Visit the Art Library at www.odu.edu/library/art (<http://www.odu.edu/library/art/>).

Music Library and F. Ludwig Diehn Composers Room

Diehn Center for the Performing Arts, Room 189; 757-683-4173

The Music Library contains print scores, music audio, and video content. Reserve materials for School of Music classes are available at the service desk. Students have access to PC and Mac computers, a DVD/VCR player, CD player, audio cassette player, turntable, flatbed scanner, and network printer.

The Diehn Composers Room is co-located with the Music Library and contains unique and rare manuscripts, scores, audio recordings, memorabilia, and other specialized music materials. Reference and research services are available in the Reading Room, including the use of a Steinway grand piano by appointment only. Visit the Music Library and Diehn Composers Room at www.odu.edu/library/diehn (<http://www.odu.edu/library/diehn/>).

Patricia W. and J. Douglas Perry Library

Perry Library offers quiet study space, collaborative rooms for group projects, accessibility services, a café, meeting space, and other facilities for student success. The Monarch community will also find Naro Video @ ODU Libraries (<https://guides.lib.odu.edu/narovideo/>). This unique collection of 43,000+ videos and materials is located in Room 1222 of Perry Library.

Learning Commons @ Perry Library

First Floor, 757-683-4178

The Learning Commons @ Perry Library is a collaborative project of the University Libraries, Information Technology Services, and the Office of Academic Success Initiatives & Support (ASIS), providing year-round services. The facility includes individual study space, group collaboration space, presentation practice, computers, wireless access, printers, scanners, GIS/digital media/other specialized software, and a sound room that can be reserved by students. Students can access research assistance and resources, information technology assistance, tutoring and writing centers, and other services supporting student success.

At the Perry Library Help Desk, located in the Learning Commons (www.odu.edu/learningcommons (<http://www.odu.edu/learningcommons/>)), students with a valid University ID may borrow equipment, media, books, reserve materials, and other items. Graduate student study carrels are also available. Information on borrowing privileges, loan periods, and policies is available at www.odu.edu/library/services/borrowing (<http://www.odu.edu/library/services/borrowing/>).

Interlibrary Loan and Document Delivery Services

757-683-4170, 4172

Interlibrary loan allows ODU students, faculty, and staff to request journal articles, books, and other needed research materials not available in the University Libraries. The Commonwealth's Virtual Library of Virginia interlibrary loan agreement ensures that students, faculty, and staff may obtain items located in other Virginia libraries. Document delivery services provide copies of materials held in the University Libraries' collection to online and other eligible students, faculty, and staff. Interlibrary loan and document delivery requests can be submitted online at www.odu.edu/library/services/interlibrary-loan (<http://www.odu.edu/library/services/interlibrary-loan/>).

Research Help Services

Help Desk, First Floor, 757-683-4178

ODU Libraries staff assist students and faculty with all types of research using all formats of library resources. Librarians and staff provide direct individual assistance by telephone, e-mail, live online Chat, and face-to-face and virtual consultation by appointment. Local and online students may obtain assistance by visiting or calling the Help Desk, directly contacting a subject librarian, using the Chat service, or submitting a question through *Ask-A-Librarian* at <https://www.odu.edu/library/help> (<https://www.odu.edu/library/help/>).

Instructional Support

ODU Libraries offer library instruction sessions to courses with research assignments or library-related learning goals. The Libraries also provide online tutorials, videos, and online guides to help students build research skills and increase knowledge in information literacy, as well as workshops and programming designed to support student learning and to facilitate connections between students, the Libraries, and the University community. Additional information can be found at www.odu.edu/library/services/instruction (<http://www.odu.edu/library/services/instruction/>).

Special Collections & University Archives

Third floor, 757-683-4483

Special Collections & University Archives, located on the third floor of Perry Library, preserves and provides access to the Libraries' unique and rare collections documenting the history of ODU, Virginia, and the region. The collections cover a wide range of topics that enrich scholarly opportunities, and students and faculty are encouraged to visit and use the collections and services. Special Collections' materials include rare books, diaries, letters, legal and campaign files, oral histories, music, film, photographs, maps, and more. Moreover, the University Archives document the history of the University and include yearbooks, department records, student organization records, course catalogs, film, photographs, etc. Special Collections staff are available to assist students and faculty with research requests and host class sessions specializing in active-learning exercises with primary sources. Visit Special Collections at www.odu.edu/library/special-collections (<https://www.odu.edu/library/special-collections/>).

Several digitized collections of materials from Special Collections & University Archives are also freely available online. Visit the ODU Digital Collections at <https://olddomuni.access.preservica.com/>.

ODU Digital Commons and Scholarly Communications Services

The Department of Research & Scholarly Communication includes the Libraries' dedicated subject specialist librarians, who provide reference and research assistance, library instruction, collection development, and collaboration to students and faculty at ODU. Our librarians are also available to assist with questions related to copyright and author rights, research data management, publishing, and research impact. The department also oversees ODU Digital Commons (digitalcommons.odu.edu (<https://digitalcommons.odu.edu/>)), the University's institutional repository. Digital Commons brings together scholarly, creative, and institutional works for preservation, visibility, and worldwide open access. Digital Commons also provides a publishing platform for hosting journals, proceedings, and events.

Accessibility Services

First Floor, 757-683-4178

The Library Accessibility Room in the Learning Commons provides specialized equipment and quiet space for students registered with the University's Office of Educational Accessibility (<http://www.odu.edu/educationalaccessibility/>). This wheelchair-accessible room can be reserved for individual use. The facility houses CCTV, workstations with FUSION Professional, Read and Write Gold, and other adaptive technologies. Orientation, reservations, and research consultation appointments are available through the Learning Commons Help Desk.

Also, the Help Desk provides on-demand paging to students who need special assistance with retrieving materials from the upper floors. Information about accessibility is available on the University Libraries' website at www.odu.edu/library/services/accessibility (<http://www.odu.edu/library/services/accessibility/>).

College of Arts and Letters

Web Site: <http://www.odu.edu/al> (<http://www.odu.edu/al/>)

Laura Delbrugge, Dean

Martha Daas, Associate Dean for Undergraduate Studies and Administration

Dale E. Miller, Associate Dean for Graduate Studies and Research

Mission

The College of Arts and Letters is committed to the ideals of the liberal arts. Its curriculum is designed to introduce students to the full range of human experiences through the study of cultural heritage, forms of artistic and literary expression, patterns of social and political behavior, and methods of critical inquiry.

The mission of the College of Arts and Letters is to prepare students for rigorous, intellectual and creative inquiry leading to their full development as human beings and to their responsible engagement with society. We accomplish this mission by:

1. Developing the essential skills of critical reading and thinking, effective oral and written communication, and proficient use of technology
2. Providing foundational knowledge in the arts, humanities and social sciences for all undergraduates
3. Offering excellent disciplinary and interdisciplinary programs of study and training that expose students to accumulated knowledge, scholarly debate, and innovations in the field
4. Fostering global awareness and sensitivity to the breadth and diversity of the human condition, which includes acquiring an understanding of the roles of gender, race, ethnicity, and culture
5. Providing an atmosphere for the free exchange of ideas among faculty and students and by vigorously defending academic and intellectual freedom
6. Promoting challenging internship opportunities, research projects, and collaborative learning experiences that connect our students to the community and prepare them for the world of work
7. Supporting a broad array of cultural experiences that enrich the lives of students, the University, and the community

Overview

Undergraduate programs in the College of Arts and Letters are structured to make possible close personal contact between students and faculty and thus to meet the needs of individual students. Arts and Letters faculty members are dedicated to good teaching, proud of their achievements in research, and committed to enhancing in every way possible the exciting and stimulating environment that is Old Dominion University.

The College of Arts and Letters comprises the Departments of Art, Communication and Theatre Arts, English, History, Philosophy and Religious Studies, Political Science and Geography, Sociology and Criminal Justice, Women's and Gender Studies, and World Languages and Cultures; the F. Ludwig Diehn School of Music; Interdisciplinary Studies; the Institute of Humanities; the Institute for the Study of Race and Ethnicity; the Institute of Asian Studies; the Institute for Ethics and Public Affairs; the Institute for Jewish Studies and Interfaith Understanding; the Social Science Research Center; and the Community Music Division.

The College offers undergraduate degrees in African American and African Studies, Art, Asian Studies, Communication, Criminal Justice, English, Geography, History, Interdisciplinary Studies, International Studies, Music, Philosophy, Political Science, Sociology, Theatre and Dance, Visual Studies, Women's Studies, and World Languages and Cultures.

In addition to the Bachelor of Arts, Bachelor of Fine Arts, Bachelor of Music, and Bachelor of Science degrees offered by the above departments, the College of Arts and Letters offers a variety of linked undergraduate/graduate programs and graduate degree programs. Linked programs allow students to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree, which may allow students to earn both a BA or BS and an MA in five years. Linked programs are available in English, History, International Studies, Humanities, and Lifespan and Digital

Communication; concentrations in the MA in Humanities are available in Communication, Geography, individualized Interdisciplinary Studies, Philosophy, Visual Arts, and Women's Studies. A linked BA or BS to MBA program and a linked BA or BS to MPA program are available in cooperation with the Strome College of Business.

The College offers graduate degrees in Applied Linguistics, Creative Writing, Criminology and Criminal Justice, English, History, Humanities, International Studies, Lifespan and Digital Communication, and Music Education. Please refer to the Graduate Catalog for more information.

Undergraduate Degree Requirements

Arts and Letters requirements for all undergraduate degrees include all of the General Education Requirements. Students must have 30 earned credit hours in order to declare a major in the College of Arts and Letters. In addition, all Arts and Letters majors must obtain a minimum grade of C in ENGL 110C English Composition before declaring a major and in order to graduate. Arts and Letters majors must also attain a minimum grade of C in the second composition course and the writing intensive (W) course in the major in order to graduate.

Students earning a Bachelor of Arts degree must also complete the foreign language requirement. Proficiency is established at the fourth-semester level through one of the following:

1. Successful completion of the 202 or 212 course at Old Dominion University (or equivalent at another institution). American Sign Language is accepted to meet this requirement in all Bachelor of Arts programs in the college except Asian Studies, World Languages and International Studies.
2. Exemption through fourth semester granted for acceptable scores on achievement tests.
3. Advanced placement credit through fourth semester for qualifying scores on AP and IB subject examinations. See the equivalency charts on the ODU website at <https://www.odu.edu/academics/academic-records/score-analysis/ap-ib> (<https://www.odu.edu/academics/academic-records/score-analysis/ap-ib/>).
4. Advanced placement with up to nine hours credit at the 300 level for acceptable scores on the advanced placement test taken at the conclusion of advanced placement courses in high school.
5. Students whose native language is not English are exempt from taking a foreign language for General Education. Students pursuing degrees that require proficiency beyond the 100 level must be certified by the World Languages and Cultures Department to obtain a waiver of the 200-400 level courses. Native speakers are not eligible to earn credit for foreign language courses below the 300 level through coursework or external testing services such as CLEP.

Students who have taken three or more years of a foreign language in high school but have not been granted advanced placement as explained above must take the College Entrance Examination Board (CEEB) achievement test before continuing in the same language at Old Dominion University. An achievement test score of under 481 normally requires that such students begin with the 121F course in Spanish or the 102F course in other foreign languages.

Additional major requirements are listed under the various departments. The requirements for the Bachelor of Fine Arts and Bachelor of Music degrees are listed under art and music respectively. The requirements for the Bachelor of Science degree with a major in communication, criminal justice, geography, political science, sociology, interdisciplinary studies, and women's studies will be found under political science and geography, sociology and criminal justice, communication and theatre arts, interdisciplinary studies, and women's studies.

Students wishing to take a major or minor in the College of Arts and Letters must register with the appropriate department. The College of Arts and Letters allows a maximum of six hours of activity credit. Activity credit beyond the established maximum may be given in unusual circumstances only and will require the approval of the dean of the College of Arts and

Letters. Activity credit required by a student's major department will not be counted against the credit limitation.

Departments

- Art (p. 93)
- Communication and Theatre Arts (p. 124)
- English (p. 184)
- F. Ludwig Diehn School of Music (p. 203)
- History (p. 236)
- Interdisciplinary Studies (p. 245)
- Philosophy and Religious Studies (p. 264)
- Political Science and Geography (p. 275)
- Sociology and Criminal Justice (p. 314)
- Women's and Gender Studies (p. 336)
- World Languages and Cultures (p. 343)

Programs

Bachelor of Arts Programs

- African American and African Studies (BA) (p. 87)
- Art with a Major in Art History (BA) (p. 94)
- Art with a Major in Visual Studies (BA) (p. 96)
- Asian Studies (BA) (p. 120)
- Communication with a Major in Cinema & TV Production (BA) (p. 125)
- Communication with a Major in Communication Studies (BA) (p. 132)
- Communication with a Major in Media Studies (BA) (p. 140)

- Environmental Resources and Policy Certificate (p. 294)
- Geographic Information Science Certificate (p. 294)
- Hazards and Emergency Management Certificate (p. 295)
- Professional Writing Certificate (p. 202)
- Spatial Analysis of Coastal Environments Certificate (p. 295)
- Teaching English as a Second Language (TESL) Certificate (p. 202)
- Urban Studies and Planning Certificate (p. 295)

Minors in Chinese Studies, European Studies, Japanese, Latin American Studies, and World Cultures: Values and Visions

See the Minors section of the Department of World Languages and Cultures (<http://catalog.odu.edu/undergraduate/collegeofartsletters/worldlanguagesandcultures/>).

Centers and Institutes

Institute for Ethics and Public Affairs (IEPA)

The Institute for Ethics and Public Affairs seeks to raise awareness and stimulate discussion of the ethical dimension of matters of public concern within the campus community and the larger Hampton Roads community; to strengthen moral community and foster a commitment to ethical ideals in public life; to facilitate reflection on the ethical standards that govern the professions; and to highlight the unique and valuable contribution that philosophical reasoning can make to practical decision making.

Institute for the Study of Race and Ethnicity (ISRE)

The Institute for the Study of Race and Ethnicity (ISRE) seeks to develop, promote and implement academic, research and public service programs that focus on the study of race and ethnicity in Hampton Roads, Virginia, the nation, and throughout the African Diaspora. The political, social, economic, cultural and historical experiences of African Americans and other communities of color are important dimensions emphasized in the work of the institute. As such, the institute seeks to establish itself as a major archive and research center in the southeast United States focusing on the experiences of African Americans.

The institute promotes high quality teaching and rigorous policy-oriented research emphasizing interdisciplinary and multidisciplinary approaches, as well as the methods of the traditional social sciences and humanities disciplines. New and improved facilities such as a mini-archive, library, reading and meeting areas and a research/resource center for faculty and students are available.

Institute of Asian Studies

Old Dominion University seeks to promote an expanded awareness and understanding of the nations and cultures of Asia, to support and encourage research on Asia, and to make resources available to foster better understanding and more effective interaction between organizations and individuals in the Hampton Roads area and those in Asia. To achieve these goals, the Institute of Asian Studies coordinates special programs and administers a major and minor in Asian studies. It also facilitates cooperative relationships with higher education institutions and other organizations within the United States and throughout Asia. The institute director works closely with the Center for Global Engagement regarding scholarships and study abroad programs and opportunities.

The Institute for Jewish Studies and Interfaith Understanding

The Institute for Jewish Studies and Interfaith Understanding (IJIU) is dedicated to the idea that interfaith understanding involves both an appreciation of Judaism's historic role in the development of western civilization and an understanding of the cross-cultural development of the world's religions. IJIU sponsors programs and activities about religious and ethnic diversity worldwide in support of the University's commitment to open dialogue and to inspire a greater understanding of the issues and challenges that confront us at the dawn of the new century. Truly a collaboration of the University and the community, the institute seeks partners and sponsors to offer a wide array of courses to complement the Jewish studies minor and the religious studies minor and to sponsor cultural programs offered at Old Dominion University.

The IJIU is housed in the College of Arts and Letters. The office is located in the Cooper Room, BAL 2024, in the Batten Arts and Letters Building.

Monarch Institute for Game Design and Development (MIGDD)

The Monarch Institute for Game Design and Development (MIGDD) supports the college's Game Design, Development, and Criticism majors, which are housed in the Department of Interdisciplinary Studies. Its mission includes promoting collaborative gaming research and interdisciplinary cooperation between existing colleges and departments, encouraging the translation of research into product development and commercialization, providing students with internships and other experiential learning opportunities, and facilitating community engagement and outreach.

Minor

American Studies Minor

American studies offers a unique opportunity to explore the culture and society of the United States from a perspective that is inherently interdisciplinary. A minor in American studies provides a structured program to encourage students to cross traditional academic boundaries and to integrate the arts, humanities, and social sciences.

The minor in American studies is an effective program complement for those majoring in the related fields of art, music, dance and theatre; communication, English, and foreign languages; history, geography, and political science; philosophy; sociology, and criminal justice; as well as interdisciplinary majors in women's studies, African American and African studies, and international studies. The minor is also effective for international students, who may wish either to better understand American culture or to acquire an expertise useful in their home countries.

All students minoring in American studies must take AMST 300, cross-listed as ENGL 396 Topics in English and HIST 396 Topics in History

(Topics: The American Dream), and 12 credit hours of designated courses divided into two fields (the arts and the humanities, and the social sciences), for a total of 15 hours. Please note that some courses listed below require prerequisites. Students may not use more than one course from the minor to satisfy program requirements in another major or minor.

Requirements

Designated course listings for the minor in American studies are as follows:

AMST 300	Perspectives in American Studies	3
Select at least one course in the arts or the humanities from the following: *		3
ARTH 322	American Art and Architecture, 1600 to the Present	
ENGL 340	American Drama	
ENGL 342	Southern Literature	
ENGL 345	American Literature to 1860	
ENGL 346	American Literature Since 1860	
ENGL 447	The American Novel to 1920	
ENGL 448	The American Novel 1920 to Present	
ENGL 465W	African American Literature	
ENGL 466W	Asian American Literature	
MUSC 460	History of Jazz	
Select at least one course in the social sciences from the following: *		3
COMM 340	Media and Popular Culture	
COMM 473	Television and Society	
COMM 479W	American Film History	
GEOG 350	Geography of the United States and Canada	
HIST 345	Native American History	
HIST 346	Colonial and Revolutionary America	
HIST 348	The Early American Republic, 1787-1850	
HIST 351	The Civil War and Reconstruction	
HIST 353	Robber Barons, Reformers, and Radicals: The US Gilded Age and Progressive Era	
HIST 355	The United States, 1945-1991	
HIST 357	The United States in the 1960s	
HIST 361	African-American History to 1865	
HIST 362	African-American History Since 1865	
HIST 363	Women in U.S. History	
POLS 312	American Political Thought	
POLS 407	American Presidency	
POLS 408	American Constitutional Law: Individual Rights	
POLS 409	American Constitutional Law: Powers of Government	
POLS 410	African American Politics	
POLS 412	Politics of the Civil Rights Movement	
POLS 415	Women and Politics in America	
SOC 320	Social Inequality	
SOC 340	Sociology of Women	
WGS 302W	Dimensions of Diversity: Intersectionality Among Women	

* No more than two from any single department.

The director of American studies can approve other courses not listed above to fulfill the minor, including 400-level topics courses, provided they substantively address some aspect of the creation or perpetuation of an American identity.

For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite

courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

For further information, contact the director of the American studies minor program, Dr. Drew Lopenzina (alopenzi@odu.edu)

Minor Holocaust and Genocide Studies Minor

The minor in Holocaust and Genocide Studies provides students with an interdisciplinary examination into the causes and effects of the Holocaust and other genocides, offering a deeper understanding of antisemitism, racism, prejudice, and other extreme hatreds that led to the mass annihilation of peoples in the past and present. It explores the impact, trauma and memory of such destruction through exploration via historical, artistic, musical, literary, cultural, geographical, theatrical, philosophical, and social scientific contexts. The minor increases student awareness of genocidal atrocities around the globe, asking that they bear witness to the voices of those who have lived through such catastrophic events, with the goal of carrying the witness forward and encouraging them to be active in the prevention of genocide in the future.

The minor requires completion of 12 credit hours at the 300/400 level.

Requirements

Requirements for the minor are as follows.

JST 300	Holocaust and Genocide Studies (Core Course)	3
Select three courses from the following:		9
COMM 456	Organizations and Social Influence	
CRJS 350	Victimology	
CRJS 355	Crime and the Community	
CRJS 401	Understanding Violence	
CRJS 427	Gender-Based Violence	
ENGL 395	Topics in English (Human Rights and World Literature)	
ENGL 395	Topics in English (American Literature and Queer of Color Critique)	
ENGL 464W	Native American Literature	
ENGL 465W	African American Literature	
GER 455	Germany 1900-1945: From High Culture to Holocaust	
HIST 370	Africa and the Atlantic Slave Trade	
HIST 391	Paris/Auschwitz Study Abroad	
HIST 392	The Holocaust and Vichy France	
HIST 393	Studies in Jewish History	
HIST 396	Topics in History (Holocaust and Memory)	
HIST 402W	Senior Seminar in History (Holocaust Historiography)	
HIST 493	Holocaust and Film: Representing the Unimaginable in the Visual Turn	
JST 495	Topics in Jewish Studies	
JST 497	Research Project in Jewish Studies	
SOC 320	Social Inequality	

Total Credit Hours 12

Students must earn a grade of C (2.00) or better in all courses specified as a requirement for the minor and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Minor Jewish Studies Minor Requirements

The minor in Jewish Studies requires that students take REL 350 Judaism and three approved Jewish Studies electives (nine hours) at the 300-level or above, for a total of 12 credits. Students interested in the Jewish Studies minor are encouraged to take HEBR 111F Beginning Hebrew I to fulfill the University foreign language requirement.

For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor (exclusive of 100- and 200-level courses and prerequisite courses) and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

A list of approved courses is available from the academic director and in the catalog at <https://catalog.odu.edu/courses/jst/>.

Minor Middle Eastern Studies Minor

The minor in Middle Eastern studies focuses upon the study of several aspects of Middle Eastern culture, language, politics, geography, and history. The minor consists of 15 hours of course work. Students can elect Track I, which would include as a prerequisite three hours of 202-level Arabic, French, Hebrew, Farsi or any other language used in research in the region; this course is not included in the grade point average for the minor. Languages such as Armenian and Turkish could meet this requirement upon the taking of a proficiency examination. Students can also choose Track II, which is a non-language option.

Requirements

All students must take one core course from the following: GEOG 455 The Middle East or POLS 466 Politics of the Middle East.

The remaining nine hours for Track I or 12 hours for Track II can be taken from the following list of courses:

COMM/MIDE 405	Communication and Culture in the Middle East	3
MIDE 395	Topics in Middle Eastern Studies	3
MIDE 495	Topics in Middle Eastern Studies	3
ARAB 311	Advanced Arabic Language and Culture I	3
ARAB 312	Advanced Arabic Language and Culture II	3
ARAB 395	Topics in Arabic	1-6
REL 311	Hebrew Bible/Old Testament	3
REL 312	New Testament	3
REL 315	Qur'an	3
REL 350	Judaism	3
REL 351	Christianity	3
REL 352	Islam	3
HIST 396	Topics in History	1-3

Courses not taken to satisfy the core requirement, topics courses offered in addition to the courses listed above, which focus upon the Middle East, and credit earned by studying abroad in the Middle East may also be included in the minor requirements. An internship taken in the Middle East or related to organizations that focus on the Middle East may also count within the minor.

For completion of the minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University. For

further information, contact the director of the Middle Eastern Studies minor at 683-3835 or at fhassenc@odu.edu.

African American and African Studies

Marvin Chiles, Program Director

The African American and African Studies (AAST) program offers the Bachelor of Arts and Bachelor of Science degrees. The program is designed to give students an essential core of basic knowledge and analytical skills, while providing an opportunity to specialize in one of two emphasis areas: African American Studies or African Studies. The African American and African Studies major requires a total of 39 credit hours in African American and African Studies courses, including 21 credit hours of core coursework, 12 hours of coursework evenly distributed between selected upper-division social science and humanities courses, and a minimum of six credit hours of upper-division coursework in African Studies. African American and African Studies majors are also required to take AAST 105H/HIST 105H.

Students can earn either the BA or BS degree. The BA program requires a foreign language through the intermediate level (202). Students seeking the BS degree must demonstrate beginning language proficiency (102). Consistent with Old Dominion University's Career Advantage Program (CAP), students majoring in African American and African Studies have the opportunity to participate in an appropriate field internship.

Bachelor of Arts Program

- African American and African Studies (BA) (p. 87)

Bachelor of Science Program

- African American and African Studies (BS) (p. 90)

Minor

- African American Studies Minor (p. 92)

African American and African Studies as a Second Major

Students who find themselves especially interested in African American and African Studies but who already have a major may fulfill their upper-division general education requirements by selecting African American and African Studies as a second major. Such students must complete the same departmental requirements as those majoring solely in African American and African Studies, but may count up to five African American and African Studies cross-listed courses taken for their other major toward their African American and African Studies major as well. For instance, a student majoring in both sociology and African American and African Studies may apply five courses, such as SOC 337, and SOC 436 toward the foundation courses, and SOC 323, SOC 426, SOC 444, taken toward their sociology requirements, as three electives for their major in African American and African Studies.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome

College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

STAT 130M is required to fulfill the Mathematics requirement

Language and Culture requirement - BS students' competence must be at the 102 level. BA students must have competence through the 202 level and competence is not met by the associate degree.

Information Literacy and Research requirement can be met in the major by AAST 308/POLS 308.

AAST 100S may not be used to satisfy the Human Behavior requirement.

The Interpreting the Past requirement is met in the major by AAST 105H/HIST 105H.

The requirements for African American and African Studies majors are outlined below. With the permission of the program director, courses not listed below may be approved as substitutions to fulfill program requirements.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor; 12 hours specified by the department, three of which can be in the major
- Option C. An approved certification program such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours). AAST courses and any course listed as an elective choice for the major cannot be used to meet this option.

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

African American and African Studies Requirements

General Education

Complete lower-division requirements	35-44
Complete upper-division requirements (minimum of 6 credits)	6
Complete foreign language coursework through the 202 level	0-6

African American and African Studies Core

AAST 100S	Introduction to African American Studies	3
AAST/HIST 105H	Interpreting the African Past	3
AAST 410	Africana Intellectual Thought and Economic Development	3
AAST 420W	African American Political and Social Thought *	3
Select one of the following:		3

AAST 320	Introduction to Research Methods	
SOC 337	Social Research Methods	
AAST 490	Senior Seminar	3
SOC 320	Social Inequality	3
Upper-Division African Studies Coursework		6
Upper-Division Humanities Coursework		6

Upper-Division Social Sciences Coursework	6
Total Credit Hours	80-95

* Grade of C or better required

Upper-Division Electives (BA and BS, 12 credit hours, 300 and 400 level courses)

Students majoring in African American and African Studies must earn a minimum of 12 credit hours in upper-division humanities and social science courses related to African American studies. Six credit hours of 300/400 level courses must be from the social sciences and six credit hours from the humanities. Courses may be selected from among those listed by category below. With the permission of the program director, courses not listed below may be approved as substitutions to fulfill program requirements.

Upper-Division Social Science Courses

AAST 310	Human Rights and Social Change in Africa	3
AAST/POLS 316	Politics of Africa	3
AAST/SOC 323	Sociology of Minority Families	3
AAST 368	Internship	3
AAST 395	Topics in African American Studies	3
AAST 396	Topics in African American Studies	3
AAST/POLS 412	Politics of the Civil Rights Movement	3
AAST/SOC 426	Minority Group Relations	3
AAST/CRJS/SOC 452	Diversity in Criminal Justice Organizations	3
AAST/PSYC 460	Psychology of African Americans	3
CRJS 450	Blacks, Crime and Justice	3
GEOG 452	Africa	3
POLS 309	Race, Culture and Public Policy	3
POLS 410	African American Politics	3
POLS 439	International Relations of African States	3
POLS 470	African Americans and Foreign Affairs	3
SOC/CRJS 444	Community Justice	3

Upper-Division Humanities Courses

AAST/HIST 361	African-American History to 1865	3
AAST 368	Internship	3
AAST 395	Topics in African American Studies	3
AAST 396	Topics in African American Studies	3
ENGL 465W	African American Literature	3
HIST 362	African-American History Since 1865	3
HIST 370	Africa and the Atlantic Slave Trade	3
HIST 455	African-American Historiography	3
HIST 475	Global Africa	3
MUSC 460	History of Jazz	3
WGS 302W	Dimensions of Diversity: Intersectionality Among Women	3

African Studies (BA and BS, 6 credit hours, 300 and 400 level electives)

In addition, students majoring in African American and African Studies must earn six credit hours in African Studies courses. Students may select courses from the following list (or topics courses as approved by the director):

AAST 310	Human Rights and Social Change in Africa	3
AAST/POLS 316	Politics of Africa	3
AAST/HIST 381	Africa in the 20th Century	3
GEOG 452	Africa	3
HIST 370	Africa and the Atlantic Slave Trade	3
HIST 382	African Civilizations	3

HIST 475	Global Africa	3
POLS 439	International Relations of African States	3

Courses taken in this category cannot duplicate upper-division social sciences and humanities courses taken to fulfill program requirements. At the discretion of the program director, substitutions may be approved to satisfy this requirement. The course options in this category will be expanded and/or modified as they become available.

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/>

graduate/stromecollegeofbusiness/) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor African American Studies Minor

The minor in African American Studies is administered by the Institute for the Study of Race and Ethnicity (ISRE). Students who wish to qualify for the program must submit a minor declaration form to the African American Studies program.

A variety of courses are offered to meet the requirements of the minor. Interdisciplinary in nature, the African American Studies minor provides an opportunity for students to investigate the history and culture of people of African descent as well as the current political, social, and economic interaction among all members of society.

Requirements

The minor in African American Studies is a 15 credit hour program, which includes the following:

AAST 100S	Introduction to African American Studies *	3
A minimum of six hours of 300/400 level humanities courses from among the following:		6
AAST/HIST 361	African-American History to 1865	
AAST 395	Topics in African American Studies	
AAST 396	Topics in African American Studies	
AAST 495	Topics in African American Studies	
ENGL 465W	African American Literature	
HIST 362	African-American History Since 1865	
HIST 370	Africa and the Atlantic Slave Trade	
HIST 455	African-American Historiography	
HIST 475	Global Africa	
MUSC 460	History of Jazz	
WGS 302W	Dimensions of Diversity: Intersectionality Among Women	
A minimum of six hours of 300/400 level social science courses from among the following:		6
AAST 310	Human Rights and Social Change in Africa	
AAST/POLS 316	Politics of Africa	
AAST/SOC 323	Sociology of Minority Families	

AAST 395	Topics in African American Studies	
AAST 396	Topics in African American Studies	
AAST 410	Africana Intellectual Thought and Economic Development	
AAST/POLS 412	Politics of the Civil Rights Movement	
AAST 420W	African American Political and Social Thought	
AAST/SOC 426	Minority Group Relations	
AAST/CRJS/SOC 452	Diversity in Criminal Justice Organizations	
AAST/PSYC 460	Psychology of African Americans	
AAST 490	Senior Seminar	
AAST 495	Topics in African American Studies	
CRJS/SOC 444	Community Justice	
CRJS 450	Blacks, Crime and Justice	
GEOG 452	Africa	
POLS 309	Race, Culture and Public Policy	
POLS 410	African American Politics	
POLS 439	International Relations of African States	
SOC 320	Social Inequality	
Total Credit Hours		15

* Does not count toward the grade point average required for the minor

With the approval of the director, courses that focus on the African American experience can also fulfill the requirements of the minor.

No course taken to satisfy the requirement of the minor can be from a student's major field.

Students must maintain a 2.00 cumulative grade point average in all courses specified as a requirement for the minor exclusive of 100- and 200-level courses and prerequisite courses. A minimum of six hours in upper-level courses in the minor must be courses offered by Old Dominion University.

Students must file a minor declaration form in the ISRE Resource Center in BAL 2023.

Art

Web Site: <http://www.odu.edu/artdept> (<http://www.odu.edu/artdept/>)

John Roth, Chair
757-683-4055

Students enrolled in Art Department classes will be expected to acquire mastery in studio skills, research skills, critical thinking, and problem solving as they become valuable contributors to the world of visual culture. A BFA can be earned in various studio majors as well as Art Education. The BA is an option in Art History and Visual Studies. Minors are also available in Art History, Print Media, Studio Art Photography, Studio Arts, and the Designed World.

Bachelor of Arts Programs

- Art with a Major in Art History (BA) (p. 94)
- Art with a Major in Visual Studies (BA) (p. 96)

Bachelor of Fine Arts Programs

- Fine Arts with a Major in 3D Media and Material Studies (BFA) (p. 99)
- Fine Arts with a Major in Art Education for Museums and Cultural Institutions (BFA) (p. 102)
- Fine Arts with a Major in Graphic Design (BFA) (p. 105)
- Fine Arts with a Major in Painting and Drawing (BFA) (p. 109)

- Fine Arts with a Major in Photography and Print Media (BFA) (p. 112)
- Fine Arts with a Major in PreK-12 Art Education (BFA) (p. 115)

Minors

- Art History Minor (p. 96)
- Print Media Minor (p. 119)
- Studio Art Photography Minor (p. 119)
- Studio Arts Minor (p. 119)
- The Designed World Minor (p. 119)

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Linked Bachelor's in Art, Visual Studies and Fine Arts and MA in Humanities

The linked bachelor's programs in art history, visual studies and fine arts and the MA in humanities make it possible for exceptional students to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Please refer to the Humanities (p. 244) section of this Catalog for additional information on the linked programs.

Bachelor of Arts

Art with a Major in Art History (BA)

Requirements

Anne Muraoka, Program Director

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring a major in Art History.

Language and Culture: Proficiency through 202 level in French, German, Italian, Latin or Spanish; note that proficiency is not met by completion of an associate degree.

Neither ARTH 121A nor ARTS 122A may be used to satisfy the Human Creativity requirement.

The Impact of Technology requirement may be fulfilled in the major with ARTH 435W.

Upper-Division General Education

- Option A. Approved Minor, 12-24 credit hours; also second degree or second major
- Option B. Interdisciplinary Minor; 12 credit hours, (3 credit hours may be in the major area of study)
- Option C. An approved certification program such as teaching licensure (hours vary)
- Option D. Two Upper-Division Courses (6 credit hours) from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major.

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.

- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Art History Major

General Education	
Complete lower-division requirements	38-47
Complete upper-division requirements (minimum of 6 credit hours)	6
Complete foreign language coursework through the 202 level	0-6
Art History	
ARTH 150	Global Survey of Art History
Select one of the following Art History (ARTH) 200-level Survey courses:	3
ARTH 203	Ancient Art *
or ARTH 204	Pseudoarchaeologies and Conspirational Thinking in Art
ARTH 210	Early Modern Art in Europe
ARTH 230	Survey of Modern and Contemporary Art
ARTH 351W	Research Methods in Art History
ARTH 360	Asian Art
or ARTH 305	Egyptian Art
Major Electives	
Select one additional 200-level ARTH Survey course in each of the areas not selected previously: Ancient and Medieval, Early Modern, or Modern and Contemporary.	6
Select one 300-level ARTH course from each of the following areas: Ancient and Medieval, Early Modern, or Modern and Contemporary.	9
Select three 400-level ARTH courses	9
ARTH 481	Capstone
or ARTH 480	Senior Thesis
Select two ARTS electives	6
Total Credit Hours	89-104

* Note: Course title change for ARTH 204 from "Debunking Myths in Art" to "Pseudoarchaeologies and Conspirational Thinking in Art."

Students pursuing graduate work leading to teaching, museology, art criticism or dealing in works of art will be counseled on course selection. - For students considering graduate work in art history, 18 hours of German or French are strongly recommended. Students who wish to distinguish themselves in the major may opt for the thesis elective, ARTH 480, in their final year of study.

Electives

Completion of requirements for lower-division general education, upper-division general education and the major would entail 89 to 104 credits toward the 120 credits required for graduation. The remaining credit hours may be met with any university course the student is qualified to take, including additional courses in art.

Additional Requirements and Requirements

Transfer Requirements

For the BA degree in visual studies, students must complete a minimum of 30 credit hours at Old Dominion University. These 30 credits must include

a minimum of 21 studio credit hours that include 12 credit hours at the 300/400 levels.

For the BA degree in art history, students must complete a minimum of 30 credit hours at Old Dominion University, which must include a minimum of 12 credit hours at the 300/400 levels.

A minimum of 36 credit hours in studio art (with 12 minimum at the 300/400 levels) from Old Dominion University is required for all BFA majors except art education.

For the BFA with majors in art education, 33 credit hours in studio art and 12 credits hours in art history are required along with 15 credit hours in art education. The 15 credit hour core curriculum in art education must be completed at ODU, unless transferred from a CAEP (Council for the Accreditation of Educator Preparation) and approved by the program director. Art history and 200-level studio credits may be transferable, with approval from the Art Department chief departmental advisor. Transferable course requirements pertaining to licensure that come from the Darden College of Education and Professional Studies professional education coursework must be approved through the Darden College of Education and Professional Studies if they do not meet the already pre-approved transferable courses.

For a minor in either art history, studio arts or studio art photography, transfer students must complete two elective courses in art history at the 300/400 level at Old Dominion University.

Before registering for classes, transfer students who enroll in the BFA (all majors) or the BA in visual studies must submit a portfolio of work for review by the Art Department chief departmental advisor who will determine which transferable courses will meet equivalent requirements in the major. Transfer students for the BFA with majors in art education must also be approved by the art education program director who will determine which transferable art education and professional courses will meet equivalent requirements in the major and those that must still be completed for licensure. Appointments for transfer portfolio evaluations must be made prior to registration for classes.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked Bachelor's in Art, Visual Studies and Fine Arts and MA in Humanities

The linked bachelor's programs in art history, visual studies and fine arts and the MA in humanities make it possible for exceptional students to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Please refer to the Humanities (p. 244) section of this Catalog for additional information on the linked programs.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor Art History Minor

Requirements

A student who chooses to complete a minor in art history must receive the approval of the chief departmental advisor and the art history program director. ARTH 150 and ARTH 203, ARTH 210 or ARTH 230 are prerequisite courses for the minor and are not included in the calculation of the grade point average for the minor. A reading knowledge of French, German, Italian or Spanish is strongly advised. The requirement for the minor for BA and BS students comprises 12 hours selected from ARTH 300- and 400-level courses. BFA students must complete the following:

Select one of the following courses:	3
ARTH 320W History of Graphic Design	
ARTH 350W Art Criticism	
ARTH 351W Research Methods in Art History	
ARTH 435W Modern Architecture	
ARTH 300- and 400-level courses	12
Total Credit Hours	15

For completion of the minor a student must have a minimum overall cumulative grade point average of 2.00 and no grade lower than a C in all courses specified as a requirement for the minor exclusive of prerequisite courses. Transfer students must complete a minimum of six hours in ARTH 300- and 400-level courses through courses offered by Old Dominion University.

Bachelor of Arts Art with a Major in Visual Studies (BA)

The BA degree with a major in Visual Studies cultivates the exploration of human experience through the visual arts by encouraging students to engage with the histories of art making, materials and vehicles of expression, design principles, and best practices in business administration and communication. The BA in Visual Studies major offers students a broad, yet comprehensive education in art practice, history, theory, administration, and business. This degree teaches students a broad collection of skills applicable to diverse fields or professions in the arts. Although the curriculum for the Visual Studies major is centered on the arts, these are transferrable to any profession. The degree supports the College of Art & Letters mission to: 1) introduce students to the full range of human experience through the study of cultural heritage, forms of artistic expression, and methods of critical inquiry; and 2) prepare students for rigorous, intellectual, and creative inquiry leading to their full development as human beings and to their responsible engagement with society.

Total Credit Hours **89-101**

- ¹ C or better required.
- ² These courses may not be used to meet the upper-division general education requirement, and they do not count towards the major GPA.

Completion of requirements for lower-division general education, upper-division general education and the major would entail 89 to 104 credits toward the 120 credits required for graduation. The remaining credit hours may be met with any university course the student is qualified to take, including additional courses in art.

Additional Requirements and Information

Transfer Requirements

For the BA degree in visual studies, students must complete a minimum of 30 credit hours at Old Dominion University. These 30 credits must include a minimum of 21 studio credit hours that include 12 credit hours at the 300/400 levels.

For the BA degree in art history, students must complete a minimum of 30 credit hours at Old Dominion University, which must include a minimum of 12 credit hours at the 300/400 levels.

A minimum of 36 credit hours in studio art (with 12 minimum at the 300/400 levels) from Old Dominion University is required for all BFA majors except art education.

For the BFA with majors in art education, 33 credit hours in studio art and 12 credits hours in art history are required along with 15 credit hours in art education. The 15 credit hour core curriculum in art education must be completed at ODU, unless transferred from a CAEP (Council for the Accreditation of Educator Preparation) and approved by the program director. Art history and 200-level studio credits may be transferable, with

approval from the Art Department chief departmental advisor. Transferable course requirements pertaining to licensure that come from the Darden College of Education and Professional Studies professional education coursework must be approved through the Darden College of Education and Professional Studies if they do not meet the already pre-approved transferable courses.

For a minor in either art history, studio arts or studio art photography, transfer students must complete two elective courses in art history at the 300/400 level at Old Dominion University.

Before registering for classes, transfer students who enroll in the BFA (all majors) or the BA in visual studies must submit a portfolio of work for review by the Art Department chief departmental advisor who will determine which transferable courses will meet equivalent requirements in the major. Transfer students for the BFA with majors in art education must also be approved by the art education program director who will determine which transferable art education and professional courses will meet equivalent requirements in the major and those that must still be completed for licensure. Appointments for transfer portfolio evaluations must be made prior to registration for classes.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked Bachelor's in Art, Visual Studies and Fine Arts and MA in Humanities

The linked bachelor's programs in art history, visual studies and fine arts and the MA in humanities make it possible for exceptional students to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the

graduate degree). Please refer to the Humanities (p. 244) section of this Catalog for additional information on the linked programs.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Fine Arts Fine Arts with a Major in 3D Media and Material Studies (BFA)

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3

Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3

Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring a major in fine arts.

Neither ARTH 121A nor ARTS 122A may be used to satisfy the Human Creativity requirement.

Impact of Technology can be fulfilled in the major with ARTH 435W Modern Architecture.

Upper-Division General Education

- Option A: Approved Minor (minimum 12 hours), second degree, or second major
- Option B: Interdisciplinary Minor (specifically 12 hours; 3 credit hours may be in the major area of study)
- Option C: An approved certification program, such as Teaching Licensure (hours vary)
- Option D: Two 300/400 upper level courses (6 hours) from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major.

A student may take a double major, but no more than two courses may be used for both majors. Note that a second major fulfills the upper-division general education requirements.

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

3D Media and Material Studies Major

In keeping with the Art Department's mission of empowering students to become visually critical thinkers through their creative practice, the 3D Media and Material Studies major focuses on making as a form of thinking through technical mastery of both traditional craftsmanship and emerging technologies. Students are also exposed to the expanding range of working three-dimensional studio practice, including performance and installation and time-based art. Through immersion in a research and process-oriented curriculum, students develop a range of transferable skills and a body of work reflecting artistic maturity, material proficiency, and conceptual development.

** With 3D faculty approval

Additional Requirements and Information

Admission

The Bachelor of Fine Arts (BFA) is a professional degree that focuses on intensive creative work in the following majors: 3D Media and Material Studies, Graphic Design, Painting and Drawing, and Photography and Print Media. The BFA does not have a freshman entrance portfolio review for admission. Students who are pursuing the BFA degree must consult with the Art Department's Chief Departmental Advisor before or during their first semester at ODU. Students are expected to begin their art studio foundations coursework in their first year of study.

Continuance

Students seeking continuance into any of the BFA majors must first successfully complete the art studio foundations coursework with a minimum grade of C. Students must then submit a portfolio of their work for evaluation by faculty within the major. The specific submission requirements for each major are listed on the Art Department website. After successfully completing the portfolio review, students will continue upper-level coursework in the major.

Transfer Requirements

For the BA degree in visual studies, students must complete a minimum of 30 credit hours at Old Dominion University. These 30 credits must include a minimum of 21 studio credit hours that include 12 credit hours at the 300/400 levels.

For the BA degree in art history, students must complete a minimum of 30 credit hours at Old Dominion University, which must include a minimum of 12 credit hours at the 300/400 levels.

A minimum of 36 credit hours in studio art (with 12 minimum at the 300/400 levels) from Old Dominion University is required for all BFA majors except art education.

For the BFA with majors in art education, 33 credit hours in studio art and 12 credits hours in art history are required along with 15 credit hours in art education. The 15 credit hour core curriculum in art education must be completed at ODU, unless transferred from a CAEP (Council for the Accreditation of Educator Preparation) and approved by the program director. Art history and 200-level studio credits may be transferable, with approval from the Art Department chief departmental advisor. Transferable course requirements pertaining to licensure that come from the Darden College of Education and Professional Studies professional education coursework must be approved through the Darden College of Education and Professional Studies if they do not meet the already pre-approved transferable courses.

For a minor in either art history, studio arts or studio art photography, transfer students must complete two elective courses in art history at the 300/400 level at Old Dominion University.

Before registering for classes, transfer students who enroll in the BFA (all majors) or the BA in visual studies must submit a portfolio of work for review by the Art Department chief departmental advisor who will determine which transferable courses will meet equivalent requirements in the major. Transfer students for the BFA with majors in art education must also be approved by the art education program director who will determine which transferable art education and professional courses will

meet equivalent requirements in the major and those that must still be completed for licensure. Appointments for transfer portfolio evaluations must be made prior to registration for classes.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked Bachelor's in Art, Visual Studies and Fine Arts and MA in Humanities

The linked bachelor's programs in art history, visual studies and fine arts and the MA in humanities make it possible for exceptional students to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Please refer to the Humanities (p. 244) section of this Catalog for additional information on the linked programs.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-

business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Fine Arts Fine Arts with a Major in Art Education for Museums and Cultural Institutions (BFA)

Natalia Pilato
Art Education Program Director

The Art Education program offers instruction in both the practical and theoretical aspects of teaching art from kindergarten through high school in a variety of settings. The program curriculum aims to cultivate teaching artists with a strong foundation in studio arts and art education best practice methods. More than 100 hours of observation, practicum, and hands-on learning experiences in schools, museums, and cultural institutions provide students with the necessary skills to be successful teaching artists, in addition to their teaching internship. Students write lessons from a variety of entry points including big ideas, historical and contemporary artists, social justice issues, and art processes. Students will focus on the dispositions of visual art educators as defined by NAEA (National Art Education Association), the Virginia Department of Education and ODU. Additional focus will be on the development of culturally relevant curriculum and pedagogy. Students also engage in research by exploring past and current issues in Art Education and how social, cultural, and political perspectives influence Art Educational practice and policy.

The Art Education program focuses on studio arts, art history, and professional education course work. All students complete 33 credit hours in studio including 12 upper-level credits in one of the fine arts majors; Painting and Drawing, 3D Media and Material Studies, or Print and Photo. This offers students a diverse and substantive exposure to studio practice

along with a focus in the discipline of their choice. Students also complete 12 credit hours in Art History, along with 15 core credit hours in Art Education.

Students wishing to obtain a BFA in art education can choose between two majors:

PreK-12 Art Education

PreK-12 Art Education includes 9 credits in Special Education and Teaching and Learning through the Darden College of Education and Professional Studies as well as a 12-credit internship in elementary and secondary art classrooms in the public schools. Students in this major must complete required tests and clearances for K-12 teaching in the public schools and must be admitted into the teacher education program through the Office of Clinical Experiences. This major is ideal for students seeking careers as art educators in the public schools for grades K-12.

Art Education for Museums and Cultural Institutions

Art Education for Museums and Cultural Institutions includes a minor in Art History (9 additional credits in upper-level coursework), 3 credits in special education, 3 credits in art therapy and a 6-9 credit internship with a museum or cultural institution. This major prepares students seeking a career as a museum educator or as a community arts program director/education coordinator.

Old Dominion University's Art Education program is accredited by the National Council for Accreditation of Educator Preparation (CAEP) and the Virginia Department of Education.

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C English Composition before declaring major in Art Education.

Neither ARTH 121A nor ARTS 122A may be used to satisfy the Human Creativity requirement.

Upper-Division General Education

Satisfied through a built-in minor in art history.

Requirements for Graduation

Requirements for graduation include completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better, completion of the Senior Assessment; a minimum cumulative 2.75 GPA in the major area and in the professional education core with no grade less than a C in the major/content and with no grade less than a C- in the professional education core; successful completion of the Teacher Candidate Internship; and a minimum of 122 credit hours, which must include both a minimum of 31 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.

Licensure requirements also include certificate of completion in First Aid/AED/CPR, Dyslexia Awareness Training, Child Abuse and Neglect Recognition and Intervention Training, and Regulations Governing the Use of Restraint and Seclusion in Elementary and Secondary Schools, and Cultural Competence Training.

Due to changing University requirements, national accreditation standards, and the Virginia Board of Education licensure regulations, the teacher education programs in the College of Arts and Letters are under constant revision. Any changes resulting from these factors supersede the program requirements described in this Catalog. Students are encouraged to obtain current program information from their advisors and from the Office of Clinical Experiences website at <http://odu.edu/oce> (<http://odu.edu/oce/>).

Art Education Core

Art History

ARTH 150	Global Survey of Art History *	3
Select one 200-level Art History (ARTH) Survey course: *		3

Elective credit may be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

Admission

All students must apply for and be admitted into the approved art education program. Students must meet the required criteria for admission by earning the minimum required grade point averages (GPA). Application forms for admission to teacher education programs are available on the Office of Clinical Experiences website, <http://odu.edu/oce> (<http://odu.edu/oce/>), and are to be submitted to the art education program director or Art Department chair before being submitted to Office of Clinical Experiences.

Prescribed Virginia Board of Education Assessment for Admission to an Approved Teacher Education Program

Old Dominion University students seeking admission to an approved teacher education program must satisfy the Virginia Board of Education required assessment for admission into an approved teacher education program.

For the most current information on the prescribed Virginia Board of Education admission assessment, visit the Virginia Department of Education at <https://www.doe.virginia.gov/>.

Required grade point averages (GPA)

- A cumulative GPA of 2.75 is required.
- A major/content GPA of 2.75 is required – all Art courses must be passed with a grade of C or higher.
- A professional education GPA of 2.75 is required – all professional education courses must be passed with a grade of C- or higher.

Although students may enroll in a limited number of education courses, students must be admitted into the approved art education program prior to enrolling in any instructional strategies practicum education course. Students must also meet with an art education advisor before beginning their sophomore year.

Continuance

Students must maintain a cumulative GPA of 2.75, a major/content GPA of 2.75 and a professional education GPA of 2.75. ART, ARTE, and ARTH courses must be passed with a grade of C or higher. The professional education core must be completed with a grade of C- or higher for continuance. A professional education GPA of 2.75 is required for continuance. The PRAXIS II Art content knowledge examination must be taken prior to, or while enrolled in ARTE 411 and must be passed before enrolling in ARTE 480 Capstone. All assessments must be passed and course work completed prior to enrollment in TLED 485 Student Teaching Internship and the start of the Teacher Candidate Internship Orientation session.

Background Clearance Requirement

Old Dominion University requires a background clearance check of candidates interested in many of the professional education programs. Professional education programs have several field experiences that are required for continuance and graduation from the program. The background clearance must be successfully completed prior to a field experience placement. Students will be provided a field experience placement when the background check process is completed with resolution of any issues. The process to complete the ODU clearance background check is located at: <https://www.odu.edu/clinical-experiences/background-checks> (<https://www.odu.edu/clinical-experiences/background-checks/>). The ODU clearance process includes the FBI fingerprint SP-24 form, the child protective service/social service check, and the sexual offender registry check. Candidates interested in the professional education programs are advised to complete this clearance process immediately upon entry into the program since the clearance process takes a minimum of eight weeks to complete. Please contact the Office of Clinical Experiences at 757-683-3348 if you have any questions.

Virginia Board of Education Prescribed Assessment for Licensure

- Praxis Subject assessment (formerly Praxis II) art content knowledge (test code 5134), passing score of 158 required.

To review more information on the Virginia Board of Education prescribed assessments, visit the Office of Clinical Experiences website, <http://odu.edu/oce> (<http://odu.edu/oce/>).

Transfer Requirements

For the BA degree in visual studies, students must complete a minimum of 30 credit hours at Old Dominion University. These 30 credits must include a minimum of 21 studio credit hours that include 12 credit hours at the 300/400 levels.

For the BA degree in art history, students must complete a minimum of 30 credit hours at Old Dominion University, which must include a minimum of 12 credit hours at the 300/400 levels.

A minimum of 36 credit hours in studio art (with 12 minimum at the 300/400 levels) from Old Dominion University is required for all BFA majors except art education.

For the BFA with majors in art education, 33 credit hours in studio art and 12 credits hours in art history are required along with 15 credit hours in art education. The 15 credit hour core curriculum in art education must be completed at ODU, unless transferred from a CAEP (Council for the Accreditation of Educator Preparation) and approved by the program director. Art history and 200-level studio credits may be transferable, with approval from the Art Department chief departmental advisor. Transferable course requirements pertaining to licensure that come from the Darden College of Education and Professional Studies professional education coursework must be approved through the Darden College of Education

and Professional Studies if they do not meet the already pre-approved transferable courses.

For a minor in either art history, studio arts or studio art photography, transfer students must complete two elective courses in art history at the 300/400 level at Old Dominion University.

Before registering for classes, transfer students who enroll in the BFA (all majors) or the BA in visual studies must submit a portfolio of work for review by the Art Department chief departmental advisor who will determine which transferable courses will meet equivalent requirements in the major. Transfer students for the BFA with majors in art education must also be approved by the art education program director who will determine which transferable art education and professional courses will meet equivalent requirements in the major and those that must still be completed for licensure. Appointments for transfer portfolio evaluations must be made prior to registration for classes.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

* Students who select ARTH 230 as their survey course take ARTH 351W instead of ARTH 350W.

Linked Bachelor's in Art, Visual Studies and Fine Arts and MA in Humanities

The linked bachelor's programs in art history, visual studies and fine arts and the MA in humanities make it possible for exceptional students to count up to 12 hours of graduate courses toward both an undergraduate and graduate

degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Please refer to the Humanities (p. 244) section of this Catalog for additional information on the linked programs.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Fine Arts Fine Arts with a Major in Graphic Design (BFA) Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3

The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring a major in fine arts.

Neither ARTH 121A nor ARTS 122A may be used to satisfy the Human Creativity requirement.

Impact of Technology can be fulfilled in the major with ARTH 435W Modern Architecture.

Upper-Division General Education

- Option A: Approved Minor (minimum 12 hours), second degree, or second major
- Option B: Interdisciplinary Minor (specifically 12 hours; 3 credit hours may be in the major area of study)
- Option C: An approved certification program, such as Teaching Licensure (hours vary)
- Option D: Two 300/400 upper level courses (6 hours) from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major.

A student may take a double major, but no more than two courses may be used for both majors. Note that a second major fulfills the upper-division general education requirements.

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Graphic Design Major

The Graphic Design major is a professional program that addresses the wide variety of design applications in print and digital media. Students will encounter a diverse and substantive experience in the range of design activity for the contemporary knowledge economy. Students graduating from the program pursue careers in graphic design nationally in a broad range of applications or continue their education in MFA programs.

The program provides a solid foundation of traditional and emergent creative expressions. Students will be introduced to design methods and principles to develop their ability to be personally engaged, economically viable

and professionally relevant. The core graphic design curriculum stresses competencies in research, ideation, analysis and articulation, aesthetics, design theory, productivity, and the application of technology, necessary for personal expression or professional practice. Instruction throughout emphasizes and promotes social responsibility, diversity, and inclusion.

All graphic design students should expect a creative and collaborative environment built upon the experience of a faculty of practicing designers and design educators. Limited enrollment and class sizes ensure an intense and individualized course of study. The department's dedicated state-of-the-art facilities include classroom and production spaces built and equipped to facilitate instruction and invention with traditional and digital media. The program strongly encourages and supports critical interaction with the design community through lectures, workshops, internships, and professional memberships.

Graphic Design Major Requirements

Intended students in the graphic design program can complete the required art studio foundations course (ARTS 279) during the first year of study. For admission into the Graphic Design major, students must have successfully completed 12 credits of graphic design courses with a minimum grade of C.

Transfer students must demonstrate equivalent preparation at another institution to receive credit for the art studio foundations courses.

Graphic Design Program Requirements

Students accepted into the graphic design major must acquire a laptop computer and subscription to the Adobe Creative Cloud software. Specifications for the laptop and software can be obtained from the full-time graphic design faculty or the website. Continuance in the graphic design major requires a grade of C or better in all prerequisite courses and requirements in the graphic design sequence. A final course grade of C- or lower requires the student to repeat the course in order to advance in the major.

Students may focus their studies by selecting electives with New Media Design or Design Applications content. Students become eligible to take these courses after completion of GDES 280, GDES 365, GDES 371, and GDES 378.

Additional Requirements and Information

Admission

The Bachelor of Fine Arts (BFA) is a professional degree that focuses on intensive creative work in the following majors: 3D Media and Material Studies, Graphic Design, Painting and Drawing, and Photography and Print Media. The BFA does not have a freshman entrance portfolio review for admission. Students who are pursuing the BFA degree must consult with the Art Department's Chief Departmental Advisor before or during their first semester at ODU. Students are expected to begin their art studio foundations coursework in their first year of study.

Continuance

Students seeking continuance into any of the BFA majors must first successfully complete the art studio foundations coursework with a minimum grade of C. Students must then submit a portfolio of their work for evaluation by faculty within the major. The specific submission requirements for each major are listed on the Art Department website. After successfully completing the portfolio review, students will continue upper-level coursework in the major.

Transfer Requirements

For the BA degree in visual studies, students must complete a minimum of 30 credit hours at Old Dominion University. These 30 credits must include a minimum of 21 studio credit hours that include 12 credit hours at the 300/400 levels.

For the BA degree in art history, students must complete a minimum of 30 credit hours at Old Dominion University, which must include a minimum of 12 credit hours at the 300/400 levels.

A minimum of 36 credit hours in studio art (with 12 minimum at the 300/400 levels) from Old Dominion University is required for all BFA majors except art education.

For the BFA with majors in art education, 33 credit hours in studio art and 12 credits hours in art history are required along with 15 credit hours in art education. The 15 credit hour core curriculum in art education must be completed at ODU, unless transferred from a CAEP (Council for the Accreditation of Educator Preparation) and approved by the program director. Art history and 200-level studio credits may be transferable, with approval from the Art Department chief departmental advisor. Transferable course requirements pertaining to licensure that come from the Darden College of Education and Professional Studies professional education coursework must be approved through the Darden College of Education and Professional Studies if they do not meet the already pre-approved transferable courses.

For a minor in either art history, studio arts or studio art photography, transfer students must complete two elective courses in art history at the 300/400 level at Old Dominion University.

Before registering for classes, transfer students who enroll in the BFA (all majors) or the BA in visual studies must submit a portfolio of work for review by the Art Department chief departmental advisor who will determine which transferable courses will meet equivalent requirements in the major. Transfer students for the BFA with majors in art education must also be approved by the art education program director who will determine which transferable art education and professional courses will meet equivalent requirements in the major and those that must still be completed for licensure. Appointments for transfer portfolio evaluations must be made prior to registration for classes.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

The Graphic Design curriculum is sequential; required graphic design courses must be taken in the order listed above. Continuance in the graphic design major requires a grade of C or better in all prerequisite courses and requirements in the graphic design sequence.

Linked Bachelor's in Art, Visual Studies and Fine Arts and MA in Humanities

The linked bachelor's programs in art history, visual studies and fine arts and the MA in humanities make it possible for exceptional students to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Please refer to the Humanities (p. 244) section of this Catalog for additional information on the linked programs.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation

with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring a major in fine arts.

Neither ARTH 121A nor ARTS 122A may be used to satisfy the Human Creativity requirement.

Impact of Technology can be fulfilled in the major with ARTH 435W Modern Architecture.

Upper-Division General Education

- Option A: Approved Minor (minimum 12 hours), second degree, or second major
- Option B: Interdisciplinary Minor (specifically 12 hours; 3 credit hours may be in the major area of study)
- Option C: An approved certification program, such as Teaching Licensure (hours vary)
- Option D: Two 300/400 upper level courses (6 hours) from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major.

A student may take a double major, but no more than two courses may be used for both majors. Note that a second major fulfills the upper-division general education requirements.

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Painting and Drawing Major

The Painting and Drawing major supports the investigation of various methods, forms and histories of painting and drawing in addition to the spaces these modes occupy in the contemporary sphere. Students begin their studies with a thorough grounding in the skills required to successfully engage the traditions and contemporary practices of painting and drawing. Initial coursework provides students strong technical, perceptual and visualization skills through a comprehensive and rigorous Foundations and Studio Core curriculum, gaining material handling competencies of both painting and drawing media. Intermediate coursework includes a review and expansion of these competencies with exploration into the expressive potential of painting and drawing through thematically-driven projects. Advanced coursework provides students the tools to develop individual bodies of work exploring individualized preferred concepts, subject matter, techniques, and media.

Painting and Drawing students are recognized as artists and are treated as such; their individual voices are vital to the learning experience cultivated within the program. Painting and Drawing students generate artworks that position them for success in today's competitive market. At the conclusion of their studies, painting and drawing students are capable of creating works of personal pursuit that display an understanding of the historical and contemporary contexts of art making. Additionally, students will have obtained a high level of technical facility, knowledge of professional practice standards, as well as an appreciation for the limitless possibilities of their creativity and the multitude of tools at their disposal.

Additional Requirements and Information

Admission

The Bachelor of Fine Arts (BFA) is a professional degree that focuses on intensive creative work in the following majors: 3D Media and Material Studies, Graphic Design, Painting and Drawing, and Photography and Print Media. The BFA does not have a freshman entrance portfolio review for admission. Students who are pursuing the BFA degree must consult with the Art Department's Chief Departmental Advisor before or during their first semester at ODU. Students are expected to begin their art studio foundations coursework in their first year of study.

Continuance

Students seeking continuance into any of the BFA majors must first successfully complete the art studio foundations coursework with a minimum grade of C. Students must then submit a portfolio of their work for evaluation by faculty within the major. The specific submission requirements for each major are listed on the Art Department website. After successfully completing the portfolio review, students will continue upper-level coursework in the major.

Transfer Requirements

For the BA degree in visual studies, students must complete a minimum of 30 credit hours at Old Dominion University. These 30 credits must include a minimum of 21 studio credit hours that include 12 credit hours at the 300/400 levels.

For the BA degree in art history, students must complete a minimum of 30 credit hours at Old Dominion University, which must include a minimum of 12 credit hours at the 300/400 levels.

A minimum of 36 credit hours in studio art (with 12 minimum at the 300/400 levels) from Old Dominion University is required for all BFA majors except art education.

For the BFA with majors in art education, 33 credit hours in studio art and 12 credits hours in art history are required along with 15 credit hours in art education. The 15 credit hour core curriculum in art education must be completed at ODU, unless transferred from a CAEP (Council for the Accreditation of Educator Preparation) and approved by the program director. Art history and 200-level studio credits may be transferable, with approval from the Art Department chief departmental advisor. Transferable course requirements pertaining to licensure that come from the Darden College of Education and Professional Studies professional education coursework must be approved through the Darden College of Education and Professional Studies if they do not meet the already pre-approved transferable courses.

For a minor in either art history, studio arts or studio art photography, transfer students must complete two elective courses in art history at the 300/400 level at Old Dominion University.

Before registering for classes, transfer students who enroll in the BFA (all majors) or the BA in visual studies must submit a portfolio of work for review by the Art Department chief departmental advisor who will determine which transferable courses will meet equivalent requirements in the major. Transfer students for the BFA with majors in art education must also be approved by the art education program director who will determine which transferable art education and professional courses will meet equivalent requirements in the major and those that must still be

completed for licensure. Appointments for transfer portfolio evaluations must be made prior to registration for classes.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked Bachelor's in Art, Visual Studies and Fine Arts and MA in Humanities

The linked bachelor's programs in art history, visual studies and fine arts and the MA in humanities make it possible for exceptional students to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Please refer to the Humanities (p. 244) section of this Catalog for additional information on the linked programs.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Fine Arts Fine Arts with a Major in Photography and Print Media (BFA)

Requirements

Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring a major in fine arts.

Neither ARTH 121A nor ARTS 122A may be used to satisfy the Human Creativity requirement.

Impact of Technology can be fulfilled in the major with ARTH 435W Modern Architecture.

Upper-Division General Education

- Option A: Approved Minor (minimum 12 hours), second degree, or second major
- Option B: Interdisciplinary Minor (specifically 12 hours; 3 credit hours may be in the major area of study)
- Option C: An approved certification program, such as Teaching Licensure (hours vary)
- Option D: Two 300/400 upper level courses (6 hours) from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major.

A student may take a double major, but no more than two courses may be used for both majors. Note that a second major fulfills the upper-division general education requirements.

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Photography and Print Media Major

The Photography and Print Media major is a unique combination of reproducible media and concept-driven art practice. This pairing provides students with the ability to experiment across disciplines or to concentrate mainly in photography or print media. Each student will develop an individual program of courses that meets their interests.

In photography, students will gain a broad understanding of contemporary photography and its applications in today's world. From digital to analog, students will become well versed in technique as well as contemporary theory. Classes focus on darkroom, digital editing and studio lighting along with learning how to develop their own unique voice as a photographer and artist.

In print media, students have the opportunity to learn a wide range of print techniques and strategies. Every major image reproduction technology, from woodblock printing to large-format inkjet prints, is available to students. Print technique, history, and theory are brought together in guiding students' creative work and artistic development.

Classes take place in the department's brand-new art building equipped with a state-of-the-art computer lab dedicated to photo students and supplied with the latest software. In addition, the photo area contains a darkroom, lighting studio, advanced print lab and general workroom. The print area is equipped for letterpress, screenprint, lithography, relief, and intaglio printmaking, in addition to a digital print lab.

At the end of the program students will take a yearlong seminar dedicated to developing a provocative senior project that will culminate in the senior exhibition at the Baron and Ellin Gordon Art Galleries.

Additional Requirements and Information

Admission

The Bachelor of Fine Arts (BFA) is a professional degree that focuses on intensive creative work in the following majors: 3D Media and Material Studies, Graphic Design, Painting and Drawing, and Photography and Print Media. The BFA does not have a freshman entrance portfolio review for admission. Students who are pursuing the BFA degree must consult with the Art Department's Chief Departmental Advisor before or during their first

semester at ODU. Students are expected to begin their art studio foundations coursework in their first year of study.

Continuance

Students seeking continuance into any of the BFA majors must first successfully complete the art studio foundations coursework with a minimum grade of C. Students must then submit a portfolio of their work for evaluation by faculty within the major. The specific submission requirements for each major are listed on the Art Department website. After successfully completing the portfolio review, students will continue upper-level coursework in the major.

Transfer Requirements

For the BA degree in visual studies, students must complete a minimum of 30 credit hours at Old Dominion University. These 30 credits must include a minimum of 21 studio credit hours that include 12 credit hours at the 300/400 levels.

For the BA degree in art history, students must complete a minimum of 30 credit hours at Old Dominion University, which must include a minimum of 12 credit hours at the 300/400 levels.

A minimum of 36 credit hours in studio art (with 12 minimum at the 300/400 levels) from Old Dominion University is required for all BFA majors except art education.

For the BFA with majors in art education, 33 credit hours in studio art and 12 credits hours in art history are required along with 15 credit hours in art education. The 15 credit hour core curriculum in art education must be completed at ODU, unless transferred from a CAEP (Council for the Accreditation of Educator Preparation) and approved by the program director. Art history and 200-level studio credits may be transferable, with approval from the Art Department chief departmental advisor. Transferable course requirements pertaining to licensure that come from the Darden College of Education and Professional Studies professional education coursework must be approved through the Darden College of Education and Professional Studies if they do not meet the already pre-approved transferable courses.

For a minor in either art history, studio arts or studio art photography, transfer students must complete two elective courses in art history at the 300/400 level at Old Dominion University.

Before registering for classes, transfer students who enroll in the BFA (all majors) or the BA in visual studies must submit a portfolio of work for review by the Art Department chief departmental advisor who will determine which transferable courses will meet equivalent requirements in the major. Transfer students for the BFA with majors in art education must also be approved by the art education program director who will determine which transferable art education and professional courses will meet equivalent requirements in the major and those that must still be completed for licensure. Appointments for transfer portfolio evaluations must be made prior to registration for classes.

Bachelor of Fine Arts Fine Arts with a Major in PreK-12 Art Education (BFA)

Natalia Pilato
Art Education Program Director

The Art Education program offers instruction in both the practical and theoretical aspects of teaching art from kindergarten through high school in a variety of settings. The program curriculum aims to cultivate teaching artists with a strong foundation in studio arts and art education best practice methods. More than 100 hours of observation, practicum, and hands-on learning experiences in schools, museums, and cultural institutions provide students with the necessary skills to be successful teaching artists, in addition to their teaching internship. Students write lessons from a variety of entry points including big ideas, historical and contemporary artists, social justice issues, and art processes. Students will focus on the dispositions of visual art educators as defined by NAEA (National Art Education Association), the Virginia Department of Education and ODU. Additional focus will be on the development of culturally relevant curriculum and pedagogy. Students also engage in research by exploring past and current issues in Art Education and how social, cultural, and political perspectives influence Art Educational practice and policy.

The Art Education program focuses on studio arts, art history, and professional education course work. All students complete 33 credit hours in studio including 12 upper-level credits in one of the fine arts majors; Painting and Drawing, 3D Media and Material Studies, or Print and Photo. This offers students a diverse and substantive exposure to studio practice along with a focus in the discipline of their choice. Students also complete 12 credit hours in Art History, along with 15 core credit hours in Art Education.

Students wishing to obtain a BFA in art education can choose between two majors:

PreK-12 Art Education

PreK-12 Art Education includes 9 credits in Special Education and Teaching and Learning through the Darden College of Education and Professional Studies as well as a 12-credit internship in elementary and secondary art classrooms in the public schools. Students in this major must complete required tests and clearances for K-12 teaching in the public schools and must be admitted into the teacher education program through the Office of

Clinical Experiences. This major is ideal for students seeking careers as art educators in the public schools for grades K-12.

Art Education for Museums and Cultural Institutions

Art Education for Museums and Cultural Institutions includes a minor in Art History (9 additional credits in upper-level coursework), 3 credits in special education, 3 credits in art therapy and a 6-9 credit internship with a museum or cultural Institution. This major prepares students seeking a career as a museum educator or as a community arts program director/education coordinator.

Old Dominion University's Art Education program is accredited by the National Council for Accreditation of Educator Preparation (CAEP) and the Virginia Department of Education.

Written Communication: Grade of C or better required in both courses and in ENGL 110C English Composition before declaring major in Art Education.

Neither ARTH 121A nor ARTS 122A may be used to satisfy the Human Creativity requirement.

Upper-Division General Education

Satisfied through the professional education sequence.

Requirements for Graduation

Requirements for graduation include completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better, completion of the Senior Assessment; a minimum cumulative 2.75 GPA in the major area and in the professional education core with no grade less than a C- in the professional education core; successful completion of the Teacher Candidate Internship; and a minimum of 122 credit hours, which must include both a minimum of 31 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.

Licensure requirements also include certificate of completion in First Aid/AED/CPR, Dyslexia Awareness Training, Child Abuse and Neglect

Recognition and Intervention Training, and Regulations Governing the Use of Restraint and Seclusion in Elementary and Secondary Schools, and Cultural Competence Training.

Due to changing University requirements, national accreditation standards, and the Virginia Board of Education licensure regulations, the teacher education programs in the College of Arts and Letters are under constant revision. Any changes resulting from these factors supersede the program requirements described in this Catalog. Students are encouraged to obtain current program information from their advisors and from the Office of Clinical Experiences website at <http://odu.edu/oce> (<http://odu.edu/oce/>).

Art Education Core

Art History

ARTH 150	Global Survey of Art History *	3
Select one 200-level Art History (ARTH) Survey course: *		3
ARTH 360	Asian Art *	3
or ARTH 305	Egyptian Art	
ARTH 350W	Art Criticism **	3
Total Credit Hours		12

* C or better required

** C or better required. Students who select ARTH 230 as their survey course take ARTH 351W instead of ARTH 350W.

Art Studio

ARTS 202	Two-Dimensional Design and Color Theory *	3
ARTS 203	Three-Dimensional Design *	3
ARTS 211	Introduction to Digital Photography *	3
ARTS 231	Drawing I: Fundamentals of Drawing *	3
ARTS 241	Painting I *	3
ARTS 261	Introduction to Sculpture *	3
ARTS 263	Introduction to Ceramics *	3
ARTS 279	Digital Basics *	3
Select three upper-level courses in one area (one must be at the 400 level): 3D Media and Material Studies, Painting and Drawing, and Photography and Print Media. **		9
Total Credit Hours		33

* C or better required

** The three areas may have several different focuses; in these cases upper-level coursework must be taken in separate focuses within one area, such as coursework for ceramics, sculpture, metals and/or fibers. For example, for the 3D media and materials studies major, upper-level coursework must be taken across all focus areas, which include ceramics, sculpture, metals and/or fibers. In addition, those students seeking to take print or metals coursework can substitute a 200-level course for their 300-level major requirement.

PreK-12 Art Education Major

** Grade of C- or better required.

Elective Credit

Elective credit may be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

Admission

All students must apply for and be admitted into the approved art education program. Students must meet the required criteria for admission by earning the minimum required grade point averages (GPA). Application forms for admission to teacher education programs are available on the Office of Clinical Experiences website, <http://odu.edu/oce> (<http://odu.edu/oce/>), and are to be submitted to the art education program director or Art Department chair before being submitted to Office of Clinical Experiences.

Prescribed Virginia Board of Education Assessment for Admission to an Approved Teacher Education Program

Old Dominion University students seeking admission to an approved teacher education program must satisfy the Virginia Board of Education required assessment for admission into an approved teacher education program.

For the most current information on the prescribed Virginia Board of Education admission assessment, visit the Virginia Department of Education at <https://www.doe.virginia.gov/>.

Required grade point averages (GPA)

- A cumulative GPA of 2.75 is required.
- A major/content GPA of 2.75 is required – all Art courses must be passed with a grade of C or higher.
- A professional education GPA of 2.75 is required – all professional education courses must be passed with a grade of C- or higher.

Although students may enroll in a limited number of education courses, students must be admitted into the approved art education program prior to enrolling in any instructional strategies practicum education course. Students must also meet with an art education advisor before beginning their sophomore year.

Continuance

Students must maintain a cumulative GPA of 2.75, a major/content GPA of 2.75 and a professional education GPA of 2.75. ART, ARTE, and ARTH courses must be passed with a grade of C or higher. The professional education core must be completed with a grade of C- or higher for continuance. A professional education GPA of 2.75 is required for continuance. The PRAXIS II Art content knowledge examination must be taken prior to, or while enrolled in ARTE 411 and must be passed before enrolling in ARTE 480 Capstone. All assessments must be passed and course work completed prior to enrollment in TLED 485 Student Teaching Internship and the start of the Teacher Candidate Internship Orientation session.

Background Clearance Requirement

Old Dominion University requires a background clearance check of candidates interested in many of the professional education programs. Professional education programs have several field experiences that are required for continuance and graduation from the program. The background clearance must be successfully completed prior to a field experience placement. Students will be provided a field experience placement when the background check process is completed with resolution of any issues. The process to complete the ODU clearance background check is located at: <https://www.odu.edu/clinical-experiences/placement/background-checks> (<https://www.odu.edu/clinical-experiences/placement/background-checks/>). The ODU clearance process includes the FBI fingerprint SP-24 form, the child protective service/social service check, and the sexual offender registry check. Candidates interested in the professional education programs are advised to complete this clearance process immediately upon entry into the program since the clearance process takes a minimum of eight weeks to complete. Please contact the Office of Clinical Experiences at 757-683-3348 if you have any questions.

Virginia Board of Education Prescribed Assessment for Licensure

- Praxis Subject assessment (formerly Praxis II) art content knowledge (test code 5134), passing score of 158 required.

To review more information on the Virginia Board of Education prescribed assessments, visit the Office of Clinical Experiences website, <http://odu.edu/oce> (<http://odu.edu/oce/>).

Transfer Requirements

For the BA degree in visual studies, students must complete a minimum of 30 credit hours at Old Dominion University. These 30 credits must include a minimum of 21 studio credit hours that include 12 credit hours at the 300/400 levels.

For the BA degree in art history, students must complete a minimum of 30 credit hours at Old Dominion University, which must include a minimum of 12 credit hours at the 300/400 levels.

A minimum of 36 credit hours in studio art (with 12 minimum at the 300/400 levels) from Old Dominion University is required for all BFA majors except art education.

For the BFA with majors in art education, 33 credit hours in studio art and 12 credits hours in art history are required along with 15 credit hours in art education. The 15 credit hour core curriculum in art education must be completed at ODU, unless transferred from a CAEP (Council for the Accreditation of Educator Preparation) and approved by the program director. Art history and 200-level studio credits may be transferable, with approval from the Art Department chief departmental advisor. Transferable course requirements pertaining to licensure that come from the Darden College of Education and Professional Studies professional education coursework must be approved through the Darden College of Education and Professional Studies if they do not meet the already pre-approved transferable courses.

For a minor in either art history, studio arts or studio art photography, transfer students must complete two elective courses in art history at the 300/400 level at Old Dominion University.

Before registering for classes, transfer students who enroll in the BFA (all majors) or the BA in visual studies must submit a portfolio of work for review by the Art Department chief departmental advisor who will determine which transferable courses will meet equivalent requirements in the major. Transfer students for the BFA with majors in art education must also be approved by the art education program director who will determine which transferable art education and professional courses will meet equivalent requirements in the major and those that must still be completed for licensure. Appointments for transfer portfolio evaluations must be made prior to registration for classes.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work

and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked Bachelor's in Art, Visual Studies and Fine Arts and MA in Humanities

The linked bachelor's programs in art history, visual studies and fine arts and the MA in humanities make it possible for exceptional students to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Please refer to the Humanities (p. 244) section of this Catalog for additional information on the linked programs.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/>)

graduate/stromecollegeofbusiness/) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor

Print Media Minor

A minor in print media gives students an introduction to a wide range of printmaking techniques. From historical techniques like stone lithography to cutting edge processes such as laser engraving and cut vinyl. Through their coursework, students learn to work on paper, fabric, and non-traditional materials. The minor in print prepares students to produce fine art prints, custom clothing designs, hand printed posters, and more.

Students majoring in 3D Media and Material Studies, Photography and Print Media, Painting and Drawing, Art Education for Museums and Cultural Institutions, and PreK-12 Art Education are not eligible for this minor.

Select four of the following:		12
ARTS 350	Advanced Printmaking	
ARTS 351	Print II: The Hybrid Print	
ARTS 450	Printmaking III	
ARTS 455	Letterpress Printmaking	
ARTS 473	The Book	
ARTS 456	2D Seminar	
Total Credit Hours		12

For completion of the minor a student must have a minimum overall cumulative grade point average of 2.00 and no grade lower than a C in all courses specified as a requirement for the minor exclusive of prerequisite courses. Transfer students must complete a minimum of six credit hours in ARTS 300- and 400-level courses through courses offered by Old Dominion University.

Minor

Studio Art Photography Minor

The minor in studio art photography enables students to gain a broad understanding of contemporary photography and its applications as a universal language in today's world. From digital to analog, students will become well versed in both technique and contemporary theories related to photography. Classes focus on darkroom, digital editing, studio lighting, and helping each student to develop their own unique voice as a photographer and artist.

Requirements

ARTS 211 is a prerequisite course for the minor and is not included in the calculation of the grade point average for the minor. A student who seeks to minor in studio art photography must receive approval from the chief departmental advisor.

Select four from the following:		12
ARTS 311	Photography 2	
ARTS 312	Lighting for Photography	
ARTS 411	Photography 3	
ARTS 412	Photo Seminar 1	
ARTS 313	Darkroom Photography	
Total Credit Hours		12

For completion of the minor a student must have a minimum overall cumulative grade point average of 2.00 and no grade lower than a C in all courses specified as a requirement for the minor exclusive of prerequisite courses. Transfer students must complete a minimum of six credit hours in ARTS 300- and 400-level courses through courses offered by Old Dominion University.

Minor

Studio Arts Minor

Requirements

A student who chooses to complete a minor in studio arts must receive the approval of the chief departmental advisor. A total of 12 hours in studio art 300- and 400-level courses is required. These courses have prerequisites that must be met by lower-level studio art courses chosen as electives. Normally the total number of prerequisite electives should not exceed nine hours. Students who choose a minor in studio arts should consult with the chief departmental advisor before their sophomore year to determine the specific courses and prerequisites that must be met to complete the minor. There are no specific minors in concentration areas such as painting, photo and print media, and graphic design except for the minor in studio art photography. However, course selection will be done on an individual basis and may be focused upon a specific area of interest.

For completion of the minor a student must have a minimum overall cumulative grade point average of 2.00 and no grade lower than a C in all courses specified as a requirement for the minor exclusive of prerequisite courses. Transfer students must complete a minimum of six credit hours in ARTS 300- and 400-level courses through courses offered by Old Dominion University.

Minor

The Designed World Minor

Agnieszka Whelan, Department of Art, Coordinator

This interdisciplinary minor explores the interwoven historical, cultural, aesthetic, perceptual, and technical domains of the designed world. That virtually all aspects of the human-built world are designed is a generally accepted belief. Creative planning and critical analysis of design dynamics are emphasized within these disciplinary course subjects.

Requirements

The designed world interdisciplinary minor requires 12 credit hours of 300/400-level courses selected from at least two different disciplines with a maximum of six credits from any one discipline. For completion of the interdisciplinary minor, students must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses. At least six hours of 300/400 upper-level courses must be taken through courses offered by Old Dominion University. Three credit hours may be in the major, if a major course is listed as an option for the interdisciplinary minor. As such, it will be credited toward both the major and the interdisciplinary minor.

Course options are as follows:

Select four of the following (12 credits) from at least two disciplines:

ARTH 320W	History of Graphic Design	3
ARTH 327	History of Photography	3
ARTH 435W	Modern Architecture	3
ARTS 455	Letterpress Printmaking	3
COMM 341	Lighting Design for Stage and Film	3
COMM 349	Costume Design for Stage and Camera	3
ENGL 371W	Language and Culture	3
ENGL 382	Reporting News for Television and Digital Media	3
ENGL 477	Language, Gender and Power	3
GEOG 310	Geography of the City	3
GEOG 412	Cities of the World	3
PSYC 344	Human Factors	3
PSYC 413	Sensation and Perception	3
SEPS 422	Fashion Product Development	3
STEM 382	Industrial Design	3

Programs

Bachelor of Arts Program

- Asian Studies (BA) (p. 120)

Minor Program

- Asian Studies Minor (p. 123)

Minor in Chinese Studies

The Chinese Studies minor consists of 12 credit hours of 300- and 400-level courses that combine the study of language and culture. For a more complete description and requirements, please refer to the minors section in the Department of World Languages and Cultures (<http://catalog.odu.edu/undergraduate/collegeofartsletters/worldlanguagesandcultures/>).

Minor in Japanese

The Japanese minor consists of 12 credit hours of 300- and 400-level courses that combine the study of language and culture. For a more complete description and requirements, please refer to the minors section in the Department of World Languages and Cultures (<http://catalog.odu.edu/undergraduate/collegeofartsletters/worldlanguagesandcultures/>).

Major in Japanese

Please refer to the majors section in the Department of World Languages and Cultures (<http://catalog.odu.edu/undergraduate/collegeofartsletters/worldlanguagesandcultures/>).

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course

of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts Asian Studies (BA)

Qiu Jin Hailstork, Director

Requirements

A total of 120 credit hours is required for the Bachelor of Arts (BA) in Asian Studies. The 120 credit hours are divided into two major categories:

1. Requirements for General Education and electives and
2. 30-32 hours at the upper level required for the Asian Studies major

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3

Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major

Information Literacy and Research can be met in the major by HIST 201 or POLS 308.

HIST 101H is required for Interpreting the Past.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours). ASIA courses and any course listed as an elective choice for the major cannot be used to meet this option.

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor Asian Studies Minor

Students who wish to qualify for the minor in Asian studies must file a program declaration with the director of the Institute of Asian Studies and complete a total of 12 credit hours at the 300-400 level. No more than two courses may be taken from any one discipline. For completion of the minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses required for the minor exclusive of 100- and 200-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Requirements

The courses listed below can be used to fulfill the requirements of the Asian Studies minor. Additional courses with an Asian content may be approved by the program director.

Select four of the following (12 credits) from at least two different disciplines: ⁺

Asian Studies		
ASIA 332	South Asia Since Independence	3
ASIA 336	The Emergence of New China	3
ASIA 337	Japan's Era of Transformation	3
ASIA 338W	Politics of East Asia	3
ASIA 353	Asian Religions	3
ASIA 360	Asian Art	3
ASIA 395	Topics in Asian Studies *	3
ASIA 435	Chinese Politics	3
ASIA 461W	Asian Studies Capstone Seminar	3
ASIA 495	Topics in Asian Studies *	3
Business Management and Marketing		
MGMT 463	Management Seminar Abroad	3
MKTG 496	Selected Topics in Marketing *	1-3
Communication		
COMM 300	International Sojourning	3
COMM 400W	Intercultural Communication	3
COMM 495/496	Topics in Communication *	1-3
Economics		
ECON 450	International Economics	3

Women's Studies		
WGS 401W	Women: A Global Perspective	3
WGS 495	Topics in Women's, Gender, and Sexuality Studies	3
WGS 496	Topics in Women's, Gender, and Sexuality Studies	3

- +
- No more than two courses may be taken from any one discipline.
- *
- With significant portion of the course about Asia, to be approved by the director.

Communication and Theatre Arts

Web Site: <http://www.odu.edu/commtheatre> (<http://www.odu.edu/commtheatre/>)

Tim Anderson, Chair

The Department of Communication and Theatre Arts offers the following undergraduate degree programs.

Bachelor of Arts or Bachelor of Science in Communication with majors in the following areas:

- Cinema & TV Production
- Communication Studies
- Media Studies
- Organizational and Interpersonal Communication
- Strategic Communication and Journalism
- Professional Communication (Bachelor of Science only)

Bachelor of Arts in Theatre and Dance with majors in the following areas:

- Cinema Production
- Dance
- PreK-12 Dance Education
- Design/Technology
- Performance
- Theatre
- PreK-12 Theatre Education

Minors are offered in Communication, Film Studies, Media Studies, Theatre, and Dance.

Students must maintain a 2.00 GPA or better in the major and the minor. All majors must fulfill the requirements of the College of Arts and Letters.

Bachelor of Arts Programs

- Communication with a Major in Cinema & TV Production (BA) (p. 125)
- Communication with a Major in Communication Studies (BA) (p. 132)
- Communication with a Major in Media Studies (BA) (p. 140)

- Communication with a Major in Organizational and Interpersonal Communication (BA) (p. 147)
- Communication with a Major in Strategic Communication and Journalism (BA) (p. 156)
- Theatre & Dance with a Major in Cinema Production (BA) (p. 165)
- Theatre & Dance with a Major in Dance (BA) (p. 167)
- Theatre & Dance with a Major in Design Technology (BA) (p. 170)
- Theatre & Dance with a Major in Performance (BA) (p. 172)
- Theatre & Dance with a Major in PreK-12 Dance Education (BA) (p. 175)
- Theatre & Dance with a Major in PreK-12 Theatre Education (BA) (p. 178)
- Theatre & Dance with a Major in Theatre (BA) (p. 181)

Bachelor of Science Programs

- Communication with a Major in Cinema & TV Production (BS) (p. 128)
- Communication with a Major in Communication Studies (BS) (p. 136)
- Communication with a Major in Media Studies (BS) (p. 143)
- Communication with a Major in Organizational and Interpersonal Communication (BS) (p. 151)
- Communication with a Major in Professional Communication (BS) (p. 154)
- Communication with a Major in Strategic Communication and Journalism (BS) (p. 160)

Minors

- Communication Minor (p. 164)
- Dance Minor (p. 183)
- Film Studies Minor (p. 164)
- Media Studies Minor (p. 164)
- Theatre Minor (p. 184)

Linked BA/BS in Communication and MA in Lifespan and Digital Communication

The linked bachelor's/master's degree in communication/lifespan and digital communication is administered by the Communication and Theatre Arts Department. The purpose of this option is to allow exceptional majors in communication to count up to 12 hours of 500-level graduate coursework towards both the BA or BS in communication and, if accepted, the MA in lifespan and digital communication. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credits for the undergraduate degree and 30 discrete credits for the graduate degree). For more information, please contact Dr. Gary Beck.

Linked BA/BS in Communication and MA in Humanities

Please refer to the Humanities section of this Catalog for information on the linked program leading to a BA or BS in communication and an MA in humanities.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the

graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts Communication with a Major in Cinema & TV Production (BA)

David Mallin, Program Director
Carolina Conte, Chief Departmental Advisor of Cinema & TV Production

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8

Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

COMM 101R or THEA 152R is required to fulfill the Oral Communication requirement.

STAT 130M is required to fulfill the Mathematics requirement (BS only).

COMM 270A/THEA 270A may not be used to satisfy the Human Creativity requirement.

The Information Literacy and Research requirement may be met in the major with COMM 272G.

The Impact of Technology requirement may be met in the major with COMM 280T or COMM 372T.

For the Language and Culture requirement, BA students must have competence through the 202 level (competence is not met by completion of the associate degree); BS students must have competence at the 102 level.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Six Hours of Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Communication Core

BA Core Courses

COMM 200S	Introduction to Human Communication	3
COMM 260	Understanding Media	3
COMM 301	Critical Methodologies	3
COMM writing intensive (W) course (see the major areas for appropriate selection)		3

BA Additional Core Course

COMM 335W	Rhetorical Criticism	3
or COMM 445	Communication Analysis and Criticism	

Total Credit Hours	15

Cinema & TV Production Major

David Mallin, Program Director
Carolina Conte, Chief Departmental Advisor of Cinema & TV Production

Choose nine courses (27 credit hours): three courses (9 credit hours) from Foundations and six courses (18 credit hours) from Applied Theories. Note that all Foundations courses can apply towards degree completion. The

Senior Experience can be fulfilled by writing a screenplay for a feature film (COMM 482), studying abroad, participating in an internship (COMM 368), collaborating with a broadcast station (COMM 439), or by participation in one of the Film Program's Departmental Productions (COMM 486 or COMM 493). Students may also enroll in a research practicum or capstone course. Students should consult with their advisors about approved courses that can fulfill the Identity and Inclusion requirement.

Cinema & TV Production students need to complete COMM 271 Introduction to Filmmaking prior to enrollment in any Foundations course, and should not enroll in COMM 269.

General Education

Complete lower-division requirements	35-47
Complete upper-division requirements (minimum of 6 credit hours)	6
Complete foreign language coursework through the 202 level	0-6

Communication Core

Complete communication core requirements	15

Foundations

Select three of the following:	9
COMM 342 Post-Production 1	
COMM 346 Screenwriting I	
COMM 383 Directing the Actor	
COMM 385 Cinematography	

Applied Theories

COMM 471W International Film History *	3
or COMM 479W American Film History	
Select five from the following for a total of 15 credits:	15

COMM 330 The Short Script	
COMM 348 Acting for the Camera	
COMM 353 Animation	
COMM 356 3D Animation 1	
COMM 358 Color for Digital Cinema & TV	
COMM 361 Editing Aesthetics	
COMM 368 Internship	
COMM 375 Television Production	
COMM 380 Documentary Production I	
COMM 386 Post-Production 2	
COMM 387 TV News Production	
COMM 388 Motion Picture Aesthetics	
COMM 389 Sound Recording and Mixing for Film	
COMM 430 TV Screenwriting	
COMM 433 Capstone	
COMM 439 WHRO Production	
COMM 440 Documentary Filmmaking Study Abroad	
COMM 446 Directing for the Camera	
COMM 471W International Film History (whichever course was not already taken) *	
or COMM 479W American Film History	
COMM 480 Documentary Production II	
COMM 482 Screenwriting II	
COMM 483 Advanced Cinema Projects	
COMM 485 Film and Television Genres	
COMM 486 Advanced Filmmaking	
COMM 487 Advanced TV News Production	
COMM 492 Cinematography 2	
COMM 493 Feature Film Production	

COMM Elective

Complete COMM elective	3

Total Credit Hours	86-104

* Grade of C or better required if used to meet University Writing Requirement

Electives

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

ALL students majoring in programs in Communication, Dance, and Theatre are required to complete a **Senior Experience** as part of their degree. Senior Experiences are designed as stepping stones for students to apply knowledge and skills accrued throughout their coursework toward preparing for future careers. Senior Experience course options will vary by major but include options for an internship, a study abroad/away experience, a service-learning course, a senior capstone, or more specialized experiences within students' chosen majors. Please see descriptions included under each major for more options. Students become eligible for Senior Experience options once they reach 90 credits or with permission of the Senior Experience Coordinator. Students will be directed by their advisor to opportunities that are suited for their area of study and as other opportunities become available. For more information please reach out to the Senior Experience Coordinator, Alison Lietzenmayer.

Cinema & TV Production students need to complete COMM 271 Introduction to Filmmaking prior to enrollment in any Foundations course, and should not enroll in COMM 269.

Departmental Requirements

Majors must maintain a 2.0 GPA or better in the major in order to graduate.

Additional Communication Major Courses

Students pursuing either the BA or the BS degree are required to take 10 Communication classes beyond the core course requirements listed above (these courses include the Senior Experience requirement listed above). Nine of those 10 courses (27 credit hours) must be in the student's selected major (see major details below). One course (3 credit hours) may be 100-200 level and/or from any major area.

The Senior Experience requirement in the Communication program (which includes the Cinema & TV Production major, Communication Studies major, Media Studies major, Professional Communication major, and Strategic Communication and Journalism major) can be achieved by completing opportunities such as the following:

Internship

COMM 368 Internship	3,6

Study Abroad

COMM 300 International Sojourning	3
COMM 440 Documentary Filmmaking Study Abroad	3

Other study abroad/study away offerings offered within the Department

Service Learning

Approved Service Learning Courses (varies by semester)

Capstone

COMM 433 Capstone	3

Research Practicum

COMM 369 Research Practicum	3
or COMM 469 Communication Education Practicum	

ROAR

COMM 490 ROAR Communications Agency (available only for Strategic Communication and Journalism majors)	3

COMM Cinema & TV Production Majors may also choose from:

COMM 439 WHRO Production	
COMM 482 Screenwriting II	

COMM 483	Advanced Cinema Projects
COMM 486	Advanced Filmmaking
COMM 493	Feature Film Production

Communication Electives

Select one COMM elective (3 credit hours), which may be any COMM class that is not in the student's major in addition to the following.

COMM 103R	Voice and Diction	3
COMM 112R	Introduction to Interpersonal Communication	3
COMM 195	Topics in Communication	1-3
COMM 225	Introduction to Production Technology	3
COMM 269	Visual Storytelling	3
COMM 270A	Film Appreciation	3
COMM 271	Introduction to Filmmaking	3
COMM 272G	Digital Literacy	3
COMM 280T	Entertainment Technologies	3
COMM 295	Topics in Communication	1-3
COMM 304	Advanced Public Speaking	3
COMM 307	Understanding European Film	3
COMM 321	Production Management for Television and Stage	3
COMM 325	Sound Design for Stage and Camera	3
COMM 341	Lighting Design for Stage and Film	3
COMM 349	Costume Design for Stage and Camera	3
COMM 354	Drafting and Rendering for Stage and Screen	3
COMM 356	3D Animation 1	3
COMM 357	3D Animation 2	3
COMM 359	Costume Crafts	3
COMM 367	Cooperative Education	1-3
COMM 369	Research Practicum	3
COMM 382	Reporting News for Television and Digital Media	3
COMM 453	Voice Over	3
COMM 469	Communication Education Practicum	3

Writing Intensive Requirement

Communication majors must complete at least one writing intensive course in the major from the following courses:

COMM 308W	Effective Media Writing	3
COMM 315W	Sex, Gender, and Communication	3
COMM 335W	Rhetorical Criticism	3
COMM 400W	Intercultural Communication	3
COMM 412W	Interpersonal Communication Theory and Research	3
COMM 447W	Electronic Media Law and Policy	3
COMM 471W	International Film History	3
COMM 479W	American Film History	3

Internships and Practicum courses

Students may apply three credit hours of COMM 368 Internship toward their major credit hours. Three additional credit hours may count as elective credits toward the overall total credit hour count for the degree. In addition, students may apply only six credits total from the following classes toward the major:

COMM 368	Internship	3-6
COMM 369	Research Practicum	3
COMM 469	Communication Education Practicum	3

Special Topics in Communication Courses and Communication Tutorials

Special Topics in Communication courses and Communication Tutorials courses may be included in a given major when and where appropriate and as approved by the student's communication advisor:

COMM 395	Topics in Communication	1-3
COMM 396	Topics in Communication	1-3
COMM 495	Topics in Communication	1-3
COMM 496	Topics in Communication	1-3
COMM 497	Tutorial Work in Special Topics in Communication	1-3

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked BA/BS in Communication and MA in Lifespan and Digital Communication

The linked bachelor's/master's degree in communication/lifespan and digital communication is administered by the Communication and Theatre Arts Department. The purpose of this option is to allow exceptional majors in communication to count up to 12 hours of 500-level graduate coursework towards both the BA or BS in communication and, if accepted, the MA in lifespan and digital communication. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credits for the undergraduate degree and 30 discrete credits for the graduate degree). For more information, please contact Dr. Gary Beck.

Linked BA/BS in Communication and MA in Humanities

Please refer to the Humanities section of this Catalog for information on the linked program leading to a BA or BS in communication and an MA in humanities.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Science Communication with a Major in Cinema & TV Production (BS)

David Mallin, Program Director
Carolina Conte, Chief Departmental Advisor of Cinema & TV Production

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3

Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

COMM 101R or THEA 152R is required to fulfill the Oral Communication requirement.

STAT 130M is required to fulfill the Mathematics requirement (BS only).

COMM 270A/THEA 270A may not be used to satisfy the Human Creativity requirement.

The Information Literacy and Research requirement may be met in the major with COMM 272G.

The Impact of Technology requirement may be met in the major with COMM 280T or COMM 372T.

For the Language and Culture requirement, BA students must have competence through the 202 level (competence is not met by completion of the associate degree); BS students must have competence at the 102 level.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Six Hours of Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Communication Core

BS Core Courses

COMM 200S	Introduction to Human Communication	3

COMM 260	Understanding Media	3
COMM 301	Critical Methodologies	3
COMM 302	Communication Research Methods I	3
COMM writing intensive (W) course (see the major areas for appropriate selection)		3
BS Additional Core Requirements		
Six hours of approved 300/400-level social science courses		6
Total Credit Hours		21

Cinema & TV Production Major

David Mallin, Program Director

Carolina Conte, Chief Departmental Advisor of Cinema & TV Production

Choose nine courses (27 credit hours): three courses (9 credit hours) from Foundations and six courses (18 credit hours) from Applied Theories. Note that all Foundations courses can apply towards degree completion. The Senior Experience can be fulfilled by writing a screenplay for a feature film (COMM 482), studying abroad, participating in an internship (COMM 368), collaborating with a broadcast station (COMM 439), or by participation in one of the Film Program's Departmental Productions (COMM 486 or COMM 493). Students may also enroll in a research practicum or capstone course. Students should consult with their advisors about approved courses that can fulfill the Identity and Inclusion requirement.

Cinema & TV Production students need to complete COMM 271

Introduction to Filmmaking prior to enrollment in any Foundations course, and should not enroll in COMM 269.

General Education

Complete lower-division requirements	35-47
Complete upper-division requirements (minimum of 6 credit hours)	6

Communication Core

Complete communication core requirements	21

Foundations

Select three of the following:	9
COMM 342	Post-Production 1
COMM 346	Screenwriting I
COMM 383	Directing the Actor
COMM 385	Cinematography

Applied Theories

COMM 471W	International Film History *	3
or COMM 479W	American Film History	
Select five from the following for a total of 15 credits:		15

COMM 330	The Short Script
COMM 348	Acting for the Camera
COMM 353	Animation
COMM 356	3D Animation 1
COMM 358	Color for Digital Cinema & TV
COMM 361	Editing Aesthetics
COMM 368	Internship
COMM 375	Television Production
COMM 380	Documentary Production I
COMM 386	Post-Production 2
COMM 387	TV News Production
COMM 388	Motion Picture Aesthetics
COMM 389	Sound Recording and Mixing for Film
COMM 430	TV Screenwriting
COMM 433	Capstone
COMM 439	WHRO Production
COMM 440	Documentary Filmmaking Study Abroad
COMM 446	Directing for the Camera
COMM 471W	International Film History (whichever course was not already taken) *

or COMM 479W American Film History

COMM 480	Documentary Production II
COMM 482	Screenwriting II
COMM 483	Advanced Cinema Projects
COMM 485	Film and Television Genres
COMM 486	Advanced Filmmaking
COMM 487	Advanced TV News Production
COMM 492	Cinematography 2
COMM 493	Feature Film Production

COMM Elective

Complete COMM elective 3

Total Credit Hours 92-104

* Grade of C or better required if used to meet University Writing Requirement

Electives

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

ALL students majoring in programs in Communication, Dance, and Theatre are required to complete a **Senior Experience** as part of their degree. Senior Experiences are designed as stepping stones for students to apply knowledge and skills accrued throughout their coursework toward preparing for future careers. Senior Experience course options will vary by major but include options for an internship, a study abroad/away experience, a service-learning course, a senior capstone, or more specialized experiences within students' chosen majors. Please see descriptions included under each major for more options. Students become eligible for Senior Experience options once they reach 90 credits or with permission of the Senior Experience Coordinator. Students will be directed by their advisor to opportunities that are suited for their area of study and as other opportunities become available. For more information please reach out to the Senior Experience Coordinator, Alison Lietzenmayer.

Cinema & TV Production students need to complete COMM 271 Introduction to Filmmaking prior to enrollment in any Foundations course, and should not enroll in COMM 269.

Departmental Requirements

Majors must maintain a 2.0 GPA or better in the major in order to graduate.

Additional Communication Major Courses

Students pursuing either the BA or the BS degree are required to take 10 Communication classes beyond the core course requirements listed above (these courses include the Senior Experience requirement listed above). Nine of those 10 courses (27 credit hours) must be in the student's selected major (see major details below). One course (3 credit hours) may be 100-200 level and/or from any major area.

The Senior Experience requirement in the Communication program (which includes the Cinema & TV Production major, Communication Studies major, Media Studies major, Professional Communication major, and Strategic Communication and Journalism major) can be achieved by completing opportunities such as the following:

Internship

COMM 368 Internship 3,6

Study Abroad

COMM 300 International Sojourning 3

COMM 440 Documentary Filmmaking Study Abroad 3

Other study abroad/study away offerings offered within the Department

Service Learning

Approved Service Learning Courses (varies by semester)

Capstone

COMM 433 Capstone 3

Research Practicum

COMM 369 Research Practicum 3

or COMM 469 Communication Education Practicum

ROAR

COMM 490 ROAR Communications Agency (available only for Strategic Communication and Journalism majors) 3

COMM Cinema & TV Production Majors may also choose from:

COMM 439 WHRO Production

COMM 482 Screenwriting II

COMM 483 Advanced Cinema Projects

COMM 486 Advanced Filmmaking

COMM 493 Feature Film Production

Communication Electives

Select one COMM elective (3 credit hours), which may be any COMM class that is not in the student's major in addition to the following.

COMM 103R Voice and Diction 3

COMM 112R Introduction to Interpersonal Communication 3

COMM 195 Topics in Communication 1-3

COMM 225 Introduction to Production Technology 3

COMM 269 Visual Storytelling 3

COMM 270A Film Appreciation 3

COMM 271 Introduction to Filmmaking 3

COMM 272G Digital Literacy 3

COMM 280T Entertainment Technologies 3

COMM 295 Topics in Communication 1-3

COMM 304 Advanced Public Speaking 3

COMM 307 Understanding European Film 3

COMM 321 Production Management for Television and Stage 3

COMM 325 Sound Design for Stage and Camera 3

COMM 341 Lighting Design for Stage and Film 3

COMM 349 Costume Design for Stage and Camera 3

COMM 354 Drafting and Rendering for Stage and Screen 3

COMM 356 3D Animation 1 3

COMM 357 3D Animation 2 3

COMM 359 Costume Crafts 3

COMM 367 Cooperative Education 1-3

COMM 369 Research Practicum 3

COMM 382 Reporting News for Television and Digital Media 3

COMM 453 Voice Over 3

COMM 469 Communication Education Practicum 3

Writing Intensive Requirement

Communication majors must complete at least one writing intensive course in the major from the following courses:

COMM 308W Effective Media Writing 3

COMM 315W Sex, Gender, and Communication 3

COMM 335W Rhetorical Criticism 3

COMM 400W Intercultural Communication 3

COMM 412W Interpersonal Communication Theory and Research 3

COMM 447W Electronic Media Law and Policy 3

COMM 471W International Film History 3

COMM 479W American Film History 3

Internships and Practicum courses

Students may apply three credit hours of COMM 368 Internship toward their major credit hours. Three additional credit hours may count as elective credits toward the overall total credit hour count for the degree. In addition, students may apply only six credits total from the following classes toward the major:

COMM 368	Internship	3-6
COMM 369	Research Practicum	3
COMM 469	Communication Education Practicum	3

Special Topics in Communication Courses and Communication Tutorials

Special Topics in Communication courses and Communication Tutorials courses may be included in a given major when and where appropriate and as approved by the student's communication advisor:

COMM 395	Topics in Communication	1-3
COMM 396	Topics in Communication	1-3
COMM 495	Topics in Communication	1-3
COMM 496	Topics in Communication	1-3
COMM 497	Tutorial Work in Special Topics in Communication	1-3

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Course	Title	Credit Hours

1 Please consult list of Senior Experience options relevant to each major.

2 Grade of C or better required if used to meet University Writing Requirement

Linked BA/BS in Communication and MA in Lifespan and Digital Communication

The linked bachelor's/master's degree in communication/lifespan and digital communication is administered by the Communication and Theatre Arts Department. The purpose of this option is to allow exceptional majors in communication to count up to 12 hours of 500-level graduate coursework towards both the BA or BS in communication and, if accepted, the MA in lifespan and digital communication. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credits for the undergraduate degree and 30 discrete credits for the graduate degree). For more information, please contact Dr. Gary Beck.

Linked BA/BS in Communication and MA in Humanities

Please refer to the Humanities section of this Catalog for information on the linked program leading to a BA or BS in communication and an MA in humanities.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts Communication with a Major in Communication Studies (BA)

Carla Harrell, Program Director and Chief Departmental Advisor

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3

Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

COMM 101R is required to fulfill the Oral Communication requirement.

STAT 130M is required to fulfill the Mathematics requirement (BS only).

COMM 270A/THEA 270A may not be used to satisfy the Human Creativity requirement.

The Information Literacy and Research requirement may be met in the major with COMM 272G.

The Impact of Technology requirement may be met in the major with COMM 280T or COMM 372T.

For the Language and Culture requirement, BA students must have competence through the 202 level (competence is not met by completion of the associate degree); BS students must have competence at the 102 level.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Six Hours of Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.

- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

ALL students majoring in programs in Communication, Dance, and Theatre are required to complete a **Senior Experience** as part of their degree. Senior Experiences are designed as stepping stones for students to apply knowledge and skills accrued throughout their coursework toward preparing for future careers. Senior Experience course options will vary by major but include options for an internship, a study abroad/away experience, a service-learning course, a senior capstone, or more specialized experiences within students' chosen majors. Please see descriptions included under each major for more options. Students become eligible for Senior Experience options once they reach 90 credits or with permission of the Senior Experience Coordinator. Students will be directed by their advisor to opportunities that are suited for their area of study and as other opportunities become available. For more information please reach out to the Senior Experience Coordinator, Alison Lietzenmayer.

Cinema & TV Production students need to complete COMM 271 Introduction to Filmmaking prior to enrollment in any Foundations course, and should not enroll in COMM 269.

Departmental Requirements

Majors must maintain a 2.0 GPA or better in the major in order to graduate.

Additional Communication Major Courses

Students pursuing either the BA or the BS degree are required to take 10 Communication classes beyond the core course requirements listed above (these courses include the Senior Experience requirement listed above). Nine of those 10 courses (27 credit hours) must be in the student's selected major (see major details below). One course (3 credit hours) may be 100-200 level and/or from any major area.

The Senior Experience requirement in the Communication program (which includes the Cinema & TV Production major, Communication Studies major, Media Studies major, Professional Communication major, and Strategic Communication and Journalism major) can be achieved by completing opportunities such as the following:

Internship

COMM 368	Internship	3,6

Study Abroad

COMM 300	International Sojourning	3
COMM 440	Documentary Filmmaking Study Abroad	3

Other study abroad/study away offerings offered within the Department

Service Learning

Approved Service Learning Courses (varies by semester)

Capstone

COMM 433	Capstone	3

Research Practicum

COMM 369	Research Practicum	3
or COMM 469	Communication Education Practicum	

ROAR

COMM 490	ROAR Communications Agency (available only for Strategic Communication and Journalism majors)	3

COMM Cinema & TV Production Majors may also choose from:

COMM 439	WHRO Production	
COMM 482	Screenwriting II	
COMM 483	Advanced Cinema Projects	
COMM 486	Advanced Filmmaking	
COMM 493	Feature Film Production	

Communication Electives

Select one COMM elective (3 credit hours), which may be any COMM class that is not in the student's major in addition to the following.

COMM 103R	Voice and Diction	3
COMM 112R	Introduction to Interpersonal Communication	3
COMM 195	Topics in Communication	1-3
COMM 225	Introduction to Production Technology	3
COMM 269	Visual Storytelling	3
COMM 270A	Film Appreciation	3
COMM 271	Introduction to Filmmaking	3
COMM 272G	Digital Literacy	3
COMM 280T	Entertainment Technologies	3
COMM 295	Topics in Communication	1-3
COMM 304	Advanced Public Speaking	3
COMM 307	Understanding European Film	3
COMM 321	Production Management for Television and Stage	3
COMM 325	Sound Design for Stage and Camera	3
COMM 341	Lighting Design for Stage and Film	3
COMM 349	Costume Design for Stage and Camera	3

COMM 354	Drafting and Rendering for Stage and Screen	3
COMM 356	3D Animation 1	3
COMM 357	3D Animation 2	3
COMM 359	Costume Crafts	3
COMM 367	Cooperative Education	1-3
COMM 369	Research Practicum	3
COMM 382	Reporting News for Television and Digital Media	3
COMM 453	Voice Over	3
COMM 469	Communication Education Practicum	3

Writing Intensive Requirement

Communication majors must complete at least one writing intensive course in the major from the following courses:

COMM 308W	Effective Media Writing	3
COMM 315W	Sex, Gender, and Communication	3
COMM 335W	Rhetorical Criticism	3
COMM 400W	Intercultural Communication	3
COMM 412W	Interpersonal Communication Theory and Research	3
COMM 447W	Electronic Media Law and Policy	3
COMM 471W	International Film History	3
COMM 479W	American Film History	3

Internships and Practicum courses

Students may apply three credit hours of COMM 368 Internship toward their major credit hours. Three additional credit hours may count as elective credits toward the overall total credit hour count for the degree. In addition, students may apply only six credits total from the following classes toward the major:

COMM 368	Internship	3-6
COMM 369	Research Practicum	3
COMM 469	Communication Education Practicum	3

Special Topics in Communication Courses and Communication Tutorials

Special Topics in Communication courses and Communication Tutorials courses may be included in a given major when and where appropriate and as approved by the student's communication advisor:

COMM 395	Topics in Communication	1-3
COMM 396	Topics in Communication	1-3
COMM 495	Topics in Communication	1-3
COMM 496	Topics in Communication	1-3
COMM 497	Tutorial Work in Special Topics in Communication	1-3

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

¹ Please consult list of Senior Experience options relevant to each major.

Linked BA/BS in Communication and MA in Lifespan and Digital Communication

The linked bachelor's/master's degree in communication/lifespan and digital communication is administered by the Communication and Theatre Arts Department. The purpose of this option is to allow exceptional majors in communication to count up to 12 hours of 500-level graduate coursework towards both the BA or BS in communication and, if accepted, the MA in lifespan and digital communication. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credits for the undergraduate degree and 30 discrete credits for the graduate degree). For more information, please contact Dr. Gary Beck.

Linked BA/BS in Communication and MA in Humanities

Please refer to the Humanities section of this Catalog for information on the linked program leading to a BA or BS in communication and an MA in humanities.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated

students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Science Communication with a Major in Communication Studies (BS)

Carla Harrell, Program Director and Chief Departmental Advisor

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

COMM 101R is required to fulfill the Oral Communication requirement.

STAT 130M is required to fulfill the Mathematics requirement (BS only).

COMM 270A/THEA 270A may not be used to satisfy the Human Creativity requirement.

The Information Literacy and Research requirement may be met in the major with COMM 272G.

The Impact of Technology requirement may be met in the major with COMM 280T or COMM 372T.

For the Language and Culture requirement, BA students must have competence through the 202 level (competence is not met by completion of the associate degree); BS students must have competence at the 102 level.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Six Hours of Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Communication Core

BS Core Courses

COMM 200S	Introduction to Human Communication	3
COMM 260	Understanding Media	3
COMM 301	Critical Methodologies	3
COMM 302	Communication Research Methods I	3
COMM writing intensive (W) course (see the major areas for appropriate selection)		3

BS Additional Core Requirements

Six hours of approved 300/400-level social science courses	6

Total Credit Hours	21

General Education

Complete lower-division requirements	35-47
Complete upper-division requirements (minimum of 6 credit hours)	6

Communication Core

Complete communication core requirements	21

Foundations (Choose 9 courses)

COMM 300	International Sojourning
COMM 303	Introduction to Strategic Communications
COMM 304	Advanced Public Speaking
COMM 305	Work-Life Communication
COMM 307	Understanding European Film
COMM 308W	Effective Media Writing
COMM 309	Media Relations

COMM 225	Introduction to Production Technology	
COMM 269	Visual Storytelling	
COMM 270A	Film Appreciation	
COMM 271	Introduction to Filmmaking	
COMM 272G	Digital Literacy	
COMM 278G	Advertising & Society	
COMM 280T	Entertainment Technologies	
COMM 295	Topics in Communication	
Total Credit Hours		92-104

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

ALL students majoring in programs in Communication, Dance, and Theatre are required to complete a **Senior Experience** as part of their degree. Senior Experiences are designed as stepping stones for students to apply knowledge

and skills accrued throughout their coursework toward preparing for future careers. Senior Experience course options will vary by major but include options for an internship, a study abroad/away experience, a service-learning course, a senior capstone, or more specialized experiences within students' chosen majors. Please see descriptions included under each major for more options. Students become eligible for Senior Experience options once they reach 90 credits or with permission of the Senior Experience Coordinator. Students will be directed by their advisor to opportunities that are suited for their area of study and as other opportunities become available. For more information please reach out to the Senior Experience Coordinator, Alison Lietzenmayer.

Cinema & TV Production students need to complete COMM 271 Introduction to Filmmaking prior to enrollment in any Foundations course, and should not enroll in COMM 269.

Departmental Requirements

Majors must maintain a 2.0 GPA or better in the major in order to graduate.

Additional Communication Major Courses

Students pursuing either the BA or the BS degree are required to take 10 Communication classes beyond the core course requirements listed above (these courses include the Senior Experience requirement listed above). Nine of those 10 courses (27 credit hours) must be in the student's selected major (see major details below). One course (3 credit hours) may be 100-200 level and/or from any major area.

The Senior Experience requirement in the Communication program (which includes the Cinema & TV Production major, Communication Studies major, Media Studies major, Professional Communication major, and Strategic Communication and Journalism major) can be achieved by completing opportunities such as the following:

Internship

COMM 368	Internship	3,6

Study Abroad

COMM 300	International Sojourning	3
COMM 440	Documentary Filmmaking Study Abroad	3

Other study abroad/study away offerings offered within the Department

Service Learning

Approved Service Learning Courses (varies by semester)

Capstone

COMM 433	Capstone	3

Research Practicum

COMM 369	Research Practicum	3
or COMM 469	Communication Education Practicum	

ROAR

COMM 490	ROAR Communications Agency (available only for Strategic Communication and Journalism majors)	3

COMM Cinema & TV Production Majors may also choose from:

COMM 439	WHRO Production	
COMM 482	Screenwriting II	
COMM 483	Advanced Cinema Projects	
COMM 486	Advanced Filmmaking	
COMM 493	Feature Film Production	

Communication Electives

Select one COMM elective (3 credit hours), which may be any COMM class that is not in the student's major in addition to the following.

COMM 103R	Voice and Diction	3
COMM 112R	Introduction to Interpersonal Communication	3
COMM 195	Topics in Communication	1-3
COMM 225	Introduction to Production Technology	3
COMM 269	Visual Storytelling	3

COMM 270A	Film Appreciation	3
COMM 271	Introduction to Filmmaking	3
COMM 272G	Digital Literacy	3
COMM 280T	Entertainment Technologies	3
COMM 295	Topics in Communication	1-3
COMM 304	Advanced Public Speaking	3
COMM 307	Understanding European Film	3
COMM 321	Production Management for Television and Stage	3
COMM 325	Sound Design for Stage and Camera	3
COMM 341	Lighting Design for Stage and Film	3
COMM 349	Costume Design for Stage and Camera	3
COMM 354	Drafting and Rendering for Stage and Screen	3
COMM 356	3D Animation 1	3
COMM 357	3D Animation 2	3
COMM 359	Costume Crafts	3
COMM 367	Cooperative Education	1-3
COMM 369	Research Practicum	3
COMM 382	Reporting News for Television and Digital Media	3
COMM 453	Voice Over	3
COMM 469	Communication Education Practicum	3

Writing Intensive Requirement

Communication majors must complete at least one writing intensive course in the major from the following courses:

COMM 308W	Effective Media Writing	3
COMM 315W	Sex, Gender, and Communication	3
COMM 335W	Rhetorical Criticism	3
COMM 400W	Intercultural Communication	3
COMM 412W	Interpersonal Communication Theory and Research	3
COMM 447W	Electronic Media Law and Policy	3
COMM 471W	International Film History	3
COMM 479W	American Film History	3

Internships and Practicum courses

Students may apply three credit hours of COMM 368 Internship toward their major credit hours. Three additional credit hours may count as elective credits toward the overall total credit hour count for the degree. In addition, students may apply only six credits total from the following classes toward the major:

COMM 368	Internship	3-6
COMM 369	Research Practicum	3
COMM 469	Communication Education Practicum	3

Special Topics in Communication Courses and Communication Tutorials

Special Topics in Communication courses and Communication Tutorials courses may be included in a given major when and where appropriate and as approved by the student's communication advisor:

COMM 395	Topics in Communication	1-3
COMM 396	Topics in Communication	1-3
COMM 495	Topics in Communication	1-3
COMM 496	Topics in Communication	1-3
COMM 497	Tutorial Work in Special Topics in Communication	1-3

Bachelor of Arts Communication with a Major in Media Studies (BA)

Carla Harrell, Chief Departmental Advisor
Myles McNutt, Program Director

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3

Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

COMM 101R is required to fulfill the Oral Communication requirement.

STAT 130M is required to fulfill the Mathematics requirement (BS only).

COMM 270A/THEA 270A may not be used to satisfy the Human Creativity requirement.

The Information Literacy and Research requirement may be met in the major with COMM 272G.

The Impact of Technology requirement may be met in the major with COMM 280T or COMM 372T.

For the Language and Culture requirement, BA students must have competence through the 202 level (competence is not met by completion of the associate degree); BS students must have competence at the 102 level.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Six Hours of Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Communication Core

BA Core Courses

COMM 200S	Introduction to Human Communication	3
COMM 260	Understanding Media	3
COMM 301	Critical Methodologies	3
COMM writing intensive (W) course (see the major areas for appropriate selection)		3

BA Additional Core Course

COMM 335W	Rhetorical Criticism	3
or COMM 445	Communication Analysis and Criticism	

Total Credit Hours	15

Media Studies Major

Carla Harrell, Chief Departmental Advisor
Myles McNutt, Program Director

Choose nine courses (27 credit hours): three courses (9 credit hours) from Foundations and six courses (18 credit hours) from Applied Theories. Students majoring in Media Studies may not use COMM 372T to satisfy their Impact of Technology general education requirement. The Senior Experience can be met by completing an internship, a study abroad/away, taking a designated service learning course, doing a research practicum, or by enrolling in the Capstone course (COMM 433).

General Education

Complete lower-division requirements	35-47
Complete upper-division requirements (minimum of 6 credit hours)	6
Complete foreign language coursework through the 202 level	0-6

Communication Core

Complete communication core requirements	15

Foundations

COMM 344	Introduction to Media Industries	3
COMM 345	Media Audiences	3
COMM 372T	Introduction to New Media Technologies	3

Applied Theories

Select six of the following:		18
COMM 334	Narrative Adaptation	
COMM 339	Entertainment Journalism	
COMM 340	Media and Popular Culture	
COMM 346	Screenwriting I	
COMM 368	Internship	
COMM 375	Television Production	
COMM 382	Reporting News for Television and Digital Media	
COMM 388	Motion Picture Aesthetics	
COMM 395	Topics in Communication	
COMM 430	TV Screenwriting	
COMM 433	Capstone	
COMM 441	The Music Industry and Communication	
COMM 442	Media Spaces	
COMM 443	Hispanic Film	
COMM 444	German Cinema I	
or WCS 445	German Cinema I	
COMM 447W	Electronic Media Law and Policy	
COMM 448	Global Media Industries	
COMM 455	Critical Analysis of Journalism	
COMM 471W	International Film History	
COMM 472	New Media Topics: Theories and Practices	
COMM 473	Television and Society	
COMM 474	Reality Television	
COMM 478	Media Marketing and Promotion	

COMM 479W	American Film History	
COMM 482	Screenwriting II	
COMM 485	Film and Television Genres	
COMM 488	Introduction to Critical Race and Media Studies	
COMM 491	Communication and Activism	
DANC 361	Hip Hop Dance & Culture 1	
DANC 362	Hip Hop Dance & Culture 2	
THEA 371	History of Animation	
WGS 304	Gender and Sexuality in Film	
WGS 405	Gender and Media	

COMM Elective

Complete COMM elective	3

Total Credit Hours	86-104

Electives

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

ALL students majoring in programs in Communication, Dance, and Theatre are required to complete a **Senior Experience** as part of their degree. Senior Experiences are designed as stepping stones for students to apply knowledge and skills accrued throughout their coursework toward preparing for future careers. Senior Experience course options will vary by major but include options for an internship, a study abroad/away experience, a service-learning course, a senior capstone, or more specialized experiences within students' chosen majors. Please see descriptions included under each major for more options. Students become eligible for Senior Experience options once they reach 90 credits or with permission of the Senior Experience Coordinator. Students will be directed by their advisor to opportunities that are suited for their area of study and as other opportunities become available. For more information please reach out to the Senior Experience Coordinator, Alison Lietzenmayer.

Cinema & TV Production students need to complete COMM 271 Introduction to Filmmaking prior to enrollment in any Foundations course, and should not enroll in COMM 269.

Departmental Requirements

Majors must maintain a 2.0 GPA or better in the major in order to graduate.

Additional Communication Major Courses

Students pursuing either the BA or the BS degree are required to take 10 Communication classes beyond the core course requirements listed above (these courses include the Senior Experience requirement listed above). Nine of those 10 courses (27 credit hours) must be in the student's selected major (see major details below). One course (3 credit hours) may be 100-200 level and/or from any major area.

The Senior Experience requirement in the Communication program (which includes the Cinema & TV Production major, Communication Studies major, Media Studies major, Professional Communication major, and Strategic Communication and Journalism major) can be achieved by completing opportunities such as the following:

Internship

COMM 368	Internship	3,6

Study Abroad

COMM 300	International Sojourning	3
COMM 440	Documentary Filmmaking Study Abroad	3

Other study abroad/study away offerings offered within the Department

Service Learning

Approved Service Learning Courses (varies by semester)

Capstone

COMM 433	Capstone	3
Research Practicum		
COMM 369 or COMM 469	Research Practicum Communication Education Practicum	3
ROAR		
COMM 490	ROAR Communications Agency (available only for Strategic Communication and Journalism majors)	3
COMM Cinema & TV Production Majors may also choose from:		
COMM 439	WHRO Production	
COMM 482	Screenwriting II	
COMM 483	Advanced Cinema Projects	
COMM 486	Advanced Filmmaking	
COMM 493	Feature Film Production	

Communication Electives

Select one COMM elective (3 credit hours), which may be any COMM class that is not in the student's major in addition to the following.

COMM 103R	Voice and Diction	3
COMM 112R	Introduction to Interpersonal Communication	3
COMM 195	Topics in Communication	1-3
COMM 225	Introduction to Production Technology	3
COMM 269	Visual Storytelling	3
COMM 270A	Film Appreciation	3
COMM 271	Introduction to Filmmaking	3
COMM 272G	Digital Literacy	3
COMM 280T	Entertainment Technologies	3
COMM 295	Topics in Communication	1-3
COMM 304	Advanced Public Speaking	3
COMM 307	Understanding European Film	3
COMM 321	Production Management for Television and Stage	3
COMM 325	Sound Design for Stage and Camera	3
COMM 341	Lighting Design for Stage and Film	3
COMM 349	Costume Design for Stage and Camera	3
COMM 354	Drafting and Rendering for Stage and Screen	3
COMM 356	3D Animation 1	3
COMM 357	3D Animation 2	3
COMM 359	Costume Crafts	3
COMM 367	Cooperative Education	1-3
COMM 369	Research Practicum	3
COMM 382	Reporting News for Television and Digital Media	3
COMM 453	Voice Over	3
COMM 469	Communication Education Practicum	3

Writing Intensive Requirement

Communication majors must complete at least one writing intensive course in the major from the following courses:

COMM 308W	Effective Media Writing	3
COMM 315W	Sex, Gender, and Communication	3
COMM 335W	Rhetorical Criticism	3
COMM 400W	Intercultural Communication	3
COMM 412W	Interpersonal Communication Theory and Research	3
COMM 447W	Electronic Media Law and Policy	3
COMM 471W	International Film History	3
COMM 479W	American Film History	3

Internships and Practicum courses

Students may apply three credit hours of COMM 368 Internship toward their major credit hours. Three additional credit hours may count as elective credits toward the overall total credit hour count for the degree. In addition, students may apply only six credits total from the following classes toward the major:

COMM 368	Internship	3-6
COMM 369	Research Practicum	3
COMM 469	Communication Education Practicum	3

Special Topics in Communication Courses and Communication Tutorials

Special Topics in Communication courses and Communication Tutorials courses may be included in a given major when and where appropriate and as approved by the student's communication advisor:

COMM 395	Topics in Communication	1-3
COMM 396	Topics in Communication	1-3
COMM 495	Topics in Communication	1-3
COMM 496	Topics in Communication	1-3
COMM 497	Tutorial Work in Special Topics in Communication	1-3

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

¹ Please consult list of Senior Experience options relevant to each major.

Linked BA/BS in Communication and MA in Lifespan and Digital Communication

The linked bachelor's/master's degree in communication/lifespan and digital communication is administered by the Communication and Theatre Arts

Department. The purpose of this option is to allow exceptional majors in communication to count up to 12 hours of 500-level graduate coursework towards both the BA or BS in communication and, if accepted, the MA in lifespan and digital communication. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credits for the undergraduate degree and 30 discrete credits for the graduate degree). For more information, please contact Dr. Gary Beck.

Linked BA/BS in Communication and MA in Humanities

Please refer to the Humanities section of this Catalog for information on the linked program leading to a BA or BS in communication and an MA in humanities.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Science Communication with a Major in Media Studies (BS)

Carla Harrell, Chief Departmental Advisor
Myles McNutt, Program Director

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

COMM 101R is required to fulfill the Oral Communication requirement.

STAT 130M is required to fulfill the Mathematics requirement (BS only).

COMM 270A/THEA 270A may not be used to satisfy the Human Creativity requirement.

The Information Literacy and Research requirement may be met in the major with COMM 272G.

The Impact of Technology requirement may be met in the major with COMM 280T or COMM 372T.

For the Language and Culture requirement, BA students must have competence through the 202 level (competence is not met by completion of the associate degree); BS students must have competence at the 102 level.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Six Hours of Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.

- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Communication Core

BS Core Courses

COMM 200S	Introduction to Human Communication	3
COMM 260	Understanding Media	3
COMM 301	Critical Methodologies	3
COMM 302	Communication Research Methods I	3
COMM writing intensive (W) course (see the major areas for appropriate selection)		3

BS Additional Core Requirements

Six hours of approved 300/400-level social science courses	6

Total Credit Hours	21

Media Studies Major

Carla Harrell, Chief Departmental Advisor
Myles McNutt, Program Director

Choose nine courses (27 credit hours): three courses (9 credit hours) from Foundations and six courses (18 credit hours) from Applied Theories. Students majoring in Media Studies may not use COMM 372T to satisfy their Impact of Technology general education requirement. The Senior Experience can be met by completing an internship, a study abroad/away, taking a designated service learning course, doing a research practicum, or by enrolling in the Capstone course (COMM 433).

General Education

Complete lower-division requirements	35-47
Complete upper-division requirements (minimum of 6 credit hours)	6

Communication Core

Complete communication core requirements	21

Foundations

COMM 344	Introduction to Media Industries	3
COMM 345	Media Audiences	3
COMM 372T	Introduction to New Media Technologies	3

COMM Elective		
Complete COMM elective		3
Total Credit Hours		92-104

Electives

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

ALL students majoring in programs in Communication, Dance, and Theatre are required to complete a **Senior Experience** as part of their degree. Senior Experiences are designed as stepping stones for students to apply knowledge and skills accrued throughout their coursework toward preparing for future careers. Senior Experience course options will vary by major but include options for an internship, a study abroad/away experience, a service-learning course, a senior capstone, or more specialized experiences within students' chosen majors. Please see descriptions included under each major for more options. Students become eligible for Senior Experience options once they reach 90 credits or with permission of the Senior Experience Coordinator. Students will be directed by their advisor to opportunities that are suited for their area of study and as other opportunities become available. For more information please reach out to the Senior Experience Coordinator, Alison Lietzenmayer.

Cinema & TV Production students need to complete COMM 271 Introduction to Filmmaking prior to enrollment in any Foundations course, and should not enroll in COMM 269.

Departmental Requirements

Majors must maintain a 2.0 GPA or better in the major in order to graduate.

Additional Communication Major Courses

Students pursuing either the BA or the BS degree are required to take 10 Communication classes beyond the core course requirements listed above (these courses include the Senior Experience requirement listed above). Nine of those 10 courses (27 credit hours) must be in the student's selected major (see major details below). One course (3 credit hours) may be 100-200 level and/or from any major area.

The Senior Experience requirement in the Communication program (which includes the Cinema & TV Production major, Communication Studies major, Media Studies major, Professional Communication major, and Strategic Communication and Journalism major) can be achieved by completing opportunities such as the following:

Internship		
COMM 368	Internship	3,6
Study Abroad		
COMM 300	International Sojourning	3
COMM 440	Documentary Filmmaking Study Abroad	3
Other study abroad/study away offerings offered within the Department		

Service Learning

Approved Service Learning Courses (varies by semester)

Capstone

COMM 433	Capstone	3

Research Practicum

COMM 369	Research Practicum	3
or COMM 469	Communication Education Practicum	

ROAR

COMM 490	ROAR Communications Agency (available only for Strategic Communication and Journalism majors)	3

COMM Cinema & TV Production Majors may also choose from:

COMM 439	WHRO Production	
COMM 482	Screenwriting II	
COMM 483	Advanced Cinema Projects	
COMM 486	Advanced Filmmaking	
COMM 493	Feature Film Production	

Communication Electives

Select one COMM elective (3 credit hours), which may be any COMM class that is not in the student's major in addition to the following.

COMM 103R	Voice and Diction	3
COMM 112R	Introduction to Interpersonal Communication	3
COMM 195	Topics in Communication	1-3
COMM 225	Introduction to Production Technology	3
COMM 269	Visual Storytelling	3
COMM 270A	Film Appreciation	3
COMM 271	Introduction to Filmmaking	3
COMM 272G	Digital Literacy	3
COMM 280T	Entertainment Technologies	3
COMM 295	Topics in Communication	1-3
COMM 304	Advanced Public Speaking	3
COMM 307	Understanding European Film	3
COMM 321	Production Management for Television and Stage	3
COMM 325	Sound Design for Stage and Camera	3
COMM 341	Lighting Design for Stage and Film	3
COMM 349	Costume Design for Stage and Camera	3
COMM 354	Drafting and Rendering for Stage and Screen	3
COMM 356	3D Animation 1	3
COMM 357	3D Animation 2	3
COMM 359	Costume Crafts	3
COMM 367	Cooperative Education	1-3
COMM 369	Research Practicum	3
COMM 382	Reporting News for Television and Digital Media	3
COMM 453	Voice Over	3
COMM 469	Communication Education Practicum	3

Writing Intensive Requirement

Communication majors must complete at least one writing intensive course in the major from the following courses:

COMM 308W	Effective Media Writing	3
COMM 315W	Sex, Gender, and Communication	3
COMM 335W	Rhetorical Criticism	3
COMM 400W	Intercultural Communication	3
COMM 412W	Interpersonal Communication Theory and Research	3
COMM 447W	Electronic Media Law and Policy	3

COMM 471W	International Film History	3
COMM 479W	American Film History	3

Internships and Practicum courses

Students may apply three credit hours of COMM 368 Internship toward their major credit hours. Three additional credit hours may count as elective credits toward the overall total credit hour count for the degree. In addition, students may apply only six credits total from the following classes toward the major:

COMM 368	Internship	3-6
COMM 369	Research Practicum	3
COMM 469	Communication Education Practicum	3

Special Topics in Communication Courses and Communication Tutorials

Special Topics in Communication courses and Communication Tutorials courses may be included in a given major when and where appropriate and as approved by the student's communication advisor:

COMM 395	Topics in Communication	1-3
COMM 396	Topics in Communication	1-3
COMM 495	Topics in Communication	1-3
COMM 496	Topics in Communication	1-3
COMM 497	Tutorial Work in Special Topics in Communication	1-3

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts Communication with a Major in Organizational and Interpersonal Communication (BA)

Carla Harrell, Program Director and Chief Departmental Advisor

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

COMM 101R is required to fulfill the Oral Communication requirement.

STAT 130M is required to fulfill the Mathematics requirement (BS only).

COMM 270A/THEA 270A may not be used to satisfy the Human Creativity requirement.

The Information Literacy and Research requirement may be met in the major with COMM 272G.

The Impact of Technology requirement may be met in the major with COMM 280T or COMM 372T.

For the Language and Culture requirement, BA students must have competence through the 202 level (competence is not met by completion of the associate degree); BS students must have competence at the 102 level.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Six Hours of Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.

- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Communication Core

BA Core Courses

COMM 200S	Introduction to Human Communication	3
COMM 260	Understanding Media	3
COMM 301	Critical Methodologies	3
COMM writing intensive (W) course (see the major areas for appropriate selection)		3

BA Additional Core Course

COMM 335W	Rhetorical Criticism	3
or COMM 445	Communication Analysis and Criticism	

Total Credit Hours	15

Organizational and Interpersonal Communication Major

Carla Harrell, Program Director and Chief Departmental Advisor

Choose nine courses (27 credit hours): three courses (9 credit hours) from Foundations and six courses (18 credit hours) from Applied Theories. Students may take Foundations courses to apply toward Applied Theories courses if they choose to take more than three Foundations courses. The Senior Experience can be met by completing an internship, a study abroad/away, taking a designated service learning course, doing a research practicum, or by enrolling in the Capstone course (COMM 433).

General Education

Complete lower-division requirements	35-47
Complete upper-division requirements (minimum of 6 credit hours)	6
Complete foreign language coursework through the 202 level	0-6

Communication Core

Complete communication core requirements	15

Foundations

Select three of the following:	9
COMM 314	Nonverbal Communication
COMM 326	Foundations of Group Communication
COMM 355	Organizational Communication
COMM 400W	Intercultural Communication
COMM 401	Communication Theory
COMM 412W	Interpersonal Communication Theory and Research
COMM 422	Listening to Self, Others, Nature and the Divine

Applied Theories

Select six of the following: ¹	18
COMM 300	International Sojourning
COMM 304	Advanced Public Speaking
COMM 305	Work-Life Communication
COMM 315W	Sex, Gender, and Communication
COMM 323	Leadership and Events Management
COMM 333	Persuasion
COMM 351	Interpersonal Communication in Organizations
COMM 368	Internship
COMM 405	Communication and Culture in the Middle East
COMM 408	Health Communication
COMM 421	Communication and Conflict Management
COMM 423	Nonviolent Communication and Peace

COMM 424	Communicating Love
COMM 425	Family Communication Theory and Research
COMM 427	Children's Communication Theory and Research
COMM 433	Capstone
COMM 456	Organizations and Social Influence
COMM 489	Health and Interpersonal Communication
COMM 491	Communication and Activism
COMM 495	Topics in Communication

COMM Elective

Complete COMM elective	3

Total Credit Hours	86-104

¹ Students may take Foundations courses to apply toward Applied Theories courses if they choose to take more than three Foundations courses.

Electives

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

ALL students majoring in programs in Communication, Dance, and Theatre are required to complete a **Senior Experience** as part of their degree. Senior Experiences are designed as stepping stones for students to apply knowledge and skills accrued throughout their coursework toward preparing for future careers. Senior Experience course options will vary by major but include options for an internship, a study abroad/away experience, a service-learning course, a senior capstone, or more specialized experiences within students' chosen majors. Please see descriptions included under each major for more options. Students become eligible for Senior Experience options once they reach 90 credits or with permission of the Senior Experience Coordinator. Students will be directed by their advisor to opportunities that are suited for their area of study and as other opportunities become available. For more information please reach out to the Senior Experience Coordinator, Alison Lietzenmayer.

Cinema & TV Production students need to complete COMM 271 Introduction to Filmmaking prior to enrollment in any Foundations course, and should not enroll in COMM 269.

Departmental Requirements

Majors must maintain a 2.0 GPA or better in the major in order to graduate.

Additional Communication Major Courses

Students pursuing either the BA or the BS degree are required to take 10 Communication classes beyond the core course requirements listed above (these courses include the Senior Experience requirement listed above). Nine of those 10 courses (27 credit hours) must be in the student's selected major (see major details below). One course (3 credit hours) may be 100-200 level and/or from any major area.

The Senior Experience requirement in the Communication program (which includes the Cinema & TV Production major, Communication Studies major, Media Studies major, Professional Communication major, and Strategic Communication and Journalism major) can be achieved by completing opportunities such as the following:

Internship

COMM 368	Internship	3,6

Study Abroad

COMM 300	International Sojourning	3
COMM 440	Documentary Filmmaking Study Abroad	3

Other study abroad/study away offerings offered within the Department

Service Learning

Approved Service Learning Courses (varies by semester)		
Capstone		
COMM 433	Capstone	3
Research Practicum		
COMM 369 or COMM 469	Research Practicum Communication Education Practicum	3
ROAR		
COMM 490	ROAR Communications Agency (available only for Strategic Communication and Journalism majors)	3
COMM Cinema & TV Production Majors may also choose from:		
COMM 439	WHRO Production	
COMM 482	Screenwriting II	
COMM 483	Advanced Cinema Projects	
COMM 486	Advanced Filmmaking	
COMM 493	Feature Film Production	

Communication Electives

Select one COMM elective (3 credit hours), which may be any COMM class that is not in the student's major in addition to the following.

COMM 103R	Voice and Diction	3
COMM 112R	Introduction to Interpersonal Communication	3
COMM 195	Topics in Communication	1-3
COMM 225	Introduction to Production Technology	3
COMM 269	Visual Storytelling	3
COMM 270A	Film Appreciation	3
COMM 271	Introduction to Filmmaking	3
COMM 272G	Digital Literacy	3
COMM 280T	Entertainment Technologies	3
COMM 295	Topics in Communication	1-3
COMM 304	Advanced Public Speaking	3
COMM 307	Understanding European Film	3
COMM 321	Production Management for Television and Stage	3
COMM 325	Sound Design for Stage and Camera	3
COMM 341	Lighting Design for Stage and Film	3
COMM 349	Costume Design for Stage and Camera	3
COMM 354	Drafting and Rendering for Stage and Screen	3
COMM 356	3D Animation 1	3
COMM 357	3D Animation 2	3
COMM 359	Costume Crafts	3
COMM 367	Cooperative Education	1-3
COMM 369	Research Practicum	3
COMM 382	Reporting News for Television and Digital Media	3
COMM 453	Voice Over	3
COMM 469	Communication Education Practicum	3

Writing Intensive Requirement

Communication majors must complete at least one writing intensive course in the major from the following courses:

COMM 308W	Effective Media Writing	3
COMM 315W	Sex, Gender, and Communication	3
COMM 335W	Rhetorical Criticism	3
COMM 400W	Intercultural Communication	3
COMM 412W	Interpersonal Communication Theory and Research	3
COMM 447W	Electronic Media Law and Policy	3

COMM 471W	International Film History	3
COMM 479W	American Film History	3

Internships and Practicum courses

Students may apply three credit hours of COMM 368 Internship toward their major credit hours. Three additional credit hours may count as elective credits toward the overall total credit hour count for the degree. In addition, students may apply only six credits total from the following classes toward the major:

COMM 368	Internship	3-6
COMM 369	Research Practicum	3
COMM 469	Communication Education Practicum	3

Special Topics in Communication Courses and Communication Tutorials

Special Topics in Communication courses and Communication Tutorials courses may be included in a given major when and where appropriate and as approved by the student's communication advisor:

COMM 395	Topics in Communication	1-3
COMM 396	Topics in Communication	1-3
COMM 495	Topics in Communication	1-3
COMM 496	Topics in Communication	1-3
COMM 497	Tutorial Work in Special Topics in Communication	1-3

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

¹ Please consult list of Senior Experience options relevant to each major.

Linked BA/BS in Communication and MA in Lifespan and Digital Communication

The linked bachelor's/master's degree in communication/lifespan and digital communication is administered by the Communication and Theatre Arts Department. The purpose of this option is to allow exceptional majors in communication to count up to 12 hours of 500-level graduate coursework towards both the BA or BS in communication and, if accepted, the MA in lifespan and digital communication. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credits for the undergraduate degree and 30 discrete credits for the graduate degree). For more information, please contact Dr. Gary Beck.

Linked BA/BS in Communication and MA in Humanities

Please refer to the Humanities section of this Catalog for information on the linked program leading to a BA or BS in communication and an MA in humanities.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Science Communication with a Major in Organizational and Interpersonal Communication (BS)

Carla Harrell, Program Director and Chief Departmental Advisor

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3

The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

COMM 101R is required to fulfill the Oral Communication requirement.

STAT 130M is required to fulfill the Mathematics requirement (BS only).

COMM 270A/THEA 270A may not be used to satisfy the Human Creativity requirement.

The Information Literacy and Research requirement may be met in the major with COMM 272G.

The Impact of Technology requirement may be met in the major with COMM 280T or COMM 372T.

For the Language and Culture requirement, BA students must have competence through the 202 level (competence is not met by completion of the associate degree); BS students must have competence at the 102 level.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Six Hours of Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Communication Core

BS Core Courses

COMM 200S	Introduction to Human Communication	3
COMM 260	Understanding Media	3
COMM 301	Critical Methodologies	3
COMM 302	Communication Research Methods I	3
COMM writing intensive (W) course (see the major areas for appropriate selection)		3

BS Additional Core Requirements

Six hours of approved 300/400-level social science courses	6
Total Credit Hours	21

Organizational and Interpersonal Communication Major

Carla Harrell, Program Director and Chief Departmental Advisor

Choose nine courses (27 credit hours): three courses (9 credit hours) from Foundations and six courses (18 credit hours) from Applied Theories. Students may take Foundations courses to apply toward Applied Theories courses if they choose to take more than three Foundations courses. The Senior Experience can be met by completing an internship, a study abroad/away, taking a designated service learning course, doing a research practicum, or by enrolling in the Capstone course (COMM 433).

General Education

Complete lower-division requirements	35-47
Complete upper-division requirements (minimum of 6 credit hours)	6

Communication Core

Complete communication core requirements	21

Foundations

Select three of the following:		9
COMM 314	Nonverbal Communication

COMM Elective		
Complete COMM elective		3
Total Credit Hours		92-104

¹ Students may take Foundations courses to apply toward Applied Theories courses if they choose to take more than three Foundations courses.

Electives

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

ALL students majoring in programs in Communication, Dance, and Theatre are required to complete a **Senior Experience** as part of their degree. Senior Experiences are designed as stepping stones for students to apply knowledge and skills accrued throughout their coursework toward preparing for future careers. Senior Experience course options will vary by major but include options for an internship, a study abroad/away experience, a service-learning course, a senior capstone, or more specialized experiences within students' chosen majors. Please see descriptions included under each major for more options. Students become eligible for Senior Experience options once they reach 90 credits or with permission of the Senior Experience Coordinator. Students will be directed by their advisor to opportunities that are suited for their area of study and as other opportunities become available. For more information please reach out to the Senior Experience Coordinator, Alison Lietzenmayer.

Cinema & TV Production students need to complete COMM 271 Introduction to Filmmaking prior to enrollment in any Foundations course, and should not enroll in COMM 269.

Departmental Requirements

Majors must maintain a 2.0 GPA or better in the major in order to graduate.

Additional Communication Major Courses

Students pursuing either the BA or the BS degree are required to take 10 Communication classes beyond the core course requirements listed above (these courses include the Senior Experience requirement listed above). Nine of those 10 courses (27 credit hours) must be in the student's selected major (see major details below). One course (3 credit hours) may be 100-200 level and/or from any major area.

The Senior Experience requirement in the Communication program (which includes the Cinema & TV Production major, Communication Studies major, Media Studies major, Professional Communication major, and Strategic Communication and Journalism major) can be achieved by completing opportunities such as the following:

Internship		
COMM 368	Internship	3,6
Study Abroad		
COMM 300	International Sojourning	3
COMM 440	Documentary Filmmaking Study Abroad	3
Other study abroad/study away offerings offered within the Department		
Service Learning		
Approved Service Learning Courses (varies by semester)		
Capstone		
COMM 433	Capstone	3
Research Practicum		
COMM 369	Research Practicum	3
or COMM 469	Communication Education Practicum	
ROAR		
COMM 490	ROAR Communications Agency (available only for Strategic Communication and Journalism majors)	3
COMM Cinema & TV Production Majors may also choose from:		
COMM 439	WHRO Production	
COMM 482	Screenwriting II	
COMM 483	Advanced Cinema Projects	
COMM 486	Advanced Filmmaking	
COMM 493	Feature Film Production	

Communication Electives

Select one COMM elective (3 credit hours), which may be any COMM class that is not in the student's major in addition to the following.

COMM 103R	Voice and Diction	3
COMM 112R	Introduction to Interpersonal Communication	3
COMM 195	Topics in Communication	1-3
COMM 225	Introduction to Production Technology	3
COMM 269	Visual Storytelling	3
COMM 270A	Film Appreciation	3
COMM 271	Introduction to Filmmaking	3
COMM 272G	Digital Literacy	3
COMM 280T	Entertainment Technologies	3
COMM 295	Topics in Communication	1-3
COMM 304	Advanced Public Speaking	3
COMM 307	Understanding European Film	3
COMM 321	Production Management for Television and Stage	3
COMM 325	Sound Design for Stage and Camera	3
COMM 341	Lighting Design for Stage and Film	3
COMM 349	Costume Design for Stage and Camera	3
COMM 354	Drafting and Rendering for Stage and Screen	3
COMM 356	3D Animation 1	3
COMM 357	3D Animation 2	3
COMM 359	Costume Crafts	3
COMM 367	Cooperative Education	1-3
COMM 369	Research Practicum	3
COMM 382	Reporting News for Television and Digital Media	3
COMM 453	Voice Over	3
COMM 469	Communication Education Practicum	3

Writing Intensive Requirement

Communication majors must complete at least one writing intensive course in the major from the following courses:

COMM 308W	Effective Media Writing	3
COMM 315W	Sex, Gender, and Communication	3
COMM 335W	Rhetorical Criticism	3
COMM 400W	Intercultural Communication	3
COMM 412W	Interpersonal Communication Theory and Research	3
COMM 447W	Electronic Media Law and Policy	3
COMM 471W	International Film History	3
COMM 479W	American Film History	3

Internships and Practicum courses

Students may apply three credit hours of COMM 368 Internship toward their major credit hours. Three additional credit hours may count as elective credits toward the overall total credit hour count for the degree. In addition, students may apply only six credits total from the following classes toward the major:

COMM 368	Internship	3-6
COMM 369	Research Practicum	3
COMM 469	Communication Education Practicum	3

Special Topics in Communication Courses and Communication Tutorials

Special Topics in Communication courses and Communication Tutorials courses may be included in a given major when and where appropriate and as approved by the student's communication advisor:

COMM 395	Topics in Communication	1-3
COMM 396	Topics in Communication	1-3
COMM 495	Topics in Communication	1-3
COMM 496	Topics in Communication	1-3
COMM 497	Tutorial Work in Special Topics in Communication	1-3

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

1 Please consult list of Senior Experience options relevant to each major.

Linked BA/BS in Communication and MA in Lifespan and Digital Communication

The linked bachelor's/master's degree in communication/lifespan and digital communication is administered by the Communication and Theatre Arts Department. The purpose of this option is to allow exceptional majors in communication to count up to 12 hours of 500-level graduate coursework towards both the BA or BS in communication and, if accepted, the MA in lifespan and digital communication. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credits for the undergraduate degree and 30 discrete credits for the graduate degree). For more information, please contact Dr. Gary Beck.

Linked BA/BS in Communication and MA in Humanities

Please refer to the Humanities section of this Catalog for information on the linked program leading to a BA or BS in communication and an MA in humanities.

Bachelor of Science Communication with a Major in Professional Communication (BS)

Fran Hassencahl, Chief Departmental Advisor for Professional Communication Major

The Bachelor of Science in Professional Communication is also available through ODUGlobal. Online students who have completed a university parallel associate degree can complete two additional years of course work through the University's ODUGlobal program in order to earn a BS in Communication with a major in Professional Communication. Online students without a university parallel associate degree must complete the lower-division general education requirements. The Senior Experience can be met by completing an internship, a study abroad/away, taking a designated service learning course, doing a research practicum, or by enrolling in the Capstone course (COMM 433).

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3

The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

COMM 101R is required to fulfill the Oral Communication requirement.

STAT 130M is required to fulfill the Mathematics requirement (BS only).

COMM 270A/THEA 270A may not be used to satisfy the Human Creativity requirement.

The Information Literacy and Research requirement may be met in the major with COMM 272G.

The Impact of Technology requirement may be met in the major with COMM 280T, COMM 372T or CS 300T.

For the Language and Culture requirement, BA students must have competence through the 202 level (competence is not met by completion of the associate degree); BS students must have competence at the 102 level.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Six Hours of Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Linked BA/BS in Communication and MA in Lifespan and Digital Communication

The linked bachelor's/master's degree in communication/lifespan and digital communication is administered by the Communication and Theatre Arts Department. The purpose of this option is to allow exceptional majors in communication to count up to 12 hours of 500-level graduate coursework towards both the BA or BS in communication and, if accepted, the MA in lifespan and digital communication. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credits for the undergraduate degree and 30 discrete credits for the graduate degree). For more information, please contact Dr. Gary Beck.

Linked BA/BS in Communication and MA in Humanities

Please refer to the Humanities section of this Catalog for information on the linked program leading to a BA or BS in communication and an MA in humanities.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program

prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts Communication with a Major in Strategic Communication and Journalism (BA)

Starting with freshman admitted students in Fall 2025, the Department of Communication & Theatre Arts is introducing a combined Strategic Communication and Journalism major. The new major will feature two specializations: **Strategic Communication** and **Journalism & Public Information**. While not official designations, these specializations help students tailor their academic experience to align with internships and future career paths.

Students who declared a Strategic Communication major prior to Fall 2025 will complete their degree from the previous catalog but will be permitted to take any classes introduced as part of the Strategic Communication and Journalism major as part of their major requirements. For questions about the Strategic Communication and Journalism program and either specialization, please contact program director Brendan O'Hallam at bhallar@odu.edu.

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3

Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

COMM 101R is required to fulfill the Oral Communication requirement.

STAT 130M is required to fulfill the Mathematics requirement (BS only).

COMM 270A/THEA 270A may not be used to satisfy the Human Creativity requirement.

COMM 200S may not be used to satisfy the Human Behavior requirement.

The Information Literacy and Research requirement may be met in the major with COMM 272G.

The Impact of Technology requirement may be met in the major with COMM 280T.

For the Language and Culture requirement, BA students must have competence through the 202 level (competence is not met by completion of the associate degree); BS students must have competence at the 102 level.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Six Hours of Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Communication Core

BA Core Courses

COMM 200S	Introduction to Human Communication	3
COMM 260	Understanding Media	3
COMM 301	Critical Methodologies	3

BA Additional Core Course

COMM 335W	Rhetorical Criticism	3
or COMM 445	Communication Analysis and Criticism	

Total Credit Hours **15**

Strategic Communication and Journalism Major

Brendan O'Hallarn, Ph.D., Program Director

General Education

Complete lower-division requirements	38-44
Complete upper-division requirements	6
Complete foreign language coursework through the 202 level	0-6

Communication Core

Complete communication core requirements	15

Foundations

COMM 308W	Effective Media Writing	3
Complete the prescribed Foundations courses from one of the following specialization areas:		6

Strategic Communication:

COMM 303	Introduction to Strategic Communications
COMM 478	Media Marketing and Promotion

Journalism & Public Information:

COMM 363	Introduction to Journalism
ENGL 486	Media Law and Ethics
or COMM 447W Electronic Media Law and Policy	

Complete a Senior Experience course: **3**

COMM 368	Internship
or COMM 433	Capstone
or COMM 490	ROAR Communications Agency

Complete two courses from one of the following specialization areas: **6**

Strategic Communication (select two):

COMM 309	Media Relations
COMM 310	Strategic Communications Campaigns (Strategic Communication)
COMM 437	Podcasting
COMM 438	The Advertising Industry
COMM 457	Market Research
COMM 460	Social Marketing
COMM 462	Sport Communication
COMM 484	Strategic Media Design and Production
MKTG 402	Consumer Behavior

Journalism & Public Information (select two):

COMM 309	Media Relations
COMM 387	TV News Production
COMM 403	Public Information and Crisis Communications
COMM 404	Emergency Management Communication
COMM 435	Arts Journalism
COMM 436	Multimedia Journalism
COMM 437	Podcasting

COMM 462	Sport Communication	
ENGL 385	The Press and Making of American Democracy	
Applied Theories *		
Select three of the following:		9
COMM 311	Strategic Communications Tactics	
COMM 323	Leadership and Events Management	
COMM 333	Persuasion	
COMM 454	Strategic Communications Case Studies	
COMM 455	Critical Analysis of Journalism	
COMM 456	Organizations and Social Influence	
COMM 472	New Media Topics: Theories and Practices	
COMM 491	Communication and Activism	
COMM 494	Entrepreneurship and Public Relations	
COMM 495	Topics in Communication	
ENGL 383	Digital Journalism	
COMM Elective		
Complete COMM Elective		3
Total Credit Hours		89-101

* With advisor approval, students may take discipline-specific classes for the other specialization to satisfy Applied Theories requirements.

Electives

Elective credit may be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

ALL students majoring in programs in Communication, Dance, and Theatre are required to complete a **Senior Experience** as part of their degree. Senior Experiences are designed as stepping stones for students to apply knowledge and skills accrued throughout their coursework toward preparing for future careers. Senior Experience course options will vary by major but include options for an internship, a study abroad/away experience, a service-learning course, a senior capstone, or more specialized experiences within students' chosen majors. Please see descriptions included under each major for more options. Students become eligible for Senior Experience options once they reach 90 credits or with permission of the Senior Experience Coordinator. Students will be directed by their advisor to opportunities that are suited for their area of study and as other opportunities become available. For more information please reach out to the Senior Experience Coordinator, Alison Lietzenmayer.

Cinema & TV Production students need to complete COMM 271 Introduction to Filmmaking prior to enrollment in any Foundations course, and should not enroll in COMM 269.

Departmental Requirements

Majors must maintain a 2.0 GPA or better in the major in order to graduate.

Additional Communication Major Courses

Students pursuing either the BA or the BS degree are required to take 10 Communication classes beyond the core course requirements listed above (these courses include the Senior Experience requirement listed above). Nine of those 10 courses (27 credit hours) must be in the student's selected major (see major details below). One course (3 credit hours) may be 100-200 level and/or from any major area.

The Senior Experience requirement in the Communication program (which includes the Cinema & TV Production major, Communication Studies major, Media Studies major, Professional Communication major, and Strategic Communication and Journalism major) can be achieved by completing opportunities such as the following:

Internship

COMM 368	Internship	3,6

Study Abroad

COMM 300	International Sojourning	3
COMM 440	Documentary Filmmaking Study Abroad	3

Other study abroad/study away offerings offered within the Department

Service Learning

Approved Service Learning Courses (varies by semester)

Capstone

COMM 433	Capstone	3

Research Practicum

COMM 369	Research Practicum	3
or COMM 469	Communication Education Practicum	

ROAR

COMM 490	ROAR Communications Agency (available only for Strategic Communication and Journalism majors)	3

COMM Cinema & TV Production Majors may also choose from:

COMM 439	WHRO Production	
COMM 482	Screenwriting II	
COMM 483	Advanced Cinema Projects	
COMM 486	Advanced Filmmaking	
COMM 493	Feature Film Production	

Communication Electives

Select one COMM elective (3 credit hours), which may be any COMM class that is not in the student's major in addition to the following.

COMM 103R	Voice and Diction	3
COMM 112R	Introduction to Interpersonal Communication	3
COMM 195	Topics in Communication	1-3
COMM 225	Introduction to Production Technology	3
COMM 269	Visual Storytelling	3
COMM 270A	Film Appreciation	3
COMM 271	Introduction to Filmmaking	3
COMM 272G	Digital Literacy	3
COMM 280T	Entertainment Technologies	3
COMM 295	Topics in Communication	1-3
COMM 304	Advanced Public Speaking	3
COMM 307	Understanding European Film	3
COMM 321	Production Management for Television and Stage	3
COMM 325	Sound Design for Stage and Camera	3
COMM 341	Lighting Design for Stage and Film	3
COMM 349	Costume Design for Stage and Camera	3
COMM 354	Drafting and Rendering for Stage and Screen	3
COMM 356	3D Animation 1	3
COMM 357	3D Animation 2	3
COMM 359	Costume Crafts	3
COMM 367	Cooperative Education	1-3
COMM 369	Research Practicum	3
COMM 382	Reporting News for Television and Digital Media	3
COMM 453	Voice Over	3
COMM 469	Communication Education Practicum	3

Writing Intensive Requirement

Communication majors must complete at least one writing intensive course in the major from the following courses:

COMM 308W	Effective Media Writing	3
COMM 315W	Sex, Gender, and Communication	3
COMM 335W	Rhetorical Criticism	3
COMM 400W	Intercultural Communication	3
COMM 412W	Interpersonal Communication Theory and Research	3
COMM 447W	Electronic Media Law and Policy	3
COMM 471W	International Film History	3
COMM 479W	American Film History	3

Internships and Practicum courses

Students may apply three credit hours of COMM 368 Internship toward their major credit hours. Three additional credit hours may count as elective credits toward the overall total credit hour count for the degree. In addition, students may apply only six credits total from the following classes toward the major:

COMM 368	Internship	3-6
COMM 369	Research Practicum	3
COMM 469	Communication Education Practicum	3

Special Topics in Communication Courses and Communication Tutorials

Special Topics in Communication courses and Communication Tutorials courses may be included in a given major when and where appropriate and as approved by the student's communication advisor:

COMM 395	Topics in Communication	1-3
COMM 396	Topics in Communication	1-3
COMM 495	Topics in Communication	1-3
COMM 496	Topics in Communication	1-3
COMM 497	Tutorial Work in Special Topics in Communication	1-3

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked BA/BS in Communication and MA in Lifespan and Digital Communication

The linked bachelor's/master's degree in communication/lifespan and digital communication is administered by the Communication and Theatre Arts Department. The purpose of this option is to allow exceptional majors in communication to count up to 12 hours of 500-level graduate coursework towards both the BA or BS in communication and, if accepted, the MA in lifespan and digital communication. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credits for the undergraduate degree and 30 discrete credits for the graduate degree). For more information, please contact Dr. Gary Beck.

Linked BA/BS in Communication and MA in Humanities

Please refer to the Humanities section of this Catalog for information on the linked program leading to a BA or BS in communication and an MA in humanities.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://>

catalog.odu.edu/graduate/business/public-service/). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Science Communication with a Major in Strategic Communication and Journalism (BS)

Starting with freshman admitted students in Fall 2025, the Department of Communication & Theatre Arts is introducing a combined Strategic Communication and Journalism major. The new major will feature two specializations: **Strategic Communication** and **Journalism & Public Information**. While not official designations, these specializations help students tailor their academic experience to align with internships and future career paths.

Students who declared a Strategic Communication major prior to Fall 2025 will complete their degree from the previous catalog but will be permitted to take any classes introduced as part of the Strategic Communication and Journalism major as part of their major requirements. For questions about the Strategic Communication and Journalism program and either specialization, please contact program director Brendan O'Hallam at bohallam@odu.edu.

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

COMM 101R is required to fulfill the Oral Communication requirement.

STAT 130M is required to fulfill the Mathematics requirement (BS only).

COMM 270A/THEA 270A may not be used to satisfy the Human Creativity requirement.

COMM 200S may not be used to satisfy the Human Behavior requirement.

The Information Literacy and Research requirement may be met in the major with COMM 272G.

The Impact of Technology requirement may be met in the major with COMM 280T.

For the Language and Culture requirement, BA students must have competence through the 202 level (competence is not met by completion of the associate degree); BS students must have competence at the 102 level.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Six Hours of Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Communication Core

BS Core Courses		
COMM 200S	Introduction to Human Communication	3
COMM 260	Understanding Media	3
COMM 301	Critical Methodologies	3
COMM 302	Communication Research Methods I	3
COMM writing intensive (W) course (see the major areas for appropriate selection)		3
BS Additional Core Requirements		
Six hours of approved 300/400-level social science courses		6
Total Credit Hours		21

Strategic Communication and Journalism Major

Brendan O'Hallarn, Ph.D., Program Director

General Education		
Complete lower-division requirements		38-44
Complete upper-division requirements		6
Communication Core		
Complete communication core requirements		21
Foundations		
COMM 308W	Effective Media Writing	3
Complete the prescribed Foundations courses from one of the following specialization areas:		6
Strategic Communication:		
COMM 303	Introduction to Strategic Communications	
COMM 478	Media Marketing and Promotion	
Journalism & Public Information:		
COMM 363	Introduction to Journalism	
ENGL 486	Media Law and Ethics	

or COMM 447W Electronic Media Law and Policy		
Complete a Senior Experience course:		3
COMM 368	Internship	
or COMM 433 Capstone		
or COMM 490 ROAR Communications Agency		
Complete two courses from one of the following specialization areas:		6
Strategic Communication (select two):		
COMM 309	Media Relations	
COMM 310	Strategic Communications Campaigns	
COMM 437	Podcasting	
COMM 438	The Advertising Industry	
COMM 457	Market Research	
COMM 460	Social Marketing	
COMM 462	Sport Communication	
COMM 484	Strategic Media Design and Production	
MKTG 402	Consumer Behavior	
Journalism & Public Information (select two):		
COMM 309	Media Relations	
COMM 387	TV News Production	
COMM 403	Public Information and Crisis Communications	
COMM 404	Emergency Management Communication	
COMM 435	Arts Journalism	
COMM 436	Multimedia Journalism	
COMM 437	Podcasting	
COMM 462	Sport Communication	
ENGL 385	The Press and Making of American Democracy	
Applied Theories *		
Select three of the following:		9
COMM 311	Strategic Communications Tactics	
COMM 323	Leadership and Events Management	
COMM 333	Persuasion	
COMM 454	Strategic Communications Case Studies	
COMM 455	Critical Analysis of Journalism	
COMM 456	Organizations and Social Influence	
COMM 472	New Media Topics: Theories and Practices	
COMM 491	Communication and Activism	
COMM 494	Entrepreneurship and Public Relations	
COMM 495	Topics in Communication	
ENGL 383	Digital Journalism	
COMM Elective		
Complete COMM Elective		3
Total Credit Hours		95-101

* With advisor approval, students may take discipline-specific classes for the other specialization to satisfy Applied Theories requirements.

Electives

Elective credit may be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

ALL students majoring in programs in Communication, Dance, and Theatre are required to complete a **Senior Experience** as part of their degree. Senior Experiences are designed as stepping stones for students to apply knowledge and skills accrued throughout their coursework toward preparing for future careers. Senior Experience course options will vary by major but include

options for an internship, a study abroad/away experience, a service-learning course, a senior capstone, or more specialized experiences within students' chosen majors. Please see descriptions included under each major for more options. Students become eligible for Senior Experience options once they reach 90 credits or with permission of the Senior Experience Coordinator. Students will be directed by their advisor to opportunities that are suited for their area of study and as other opportunities become available. For more information please reach out to the Senior Experience Coordinator, Alison Lietzenmayer.

Cinema & TV Production students need to complete COMM 271 Introduction to Filmmaking prior to enrollment in any Foundations course, and should not enroll in COMM 269.

Departmental Requirements

Majors must maintain a 2.0 GPA or better in the major in order to graduate.

Additional Communication Major Courses

Students pursuing either the BA or the BS degree are required to take 10 Communication classes beyond the core course requirements listed above (these courses include the Senior Experience requirement listed above). Nine of those 10 courses (27 credit hours) must be in the student's selected major (see major details below). One course (3 credit hours) may be 100-200 level and/or from any major area.

The Senior Experience requirement in the Communication program (which includes the Cinema & TV Production major, Communication Studies major, Media Studies major, Professional Communication major, and Strategic Communication and Journalism major) can be achieved by completing opportunities such as the following:

Internship

COMM 368	Internship	3,6

Study Abroad

COMM 300	International Sojourning	3
COMM 440	Documentary Filmmaking Study Abroad	3

Other study abroad/study away offerings offered within the Department

Service Learning

Approved Service Learning Courses (varies by semester)

Capstone

COMM 433	Capstone	3

Research Practicum

COMM 369	Research Practicum	3
or COMM 469	Communication Education Practicum	

ROAR

COMM 490	ROAR Communications Agency (available only for Strategic Communication and Journalism majors)	3

COMM Cinema & TV Production Majors may also choose from:

COMM 439	WHRO Production	
COMM 482	Screenwriting II	
COMM 483	Advanced Cinema Projects	
COMM 486	Advanced Filmmaking	
COMM 493	Feature Film Production	

Communication Electives

Select one COMM elective (3 credit hours), which may be any COMM class that is not in the student's major in addition to the following.

COMM 103R	Voice and Diction	3
COMM 112R	Introduction to Interpersonal Communication	3
COMM 195	Topics in Communication	1-3
COMM 225	Introduction to Production Technology	3
COMM 269	Visual Storytelling	3
COMM 270A	Film Appreciation	3

COMM 271	Introduction to Filmmaking	3
COMM 272G	Digital Literacy	3
COMM 280T	Entertainment Technologies	3
COMM 295	Topics in Communication	1-3
COMM 304	Advanced Public Speaking	3
COMM 307	Understanding European Film	3
COMM 321	Production Management for Television and Stage	3
COMM 325	Sound Design for Stage and Camera	3
COMM 341	Lighting Design for Stage and Film	3
COMM 349	Costume Design for Stage and Camera	3
COMM 354	Drafting and Rendering for Stage and Screen	3
COMM 356	3D Animation 1	3
COMM 357	3D Animation 2	3
COMM 359	Costume Crafts	3
COMM 367	Cooperative Education	1-3
COMM 369	Research Practicum	3
COMM 382	Reporting News for Television and Digital Media	3
COMM 453	Voice Over	3
COMM 469	Communication Education Practicum	3

Writing Intensive Requirement

Communication majors must complete at least one writing intensive course in the major from the following courses:

COMM 308W	Effective Media Writing	3
COMM 315W	Sex, Gender, and Communication	3
COMM 335W	Rhetorical Criticism	3
COMM 400W	Intercultural Communication	3
COMM 412W	Interpersonal Communication Theory and Research	3
COMM 447W	Electronic Media Law and Policy	3
COMM 471W	International Film History	3
COMM 479W	American Film History	3

Internships and Practicum courses

Students may apply three credit hours of COMM 368 Internship toward their major credit hours. Three additional credit hours may count as elective credits toward the overall total credit hour count for the degree. In addition, students may apply only six credits total from the following classes toward the major:

COMM 368	Internship	3-6
COMM 369	Research Practicum	3
COMM 469	Communication Education Practicum	3

Special Topics in Communication Courses and Communication Tutorials

Special Topics in Communication courses and Communication Tutorials courses may be included in a given major when and where appropriate and as approved by the student's communication advisor:

COMM 395	Topics in Communication	1-3
COMM 396	Topics in Communication	1-3
COMM 495	Topics in Communication	1-3
COMM 496	Topics in Communication	1-3
COMM 497	Tutorial Work in Special Topics in Communication	1-3

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly

encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Course	Title	Credit Hours
Freshman

Linked BA/BS in Communication and MA in Lifespan and Digital Communication

The linked bachelor's/master's degree in communication/lifespan and digital communication is administered by the Communication and Theatre Arts Department. The purpose of this option is to allow exceptional majors in communication to count up to 12 hours of 500-level graduate coursework towards both the BA or BS in communication and, if accepted, the MA in lifespan and digital communication. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credits for the undergraduate degree and 30 discrete credits for the graduate degree). For more information, please contact Dr. Gary Beck.

Linked BA/BS in Communication and MA in Humanities

Please refer to the Humanities section of this Catalog for information on the linked program leading to a BA or BS in communication and an MA in humanities.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/>)

graduate/stromecollegeofbusiness/) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor Communication Minor Requirements

COMM 101R or COMM 103R or COMM 112R and COMM 200S are prerequisite courses for the minor and are not included in the calculation of the GPA for the minor. The requirements for a minor in communication are twelve hours of communication courses at the 300- and 400-level excluding the following courses: COMM 367, COMM 375, and COMM 368.

For completion of a minor, a student must have an overall grade point average of C (2.00) or better in all 300- and 400-level courses specified as a requirement for the minor. Students must complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Students pursuing a major in Cinema and TV Production, Communication Studies, Media Studies, Professional Communication, or Strategic Communication and Journalism may not minor in Communication.

Minor Film Studies Minor Requirements

A minor in film studies consists of 15 hours of course work. COMM 270A is a prerequisite for the minor and is not included in the calculation of the grade point average for the minor. Requirements for the minor are as follows.

COMM 388	Motion Picture Aesthetics	3
Select four courses from the list below:		12
COMM 307	Understanding European Film	
COMM 330	The Short Script	
COMM 334	Narrative Adaptation	
COMM 346	Screenwriting I	
COMM 361	Editing Aesthetics	
COMM 380	Documentary Production I	
COMM 430	TV Screenwriting	

COMM 440	Documentary Filmmaking Study Abroad
COMM 471W	International Film History
COMM 479W	American Film History
COMM 482	Screenwriting II
COMM 485	Film and Television Genres
A maximum of two of the following courses may be selected:	
FR 469	A History of French Cinema
SPAN 469	Hispanic Film
GER 445	German Cinema I
Total Credit Hours	
15	

For completion of the minor, a student must have an overall grade point average of C (2.00) or better in all 300- and 400-level courses specified as a requirement for the minor exclusive of prerequisite courses. Students must complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Students pursuing a major in Cinema and TV Production, Communication Studies, Media Studies, Professional Communication, or Strategic Communication and Journalism may not minor in Film Studies.

Minor Media Studies Minor Requirements

The minor in Media Studies consists of 15 hours of course work taken from designated courses in the Department of Communication & Theatre Arts.

The minor requires COMM 260 and least 12 additional credits of designated course work at the 300-400 level. COMM 260 is a prerequisite for several of the course options and is not included in the calculation of the GPA for the minor. See below for course options:

Select from the following:		12
COMM 339	Entertainment Journalism	
COMM 340	Media and Popular Culture	
COMM 344	Introduction to Media Industries	
COMM 345	Media Audiences	
COMM 346	Screenwriting I	
COMM 372T	Introduction to New Media Technologies	
COMM 382	Reporting News for Television and Digital Media	
COMM 395	Topics in Communication	
COMM 441	The Music Industry and Communication	
COMM 442	Media Spaces	
COMM 447W	Electronic Media Law and Policy	
COMM 448	Global Media Industries	
COMM 455	Critical Analysis of Journalism	
COMM 471W	International Film History	
COMM 472	New Media Topics: Theories and Practices	
COMM 473	Television and Society	
COMM 474	Reality Television	
COMM 478	Media Marketing and Promotion	
COMM 485	Film and Television Genres	
COMM 488	Introduction to Critical Race and Media Studies	
COMM 491	Communication and Activism	
COMM 495	Topics in Communication	
Total Credit Hours		12

For completion of a minor, a student must have an overall grade point average of C (2.00) or better in all 300- and 400-level courses specified as a requirement for the minor. Students must complete a minimum of six hours

in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Students pursuing a major in Cinema and TV Production, Communication Studies, Media Studies, Professional Communication, or Strategic Communication and Journalism may not minor in Media Studies.

Bachelor of Arts

Theatre & Dance with a Major in Cinema Production (BA)

Carolina Conte, Chief Departmental Advisor for Cinema Production

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Oral Communication requirement is met in the major.

Language and Culture: Proficiency through 202 level; proficiency not met by completion of an associate degree.

Human Creativity: Design/technology majors, performance majors, theatre majors, and PreK-12 theatre education majors may not use THEA 241A; cinema production majors may not use COMM 270A/THEA 270A; dance and PreK-12 dance education majors may not use DANC 185A.

The Nature of Science: PreK-12 dance education majors must take BIOL 117N/BIOL 118N.

The Impact of Technology requirement is satisfied by TLED 430W for PreK-12 dance education and PreK-12 theatre education majors.

COMM 200S preferred for Human Behavior requirement.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure

- Option D. Six hours of elective upper-level course work from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major.

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Theatre and Dance Core

All students pursuing a BA degree in Theatre and Dance must complete the core requirements listed below.

THEA/DANC 152R	Acting One	3
THEA/DANC/COMM 271	Introduction to Filmmaking	3
THEA/DANC 390	Improvisation	3
THEA/DANC 373	Production/Performance Lab	1
THEA/DANC 374	Production/Performance Lab	1
THEA/DANC 473	Production/Performance Lab	1
THEA/DANC 474	Production/Performance Lab	1
Total Credit Hours		13

Cinema Production Major

David Mallin, Program Director

Carolina Conte, Chief Departmental Advisor for Cinema Production

Majors must have an overall grade point average of C or better in the major.

The Senior Experience can be fulfilled by studying abroad or by participation in one of the film program's departmental productions (THEA 486 or THEA 493).

If a film studies minor is elected, students may not use the same film courses to fulfill requirements for the major and minor.

General Education

Complete lower-division requirements	38-44
Complete upper-division requirements (minimum of 6 credit hours)	6
Complete foreign language coursework through the 202 level	0-6

Theatre and Dance Core

Complete theatre and dance core requirements	13

Cinema Production

THEA 225	Introduction to Production Technology	3
THEA 270A	Film Appreciation	3
THEA 330	The Short Script	3
THEA 346	Screenwriting I	3
THEA 383	Directing the Actor	3
THEA 385	Cinematography	3
THEA 386	Post-Production 2	3
THEA 388	Motion Picture Aesthetics	3
THEA 446 or THEA 483	Directing for the Camera Advanced Cinema Projects	3

THEA 471W or THEA 479W	International Film History American Film History	3
THEA 486	Advanced Filmmaking (meets Senior Experience requirement)	3
THEA/DANC Electives		6
Total Credit Hours		96-108

Elective Credit

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

Departmental Requirements for Bachelor of Arts in Theatre and Dance

ODU offers a Bachelor of Arts (B.A.) in Theatre and Dance with seven majors: Cinema Production, Dance, Dance Education, Design/Technology, Performance, Theatre, and Theatre Education. All students pursuing the BA in Theatre and Dance must fulfill the core requirements and the requirements of a particular major.

ALL students majoring in programs in Cinema Production, Dance, and Theatre are required to complete a **Senior Experience** as part of their degree. Senior Experiences are designed as stepping stones for students to apply knowledge and skills accrued throughout their coursework toward preparing for future careers. Senior Experience course options will vary by major but include options for an internship, a study abroad/away experience, a service-learning course, a senior capstone, or more specialized experiences within students' chosen majors. Please see descriptions included under each major for more options. Students become eligible for Senior Experience options once they reach 90 credits or with permission of the Senior Experience Coordinator. Students will be directed by their advisor to opportunities that are suited for the area of study and as other opportunities become available. For more information please reach out to the Senior Experience Coordinator, Alison Lietzenmayer.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts Theatre & Dance with a Major in Dance (BA)

James Morrow, Chief Departmental Advisor for Dance and PreK-12 Dance Education
Megan Thompson, Program Director

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3

Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Oral Communication requirement is met in the major.

Language and Culture: Proficiency through 202 level; proficiency not met by completion of an associate degree.

Human Creativity: Design/technology majors, performance majors, theatre majors, and PreK-12 theatre education majors may not use THEA 241A; cinema production majors may not use COMM 270A/THEA 270A; dance and PreK-12 dance education majors may not use DANC 185A.

The Nature of Science: PreK-12 dance education majors must take BIOL 117N/BIOL 118N.

The Impact of Technology requirement is satisfied by TLED 430W for PreK-12 dance education and PreK-12 theatre education majors.

COMM 200S preferred for Human Behavior requirement.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Six hours of elective upper-level course work from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major.

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.

- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Theatre and Dance Core

All students pursuing a BA degree in Theatre and Dance must complete the core requirements listed below.

THEA/DANC 152R	Acting One	3
THEA/DANC/COMM 271	Introduction to Filmmaking	3
THEA/DANC 390	Improvisation	3
THEA/DANC 373	Production/Performance Lab	1
THEA/DANC 374	Production/Performance Lab	1
THEA/DANC 473	Production/Performance Lab	1
THEA/DANC 474	Production/Performance Lab	1
Total Credit Hours		13

Dance Major

Megan Thompson, Program Director
James Morrow, Chief Departmental Advisor for Dance

Majors must maintain an overall grade point average of C or better in the major.

General Education		
Complete lower-division requirements		38-44
Complete upper-division requirements (minimum of 6 credit hours)		6
Complete foreign language coursework through the 202 level		0-6
Theatre and Dance Core		
Complete theatre and dance core requirements		13
Dance		
DANC 301	Ballet in Context	1
DANC 311	Modern Dance in Context	1
DANC 320	Jazz in Context	1
DANC 370	Dance Composition 1	2
DANC 389W	Dancing Power: Dance as Communication and Transformation	3
DANC 393	Functional Anatomy for Movement Practices	3
DANC 489	Principles of Teaching Dance (Meets Senior Experience Requirement)	2
Select 6 credits from the following:		6
DANC 201	Ballet Technique 1	
DANC 302	Ballet Technique 2	
DANC 303	Ballet Technique 3	
DANC 404	Ballet Technique 4	
DANC 405	Ballet Technique 5	
Select 8 credits from the following:		8
DANC 211	Modern Dance Technique 1	
DANC 312	Modern Dance Technique 2	
DANC 313	Modern Dance Technique 3	
DANC 414	Modern Dance Technique 4	
DANC 415	Modern Dance Technique 5	
Select 2 credits from the following:		2
DANC 341	Pilates Equipment Lab 1	
DANC 342	Pilates Equipment Lab 2	
Select 4 credits from the following:		4
DANC 361	Hip Hop Dance & Culture 1	
DANC 362	Hip Hop Dance & Culture 2	
DANC 463	Hip Hop Dance and Culture 3	
DANC 464	Hip Hop Dance and Culture 4	

Select 2 credits from the following:		2
DANC 321	Jazz Dance 1	
DANC 322	Jazz Dance 2	
DANC 423	Jazz Dance 3	
DANC 424	Jazz Dance 4	
DANC electives at the 200 level or above		4
Total Credit Hours		96-108

As a requirement to graduate, dance majors must achieve 400-level proficiency in ballet technique, hip hop technique or modern technique. (Specifically, dance majors must achieve a C or better in DANC 404 or higher or DANC 414 or higher or DANC 463 or higher.) The continued maintenance of technical proficiency is required.

A minimum cumulative grade point average of 2.0 or better in the major is required.

Elective Credit

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

Departmental Requirements for Bachelor of Arts in Theatre and Dance

ODU offers a Bachelor of Arts (B.A.) in Theatre and Dance with seven majors: Cinema Production, Dance, Dance Education, Design/Technology, Performance, Theatre, and Theatre Education. All students pursuing the BA in Theatre and Dance must fulfill the core requirements and the requirements of a particular major.

ALL students majoring in programs in Cinema Production, Dance, and Theatre are required to complete a **Senior Experience** as part of their degree. Senior Experiences are designed as stepping stones for students to apply knowledge and skills accrued throughout their coursework toward preparing for future careers. Senior Experience course options will vary by major but include options for an internship, a study abroad/away experience, a service-learning course, a senior capstone, or more specialized experiences within students' chosen majors. Please see descriptions included under each major for more options. Students become eligible for Senior Experience options once they reach 90 credits or with permission of the Senior Experience Coordinator. Students will be directed by their advisor to opportunities that are suited for the area of study and as other opportunities become available. For more information please reach out to the Senior Experience Coordinator, Alison Lietzenmayer.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

THEA/DANC 473	Production/Performance Lab	1
THEA/DANC 474	Production/Performance Lab	1
Total Credit Hours		13

Design/Technology Major

Chris Hanna, Program Director
Jim Lyden, Chief Departmental Advisor for Design/Technology

Admission

The design/technology major is intended for students who wish to pursue theatre design/technology as a career. Students will be admitted to the design/technology major through a portfolio review and interview process administered by the faculty in the spring. No student is guaranteed admittance or continuance in the design/technology major. Students may return to the theatre major at any time.

Continuance

Students must pass a screening portfolio review and interview administered by the faculty every spring. Additionally students must maintain a C average and abide by the theatre student handbook regulations for the design/technology major.

Requirements

Majors must have an overall grade point average of C or better in the major

General Education

Complete lower-division requirements	38-44
Complete upper-division requirements (minimum of 6 credit hours)	6
Complete foreign language coursework through the 202 level	0-6

Theatre and Dance Core

Complete theatre and dance core requirements		13
Design/Technology		
THEA 225	Introduction to Production Technology	3
THEA 230	Drama for Production *	3
THEA 243H	Theatre Histories	3
THEA 244	Introduction to Production Design	3

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking

to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts Theatre & Dance with a Major in Performance (BA)

Jim Lyden, Chief Departmental Advisor for Design/Technology, Performance, Theatre, and PreK-12 Theatre Education

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Oral Communication requirement is met in the major.

Language and Culture: Proficiency through 202 level; proficiency not met by completion of an associate degree.

Human Creativity: Design/technology majors, performance majors, theatre majors, and PreK-12 theatre education majors may not use THEA 241A; cinema production majors may not use COMM 270A/THEA 270A; dance and PreK-12 dance education majors may not use DANC 185A.

The Nature of Science: PreK-12 dance education majors must take BIOL 117N/BIOL 118N.

The Impact of Technology requirement is satisfied by TLED 430W for PreK-12 dance education and PreK-12 theatre education majors.

COMM 200S preferred for Human Behavior requirement.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Six hours of elective upper-level course work from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major.

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Theatre and Dance Core

All students pursuing a BA degree in Theatre and Dance must complete the core requirements listed below.

THEA/DANC 152R	Acting One	3
THEA/DANC/ COMM 271	Introduction to Filmmaking	3
THEA/DANC 390	Improvisation	3
THEA/DANC 373	Production/Performance Lab	1
THEA/DANC 374	Production/Performance Lab	1
THEA/DANC 473	Production/Performance Lab	1
THEA/DANC 474	Production/Performance Lab	1
Total Credit Hours		13

Performance Major

Chris Hanna, Program Director

Jim Lyden, Chief Departmental Advisor for Performance

Admission

The performance major is intended for students who wish to pursue performance as a career. Students will be admitted to the performance major through an audition and interview process administered by the faculty each spring. No student is guaranteed admittance or continuance in the performance major. Students may return to the theatre major at any time.

Continuance

Students must pass a proficiency audition administered by the faculty every spring. Students must abide by the theatre student handbook regulations for the performance major.

Requirements

Majors must have an overall grade point average of C or better in the major

General Education

Complete lower-division requirements		38-44

* Meets oral communication requirement.

As part of the Core Requirements, a minimum of 4 credits of practicum experience to include at least 2 credits of THEA/DANC Production/ Performance Lab as production and 2 credits as performance required.

Elective Credit

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

Departmental Requirements for Bachelor of Arts in Theatre and Dance

ODU offers a Bachelor of Arts (B.A.) in Theatre and Dance with seven majors: Cinema Production, Dance, Dance Education, Design/Technology, Performance, Theatre, and Theatre Education. All students pursuing the BA in Theatre and Dance must fulfill the core requirements and the requirements of a particular major.

ALL students majoring in programs in Cinema Production, Dance, and Theatre are required to complete a **Senior Experience** as part of their degree. Senior Experiences are designed as stepping stones for students to apply knowledge and skills accrued throughout their coursework toward preparing for future careers. Senior Experience course options will vary by major but include options for an internship, a study abroad/away experience, a service-learning course, a senior capstone, or more specialized experiences within students' chosen majors. Please see descriptions included under each major for more options. Students become eligible for Senior Experience options once they reach 90 credits or with permission of the Senior Experience Coordinator. Students will be directed by their advisor to opportunities that are suited for the area of study and as other opportunities become available. For more information please reach out to the Senior Experience Coordinator, Alison Lietzenmayer.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program

must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts Theatre & Dance with a Major in PreK-12 Dance Education (BA)

James Morrow, Chief Departmental Advisor for Dance and PreK-12 Dance Education

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Oral Communication requirement is met in the major.

Language and Culture: Proficiency through 202 level; proficiency not met by completion of an associate degree.

Human Creativity: Design/technology majors, performance majors, theatre majors, and PreK-12 theatre education majors may not use THEA 241A; cinema production majors may not use COMM 270A/THEA 270A; dance and PreK-12 dance education majors may not use DANC 185A.

The Nature of Science: PreK-12 dance education majors must take BIOL 117N/BIOL 118N.

The Impact of Technology requirement is satisfied by TLED 430W for PreK-12 dance education and PreK-12 theatre education majors.

COMM 200S preferred for Human Behavior requirement.

Upper-Division General Education

Satisfied in the major through the professional education core.

Requirements for Graduation

Requirements for graduation include completion of ENGL 110C, ENGL 211C or ENGL 231C , and the writing intensive (W) course in the major with a grade of C or better; completion of the Senior Assessment; a minimum cumulative 2.75 GPA in the major area and in the professional education core with no grade less than a C in the major/content and with no grade less than a C- in the professional education core; successful completion of the Teacher Candidate Internship, and a minimum of 120 credit hours, which must include both 30 credits overall and a minimum of 12 credit hours of upper-level courses in the major program from Old Dominion University.

Licensure requirements also include certificate of completion in First Aid/AED/CPR, Dyslexia Awareness Training, Child Abuse and Neglect Recognition and Intervention Training, and Regulations Governing the Use of Restraint and Seclusion in Elementary and Secondary Schools, and Cultural Competence Training.

Due to changing University requirements, national accreditation standards, and the Virginia Board of Education licensure regulations, the teacher education programs in the College of Arts and Letters are under constant revision. Any changes resulting from these factors supersede the program requirements described in this Catalog. Students are encouraged to obtain current program information from their advisors and from the Office of Clinical Experiences website at www.odu.edu/oce (<http://www.odu.edu/oce/>).

Theatre and Dance Core

As a requirement to graduate, dance majors must achieve 400-level proficiency in ballet technique, hip hop technique or modern technique. (Specifically, dance majors must achieve a C or better in DANC 404 or higher or DANC 414 or higher or DANC 463 or higher.) The continued maintenance of technical proficiency is required.

Additional Requirements and Information

Departmental Requirements for Bachelor of Arts in Theatre and Dance

ODU offers a Bachelor of Arts (B.A.) in Theatre and Dance with seven majors: Cinema Production, Dance, Dance Education, Design/Technology, Performance, Theatre, and Theatre Education. All students pursuing the BA in Theatre and Dance must fulfill the core requirements and the requirements of a particular major.

ALL students majoring in programs in Cinema Production, Dance, and Theatre are required to complete a **Senior Experience** as part of their degree. Senior Experiences are designed as stepping stones for students to apply knowledge and skills accrued throughout their coursework toward preparing for future careers. Senior Experience course options will vary by major but include options for an internship, a study abroad/away experience, a service-learning course, a senior capstone, or more specialized experiences within students' chosen majors. Please see descriptions included under each major for more options. Students become eligible for Senior Experience options once they reach 90 credits or with permission of the Senior Experience Coordinator. Students will be directed by their advisor to

opportunities that are suited for the area of study and as other opportunities become available. For more information please reach out to the Senior Experience Coordinator, Alison Lietzenmayer.

Admission

All students must apply for and be admitted into the approved dance education program. Students must meet the required criteria for admission by earning the minimum required grade point averages (GPA).

Prescribed Virginia Board of Education Assessment for Admission to an Approved Teacher Education Program

Old Dominion University students seeking admission to an approved teacher education program must satisfy the Virginia Board of Education required assessment for admission into an approved teacher education program.

For the most current information on the prescribed Virginia Board of Education admission assessment, visit the Virginia Department of Education at <https://www.doe.virginia.gov/>.

Required grade point averages (GPA)

- A cumulative GPA of 2.75 is required.
- A major/content GPA of 2.75 is required – all Dance courses must be passed with a grade of C or higher.
- A professional education GPA of 2.75 is required – all professional education courses must be passed with a grade of C- or higher.

Although students may enroll in a limited number of education courses, students must be admitted into the approved PreK-12 dance education program prior to enrolling in any instructional strategies practicum education course. Students must also meet with an education advisor in the Office of Clinical Experiences.

Continuance

Students must maintain a cumulative GPA of 2.75, a major/content GPA of 2.75 and a professional education GPA of 2.75. Dance courses must be passed with a grade of C or higher. The professional education core must be completed with a grade of C- or higher for continuance. A professional education GPA of 2.75 is required for continuance. There is not currently a Praxis Subject Assessment (formerly Praxis II) for Dance content knowledge. If a Dance Praxis Subject Assessment is established prior to the student applying for the teaching license, it will be required. All assessments must be passed prior to the start of the Teacher Candidate Internship Orientation session.

Background Clearance Requirement

Old Dominion University requires a background clearance check of candidates interested in many of the professional education programs. Professional education programs have several field experiences that are required for continuance and graduation from the program. The background clearance must be successfully completed prior to a field experience placement. Candidates will be provided a field experience placement when the background check process is completed with resolution of any issues. The process to complete the ODU clearance background check is located at: <http://www.odu.edu/success/academic/teacher-education/placement/background-checks> (<http://www.odu.edu/success/academic/teacher-education/placement/background-checks/>). The ODU clearance process includes: an FBI fingerprint, a child protective service/social service review, and a Virginia State Police sex offender registry review. Candidates interested in the professional education programs are advised to complete this clearance process immediately upon entry into the program since the clearance process takes a minimum of eight weeks to complete.

Virginia Board of Education Prescribed Assessments for Licensure

To review more information on the Virginia Board of Education prescribed assessments, visit the Office of Clinical Experiences website, www.odu.edu/oce (<http://www.odu.edu/oce/>).

PreK-12 Dance Education Post-Baccalaureate Endorsement Program

Candidates who have already earned an undergraduate degree in dance may seek a post-baccalaureate endorsement. Information on applying for this endorsement can be obtained from the Darden College of Education and Professional Studies or the PreK-12 dance education program advisor. Students must have completed or must complete equivalencies for all course work required for the dance major, as well as complete all professional education core classes required for undergraduate PreK-12 dance education majors. The dance advisor will determine which transferable courses will meet the cognate program requirements and which dance and professional courses must be completed for the endorsement. All content area courses must be completed with a grade of C or better, and all professional education courses must be completed with a grade of C- or better. A minimum cumulative grade point average of 2.75 overall, in the major and in the professional education core is required for continuance and endorsement. Although students may enroll in a limited number of education courses, passing the Virginia Board of Education prescribed assessment for admission must be completed and on file with the Office of Clinical Experiences prior to enrollment in any education practicum course or courses in developing instructional strategies. It is recommended that students take the Virginia Board of Education prescribed assessment for admission prior to, or during, enrollment in TLED 301.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts Theatre & Dance with a Major in PreK-12 Theatre Education (BA)

Jim Lyden, Chief Departmental Advisor for Design/Technology, Performance, Theatre, and PreK-12 Theatre Education

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3

Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Oral Communication requirement is met in the major.

Language and Culture: Proficiency through 202 level; proficiency not met by completion of an associate degree.

Human Creativity: Design/technology majors, performance majors, theatre majors, and PreK-12 theatre education majors may not use THEA 241A; cinema production majors may not use COMM 270A/THEA 270A; dance and PreK-12 dance education majors may not use DANC 185A.

The Nature of Science: PreK-12 dance education majors must take BIOL 117N/BIOL 118N.

The Impact of Technology requirement is satisfied by TLED 430W for PreK-12 dance education and PreK-12 theatre education majors.

COMM 200S preferred for Human Behavior requirement.

Upper-Division General Education

Satisfied in the major through the professional education core.

Requirements for Graduation

Requirements for graduation include completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better; completion of the Senior Assessment; a minimum cumulative 2.75 GPA in the major area and in the professional education core with no grade less than a C in the major/content and with no grade less than a C- in the professional education core; successful completion of the Teacher Candidate Internship, and a minimum of 120 credit hours, which must include both a minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.

Licensure requirements also include certificate of completion in First Aid/AED/CPR, Dyslexia Awareness Training, Child Abuse and Neglect Recognition and Intervention Training, and Regulations Governing the Use of Restraint and Seclusion in Elementary and Secondary Schools, and Cultural Competence Training.

Due to changing University requirements, national accreditation standards, and the Virginia Board of Education licensure regulations, the teacher education programs in the College of Arts and Letters are under constant revision. Any changes resulting from these factors supersede the program requirements described in this Catalog. Students are encouraged to obtain current program information from their advisors and from the Office of Clinical Experiences website at www.odu.edu/oce (<http://www.odu.edu/oce/>).

Theatre and Dance Core

All students pursuing a BA degree in Theatre and Dance must complete the core requirements listed below.

THEA/DANC 152R	Acting One	3
THEA/DANC/COMM 271	Introduction to Filmmaking	3
THEA/DANC 390	Improvisation	3
THEA/DANC 373	Production/Performance Lab	1
THEA/DANC 374	Production/Performance Lab	1
THEA/DANC 473	Production/Performance Lab	1
THEA/DANC 474	Production/Performance Lab	1
Total Credit Hours		13

Professional Education Core

TLED 301	Foundations and Introduction to Assessment of Education	3
TLED 360	Classroom Management and Discipline	2
TLED 408	Reading and Writing in Content Areas	3
TLED 430W	PK-12 Instructional Technology *	3
TLED 485	Teacher Candidate Internship **	12
SPED 313	Fundamentals of Human Growth and Development: Birth through Adolescence	3
SPED 406	Students with Diverse Learning Needs in the General Education Classroom	3
Total Credit Hours		29

* Meets impact of technology requirement.

** Student teaching.

PreK-12 Theatre Education Major

Chris Hanna, Program Director

Jim Lyden, Chief Departmental Advisor for Theatre Education

General Education

Complete lower-division requirements 35-41

Complete upper-division requirements (satisfied in the major through the professional education core)

Complete foreign language coursework through the 202 level 0-6

Theatre and Dance Core

Complete theatre and dance core requirements 13

Professional Education Core

Complete professional education core 29

Theatre Education

THEA 225	Introduction to Production Technology	3
THEA 230	Drama for Production *	3
THEA 243H	Theatre Histories	3
THEA 244	Introduction to Production Design	3
THEA 442	Principles of Directing (Satisfies Senior Experience Requirement)	3
THEA 449W	Script and Performance Analysis	3
THEA 489	Methods of Teaching Theatre	3
THEA 490	Theatre Education Practicum	1
THEA/DANC Electives		5
Total Credit Hours		104-116

* Meets oral communication requirement.

As part of the Core Requirements, a minimum of 4 credits of practicum experience to include at least 2 credits of THEA/DANC Production/

Performance Lab as production (remaining credits can be production or performance) required.

Additional Requirements and Information

Departmental Requirements for Bachelor of Arts in Theatre and Dance

ODU offers a Bachelor of Arts (B.A.) in Theatre and Dance with seven majors: Cinema Production, Dance, Dance Education, Design/Technology, Performance, Theatre, and Theatre Education. All students pursuing the BA in Theatre and Dance must fulfill the core requirements and the requirements of a particular major.

ALL students majoring in programs in Cinema Production, Dance, and Theatre are required to complete a **Senior Experience** as part of their degree. Senior Experiences are designed as stepping stones for students to apply knowledge and skills accrued throughout their coursework toward preparing for future careers. Senior Experience course options will vary by major but include options for an internship, a study abroad/away experience, a service-learning course, a senior capstone, or more specialized experiences within students' chosen majors. Please see descriptions included under each major for more options. Students become eligible for Senior Experience options once they reach 90 credits or with permission of the Senior Experience Coordinator. Students will be directed by their advisor to opportunities that are suited for the area of study and as other opportunities become available. For more information please reach out to the Senior Experience Coordinator, Alison Lietzenmayer.

Admission

All students must apply for and be admitted into the approved teacher education program. Students must meet the required criteria for admission by earning the minimum required grade point averages (GPA).

Prescribed Virginia Board of Education Assessment for Admission to an Approved Teacher Education Program

Old Dominion University students seeking admission to an approved teacher education program must satisfy the Virginia Board of Education required assessment for admission into an approved teacher education program.

For the most current information on the prescribed Virginia Board of Education admission assessment, visit the Virginia Department of Education at <https://www.doe.virginia.gov/>.

Required grade point averages (GPA)

- A cumulative GPA of 2.75 is required.
- A major/content GPA of 2.75 is required – all Theatre courses must be passed with a grade of C or higher.
- A professional education GPA of 2.75 is required – all professional education courses must be passed with a grade of C- or higher.

Although students may enroll in a limited number of education courses, students must be admitted into the approved theatre education program prior to enrolling in any instructional strategies practicum education course. Students must also meet with an education advisor in the Office of Clinical Experiences.

Continuance

Students must maintain a cumulative GPA of 2.75, a major/content GPA of 2.75 and a professional education GPA of 2.75. Theatre courses must be passed with a grade of C or higher. The professional education core must be completed with a grade of C- or higher for continuance. A professional education GPA of 2.75 is required for continuance. There is not currently a Praxis Subject Assessment (formerly Praxis II) Theatre content knowledge. If a Theatre Praxis Subject Assessment is established prior to the student applying for the teaching license, it will be required. All assessments must be passed prior to the start of the Teacher Candidate Internship Orientation session.

Background Clearance Requirement

Old Dominion University requires a background clearance check of candidates interested in many of the professional education programs.

Professional education programs have several field experiences that are required for continuance and graduation from the program. The background clearance must be successfully completed prior to a field experience placement. Candidates will be provided a field experience placement when the background check process is completed with resolution of any issues. The process to complete the ODU clearance background check is located at: <http://www.odu.edu/success/academic/teacher-education/placement/background-checks> (<http://www.odu.edu/success/academic/teacher-education/placement/background-checks/>). The ODU clearance process includes: an FBI fingerprint, a child protective service/social service review, and a Virginia State Police sex offender registry review. Candidates interested in the professional education programs are advised to complete this clearance process immediately upon entry into the program since the clearance process takes a minimum of eight weeks to complete.

Virginia Board of Education Prescribed Assessments for Licensure

To review more information on the Virginia Board of Education prescribed assessments, visit the Office of Clinical Experiences website, www.odu.edu/oce (<http://www.odu.edu/oce/>).

Theatre Education Post-Baccalaureate Endorsement Program

Candidates who have already earned an undergraduate degree in theatre may seek licensure only. Information on applying for licensure can be obtained from the Darden College of Education and Professional Studies or the theatre education program advisor. Students must have completed or must complete equivalencies for all course work required for the theatre major, as well as complete all Professional Education core classes required for undergraduate theatre education majors. The theatre advisor will determine which transferable courses will meet the cognate program requirements and which theatre and professional courses must be completed for licensure. All content area courses must be completed with a grade of C or better, and all professional education courses must be completed with a grade of C- or better. A minimum cumulative grade point average of 2.75 overall, in the major and in the professional education core is required for continuance and licensure. Although students may enroll in a limited number of education courses, passing scores for the Virginia Board of Education prescribed assessment for admission must be on file with the Office of Clinical Experiences prior to enrollment in any education practicum course or courses in developing instructional strategies. It is recommended that students take the Virginia Board of Education prescribed assessment for admission prior to, or during, enrollment in TLED 301.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Oral Communication requirement is met in the major.

Language and Culture: Proficiency through 202 level; proficiency not met by completion of an associate degree.

Human Creativity: Design/technology majors, performance majors, theatre majors, and PreK-12 theatre education majors may not use THEA 241A; cinema production majors may not use COMM 270A/THEA 270A; dance and PreK-12 dance education majors may not use DANC 185A.

The Nature of Science: PreK-12 dance education majors must take BIOL 117N/BIOL 118N.

The Impact of Technology requirement is satisfied by TLED 430W for PreK-12 dance education and PreK-12 theatre education majors.

COMM 200S preferred for Human Behavior requirement.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Six hours of elective upper-level course work from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major.

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Theatre and Dance Core

All students pursuing a BA degree in Theatre and Dance must complete the core requirements listed below.

THEA/DANC 152R	Acting One	3
THEA/DANC/ COMM 271	Introduction to Filmmaking	3
THEA/DANC 390	Improvisation	3
THEA/DANC 373	Production/Performance Lab	1

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor Dance Minor Requirements

For a minor in dance, the student must complete 15 DANC hours AND the prerequisite course DANC 185A (which must be completed with a grade of C or better before declaring the minor). Courses must include:

1. DANC 185A, which is a prerequisite course for the minor and is not included in the calculation of the GPA for the minor.
2. Minimum of 12 hours at the 300 and 400 levels, with prior agreement by the department.
3. Three additional DANC hours at any level; 100/200-level courses selected will not be included in the calculation of the GPA for the minor.

Students must have an overall grade point average of C (2.00) or better in all courses specified as a requirement for the minor, including the prerequisite course DANC 185A, and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Minor

Theatre Minor

Requirements

For a minor in theatre, the student must complete 15 THEA credit hours AND the prerequisite course THEA 225 (which must be completed with a grade of C or better before declaring the minor). Courses must include:

1. THEA 225 is a prerequisite course for the minor and is not included in the calculation of the GPA for the minor.
2. Minimum of 12 hours at the 300 and 400 levels, with prior agreement by the department.
3. Three additional THEA credit hours at any level; 100/200 level courses selected will not be included in the calculation of the GPA for the minor.
4. At least one credit hour must be obtained by completing a Production/Performance Lab.

Students must have an overall grade point average of C (2.00) or better in all courses specified as a requirement for the minor, including the prerequisite course THEA 225, and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

English

Web Site: <http://odu.edu/englishdept> (<http://odu.edu/englishdept/>)

Veronica Watson, Chair

Kristi Costello, Associate Chair of Writing Studies (General Education)
kcstell@odu.edu

Daniel Richards, Associate Chair (Curriculum & Assessment)
dprichar@odu.edu

Anders (AJ) Nolan, Assistant Chair (Scheduling)
anolan@odu.edu (mfowlera@odu.edu)

Michelle Fowler-Amato, Director of English Teacher Education
mfowlera@odu.edu

Heather Weddington, Chief Departmental Advisor
hwedding@odu.edu (<http://catalog.odu.edu/mialto:hwedding@odu.edu>)

The Bachelor of Arts in English requires a minimum of 39 hours in English, in addition to English courses taken to satisfy General Education requirements: ENGL 110C, ENGL 211C or ENGL 231C, and ENGL 112L or ENGL 114L.

Upon completion of ENGL 110C, intended majors should apply to the Chief Departmental Advisor for English in order to declare the major. Once admitted to the program, students take five courses in the core, two literature electives, and six courses in the major. The department offers five majors (applied linguistics, creative writing, literature, technical writing, and secondary English education) within the overall Bachelor of Arts program and allows the student to pursue that area in depth. Because requirements sometimes change, students should consult the latest course requirement lists available in the department office. All majors must take an English writing-intensive (W) course and maintain a grade point average of 2.0 in the major to graduate (2.75 in the secondary English education major).

The department offers graduate degrees in applied linguistics, creative writing, and several other areas within English (including technical writing and literature). Please refer to the Graduate Catalog for more information.

- Teaching English as a Second Language (TESL) Certificate (p. 202)

Minor Program

- English Minor (p. 201)

Bachelor of Science Degree in Interdisciplinary Studies - Professional Writing Major

Please refer to the Interdisciplinary Studies section of this Catalog for information on the IDS professional writing program.

Linked Bachelor of Arts in English/Master of Arts in Applied Linguistics

The linked BA in English with a major in Applied Linguistics and MA in Applied Linguistics makes it possible for exceptional students to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 for the undergraduate degree and 30 for the graduate degree).

Admission Requirements

To be admitted to the program, students must have completed at least 60 undergraduate hours, including at least nine hours in English applied linguistics courses at the 300 level or above. At the time of admission, they must have an overall GPA of 3.00 or better, and a GPA of 3.30 or better in all English applied linguistics courses.

Admission Procedures

Interested students who meet the admission requirements should apply to the graduate program director as soon as possible after completing the required 60 undergraduate hours. In consultation with the graduate program director, students will:

1. Officially declare themselves an undergraduate Applied Linguistics major to the English Department's undergraduate chief departmental advisor.
2. Draft a schedule of graduate courses to be taken as an undergraduate, which will be placed in the student's undergraduate and graduate advising files.
3. Apply to the Office of Graduate Admissions for admission to the MA in Applied Linguistics program during their senior year.

Students will be admitted to the linked program for the semester after they make their application. Once students have been awarded their BA degrees and have fulfilled all regular admission requirements for the MA in applied linguistics, they will be officially admitted into the MA program.

Program Requirements

Students in the program will fulfill all normal admission and curricular requirements for both a BA in English with an Applied Linguistics major and an MA in Applied Linguistics, with the following exceptions:

1. Students in the program may count up to 12 hours of graduate courses taken as an undergraduate for which they have earned a grade of B (3.0) or better toward both the BA in English and MA in Applied Linguistics degrees.
2. Students in the program may substitute English linguistics graduate courses for undergraduate courses according to the following schema. All students must complete an undergraduate writing intensive course in the major.

- a. Any 500-level linguistics course that is cross listed with a 400-level course may be substituted for the 400-level course.
- b. Students may substitute 600-level courses for undergraduate courses according to the following list:

ENGL 672	Language Structure Analysis	3
for		
ENGL 350	Aspects of the English Language	3
ENGL 677	Language and Communication Across Cultures	3
for		
ENGL 371W	Language and Culture	3
ENGL 695	Topics	1-3
for		
ENGL 495	Topics in English	1-3

- c. Students in the program may make a written petition for other substitutions to the graduate program director (GPD) for electives in fields such as Asian studies, education, or professional writing. The GPD will consider substitutions in consultation with the chief departmental advisor and the instructor(s) of the courses involved. Students should consult the Graduate Catalog for requirements for the MA in Applied Linguistics.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional

information, please contact the School of Public Service in the Strome College of Business.

The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Language and Culture: BA students must have competence through the 202 level; competence is not met by completion of the associate degree.

Impact of Technology: met in the major with ENGL 307T.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.

- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

English Core

ENGL 307T	Digital Writing	3
ENGL 490	Professionalization in English	3

Theory & Analytics

Total Credit Hours	83-95

Elective Credit

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

Advising

To declare an English major or minor, students must see the English chief departmental advisor (CDA). The CDA will assign each major to a faculty advisor. Students in the Secondary Education Endorsement Program will also have an advisor in the Darden College of Education and Professional Studies. All English majors are required to have a conference with their English advisor before each semester (preferably during preregistration). The CDA will hold periodic group meetings with English majors to keep them fully informed.

Research Practicum

Students who wish to combine research and real-world experience can take ENGL 369 Research Practicum.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

At the time of admission, they must have an overall GPA of 3.00 or better, and a GPA of 3.30 or better in all English applied linguistics courses.

Admission Procedures

Interested students who meet the admission requirements should apply to the graduate program director as soon as possible after completing the required 60 undergraduate hours. In consultation with the graduate program director, students will:

- 1. Officially declare themselves an undergraduate Applied Linguistics major to the English Department's undergraduate chief departmental advisor.
- 2. Draft a schedule of graduate courses to be taken as an undergraduate, which will be placed in the student's undergraduate and graduate advising files.
- 3. Apply to the Office of Graduate Admissions for admission to the MA in Applied Linguistics program during their senior year.

Students will be admitted to the linked program for the semester after they make their application. Once students have been awarded their BA degrees and have fulfilled all regular admission requirements for the MA in applied linguistics, they will be officially admitted into the MA program.

Program Requirements

Students in the program will fulfill all normal admission and curricular requirements for both a BA in English with an Applied Linguistics major and an MA in Applied Linguistics, with the following exceptions:

- 1. Students in the program may count up to 12 hours of graduate courses taken as an undergraduate for which they have earned a grade of B (3.0) or better toward both the BA in English and MA in Applied Linguistics degrees.
- 2. Students in the program may substitute English linguistics graduate courses for undergraduate courses according to the following schema. All students must complete an undergraduate writing intensive course in the major.
 - a. Any 500-level linguistics course that is cross listed with a 400-level course may be substituted for the 400-level course.
 - b. Students may substitute 600-level courses for undergraduate courses according to the following list:

ENGL 672	Language Structure Analysis	3
for		
ENGL 350	Aspects of the English Language	3
ENGL 677	Language and Communication Across Cultures	3
for		
ENGL 371W	Language and Culture	3
ENGL 695	Topics	1-3
for		
ENGL 495	Topics in English	1-3

- c. Students in the program may make a written petition for other substitutions to the graduate program director (GPD) for electives in fields such as Asian studies, education, or professional writing. The GPD will consider substitutions in consultation with the chief departmental advisor and the instructor(s) of the courses involved. Students should consult the Graduate Catalog for requirements for the MA in Applied Linguistics.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits

toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts English with a Major in Literature (BA)

Heather Weddington, Chief Departmental Advisor

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3

The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Language and Culture: BA students must have competence through the 202 level; competence is not met by completion of the associate degree.

Impact of Technology: met in the major with ENGL 307T.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

English Core

ENGL 307T	Digital Writing	3
ENGL 490	Professionalization in English	3

Theory & Analytics

Select two of the following:	6
ENGL 325	Introduction to Rhetorical Studies
ENGL 333	Introduction to Critical Theory
ENGL 370	English Linguistics

Writing *

Select one of the following:	3
ENGL 300W	Introduction to Creative Writing
ENGL 327W	Advanced Composition
ENGL 334W	Technical Writing
ENGL 427W	Writing in the Disciplines

Required Literature and Cultural Studies Electives

Select two of the following:	6
ENGL 301	Introduction to British Literature I
ENGL 302	Introduction to British Literature II
ENGL 303	Shakespeare's Histories and Comedies
ENGL 304	Shakespeare's Tragedies and Poetry
ENGL 336	The Short Story
ENGL 340	American Drama
ENGL 342	Southern Literature

ENGL 345	American Literature to 1860
ENGL 346	American Literature Since 1860
ENGL 360	World Literature I
ENGL 363	World Literature II
ENGL 407	Chaucer's Canterbury Tales
ENGL 416	English Renaissance Drama
ENGL 418W	Jewish Writers
ENGL 419	The Harlem Renaissance
ENGL 421	British Literature 1660-1800
ENGL 423	The Romantic Movement in Britain
ENGL 432	Origins and Early Development of the British Novel to 1800
ENGL 433	Victorian Literature
ENGL 438	The Twentieth-Century British Novel
ENGL 441	American Travel Literature
ENGL 447	The American Novel to 1920
ENGL 448	The American Novel 1920 to Present
ENGL 459W	New Literatures in English
ENGL 461	American Poetry of the Early Twentieth Century

ENGL 464W	Native American Literature
ENGL 465W	African American Literature
ENGL 466W	Asian American Literature
ENGL 492	Modern World Drama
ENGL 493	Contemporary World Literature

Total Credit Hours **21**

* Grade of C or better required

Literature Major

General Education

Complete lower-division requirements	38-44
Complete upper-division requirements (minimum of 6 credits)	6
Complete foreign language coursework through the 202 level	0-6

English Core

Complete English core requirements	21

Literature

Select one not taken to fulfill the literature elective for the major:	3
ENGL 301	Introduction to British Literature I
ENGL 302	Introduction to British Literature II

Select one not taken to fulfill the literature elective for the major:	3
ENGL 340	American Drama
ENGL 342	Southern Literature
ENGL 345	American Literature to 1860
ENGL 346	American Literature Since 1860

Select one at the 400 level in British literature from the following, or a class approved by the literature major coordinator:

ENGL 407	Chaucer's Canterbury Tales
ENGL 416	English Renaissance Drama
ENGL 421	British Literature 1660-1800
ENGL 423	The Romantic Movement in Britain
ENGL 432	Origins and Early Development of the British Novel to 1800
ENGL 433	Victorian Literature
ENGL 438	The Twentieth-Century British Novel

Select one at the 400 level in American literature from the following, or a class approved by the literature major coordinator:

ENGL 419	The Harlem Renaissance

ENGL 441	American Travel Literature	
ENGL 447	The American Novel to 1920	
ENGL 448	The American Novel 1920 to Present	
Select one focus class from the following:		3
ENGL 418W	Jewish Writers	
ENGL 459W	New Literatures in English	
ENGL 463W	Women Writers	
ENGL 464W	Native American Literature	
ENGL 465W	African American Literature	
ENGL 466W	Asian American Literature	
Select one additional 400-level literature elective.		3
Total Credit Hours		83-95

Notes:

1. Literature major students must take ENGL 333 in the Theory & Analytics portion of the core.
2. Literature major students must take one British literature class from ENGL 301 or ENGL 302 and one American literature course from ENGL 340, ENGL 342, ENGL 345, or ENGL 346 to fulfill the Literature and Cultural Studies elective for the major.
3. Literature major students must take a Shakespeare course, ENGL 303 or ENGL 304, as one of their electives for the major.

Elective Credit

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

Advising

To declare an English major or minor, students must see the English chief departmental advisor (CDA). The CDA will assign each major to a faculty advisor. Students in the Secondary Education Endorsement Program will also have an advisor in the Darden College of Education and Professional Studies. All English majors are required to have a conference with their English advisor before each semester (preferably during preregistration). The CDA will hold periodic group meetings with English majors to keep them fully informed.

Research Practicum

Students who wish to combine research and real-world experience can take ENGL 369 Research Practicum.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked Bachelor of Arts in English/Master of Arts in Applied Linguistics

The linked BA in English with a major in Applied Linguistics and MA in Applied Linguistics makes it possible for exceptional students to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 for the undergraduate degree and 30 for the graduate degree).

Admission Requirements

To be admitted to the program, students must have completed at least 60 undergraduate hours, including at least nine hours in English applied linguistics courses at the 300 level or above. At the time of admission, they must have an overall GPA of 3.00 or better, and a GPA of 3.30 or better in all English applied linguistics courses.

Admission Procedures

Interested students who meet the admission requirements should apply to the graduate program director as soon as possible after completing the required 60 undergraduate hours. In consultation with the graduate program director, students will:

1. Officially declare themselves an undergraduate Applied Linguistics major to the English Department's undergraduate chief departmental advisor.
2. Draft a schedule of graduate courses to be taken as an undergraduate, which will be placed in the student's undergraduate and graduate advising files.
3. Apply to the Office of Graduate Admissions for admission to the MA in Applied Linguistics program during their senior year.

Students will be admitted to the linked program for the semester after they make their application. Once students have been awarded their BA degrees and have fulfilled all regular admission requirements for the MA in applied linguistics, they will be officially admitted into the MA program.

Program Requirements

Students in the program will fulfill all normal admission and curricular requirements for both a BA in English with an Applied Linguistics major and an MA in Applied Linguistics, with the following exceptions:

1. Students in the program may count up to 12 hours of graduate courses taken as an undergraduate for which they have earned a grade of B (3.0)

or better toward both the BA in English and MA in Applied Linguistics degrees.

2. Students in the program may substitute English linguistics graduate courses for undergraduate courses according to the following schema. All students must complete an undergraduate writing intensive course in the major.

- a. Any 500-level linguistics course that is cross listed with a 400-level course may be substituted for the 400-level course.
- b. Students may substitute 600-level courses for undergraduate courses according to the following list:

ENGL 672	Language Structure Analysis	3
for		
ENGL 350	Aspects of the English Language	3
ENGL 677	Language and Communication Across Cultures	3
for		
ENGL 371W	Language and Culture	3
ENGL 695	Topics	1-3
for		
ENGL 495	Topics in English	1-3

- c. Students in the program may make a written petition for other substitutions to the graduate program director (GPD) for electives in fields such as Asian studies, education, or professional writing. The GPD will consider substitutions in consultation with the chief departmental advisor and the instructor(s) of the courses involved. Students should consult the Graduate Catalog for requirements for the MA in Applied Linguistics.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program

must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts

English with a Major in Secondary English Education (6-12) (BA)

Heather Weddington, Chief Departmental Advisor

Michelle Fowler-Amato, Director of English Teacher Education

This program leads to eligibility for teacher licensure in Virginia. Licensure in English prepares students for a full range of secondary school teaching assignments. The program is accredited by the State of Virginia; in addition, Virginia has licensure reciprocity agreements with thirty other states, should the student leave Virginia.

The program combines the usual requirements of a college major. Students take courses in Old Dominion University's College of Arts and Letters and Darden College of Education and Professional Studies.

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3

The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Language and Culture: BA students must have competence through the 202 level; competence is not met by completion of the associate degree.

Impact of Technology: met in the major with ENGL 307T.

Upper-Division General Education

Satisfied through the professional education sequence.

Requirements for Graduation

Requirements for graduation include completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W)

course in the major with a grade of C or better, completion of the Senior Assessment; a minimum cumulative 2.75 GPA in the major area and in the professional education core with no grade less than a C in the major/content and with no grade less than a C- in the professional education core; successful completion of the Teacher Candidate Internship; and a minimum of 120 credit hours, which must include both a minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.

Licensure requirements also include certificate of completion in First Aid/AED/CPR, Dyslexia Awareness Training, Child Abuse and Neglect Recognition and Intervention Training, and Regulations Governing the Use of Restraint and Seclusion in Elementary and Secondary Schools, and Cultural Competence Training.

Due to changing University requirements, national accreditation standards, and the Virginia Board of Education licensure regulations, the teacher education programs in the College of Arts and Letters are under constant revision. Any changes resulting from these factors supersede the program requirements described in this Catalog. Students are encouraged to obtain current program information from their advisors and from the Office of Clinical Experiences website at www.odu.edu/oce (<http://www.odu.edu/tes/>).

* Grade of C or better required

Additional Requirements and Information

Admission

All students must apply for and be admitted into the approved secondary English education program. Students must meet the required criteria for admission as described below.

Prescribed Virginia Board of Education Assessment for Admission to an Approved Teacher Education Program

Old Dominion University students seeking admission to an approved teacher education program must satisfy the Virginia Board of Education required assessment for admission into an approved teacher education program.

For the most current information on the prescribed Virginia Board of Education admission assessment, visit the Virginia Department of Education at <https://www.doe.virginia.gov/>.

Required grade point averages (GPA)

- A cumulative GPA of 2.75 is required.
- A major/content GPA of 2.75 is required – all upper-division English courses must be passed with a grade of C- or higher. Lower-division and English W courses must be passed with a grade of C or higher.
- A professional education GPA of 2.75 is required – all professional education courses must be passed with a grade of C- or higher.

Although students may enroll in a limited number of education courses, students must be admitted into the approved secondary English education program prior to enrolling in any instructional strategies practicum education course. Students must also meet with an education advisor in the Career and Advising Resource Center in the Darden College of Education and Professional Studies (1107 Education Building).

Continuance

Students must maintain the required GPA and grades once they are accepted into the Darden College of Education and Professional Studies. Students must take and pass the Praxis Subject Assessment, English Language Arts content knowledge (test code #5038) prior to or while enrolled in the instructional strategies course. All assessments must be passed prior to the start of the Teacher Candidate Internship Orientation session. Students are encouraged to obtain information regarding the recommended timeline to complete the required assessments from the Office of Clinical Experiences website at www.odu.edu/oce.

Background Clearance Requirement

Old Dominion University requires a background clearance check of candidates interested in many of the professional education programs. Professional education programs have several field experiences that are required for continuance and graduation from the program. The background clearance must be successfully completed prior to a field experience placement. Candidates will be provided a field experience placement when the background check process is completed with resolution of any issues. The process to complete the ODU clearance background check

is located at: <http://www.odu.edu/success/academic/teacher-education/placement/background-checks> (<http://www.odu.edu/success/academic/teacher-education/placement/background-checks/>). The ODU clearance process includes: an FBI fingerprint, a child protective service/social service review, and a Virginia State Police sex offender registry review. Candidates interested in the professional education programs are advised to complete this clearance process immediately upon entry into the program since the clearance process takes a minimum of eight weeks to complete.

Virginia Board of Education Prescribed Assessments for Licensure

- Praxis Subject Assessment, English Language Arts content knowledge (test code #5038)--passing score of 167 required.

To review more information on the Virginia Board of Education prescribed assessments, visit the Office of Clinical Experiences website, www.odu.edu/oce (<http://www.odu.edu/tes/>).

Advising

To declare an English major or minor, students must see the English chief departmental advisor (CDA). The CDA will assign each major to a faculty advisor. Students in the Secondary Education Endorsement Program will also have an advisor in the Darden College of Education and Professional Studies. All English majors are required to have a conference with their English advisor before each semester (preferably during preregistration). The CDA will hold periodic group meetings with English majors to keep them fully informed.

Research Practicum

Students who wish to combine research and real-world experience can take ENGL 369 Research Practicum.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked Bachelor of Arts in English/Master of Arts in Applied Linguistics

The linked BA in English with a major in Applied Linguistics and MA in Applied Linguistics makes it possible for exceptional students to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 for the undergraduate degree and 30 for the graduate degree).

Admission Requirements

To be admitted to the program, students must have completed at least 60 undergraduate hours, including at least nine hours in English applied linguistics courses at the 300 level or above. At the time of admission, they must have an overall GPA of 3.00 or better, and a GPA of 3.30 or better in all English applied linguistics courses.

Admission Procedures

Interested students who meet the admission requirements should apply to the graduate program director as soon as possible after completing the required 60 undergraduate hours. In consultation with the graduate program director, students will:

1. Officially declare themselves an undergraduate Applied Linguistics major to the English Department's undergraduate chief departmental advisor.
2. Draft a schedule of graduate courses to be taken as an undergraduate, which will be placed in the student's undergraduate and graduate advising files.
3. Apply to the Office of Graduate Admissions for admission to the MA in Applied Linguistics program during their senior year.

Students will be admitted to the linked program for the semester after they make their application. Once students have been awarded their BA degrees and have fulfilled all regular admission requirements for the MA in applied linguistics, they will be officially admitted into the MA program.

Program Requirements

Students in the program will fulfill all normal admission and curricular requirements for both a BA in English with an Applied Linguistics major and an MA in Applied Linguistics, with the following exceptions:

1. Students in the program may count up to 12 hours of graduate courses taken as an undergraduate for which they have earned a grade of B (3.0) or better toward both the BA in English and MA in Applied Linguistics degrees.
2. Students in the program may substitute English linguistics graduate courses for undergraduate courses according to the following schema. All students must complete an undergraduate writing intensive course in the major.

- a. Any 500-level linguistics course that is cross listed with a 400-level course may be substituted for the 400-level course.
- b. Students may substitute 600-level courses for undergraduate courses according to the following list:

ENGL 672	Language Structure Analysis	3
for		
ENGL 350	Aspects of the English Language	3
ENGL 677	Language and Communication Across Cultures	3
for		
ENGL 371W	Language and Culture	3
ENGL 695	Topics	1-3
for		
ENGL 495	Topics in English	1-3

- c. Students in the program may make a written petition for other substitutions to the graduate program director (GPD) for electives in fields such as Asian studies, education, or professional writing. The GPD will consider substitutions in consultation with the chief departmental advisor and the instructor(s) of the courses involved. Students should consult the Graduate Catalog for requirements for the MA in Applied Linguistics.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional

information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts English with a Major in Technical and Professional Writing (BA)

Heather Weddington, Chief Departmental Advisor (hwedding@odu.edu)
Daniel P. Richards, Technical and Professional Writing Advisor (dprichar@odu.edu)

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3

Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Language and Culture: BA students must have competence through the 202 level; competence is not met by completion of the associate degree.

Impact of Technology: met in the major with ENGL 307T.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.

- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

ENGL 327W	Advanced Composition
ENGL 427W	Writing in the Disciplines
ENGL 436	Writing for the Government
ENGL 439	Writing in Digital Spaces
ENGL 468	Advanced English Internship
ENGL 495	Topics in English *

Students can select a writing intensive (W) course (e.g., ENVH 402W, OEAS 466W) in another department if the topic is relevant to technical and professional writing. Advisor approval required.

Total Credit Hours	83-95

* When the topic is relevant to technical and professional writing and approved by the chief departmental advisor.

Note: Technical and Professional Writing major students must take ENGL 325 in the Theory & Analytics portion of the core.

Elective Credit

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

Advising

To declare an English major or minor, students must see the English chief departmental advisor (CDA). The CDA will assign each major to a faculty advisor. Students in the Secondary Education Endorsement Program will also have an advisor in the Darden College of Education and Professional Studies. All English majors are required to have a conference with their English advisor before each semester (preferably during preregistration). The CDA will hold periodic group meetings with English majors to keep them fully informed.

Research Practicum

Students who wish to combine research and real-world experience can take ENGL 369 Research Practicum.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Minor English Minor Requirements

The English minor consists of 15 credit hours of 300- and 400-level courses, three hours of which must be at the 400 level. A general minor and five minors in areas related to the English majors are offered, with the general minor and some areas also available online. Regardless of emphasis or delivery method, the curriculum is still called a minor in English.

For completion of a minor, a student must have a minimum grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Certificate

Professional Writing Certificate

Requirements

This certificate requires 12 credit hours of professional writing courses selected from the following:

Select four of the following:		12
ENGL/IDS 307T	Digital Writing	
ENGL 325	Introduction to Rhetorical Studies	
ENGL 327W	Advanced Composition	
ENGL 334W	Technical Writing	
ENGL 368	English Internship	
ENGL 427W	Writing in the Disciplines	
ENGL 435W	Management Writing	
ENGL 436	Writing for the Government	
ENGL 439	Writing in Digital Spaces	
ENGL 468	Advanced English Internship	
Total Credit Hours		12

For completion of the certificate, students must have a minimum grade point average of 2.00 in each course specified as a requirement for the certificate. A minimum of three of the four required courses must be completed at Old Dominion University.

To apply for the certificate, contact Daniel Richards (dprichar@odu.edu).

Certificate

Teaching English as a Second Language (TESL) Certificate

The Teaching English as a Second Language (TESL) certificate provides candidates with specialized knowledge of English language fundamentals and emphasizes the relationship between language and culture, communication across cultures, and how to approach the teaching and assessment of English as a second language (ESL). It is designed for candidates who are pursuing or who hold a teaching license and wish to

prepare for adding an ESL endorsement to it or who wish to teach English abroad, work for private businesses and schools, or teach ESL to immigrant populations in the USA. In such contexts, candidates will benefit from a solid knowledge of language fundamentals coupled with cross-cultural communication and practical pedagogical training.

The TESL certificate is available to undergraduate students and non-degree seeking professionals who meet the requirements. It can be completed in two modalities: online and face-to-face.

Requirements

This certificate requires 12 credit hours of coursework from the following courses:

ENGL 350	Aspects of the English Language	3
or ENGL 442	English Grammar	
ENGL 370	English Linguistics	3
or ENGL 440	General Linguistics	
ENGL 371W	Language and Culture	3
ENGL 390	TESL Methods, Materials, & Assessment	3
Total Credit Hours		12

For completion of the certificate, students must have a minimum grade point average of 2.00 in each course specified as a requirement for the certificate. A minimum of three of the four required courses must be completed at Old Dominion University.

To apply for the certificate, contact Staci Defibaugh (sdefibau@odu.edu).

F. Ludwig Diehn School of Music

Web Site: <https://www.odu.edu/music> (<https://www.odu.edu/music/>)

Emily Ondracek-Peterson, Executive Director
Nancy K. Klein, Director and Chair
Bianca Hall, Chief Departmental Advisor
Douglas T. Owens, Graduate Program Director

<https://www.odu.edu/music> (<https://www.odu.edu/music/>)

Old Dominion University is a fully accredited member of the National Association of Schools of Music and offers applied music instruction and coursework leading to the following degrees:

- the Bachelor of Music with a major in Performance (interest areas in Orchestral Instruments, Voice, and Piano, Organ, Harpsichord or Guitar);
- the Bachelor of Music with a major in Composition;
- the Bachelor of Music with an emphasis in Sound Recording Technology;
- the Bachelor of Music with a major in Jazz Studies;
- the Bachelor of Arts with a major in Music (interest areas in Music History and Music Theory); and
- the Bachelor of Music with majors in PreK-12 Instrumental Music Education and PreK-12 Vocal Music Education.

For admittance to the Diehn School of Music, prospective students seeking a Bachelor of Music degree or the Bachelor of Arts in Music degree must pass a music audition process. Students with prior experience in music theory/aural skills are encouraged to take a placement assessment. See the Diehn School of Music Undergraduate Auditions page (<https://www.odu.edu/music/admission/auditions/undergraduate/>) for more information.

In addition to full degrees in music, the minor in music is available, with emphases in Composition, Performance, Music History, and Music Production. Additional offerings include courses in history, methods, appreciation, and literature of music; participation in the Concert Choir, Madrigal Choir, Diehn Chorale, Wind Ensemble, Symphony Orchestra, Jazz Orchestra, Symphonic Band, Marching Band, and other ensembles; and individual instruction in piano, organ, voice, guitar, harpsichord, and the

orchestral and band instruments. See the School's ensembles page (<https://www.odu.edu/music/ensembles/>) for more information.

The F. Ludwig Diehn School of Music offers the Master of Music Education (MME) degree. Please refer to the Diehn School of Music Graduate pages for more information (<https://www.odu.edu/music/programs/graduate/>).

Auditions and Placement Assessments in Music

All applicants for the Bachelor of Music degrees (except the Bachelor of Music with a major in Composition) and the Bachelor of Arts degrees are required to successfully pass an audition in their major performance area prior to approval for admission to these degree programs. All applicants for the Bachelor of Music with a major in Composition must be accepted into the composition program area by the Director of Composition and Program Advisor through a separate evaluative audition process.

Students transferring into the F. Ludwig Diehn School of Music are required to take placement assessments in music theory/aural skills and in any applied area, including voice or piano class, in which they wish to transfer credit.

For details regarding auditions, placement assessments, and ensemble auditions, please visit the F. Ludwig Diehn School of Music (<https://www.odu.edu/music/>) website.

Student Handbook

All music majors and minors are strongly encouraged to consult the Music Student Handbook (<https://www.odu.edu/music/students/undergraduate/handbook/>) for further information regarding juries, recital attendance policies, Student Performance Hour, general Student Recital performance requirements, and other information.

Financial Aid

Scholarship funds for incoming students are available based on merit and ensemble needs. Additional scholarship funds are available for continuing students providing significant contributions within the F. Ludwig Diehn School of Music. Refer to the Scholarships section of this Catalog (p. 24) for more information.

Community Music Division

The Community Music Division in the College of Arts and Letters offers the finest level of private music instruction, classes, and ensembles to people of all ages and abilities. Faculty members hold degrees in music and specialize in the instruments that they teach. Most are active performers or teachers in the Hampton Roads community and beyond, and all are encouraged to join and participate in national music organizations. The Community Music Division (<https://www1.odu.edu/music/community-music/>) offers private and group instruction in most instruments and voice.

Programs

Bachelor of Arts Program

- Music (BA) (p. 204)

Bachelor of Music Programs

- Music with a Major in Composition (BM) (p. 208)
- Music with a Major in Jazz Studies (BM) (p. 212)
- Music with a Major in Performance (BM) (p. 215)
- Music with a Major in PreK-12 Instrumental Music Education (BM) (p. 222)

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts Music (BA)

Dr. Bianca Hall, Program Advisor for Music History and Music Theory

The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C required in both courses and in ENGL 110C before declaring major

Language and Culture: Proficiency in French or German through the 202 level preferred; proficiency is not met by completion of an associate degree.

Human Creativity: Cannot be met by MUSC 126A or MUSC 264A

Impact of Technology requirement is satisfied in the major with MUSC 335T

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Music Major

General Education

Complete lower-division requirements	38-44
Complete upper-division requirements (minimum of 6 credit hours)	6
Complete foreign language coursework through the 202 level	0-6

Music Electives (upper-level) ****		4-8
Music		
Select one of the following:		18
Upper-Level Music Courses		
Music History Area		
Music Theory Area		
Total Credit Hours		97-114

*	Students must earn a grade of C or better in these courses to advance to the next level.
**	Students must earn a grade of C- or better in these courses.
***	Students are required to earn credits through participating in ensembles appropriate to their specialties. Instrumental and voice and keyboard majors will be required to participate in two ensembles, large or small. Additional credits for participation in ensembles can be used as elective credit. Large ensembles include: symphonic band, wind ensemble, symphony orchestra, concert choir, and guitar ensemble. Small ensembles include: Madrigal Singers, Collegium Musicum, Opera and Musical Theater Production and Performance, brass choir, clarinet choir, flute choir, jazz choir, jazz orchestra, and brass, woodwind, percussion, guitar, string, or piano ensembles. Small ensemble offerings are updated on occasion; check the class schedule for the latest ensemble availability.
****	Students may choose an ensemble or applied music as an elective in their instrumental or vocal area.

+ PLEASE NOTE: All Bachelor of Arts in Music majors are required to enroll in and pass MUSC 311+, the zero credit Recital Attendance class, for a total of six semesters in order to be eligible for graduation. Refer to the MUSC 311+ syllabus and the Music Student Handbook (<https://www.odu.edu/music/students/undergraduate/handbook/section-three/>) for complete information.

Elective Credit

Additional elective credit may be needed to meet the minimum requirement of 120 credit hours in the degree. Each student must have a minimum of 120 credit hours to graduate. 300-level French or German courses are recommended to fulfill remaining credit hour requirements needed to reach 120 credits.

Upper-Level Music Courses

Students in the BA in music program may choose from the following upper-level (300-400) music courses (18 hours required) or may choose one of the following areas: Music History or Music Theory.

Choose from the Following Upper-Level Music Options 18

Exploring Music		
MUSC 333	Music Business and Entrepreneurship	
MUSC 337	Jazz Improvisation I (Can be taken as an Upper-Level Music Option if not used as a Music Theory Elective. MUSC 337 can only be counted in one elective area.)	
MUSC 338	Jazz Improvisation II	
MUSC 410	Psychology of Music	
MUSC 413	Advanced Choral Conducting	
MUSC 414	Advanced Instrumental Conducting	
MUSC 471	Musicians' Health: Music and Medicine	
Theory and Composition		
MUSC 316	Popular Songwriting Techniques	
MUSC 322	Advanced Music Theory and Post-Tonal Compositional Techniques

- * Students may choose an ensemble or applied music as an elective in the emphasis areas.
- ** PLEASE NOTE: All Bachelor of Arts in Music majors are required to enroll in and pass MUSC 311+, the zero credit Recital Attendance class, for a total of six semesters in order to be eligible for graduation. Refer to the MUSC 311+ syllabus and the Music Student Handbook (<https://www.odu.edu/music/students/undergraduate/handbook/section-three/>) for complete information.

Additional Requirements and Information

Ensemble Options for Bachelor of Music and Music BA Majors

Each degree program has specific ensemble requirements, which are listed under the course requirements above.

For the purposes of fulfilling large Choral or Instrumental ensemble requirements, students may use only Wind Ensemble, Symphony Orchestra, Guitar Ensemble, Concert Choir, or Symphonic Band (based on general wind/brass/percussion ensemble audition).

For the purposes of fulfilling small ensemble requirements, students may use a variety of ensembles including, but not limited to: Madrigal Singers, Opera and Musical Theater Production and Performance, New Music Ensemble, Diehn Chorale, Brass Choir, Contemporary Music Ensemble, Clarinet Choir, Flute Choir, Jazz Choir, Jazz Orchestra, Jazz Combo, Chamber Music groups of varied sizes and instrumentation (brass, woodwind, percussion, guitar, string, piano, mixed ensembles, etc.), Saxophone Quartet, Collegium Musicum, and more.

Students in the Jazz Studies major must select eight semesters of a jazz or jazz-related ensemble. This includes Jazz Choir, Jazz Orchestra, Jazz Combo or other jazz -related ensemble of varied sizes and instrumentation.

Ensemble offerings may vary each semester; check the class schedule for the latest ensemble availability. Ensemble participation should be made in consultation with the appropriate Area Director/s, Applied Instructors, and Program Advisors.

Other ensembles are offered for credit, such as and including Athletic Bands. Some ensembles are also open to non-music majors with enrollment based on an audition and instrumentation needs.

All of these ensembles are led by and/or coached by a DSoM faculty member.

Students should be aware of the necessity for ensemble diversity, and are encouraged to participate in as many different ensembles as their schedules and advisors will allow.

Applied Lesson Continuance Policy

If a student fails two semesters of applied lessons, he or she will be required to re-audition for applied lesson placement and may be advised to choose another degree program that does not require applied lessons. If a student has five or more unexcused absences in one semester, he or she will fail applied music for that semester. An audition is required to re-enter applied music after an absence of two consecutive semesters or more.

Jury Examinations

Applied music students taking hour lessons at the MUSA 141, MUSA 151, MUSA 161 level or higher must play a jury examination each semester. Failure to perform a required jury will result in a final applied grade of F. The jury grade counts as 50% of the final applied grade. The remaining 50% is based on progress in lessons and is determined by the student's teacher. Students auditing Applied Music take juries in the first semester in which they are enrolled for credit. Audit status is normally allowed for one semester only and is granted on the auditioning committee's recommendation that the student will likely be ready for credit study after one semester of audit study. A student with audit status will audition for credit study during the jury examination period at the close of the audit semester.

Accompanying

All keyboard students are expected to accompany at least once a semester on a General Student Recital, Performance Session, or Applied Music Jury Examination after they have attained the Applied Music numbering of 241 and above or 251 and above, and after they have studied keyboard at Old Dominion University for a minimum of one semester.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor Music History Minor Requirements

For a minor in music history, the student must complete 12 hours at the 300/400 level. Prerequisites for the minor (not included in the grade point average) are MUSC 221, MUSC 222, MUSC 264A or MUSC 160, and MUSC 266. Requirements for the minor are

MUSC 361	History of Western Art Music from Ancient through Baroque	3
MUSC 362W	History of Western Art Music from Classical through Modern	3
400-level music history (select from the following):		6
MUSC 460	History of Jazz	
MUSC 461	History of Recorded Music	
MUSC 462	Hip-Hop Music and Culture	

MUSC 466	Music of the 20th Century to the Present
MUSC 491	Music History from the Ancient to Baroque Era
MUSC 492	Music History from the Classical through Modern Era
MUSC 495	Topics in Music
MUSC 496	Topics in Music

All music minors are required to enroll in and pass MUSC 311+, the zero credit Recital Attendance class, for a total of four semesters in order to be eligible for graduation. Should their graduation be projected in under four semesters, music minors may receive accelerated credit by doubling attendance totals in any given semester. Refer to the MUSC 311+ syllabus and Music Student Handbook (<https://www.odu.edu/music/students/undergraduate/handbook/section-three/>) for complete information.

For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major

Oral Communication requirement is satisfied in the major

Language and Culture: French, German, or Italian is strongly recommended.

Human Creativity: Cannot be met by MUSC 126A or MUSC 264A

The Impact of Technology requirement is satisfied in the major with MUSC 335T

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Music Theory Electives **

Choose 2-3 credits from the following:		2-3
MUSC 316	Popular Songwriting Techniques	
MUSC 322	Advanced Music Theory and Post-Tonal Compositional Techniques	
MUSC 324	Advanced Aural Skills - Tonal and Beyond (If selected, choose a 2-credit Music Theory Elective to meet the requirements)	

MUSC 337	Jazz Improvisation I (Can only be taken if not used as a Music elective course. MUSC 337 can only be counted in one elective area.)	
MUSC 416	Arranging for the Contemporary Musician and Producer	
MUSC 425	Vocal Arranging	
MUSC 440	Scoring for Film	
MUSC 466	Music of the 20th Century to the Present	3
MUSA 240	Half-Hour Lesson (Applied Composition)	1
MUSA 232	Hour Lesson - Applied Composition	3
MUSA 331	Hour Lesson - Applied Composition	3
MUSA 332	Hour Lesson - Applied Composition	3
MUSA 431	Hour Lesson - Applied Composition	3
MUSA 432	Hour Lesson - Applied Composition	3

Music History Electives

Select two music history courses from the list below. At least one of the two must be MUSC 491 or MUSC 492.		6
MUSC 460	History of Jazz	
MUSC 461	History of Recorded Music	
MUSC 462	Hip-Hop Music and Culture	
MUSC 491	Music History from the Ancient to Baroque Era	
MUSC 492	Music History from the Classical through Modern Era	
MUSC 495	Topics in Music	
MUSC 496	Topics in Music	

Large Ensemble ***		3
Small Ensemble ****		2
MUSC 101	Beginning Piano Class	1
MUSC 102	Beginning Piano Class	1
MUSA 139	Half-Hour Lesson (Piano)	1
MUSA 140	Half-Hour Lesson (Piano)	1
Piano Proficiency +		0
MUSA 130	Half-Hour Applied Secondary Instrument/ Voice Lesson	1
MUSA 131	Half-Hour Applied Secondary Instrument/ Voice Lesson	1
MUSA 230	Half-Hour Applied Secondary Instrument/ Voice Lesson	1

Recital Attendance Credit required ++

Music Electives (Suggested)

MUSC 333	Music Business and Entrepreneurship	
MUSC 337	Jazz Improvisation I (Can be taken if not used as a Music Theory Elective course. MUSC 337 can only be counted in one elective area.)	
MUSC 397	Tutorial Work in Special Topics in Music	
MUSC 410	Psychology of Music	
MUSC 471	Musicians' Health: Music and Medicine	

Total Credit Hours 113-120

- *

**

- Students must earn a C or better in these courses.

Students must earn a grade of C- or better in these courses.

Students are required to earn credits through participating in ensembles appropriate to their specialties. Large ensembles include: symphonic band, wind ensemble, symphony orchestra, concert choir, and guitar ensemble.

Small ensembles may include: Madrigal Singers, Collegium Musicum, Opera and Musical Theater Production and Performance, brass choir, clarinet choir, flute choir, jazz choir, jazz orchestra, and chamber

	music groups of varied sizes and instrumentation (brass, woodwind, percussion, guitar, string, piano, mixed ensembles, etc.). Small ensemble offerings may vary each semester; check the class schedule for the latest ensemble availability.
+	Piano proficiency is an expectation for composition majors and will be assessed accordingly. Students for whom piano is their primary instrument may elect to test out of certain levels of piano courses by taking a proficiency evaluation.
++	PLEASE NOTE: All Bachelor of Music, Composition majors are required to enroll in and pass MUSC 311+, the zero credit Recital Attendance class, for a total of six semesters in order to be eligible for graduation. Refer to the MUSC 311+ syllabus and the Music Student Handbook (https://www.odu.edu/music/students/undergraduate/handbook/section-three/) for complete information.

Composition majors are required to present a lecture–recital containing 30 minutes of original music.

Elective Credit

Elective credit may be needed to meet the minimum of 120 credits required for the degree.

Additional Requirements and Information

Ensemble Options for Bachelor of Music and Music BA Majors

Each degree program has specific ensemble requirements, which are listed under the course requirements above.

For the purposes of fulfilling large Choral or Instrumental ensemble requirements, students may use only Wind Ensemble, Symphony Orchestra, Guitar Ensemble, Concert Choir, or Symphonic Band (based on general wind/brass/percussion ensemble audition).

For the purposes of fulfilling small ensemble requirements, students may use a variety of ensembles including, but not limited to: Madrigal Singers, Opera and Musical Theater Production and Performance, New Music Ensemble, Diehn Chorale, Brass Choir, Contemporary Music Ensemble, Clarinet Choir, Flute Choir, Jazz Choir, Jazz Orchestra, Jazz Combo, Chamber Music groups of varied sizes and instrumentation (brass, woodwind, percussion, guitar, string, piano, mixed ensembles, etc.), Saxophone Quartet, Collegium Musicum, and more.

Students in the Jazz Studies major must select eight semesters of a jazz or jazz-related ensemble. This includes Jazz Choir, Jazz Orchestra, Jazz Combo or other jazz -related ensemble of varied sizes and instrumentation.

Ensemble offerings may vary each semester; check the class schedule for the latest ensemble availability. Ensemble participation should be made in consultation with the appropriate Area Director/s, Applied Instructors, and Program Advisors.

Other ensembles are offered for credit, such as and including Athletic Bands. Some ensembles are also open to non-music majors with enrollment based on an audition and instrumentation needs.

All of these ensembles are led by and/or coached by a DSoM faculty member.

Students should be aware of the necessity for ensemble diversity, and are encouraged to participate in as many different ensembles as their schedules and advisors will allow.

Applied Lesson Continuance Policy

If a student fails two semesters of applied lessons, he or she will be required to re-audition for applied lesson placement and may be advised to choose another degree program that does not require applied lessons. If a student has five or more unexcused absences in one semester, he or she will fail applied music for that semester. An audition is required to re-enter applied music after an absence of two consecutive semesters or more.

Jury Examinations

Applied music students taking hour lessons at the MUSA 141, MUSA 151, MUSA 161 level or higher must play a jury examination each semester. Failure to perform a required jury will result in a final applied grade of F. The jury grade counts as 50% of the final applied grade. The remaining 50% is based on progress in lessons and is determined by the student's teacher. Students auditing Applied Music take juries in the first semester in which they are enrolled for credit. Audit status is normally allowed for one semester only and is granted on the auditioning committee's recommendation that the student will likely be ready for credit study after one semester of audit study. A student with audit status will audition for credit study during the jury examination period at the close of the audit semester.

Accompanying

All keyboard students are expected to accompany at least once a semester on a General Student Recital, Performance Session, or Applied Music Jury Examination after they have attained the Applied Music numbering of 241 and above or 251 and above, and after they have studied keyboard at Old Dominion University for a minimum of one semester.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as

an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor Music Composition Minor Requirements

For a minor in composition, the student must complete 12 hours at the 300/400 level. Prerequisites for the minor (not included in the grade point average) are MUSC 221 and MUSC 222. Requirements for the minor are

MUSC 335T	Music Technology Survey	3
Applied Composition Lessons:		8
MUSA 310	Hour Lesson - Music Minor	
MUSA 311	Hour Lesson - Music Minor	
MUSA 410	Hour Lesson - Music Minor	
MUSA 411	Hour Lesson - Music Minor	
Additional Upper-Division music courses		1-3
Total Credit Hours		12-14

All music minors are required to enroll in and pass MUSC 311+, the zero credit Recital Attendance class, for a total of four semesters in order to be eligible for graduation. Should their graduation be projected in under four semesters, music minors may receive accelerated credit by doubling attendance totals in any given semester. Refer to the MUSC 311+ syllabus and Music Student Handbook (<https://www.odu.edu/music/students/undergraduate/handbook/section-three/>) for complete information.

For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Bachelor of Music Music with a Major in Jazz Studies (BM)

John Toomey (jtoomey@odu.edu) and Douglas T. Owens (dtowens@odu.edu), Program Advisors

The Bachelor of Music in Jazz Studies major serves students on an advanced level and provides a comprehensive approach to prepare contemporary jazz musicians. The Jazz Studies major features studies to enhance creative performance, improvisation, and expression through jazz and jazz-related genres.

Students in the ODU Jazz Studies program benefit from the existing music and jazz-specific connections in the Hampton Roads community. The partnership with the Virginia Arts Festival presents several participatory jazz clinics at the Diehn School of Music with renowned jazz musicians.

During regular workshops presented at ODU, the jazz musicians work directly with Diehn School of Music students by modeling their practice routines, performance skills and sharing their experiences as professional musicians. ODU has hosted the following jazz artists in partnership with the Virginia Arts Festival: Walter Blanding, Howard Curtis, Ryan Keberle, Alex McArthur, Steve Nelson, Janis Siegel, Gary Thomas, Bobby Watson, Steve Wilson, and more.

The annual ODU Jazz Residency is part of the F. Ludwig Diehn Concert Series. Jazz Studies majors will participate in the various workshops, clinics and performances in the five-day residency. Past Jazz Residency artists include Chris Whiteman, Dr. Lisanne Lyons, John Fedchock, Lori Williams, Houston Person, Katie Thiroux, Dick Oatts, Kenny Washington, John D'earth, Glenn Wilson, Nicki Parrott, Darmon Meader, Randy Brecker, Terrell Stafford, Bob Mintzer, Clark Terry, and John Abercrombie.

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major

Language and Culture: French, German, or Italian is strongly recommended.

Human Creativity: Cannot be met by MUSC 126A or MUSC 264A

The Impact of Technology requirement is satisfied in the major with MUSC 335T

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

MUSC Elective 3

Recital Attendance Required ++

Total Credit Hours 120-126

- * Students must earn a C or better in these courses.
- ** Students must earn a grade of C- or better in these courses.
- ++ All Bachelor of Music Jazz Studies majors are required to enroll in and pass MUSC 311+, the zero credit Recital Attendance class, for a total of six semesters in order to be eligible for graduation. Refer to the MUSC 311+ syllabus and the Music Student Handbook (<https://www.odu.edu/music/students/undergraduate/handbook/section-three/>) for complete information.

Elective Credit

Elective credit may be needed to meet the minimum of 120 credits required for the degree.

Additional Requirements and Information

Ensemble Options for Bachelor of Music and Music BA Majors

Each degree program has specific ensemble requirements, which are listed under the course requirements above.

For the purposes of fulfilling large Choral or Instrumental ensemble requirements, students may use only Wind Ensemble, Symphony Orchestra, Guitar Ensemble, Concert Choir, or Symphonic Band (based on general wind/brass/percussion ensemble audition).

For the purposes of fulfilling small ensemble requirements, students may use a variety of ensembles including, but not limited to: Madrigal Singers, Opera and Musical Theater Production and Performance, New Music Ensemble, Diehn Chorale, Brass Choir, Contemporary Music Ensemble, Clarinet Choir, Flute Choir, Jazz Choir, Jazz Orchestra, Jazz Combo, Chamber Music groups of varied sizes and instrumentation (brass, woodwind, percussion, guitar, string, piano, mixed ensembles, etc.), Saxophone Quartet, Collegium Musicum, and more.

Students in the Jazz Studies major must select eight semesters of a jazz or jazz-related ensemble. This includes Jazz Choir, Jazz Orchestra, Jazz Combo or other jazz -related ensemble of varied sizes and instrumentation.

Ensemble offerings may vary each semester; check the class schedule for the latest ensemble availability. Ensemble participation should be made in consultation with the appropriate Area Director/s, Applied Instructors, and Program Advisors.

Other ensembles are offered for credit, such as and including Athletic Bands. Some ensembles are also open to non-music majors with enrollment based on an audition and instrumentation needs.

All of these ensembles are led by and/or coached by a DSOM faculty member.

Students should be aware of the necessity for ensemble diversity, and are encouraged to participate in as many different ensembles as their schedules and advisors will allow.

Applied Lesson Continuance Policy

If a student fails two semesters of applied lessons, he or she will be required to re-audition for applied lesson placement and may be advised to choose another degree program that does not require applied lessons. If a student has five or more unexcused absences in one semester, he or she will fail applied music for that semester. An audition is required to re-enter applied music after an absence of two consecutive semesters or more.

Jury Examinations

Applied music students taking hour lessons at the MUSA 141, MUSA 151, MUSA 161 level or higher must play a jury examination each semester. Failure to perform a required jury will result in a final applied grade of F. The jury grade counts as 50% of the final applied grade. The remaining 50% is based on progress in lessons and is determined by the student's

teacher. Students auditing Applied Music take juries in the first semester in which they are enrolled for credit. Audit status is normally allowed for one semester only and is granted on the auditioning committee's recommendation that the student will likely be ready for credit study after one semester of audit study. A student with audit status will audition for credit study during the jury examination period at the close of the audit semester.

Accompanying

All keyboard students are expected to accompany at least once a semester on a General Student Recital, Performance Session, or Applied Music Jury Examination after they have attained the Applied Music numbering of 241 and above or 251 and above, and after they have studied keyboard at Old Dominion University for a minimum of one semester.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

- * Students must earn a C or better in these courses to advance to the next level.
- ** Select one faculty-approved jazz ensemble via audition (Jazz Choir, Jazz Orchestra, Jazz Combo, etc.).
- *** Select one ensemble in the Choral or Instrumental area (Concert Choir, Wind Ensemble, Symphony Orchestra, etc.).

The Language and Culture requirement (0-6 credits) is not included in this degree program guide. Please see the requirements section or consult with your advisor for details.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Music Music with a Major in Performance (BM)

Web Site: <https://ww1.odu.edu/music.html>

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3

Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major

Language and Culture: See additional requirements for students in voice

Human Creativity: Cannot be met by MUSC 126A or MUSC 264A

Impact of Technology requirement satisfied in the major with MUSC 335T

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.

- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Performance Major

General Education

Complete lower-division requirements	38-44
Complete upper-division requirements (minimum of 6 credit hours)	6

Departmental Requirements

MUSC 150	Freshman Seminar for Music Students	1
MUSC 160	Music and Ideas	1
MUSC 221	Music Theory 1 *	2
MUSC 222	Music Theory 2 *	2
MUSC 223	Aural Skills 1 *	1
MUSC 224	Aural Skills 2 *	1
MUSC 266	Music in World Cultures	1
MUSC 309	Principles of Conducting	1
MUSC 321	Music Theory 3 *	2
MUSC 323	Aural Skills 3 *	1
MUSC 335T	Music Technology Survey (satisfies Impact of Technology requirement)	3
MUSC 361	History of Western Art Music from Ancient through Baroque **	3
MUSC 362W	History of Western Art Music from Classical through Modern *	3
MUSC 413	Advanced Choral Conducting	2
or MUSC 414	Advanced Instrumental Conducting	

Music Theory Electives **

Choose 2-3 credits from the following:	2-3

MUSC 316	Popular Songwriting Techniques	
MUSC 322	Advanced Music Theory and Post-Tonal Compositional Techniques	
MUSC 324	Advanced Aural Skills - Tonal and Beyond (If selected, choose a 2-credit Music Theory Elective to meet the requirements)	
MUSC 337	Jazz Improvisation I (Can only be taken if not used as a Music elective course. MUSC 337 can only be counted in one elective area.)	
MUSC 416	Arranging for the Contemporary Musician and Producer	
MUSC 421	Counterpoint	
MUSC 422	Form and Analysis	
MUSC 424	Orchestration	
MUSC 425	Vocal Arranging	
MUSC 440	Scoring for Film	
MUSC 445	Applied Music Pedagogy	1
MUSC 446	Applied Music Literature	1

24 credit hours must be taken in the student's chosen instrument including the following 6 credits

MUSA 451	Hour Lesson - Performance Major	
MUSA 452	Hour Lesson - Performance Major	

Recital Attendance required **

Interest Areas

Complete coursework in an interest area (orchestral instruments; piano, organ, harpsichord, or guitar; or voice)	39-52

Total Credit Hours	111-131

- * Students must earn a C or better in these courses to advance to the next level.
- ** Students must earn a grade of C- or better in these courses. PLEASE NOTE: All Bachelor of Music, Performance majors are required to enroll in and pass MUSC 311+, the zero credit Recital Attendance class, for a total of six semesters in order to be eligible for graduation. Refer to the MUSC 311+ syllabus and the Music Student Handbook (<https://www.odu.edu/music/students/undergraduate/handbook/section-three/>) for complete information.
- ++

Successful completion of a half-hour 200-level recital and a full-hour 400-level recital is also required. Vocal students will complete their half hour recital in the MUSA 351 semester.

Orchestral Instruments Area

Mike Hall, Program Advisor for the Orchestral Instruments Area

Students in the orchestral instruments area must complete the following courses.

MUSA 151-MUSA 352 Applied Lessons		18
MUSA 451	Hour Lesson - Performance Major	3
MUSA 452	Hour Lesson - Performance Major	3
MUSC 101	Beginning Piano Class	1
MUSC 102	Beginning Piano Class	1
MUSA 139	Half-Hour Lesson (Piano)	1
MUSA 140	Half-Hour Lesson (Piano)	1

Select two Music History elective courses from the list below. At least one of the two must be MUSC 466, MUSC 491, or MUSC 492:

MUSC 460	History of Jazz	
MUSC 461	History of Recorded Music	
MUSC 462	Hip-Hop Music and Culture	
MUSC 466	Music of the 20th Century to the Present	
MUSC 491	Music History from the Ancient to Baroque Era	
MUSC 492	Music History from the Classical through Modern Era	
MUSC 495	Topics in Music	
MUSC 496	Topics in Music	

MUSC Band or Orchestra (Large Ensemble) +	7

Small Instrumental Ensemble +	4

Optional Music Electives (2-3 Credits Recommended)	0-3

MUSC 333	Music Business and Entrepreneurship	
MUSC 337	Jazz Improvisation I	
MUSC 397	Tutorial Work in Special Topics in Music	
MUSC 410	Psychology of Music	
MUSC 471	Musicians' Health: Music and Medicine	

Total Credit Hours	45-48

- + Students are required to earn credits through participating in ensembles appropriate to their specialties. Instrumental and voice majors will be required to participate in seven semesters of large ensemble and four semesters of small ensemble. Keyboard, harpsichord, organ, and guitar majors will have a seven-semester requirement, of which at least two should be in a large ensemble. Large ensembles include: wind ensemble, symphony orchestra, concert choir, and guitar ensemble.

Small ensembles may include, but are not limited to: madrigal singers, collegium musicum, Opera and Musical Theater Production and Performance, new music ensemble, brass choir, contemporary music ensemble, clarinet choir, flute choir, jazz choir, jazz orchestra, jazz combo, and chamber music groups of varied sizes and instrumentation (brass, woodwind, percussion, guitar, string, piano, mixed ensembles, etc.). Small ensemble offerings may vary each semester; check the class schedule for the latest ensemble availability.

Keyboard Studies Area (Piano, Organ, Harpsichord) or Guitar Interest Area

Zachary Deak, Program Advisor for the Keyboard Studies Area

Students in the Keyboard Studies Area or Guitar Area must complete the following courses.

Piano, Organ, Harpsichord, or Guitar		
MUSA 151-MUSA 352 Applied Lessons		18
MUSA 451	Hour Lesson - Performance Major	3
MUSA 452	Hour Lesson - Performance Major	3
Select two Music History elective courses from the list below. At least one of the two must be MUSC 466, MUSC 491, or MUSC 492:		6
MUSC 460	History of Jazz	
MUSC 461	History of Recorded Music	
MUSC 462	Hip-Hop Music and Culture	
MUSC 466	Music of the 20th Century to the Present	
MUSC 491	Music History from the Ancient to Baroque Era	
MUSC 492	Music History from the Classical through Modern Era	
MUSC 495	Topics in Music	
MUSC 496	Topics in Music	
Ensemble (Large and/or Small, instrument dependent) ⁺		7-11
Music Electives		2-3
MUSC 333	Music Business and Entrepreneurship	
MUSC 337	Jazz Improvisation I	
MUSC 397	Tutorial Work in Special Topics in Music	
MUSC 410	Psychology of Music	
MUSC 471	Musicians' Health: Music and Medicine	
Total Credit Hours		39-44

⁺ Students are required to earn credits through participating in ensembles appropriate to their specialties. Instrumental and voice majors will be required to participate in seven semesters of large ensemble and four semesters of small ensemble. Keyboard, harpsichord, organ, and guitar majors will have a seven-semester requirement, of which at least two should be in a large ensemble. Large ensembles include: wind ensemble, symphony orchestra, concert choir, and guitar ensemble. Small ensembles may include, but are not limited to: Madrigal Singers, Collegium Musicum, Opera and Musical Theater Production and Performance, new music ensemble, brass choir, contemporary music ensemble, clarinet choir, flute choir, jazz choir, jazz orchestra, jazz combo, and chamber music groups of varied sizes and instrumentation (brass, woodwind, percussion, guitar, string, piano, mixed ensembles, etc.). Small ensemble offerings may vary each semester; check the class schedule for the latest ensemble availability.

Voice Interest Area

Brian Nedvin, Program Advisor for the Voice Interest Area

Students in the Voice Interest Area must complete the following courses.

Voice		
101F-102F Foreign Language [*]		6
MUSA 151-MUSA 352 Applied Lessons		18
MUSA 451	Hour Lesson - Performance Major	3
MUSA 452	Hour Lesson - Performance Major	3
MUSC 101	Beginning Piano Class	1
MUSC 102	Beginning Piano Class	1
MUSA 139	Half-Hour Lesson (Piano)	1
MUSA 140	Half-Hour Lesson (Piano)	1
MUSA 239	Half-Hour Lesson (Piano)	1
MUSA 240	Half-Hour Lesson (Piano)	1
Select one Music History elective courses from the list below. MUSC 466, MUSC 491, or MUSC 492 are recommended:		3
MUSC 460	History of Jazz	
MUSC 461	History of Recorded Music	
MUSC 462	Hip-Hop Music and Culture	
MUSC 466	Music of the 20th Century to the Present	
MUSC 491	Music History from the Ancient to Baroque Era	
MUSC 492	Music History from the Classical through Modern Era	
MUSC 495	Topics in Music	
MUSC 496	Topics in Music	
MUSC 345	Diction for Singers	1
MUSC 346	Diction for Singers	1
Piano Proficiency Exam		0
Concert Choir ⁺		7
Opera Workshop ⁺		1
Small Vocal Ensemble ⁺		3
Optional Music Electives (2-3 Credits Recommended)		0-3
MUSC 333	Music Business and Entrepreneurship	
MUSC 337	Jazz Improvisation I	
MUSC 397	Tutorial Work in Special Topics in Music	
MUSC 410	Psychology of Music	
MUSC 471	Musicians' Health: Music and Medicine	
Total Credit Hours		52-55

^{*} World Language other than that used to satisfy lower division General Education (French, German or Italian strongly recommended).

⁺ Students are required to earn credits through participating in ensembles appropriate to their specialties. Instrumental and voice majors will be required to participate in seven semesters of large ensemble and four semesters of small ensemble. Keyboard, harpsichord, organ, and guitar majors will have a seven-semester requirement, of which at least two should be in a large ensemble. Large ensembles include: wind ensemble, symphony orchestra, concert choir, and guitar ensemble. Small ensembles may include, but are not limited to: Madrigal Singers, Collegium Musicum, Opera and Musical Theater Production and Performance, new music ensemble, brass choir, contemporary music ensemble, clarinet choir, flute choir, jazz choir, jazz orchestra, jazz combo, and chamber music groups of varied sizes and instrumentation (brass, woodwind, percussion, guitar, string, piano, mixed ensembles, etc.). Small ensemble

offerings may vary each semester; check the class schedule for the latest ensemble availability.

Additional Requirements and Information

Ensemble Options for Bachelor of Music and Music BA Majors

Each degree program has specific ensemble requirements, which are listed under the course requirements above.

For the purposes of fulfilling large Choral or Instrumental ensemble requirements, students may use only Wind Ensemble, Symphony Orchestra, Guitar Ensemble, Concert Choir, or Symphonic Band (based on general wind/brass/percussion ensemble audition).

For the purposes of fulfilling small ensemble requirements, students may use a variety of ensembles including, but not limited to: Madrigal Singers, Opera and Musical Theater Production and Performance, New Music Ensemble, Diehn Chorale, Brass Choir, Contemporary Music Ensemble, Clarinet Choir, Flute Choir, Jazz Choir, Jazz Orchestra, Jazz Combo, Chamber Music groups of varied sizes and instrumentation (brass, woodwind, percussion, guitar, string, piano, mixed ensembles, etc.), Saxophone Quartet, Collegium Musicum, and more.

Students in the Jazz Studies major must select eight semesters of a jazz or jazz-related ensemble. This includes Jazz Choir, Jazz Orchestra, Jazz Combo or other jazz -related ensemble of varied sizes and instrumentation.

Ensemble offerings may vary each semester; check the class schedule for the latest ensemble availability. Ensemble participation should be made in consultation with the appropriate Area Director/s, Applied Instructors, and Program Advisors.

Other ensembles are offered for credit, such as and including Athletic Bands. Some ensembles are also open to non-music majors with enrollment based on an audition and instrumentation needs.

All of these ensembles are led by and/or coached by a DSOM faculty member.

Students should be aware of the necessity for ensemble diversity, and are encouraged to participate in as many different ensembles as their schedules and advisors will allow.

Applied Lesson Continuance Policy

If a student fails two semesters of applied lessons, he or she will be required to re-audition for applied lesson placement and may be advised to choose another degree program that does not require applied lessons. If a student has five or more unexcused absences in one semester, he or she will fail applied music for that semester. An audition is required to re-enter applied music after an absence of two consecutive semesters or more.

Jury Examinations

Applied music students taking hour lessons at the MUSA 141, MUSA 151, MUSA 161 level or higher must play a jury examination each semester. Failure to perform a required jury will result in a final applied grade of F. The jury grade counts as 50% of the final applied grade. The remaining 50% is based on progress in lessons and is determined by the student's teacher. Students auditing Applied Music take juries in the first semester in which they are enrolled for credit. Audit status is normally allowed for one semester only and is granted on the auditioning committee's recommendation that the student will likely be ready for credit study after one semester of audit study. A student with audit status will audition for credit study during the jury examination period at the close of the audit semester.

Accompanying

All keyboard students are expected to accompany at least once a semester on a General Student Recital, Performance Session, or Applied Music Jury Examination after they have attained the Applied Music numbering of 241 and above or 251 and above, and after they have studied keyboard at Old Dominion University for a minimum of one semester.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

or Italian strongly recommended) may be required through the 102 level if not waived. Please confer with your academic advisor.

+ MUSC 466, MUSC 491, or MUSC 492 recommended.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor Music Performance Minor Requirements

For a minor in one of the several areas of music performance, the student must complete 12 hours at the 300/400 level. An audition is required. Prerequisites for the minor (not included in the grade point average) are MUSA 210 and MUSA 211. Requirements for the minor are:

Applied Instrumental or Vocal Lessons:	8
MUSA 310	Hour Lesson - Music Minor
MUSA 311	Hour Lesson - Music Minor
MUSA 410	Hour Lesson - Music Minor
MUSA 411	Hour Lesson - Music Minor
Four additional hours of upper-division music courses	4

Vocal Performance minors must take the following:

MUSC 345	Diction for Singers
MUSC 346	Diction for Singers
Total Credit Hours	12

All music minors are required to enroll in and pass MUSC 311+, the zero credit Recital Attendance class, for a total of four semesters in order to be eligible for graduation. Should their graduation be projected in under four semesters, music minors may receive accelerated credit by doubling attendance totals in any given semester. Refer to the MUSC 311+ syllabus and Music Student Handbook (<https://www.odu.edu/music/students/undergraduate/handbook/section-three/>) for complete information.

For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Bachelor of Music Music with a Major in PreK-12 Instrumental Music Education (BM)

Douglas T. Owens (<https://www.odu.edu/directory/douglas-owens/>), Program Advisor

Students completing the Bachelor of Music, Music Education degree will be recommended for the appropriate license to teach music in the public schools. Majors are available in vocal or instrumental music for grades PreK-12. Music Education graduates that complete the approved teacher education program (including the Teacher Candidate Internship) are eligible for teaching licensure from the Virginia Department of Education, which is reciprocal in multiple states.

The ODU Bachelor of Music, Music Education degree program provides comprehensive preparation for the pre-service music educator. Multiple observation, practicum and internship field experiences allow the student to build upon the superb pedagogical, applied and ensemble performance foundation required throughout the curriculum.

Contact Dr. Douglas Owens (dtowens@odu.edu), Music Education Undergraduate Program Advisor, for additional information.

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major

Oral Communication requirement is satisfied in the major

Human Creativity cannot be met by MUSC 126A or MUSC 264A

Impact of Technology requirement is satisfied in the major with MUSC 335T

Upper-Division General Education

Satisfied through the professional education sequence.

Requirements for Graduation

Requirements for graduation include completion of ENGL 110C , ENGL 211C or ENGL 231C , and the writing intensive (W) course in the major with a grade of C or better; completion of the Senior Assessment; a minimum cumulative 2.75 GPA in the major area and in the professional education core with no grade less than a C- in the major/content and the professional education core; successful completion of the Teacher Candidate Internship, and a minimum of 128-136 credit hours, which must include both a minimum of 32-34 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.

Licensure requirements also include certificate of completion in First Aid/AED/CPR, Dyslexia Awareness Training, Child Abuse and Neglect Recognition and Intervention Training, and Regulations Governing the Use of Restraint and Seclusion in Elementary and Secondary Schools, and Cultural Competence Training

Due to changing University requirements, national accreditation standards, and the Virginia Board of Education licensure regulations, the teacher education programs in the College of Arts and Letters are under constant revision. Any changes resulting from these factors supersede the program requirements described in this Catalog. Students are encouraged to obtain current program information from their advisors and from the Office of Clinical Experiences website at <https://www.odu.edu/oce> (<https://www.odu.edu/oce/>).

Departmental Requirements

MUSC 160	Music and Ideas **	1

MUSC 426	Marching Band Techniques and Arranging (woodwind, brass and percussion. String students should take MUSC 424 Orchestration.)	2
Small Instrumental Ensemble (two semesters)		2
Large Instrumental Ensemble (five semesters) *		5
Monarch Marching Band is required for Woodwind, Brass, Percussion Only:		0-1
MUSC 390	Monarch Marching Band	
Applied Music Primary Performance Area - MUSA 141-441 **		14
Completion of half-hour senior recital required		
Recital Attendance Credit required ***		
Total Credit Hours		128-136

* The large instrumental ensemble requirement will be met through participation in wind ensemble, symphonic band, and orchestra as assigned by the ensemble directors. In addition, woodwind, brass and percussion instrumentalists are required to complete one semester of Marching Band, MUSC 390.

** At least two credits must be at the 400-level.

*** All Bachelor of Music, Music Education majors are required to enroll in and pass MUSC 311+ (<https://catalog.odu.edu/search/?P=MUSC%20311%2B>), the zero credit Recital Attendance class, for a total of six semesters in order to be eligible for graduation. Refer to the MUSC 311+ (<https://catalog.odu.edu/search/?P=MUSC%20311%2B>) syllabus and the Music Student Handbook (<https://www.odu.edu/music/students/undergraduate/handbook/section-three/>) for complete information.

+ A grade of C- or better is required in all major courses.

Dual Certification–Fifth Year Program

It is possible to receive dual certification (in both instrumental and vocal music education) by completing an additional year of study. The additional course requirements are listed below. The student teaching experience in this program will be a half semester of vocal teaching and a half semester of instrumental teaching. Students interested in dual certification should be advised by the Diehn School of Music music education specialist as early in their degree program as possible.

Instrumental

For those students who have started the PreK-12 Instrumental Music Education program (as described in the catalog) and need to add the vocal component of the five-year Dual Certification program, the following additional courses are required:

MUSC 130	Functional Piano Skills	1
Upon the completion of MUSC 130, students will take the Piano Barrier Exam.		
MUSE 141	Music Education Applied Piano Lesson	2
MUSA 139	Half-Hour Lesson (Voice)	1
MUSA 140	Half-Hour Lesson (Voice)	1

MUSA 239	Half-Hour Lesson (Voice)	1
MUSA 240	Half-Hour Lesson (Voice)	1
MUSA 240	Half-Hour Lesson (Voice)	1
MUSC 381+	Concert Choir	1
MUSC 403	Music Education: Secondary Vocal Methods	2
Vocal/Choral Proficiency exam required after passing MUSC 403		
MUSC 404	Music Education: Practicum (Secondary Vocal)	1
MUSC 413	Advanced Choral Conducting	2
Total Credit Hours		14

Vocal

For those students who have begun the PreK-12 Vocal Music Education program (as described in the catalog) and need to add the instrumental component of the five-year Dual Certification program, the following additional courses are required:

MUSC 301	Music Education: High Brass Class	1
MUSC 302	Music Education: Low Brass Class	1
MUSC 303	Music Education: Clarinet and Oboe Class	1
MUSC 304	Music Education: Woodwind Class	1
MUSC 305	Music Education: Upper Strings Class	1
MUSC 306	Music Education: Lower Strings Class	1
MUSC 307	Music Education: Percussion Class I	1
MUSC 310	Music Education: Percussion Class II	1
MUSC 407	Music Education: Secondary Instrumental Methods	2
MUSC 408	Music Education: Practicum (Secondary Instrumental)	1
MUSC 414	Advanced Instrumental Conducting	2
MUSC 380	Symphonic Band	1
or		
MUSC 382+	Wind Ensemble	
or		
MUSC 383+	Symphony Orchestra	
Total Credit Hours		14

Additional Requirements and Information

License in Music Education

Admission

All students must apply for and be admitted into the approved music education program. Students must meet the required criteria for admission by earning the minimum required grade point averages (GPA). This process is typically completed in the sophomore year after completing MUSC 300, Foundations of Music Education. See *Applying to Undergraduate Programs* on the Office of Clinical Experiences web pages for more information and the application process, or contact your Music Education advisor.

Required grade point averages (GPA)

- A cumulative GPA of 2.75 is required.
- A major/content GPA of 2.75 is required – A grade of C or better is required in MUSC 221, MUSC 222, MUSC 223, MUSC 224, MUSC 321, MUSC 323, and MUSC 362W. All other Music courses must be passed with a grade of C- or higher.
- A professional education GPA of 2.75 is required – All professional education courses must be passed with a grade of C- or higher.

Although students may enroll in a limited number of education courses, students must be admitted into the approved music education program prior to enrolling in any instructional strategies practicum education course. Students must also meet with an education advisor in the Office of Clinical Experiences.

Continuance

Students must maintain a cumulative GPA of 2.75, a major/content GPA of 2.75 and a professional education GPA of 2.75. A grade of C or better is required in MUSC 221, MUSC 222, MUSC 223, MUSC 224, MUSC 321, MUSC 323 , and MUSC 362W; all other music courses must be passed with a grade of C- or higher. The remaining courses required for the major and in the professional education core must be completed with a grade of C- or higher for continuance. A professional education GPA of 2.75 is required for continuance. Students must take and pass the PRAXIS Subject Assessment, music content knowledge examination (formerly Praxis II), test code 5113, prior to or while enrolled in the secondary music education practicum course. All assessments must be passed prior to the start of the Teacher Candidate Internship Orientation session.

Background Clearance Requirement

Old Dominion University requires a background clearance check of candidates interested in many of the professional education programs. Professional education programs have several field experiences that are required for continuance and graduation from the program. The background clearance must be successfully completed prior to a field experience placement (MUSE 151, MUSC 300, MUSC 402, MUSC 404, and MUSC 408). Candidates will be provided a field experience placement when the background check process is completed with resolution of any issues. The process to complete the ODU clearance background check is located at <https://odu.edu/oce/placement/background-checks> (<https://odu.edu/oce/placement/background-checks/>). The ODU clearance process includes: an FBI fingerprint, a child protective service/social service review, and a Virginia State Police sex offender registry review. Candidates interested in the professional education programs are advised to complete this clearance process immediately upon entry into the program since the clearance process takes a minimum of eight weeks to complete.

Virginia Board of Education Prescribed Assessments for Licensure

- Praxis Subject Assessment, Music Content Knowledge (formerly Praxis II), test code 5113. A minimum passing score of 160 or above is required for MUSC 404 or MUSC 408

To review more information on the Virginia Board of Education prescribed assessments, visit the Office of Clinical Experiences website, <https://www.odu.edu/oce> (<https://www.odu.edu/oce/>).

Ensemble Options for Bachelor of Music and Music BA Majors

Each degree program has specific ensemble requirements, which are listed under the course requirements above.

For the purposes of fulfilling large Choral or Instrumental ensemble requirements, students may use only Wind Ensemble, Symphony Orchestra, Guitar Ensemble, Concert Choir, or Symphonic Band (based on general wind/brass/percussion ensemble audition).

For the purposes of fulfilling small ensemble requirements, students may use a variety of ensembles including, but not limited to: Madrigal Singers, Opera and Musical Theater Production and Performance, New Music Ensemble, Diehn Chorale, Brass Choir, Contemporary Music Ensemble, Clarinet Choir, Flute Choir, Jazz Choir, Jazz Orchestra, Jazz Combo, Chamber Music groups of varied sizes and instrumentation (brass, woodwind, percussion, guitar, string, piano, mixed ensembles, etc.), Saxophone Quartet, Collegium Musicum, and more.

Students in the Jazz Studies major must select eight semesters of a jazz or jazz-related ensemble. This includes Jazz Choir, Jazz Orchestra, Jazz Combo or other jazz -related ensemble of varied sizes and instrumentation.

Ensemble offerings may vary each semester; check the class schedule for the latest ensemble availability. Ensemble participation should be made in consultation with the appropriate Area Director/s, Applied Instructors, and Program Advisors.

Other ensembles are offered for credit, such as and including Athletic Bands. Some ensembles are also open to non-music majors with enrollment based on an audition and instrumentation needs.

All of these ensembles are led by and/or coached by a DSoM faculty member.

Students should be aware of the necessity for ensemble diversity, and are encouraged to participate in as many different ensembles as their schedules and advisors will allow.

Applied Lesson Continuance Policy

If a student fails two semesters of applied lessons, he or she will be required to re-audition for applied lesson placement and may be advised to choose another degree program that does not require applied lessons. If a student has five or more unexcused absences in one semester, he or she will fail applied music for that semester. An audition is required to re-enter applied music after an absence of two consecutive semesters or more.

Jury Examinations

Applied music students taking hour lessons at the MUSA 141, MUSA 151, MUSA 161 level or higher must play a jury examination each semester. Failure to perform a required jury will result in a final applied grade of F. The jury grade counts as 50% of the final applied grade. The remaining 50% is based on progress in lessons and is determined by the student's teacher. Students auditing Applied Music take juries in the first semester in which they are enrolled for credit. Audit status is normally allowed for one semester only and is granted on the auditioning committee's recommendation that the student will likely be ready for credit study after one semester of audit study. A student with audit status will audition for credit study during the jury examination period at the close of the audit semester.

Accompanying

All keyboard students are expected to accompany at least once a semester on a General Student Recital, Performance Session, or Applied Music Jury Examination after they have attained the Applied Music numbering of 241 and above or 251 and above, and after they have studied keyboard at Old Dominion University for a minimum of one semester.

Degree Program Guide*

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Bachelor of Music

Music with a Major in PreK-12 Vocal Music Education (BM)

Douglas T. Owens (<https://www.odu.edu/directory/douglas-owens/>), Program Advisor

Students completing the Bachelor of Music, Music Education degree will be recommended for the appropriate license to teach music in the public schools. Majors are available in vocal or instrumental music for grades PreK-12. Music Education graduates that complete the approved teacher education program (including the Teacher Candidate Internship) are eligible for teaching licensure from the Virginia Department of Education, which is reciprocal in multiple states.

The ODU Bachelor of Music, Music Education degree program provides comprehensive preparation for the pre-service music educator. Multiple observation, practicum and internship field experiences allow the student to build upon the superb pedagogical, applied, and ensemble performance foundation required throughout the curriculum.

Contact Dr. Douglas Owens (dtowens@odu.edu), Music Education Undergraduate Program Advisor, for additional information.

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3

Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major

Oral Communication requirement is satisfied in the major

Human Creativity cannot be met by MUSC 126A or MUSC 264A

Impact of Technology requirement is satisfied in the major with MUSC 335T

Upper-Division General Education

Satisfied through the professional education sequence.

Requirements for Graduation

Requirements for graduation include completion of ENGL 110C , ENGL 211C or ENGL 231C , and the writing intensive (W) course in the major with a grade of C or better; completion of the Senior Assessment; a minimum cumulative 2.75 GPA in the major area and in the professional education core with no grade less than a C- in the major/content and the professional education core; successful completion of the Teacher Candidate Internship, and a minimum of 125-132 credit hours, which must include both a minimum of 32-33 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.

Licensure requirements also include certificate of completion in First Aid/AED/CPR, Dyslexia Awareness Training, Child Abuse and Neglect Recognition and Intervention Training, and Regulations Governing the Use of Restraint and Seclusion in Elementary and Secondary Schools, and Cultural Competence Training.

Due to changing University requirements, national accreditation standards, and the Virginia Board of Education licensure regulations, the teacher education programs in the College of Arts and Letters are under constant revision. Any changes resulting from these factors supersede the program requirements described in this Catalog. Students are encouraged to obtain current program information from their advisors and from the Office of Clinical Experiences website at <https://www.odu.edu/oce> (<https://www.odu.edu/oce/>).

Departmental Requirements

MUSC 160	Music and Ideas **	1
MUSC 221	Music Theory 1 *	2
MUSC 222	Music Theory 2 *	2
MUSC 223	Aural Skills 1 *	1
MUSC 224	Aural Skills 2 *	1
MUSC 266	Music in World Cultures **	1
MUSC 309	Principles of Conducting **	1
MUSC 321	Music Theory 3 *	2
MUSC 323	Aural Skills 3 *	1

<i>Music Theory Electives</i> **		
Choose 2-3 credits from the following:		2-3
MUSC 316	Popular Songwriting Techniques	
MUSC 322	Advanced Music Theory and Post-Tonal Compositional Techniques	
MUSC 324	Advanced Aural Skills - Tonal and Beyond (If selected, choose a 2-credit Music Theory Elective to meet the requirements)	
MUSC 337	Jazz Improvisation I	
MUSC 416	Arranging for the Contemporary Musician and Producer	
MUSC 421	Counterpoint	
MUSC 422	Form and Analysis	
MUSC 424	Orchestration	
MUSC 425	Vocal Arranging	
MUSC 440	Scoring for Film	
MUSC 335T	Music Technology Survey (satisfies impact of technology requirement) **	3
MUSC 361	History of Western Art Music from Ancient through Baroque **	3
MUSC 362W	History of Western Art Music from Classical through Modern *	3
Total Credit Hours		23-24

* Students must earn a grade of C or better in these courses to advance to the next level.

** Students must earn a grade of C- or better in these courses. All other Music courses must be passed with a grade of C- or higher.

Professional Education Core

A grade of C- or better is required in all Professional Education Core courses.

MUSE 150	Freshman Seminar 1 for Music Education Students	1
MUSE 151	Freshman Seminar II for Music Education Students	1
MUSC 300	Foundations of Music Education	3
MUSC 401	Music Education: Elementary Vocal and General Methods	2

Complete professional core	34

PreK-12 Vocal Music Education Major ⁺

MUSC 101	Beginning Piano Class (I)	1
MUSC 102	Beginning Piano Class (II)	1
MUSC 130	Functional Piano Skills	1

Upon completion of MUSC 130, students will take the Piano Barrier Exam.

MUSE 141	Music Education Applied Piano Lesson	2
MUSC 345	Diction for Singers (I)	1
MUSC 346	Diction for Singers (II)	1
MUSC 409	Music Education: Instrumental Techniques	1
MUSC 413	Advanced Choral Conducting	2
MUSC 425	Vocal Arranging (if not offered, MUSC 424 or MUSC 426 can be substituted)	2

Applied Music Requirement - MUSA 141-441*	14

Ensemble Requirement

Concert Choir (five semesters)	5
Small Vocal Ensemble (two semesters)**	2

Vocal/Choral Proficiency exam required after passing MUSC 403

Recital Attendance Credit required ***

Total Credit Hours	125-132

* Fourteen credit hours of the primary performance area, at least two of which must be at the 400-level, are required. Successful completion of a half-hour recital.

** Guitarists may choose guitar ensembles in lieu of small vocal ensemble.

*** All Bachelor of Music, Music Education majors are required to enroll in and pass MUSC 311+ (<https://catalog.odu.edu/search/?P=MUSC%20311%2B>), the zero credit Recital Attendance class, for a total of six semesters in order to be eligible for graduation. Refer to the MUSC 311+ (<https://catalog.odu.edu/search/?P=MUSC%20311%2B>) syllabus and the Music Student Handbook (<https://www.odu.edu/music/students/undergraduate/handbook/section-three/>) for complete information.

+ A grade of C- or better is required in all major courses.

Guitar Applied Music Area

Students that study Classical Guitar must complete the following courses in addition to the Vocal Music Education departmental requirements and professional education core.

MUSC 101	Beginning Piano Class	1
MUSC 102	Beginning Piano Class	1
MUSC 130	Functional Piano Skills	1

Upon completion of MUSC 130, students will take the Piano Barrier Exam

MUSE 141	Music Education Applied Piano Lesson	2
MUSC 107	Beginning Voice Class (I)	1
MUSA 139	Half-Hour Lesson (Voice)	1
MUSA 140	Half-Hour Lesson (Voice)	1
MUSA 239	Half-Hour Lesson (Voice)	1
MUSA 240	Half-Hour Lesson (Voice)	1
MUSA 240	Half-Hour Lesson (Voice)	1
MUSC 345	Diction for Singers (I)	1

MUSC 346	Diction for Singers (II)	1
MUSC 409	Music Education: Instrumental Techniques	1
MUSC 413	Advanced Choral Conducting	2

Ensemble		
Concert Choir (five semesters)		5
Small Vocal Ensemble (2 semesters) **		2
Vocal/Choral Proficiency exam required after passing MUSC 403		
Recital Attendance Credit required***		
Total Credit Hours		35

- * Fourteen credit hours of the primary performance area, at least two of which must be at the 400-level, are required. Successful completion of a half-hour recital.
- ** Guitarists may choose guitar ensembles in lieu of small vocal ensemble.

All Bachelor of Music, Music Education majors are required to enroll in and pass MUSC 311+ (<https://catalog.odu.edu/search/?P=MUSC%20311%2B>), the zero credit Recital Attendance class, for a total of six semesters in order to be eligible for graduation. Refer to the MUSC 311+ (<https://catalog.odu.edu/search/?P=MUSC%20311%2B>) syllabus and the Music Student Handbook (<https://www.odu.edu/music/students/undergraduate/handbook/section-three/>) for complete information.

Dual Certification–Fifth Year Program

It is possible to receive dual certification (in both instrumental and vocal music education) by completing an additional year of study. The additional course requirements are listed below. The student teaching experience in this program will be a half semester of vocal teaching and a half semester of instrumental teaching. Students interested in dual certification should be advised by the Diehn School of Music music education specialist as early in their degree program as possible.

Instrumental

For those students who have started the Instrumental Music Education program (as described in the catalog) and need to add the vocal component of the five-year Dual Certification program, the following additional courses are required:

MUSC 130	Functional Piano Skills	1
Upon the completion of MUSC 130, students will take the Piano Barrier Exam.		
MUSE 141	Music Education Applied Piano Lesson	2
MUSA 139	Half-Hour Lesson (Voice)	1
MUSA 140	Half-Hour Lesson (Voice)	1
MUSA 239	Half-Hour Lesson (Voice)	1
MUSA 240	Half-Hour Lesson (Voice)	1
MUSA 240	Half-Hour Lesson (Voice)	1
MUSC 381+	Concert Choir	1
MUSC 403	Music Education: Secondary Vocal Methods	2
Vocal/Choral Proficiency exam required after passing MUSC 403		
MUSC 404	Music Education: Practicum (Secondary Vocal)	1
MUSC 413	Advanced Choral Conducting	2
Total Credit Hours		14

Vocal

For those students who have started the Vocal Music Education program (as described in the catalog) and need to add the instrumental component of the five-year Dual Certification program, the following additional courses are required:

MUSC 301	Music Education: High Brass Class	1
MUSC 302	Music Education: Low Brass Class	1
MUSC 303	Music Education: Clarinet and Oboe Class	1
MUSC 304	Music Education: Woodwind Class	1
MUSC 305	Music Education: Upper Strings Class	1
MUSC 306	Music Education: Lower Strings Class	1
MUSC 307	Music Education: Percussion Class I	1
MUSC 310	Music Education: Percussion Class II	1
MUSC 407	Music Education: Secondary Instrumental Methods	2
MUSC 408	Music Education: Practicum (Secondary Instrumental)	1
MUSC 414	Advanced Instrumental Conducting	2
MUSC 380	Symphonic Band	1

or

MUSC 382+	Wind Ensemble
or	
MUSC 383+	Symphony Orchestra
Total Credit Hours	14

The vocal area of study requires passage of a vocal/choral proficiency examination and a piano barrier examination before a student is eligible for Teacher Candidate Internship.

Additional Requirements and Information

License in Music Education

Admission

All students must apply for and be admitted into the approved music education program. Students must meet the required criteria for admission by earning the minimum required grade point averages (GPA). This process is typically completed in the sophomore year after completing MUSC 300, Foundations of Music Education. See *Applying to Undergraduate Programs* on the Office of Clinical Experiences web pages for more information and the application process, or contact your Music Education advisor.

Required grade point averages (GPA)

- A cumulative GPA of 2.75 is required.
- A major/content GPA of 2.75 is required – A grade of C or better is required in MUSC 221, MUSC 222, MUSC 223, MUSC 224, MUSC 321, MUSC 323, and MUSC 362W. All other Music courses must be passed with a grade of C- or higher.
- A professional education GPA of 2.75 is required – All professional education courses must be passed with a grade of C- or higher.

Although students may enroll in a limited number of education courses, students must be admitted into the approved music education program prior to enrolling in any instructional strategies practicum education course. Students must also meet with an education advisor in the Office of Clinical Experiences.

Continuance

Students must maintain a cumulative GPA of 2.75, a major/content GPA of 2.75 and a professional education GPA of 2.75. A grade of C or better is required in MUSC 221, MUSC 222, MUSC 223, MUSC 224, MUSC 321, MUSC 323, and MUSC 362W; all other music courses must be passed with a grade of C- or higher. The remaining courses required for the major and in the professional education core must be completed with a grade of C- or higher for continuance. A professional education GPA of 2.75 is required for continuance. Students must take and pass the PRAXIS Subject Assessment, music content knowledge examination (formerly Praxis II), test code 5113, prior to or while enrolled in the secondary music education practicum course. All assessments must be passed prior to the start of the Teacher Candidate Internship Orientation session.

Background Clearance Requirement

Old Dominion University requires a background clearance check of candidates interested in many of the professional education programs. Professional education programs have several field experiences that are required for continuance and graduation from the program. The background clearance must be successfully completed prior to a field experience placement (MUSE 151, MUSC 300, MUSC 402, MUSC 404, and MUSC 408). Candidates will be provided a field experience placement when the background check process is completed with resolution of any issues. The process to complete the ODU clearance background check is located at <https://odu.edu/oce/placement/background-checks> (<https://odu.edu/oce/placement/background-checks/>). The ODU clearance process includes: an FBI fingerprint, a child protective service/social service review, and a Virginia State Police sex offender registry review. Candidates interested in the professional education programs are advised to complete this clearance process immediately upon entry into the program since the clearance process takes a minimum of eight weeks to complete.

Virginia Board of Education Prescribed Assessments for Licensure

- Praxis Subject Assessment, Music Content Knowledge (formerly Praxis II), test code 5113. A minimum passing score of 160 or above is required for MUSC 404 or MUSC 408

To review more information on the Virginia Board of Education prescribed assessments, visit the Office of Clinical Experiences website, <https://www.odu.edu/oce> (<https://www.odu.edu/oce/>).

Ensemble Options for Bachelor of Music and Music BA Majors

Each degree program has specific ensemble requirements, which are listed under the course requirements above.

For the purposes of fulfilling large Choral or Instrumental ensemble requirements, students may use only Wind Ensemble, Symphony Orchestra, Guitar Ensemble, Concert Choir, or Symphonic Band (based on general wind/brass/percussion ensemble audition).

For the purposes of fulfilling small ensemble requirements, students may use a variety of ensembles including, but not limited to: Madrigal Singers, Opera and Musical Theater Production and Performance, New Music Ensemble, Diehn Chorale, Brass Choir, Contemporary Music Ensemble, Clarinet Choir, Flute Choir, Jazz Choir, Jazz Orchestra, Jazz Combo, Chamber Music groups of varied sizes and instrumentation (brass, woodwind, percussion, guitar, string, piano, mixed ensembles, etc.), Saxophone Quartet, Collegium Musicum, and more.

Students in the Jazz Studies major must select eight semesters of a jazz or jazz-related ensemble. This includes Jazz Choir, Jazz Orchestra, Jazz Combo or other jazz -related ensemble of varied sizes and instrumentation.

Ensemble offerings may vary each semester; check the class schedule for the latest ensemble availability. Ensemble participation should be made in consultation with the appropriate Area Director/s, Applied Instructors, and Program Advisors.

Other ensembles are offered for credit, such as and including Athletic Bands. Some ensembles are also open to non-music majors with enrollment based on an audition and instrumentation needs.

All of these ensembles are led by and/or coached by a DSoM faculty member.

Students should be aware of the necessity for ensemble diversity, and are encouraged to participate in as many different ensembles as their schedules and advisors will allow.

Applied Lesson Continuance Policy

If a student fails two semesters of applied lessons, he or she will be required to re-audition for applied lesson placement and may be advised to choose another degree program that does not require applied lessons. If a student has five or more unexcused absences in one semester, he or she will fail applied music for that semester. An audition is required to re-enter applied music after an absence of two consecutive semesters or more.

Jury Examinations

Applied music students taking hour lessons at the MUSA 141, MUSA 151, MUSA 161 level or higher must play a jury examination each semester. Failure to perform a required jury will result in a final applied grade of F. The jury grade counts as 50% of the final applied grade. The remaining 50% is based on progress in lessons and is determined by the student's teacher. Students auditing Applied Music take juries in the first semester in which they are enrolled for credit. Audit status is normally allowed for one semester only and is granted on the auditioning committee's recommendation that the student will likely be ready for credit study after one semester of audit study. A student with audit status will audition for credit study during the jury examination period at the close of the audit semester.

Accompanying

All keyboard students are expected to accompany at least once a semester on a General Student Recital, Performance Session, or Applied Music Jury Examination after they have attained the Applied Music numbering of 241

and above or 251 and above, and after they have studied keyboard at Old Dominion University for a minimum of one semester.

Degree Program Guide*

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major

Human Creativity: Cannot be met by MUSC 126A or MUSC 264A

Impact of Technology requirement is satisfied in the major with MUSC 335T

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Emphasis in Sound Recording Technology

MUSC 336	Electronic Music	
MUSC 340	Synthesis and Sound Design Techniques for Music Production	
MUSC 350	Music Notation	
Recital Attendance Credit required ***		
Total Credit Hours		124-139

*	Students must earn a C or better in these courses to advance to the next level.
**	Students must earn a grade of C- or better in these courses.
***	PLEASE NOTE: All Bachelor of Music, Sound Recording Technology majors are required to enroll in and pass MUSC 311+, the zero credit Recital Attendance class, for a total of six semesters in order to be eligible for graduation. Refer to the MUSC 311+ syllabus and the Music Student Handbook (https://www.odu.edu/music/students/undergraduate/handbook/section-three/) for complete information.
+	Students must participate in ensembles for a total of seven (7) semesters as part of their degree requirements. At least two (2) semesters must be in a large ensemble, with up to three (3) additional semesters allowable toward degree completion. For the remaining two (2) to five (5) semesters, students may enroll in ensembles that align with their instrumental or vocal specialization. To promote a diverse ensemble experience, no more than two (2) semesters in any single ensemble may count toward this requirement. Exceptions include additional semesters in a large ensemble and instrument-specific limitations on ensemble choices. Additional exceptions may be granted with approval from the Director of the SRT program and the program advisor. Large ensembles include: symphonic band, wind ensemble, symphony orchestra, concert choir and guitar ensemble. Students studying applied guitar in the BM with an Emphasis in Sound Recording and Technology program may substitute jazz orchestra or other similar option for their large ensemble with approval from the Director of SRT and Program Advisor. Small ensembles may include: Commercial Music Ensemble, Madrigal Singers, Collegium Musicum, Opera and Musical Theater Production and Performance, new music ensemble, brass choir, clarinet choir, flute choir, jazz choir, jazz orchestra, and chamber music groups of varied sizes and instrumentation (brass, woodwind, percussion, guitar, string, piano, mixed ensembles, etc.). Small ensemble offerings may vary each semester; check the class schedule for the latest ensemble availability.
++	If eligible, MUSA 460, MUSA 462, MUSA 463, and MUSA 464 may be used in place of or in addition to MUSA 362 and/or MUSA 461. Confirm eligibility with the Director of SRT or the Program Advisor.

Additional Requirements and Information

Ensemble Options for Bachelor of Music and Music BA Majors

Each degree program has specific ensemble requirements, which are listed under the course requirements above.

For the purposes of fulfilling large Choral or Instrumental ensemble requirements, students may use only Wind Ensemble, Symphony Orchestra, Guitar Ensemble, Concert Choir, or Symphonic Band (based on general wind/brass/percussion ensemble audition).

For the purposes of fulfilling small ensemble requirements, students may use a variety of ensembles including, but not limited to: Madrigal Singers, Opera and Musical Theater Production and Performance, New Music Ensemble, Diehn Chorale, Brass Choir, Contemporary Music Ensemble, Clarinet Choir, Flute Choir, Jazz Choir, Jazz Orchestra, Jazz Combo, Chamber Music groups of varied sizes and instrumentation (brass, woodwind, percussion, guitar, string, piano, mixed ensembles, etc.), Saxophone Quartet, Collegium Musicum, and more.

Students in the Jazz Studies major must select eight semesters of a jazz or jazz-related ensemble. This includes Jazz Choir, Jazz Orchestra, Jazz Combo or other jazz -related ensemble of varied sizes and instrumentation.

Ensemble offerings may vary each semester; check the class schedule for the latest ensemble availability. Ensemble participation should be made in consultation with the appropriate Area Director/s, Applied Instructors, and Program Advisors.

Other ensembles are offered for credit, such as and including Athletic Bands. Some ensembles are also open to non-music majors with enrollment based on an audition and instrumentation needs.

All of these ensembles are led by and/or coached by a DSoM faculty member.

Students should be aware of the necessity for ensemble diversity, and are encouraged to participate in as many different ensembles as their schedules and advisors will allow.

Applied Lesson Continuance Policy

If a student fails two semesters of applied lessons, he or she will be required to re-audition for applied lesson placement and may be advised to choose another degree program that does not require applied lessons. If a student has five or more unexcused absences in one semester, he or she will fail applied music for that semester. An audition is required to re-enter applied music after an absence of two consecutive semesters or more.

Jury Examinations

Applied music students taking hour lessons at the MUSA 141, MUSA 151, MUSA 161 level or higher must play a jury examination each semester. Failure to perform a required jury will result in a final applied grade of F. The jury grade counts as 50% of the final applied grade. The remaining 50% is based on progress in lessons and is determined by the student's teacher. Students auditing Applied Music take juries in the first semester in which they are enrolled for credit. Audit status is normally allowed for one semester only and is granted on the auditioning committee's recommendation that the student will likely be ready for credit study after one semester of audit study. A student with audit status will audition for credit study during the jury examination period at the close of the audit semester.

Accompanying

All keyboard students are expected to accompany at least once a semester on a General Student Recital, Performance Session, or Applied Music Jury Examination after they have attained the Applied Music numbering of 241 and above or 251 and above, and after they have studied keyboard at Old Dominion University for a minimum of one semester.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly

encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor Music Production Minor Requirements

For a minor in music production, the student must complete 12 hours at the 300/400 level. Prerequisites for the minor (not included in the grade point average) are MUSC 335T (for the entire minor) and MUSC 221 (for MUSC 316 and MUSC 440 only). Requirements for the minor are:

MUSC 461	History of Recorded Music	3
Select three of the following:		9
MUSC 315	Digital Audio Workstation Essentials	
MUSC 316	Popular Songwriting Techniques	
MUSC 333	Music Business and Entrepreneurship	
MUSC 340	Synthesis and Sound Design Techniques for Music Production	
MUSC 352	Critical Listening in Audio Production	
MUSC 355	Music Production I	

Total Credit Hours**12**

All music minors are required to enroll in and pass MUSC 311+, the zero credit Recital Attendance class, for a total of four semesters in order to be eligible for graduation. Should their graduation be projected in under four semesters, music minors may receive accelerated credit by doubling attendance totals in any given semester. Refer to the MUSC 311+ syllabus and Music Student Handbook (<https://www.odu.edu/music/students/undergraduate/handbook/section-three/>) for complete information.

For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

History

Web Site: <http://www.odu.edu/historydept> (<http://www.odu.edu/historydept/>)

Ingo Heidbrink, Chair

The study of history is central to a liberal arts education, and provides students with the insights and analytical skills useful to understanding our contemporary world. The history major at Old Dominion University prepares students for careers in government service, law, international trade, education, journalism, and other areas. History majors from ODU have gone on to the PhD in history as well as related fields in the humanities and social sciences. Many of our history majors have become exceptional teachers.

Programs

Bachelor of Arts Programs

- History (BA) (p. 237)
- History with a Major in Secondary History/Social Sciences Education (6-12) (BA) (p. 240)

Minor Program

- History Minor (p. 244)

Linked Bachelor of Arts and Master of Arts–History

Students with exceptional academic skills can enter this program and count up to 12 credit hours of graduate history courses toward both an undergraduate and graduate degree. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Admission Requirements

To be admitted to the program, students must be a declared major in history, have completed a minimum of 60 undergraduate credit hours, including at least nine hours in history courses at the 300-level or above, and have a GPA of 3.30 or better overall and in history.

Admission Procedures

Students who meet the admission requirements should consult with the graduate program director to discuss their eligibility and to plan graduate courses to be taken as an undergraduate. During their senior year, students must file an application to the program in history with the Office of Admissions. This application includes an Old Dominion University graduate application, a 500-word personal statement, at least two letters of recommendation, and a writing sample of 10+ pages using primary and secondary sources. Graduate admission deadlines apply.

Once students have been awarded their BA degree and fulfilled all regular admission requirements for the MA in history, they will be officially admitted into the MA program.

Requirements for the Linked BA/MA Program

Students in the program will fulfill all regular admission and curricular requirements for both the BA and MA in history, with the following exceptions:

1. Upon completing 90 hours of undergraduate work and attaining senior status, admitted students may take up to 12 hours of graduate courses as an undergraduate, provided that those courses fulfill curricular requirements for both the BA and MA degrees in history.
2. Students will need to complete the following major requirements for the BA:

HIST 100-level elective: *	3
HIST 201 Introduction to Historical Methods **	3
HIST 402W Senior Seminar in History	3
HIST 300 and 400-level classes ***	21
Field One: United States History	
Field Two: European History	
Field Three: Area Studies (Asia, Latin America, Middle East, Russia, Africa)	
Field Four: Comparative History	
Total Credit Hours	30

- * Only HIST courses fulfill history course requirements for the major and the Interpreting the Past requirement for the General Education requirement.
- ** Meets information literacy and research requirement.
- *** A minimum of one class from three of the four fields listed, one of which must be 400-level

Up to 12 credits of graduate-level course work taken as an undergraduate during the senior year can substitute for 300- and 400-level requirements above and will be counted toward the BA degree in history. The following guidelines apply:

A. Any 500-level course that is cross listed with a 400-level course may be substituted for the 400-level course; however, the student cannot take a 500-level course which has already been taken at the 400 level. Only nine credits of 500-level course work will count toward the MA degree.

B. The following courses can be taken to fulfill the 300-400 level American elective requirement:

HIST 602	Readings in Early American History	3
HIST 607	A People's Contest: Civil War and Reconstruction	3
HIST 609	Melting Pot? Readings in Immigration History	3
HIST 610	Edible History: Food and Drink in the U.S. and Global History	3
HIST 611	The Military in America	3
HIST 617	The Long Civil Rights Movement	3
HIST 619	United States Labor and Working Class History	3
HIST 622	The Atlantic Slave Trade	3
HIST 621	The Atlantic World and Early America	3
HIST 683	History of the Global 1960s	3

C. The following courses can be taken to fulfill the 300-400 level European elective requirement:

HIST 636	The British Empire	3
HIST 641	Individual & Society in Ancient Greece	3
HIST 643	Religion, Culture, and Empire in Greco-Roman Palestine	3
HIST 646	Studies in Russian History	3

HIST 648	France and the Sea	3
HIST 655	Early Modern Europe: Religion, Reform, and Violence	3
HIST 657	Old Regime and French Revolution	3
HIST 662	North Atlantic Resources	3
HIST 674	Holocaust History and Memory	3

D. The following course can be taken to fulfill the 300-400 level elective requirement in African, Asian, Latin American, Middle Eastern, or Russian history:

HIST 628	History of the U.S. Mexico Borderlands	3

3. All graduate courses taken as an undergraduate that are completed with a grade of B (3.0) or better will also count toward the 30-credit MA degree in history.

Students should consult the Graduate Catalog for information and requirements for the MA in history.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts History (BA)

Robert Del Corso, Chief Departmental Advisor rdelcors@odu.edu

The Department of History offers a Bachelor of Arts degree that prepares students broadly for modern careers in business, government, and teaching, or for graduate study in history, law, library science, business, or education. The major requires 36 hours of course work. At least 12 hours of History at the 300 and 400 levels must be taken in courses offered by Old Dominion University.

Specialization options include Race, Gender, and Religion; War, Revolution, and Society; Mobilities and Migrations; History of Science and Technology; and Maritime History.

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Language and Culture: Proficiency through 202 level: proficiency is not met by completion of an associate degree.

Lower-division information literacy and research general education requirement is satisfied in the major by HIST 201.

Only a HIST course fulfills the lower-division interpreting the past general education requirement.

Impact of Technology: HIST 304T, HIST 386T, HIST 388T, or HIST 389T

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.

- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

History Major

General Education

Complete lower-division requirements ¹	35-44
Complete upper-division requirements (minimum of 6 credit hours)	6
Complete foreign language coursework through the 202 level	0-6

History

HIST 201	Introduction to Historical Methods ²	3
HIST 402W	Senior Seminar in History ³	3
Applied History requirement		3
HIST 368	Internship	
HIST 481	Museums and Museology	
HIST 483	Oral History	
HIST 300 and 400-level classes ⁴		24
Field One: United States History (at least 2 classes)		
Field Two: Pre-1800 History (at least 2 classes)		
Field Three: Post-1800 World History (at least 2 classes)		

Total Credit Hours	74-89

- 1 Only a HIST course fulfills the lower-division interpreting the past general education requirement.
- 2 Fulfills the lower-division information literacy and research general education requirement.
- 3 Grade of C or better required.
- 4 At least one elective must be at the 400-level. If an optional specialization is selected, four of the eight electives must be chosen from a single specialization. Specialization options include Race, Gender, and Religion; War, Revolution, and Society; Mobilities and Migrations; History of Science and Technology; and Maritime History.

Elective Credit

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements and Information

Advanced Placement

Advanced placement credit is awarded to students who earn qualifying scores on AP and IB subject examinations. See the equivalency charts on the Office of Undergraduate Admissions website at <https://www.odu.edu/admission/undergraduate/credit> (<https://www.odu.edu/admission/undergraduate/credit>). Students may also earn advanced placement credit with a qualifying score on the CLEP exam. Consult the Testing Center for further information on advanced placement.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked Bachelor of Arts and Master of Arts–History

Students with exceptional academic skills can enter this program and count up to 12 credit hours of graduate history courses toward both an undergraduate and graduate degree. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Admission Requirements

To be admitted to the program, students must be a declared major in history, have completed a minimum of 60 undergraduate credit hours, including at least nine hours in history courses at the 300-level or above, and have a GPA of 3.30 or better overall and in history.

Admission Procedures

Students who meet the admission requirements should consult with the graduate program director to discuss their eligibility and to plan graduate courses to be taken as an undergraduate. During their senior year, students must file an application to the program in history with the Office of Admissions. This application includes an Old Dominion University graduate application, a 500-word personal statement, at least two letters of recommendation, and a writing sample of 10+ pages using primary and secondary sources. Graduate admission deadlines apply.

Once students have been awarded their BA degree and fulfilled all regular admission requirements for the MA in history, they will be officially admitted into the MA program.

Requirements for the Linked BA/MA Program

Students in the program will fulfill all regular admission and curricular requirements for both the BA and MA in history, with the following exceptions:

1. Upon completing 90 hours of undergraduate work and attaining senior status, admitted students may take up to 12 hours of graduate courses as an undergraduate, provided that those courses fulfill curricular requirements for both the BA and MA degrees in history.
2. Students will need to complete the following major requirements for the BA:

HIST 100-level elective: *	3
HIST 201	Introduction to Historical Methods ** 3

HIST 402W	Senior Seminar in History	3
HIST 300 and 400-level classes ***		21
Field One: United States History		
Field Two: European History		
Field Three: Area Studies (Asia, Latin America, Middle East, Russia, Africa)		
Field Four: Comparative History		
Total Credit Hours		30

* Only HIST courses fulfill history course requirements for the major and the Interpreting the Past requirement for the General Education requirement.

** Meets information literacy and research requirement.

*** A minimum of one class from three of the four fields listed, one of which must be 400-level

Up to 12 credits of graduate-level course work taken as an undergraduate during the senior year can substitute for 300- and 400-level requirements above and will be counted toward the BA degree in history. The following guidelines apply:

A. Any 500-level course that is cross listed with a 400-level course may be substituted for the 400-level course; however, the student cannot take a 500-level course which has already been taken at the 400 level. Only nine credits of 500-level course work will count toward the MA degree.

B. The following courses can be taken to fulfill the 300-400 level American elective requirement:

HIST 602	Readings in Early American History	3
HIST 607	A People's Contest: Civil War and Reconstruction	3
HIST 609	Melting Pot? Readings in Immigration History	3
HIST 610	Edible History: Food and Drink in the U.S. and Global History	3
HIST 611	The Military in America	3
HIST 617	The Long Civil Rights Movement	3
HIST 619	United States Labor and Working Class History	3
HIST 622	The Atlantic Slave Trade	3
HIST 621	The Atlantic World and Early America	3
HIST 683	History of the Global 1960s	3

C. The following courses can be taken to fulfill the 300-400 level European elective requirement:

HIST 636	The British Empire	3
HIST 641	Individual & Society in Ancient Greece	3
HIST 643	Religion, Culture, and Empire in Greco-Roman Palestine	3
HIST 646	Studies in Russian History	3
HIST 648	France and the Sea	3
HIST 655	Early Modern Europe: Religion, Reform, and Violence	3
HIST 657	Old Regime and French Revolution	3
HIST 662	North Atlantic Resources	3
HIST 674	Holocaust History and Memory	3

D. The following course can be taken to fulfill the 300-400 level elective requirement in African, Asian, Latin American, Middle Eastern, or Russian history:

HIST 628	History of the U.S. Mexico Borderlands	3

3. All graduate courses taken as an undergraduate that are completed with a grade of B (3.0) or better will also count toward the 30-credit MA degree in history.

Students should consult the Graduate Catalog for information and requirements for the MA in history.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts History with a Major in Secondary History/Social Sciences Education (6-12) (BA)

The Colleges of Arts and Letters and the Darden College of Education and Professional Studies cooperate in providing a Bachelor of Arts degree that licenses recipients to teach on the secondary level in the Commonwealth of Virginia. Most other states honor this license. Students must achieve passing scores on the Virginia Board of Education prescribed assessments as a prerequisite for entry into the professional education core. They must also pass the Praxis Subject Assessment, social studies content knowledge (formerly Praxis II) in order to be admitted to TLED 485 (Teacher Candidate Internship) and to be licensed. For information on these standardized tests, students should consult with their education advisor. To gain admission to this program, students must have a cumulative grade point average of 2.75

and maintain this average to graduate. Students must also have and maintain a major/content grade point average of 2.75 with grades of C- or higher in all history/social sciences courses and a professional education grade point average of 2.75 with all grades C- or higher in all education courses. The history/social sciences content consists of history, political science, geography, and economics. An optional specialization may be completed using students' History electives; these specializations include Race, Gender, and Religion; War, Revolution, and Society; Mobilities and Migrations; History of Science and Technology; and Maritime History.

Entering students must declare their intention to take their degree in History with a major in secondary history/social sciences education (6-12) in the History Department, whereupon they will be assigned an advisor. Another advisor will be assigned in the Darden College of Education and Professional Studies. It is the responsibility of the student to see both advisors regularly.

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Language and Culture: Proficiency through 202 level; proficiency is not met by completion of an associate degree.

Lower-division information literacy and research general education requirement is satisfied in the major by HIST 201.

Only a HIST course fulfills the lower-division interpreting the past general education requirement.

Literature: WCS 100L recommended

Philosophy and Ethics: PHIL 250E recommended

Impact of Technology requirement satisfied by TLED 430W.

Human Behavior: ECON 200S is recommended; however, ECON 201S together with ECON 202S are acceptable.

Upper-Division General Education

Students in the secondary history/social sciences education (6-12) program satisfy the Upper-Division General Education requirement through their professional education courses.

Requirements for Graduation

Requirements for graduation include completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better; completion of the Senior Assessment; a minimum cumulative 2.75 GPA in the major area and in the professional education core with no grade less than a C- in the major/content and the professional education core; successful completion of the Teacher Candidate Internship, and a minimum of 122 credit hours, which must include both a minimum of 31 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.

Licensure requirements also include certificate of completion in First Aid/AED/CPR, Dyslexia Awareness Training, Child Abuse and Neglect Recognition and Intervention Training, and Regulations Governing the Use of Restraint and Seclusion in Elementary and Secondary Schools, and Cultural Competence Training.

Due to changing University requirements, national accreditation standards, and the Virginia Board of Education licensure regulations, the teacher education programs in the College of Arts and Letters are under constant revision. Any changes resulting from these factors supersede the program requirements described in this Catalog. Students are encouraged to obtain current program information from their advisors and from the Office of Clinical Experiences website at www.odu.edu/oce (<http://www.odu.edu/oce/>).

Total Credit Hours	119-134

- 1 HIST 102H fulfills the lower-division interpreting the past general education requirement.
- 2 Fulfills the lower-division information literacy and research general education requirement.
- 3 Grade of C or better required.
- 4 At least one elective must be at the 400-level. If an optional specialization is selected, four of the five electives must be chosen from a single specialization. Specialization options include Race, Gender, and Religion; War, Revolution, and Society; Mobilities and Migrations; History of Science and Technology; and Maritime History.
- 5 Fulfills the impact of technology general education requirement.

Additional Requirements and Information

Admission

All students must apply for and be admitted into the approved secondary history/social sciences education (6-12) major. Students must meet the required criteria for admission by earning the minimum required grade point averages (GPA).

Prescribed Virginia Board of Education Assessment for Admission to an Approved Teacher Education Program

For the most current information on the prescribed Virginia Board of Education admission assessment, visit the Office of Clinical Experiences website, <http://www.odu.edu/oce> (<http://www.odu.edu/oce/>) and review the *Professional Education Handbook*.

Required grade point averages (GPA)

- A cumulative GPA of 2.75 is required.
- A major/content GPA of 2.75 is required – all history and social science courses must be passed with a grade of C- or higher.
- A professional education GPA of 2.75 is required – all professional education courses must be passed with a grade of C- or higher.

Although students may enroll in a limited number of education courses, students must be admitted into the approved secondary history/social sciences education (6-12) major prior to enrolling in any instructional

strategies practicum education course. Students must also meet with an education advisor in the Office of Clinical Experiences.

Continuance

Students must maintain a cumulative GPA of 2.75, a major/content GPA of 2.75 and a professional education GPA of 2.75. History and social science courses must be passed with a grade of C- or higher. The remaining courses required for the major and in the professional education core must be completed with a grade of C- or higher for continuance. A professional education GPA of 2.75 is required for continuance. Students must take and pass the Praxis Subject Assessment, social studies content knowledge (formerly Praxis II) prior to or while enrolled in the instructional strategies course. All assessments must be passed prior to the start of the Teacher Candidate Internship Orientation session.

Background Clearance Requirement

Old Dominion University requires a background clearance check of candidates interested in many of the professional education programs. Professional education programs have several field experiences that are required for continuance and graduation from the program. The background clearance must be successfully completed prior to a field experience placement. Candidates will be provided a field experience placement when the background check process is completed with resolution of any issues. The process to complete the ODU clearance background check is located at: <http://www.odu.edu/success/academic/teacher-education/placement/background-checks> (<http://www.odu.edu/success/academic/teacher-education/placement/background-checks/>). The ODU clearance process includes: an FBI fingerprint, a child protective service/social service review, and a Virginia State Police sex offender registry review. Candidates interested in the professional education programs are advised to complete this clearance process immediately upon entry into the program since the clearance process takes a minimum of eight weeks to complete.

Virginia Board of Education Prescribed Assessments for Licensure

- Praxis Subject Assessment, social studies content knowledge (test code 5081) – passing score of 161 required.

To review more information on the Virginia Board of Education prescribed assessments, visit the Office of Clinical Experiences website, www.odu.edu/oce (<http://www.odu.edu/oce/>).

Advanced Placement

Advanced placement credit is awarded to students who earn qualifying scores on AP and IB subject examinations. See the equivalency charts on the Office of Undergraduate Admissions website at <https://www.odu.edu/admission/undergraduate/credit> (<https://www.odu.edu/admission/undergraduate/credit/>). Students may also earn advanced placement credit with a qualifying score on the CLEP exam. Consult the Testing Center for further information on advanced placement.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked Bachelor of Arts and Master of Arts–History

Students with exceptional academic skills can enter this program and count up to 12 credit hours of graduate history courses toward both an undergraduate and graduate degree. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Admission Requirements

To be admitted to the program, students must be a declared major in history, have completed a minimum of 60 undergraduate credit hours, including at least nine hours in history courses at the 300-level or above, and have a GPA of 3.30 or better overall and in history.

Admission Procedures

Students who meet the admission requirements should consult with the graduate program director to discuss their eligibility and to plan graduate courses to be taken as an undergraduate. During their senior year, students must file an application to the program in history with the Office of Admissions. This application includes an Old Dominion University graduate application, a 500-word personal statement, at least two letters of recommendation, and a writing sample of 10+ pages using primary and secondary sources. Graduate admission deadlines apply.

Once students have been awarded their BA degree and fulfilled all regular admission requirements for the MA in history, they will be officially admitted into the MA program.

Requirements for the Linked BA/MA Program

Students in the program will fulfill all regular admission and curricular requirements for both the BA and MA in history, with the following exceptions:

1. Upon completing 90 hours of undergraduate work and attaining senior status, admitted students may take up to 12 hours of graduate courses as an undergraduate, provided that those courses fulfill curricular requirements for both the BA and MA degrees in history.
2. Students will need to complete the following major requirements for the BA:

HIST 100-level elective: *		3
HIST 201	Introduction to Historical Methods **	3
HIST 402W	Senior Seminar in History	3

HIST 300 and 400-level classes ***	21
Field One: United States History	
Field Two: European History	
Field Three: Area Studies (Asia, Latin America, Middle East, Russia, Africa)	
Field Four: Comparative History	
Total Credit Hours	30

- * Only HIST courses fulfill history course requirements for the major and the Interpreting the Past requirement for the General Education requirement.
- ** Meets information literacy and research requirement.
- *** A minimum of one class from three of the four fields listed, one of which must be 400-level

Up to 12 credits of graduate-level course work taken as an undergraduate during the senior year can substitute for 300- and 400-level requirements above and will be counted toward the BA degree in history. The following guidelines apply:

A. Any 500-level course that is cross listed with a 400-level course may be substituted for the 400-level course; however, the student cannot take a 500-level course which has already been taken at the 400 level. Only nine credits of 500-level course work will count toward the MA degree.

B. The following courses can be taken to fulfill the 300-400 level American elective requirement:

HIST 602	Readings in Early American History	3
HIST 607	A People's Contest: Civil War and Reconstruction	3
HIST 609	Melting Pot? Readings in Immigration History	3
HIST 610	Edible History: Food and Drink in the U.S. and Global History	3
HIST 611	The Military in America	3
HIST 617	The Long Civil Rights Movement	3
HIST 619	United States Labor and Working Class History	3
HIST 622	The Atlantic Slave Trade	3
HIST 621	The Atlantic World and Early America	3
HIST 683	History of the Global 1960s	3

C. The following courses can be taken to fulfill the 300-400 level European elective requirement:

HIST 636	The British Empire	3
HIST 641	Individual & Society in Ancient Greece	3
HIST 643	Religion, Culture, and Empire in Greco-Roman Palestine	3
HIST 646	Studies in Russian History	3
HIST 648	France and the Sea	3
HIST 655	Early Modern Europe: Religion, Reform, and Violence	3
HIST 657	Old Regime and French Revolution	3
HIST 662	North Atlantic Resources	3
HIST 674	Holocaust History and Memory	3

D. The following course can be taken to fulfill the 300-400 level elective requirement in African, Asian, Latin American, Middle Eastern, or Russian history:

HIST 628	History of the U.S. Mexico Borderlands	3

3. All graduate courses taken as an undergraduate that are completed with a grade of B (3.0) or better will also count toward the 30-credit MA degree in history.

Students should consult the Graduate Catalog for information and requirements for the MA in history.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor History Minor

The History minor requires an H-course (3 credit hours) and 12 hours of 300/400-level HIST electives, at least 6 of which must be taken at ODU. Only HIST courses fulfill these requirements. At least six hours of upper-level courses must be taken through courses offered by Old Dominion University.

Specialization options include Race, Gender, and Religion; War, Revolution, and Society; Mobilities and Migrations; History of Science and Technology; and Maritime History.

For completion of a minor a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses.

Humanities

Dr. Anne H. Muraoka, Director, Institute for the Humanities
757-683-3821 main office

Visit our website: www.odu.edu/humanities (<https://www.odu.edu/humanities/>)

The Master of Arts in Humanities program fosters cross-disciplinary learning and interdisciplinary research outcomes with a primary focus on humanistic methodologies. Our goal is to prepare students to engage global concerns in the arts, culture, equity, and historic narratives at a local, national, or international level. The program seeks to provide students with these skills through an interdisciplinary core curriculum that culminates with the development of a thesis or capstone project. Students collaborate with the Program Director to create an appropriate, rigorous program of study. In alignment with the mission of the college and university, the program aims to develop students' skills in critical thinking, effective communication, and creative problem solving. Students will become engaged citizens and stewards of the value of the human experience to transform the world and improve their own lived experiences.

High-performing undergraduates in the College of Arts and Letters may take graduate courses while completing their undergraduate degree through the Linked BA/BS-MA Humanities Program. To learn more about our program, visit our catalog (<http://catalog.odu.edu/graduate/arts-letters/humanities/>) section.

Linked BA/BS-MA Program

Linked Master of Arts in Humanities – Art History, Communication, Fine Arts, Geography, Interdisciplinary Studies, Philosophy and Religious Studies, Visual Studies, Women's and Gender Studies, and World Languages and Cultures.

The linked degree programs make it possible for exceptional majors in the areas of Art History, Communication, Fine Arts, Geography, Interdisciplinary Studies, Philosophy and Religious Studies, Visual Studies, Women's and Gender Studies, and World Languages and Cultures to take up to 12 credit hours of graduate courses while completing their undergraduate degree and to gain a head start on a graduate degree. Students interested in pursuing the linked program should carefully plan their undergraduate course of study considering the requirements of the program.

Admission Requirements

To be admitted to the linked BA/BS-MA program, students must declare a major in the area of Art History, Communication, Fine Arts, Geography, Interdisciplinary Studies, Philosophy and Religious Studies, Visual Studies, Women's and Gender Studies, or World Languages and Cultures and complete a minimum of at least 60 undergraduate credit hours, including at least six hours of 300/400 level courses in the major. At the time of admission to the linked program, students must have an overall undergraduate GPA of 3.25 or better or with permission granted by the Graduate Program Director to be in the program.

Admission Procedure

Interested students who meet the admission requirements should apply to the Humanities Graduate Program Director as soon as possible after completing the required 60 undergraduate hours. In consultation with the undergraduate advisor for their department and the Humanities Graduate Program Director, students will:

1. Draft a schedule of graduate courses to be taken as an undergraduate, which will be placed in the student's undergraduate and graduate advising files.
2. Submit an Old Dominion University graduate application, a 500-word personal statement, a sample critical/analytical essay or research paper, and two letters of recommendation.
3. Submit an application form found here (https://itsapps.odu.edu/forms_admin/viewform.php?formid=19479).

Students will be officially admitted into the MA in Humanities program once they have been awarded their bachelor's degree and have fulfilled all regular admission requirements for the MA in Humanities. (Please refer to the appropriate section of this catalog for information on the requirements for the bachelor's degree in the areas of Art History, Communication, Fine Arts, Geography, Interdisciplinary Studies, Philosophy and Religious Studies, Visual Studies, Women's and Gender Studies, and World Languages and Cultures.)

Bridge Courses

Students admitted to the linked program may count 12 hours of bridge courses (graduate courses taken as an undergraduate) for which they have earned a grade of B (3.0) or better toward both the specific BA or BS and the MA in Humanities. These courses may be 500 or 600 level courses within or cross-listed with the discipline or approved graduate courses. Any 500-level course that is cross listed with a 400-level course may be substituted for the 400 level-course. However, students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). In addition, all students must complete an undergraduate writing intensive course in the major. Students who complete fewer than 12 bridge course credits may fulfill Humanities program requirements by taking courses during summer sessions and/or an additional semester; however, all students are required to fulfill a minimum of six bridge course credits to be eligible to continue in the linked program.

The MA in Humanities

Students in the linked program will fulfill all normal admission and curricular requirements for both a BA or BS in their discipline and an MA in Humanities, with the following exceptions, conditions, and requirements.

1. In addition, all students, regardless of their concentration, are required to take:

HUM 601	Introduction to the Humanities	3
HUM 602	Critical Methods in Humanities	3
HUM 603	Strategic Professional Development Pro-Seminar	3
HUM 704	Technology and the Humanities	3
HUM 698	Capstone Project and Thesis Preparation Seminar	3
2. All students must either complete a thesis (HUM 699) or capstone project (HUM 693) as their culminating work toward the MA degree.
3. No more than 12 hours of graduate credit at the 500-level may be applied to the MA in Humanities.
4. Students will not be permitted to take any 500-level course that they have already taken at the undergraduate 400 level.
5. Upon completion of 36 graduate credits *including* a thesis or capstone project, students will be awarded the MA in Humanities.
6. For additional information on the MA in Humanities and the thesis and capstone project options required to graduate, please refer to the Graduate Catalog (<http://catalog.odu.edu/graduate/>).

Interdisciplinary Studies

Virginia Tucker Steffen, Director of Interdisciplinary Programs and Program Coordinator and Advisor, Individualized Integrative Studies and Professional Writing

Michele Mitchell, Chief Departmental Advisor and Assistant Director

Phil Mann, Program Coordinator and Advisor, Cybercrime

Kevin Moberly, Advisor, Game Studies and Design, Director of Monarch Institute of Game Development & Design

Karen Sanzo, Program Coordinator, Leadership

Richard Ungo, Faculty Advisor, Supply Chain and Maritime Logistics

Hans-Peter Plag, Program Coordinator, Sustainability and Conservation Leadership Interdisciplinary Minor

Interdisciplinary Studies (IDS) coordinates the administration and delivery of the following degree programs: the Bachelor of Arts in interdisciplinary studies with a major in individualized Integrative studies and the Bachelor

of Science in interdisciplinary studies with majors in professional writing, cybercrime, game studies and design, general studies, leadership, and supply chain and maritime logistics. For IDS students, no more than two classes, or six credits, may be counted for both the major and a minor. Topics courses, such as ENGL 395/ENGL 495, COMM 395/COMM 396, etc., must be approved by the student's advisor to ensure that the topic is appropriate for the major.

Programs

Bachelor of Arts Program

- Interdisciplinary Studies with a Major in Individualized Integrative Studies (BA) (p. 254)

Bachelor of Science Programs

- Interdisciplinary Studies with a Major in Cybercrime (BS) (p. 246)
- Interdisciplinary Studies with a Major in Game Studies and Design-Design and Criticism (BS) (p. 249)
- Interdisciplinary Studies with a Major in Game Studies and Design-Development and Criticism (BS) (p. 251)
- Interdisciplinary Studies with a Major in General Studies (BS) (p. 253)
- Interdisciplinary Studies with a Major in Leadership (BS) (p. 256)
- Interdisciplinary Studies with a Major in Professional Writing (BS) (p. 259)
- Interdisciplinary Studies with a Major in Supply Chain and Maritime Logistics (BS) (p. 261)

Minor Programs

- Cybercrime Minor (p. 248)
- Sustainability and Conservation Leadership Minor (p. 263)

Linked BA in Interdisciplinary Studies - Individualized Integrative Studies and MA in Humanities

The linked BA program in interdisciplinary studies-individualized integrative studies (IIS) and the MA in humanities makes it possible for exceptional students whose IIS major is humanities oriented to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Please refer to the Humanities section of this Catalog for additional information on the linked program.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Science Interdisciplinary Studies with a Major in Cybercrime (BS)

Philip Mann, Program Coordinator and Faculty Advisor (pmann@odu.edu)

This major explores cybercrime from an interdisciplinary perspective that merges the disciplines of criminal justice, computer science, and information technology. Students will receive a foundational understanding of crime and criminal justice and more in-depth understanding about cybersecurity, cyber law, and digital forensics. In addition, students will receive a basic introduction to information technology.

While many crimes have decreased over the past 25 years, the one group of crimes that has increased dramatically is cybercrimes. Careers responding to cybercrime have grown tremendously over the past decade. While many of these careers require in-depth understanding about computer engineering and computer science, many careers also require a broader orientation grounded in the social sciences. Across the country there are 350,000 current vacancies in cybersecurity-related careers. Roughly ten percent of those vacancies are in Virginia.

Cybersecurity experts across the world agree that academic programming should be interdisciplinary in nature. While many universities have difficulty developing interdisciplinary majors, the IDS degree at ODU provides a national model that can be used to develop a cybercrime major grounded in the social sciences. ODU's current cybersecurity and cyber operations majors fill the employment gap for technologically-driven careers. The cybercrime major will fill the employment gap in the area of policy- and legal-driven careers.

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6

Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both written communication courses and in ENGL 110C before declaring major.

Mathematics: MATH 102M or MATH 103M with a C or better and MATH 162M are required. Further math may be necessary for upper-level electives.

Impact of Technology requirement is met in the major by
CYSE 200T/IT 200T

Human Behavior: CRJS 215S required

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Cybercrime Major

General Education

Complete lower-division requirements	38-44
Complete upper-division requirements (minimum of 6 credit hours)	6
MATH 162M	Precalculus I

Interdisciplinary Studies Core

IDS 300W	Interdisciplinary Theory and Concepts (grade of C or higher required) ***
IDS 493	IDS Electronic Portfolio Project ***

CRJS 368	Internship (Students may also enroll in CYSE 494 upon approval by the Director of the Center for Cybersecurity Education and Research.)	
or CYSE 368	Cybersecurity Internship	
Cybercrime Core ⁺		
CRJS 310	Cybercriminology: Foundations	3
CYSE/CRJS 406	Cyber Law	3
CYSE 407	Digital Forensics	3
CRJS 409	Crime and Computer Applications	3
or CYSE 409	Crime and Computer Applications	
Criminology Core ⁺		
CRJS 222	The Criminal Justice System	3
SOC 337	Social Research Methods	3
Select three from the following:		9
CRJS 319	Public and Private Security	
CRJS 320	Law and Social Control	
CRJS 323	Police in American Society	
CRJS 340	White-Collar Crime	
CRJS 344	Social Science and Crime Mapping	
CRJS 345	Organized Crime: A Survey of Domestic and World-Wide Organized Crime Activities	
CRJS 404	Law and Digital Forensics	
CRJS 415	Courtroom As a Social System	
CRJS 421	Deviant Behavior	
CRJS 462	Substantive Criminal Law	
Technical Base ⁺⁺		
IT/CYSE 200T	Cybersecurity, Technology, and Society	3
CYSE 250	Basic Cybersecurity Programming and Networking	3
CYSE 300	Introduction to Cybersecurity	3
Select two of the following: ⁺⁺⁺		6
CS 150	Introduction to Programming with C++	
CS 170	Introduction to Computer Architecture I	
CS 250	Programming with C++	
IT 201	Introduction to Information Systems	
IT 205	Introduction to Object-Oriented Programming	
IT 315	Introduction to Networking and Security	
IT 325	Web Site and Web Page Design	
IT 450	Database Concepts	
Total Credit Hours		98-104

**	Further math may be necessary for upper-level electives.
***	Offered online only.
+	Other courses may be substituted with the approval of the program coordinator.
++	Prerequisites may be required; review the course description or consult an advisor. Other courses may be substituted with the approval of the program coordinator.
+++	Students may also select cybersecurity (CYSE) courses at the 300 or 400 level not otherwise required.

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Honors Program in Interdisciplinary Studies

Qualified students in the interdisciplinary studies majors may earn honors by fulfilling all degree requirements and meeting the honors requirements listed below.

1. Attain an overall grade point average of 3.25.
2. Attain a grade point average in the major of 3.5.
3. Complete two upper-division courses designated as honors courses: IDS 300W and IDS 493.
4. Complete at least 60 credits at Old Dominion University, 54 of which must be in grade-point graded courses.

An application for departmental honors must be provided by the student for approval by the Director of Interdisciplinary Programs.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course

of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor Cybercrime Minor

Philip Mann, Program Coordinator and Faculty Advisor (pmann@odu.edu)

The interdisciplinary minor in cybercrime provides students with an understanding of crime and deviance in the digital environment. Students will be required to take two introductory courses in the cybercrime and cybersecurity majors, respectively. In these core courses, students will learn the fundamental issues involved in cybersecurity (computer system architectures, critical infrastructures, cyber threats and vulnerabilities) and cybercrime (defining and describing the different types of computer-related crimes, the techniques used by law enforcement, and the legal issues inherent in combating cybercrime). They can then expand their knowledge by taking electives in psychology, political science, criminal justice, information technology, or cybersecurity. The minor aspires to develop graduates who can think critically about how human behavior impacts and is impacted by computer technologies.

Three credit hours in the interdisciplinary minor may be in the major if a major course is listed as an option for the interdisciplinary minor. As such, it will be credited toward both the major and the interdisciplinary minor. Interdisciplinary minors require 12 credit hours of 300/400-level courses selected from at least two different disciplines with a maximum of six credits from any one discipline. Course substitutions may be approved by the interdisciplinary minor coordinator.

For completion of a minor, a student must have a minimum grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement at Old Dominion University.

Requirements

Prerequisite

CRJS 215S	Introduction to Criminology *

Core **

CYSE 300	Introduction to Cybersecurity	3

CRJS 310	Cybercriminology: Foundations	3
Select two of the following: **		6
CYSE 301	Cybersecurity Techniques and Operations	
CYSE 407	Digital Forensics	
CRJS 340	White-Collar Crime	
CRJS 344	Social Science and Crime Mapping	
CRJS/CYSE 406	Cyber Law	
PHIL 355E	Cybersecurity Ethics	
PSYC 307	Institutionalization of Human-Centered Computing	
PSYC 344	Human Factors	
POLS 350T	Technology and War	
Total Credit Hours		12

* Not included in the calculation of the grade point average for the minor.

** The two courses from the core and the two electives must be selected from at least two different disciplines with no more than six credits from any one discipline.

Bachelor of Science Interdisciplinary Studies with a Major in Game Studies and Design- Design and Criticism (BS)

Kevin Moberly, Director of Monarch Institute of Game Development & Design

The interdisciplinary studies Game Studies and Design major is for students who are interested in three specific aspects of game production and criticism (programming, designing, or studying games and game-related productions), but who are also interested in a larger understanding of the game design and development process. Students may choose a major in either Development and Criticism or Design and Criticism.

Graduates of this undergraduate major will be strong candidates for jobs in the mainstream gaming industry, game journalism, and graduate programs in game studies.

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Science Interdisciplinary Studies with a Major in Game Studies and Design-Development and Criticism (BS)

Kevin Moberly, Director of Monarch Institute of Game Development & Design

The interdisciplinary studies Game Studies and Design major is for students who are interested in three specific aspects of game production and criticism (programming, designing, or studying games and game-related productions), but who are also interested in a larger understanding of the game design and development process. Students may choose a major in either Development and Criticism or Design and Criticism.

Graduates of this undergraduate major will be strong candidates for jobs in the mainstream gaming industry, game journalism, and graduate programs in game studies.

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3

The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C and before declaring major.

Mathematics: MATH 101M for Design majors; MATH 102M or MATH 103M for Development majors

Philosophy and Ethics requirement may be met by PHIL 355E.

Impact of Technology requirement may be met by IDS 307T/ENGL 307T or GAME 201T.

Upper-Division General Education

Met in the major.

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Interdisciplinary Studies Core

IDS 300W	Interdisciplinary Theory and Concepts	3

Total Credit Hours	76-88

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Honors Program in Interdisciplinary Studies

Qualified students in the interdisciplinary studies majors may earn honors by fulfilling all degree requirements and meeting the honors requirements listed below.

1. Attain an overall grade point average of 3.25.
2. Attain a grade point average in the major of 3.5.

3. Complete two upper-division courses designated as honors courses: IDS 300W and IDS 493.
4. Complete at least 60 credits at Old Dominion University, 54 of which must be in grade-point graded courses.

An application for departmental honors must be provided by the student for approval by the Director of Interdisciplinary Programs.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Bachelor of Science Interdisciplinary Studies with a Major in General Studies (BS)

Virginia Tucker Steffen, Advisor
vmtucker@odu.edu (mmitchel@odu.edu)

General Studies is a degree program that seeks to serve the needs of students whose goals cannot be met within existing departmental curricula. Through general studies, students are able to combine courses from three or more disciplines into a customized and multidisciplinary degree. The program makes possible the pursuit of a wide variety of disciplinary interests while teaching the skills necessary to apply interdisciplinary integration to multi-disciplinary skill sets.

Bachelor of Arts Interdisciplinary Studies with a Major in Individualized Integrative Studies (BA)

<http://www.odu.edu/ids/individualized> (<http://www.odu.edu/ids/individualized/>)

Virginia Tucker Steffen, Advisor
vmtucker@odu.edu (mmitchel@odu.edu)

Interdisciplinary Studies with a major in Individualized integrative studies at Old Dominion University is a degree program that seeks to serve the needs of students whose goals cannot be met within existing departmental curricula. Through interdisciplinary studies, students are able to combine courses from three or more disciplines into an individualized degree. The program makes possible the pursuit of a wide variety of interests in areas such as medieval and renaissance studies, advertising, legal studies, ecological studies, public relations, management of technical services, photo journalism, and health care administration.

A proposal is required to begin development of a custom degree representing at least three disciplines. Students who decide to design their own degrees must have committee approval and faculty sponsorship. The degree awarded is a Bachelor of Arts in interdisciplinary studies in the student's area of interest.

Please note: Admissions beyond Fall 2025 is on hold for program review.

Individualized Integrative Studies Major

General Education

Complete lower-division requirements	38-44
Complete upper-division requirements (met in the major)	
Complete foreign language coursework through the 202 level	0-6

Interdisciplinary Studies Core

Complete interdisciplinary studies core	9

Individualized Major

Complete individualized major coursework	42
Total Credit Hours	89-101

All individualized program students must design a major that includes a minimum of 42 credit hours. This includes courses from three or more disciplines that the student integrates into a single program, subject to departmental approval. At least 30 hours must be upper level. No more than two-thirds of the major area may be in one discipline. Topics courses, such as ENGL 395, ENGL 495, COMM 395, COMM 396, etc., must be approved by the student's advisor to ensure that the topic is appropriate for the major. No more than two classes, or six credits, may be counted for both the major and a minor. Some minors may allow fewer courses to share.

All IDS individualized program students must prepare and submit a proposal to the Interdisciplinary Studies Committee for approval. The purpose of the proposal is to outline the courses and other learning experiences that will lead to the fulfillment of the proposed course of study. Students must have at least 30 hours of course work left in their overall degree program (this can include current and proposed courses) when the proposal is submitted to the IDS Committee. Students must complete at least 15 hours of course work in their major after acceptance into the program. Any exceptions must be approved by the IDS Committee. Students must also identify two faculty sponsors who will provide guidance as they develop their proposals and progress through the program. Acceptance decisions are made by the director of Interdisciplinary Studies, the Interdisciplinary Studies Committee, and faculty sponsors. For more information see <http://www.odu.edu/ids/individualized> (<http://www.odu.edu/ids/individualized/>).

Students must receive a grade of C- or better in all courses taken within the concentration area.

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Linked BA in Interdisciplinary Studies - Individualized Integrative Studies and MA in Humanities

The linked BA program in interdisciplinary studies-individualized integrative studies (IIS) and the MA in humanities makes it possible for exceptional students whose IIS major is humanities oriented to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Please refer to the Humanities section of this Catalog for additional information on the linked program.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Science Interdisciplinary Studies with a Major in Leadership (BS)

Karen Sanzo, Program Coordinator (ksanzo@odu.edu) (bpayne@odu.edu)
Michele Mitchell, Program Advisor (mmitchel@odu.edu)

The major in Leadership is a flexible, interdisciplinary academic degree that focuses on characteristics and skills necessary to lead in organizational and social contexts, and will emphasize ethical leadership, legal issues, and written and oral communication skills. A goal of this program is to facilitate adult students to complete their degree and as such, there is inherent flexibility in transferring existing credit. A hybrid of on-line and traditional on-campus classes results in a very flexible curriculum. Seventy five percent of courses in this major are offered on-line.

Graduates of this undergraduate major will possess the core liberal arts skills and knowledge such as reasoning, communications and analysis that are crucial to the challenges employers, organizations and governments face. The academic and critical thinking skills taught through the Leadership curriculum are valuable on the job as well as navigating modern changes and challenges.

This Leadership major is offered through the College of Arts & Letters and coordinated with the School of Continuing Education. The program provides opportunities for students to integrate education and training with the application of problem-solving skills through a senior interdisciplinary project. Courses are drawn from the disciplines of communication, criminal justice, engineering management, environmental health, finance, human services, management, public administration, and philosophy to examine the multi-faceted nature of leadership. Students admitted to the program have a variety of credit options including portfolio review, CLEP, DANTES, and departmental exams.

Topics courses, such as ENGL 395/ENGL 495, COMM 395/COMM 396, etc., must be approved by the student's advisor to ensure that the topic is appropriate for the major. No more than two classes, or six credits, may be counted for both the major and a minor.

Requirements

Lower-Division General Education

Written Communication (<http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written>) 6

Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3

Impact of Technology requirement can be met by ENGL 307T/IDS 307T or IT 360T.

Upper-Division General Education

Met in the major.

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Interdisciplinary Studies Core

IDS 300W	Interdisciplinary Theory and Concepts (grade of C or higher required) ¹	3
Select two of the following:		6
ENGL/IDS 307T	Digital Writing	
IDS 368 or IDS 494	Internship in Interdisciplinary Studies Entrepreneurship in Interdisciplinary Studies	
IDS 493	IDS Electronic Portfolio Project ¹	
Total Credit Hours		9

¹ Offered online only.

Leadership Major

General Education

Complete lower-division requirements	35-47
Complete upper-division requirements (met in the major)	

Interdisciplinary Studies Core

Complete interdisciplinary studies core	9

Ethical Leadership

Select two of the following:	6
CPD 410 Leadership Ethics ¹	
DASC/PHIL 357E Ethics and Data	
ENMA 480 Ethics and Philosophy in Engineering Applications	
PAS 301 Ethics, Governance and Accountability in Public Service ¹	
PHIL 303E Business Ethics	
PHIL 345E Bioethics	

Communication Skills and Leadership

Select two of the following:	6
COMM 351 Interpersonal Communication in Organizations	
COMM 355 Organizational Communication	
COMM 421 Communication and Conflict Management	
CPD 414 Design Thinking for Leaders ¹	
CPD 417 Digital Leadership ¹	
ENGL 334W Technical Writing ¹	
ENGL 435W Management Writing	
MGMT 330 Organizational Behavior ²	

Legal Issues

Select two of the following:	6
CRJS 340 White-Collar Crime	
CRJS 406 Cyber Law	
or CPD 406 Cyber Law	
or CYSE 406 Cyber Law	
CRJS 448 Women, Sex Discrimination and the Law	
CPD 412 Leadership and Law ¹	
ENVH 402W Environmental and Occupational Health Administration and Law	
ENVH 425 Occupational Safety and Health Program Management	
FIN 331 Legal Environment of Business ²	
MGMT 417 Employment Law ²	
SOC 445 Workplace Law and Society	
or CRJS 445 Workplace Law and Society	

Leadership Electives

Select three classes from at least two different disciplines:	9
CPD 400 Foundations of Leadership ¹	
CPD 408 Global Leadership ¹	
CPD 415 Women in Leadership ¹	
CPD 416 Trends and Issues in Leadership ¹	
DASC 300 Foundations of Data Science	
ENMA 301 Introduction to Engineering Management	
ENMA 401 Project Management	
HLTH 425 Leadership and Management for Health Professionals	
IDS 467 Sustainability Leadership	
IT 360T Principles of Information Technology ²	
MGMT 325 Contemporary Organizations and Management ²	
MGMT 340 Human Resource Management ²	

MGMT 350	Employee Relations Problems and Practices ²	
MGMT 426	Entrepreneurship: New Ventures Creation ²	
OPMT 303	Operations Management ²	
PAS 409	Leadership and Cultural Competence ¹	
PSYC 303	Industrial/Organizational Psychology ¹	
PSYC 307	Institutionalization of Human-Centered Computing ¹	
PSYC 345	Organizational Psychology ¹	
Total Credit Hours		71-83

- ¹ Offered online only.
- ² No more than 27 credits from courses in the Strome College of Business may be applied to the degree requirements, including named elective courses and general electives (ACCT, BNAL, BUSN, ECON, ENTR, FIN, INBU, IT, MGMT, MKTG, MSCM, OPMT, PORT, REST, RMI).

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree. No more than 27 credits from courses in the Strome College of Business may be applied to the degree requirements, including named elective courses and general electives (ACCT, BNAL, BUSN, ECON, ENTR, FIN, INBU, IT, MGMT, MKTG, MSCM, OPMT, PORT, REST, RMI).

Double Major in Leadership and Human Services

The Department of Interdisciplinary Studies and the Department of Counseling and Human Services have created an opportunity for undergraduate students to major in both IDS leadership and human services. Combining interest areas between two majors allows more versatility for students' future through enhanced opportunities to pursue graduate school and strengthening employability. Both majors can be earned within the 120 credit hours required for an undergraduate degree. Within this double major, students will be exposed to a number of fields of study to enhance their knowledge and skills in the area of leadership, professional writing, and technology, while engaging in human services coursework. In addition, students may pursue two specialized certificates within the double major – addiction prevention and treatment and professional leadership.

Students interested in the double major option should contact the program advisor.

Honors Program in Interdisciplinary Studies

Qualified students in the interdisciplinary studies majors may earn honors by fulfilling all degree requirements and meeting the honors requirements listed below.

1. Attain an overall grade point average of 3.25.
2. Attain a grade point average in the major of 3.5.
3. Complete two upper-division courses designated as honors courses: IDS 300W and IDS 493.
4. Complete at least 60 credits at Old Dominion University, 54 of which must be in grade-point graded courses.

An application for departmental honors must be provided by the student for approval by the Director of Interdisciplinary Programs.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly

encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Science

Interdisciplinary Studies with a Major in Professional Writing (BS)

Virginia Tucker Steffen, Program Coordinator and Advisor

The professional writing major produces graduates capable of moving into professional and technical writing fields. Students in the major complete a core of courses in technical writing as well as in business, communication, and human resources. The major is ideal for returning students already working who are interested in expanding their management skills and/or increasing their eligibility for promotion.

Some courses in the professional writing major are available online only.

Topics courses, such as ENGL 395/ENGL 495, COMM 395/COMM 396, etc., must be approved by the student's advisor to ensure that the topic is appropriate for the major. No more than two classes, or six credits, may be counted for both the major and a minor.

Requirements

Course requirements are as follows.

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Philosophy and Ethics requirement can be met by PHIL 303E

Impact of Technology requirement met by ENGL 307T/IDS 307T.

Upper-Division General Education

Met in the major.

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.

- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Interdisciplinary Studies Core

Required of all students (required grade of C or better in IDS 300W and C- or better in the remaining courses)

ENGL/IDS 307T	Digital Writing (meets impact of technology requirement)	3
IDS 300W	Interdisciplinary Theory and Concepts	3
IDS 493	IDS Electronic Portfolio Project *	3
Total Credit Hours		9

* Offered online only.

Professional Writing Core

Required of all students (required grade of C- or better)

ENGL 325	Introduction to Rhetorical Studies	3
or COMM 335W	Rhetorical Criticism	
ENGL 327W	Advanced Composition	3
ENGL 334W	Technical Writing	3
Total Credit Hours		9

Organizational Foundations Core

Required grade of C- or better; meets upper-division general education

Select three from the following: 9

COMM 303	Introduction to Strategic Communications
COMM 304	Advanced Public Speaking
COMM 305	Work-Life Communication
COMM 308W	Effective Media Writing
COMM 351	Interpersonal Communication in Organizations

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Science Interdisciplinary Studies with a Major in Supply Chain and Maritime Logistics (BS)

Department web site: <https://www.odu.edu/supply-chain-logistics-maritime>
(<https://www.odu.edu/supply-chain-logistics-maritime/>)

Ricardo Ungo, Faculty Advisor (rungo@odu.edu)

The demand in the supply chain industry and maritime logistics fields has increased dramatically in the last decades. The Supply Chain and Maritime Logistics program is designed to provide students with an integrated working knowledge of how goods flow globally and domestically from origin to destination using an array of storage facilities, information technology, and multiple transportation modes, with a special focus on maritime logistics. The graduates of this program will have the skills and proficiencies that are critical to regional, national, and international shipping, transportation, and distribution industries. The coursework balances theory and concepts with experiential learning connected to real-world problems. Courses are building on the disciplines of analytics, leadership, law, technology and transportation to examine the interdisciplinary nature of the global supply chains.

For more information about the Supply Chain and Maritime Logistics program, email Dr. Ricardo Ungo (rungo@odu.edu).

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6

Written Communication: Grade of C or better required in both courses and in ENGL 110C and before declaring major.

Oral Communication: COMM 101R or MKTG 200R recommended.

Mathematics: STAT 130M required.

Information Literacy: CYSE 200T recommended.

Human Behavior: COMM 200S required.

Philosophy and Ethics: Met in Foundations with PHIL 303E.

Nature of Science: OEAS 106N and OEAS 108N recommended.

Impact of Technology: Met in the major with SCLM 303T/CPD 303T.

Upper-Division General Education

Met in the major.

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

**

Note regarding the approved program elective courses:

- To focus studies in **Maritime Logistics**, the student can take 3 program elective courses from the following: HIST 359, SCLM 380, SCLM 415, SCLM 419, SCLM 442, SCLM 443, SCLM 481, SCLM 495, or SCLM 497.
- To focus studies in **Port, Ships, and Shipyard Operations**, the student can take 3 program elective courses from the following: SCLM 311, SCLM 471, SCLM 472, SCLM 473, SCLM 474, SCLM 486, SCLM 495, or SCLM 497.
- To focus studies in **Supply Chain 4.0**, the student can take 3 program elective courses from the following: BDA 411, CS 480, CYSE 301, SCLM 495, or SCLM 497.

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Honors Program in Interdisciplinary Studies

Qualified students in the interdisciplinary studies majors may earn honors by fulfilling all degree requirements and meeting the honors requirements listed below.

1. Attain an overall grade point average of 3.25.
2. Attain a grade point average in the major of 3.5.
3. Complete two upper-division courses designated as honors courses: IDS 300W and IDS 493.
4. Complete at least 60 credits at Old Dominion University, 54 of which must be in grade-point graded courses.

An application for departmental honors must be provided by the student for approval by the Director of Interdisciplinary Programs.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Minor Sustainability and Conservation Leadership Minor

Hans-Peter Plag, Department of Ocean and Earth Sciences, Coordinator (hpplag@odu.edu)

The interdisciplinary minor in Sustainability and Conservation Leadership is offered by Old Dominion University in collaboration with the U.S. Fish and Wildlife Service (USFWS) as part of a long-term, sustainable program of conservation-related service-learning, internships and leadership programs. The minor will facilitate the development of the next generation of professionals who can address conservation issues and challenges posed by a changing climate and sea level rise. A unique aspect of this interdisciplinary minor is the requirement to take one course that is designated as a service-learning (SL) course in which the student will work at a USFWS (or related) facility.

The interdisciplinary minor in Sustainability and Conservation Leadership requires 15 credit hours of 300/400-level courses selected from at least two different disciplines with a maximum of six credits from any one discipline. There are two required, core courses and a required internship; a service-learning component is also required and is satisfied by IDS 467/BIOL 467/OEAS 467. The remaining six elective credits must be

chosen from different disciplines. Three credit hours in the interdisciplinary minor may be in the major if a major course is listed as an option for the interdisciplinary minor. As such, it will be credited toward both the major and the interdisciplinary minor. Course substitutions may be approved by the interdisciplinary minor coordinator.

For completion of the interdisciplinary minor, students must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses. At least six hours of 300/400 upper-level courses must be taken through courses offered by Old Dominion University.

Three credit hours in the interdisciplinary minor may be in the major, if a major course is listed as an option for the interdisciplinary minor. As such, it will be credited toward both the major and the interdisciplinary minor.

Requirements

Course requirements and options are as follows.

IDS/BIOL/OEAS 466W	Introduction to Mitigation and Adaptation Studies	3
IDS/BIOL/OEAS 467	Sustainability Leadership *	3
IDS 369	Internship in Sustainability and Conservation Leadership	3
Select two of the following:		6
BIOL 311	Global Change Biology	
BIOL 404	Conservation Biology and Sustainable Development	
CHEM 339T	The Chemistry of the Environment	
COMM 400W	Intercultural Communication	
ENVH 301	Principles of Environmental Health Science	
GEOG 305	World Resources	
GEOG 306T	Hazards: Natural and Technological	
GEOG 400W	Seminar in Geography (Weather, Climate and Society)	
GEOG 402	Geographic Information Systems	
GEOG 419	Spatial Analysis of Coastal Environments	
GEOG 496	Topics in Geography	
HLSC 405	Interprofessional Study Abroad on Global Health (SL)	
OEAS 310	Global Earth Systems	
OEAS 444	Communicating Ocean Science to Informal Audiences	
PAS 300	Foundations of Public Service	
PAS 301	Ethics, Governance and Accountability in Public Service (SL)	
PAS 409	Leadership and Cultural Competence	
PAS 411	Multi-Sector Partnerships for Public Service	
PHIL 344E	Environmental Ethics	
POLS 335	Environmental Politics	
POLS 401	Global Environmental Policy	
POLS 455	The Politics of Climate Change	
PRTS 405	Outdoor Recreation (SL)	
PRTS 433	Camp Administration (SL)	
WGS 395	Topics in Women's, Gender, and Sexuality Studies (Women, the Environment and Climate Change)	
TOTAL		15

* Satisfies service-learning component.

Philosophy and Religious Studies

Web Site: <http://www.odu.edu/philosophy> (<http://www.odu.edu/philosophy/>)

Nicole Willock, Chair (Interim)
James R. Van Dore, Chief Departmental Advisor
Office: (757) 683-3861

The Department of Philosophy and Religious Studies offers a Bachelor of Arts degree in Philosophy with three major options: General, Political and Legal Studies, and Religious Studies. The degree program in Philosophy is dedicated to instruction in critical reading and critical thinking that supports students in discovering, clarifying, and reformulating their values and beliefs through open inquiry that looks across and is informed by the wide diversity of human experience. Students interested in the study of religion can minor in Religious Studies or choose Religious Studies as their major within the Philosophy degree.

Programs

Bachelor of Arts Programs

- Philosophy (BA) (p. 265)
- Philosophy with a Major in Political and Legal Studies (BA) (p. 268)
- Philosophy with a Major in Religious Studies (BA) (p. 271)

Minors

- Administrative Leadership and Ethics for Professional Roles Interdisciplinary Minor (p. 274)
- Applied Ethics Minor (p. 275)
- Philosophy Minor (p. 268)
- Political and Legal Studies Minor (p. 271)
- Religious Studies Minor (p. 274)

Linked BA in Philosophy and MA in Humanities

The linked BA in philosophy and MA in Humanities makes it possible for exceptional philosophy majors to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). For more information, consult the Humanities section of this catalog.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's

degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts Philosophy (BA)

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in ENGL 110C before declaring major.

Oral Communication requirement can be satisfied by PHIL 160R.

Information Literacy and Research requirement can be satisfied by PHIL 202G, PHIL 290G, REL 147G, and REL 260G.

Language and Culture: BA students must have competence through the 202 level; competence is not met by completion of an associate degree.

Philosophy and Ethics requirement can be satisfied in the major by PHIL 303E, PHIL 344E, PHIL 345E, PHIL 355E, PHIL 357E, or PHIL 442E.

Impact of Technology requirement can be satisfied in the major by PHIL 383T.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

- Requirements for graduation include the following:
- Minimum of 120 credit hours.
 - Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
 - Minimum overall cumulative grade point average of C (2.00) in all courses taken.
 - Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
 - Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
 - Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
 - Completion of Senior Assessment.

Philosophy Core

Topics core		
PHIL 300	Knowledge and Reality	3
PHIL 301	Ethics and Metaethics	3
PHIL 491W	Seminar in Philosophy	3
European Foundations		
Select one of the following:		3
PHIL 330	Ancient Greek Philosophy	
PHIL 332	Medieval Philosophy	
PHIL 331	Early Modern European Philosophy	
PHIL 334	Late Modern European Philosophy	
History of Philosophy		
Select another course from the list above OR one of the courses below:		3
PHIL/REL 381	Buddhist Traditions	
PHIL 364	African-American Philosophy	
PHIL 404	Existentialism and Phenomenology	
PHIL 405	American Pragmatist Philosophy	
PHIL 406	Language and Thought: History of Analytic Philosophy	
PHIL 411	Post-Modernism and Post-Structuralism	
PHIL 425	Kant and Hume	
PHIL 430	Marx and Hegel	
PHIL 432	Nietzsche and Life Affirmation	
PHIL 482	Chinese Religion and Philosophy	
PHIL 485	Japanese Religion and Philosophy	

Total Credit Hours 15

Students must complete all core requirements plus the requirements for their selected major for a total of 33 credit hours in 300- and 400-level philosophy (PHIL) and religious studies (REL) courses; at least 9 hours must be at the 400 level.

Philosophy General Major

General Education		
Complete lower-division requirements		35-47
Complete upper-division requirements (minimum of 6 credit hours)		6
Complete foreign language coursework through the 202 level		0-6
Philosophy Core		
Complete Philosophy core requirements		15
Logic		
PHIL 340	Logic	3
Philosophy Electives		
Choose five additional PHIL courses at the 300 or 400 level.		15
Total Credit Hours		74-92

Electives

Elective courses will be needed to meet the minimum 120 credit hours required for graduation.

Additional Requirements and Information

Advanced Placement

Since the study of philosophy and religion involves intensive work with sophisticated texts and extensive analytical and critical writing, credit by examination is not usually appropriate. Students who believe that there are reasons why they should be considered for exceptions to this policy should present their cases in writing to the chair of the department. Students who have earned credit for one of the introductory philosophy and ethics way of knowing courses (e.g., PHIL 110P, PHIL 120P, PHIL 126P, PHIL 127P, PHIL 150P, REL 150P, PHIL 155E, REL 155E, PHIL 227E, PHIL 228E, PHIL 230E, PHIL 235E, REL 235E, PHIL 250E, or PHIL 270P) may not receive credit by examination for another of them.

Double Majoring in Philosophy and Political Science

The departments of Political Science and Geography and Philosophy and Religious Studies have established an arrangement that makes it possible to complete a double major in as few as 60 hours, only 9 credits more than the 51 required to major in Political Science and minor in Philosophy.

Political Science majors double majoring in Philosophy will be allowed to count any two of the following Philosophy courses as Political Science electives:

PHIL 365	Race & Power	3
PHIL 410	Social and Political Philosophy	3
PHIL 411	Post-Modernism and Post-Structuralism	3
PHIL 412	Philosophy of Law	3
PHIL 430	Marx and Hegel	3

These courses will not count toward the requirement to take a specific number of hours in the American politics/public law and international relations/comparative politics areas. Philosophy "topics" courses and PHIL 442E may also be counted as Political Science electives when the topic covered is appropriate; prior approval is required from the chief departmental advisor of Political Science and Geography.

Philosophy majors double majoring in political science may count any two of the following Political Science courses toward their philosophy major:

POLS 309	Race, Culture and Public Policy	3
POLS 310	Political Theory	3
POLS 312	American Political Thought	3
POLS 403	American Constitutional Law: First Amendment	3
POLS 408	American Constitutional Law: Individual Rights	3

POLS 409	American Constitutional Law: Powers of Government	3
POLS 419	Jurisprudence: History of Legal Theory	3

These courses will count as Political-Legal electives; students will still be required to take 6 hours of Political-Legal core courses. Students doing the linked BA/MA in Philosophy and Humanities can count only one 500-level Political Science course as a "bridge" course. Certain Political Science "topics" courses may be counted as Philosophy electives with prior approval from the Philosophy and Religious Studies Department.

Students interested in double majoring in philosophy and a subject other than political science should consult the chief departmental advisor for Philosophy and Religious Studies; there may be some opportunity for double counting at least one class.

Double Majoring in Philosophy and Women's Studies

The Departments of Women's and Gender Studies and Philosophy and Religious Studies have established an arrangement that makes it possible to complete a double major in as few as 57 hours, only 9 credits more than the 48 hours needed for a major in Women's Studies and minor in Philosophy. Any four of the following courses, totaling no more than 12 credit hours, may count toward both majors. Courses "double-counted" from one major will be considered electives in the other major.

PHIL 365	Race & Power	3
PHIL 402	Gender and Philosophy	3
REL 403	Gender and Sexuality in Islam	3
WGS 302W	Dimensions of Diversity: Intersectionality Among Women	3
WGS 303	Queer Studies	3
WGS 460W	Feminist and Queer Theory	3

With prior approval other courses from PHIL, REL, or WGS, such as topics courses, may be counted toward both majors.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

PHIL 442E	Studies in Applied Ethics	

Philosophy Elective

Choose one additional PHIL course at the 300 or 400 level.	3

Total Credit Hours	74-92

Electives

Elective courses will be needed to meet the minimum 120 credit hours required for graduation.

Additional Requirements and Information

Advanced Placement

Since the study of philosophy and religion involves intensive work with sophisticated texts and extensive analytical and critical writing, credit by examination is not usually appropriate. Students who believe that there are reasons why they should be considered for exceptions to this policy should present their cases in writing to the chair of the department. Students who have earned credit for one of the introductory philosophy and ethics way of knowing courses (e.g., PHIL 110P, PHIL 120P, PHIL 126P, PHIL 127P, PHIL 150P, REL 150P, PHIL 155E, REL 155E, PHIL 227E, PHIL 228E, PHIL 230E, PHIL 235E, REL 235E, PHIL 250E, or PHIL 270P) may not receive credit by examination for another of them.

Double Majoring in Philosophy and Political Science

The departments of Political Science and Geography and Philosophy and Religious Studies have established an arrangement that makes it possible to complete a double major in as few as 60 hours, only 9 credits more than the 51 required to major in Political Science and minor in Philosophy.

Political Science majors double majoring in Philosophy will be allowed to count any two of the following Philosophy courses as Political Science electives:

PHIL 365	Race & Power	3
PHIL 410	Social and Political Philosophy	3
PHIL 411	Post-Modernism and Post-Structuralism	3
PHIL 412	Philosophy of Law	3
PHIL 430	Marx and Hegel	3

These courses will not count toward the requirement to take a specific number of hours in the American politics/public law and international relations/comparative politics areas. Philosophy "topics" courses and PHIL 442E may also be counted as Political Science electives when the topic covered is appropriate; prior approval is required from the chief departmental advisor of Political Science and Geography.

Philosophy majors double majoring in political science may count any two of the following Political Science courses toward their philosophy major:

POLS 309	Race, Culture and Public Policy	3
POLS 310	Political Theory	3
POLS 312	American Political Thought	3
POLS 403	American Constitutional Law: First Amendment	3
POLS 408	American Constitutional Law: Individual Rights	3
POLS 409	American Constitutional Law: Powers of Government	3
POLS 419	Jurisprudence: History of Legal Theory	3

These courses will count as Political-Legal electives; students will still be required to take 6 hours of Political-Legal core courses. Students doing the linked BA/MA in Philosophy and Humanities can count only one 500-level Political Science course as a "bridge" course. Certain Political Science "topics" courses may be counted as Philosophy electives with prior approval from the Philosophy and Religious Studies Department.

Students interested in double majoring in philosophy and a subject other than political science should consult the chief departmental advisor for Philosophy and Religious Studies; there may be some opportunity for double counting at least one class.

Double Majoring in Philosophy and Women's Studies

The Departments of Women's and Gender Studies and Philosophy and Religious Studies have established an arrangement that makes it possible to complete a double major in as few as 57 hours, only 9 credits more than the 48 hours needed for a major in Women's Studies and minor in Philosophy. Any four of the following courses, totaling no more than 12 credit hours, may count toward both majors. Courses "double-counted" from one major will be considered electives in the other major.

PHIL 365	Race & Power	3
PHIL 402	Gender and Philosophy	3
REL 403	Gender and Sexuality in Islam	3
WGS 302W	Dimensions of Diversity: Intersectionality Among Women	3
WGS 303	Queer Studies	3
WGS 460W	Feminist and Queer Theory	3

With prior approval other courses from PHIL, REL, or WGS, such as topics courses, may be counted toward both majors.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly

encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked BA in Philosophy and MA in Humanities

The linked BA in philosophy and MA in Humanities makes it possible for exceptional philosophy majors to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). For more information, consult the Humanities section of this catalog.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated

students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor

Political and Legal Studies Minor

Requirements

Select two of the following: 6

PHIL 301	Ethics and Metaethics
PHIL 330	Ancient Greek Philosophy
PHIL 334	Late Modern European Philosophy
PHIL 340	Logic
PHIL 364	African-American Philosophy
PHIL 365	Race & Power
PHIL 402	Gender and Philosophy
PHIL 410	Social and Political Philosophy
PHIL 412	Philosophy of Law
PHIL 430	Marx and Hegel

Select two additional courses from the courses listed above OR from the list below: 6

JST 300	Holocaust and Genocide Studies
PHIL 303E	Business Ethics
PHIL 344E	Environmental Ethics
PHIL 345E	Bioethics
PHIL 355E	Cybersecurity Ethics
PHIL 357E	Ethics and Data
PHIL 383T	Philosophy of Technology
PHIL 411	Post-Modernism and Post-Structuralism
PHIL 442E	Studies in Applied Ethics

Total Credit Hours 12

For completion of a minor, a student must have a minimum cumulative grade point average of 2.00 in all upper-level courses specified as a requirement for the minor and complete a minimum of six hours in the minor through courses offered by Old Dominion University.

Bachelor of Arts

Philosophy with a Major in Religious Studies (BA)

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3

Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in ENGL 110C before declaring major.

Oral Communication requirement can be satisfied by PHIL 160R

Information Literacy and Research requirement can be satisfied by PHIL 202G, PHIL 290G, REL 147G, and REL 260G

Language and Culture: BA students must have competence through the 202 level; competence is not met by completion of an associate degree.

Philosophy and Ethics requirement can be satisfied in the major by PHIL 303E, PHIL 344E, PHIL 345E, PHIL 355E, PHIL 357E, or PHIL 442E.

Impact of Technology requirement can be satisfied in the major by PHIL 383T.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Philosophy Core

Topics core		
PHIL 300	Knowledge and Reality	3
PHIL 301	Ethics and Metaethics	3
PHIL 491W	Seminar in Philosophy	3
European Foundations		
Select one of the following:		3
PHIL 330	Ancient Greek Philosophy	
PHIL 332	Medieval Philosophy	
PHIL 331	Early Modern European Philosophy	
PHIL 334	Late Modern European Philosophy	
History of Philosophy		
Select another course from the list above OR one of the courses below:		3
PHIL/REL 381	Buddhist Traditions	
PHIL 364	African-American Philosophy	
PHIL 404	Existentialism and Phenomenology	
PHIL 405	American Pragmatist Philosophy	
PHIL 406	Language and Thought: History of Analytic Philosophy	
PHIL 411	Post-Modernism and Post-Structuralism	
PHIL 425	Kant and Hume	
PHIL 430	Marx and Hegel	
PHIL 432	Nietzsche and Life Affirmation	
PHIL 482	Chinese Religion and Philosophy	
PHIL 485	Japanese Religion and Philosophy	
Total Credit Hours		15

Students must complete all core requirements plus the requirements for their selected major for a total of 33 credit hours in 300- and 400-level philosophy (PHIL) and religious studies (REL) courses; at least 9 hours must be at the 400 level.

Religious Studies Major

The religious studies major is designed for students looking to understand the role of religion in human culture and is also an excellent major for those intending to enter graduate programs in religious studies or area studies.

General Education		
Complete lower-division requirements		35-47
Complete upper-division requirements (minimum of 6 credit hours)		6
Complete foreign language coursework through the 202 level		0-6
Philosophy Core		
Complete philosophy core requirements		15
Islam		
Select one of the following:		3
REL 315	Qur'an	
REL 352	Islam

Asian Religions		
Select one of the following:		3
REL 353	Asian Religions	

REL 380	Hinduism	
PHIL/REL 381	Buddhist Traditions (if not used in the Core)	
PHIL 482	Chinese Religion and Philosophy	
REL 483	Tibet, Happiness, and this Precious Life	
PHIL 485	Japanese Religion and Philosophy	
Religious Studies Electives		
Choose three additional PHIL or REL courses at the 300 or 400 level.		9
Total Credit Hours		74-92

Electives

Elective courses will be needed to meet the minimum 120 credit hours required for graduation.

Additional Requirements and Information

Advanced Placement

Since the study of philosophy and religion involves intensive work with sophisticated texts and extensive analytical and critical writing, credit by examination is not usually appropriate. Students who believe that there are reasons why they should be considered for exceptions to this policy should present their cases in writing to the chair of the department. Students who have earned credit for one of the introductory philosophy and ethics way of knowing courses (e.g., PHIL 110P, PHIL 120P, PHIL 126P, PHIL 127P, PHIL 150P, REL 150P, PHIL 155E, REL 155E, PHIL 227E, PHIL 228E, PHIL 230E, PHIL 235E, REL 235E, PHIL 250E, or PHIL 270P) may not receive credit by examination for another of them.

Double Majoring in Philosophy and Political Science

The departments of Political Science and Geography and Philosophy and Religious Studies have established an arrangement that makes it possible to complete a double major in as few as 60 hours, only 9 credits more than the 51 required to major in Political Science and minor in Philosophy.

Political Science majors double majoring in Philosophy will be allowed to count any two of the following Philosophy courses as Political Science electives:

PHIL 365	Race & Power	3
PHIL 410	Social and Political Philosophy	3
PHIL 411	Post-Modernism and Post-Structuralism	3
PHIL 412	Philosophy of Law	3
PHIL 430	Marx and Hegel	3

These courses will not count toward the requirement to take a specific number of hours in the American politics/public law and international relations/comparative politics areas. Philosophy "topics" courses and PHIL 442E may also be counted as Political Science electives when the topic covered is appropriate; prior approval is required from the chief departmental advisor of Political Science and Geography.

Philosophy majors double majoring in political science may count any two of the following Political Science courses toward their philosophy major:

POLS 309	Race, Culture and Public Policy	3
POLS 310	Political Theory	3
POLS 312	American Political Thought	3
POLS 403	American Constitutional Law: First Amendment	3
POLS 408	American Constitutional Law: Individual Rights	3
POLS 409	American Constitutional Law: Powers of Government	3
POLS 419	Jurisprudence: History of Legal Theory	3

These courses will count as Political-Legal electives; students will still be required to take 6 hours of Political-Legal core courses. Students doing the linked BA/MA in Philosophy and Humanities can count only one 500-level Political Science course as a "bridge" course. Certain Political Science "topics" courses may be counted as Philosophy electives with prior approval from the Philosophy and Religious Studies Department.

Students interested in double majoring in philosophy and a subject other than political science should consult the chief departmental advisor for Philosophy and Religious Studies; there may be some opportunity for double counting at least one class.

Double Majoring in Philosophy and Women's Studies

The Departments of Women's and Gender Studies and Philosophy and Religious Studies have established an arrangement that makes it possible to complete a double major in as few as 57 hours, only 9 credits more than the 48 hours needed for a major in Women's Studies and minor in Philosophy. Any four of the following courses, totaling no more than 12 credit hours, may count toward both majors. Courses "double-counted" from one major will be considered electives in the other major.

PHIL 365	Race & Power	3
PHIL 402	Gender and Philosophy	3
REL 403	Gender and Sexuality in Islam	3
WGS 302W	Dimensions of Diversity: Intersectionality Among Women	3
WGS 303	Queer Studies	3
WGS 460W	Feminist and Queer Theory	3

With prior approval other courses from PHIL, REL, or WGS, such as topics courses, may be counted toward both majors.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked BA in Philosophy and MA in Humanities

The linked BA in philosophy and MA in Humanities makes it possible for exceptional philosophy majors to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). For more information, consult the Humanities section of this catalog.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor Religious Studies Minor

For completion of a minor, a student must have a minimum cumulative grade point average of 2.00 in all upper-level courses specified as a requirement for the minor and complete a minimum of six hours in the minor through courses offered by Old Dominion University.

Minor Administrative Leadership and Ethics for Professional Roles Interdisciplinary Minor

James Van Dore, Department of Philosophy and Religious Studies, Coordinator

The intent of the Administrative Leadership and Ethics for Professional Roles interdisciplinary minor is to develop management-related skills. The minor is designed to improve the student's professionalism through an understanding of applied ethics, effective communication, processes in organizations, applied psychology, and legal issues in the workplace. An appreciation for the qualities of leadership, the functions of administration, and a sensitivity for ethical decision making will allow the student to apply for a wider variety of positions.

Requirements

Course options are as follows:

COMM 351	Interpersonal Communication in Organizations	3
DNTH 416	Administrative Leadership and Professional Development	3
ENGL 486	Media Law and Ethics	3
ENVH 402W	Environmental and Occupational Health Administration and Law	3
HLSC 450	Public and Community Health Administration	3
HLSC 480	Health Ethics and the Law	3
HLTH 425	Leadership and Management for Health Professionals	3
MGMT 325	Contemporary Organizations and Management	3
MGMT 350	Employee Relations Problems and Practices	3
MKTG 414	Ethics and Social Issues in Administration	3
MLS 403W	Management in the Clinical Setting	3
NMED 475W	Administration and Management in Nuclear Medicine Technology	3
NURS 480W	Nursing in the Health Care System: Leadership	3
NURS 490W	Nursing Leadership	3
PAS 301	Ethics, Governance and Accountability in Public Service	3
PHIL 303E	Business Ethics	3
PHIL 344E	Environmental Ethics	3

PHIL 345E	Bioethics	3
PHIL 355E	Cybersecurity Ethics	3
PHIL 357E	Ethics and Data	3
PSYC 303	Industrial/Organizational Psychology	3
SMGT 450W	Ethics and Morality in Sport	3

PHIL 404	Existentialism and Phenomenology	
PHIL 410	Social and Political Philosophy	
PHIL 412	Philosophy of Law	
PHIL 442E	Studies in Applied Ethics	

Total Credit Hours 12

For completion of a minor, a student must have a minimum cumulative grade point average of 2.00 in all upper-level courses specified as a requirement for the minor and complete a minimum of six hours in the minor through courses offered by Old Dominion University.

Political Science and Geography

Web Site: <http://www.odu.edu/pols-geog> (<http://www.odu.edu/pols-geog/>)

Tom R. Allen, Chair

The Department of Political Science and Geography offers undergraduate degrees in political science, geography and international studies.

In political science, the Department offers Bachelor of Arts and Bachelor of Science degrees. The political science program is designed to give students an essential core of basic knowledge and analytical skills, while providing an opportunity to specialize in one of two emphasis areas: American politics and public law, or international relations and comparative politics. Optionally, students may major in one of the following areas: 1) International Affairs and Global Politics or 2) Analytics, Institutions, and Public Policy.

In geography, the Department offers Bachelor of Arts and Bachelor of Science degrees. The geography program is designed to give students a broad base of geographical training and an understanding of human-environment interrelationships, while providing an opportunity to specialize in one of three majors: urban planning and emergency/hazards management, environment and resources, and geographic information systems (BS only). Undergraduate and graduate certificates in cyber risk management, geographic information science, hazards and emergency management, spatial analysis of coastal environments, and urban studies and planning are also offered.

The Department offers a Bachelor of Arts degree with a major in International Studies, which is an interdisciplinary program that offers students a chance to explore the interrelations among nations and peoples and to study world affairs from a variety of perspectives. The International Studies major centers on studies in world languages and cultures, geography, history, and political science. Students have considerable flexibility to

structure their academic programs to meet their particular needs and interests or to focus in a variety of geographical or topical fields.

In addition to developing subject-area expertise, political science and geography courses are designed to build analytic and communication skills. Writing and critical thinking skills are emphasized throughout the curriculum. Undergraduates in most 400-level courses in political science and geography are required to make oral presentations in class. Instructors also strengthen students' verbal competency skills through in-class discussions. Students gain technical skills in lower and upper-level methods classes where computers are employed for data analysis and social science research.

Undergraduate students may earn honors in the major in political science, geography or international studies by fulfilling all the requirements for the specific degree (BA and BS) and meeting the honors requirements. The requirements for honors do not increase the credit hours necessary for the major.

Advanced Placement

Students interested in advanced placement credit should confer with the department chair. Information on credit awarded for qualifying scores on AP and IB subject examinations can be found on the equivalency charts on the Office of Undergraduate Admissions website at <https://www.odu.edu/academics/academic-records/score-analysis/ap-ib> (<https://www.odu.edu/academics/academic-records/score-analysis/ap-ib/>).

Programs

Bachelor of Arts Programs

- Geography (BA) (p. 277)
- Geography with a Major in Environment and Resources (BA) (p. 282)
- Geography with a Major in Urban Planning & Emergency/Hazards Management (BA) (p. 289)
- International Studies (BA) (p. 310)
- Political Science (BA) (p. 295)
- Political Science with a Major in International Affairs and Global Politics (BA) (p. 303)

Bachelor of Science Programs

- Geography (BS) (p. 279)
- Geography with a Major in Environment and Resources (BS) (p. 284)
- Geography with a Major in Geographic Information Systems (BS) (p. 287)
- Geography with a Major in Urban Planning & Emergency/Hazards Management (BS) (p. 291)
- Political Science (BS) (p. 298)
- Political Science with a Major in Analytics, Institutions, and Public Policy (BS) (p. 301)
- Political Science with a Major in International Affairs and Global Politics (BS) (p. 306)

Certificate Programs

- Environmental Resources and Policy Certificate (p. 294)
- Geographic Information Science Certificate (p. 294)
- Hazards and Emergency Management Certificate (p. 295)
- Spatial Analysis of Coastal Environments Certificate (p. 295)
- Urban Studies and Planning Certificate (p. 295)

Minor Programs

- Environment and Resources Minor (p. 294)
- Geography Minor (p. 294)
- International Studies Minor (p. 314)
- Political Geography Minor (p. 310)

- Political Science Minor (p. 309)
- Public Law Minor (p. 310)

Linked BA/BS in Geography and MA in Humanities

The linked BA/BS program in geography and the MA in humanities makes it possible for exceptional students to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Please refer to the Humanities section of this Catalog for additional information on the linked program.

Linked BA/MA Program in International Studies

Qualified students can apply for admission to the linked BA/MA graduate degree program in international studies. The program allows exceptional students to count up to 12 credit hours of international studies courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credits for the undergraduate degree and 30 discrete credits for the graduate degree).

Requirements for Admission

Requirements for admission are:

1. A declared major in the BA program in international studies (BAIS).
2. A minimum of 60 hours completed, including at least six hours of 300/400 courses in the major.
3. A minimum GPA of 3.5 at the time of application.
4. Application to the linked BA/MA program in international studies, approved by both the BA and MA directors.
5. Take the GRE during the last semester of BAIS work with an expected minimum score of 1100 (verbal and quantitative totals).
6. Complete an application form for Old Dominion University graduate admission. Students specializing in a region (e.g. Asia, Latin America, etc.) are encouraged to complete a minor at the undergraduate level.

Program Requirements

Students pursuing the linked BA/MA program will fulfill all lower-level General Education requirements that have been approved for the BAIS and meet the requirements to earn a BA in international studies.

Method Courses

Select one of the following:	3
GEOG 308	Research Design
POLS 308	Research Design
HIST 201	Introduction to Historical Methods

Foreign Language *

Complete foreign language requirements	18-21

Core Courses in Geography, History, Political Science, and Cultural Studies

Five of the following six courses are required:	15
GEOG 305	World Resources
GEOG 320	Political Geography
HIST 415	Empire, Nations, and Industrialization: Evolution of the State System, 1815-1914
or HIST 416	States, Territories and International Organization: Evolution of the State System Since 1914
or HIST 414	Freedom, Rights and Revolution: Evolution of the State System 1648-1815
POLS 323	International Political Economy
POLS 324	International Relations Theory

Cultural Studies: **

BAIS Senior Seminar	3

Select one of the following: 3

GEOG 480W	Senior Seminar in International Studies
HIST 480W	Senior Seminar in International Studies
POLS 480W	Senior Seminar in International Studies
WLC 480W	Senior Seminar in International Studies
Other approved course	

Bridge Courses (to be taken during Senior Year) ***

IS 600	Research Methods in International Studies	3
IS 601	Seminar in International Relations Theory	3
IS 726	American Foreign Policy and World Order	3
ECON 650	International Economics	3

Total Credit Hours 54-57

- * A minimum of six credits beyond the requirement for the Bachelor of Arts (preferably in the language pursued for the BA) or demonstrated proficiency to that level as approved by the chair of the Department of World Languages and Cultures. Current language offerings include: Arabic, Chinese, French, German, Hebrew, Italian, Japanese, Latin, Russian, and Spanish. Native speakers of a language other than English may ask for a waiver. To be considered a native speaker, a student must be admitted to Old Dominion University with a passing TOEFL score.
- ** Students select one course that links culture to other aspects of international studies in an integrative, interdisciplinary way. Examples are World Cultural Studies (WCS) literature and film courses, English World Literature courses, and other culturally focused, international, interdisciplinary courses, and those from disciplines other than GEOG, HIST, and POLS as available and approved by the BAIS director.
- *** An overall GPA of at least 3.00 is required in these courses.

The BA in international studies will be awarded on completion of 120 credit hours including all the preceding courses and other University requirements for graduation.

Master of Arts Requirements

After obtaining the BA in international studies, students must complete the following:

1. Four graduate courses in one of the following fields of concentration (instead of the three required for MA students): international relations/ U.S. foreign policy; conflict and cooperation; international political economy and development; and interdependence and transnationalism.
2. Two electives at the 600 level or above. At least one should have a regional focus (e.g. Europe, Asia, Middle East, Latin America).

The MA in international studies requires 18 credits beyond the four Bridge Courses (the MAIS core courses). It is anticipated that a student who has completed the BAIS could thus take three courses in the fall and spring semesters. There will be no thesis option.

Additional Requirements

Students in the linked BA/MA program must also complete the following:

1. Fulfill the BAIS language requirement (which also fulfills MAIS requirements).
2. Take the GRE during the last semester of BAIS work with a minimum expected score of 1100 (verbal and quantitative totals).
3. Have an overall GPA of 3.00 in the seven core undergraduate courses and at least a GPA of 3.00 in the four Bridge courses (MAIS core courses).

- Maintain an overall GPA of 3.00. (Students failing to maintain a 3.00 GPA may revert to the regular BAIS degree and count up to 12 hours of completed graduate core courses toward the BAIS.)
- Complete an application form for Old Dominion University graduate admission. Students specializing in a region (e.g. Asia, Latin America, etc.) are encouraged to complete a minor at the undergraduate level.

Additional Explanations

- Students interested in the BA/MA program will be advised as early as possible, and admitted students will start the program during their Junior year in order to meet all the requirements. Thus, students may apply for admission to the linked program after they have earned 60 credits (including at least six hours of 300/400 courses in the major). Applications can be filed with the undergraduate director on or before April 1 for admission in the following Fall semester and on or before November 1 for admission in the following Spring semester. Notifications of acceptance to students will be forwarded by May 1 and December 1, respectively.
- Students fulfill the BAIS language requirement (which also fulfills MAIS requirements).
- Students will receive the BA degree after fulfilling all the requirements for the undergraduate degree. Students whose overall GPA drops below a 3.00 before attaining the BA degree can revert to the regular BAIS program and count any graduate credits they may have earned toward the BAIS. Students with a GPA of less than 3.00 at the end of their fourth year will not be permitted to continue toward the MA degree.
- Students in the linked program must meet the BAIS requirement that students must receive a minimum grade of C (2.00) in the following undergraduate courses:

ENGL 110C	English Composition	3
ENGL 211C	Writing, Rhetoric, and Research	3
GEOG 100S	Human Geography	3
POLS 100S	Introduction to International Politics	3
or POLS 102S	Introduction to Comparative Government and Politics	
ECON 201S	Principles of Macroeconomics	3
Select one of the following:		3
HIST 100H	Interpreting the World Past Since 1500	
HIST 101H	Interpreting the Asian Past	
HIST 102H	Interpreting the European Past	
HIST 103H	Interpreting the Latin America Past	
HIST 105H	Interpreting the African Past	
Not accepted for the major:		
HIST 104H	Interpreting the American Past	

- Please refer to the Graduate Catalog for additional information on the MA in international studies as well as the doctoral program in international studies.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/>

[graduate/stromecollegeofbusiness/](http://catalog.odu.edu/graduate/stromecollegeofbusiness/)) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts Geography (BA)

Jennifer L. Whytlaw, Geography Program Director

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Mathematics: BS students must earn C- or better in STAT 130M.

Language and Culture: BS students' competence must be at the 102 level. BA students must have competence through the 202 level. Competence is not met by the associate degree for BA students.

Information Literacy and Research requirement satisfied in the major with GEOG 308.

The Nature of Science: OEAS 106N, OEAS 108N, OEAS 111N, or OEAS 112N is recommended for one of the two nature of science courses.

Impact of Technology requirement can be met with GEOG 306T.

Human Behavior: GEOG 100S and GEOG 101S cannot be used to satisfy this requirement.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure.
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

- Requirements for graduation include the following:
- Minimum of 120 credit hours.
 - Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
 - Minimum overall cumulative grade point average of C (2.00) in all courses taken.
 - Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
 - Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
 - Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
 - Completion of Senior Assessment.

Geography Major

General Education		
Complete lower-division requirements		35-44
Complete upper-division requirements (minimum of 6 credit hours)		6
Complete foreign language coursework through the 202 level		0-6

* C- or better. Meets information literacy and research requirement.

** C or better required.

*** At least nine credit hours must be taken at the 400 level. Those wishing to pursue coursework in physical geography may substitute the following ocean, earth and atmospheric science courses for up to 12 hours of Geography credit: OEAS 306, OEAS 310, OEAS 344W, OEAS 412.

Three hours of internship count toward the 36 hours of geography courses. All majors must complete a capstone paper in the junior or senior year.

Options

As an option to the general geography curriculum, students may select one of the following majors to substitute for 12 credit hours of geography credit: urban planning and emergency/hazards management or environment and resources.

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Honors Program in Geography

- The requirements are as follows:
1. Attain an overall grade point average of 3.25.
 2. Attain a grade point average in the major of 3.50.
 3. Earn honors in nine hours of courses in the major at the 300/400 level, excluding internship and independent study courses, with no more than six hours taken from the same instructor.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked BA/BS in Geography and MA in Humanities

The linked BA/BS program in geography and the MA in humanities makes it possible for exceptional students to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Please refer to the Humanities section of this Catalog for additional information on the linked program.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts Geography with a Major in Environment and Resources (BA)

Jennifer L. Whytlaw, Geography Program Director

Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Mathematics: BS students must earn C- or better in STAT 130M.

Language and Culture: BS students' competence must be at the 102 level. BA students must have competence through the 202 level. Competence is not met by the associate degree for BA students.

Information Literacy and Research requirement satisfied in the major with GEOG 308.

The Nature of Science: OEAS 106N, OEAS 108N, OEAS 111N, or OEAS 112N is recommended for one of the two nature of science courses.

Impact of Technology requirement can be met with GEOG 306T.

Human Behavior: GEOG 100S and GEOG 101S cannot be used to satisfy this requirement.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure.
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Environment and Resources Major

General Education

Complete lower-division requirements	35-44
Complete upper-division requirements (minimum of 6 credit hours)	6
Complete foreign language coursework through the 202 level	0-6

Geography Coursework

GEOG 100S	Human Geography	3

Total Credit Hours		77-92

*	C- or better. Meets information literacy and research requirement.
**	C or better required.
***	At least nine credit hours must be taken at the 400 level. Those wishing to pursue coursework in physical geography may substitute the following ocean, earth and atmospheric science courses for up to 12 hours of Geography credit: OEAS 306, OEAS 310, OEAS 344W, OEAS 412.

Three hours of internship count toward the 36 hours of geography courses. All majors must complete a capstone paper in the junior or senior year.

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Honors Program in Geography

The requirements are as follows:

1. Attain an overall grade point average of 3.25.
2. Attain a grade point average in the major of 3.50.
3. Earn honors in nine hours of courses in the major at the 300/400 level, excluding internship and independent study courses, with no more than six hours taken from the same instructor.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure.

- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Geographic Information Systems Major

GEOG 422W	Coastal Geography
GEOG 454W	Latin America
GEOG 480W	Senior Seminar in International Studies

Geography 300-400 level electives ****

GEOG: 300-400 level electives	9
GEOG 400-level electives	9

Geographic Information Systems Major

Students substitute the following courses for 12 elective Geography credit hours.

GEOG 402	Geographic Information Systems
GEOG 404	Digital Techniques for Remote Sensing
GEOG 419	Spatial Analysis of Coastal Environments
GEOG 432	Advanced GIS
GEOG 490	Applied Cartography/GIS

Total Credit Hours	77-86

- * C- or better. Meets information literacy and research requirement.
- ** GEOG 402 and GEOG 404 may be substituted for GEOG 418.
- *** C or better required.
- **** At least nine credit hours must be taken at the 400 level. Those wishing to pursue coursework in physical geography may substitute the following ocean, earth and atmospheric science courses for up to 12 credit hours of geography credit: OEAS 306, OEAS 310, OEAS 344W, OEAS 412.

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Honors Program in Geography

The requirements are as follows:

1. Attain an overall grade point average of 3.25.
2. Attain a grade point average in the major of 3.50.
3. Earn honors in nine hours of courses in the major at the 300/400 level, excluding internship and independent study courses, with no more than six hours taken from the same instructor.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked BA/BS in Geography and MA in Humanities

The linked BA/BS program in geography and the MA in humanities makes it possible for exceptional students to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Please refer to the Humanities section of this Catalog for additional information on the linked program.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts Geography with a Major in Urban Planning & Emergency/Hazards Management (BA)

Jennifer L. Whytlaw, Geography Program Director

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6

Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Mathematics: BS students must earn C- or better in STAT 130M.

Language and Culture: BS students' competence must be at the 102 level. BA students must have competence through the 202 level. Competence is not met by the associate degree for BA students.

Information Literacy and Research requirement satisfied in the major with GEOG 308.

The Nature of Science: OEAS 106N, OEAS 108N, OEAS 111N, or OEAS 112N is recommended for one of the two nature of science courses.

Impact of Technology requirement can be met with GEOG 306T.

Human Behavior: GEOG 100S and GEOG 101S cannot be used to satisfy this requirement.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure.
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.

- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://>

catalog.odu.edu/graduate/business/public-service/). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor

Geography Minor

One general minor, a minor with a specialization in environment and resources, and a minor in political geography are offered in geography. Each requires an introductory course as a prerequisite and 12 hours of 300/400-level courses. For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Requirements

GEOG 100S or GEOG 101S is a prerequisite for the minor and is not included in the calculation of the grade point average for the minor. The minor requires 12 hours of 300/400-level geography electives.

Minor

Environment and Resources Minor

One general minor, a minor with a specialization in environment and resources, and a minor in political geography are offered in geography. Each requires an introductory course as a prerequisite and 12 hours of 300/400-level courses. For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Requirements

GEOG 100S or GEOG 101S is a prerequisite for the minor and is not included in the calculation of the grade point average for the minor. Requirements for the minor are:

GEOG 305	World Resources	3
GEOG 405	Seminar in International Resource Management	3
Select two of the following:		6
GEOG 306T	Hazards: Natural and Technological	
GEOG 420	Marine Geography	
GEOG 422W	Coastal Geography	
Total Credit Hours		12

Certificate

Environmental Resources and Policy Certificate

The undergraduate certificate in environmental resources and policy is designed to educate students in the distribution and accessibility of environmental resources (i.e., fresh water and fossil fuels). The certificate is an affidavit of academic proficiency and is administered by the Department of Political Science and Geography. The certificate is available to undergraduates and non-degree seeking professionals who meet the requirements. Students with comparable professional experience may be able to satisfy competencies in selected courses through prior learning assessment.

For completion of the certificate, students must have a minimum cumulative grade point average of 2.00 in all courses specified as a requirement for the certificate and complete a minimum of six hours in upper-level courses required for the certificate through courses offered by Old Dominion University.

Requirements

Course requirements are as follows.

Core Courses		
GEOG 305	World Resources	3
GEOG 401	Global Environmental Policy	3
GEOG 464	Advanced Environmental Geography Seminar	3
Select two of the following:		6
POLS 335	Environmental Politics	
GEOG 405	Seminar in International Resource Management	
GEOG 420	Marine Geography	
GEOG 424	Weather, Climate and Society	
GEOG 422W	Coastal Geography	
GEOG 495	Topics in Geography (Study Abroad)	
Total Credit Hours		15

Certificate

Geographic Information Science Certificate

The certificate in geographic information science (GISci) provides a program for students and professionals pursuing careers in geographic information systems (GIS) and related spatial technologies (remote sensing, global positioning systems, cartography, and spatial data handling and analysis). Awarded upon completion of the requirements, the certificate is an affidavit of academic proficiency and is administered by the Department of Political Science and Geography. Students must take courses in the areas listed below and complete them with a cumulative GPA of 3.00 or higher and no grade below a C (2.00). Students must complete a minimum of six hours in upper-level courses required for the certificate through courses offered by Old Dominion University.

The certificate is available to undergraduate students and non-degree seeking professionals who meet the requirements. Students with comparable professional experience may be able to satisfy competencies in selected courses through examination.

Requirements

Students must complete the following courses:

Core Courses		
GEOG 300	Maps and Geographic Information	3
GEOG 402	Geographic Information Systems	3
GEOG 404	Digital Techniques for Remote Sensing	3
Developmental Courses		
Select two of the following:		6
GEOG 330	Field Methods (Prior Approval Required)	
GEOG 368	Internship in Geography (Prior Approval Required)	
GEOG 408	Cartography	
GEOG 419	Spatial Analysis of Coastal Environments	
GEOG 425	Internet Geographic Information Systems	
GEOG 432	Advanced GIS	
GEOG 463	GIS Programming	
GEOG 473	Geographic Information Systems for Emergency Management	
GEOG 490	Applied Cartography/GIS	
GEOG 495	Topics in Geography (Prior Approval Required)	

GEOG 497	Independent Research in Geography (Prior Approval Required)	
Total Credit Hours		15

Certificate

Hazards and Emergency Management Certificate

The undergraduate certificate in hazards and emergency management provides a program for students and professionals pursuing careers in emergency management and related hazards analysis. The certificate is an affidavit of academic proficiency and is administered by the Department of Political Science and Geography. The certificate is available to undergraduates and non-degree seeking professionals who meet the requirements. Students with comparable professional experience may be able to satisfy competencies in selected courses through prior learning assessment.

For completion of the certificate, students must have a minimum cumulative grade point average of 2.00 in all courses specified as a requirement for the certificate and complete a minimum of six hours in upper-level courses required for the certificate through courses offered by Old Dominion University.

Requirements

Students must complete the following courses:

Core Courses		
GEOG 306T	Hazards: Natural and Technological	3
GEOG 370	Introduction to Emergency Management	3
GEOG 475	Urban Resiliency	3
Select two of the following:		6
GEOG 368	Internship in Geography	
GEOG 419	Spatial Analysis of Coastal Environments	
GEOG 424	Weather, Climate and Society	
GEOG 460	Medical Geography	
GEOG 473	Geographic Information Systems for Emergency Management	
Total Credit Hours		15

Certificate

Spatial Analysis of Coastal Environments Certificate

The certificate in spatial analysis of coastal environments provides an interdisciplinary program for students wishing to pursue careers in coastal management or research, remote sensing, or geographic information systems (GIS) applications. Rendered upon completion of the requirements, the certificate is an academic affidavit comprised of courses in geography and ocean, earth and atmospheric sciences and is administered by the two departments. Students must take courses in the areas listed below and complete them with a cumulative GPA of 3.00 or higher and no grade below a C (2.00). Students must complete a minimum of six hours in upper-level courses required for the certificate through courses offered by Old Dominion University.

The certificate is available to postgraduate professionals who meet the requirements. Students with comparable professional experience may be able to show competence in selected courses through examination.

Students seeking graduate certification should refer to the Graduate Catalog.

Requirements

Core Courses		
GEOG 404	Digital Techniques for Remote Sensing	3

GEOG 462	Advanced Spatial Analysis	3
Interpretive Analysis Courses		
Select two of the following:		6
BIOL 404	Conservation Biology and Sustainable Development	
GEOG 420	Marine Geography	
GEOG 422W	Coastal Geography	
GEOG 490	Applied Cartography/GIS *	
GEOG 495	Topics in Geography *	
OEAS 306	Oceanography	
OEAS 344W	Geomorphology	
OEAS 495	Special Topics *	
Capstone Seminar		
GEOG 419	Spatial Analysis of Coastal Environments	3
or OEAS 419	Spatial Analysis of Coastal Environments	
Total Credit Hours		15

* Advanced approval required

Certificate

Urban Studies and Planning Certificate

The undergraduate certificate in urban studies and planning is a program for students and professionals pursuing careers in urban and adaptation planning, city or county management, and community resilience building. The certificate is an affidavit of academic proficiency and is administered by the Department of Political Science and Geography. The certificate is available to undergraduates and non-degree seeking professionals who meet the requirements. Students with comparable professional experience may be able to satisfy competencies in selected courses through prior learning assessment.

For completion of the certificate, students must have a minimum cumulative grade point average of 2.00 in all courses specified as a requirement for the certificate and complete a minimum of six hours in upper-level courses required for the certificate through courses offered by Old Dominion University.

Requirements

Course requirements are as follows.

Core Courses		
GEOG 310	Geography of the City	3
GEOG 411	Urban and Regional Planning	3
GEOG 412	Cities of the World	3
Select two of the following:		6
GEOG 320	Political Geography	
GEOG 321	World Economic Geography	
GEOG 417	GIS for Planning and Public Policy	
GEOG 475	Urban Resiliency	
POLS 300	Introduction to Public Policy	
POLS 331	State and Local Government	
Total Credit Hours		15

Bachelor of Arts

Political Science (BA)

Joshua Zingher, Chief Departmental Advisor

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Mathematics: BS requires C- or better in STAT 130M. STAT 130M is also recommended for the BA degree though MATH 102M, MATH 103M or MATH 162M are also acceptable.

Language and Culture: BS students' competence must be at the 102 level. BA students must have competence through the 202 level. Competence is not met by the associate degree for BA students.

Information Literacy and Research requirement satisfied in the major with POLS 308.

Human Behavior: ECON 201S is required and is not met by the associate degree.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure.
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.

- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Political Science Core

Foundation Courses

POLS 100S	Introduction to International Politics	3
POLS 101S	Introduction to American Politics	3
POLS 102S	Introduction to Comparative Government and Politics	3
POLS 308	Research Design (C- or better) *	3
ECON 202S	Principles of Microeconomics	3
or GEOG 100S	Human Geography	
Total Credit Hours		15

* Meets information literacy and research requirement.

Political Science 300-400 level electives

The BA program requires that at least nine hours are at the 400 level and a minimum of nine hours in each of two areas of study: American politics/public law and international relations/comparative politics. The BA in International Affairs and Global Politics requires students to take a different set of elective requirements tailored to that major. For the BA in Political Science and the BA in International Affairs and Global Politics, no more than three hours can be taken from POLS 367 and POLS 368 and no more than three hours can be taken from POLS 497. One elective must be writing intensive. All majors must complete and submit to the department a capstone paper in the junior or senior year.

POLS: 300-400 level electives	12
POLS: 300-400 level writing intensive (W) course *	3
POLS: 400-level electives	9
Total Credit Hours	24

* C or better required.

See course listings in this Catalog for elective choices.

Major

General Education

Complete lower-division requirements	38-44
Complete upper-division requirements (minimum of 6 credit hours)	6
Complete foreign language coursework through the 202 level	0-6

Political Science Core

Complete political science core	15

Political Science 300-400 Level Electives

Complete political science 300-400 level electives	24

Total Credit Hours	83-95

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Honors Program in Political Science

The requirements are as follows:

1. Attain an overall grade point average of 3.25.
2. Attain a grade point average in the major of 3.50.
3. Earn honors in nine hours of courses in the major at the 300/400 level, excluding internship and independent study courses, with no more than six hours taken from the same instructor.

Double Majoring in Philosophy and Political Science

The departments of Political Science and Geography and Philosophy and Religious Studies have established an arrangement that makes it possible to complete a double major in as few as 60 hours, only 9 credits more than the 51 required to major in Political Science and minor in Philosophy.

Political Science majors double majoring in Philosophy will be allowed to count any two of the following Philosophy courses as Political Science electives:

PHIL 365	Race & Power	3
PHIL 410	Social and Political Philosophy	3
PHIL 411	Post-Modernism and Post-Structuralism	3
PHIL 412	Philosophy of Law	3
PHIL 430	Marx and Hegel	3

These courses will not count toward the requirement to take a specific number of hours in the American politics/public law and international relations/comparative politics areas. Philosophy "topics" courses and PHIL 442E may also be counted as Political Science electives when the topic covered is appropriate; prior approval is required from the chief departmental advisor of Political Science and Geography.

Philosophy majors double majoring in political science may count any two of the following Political Science courses toward their philosophy major:

POLS 309	Race, Culture and Public Policy	3
POLS 310	Political Theory	3
POLS 312	American Political Thought	3
POLS 403	American Constitutional Law: First Amendment	3
POLS 408	American Constitutional Law: Individual Rights	3
POLS 409	American Constitutional Law: Powers of Government	3
POLS 419	Jurisprudence: History of Legal Theory	3

These courses will count as Political-Legal electives; students will still be required to take 6 hours of Political-Legal core courses. Students doing the linked BA/MA in Philosophy and Humanities can count only one 500-level Political Science course as a "bridge" course. Certain Political Science "topics" courses may be counted as Philosophy electives with prior approval from the Philosophy and Religious Studies Department.

Students interested in double majoring in philosophy and a subject other than political science should consult the chief departmental advisor for Philosophy and Religious Studies; there may be some opportunity for double counting at least one class.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional

information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Science Political Science with a Major in Analytics, Institutions, and Public Policy (BS)

Joshua Zingher, Chief Departmental Advisor

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Mathematics: BS requires C- or better in STAT 130M. STAT 130M is also recommended for the BA degree though MATH 102M, MATH 103M or MATH 162M are also acceptable.

Language and Culture: BS students' competence must be at the 102 level. BA students must have competence through the 202 level. Competence is not met by the associate degree for BA students.

Information Literacy and Research requirement satisfied in the major with POLS 308.

Human Behavior: ECON 201S is required and is not met by the associate degree.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure.
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Political Science Core

Foundation Courses

POLS 100S	Introduction to International Politics	3
POLS 101S	Introduction to American Politics	3
POLS 102S	Introduction to Comparative Government and Politics	3
POLS 308	Research Design (C- or better) *	3
POLS 418	Quantitative Methods	3
ECON 202S	Principles of Microeconomics	3
or GEOG 100S	Human Geography	
Total Credit Hours		18

* Meets information literacy and research requirement.

Political Science 300-400 level electives

The BS program requires that at least nine hours are at the 400 level. The BS in Political Science requires a minimum of nine hours in each of two areas of study: American politics/public law and international relations/comparative politics. The BS in International Affairs and Global Politics and the BS in Analytics, Institutions, and Public Policy require students to take a different set of elective requirements tailored to those majors. For the BS in Political Science, International Affairs and Global Politics, and Analytics, Institutions, and Public Policy majors, no more than three hours can be taken from POLS 367 and POLS 368 and no more than three hours can be taken from POLS 497. One elective must be writing intensive. All majors must complete and submit to the department a capstone paper in the junior or senior year.

POLS: 300-400 level electives	9
POLS: 300-400 level writing intensive (W) course *	3
POLS: 400-level electives	9
Total Credit Hours	21

* C or better required.

See course listings in this Catalog for elective choices.

Analytics, Institutions, and Public Policy Major

As an alternative to the traditional political science curriculum, students may major in one of the following areas: 1) International Affairs and Global Politics or 2) Analytics, Institutions, and Public Policy. The requirements for the major in Analytics, Institutions and Public Policy are outlined below. All core requirements are unchanged from the traditional BA and BS programs in political science, but the elective requirements differ as specified below.

General Education	
Complete lower-division requirements	38-44
Complete upper-division requirements (minimum of 6 credit hours)	6
Political Science Core	
Complete Political Science core requirements	18
Political Science Coursework	
Select a minimum of five courses from the following three areas	15
Political Institutions	
Select at least one of the following:	
POLS 306	Judicial Process and Behavior
POLS 311	Virginia Politics and Government
POLS 331	State and Local Government
POLS 400	Congress
POLS 407	American Presidency
Public Policy	
Select at least three of the following:	
POLS 300	Introduction to Public Policy
POLS 309	Race, Culture and Public Policy
POLS 326W	American Foreign Policy
POLS 327W	Politics of National Security
POLS 335	Environmental Politics
POLS 410	African American Politics
POLS 414	Politics of Education
POLS 425W	Cybersecurity Strategy and Policy
Political Behavior	
Select at least one of the following:	
POLS 319	Lobbies and Interest Groups
POLS 333	Media and Politics
POLS 334	Electoral Politics
POLS 434	Political Behavior and Public Opinion in the United States
POLS: 300-400 Level Electives	6
Total Credit Hours	83-89

Students can apply POLS 481 American Politics Seminar, or POLS 368 Internship, or an additional advanced analytics class toward the total number of major classes.

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Honors Program in Political Science

The requirements are as follows:

1. Attain an overall grade point average of 3.25.
2. Attain a grade point average in the major of 3.50.
3. Earn honors in nine hours of courses in the major at the 300/400 level, excluding internship and independent study courses, with no more than six hours taken from the same instructor.

Double Majoring in Philosophy and Political Science

The departments of Political Science and Geography and Philosophy and Religious Studies have established an arrangement that makes it possible to complete a double major in as few as 60 hours, only 9 credits more than the 51 required to major in Political Science and minor in Philosophy.

Political Science majors double majoring in Philosophy will be allowed to count any two of the following Philosophy courses as Political Science electives:

PHIL 365	Race & Power	3
PHIL 410	Social and Political Philosophy	3
PHIL 411	Post-Modernism and Post-Structuralism	3
PHIL 412	Philosophy of Law	3
PHIL 430	Marx and Hegel	3

These courses will not count toward the requirement to take a specific number of hours in the American politics/public law and international relations/comparative politics areas. Philosophy "topics" courses and PHIL 442E may also be counted as Political Science electives when the topic covered is appropriate; prior approval is required from the chief departmental advisor of Political Science and Geography.

Philosophy majors double majoring in political science may count any two of the following Political Science courses toward their philosophy major:

POLS 309	Race, Culture and Public Policy	3
POLS 310	Political Theory	3
POLS 312	American Political Thought	3
POLS 403	American Constitutional Law: First Amendment	3
POLS 408	American Constitutional Law: Individual Rights	3
POLS 409	American Constitutional Law: Powers of Government	3
POLS 419	Jurisprudence: History of Legal Theory	3

These courses will count as Political-Legal electives; students will still be required to take 6 hours of Political-Legal core courses. Students doing the linked BA/MA in Philosophy and Humanities can count only one 500-level Political Science course as a "bridge" course. Certain Political Science "topics" courses may be counted as Philosophy electives with prior approval from the Philosophy and Religious Studies Department.

Students interested in double majoring in philosophy and a subject other than political science should consult the chief departmental advisor for Philosophy and Religious Studies; there may be some opportunity for double counting at least one class.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Science Political Science with a Major in International Affairs and Global Politics (BS)

Joshua Zingher, Chief Departmental Advisor

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3

Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Mathematics: BS requires C- or better in STAT 130M. STAT 130M is also recommended for the BA degree though MATH 102M, MATH 103M or MATH 162M are also acceptable.

Language and Culture: BS students' competence must be at the 102 level. BA students must have competence through the 202 level. Competence is not met by the associate degree for BA students.

Information Literacy and Research requirement satisfied in the major with POLS 308.

Human Behavior: ECON 201S is required and is not met by the associate degree.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure.
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Political Science Core

Foundation Courses

POLS 100S	Introduction to International Politics	3
POLS 101S	Introduction to American Politics	3

POLS 102S	Introduction to Comparative Government and Politics	3
POLS 308	Research Design (C- or better) *	3
POLS 418	Quantitative Methods	3
ECON 202S or GEOG 100S	Principles of Microeconomics Human Geography	3
Total Credit Hours		18

* Meets information literacy and research requirement.

Political Science 300-400 level electives

The BS program requires that at least nine hours are at the 400 level. The BS in Political Science requires a minimum of nine hours in each of two areas of study: American politics/public law and international relations/comparative politics. The BS in International Affairs and Global Politics and the BS in Analytics, Institutions, and Public Policy require students to take a different set of elective requirements tailored to those majors. For the BS in Political Science, International Affairs and Global Politics, and Analytics, Institutions, and Public Policy majors, no more than three hours can be taken from POLS 367 and POLS 368 and no more than three hours can be taken from POLS 497. One elective must be writing intensive. All majors must complete and submit to the department a capstone paper in the junior or senior year.

POLS: 300-400 level electives	9
POLS: 300-400 level writing intensive (W) course *	3
POLS: 400-level electives	9
Total Credit Hours	21

* C or better required.

See course listings in this Catalog for elective choices.

International Affairs and Global Politics Major

As an alternative to the traditional political science curriculum, students may major in one of the following areas: 1) International Affairs and Global Politics or 2) Analytics, Institutions, and Public Policy. The requirements for the major in International Affairs and Global Politics are outlined below. All foundational courses are unchanged from the traditional Political Science major, but the elective requirements differ as outlined below.

General Education

Complete lower-division requirements	38-44
Complete upper-division requirements (minimum of 6 credit hours)	6

Political Science Core

Complete Political Science core requirements	18

Political Science Coursework

Select a minimum of five courses from the following three areas	15

International Relations and Foreign Policy

Select at least two of the following:

POLS 313	United Nations Seminar
POLS 320	United Nations
POLS 321W	International Organizations
POLS 323	International Political Economy
POLS 324	International Relations Theory
POLS 326W	American Foreign Policy
POLS 327W	Politics of National Security
POLS 332W	Europe in World Affairs
POLS 421	International Law
POLS 424	International Organization
POLS 437	International Relations in East Asia

POLS 439	International Relations of African States
POLS 470	African Americans and Foreign Affairs

Comparative Politics

Select at least two of the following:

POLS 314	European Politics
POLS 316	Politics of Africa
POLS 328	Russian Politics
POLS 336	South Asia Since Independence
POLS 337	Latin American Politics
POLS 338W	Politics of East Asia
POLS 435	Chinese Politics
POLS 436	Japanese Politics
POLS 442	Twentieth Century Dictatorships
POLS 461	Seminar in European Politics
POLS 466	Politics of the Middle East

Global Public Policy

Select at least one of the following:

POLS 325W	World Politics
POLS 350T	Technology and War
POLS 401	Global Environmental Policy
POLS 425W	Cybersecurity Strategy and Policy
POLS 445	Globalization: Dynamics and Implications
POLS 455	The Politics of Climate Change
POLS 458T	Weapons of Mass Destruction in Global Security
POLS 480W	Senior Seminar in International Studies

POLS: 300-400 Level Electives 6

Total Credit Hours 83-89

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Honors Program in Political Science

The requirements are as follows:

1. Attain an overall grade point average of 3.25.
2. Attain a grade point average in the major of 3.50.
3. Earn honors in nine hours of courses in the major at the 300/400 level, excluding internship and independent study courses, with no more than six hours taken from the same instructor.

Double Majoring in Philosophy and Political Science

The departments of Political Science and Geography and Philosophy and Religious Studies have established an arrangement that makes it possible to complete a double major in as few as 60 hours, only 9 credits more than the 51 required to major in Political Science and minor in Philosophy.

Political Science majors double majoring in Philosophy will be allowed to count any two of the following Philosophy courses as Political Science electives:

PHIL 365	Race & Power	3
PHIL 410	Social and Political Philosophy	3
PHIL 411	Post-Modernism and Post-Structuralism	3
PHIL 412	Philosophy of Law	3
PHIL 430	Marx and Hegel	3

These courses will not count toward the requirement to take a specific number of hours in the American politics/public law and international relations/comparative politics areas. Philosophy "topics" courses and PHIL 442E may also be counted as Political Science electives when the

topic covered is appropriate; prior approval is required from the chief departmental advisor of Political Science and Geography.

Philosophy majors double majoring in political science may count any two of the following Political Science courses toward their philosophy major:

POLS 309	Race, Culture and Public Policy	3
POLS 310	Political Theory	3
POLS 312	American Political Thought	3
POLS 403	American Constitutional Law: First Amendment	3
POLS 408	American Constitutional Law: Individual Rights	3
POLS 409	American Constitutional Law: Powers of Government	3
POLS 419	Jurisprudence: History of Legal Theory	3

These courses will count as Political-Legal electives; students will still be required to take 6 hours of Political-Legal core courses. Students doing the linked BA/MA in Philosophy and Humanities can count only one 500-level Political Science course as a "bridge" course. Certain Political Science "topics" courses may be counted as Philosophy electives with prior approval from the Philosophy and Religious Studies Department.

Students interested in double majoring in philosophy and a subject other than political science should consult the chief departmental advisor for Philosophy and Religious Studies; there may be some opportunity for double counting at least one class.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor Political Science Minor

The Department offers three minors in political science: 1) a general minor, 2) a minor in political geography, and (3) a minor in public law, Each requires a specified introductory course as a prerequisite and 12 hours of 300/400-level courses. For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University. The requirements for each of these minors are listed below.

Requirements

POLS 100S, POLS 101S or POLS 102S is a prerequisite for the minor and is not included in the calculation of the grade point average for the minor. The minor requires 12 hours of 300/400-level political science electives. No

more than a total of three credit hours will be counted toward the minor from POLS 367, POLS 368 and POLS 497.

Minor

Political Geography Minor

The Department offers three minors in political science: 1) a general minor, 2) a minor in political geography, and (3) a minor in public law. Each requires a specified introductory course as a prerequisite and 12 hours of 300/400-level courses. For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University. The requirements for each of these minors are listed below.

Requirements

POLS 100S, POLS 101S or POLS 102S is a prerequisite for the minor and is not included in the calculation of the grade point average for the minor. The minor has one required course and nine credit hours of 300/400-level political science and geography electives. The requirements are as follows.

GEOG 320	Political Geography	3
Select two political science courses from the following:		6
POLS 314	European Politics	
POLS 316	Politics of Africa	
POLS 323	International Political Economy	
POLS 324	International Relations Theory	
POLS 336	South Asia Since Independence	
POLS 350T	Technology and War	
POLS 401	Global Environmental Policy	
POLS 421	International Law	
POLS 455	The Politics of Climate Change	
POLS 466	Politics of the Middle East	
Select one geography course from the following:		3
GEOG 300	Maps and Geographic Information	
GEOG 306T	Hazards: Natural and Technological	
GEOG 321	World Economic Geography	
GEOG 412	Cities of the World	
GEOG 420	Marine Geography	
GEOG 422W	Coastal Geography	
Total Credit Hours		12

Minor

Public Law Minor

The Department offers three minors in political science: 1) a general minor, 2) a minor in political geography, and (3) a minor in public law. Each requires a specified introductory course as a prerequisite and 12 hours of 300/400-level courses. For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Requirements

POLS 101S is a prerequisite for the minor and is not included in the calculation of the grade point average for the minor. The minor requires 12 hours from the following:

Select four of the following:		12
POLS 301W	Introduction to Public Law	
POLS 306	Judicial Process and Behavior	

POLS 307	Constitutional Criminal Procedure	
POLS 403	American Constitutional Law: First Amendment	
POLS 408	American Constitutional Law: Individual Rights	
POLS 409	American Constitutional Law: Powers of Government	
POLS 419	Jurisprudence: History of Legal Theory	
POLS 421	International Law	
POLS 438	Law in Literature and Film	
Public law topics courses such as:		
POLS 495/496	Topics in Political Science	
Total Credit Hours		12

Bachelor of Arts

International Studies (BA)

Timothy Kidd, Director and Chief Program Advisor

The Bachelor of Arts in international studies (BAIS) is an interdisciplinary program that offers students a chance to explore the interrelations among nations and peoples and to study world affairs from a variety of perspectives. The BAIS major and minor center on studies in world languages and cultures, geography, history, and political science. Students have considerable flexibility to structure their academic programs to meet their particular needs and interests or to focus in a variety of geographical or topical fields.

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3

Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Language and Culture requirement is satisfied in the major.

Information Literacy and Research requirement is met with GEOG 308 or HIST 201 or POLS 308.

Interpreting the Past requirement is satisfied in the major.

Literature: WCS 100L is required.

Human Behavior requirement is satisfied in the major.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours, 3 of which may be in the major area of study; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours). IS courses and any course listed as an elective choice for the major cannot be used to meet this option.

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

International Studies Major

General Education

or POLS 102S	Introduction to Comparative Government and Politics	

Foreign Language +

Complete foreign language courses	18-21

Methods Course Work

Select one of the following:		3
GEOG 308	Research Design	
HIST 201	Introduction to Historical Methods	
POLS 308	Research Design	

Required Courses

GEOG 305	World Resources	3
or GEOG 320	Political Geography	
POLS 323	International Political Economy	3
or POLS 324	International Relations Theory	
Select one of the following:		3

HIST 415	Empire, Nations, and Industrialization: Evolution of the State System, 1815-1914
HIST 416	States, Territories and International Organization: Evolution of the State System Since 1914
HIST 414	Freedom, Rights and Revolution: Evolution of the State System 1648-1815

Senior Seminar ***

Select one of the following:	3
GEOG 480W	Senior Seminar in International Studies
HIST 480W	Senior Seminar in International Studies
POLS 480W	Senior Seminar in International Studies
WLC 480W	Senior Seminar in International Studies
Other approved course	

Upper-Division Electives **

GEOG 300- or 400-level elective	3
HIST 300- or 400-level elective	3
POLS 300- or 400-level elective	3
300- or 400-level electives	6

Total Credit Hours	98-110

- ***
- Grade of C or better required.
- +
- A minimum of six credits in the same language beyond the 12 credit hours required for the Bachelor of Arts or demonstrated proficiency to that level as approved by the chair of the Department of World Languages and Cultures. Only when the additional six credit hours (third year) are not available at Old Dominion University will a student be allowed to take these six hours in a different language. *Native speakers of languages other than English are not required to fulfill the language requirement upon presentation of a passing TOEFL score.*
- ++
- 15 credit hours of 300- or 400-level approved electives. Three hours must be taken in a discipline other than geography, history or political science. Approved courses appear on the "Approved List of Courses for International Studies" available from the program director at tkidd@odu.edu. Additional courses with an international focus may be approved by the program director. Up to six credits may be taken through participation in a model international organization (Model United Nations). Three hours of an approved practicum may count toward the major.

Elective Credit

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Study Abroad/International Experience

Study abroad or international experience is encouraged for international studies majors, and Old Dominion University credit is available for study abroad programs. The Office of Study Abroad offers information, advising services and scholarships for enrolled students.

Honors Program in International Studies

Students may earn honors in the major by fulfilling all the degree requirements and meeting the honors requirements indicated below. The requirements for honors do not increase the credit hours necessary for the major. The requirements are as follows:

1. Attain an overall grade point average of 3.25.
2. Attain a grade point average in the major of 3.5.
3. Earn honors in nine hours of courses in the major at the 300/400 level, with no more than six hours taken from the same instructor.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked BA/MA Program in International Studies

Qualified students can apply for admission to the linked BA/MA graduate degree program in international studies. The program allows exceptional students to count up to 12 credit hours of international studies courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credits for the undergraduate degree and 30 discrete credits for the graduate degree).

Requirements for Admission

Requirements for admission are:

1. A declared major in the BA program in international studies (BAIS).
2. A minimum of 60 hours completed, including at least six hours of 300/400 courses in the major.
3. A minimum GPA of 3.5 at the time of application.
4. Application to the linked BA/MA program in international studies, approved by both the BA and MA directors.
5. Take the GRE during the last semester of BAIS work with an expected minimum score of 1100 (verbal and quantitative totals).
6. Complete an application form for Old Dominion University graduate admission. Students specializing in a region (e.g. Asia, Latin America, etc.) are encouraged to complete a minor at the undergraduate level.

Program Requirements

Students pursuing the linked BA/MA program will fulfill all lower-level General Education requirements that have been approved for the BAIS and meet the requirements to earn a BA in international studies.

Method Courses

Select one of the following:	3
GEOG 308	Research Design
POLS 308	Research Design
HIST 201	Introduction to Historical Methods

Foreign Language *

Complete foreign language requirements	18-21

Core Courses in Geography, History, Political Science, and Cultural Studies

Five of the following six courses are required:	15
GEOG 305	World Resources
GEOG 320	Political Geography
HIST 415	Empire, Nations, and Industrialization: Evolution of the State System, 1815-1914
or HIST 416	States, Territories and International Organization: Evolution of the State System Since 1914
or HIST 414	Freedom, Rights and Revolution: Evolution of the State System 1648-1815
POLS 323	International Political Economy
POLS 324	International Relations Theory

Cultural Studies: **

BAIS Senior Seminar	3
Select one of the following:	3
GEOG 480W	Senior Seminar in International Studies
HIST 480W	Senior Seminar in International Studies
POLS 480W	Senior Seminar in International Studies

WLC 480W	Senior Seminar in International Studies	
Other approved course		
Bridge Courses (to be taken during Senior Year) ***		
IS 600	Research Methods in International Studies	3
IS 601	Seminar in International Relations Theory	3
IS 726	American Foreign Policy and World Order	3
ECON 650	International Economics	3
Total Credit Hours		54-57

- * A minimum of six credits beyond the requirement for the Bachelor of Arts (preferably in the language pursued for the BA) or demonstrated proficiency to that level as approved by the chair of the Department of World Languages and Cultures. Current language offerings include: Arabic, Chinese, French, German, Hebrew, Italian, Japanese, Latin, Russian, and Spanish. Native speakers of a language other than English may ask for a waiver. To be considered a native speaker, a student must be admitted to Old Dominion University with a passing TOEFL score.
- ** Students select one course that links culture to other aspects of international studies in an integrative, interdisciplinary way. Examples are World Cultural Studies (WCS) literature and film courses, English World Literature courses, and other culturally focused, international, interdisciplinary courses, and those from disciplines other than GEOG, HIST, and POLS as available and approved by the BAIS director.
- *** An overall GPA of at least 3.00 is required in these courses.

The BA in international studies will be awarded on completion of 120 credit hours including all the preceding courses and other University requirements for graduation.

Master of Arts Requirements

After obtaining the BA in international studies, students must complete the following:

1. Four graduate courses in one of the following fields of concentration (instead of the three required for MA students): international relations/ U.S. foreign policy; conflict and cooperation; international political economy and development; and interdependence and transnationalism.
2. Two electives at the 600 level or above. At least one should have a regional focus (e.g. Europe, Asia, Middle East, Latin America).

The MA in international studies requires 18 credits beyond the four Bridge Courses (the MAIS core courses). It is anticipated that a student who has completed the BAIS could thus take three courses in the fall and spring semesters. There will be no thesis option.

Additional Requirements

Students in the linked BA/MA program must also complete the following:

1. Fulfill the BAIS language requirement (which also fulfills MAIS requirements).
2. Take the GRE during the last semester of BAIS work with a minimum expected score of 1100 (verbal and quantitative totals).
3. Have an overall GPA of 3.00 in the seven core undergraduate courses and at least a GPA of 3.00 in the four Bridge courses (MAIS core courses).
4. Maintain an overall GPA of 3.00. (Students failing to maintain a 3.00 GPA may revert to the regular BAIS degree and count up to 12 hours of completed graduate core courses toward the BAIS.)
5. Complete an application form for Old Dominion University graduate admission. Students specializing in a region (e.g. Asia, Latin America, etc.) are encouraged to complete a minor at the undergraduate level.

Additional Explanations

- 1. Students interested in the BA/MA program will be advised as early as possible, and admitted students will start the program during their Junior year in order to meet all the requirements. Thus, students may apply for admission to the linked program after they have earned 60 credits (including at least six hours of 300/400 courses in the major). Applications can be filed with the undergraduate director on or before April 1 for admission in the following Fall semester and on or before November 1 for admission in the following Spring semester. Notifications of acceptance to students will be forwarded by May 1 and December 1, respectively.
- 2. Students fulfill the BAIS language requirement (which also fulfills MAIS requirements).
- 3. Students will receive the BA degree after fulfilling all the requirements for the undergraduate degree. Students whose overall GPA drops below a 3.00 before attaining the BA degree can revert to the regular BAIS program and count any graduate credits they may have earned toward the BAIS. Students with a GPA of less than 3.00 at the end of their fourth year will not be permitted to continue toward the MA degree.
- 4. Students in the linked program must meet the BAIS requirement that students must receive a minimum grade of C (2.00) in the following undergraduate courses:

ENGL 110C	English Composition	3
ENGL 211C	Writing, Rhetoric, and Research	3
GEOG 100S	Human Geography	3
POLS 100S	Introduction to International Politics	3
or POLS 102S	Introduction to Comparative Government and Politics	
ECON 201S	Principles of Macroeconomics	3
Select one of the following:		3
HIST 100H	Interpreting the World Past Since 1500	
HIST 101H	Interpreting the Asian Past	
HIST 102H	Interpreting the European Past	
HIST 103H	Interpreting the Latin America Past	
HIST 105H	Interpreting the African Past	
Not accepted for the major:		
HIST 104H	Interpreting the American Past	
- 5. Please refer to the Graduate Catalog for additional information on the MA in international studies as well as the doctoral program in international studies.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's

degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor International Studies Minor Requirements

- The minor in international studies requires 15 credit hours including:
- 1. GEOG 100S or GEOG 250 or POLS 100S or POLS 102S is a prerequisite course for the minor and is not included in the calculation of the grade point average for the minor.
 - 2. Twelve hours of upper-division approved electives to include:

GEOG 300-400 level elective	3
HIST 300-400 level elective	3
POLS 300-400 level elective	3
300-400 level elective	3

Approved courses appear on the "Approved List of Courses for International Studies" available from the program director. Additional courses with an international focus may be approved by the program director. Up to three credits may be taken through participation in a model international organization (Model United Nations).

For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Sociology and Criminal Justice

Ruth Triplett, Chair
Jessica Huffman, Chief Department Advisor

The Department of Sociology and Criminal Justice offers courses in anthropology, criminal justice, sociology and social welfare. Students may earn a Bachelor of Arts or a Bachelor of Science with a major in sociology, social welfare or criminal justice. The department also offers a PhD in criminology and criminal justice. Please refer to the graduate catalog for more information on the PhD program.

Advanced Placement

Students interested in credit by examination should consult with the department chair. Information on credit awarded for qualifying scores on AP and IB subject examinations can be found on the equivalency charts on the Office of Undergraduate Admissions website at <https://www.odu.edu/academics/academic-records/score-analysis/ap-ib> (<https://www.odu.edu/academics/academic-records/score-analysis/ap-ib/>).

Programs

Bachelor of Arts Programs

- Criminal Justice (BA) (p. 315)
- Sociology (BA) (p. 322)

- Criminal Justice Minor (p. 322)
- Health Equity and Social Justice Minor (p. 336)
- Sociology Minor (p. 335)

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts Criminal Justice (BA)

Students are urged to take elective courses or to consider minoring in psychology, sociology, political science, computer science, information systems, or management.

Students interested in careers in corrections work including probation and parole are urged to take courses in the social welfare sequence (SOC 320, SOC 325, SOC 402) and/or minor in either sociology with a social welfare specialization or human services.

Advanced Placement

Students interested in credit by examination should consult with the department chair. Information on credit awarded for qualifying scores on AP and IB subject examinations can be found on the equivalency charts on the Office of Undergraduate Admissions website at <https://www.odu.edu/academics/academic-records/score-analysis/ap-ib> (<https://www.odu.edu/academics/academic-records/score-analysis/ap-ib/>).

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3

The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major

STAT 130M is required for Mathematics

Language and Culture: BS students' competence must be at the 102 level. BA students must have competence through the 202 level and BA competence is not met by the associate degree.

SOC 201S is required for Human Behavior

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure.

- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Criminal Justice Major

BA and BS students must complete PSYC 201S. BS students must also complete three credits from the Human Behavior Way of Knowing category in addition to the general education course selected (CRJS 215S cannot be used to meet this requirement).

General Education

Complete lower-division requirements	41-47
Complete upper-division requirements (minimum of 6 credit hours)	6
Complete foreign language coursework through the 202 level	0-6
PSYC 201S Introduction to Psychology	3

Foundation Courses

CRJS 215S Introduction to Criminology	3
CRJS 222 The Criminal Justice System	3
CRJS 262 Law and the Criminal Justice System	3
SOC 337 Social Research Methods	3
CRJS 426W Criminological Theory *	3
CRJS 436 Capstone Research Project	3

Stratification Course

Select one of the following:	3
SOC 320 Social Inequality	
SOC 323 Sociology of Minority Families	
SOC 340 Sociology of Women	
SOC 343 Sexualities in Society	
SOC 402 Sociology of Child Welfare	
SOC 426 Minority Group Relations	

Upper-Level Law Component

Select one of the following:	3
CRJS 320 Law and Social Control	
CRJS 406 Cyber Law	
CRJS 408 Children's Rights and the Law	
CRJS 448 Women, Sex Discrimination and the Law	
CRJS 462 Substantive Criminal Law	
or other approved course	

Criminal Justice 300-400 Level Electives **

Complete electives	18
Total Credit Hours	92-104

* Course must be completed with a C or better

**

Any 300-400 level criminal justice course may satisfy the elective requirements. Up to six hours of internship course work may also be used.

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Double Major or Major and Minor in Criminal Justice and Sociology

Students double majoring in criminal justice and sociology (or vice versa) may use a maximum of five cross-listed courses for both majors. Students with a major in criminal justice and a minor in sociology (or vice versa) cannot use any cross-listed course to meet requirements for both the major and minor.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Science Criminal Justice (BS)

Students are urged to take elective courses or to consider minoring in psychology, sociology, political science, computer science, information systems, or management.

Students interested in careers in corrections work including probation and parole are urged to take courses in the social welfare sequence (SOC 320, SOC 325, SOC 402) and/or minor in either sociology with a social welfare specialization or human services.

Advanced Placement

Students interested in credit by examination should consult with the department chair. Information on credit awarded for qualifying scores on AP and IB subject examinations can be found on the equivalency charts on the Office of Undergraduate Admissions website at <https://www.odu.edu/academics/academic-records/score-analysis/ap-ib> (<https://www.odu.edu/academics/academic-records/score-analysis/ap-ib/>).

The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major

STAT 130M is required for Mathematics

Language and Culture: BS students' competence must be at the 102 level. BA students must have competence through the 202 level and BA competence is not met by the associate degree.

SOC 201S is required for Human Behavior

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure.
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.

- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Criminal Justice Major

BA and BS students must complete PSYC 201S. BS students must also complete three credits from the Human Behavior Way of Knowing category in addition to the general education course selected (CRJS 215S cannot be used to meet this requirement).

General Education

Complete lower-division requirements	41-47
Complete upper-division requirements (minimum of 6 credit hours)	6
PSYC 201S Introduction to Psychology	3
Human Behavior Way of Knowing course *	3

Foundation Courses

CRJS 215S Introduction to Criminology	3
CRJS 222 The Criminal Justice System	3
CRJS 262 Law and the Criminal Justice System	3
SOC 337 Social Research Methods	3
CRJS 426W Criminological Theory **	3
CRJS 436 Capstone Research Project	3

Stratification Course

Select one of the following:	3
SOC 320 Social Inequality	
SOC 323 Sociology of Minority Families	
SOC 340 Sociology of Women	
SOC 343 Sexualities in Society	
SOC 402 Sociology of Child Welfare	
SOC 426 Minority Group Relations	

Upper-Level Law Component

Select one of the following:	3
CRJS 320 Law and Social Control	
CRJS 406 Cyber Law	
CRJS 408 Children's Rights and the Law	
CRJS 448 Women, Sex Discrimination and the Law	
CRJS 462 Substantive Criminal Law	
or other approved course	

Criminal Justice 300-400 Level Electives ***

Complete electives	18
Total Credit Hours	95-101

- * CRJS 215S cannot be used to meet this requirement
- ** Course must be completed with a C or better
- *** Any 300-400 level criminal justice course may satisfy the elective requirements. Up to six hours of internship course work may also be used.

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Double Major in Criminal Justice and Human Services

The Department of Sociology and Criminal Justice and the Department of Counseling and Human Services have created an opportunity for undergraduate students to major in both criminal justice and human services. Combining interest areas between two majors allows more versatility for

students' future through enhanced opportunities to pursue graduate school and strengthening employability. Both majors can be earned within the 120 credit hours required for an undergraduate degree. Within this double major, students have an opportunity to pursue a certificate in addiction prevention and treatment. Students who select the addiction prevention and treatment option will graduate with a certificate in addiction prevention and treatment.

Students interested in the double major option should contact the Chief Departmental Advisor.

Double Major or Major and Minor in Criminal Justice and Sociology

Students double majoring in criminal justice and sociology (or vice versa) may use a maximum of five cross-listed courses for both majors. Students with a major in criminal justice and a minor in sociology (or vice versa) cannot use any cross-listed course to meet requirements for both the major and minor.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program

prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor Criminal Justice Minor Requirements

CRJS 215S and CRJS 222 are prerequisites for the minor and are not included in the calculation of the grade point average for the minor. Required courses are:

Four 300/400-level Criminal Justice courses *	12
Total Credit Hours	12

* Excluding CRJS 368

For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor through courses offered by Old Dominion University.

Bachelor of Arts Sociology (BA)

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6

Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3

Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

STAT 130M is required for Mathematics

Language and Culture: BS students' competence must be at the 102 level; BA students must have competence through the 202 level and BA competency is not met by the associate degree.

Human Behavior: SOC 201S cannot be used to satisfy this requirement.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure.
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Sociology Core

BA students must complete three credits from the Human Behavior Way of Knowing category in addition to the general education course selected, and BS students must complete an additional six credits.

Human Behavior Way of Knowing Coursework			3-6
Foundation Courses			
SOC 201S	Introduction to Sociology		3
SOC 337	Social Research Methods		3
SOC 409W	Sociological Theory ¹		3
SOC 436	Capstone Research Project		3
Total Credit Hours			15-18

¹ Must be completed with a C or better

General Sociology Major

General Education			
Complete lower-division requirements			41-47
Complete upper-division requirements (minimum of 6 credit hours)			6
Complete foreign language coursework through the 202 level			0-6
Sociology Core			
Complete sociology core			15
General Sociology			
SOC 300-400 Level Electives ¹			24
Total Credit Hours			86-98

¹ See course descriptions for choices. Up to six hours of internship coursework may be used.

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Double Major in Sociology and Human Services

The Department of Sociology and Criminal Justice and the Department of Counseling and Human Services have created an opportunity for undergraduate students to major in both sociology and human services. Combining interest areas between two majors allows more versatility for students' future through enhanced opportunities to pursue graduate school and strengthening employability. Both majors can be earned within the 120 credit hours required for an undergraduate degree. Within this double major, students have an opportunity to pursue a certificate in addiction prevention and treatment. Students who select the addiction prevention and treatment option will graduate with a certificate in addiction prevention and treatment.

Students interested in the double major option should contact the Chief Departmental Advisor.

Double Major or Major and Minor in Criminal Justice and Sociology

Students double majoring in criminal justice and sociology (or vice versa) may use a maximum of five cross-listed courses for both majors. Students with a major in criminal justice and a minor in sociology (or vice versa) cannot use any cross-listed course to meet requirements for both the major and minor.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider

their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure.
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Sociology Core

BA students must complete three credits from the Human Behavior Way of Knowing category in addition to the general education course selected, and BS students must complete an additional six credits.

Human Behavior Way of Knowing Coursework			3-6
Foundation Courses			
SOC 201S	Introduction to Sociology		3
SOC 337	Social Research Methods		3
SOC 409W	Sociological Theory ¹		3
SOC 436	Capstone Research Project		3
Total Credit Hours			15-18

General Sociology	
SOC 300-400 Level Electives ¹	24
Total Credit Hours	89-95

¹ See course descriptions for choices. Up to six hours of internship coursework may be used.

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Double Major in Sociology and Human Services

The Department of Sociology and Criminal Justice and the Department of Counseling and Human Services have created an opportunity for undergraduate students to major in both sociology and human services. Combining interest areas between two majors allows more versatility for students' future through enhanced opportunities to pursue graduate school and strengthening employability. Both majors can be earned within the 120 credit hours required for an undergraduate degree. Within this double major, students have an opportunity to pursue a certificate in addiction prevention and treatment. Students who select the addiction prevention and treatment option will graduate with a certificate in addiction prevention and treatment.

Students interested in the double major option should contact the Chief Departmental Advisor.

Double Major or Major and Minor in Criminal Justice and Sociology

Students double majoring in criminal justice and sociology (or vice versa) may use a maximum of five cross-listed courses for both majors. Students with a major in criminal justice and a minor in sociology (or vice versa) cannot use any cross-listed course to meet requirements for both the major and minor.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts Sociology with a Major in Social Welfare (BA)

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

STAT 130M is required for Mathematics

Language and Culture: BS students' competence must be at the 102 level; BA students must have competence through the 202 level and BA competency is not met by the associate degree.

Human Behavior: SOC 201S cannot be used to satisfy this requirement.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure.
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Sociology Core

BA students must complete three credits from the Human Behavior Way of Knowing category in addition to the general education course selected, and BS students must complete an additional six credits.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as

three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Double Major in Sociology and Human Services

The Department of Sociology and Criminal Justice and the Department of Counseling and Human Services have created an opportunity for undergraduate students to major in both sociology and human services. Combining interest areas between two majors allows more versatility for students' future through enhanced opportunities to pursue graduate school and strengthening employability. Both majors can be earned within the 120 credit hours required for an undergraduate degree. Within this double major, students have an opportunity to pursue a certificate in addiction prevention and treatment. Students who select the addiction prevention and treatment option will graduate with a certificate in addiction prevention and treatment.

Students interested in the double major option should contact the Chief Departmental Advisor.

Double Major or Major and Minor in Criminal Justice and Sociology

Students double majoring in criminal justice and sociology (or vice versa) may use a maximum of five cross-listed courses for both majors. Students with a major in criminal justice and a minor in sociology (or vice versa) cannot use any cross-listed course to meet requirements for both the major and minor.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor Sociology Minor Requirements

SOC 201S is a prerequisite for the minor and is not included in the calculation of the grade point average for the minor. Required courses are:

Select one of the following:	3
SOC 320	Social Inequality
SOC 337	Social Research Methods
SOC 409W	Sociological Theory

300/400 Level Sociology Courses *	9
Total Credit Hours	12

* Excluding SOC 320 and SOC 368

A maximum of one topics course (SOC 395/SOC 396 or SOC 495/SOC 496) may be included. If SOC 320 or SOC 337 is used to satisfy another requirement, it cannot be used for the minor.

Sociology (Social Welfare Specialization)

SOC 201S is a prerequisite for the minor and is not included in the calculation of the grade point average for the minor. Required courses are:

SOC 325	Social Welfare	3
SOC 402	Sociology of Child Welfare	3
SOC 320	Social Inequality	3
One 300/400-level SOC course *		3
Total Credit Hours		12

* Excluding SOC 368

For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor through courses offered by Old Dominion University.

Minor Children's Rights Minor

Jeehye Kang, Coordinator

This interdisciplinary minor is focused on the exploration of child rights within and across diverse disciplines and in the U.S. and internationally. This perspective challenges approaches in the various disciplines that have in their study of children traditionally denied or failed to recognize children's human rights and dignity. In place of the traditional perspectives, courses in this interdisciplinary minor frame the study of children within the larger framework of human rights, more specifically, children's rights and status as a group within society in social science research and theory, literature, the arts, humanities, education, counseling, law and public policy.

Requirements

Course options are as follows:

Select four of the following.	12
COMM 427	Children's Communication Theory and Research
CRJS/SOC 403	Violence in the World of Children
CRJS/SOC 408	Children's Rights and the Law
HMSV 448	Interventions and Advocacy with Children
PSYC 351	Child Psychology
SOC 402	Sociology of Child Welfare
SOC 407	Violence Against Children Internationally
SOC 440	Health, Illness, and Society
PUBH 360	Introduction to Global Health
Total Credit Hours	12

The children's rights interdisciplinary minor requires 12 credit hours of 300/400-level courses selected from at least two different disciplines with a maximum of six credits from any one discipline. For completion of the interdisciplinary minor, students must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses. At least six hours of 300/400 upper-level courses must be taken through courses offered by Old Dominion University. Three credit hours may be in the major, if a

major course is listed as an option for the interdisciplinary minor. As such, it will be credited toward both the major and the interdisciplinary minor.

Minor Health Equity and Social Justice Minor

This minor explores social determinants of health, including how social factors such as race, ethnicity, class, gender, sexuality, culture, and location impact community health. Particular attention will be paid to structural causes of health disparities, sources of resilience, and health policies.

For more information about the minor, please contact - Kathleen Slauson-Blevins, Minor Coordinator, at kslauson@odu.edu (%20kslauson@odu.edu).

Requirements

SOC 201S and PUBH 200 are prerequisites for the minor and are not included in the calculation of the grade point average for the minor. Required courses are:

SOC 440	Health, Illness, and Society	3
PUBH 422	Health, Culture and Diversity-Reducing Disparities in Public Health	3
Select two of the following:		6
HLSC 320 or PUBH 320	Health Equity and Disability Culture	3
PUBH 403W	Social and Behavioral Aspects of Public Health	3
PUBH 335	Population Health	3
PUBH 465	Policy and Politics of Health	3
SOC 402	Sociology of Child Welfare	3
SOC 423	Women, Health and Healing	3
Total Credit Hours		30

For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses, and complete a minimum of six hours in upper-level courses in the minor through courses offered by Old Dominion University.

Certificate Diversity Studies Certificate

Jessica Huffman, Coordinator

This interdisciplinary certificate program offers a focus on diversity and addresses relationships between majority and minority groups throughout multiple societies around the globe. Class, social structures, cultural differences and related topics will be explored, along with ways to promote understanding and acceptance among those who differ in race, religion, culture, ethnicity, or other characteristics. Humanities, public administration, psychology and other courses are available to students who obtain the certificate. Graduates will gain a heightened understanding of the diversity among various people from differing countries, cultures, religions, genders and/or ethnicities, thus enhancing their approach to those who differ in various aspects of humanity. This program will serve such completers in multiple work settings, regardless of career selection.

Requirements

Students will be required to take three courses that cover areas of diversity from among the following lists. The required course, SOC 320 Social Inequality, introduces students to differences in stratification and social class both in the U.S. and throughout the world. Other classes may be selected based on student interest in the focus areas. After taking the courses required for the certificate, the student should send the coordinator a portfolio including at least one assignment from each class and their response to the following question: "Based on what you learned in the three courses

you took for the diversity certificate, how will you interact with people differently in your chosen career?"

Requirements for the award of the certificate are an overall grade point average of 2.0 or above in all courses specified as a requirement for the certificate and completion of a minimum of six hours in upper-level courses required for the certificate through courses offered by Old Dominion University.

Required

SOC 320	Social Inequality	3

Restricted Electives

Select two courses from two different areas:		6

AAST 410	Africana Intellectual Thought and Economic Development
AAST 420W	African American Political and Social Thought
COMM 400W	Intercultural Communication
CRJS 450	Blacks, Crime and Justice
CRJS 452	Diversity in Criminal Justice Organizations
ENGL 371W	Language and Culture
GEOG 325	Ethnic Minorities
GEOG 412	Cities of the World
HIST 475	Global Africa

WGS 303	Queer Studies
WGS 390T	Women, Gender, and Technology Worldwide

Total Credit Hours	9

Women's and Gender Studies

Elizabeth Groeneveld, Chair

egroenev@odu.edu

<https://ww1.odu.edu/womens-gender-studies> (<https://ww1.odu.edu/womens-gender-studies/>).

Women's and Gender Studies is a multi- and interdisciplinary field of study that examines gender in historical and contemporary contexts with an emphasis on women's lives and perspectives. The department values the complex intersections of gender, race, class, sexuality, ability, nation, and other identities.

Both the Bachelor of Arts and Bachelor of Science degrees are offered through this department. Students in any discipline can also earn a graduate certificate in Women's Studies. These degrees enhance career opportunities in governmental and non-governmental agencies, law, criminal justice,

public relations, journalism, counseling, the health professions, business, social welfare, education, and many other fields. They also provide a strong foundation for students interested in pursuing graduate work.

Advising

To declare a Women's Studies major or minor, students must see an advisor in the Women's and Gender Studies Department. All Women's Studies majors are required to have a conference with their advisor before each semester (preferably during preregistration).

Programs

Bachelor of Arts Program

- Women's Studies (BA) (p. 337)

Bachelor of Science Program

- Women's Studies (BS) (p. 340)

Minor Programs

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Linked BA/BS in Women's Studies and MA in Humanities

The linked program in Women's and Gender Studies and Humanities makes it possible for exceptional Women's Studies majors to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree.

Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). For more information consult the Humanities section of this Catalog.

Bachelor of Arts Women's Studies (BA)

Women's and Gender Studies is a multi- and interdisciplinary field of study that examines gender in historical and contemporary contexts with an emphasis on women's perspectives. We value the complex intersections of gender, race, class, sexuality, ability, nation, and other identities. We are committed to a social justice-based approach, and seek to bridge academic and community work. Contact the Women's and Gender Studies Department to speak with the Departmental Advisor, 757-683-3823.

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3

Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both ENGL 110C and the second written communication course before declaring a major.

Language and Culture: Proficiency through 102 level-BS only; Proficiency through 202 level-BA only and not met by associate degree.

Impact of Technology requirement is satisfied in the major by WGS 390T.

WGS 201S cannot be used to satisfy the Human Behavior requirement.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure.

- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Women's Studies Major

General Education

Complete lower-division requirements	38-44
Complete upper-division requirements (minimum of 6 credit hours)	6
Complete foreign language coursework through the 202 level	0-6

Women's Studies

WGS 201S	Introduction to Women's, Gender, and Sexuality Studies	3
WGS 301	Feminist Foundations	3

WGS 498	Independent Study
Courses other than WGS approved by the department	

Total Credit Hours **80-92**

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Women's Studies as a Second Major

Students interested in Women's and Gender Studies but who already have a major may be able to fulfill their upper-division general education requirements by selecting Women's Studies as a second major. Such students must complete the same departmental requirements as those majoring solely in Women's Studies, but may count up to three Women's and Gender Studies approved courses taken for their other major toward their Women's Studies major as well. For instance, a student majoring in both Sociology and Women's Studies may count three courses (such as SOC 340 (<http://catalog.odu.edu/search/?P=SOC%20340>), SOC 343 (<http://catalog.odu.edu/search/?P=SOC%20343>), and SOC 427 (<http://catalog.odu.edu/search/?P=SOC%20427>)) taken toward their sociology requirements as three electives for their major in Women's Studies.

Double Majoring in Philosophy and Women's Studies

The Departments of Women's and Gender Studies and Philosophy and Religious Studies have established an arrangement that makes it possible to complete a double major in as few as 57 hours, only 9 credits more than the 48 hours needed for a major in Women's Studies and minor in Philosophy. Any four of the following courses, totaling no more than 12 credit hours, may count toward both majors. Courses "double-counted" from one major will be considered electives in the other major.

PHIL 365	Race & Power	3
PHIL 402	Gender and Philosophy	3
REL 403	Gender and Sexuality in Islam	3
WGS 302W	Dimensions of Diversity: Intersectionality Among Women	3
WGS 303	Queer Studies	3
WGS 460W	Feminist and Queer Theory	3

With prior approval other courses from PHIL, REL, or WGS, such as topics courses, may be counted toward both majors.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Linked BA/BS in Women's Studies and MA in Humanities

The linked program in Women's and Gender Studies and Humanities makes it possible for exceptional Women's Studies majors to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree.

Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). For more information consult the Humanities section of this Catalog.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the

undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Science Women's Studies (BS)

Overview

Women's and Gender Studies is a multi- and interdisciplinary field of study that examines gender in historical and contemporary contexts with an emphasis on women's perspectives. We value the complex intersections of gender, race, class, sexuality, ability, nation, and other identities. We are committed to a social justice-based approach, and seek to bridge academic and community work. Contact the Women's and Gender Studies Department to speak with the Departmental Advisor, 757-683-3823.

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3

Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3
Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both ENGL 110C and the second written communication course before declaring a major.

Language and Culture: Proficiency through 102 level-BS only; Proficiency through 202 level-BA only and not met by associate degree.

Impact of Technology requirement is satisfied in the major by WGS 390T.

WGS 201S cannot be used to satisfy the Human Behavior requirement.

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major.

- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study.
- Option C. An approved certification program such as teaching licensure.
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Arts and Humanities Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Women's Studies Major

WGS 495	Topics in Women's, Gender, and Sexuality Studies
or QUST 495	Topics in Queer Studies
WGS 497	Independent Study
WGS 498	Independent Study
Courses approved by WGS	
Total Credit Hours	
80-86	

Electives

Elective courses may be taken for the remainder of the minimum 120 credits required for the degree.

Women's Studies as a Second Major

Students interested in Women's and Gender Studies but who already have a major may be able to fulfill their upper-division general education requirements by selecting Women's Studies as a second major. Such students must complete the same departmental requirements as those majoring solely in Women's Studies, but may count up to three Women's and Gender Studies approved courses taken for their other major toward their Women's Studies major as well. For instance, a student majoring in both Sociology and Women's Studies may count three courses (such as SOC 340 (<http://catalog.odu.edu/search/?P=SOC%20340>), SOC 343 (<http://catalog.odu.edu/search/?P=SOC%20343>), and SOC 427 (<http://catalog.odu.edu/search/?P=SOC%20427>)) taken toward their sociology requirements as three electives for their major in Women's Studies.

Double Majoring in Philosophy and Women's Studies

The Departments of Women's and Gender Studies and Philosophy and Religious Studies have established an arrangement that makes it possible to complete a double major in as few as 57 hours, only 9 credits more than the 48 hours needed for a major in Women's Studies and minor in Philosophy. Any four of the following courses, totaling no more than 12 credit hours, may count toward both majors. Courses "double-counted" from one major will be considered electives in the other major.

PHIL 365	Race & Power	3
PHIL 402	Gender and Philosophy	3
REL 403	Gender and Sexuality in Islam	3
WGS 302W	Dimensions of Diversity: Intersectionality Among Women	3
WGS 303	Queer Studies	3
WGS 460W	Feminist and Queer Theory	3

With prior approval other courses from PHIL, REL, or WGS, such as topics courses, may be counted toward both majors.

Linked BA/BS in Women's Studies and MA in Humanities

The linked program in Women's and Gender Studies and Humanities makes it possible for exceptional Women's Studies majors to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree.

Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). For more information consult the Humanities section of this Catalog.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor Women's Studies Minor

Requirements

WGS 201S is a prerequisite for the minor and is not included in the grade point average for the minor. Required courses are:

WGS 301	Feminist Foundations	3
or WGS 302W	Dimensions of Diversity: Intersectionality Among Women	
WGS 390T	Women, Gender, and Technology Worldwide*	3
Two additional WGS courses (at least one at the 400 level)		6
Total Credit Hours		12

* Meets impact of technology requirement.

Students must maintain a minimum cumulative grade point average of 2.0 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor through courses offered by Old Dominion University. Completion of the undergraduate Women's Studies minor will fulfill the upper-division General Education requirements.

Minor Queer Studies Minor

Cathleen Rhodes, Advisor

Queer Studies explores the social, historical, and cultural construction of gender and sexuality, and the diverse experiences of LGBTQ+ people. Students will examine how these experiences are shaped by race, class, disability, and other identity categories, with a focus on social equality.

Requirements

QUST 303	Queer Studies	3
or WGS 303	Queer Studies	
Select three of the following: *		9
QUST 302W	Dimensions of Diversity: Intersectionality Among Women	
or WGS 302W	Dimensions of Diversity: Intersectionality Among Women	
QUST 305	Queer Literature	
or WGS 305	Queer Literature	
QUST 460W	Feminist and Queer Theory	
or WGS 460W	Feminist and Queer Theory	
CRJS 326	LGBTQ People, Crime, and Justice	
SOC 343	Sexualities in Society	
Total Credit Hours		12

* QUST 395/WGS 395 and QUST 495/WGS 495 may be used toward the minor with approval of the minor advisor.

Students must maintain a minimum cumulative grade point average of 2.0 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor through courses offered by Old Dominion

University. Completion of the undergraduate Queer Studies minor will fulfill the upper-division General Education requirements.

World Languages and Cultures

Web Site: <http://www.odu.edu/languages> (<http://www.odu.edu/languages/>)

Elizabeth Black, Chair

Peter Schulman, Departmental Advisor for French

Kerstin Steitz, Departmental Advisor for German

Minori Marken, Departmental Advisor for Japanese

Andrew Gordus, Chief Departmental Advisor; Departmental Advisor for Spanish

Lee Slater, Departmental Advisor for World Cultural Studies

Maria Gomez-Periago, Director of K-12 Teaching Licensure Programs (French, German, Spanish)

Angelica Huizar, Director of Latin American Studies

Betty Rose Facer, Director of the Language Learning Center

Foreign Language in High School

Students may be exempt from the General Education Foreign Language requirement (without credit) in one of the following ways:

1. presentation of three high school credits in one foreign language or American Sign Language (ASL);
2. presentation of two high school credits in each of two foreign languages or one foreign language and American Sign Language (ASL); or
3. presentation of an appropriate passing score on the CEEB Foreign Language Achievement Test, internal ODU placement test, or its equivalent. Appropriate passing scores can be found below and on the Office of Admissions website.

Students who have studied a foreign language in high school for three or more years must take a placement exam before continuing in the same language. Students with less than three years of foreign language study in high school may take the placement test if they wish to begin higher than 101F or 111F; otherwise, they must begin with the 101F or 111F course. This policy does not apply to students who have advanced placement credit. Contact the Testing Center for additional information.

The **General Education Foreign Language requirement** as well as the foreign language proficiency requirement for the BA degree in the College of Arts and Letters (<http://catalog.odu.edu/undergraduate/collegeofartsletters/>) may be exempted through acceptable scores in the CEEB Achievement Test in French, German or Spanish or departmentally administered examinations in other languages. Contact the Testing Center for additional information. Credit is granted for scores of 3, 4 and 5 on Advanced Placement (AP) language exams in Chinese, French, German, Italian, Japanese, and Spanish and literature exams in French, Latin and Spanish. No more than nine credits will be awarded if both AP language and literature exams are submitted. Credit is also granted for scores of 4, 5, 6 and 7 on the A2 and B exams in French, German, Latin and Spanish of the International Baccalaureate (IB). Contact the department for additional information. Additional information can be found on the equivalency charts on the ODU website at <https://www.odu.edu/academics/academic-records/score-analysis/ap-ib> (<https://www.odu.edu/academics/academic-records/score-analysis/ap-ib/>).

Students with a documented accommodation regarding language processing should consult with the Office of Accessibility to determine whether substitute classes may be appropriate to replace language classes to fulfill their language requirement.

Native and heritage speakers: Foreign language courses below the 300 level are not open to native speakers; native speakers are not eligible to earn credit for foreign language courses below the 300 level through coursework or external testing services such as CLEP. Heritage speakers may be eligible to take language courses below the 300 level. Both native and heritage speakers wishing to take language classes at any level should consult a foreign language faculty member for advising.

Foreign Language Requirements for Undergraduate Degrees

The College of Arts and Letters requires foreign language or ASL proficiency at the fourth-semester level for students pursuing Bachelor of Arts degrees. Students pursuing all other undergraduate degrees must meet the lower-level Language and Culture general education requirement of proficiency at the second-semester level.

Students whose native language is not English are exempt from taking a foreign language for General Education. Students pursuing degrees that require proficiency beyond the 100 level must be certified by the World Languages and Cultures Department to obtain a waiver of the 200-300 level courses.

To receive the waiver (102F or 111F level for BS; 202 or 212 level for BA; 311 & 312 level for Bachelor of Arts in International Studies), the student would need one of the following:

1. a TOEFL exam at the time of ODU admission;
2. a high school transcript showing that the student's education was primarily in another language;
3. for those languages not commonly taught in the World Languages and Cultures Department, a translation exam evaluated by a faculty member indicating the student would pass the appropriate level.

Special emphasis at all levels of language instruction is placed on oral proficiency through dialogues, oral reports, class discussions and assignments in the Language Learning Center.

Language Learning Center

The goal of the Language Learning Center is to serve the needs of faculty, students and the Hampton Roads community in promoting the study of foreign languages offered at Old Dominion University through the use of technology-enhanced methods and materials. The center has been an integral part of the World Languages and Cultures Department since its inception in 1992. Serving over 1,200 students each semester from the Department of World Languages and Cultures and the English Language Center, the center is committed to instructional technology for foreign language learning and quality instruction.

- * Satisfies oral communication requirement
** Grade of C or better required

Elective Credit

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements

Transfer Credits

Students who have received an AA, AS or AA and S from a Virginia community college, Richard Bland College or an equivalent associate degree approved by Transfer Evaluation Services have met all lower-division general education requirements. However, completion of ENGL 211C and either six hours of a second foreign language or six hours of area studies (which may include WCS 100L) are major requirements and are not automatically met by completion of an associate degree. Transfer students who have taken a different general education course in the same perspective area should consult the chief departmental advisor to determine if substitutions are possible.

All majors must complete the Lower-Division General Education requirements and the core requirements and select one of the following majors. A cumulative grade point average of 2.00 is required for the 30 hours of upper-division courses in French, German, Japanese, or Spanish. No more than two FR/GER/JAPN/SPAN courses taught in English can be counted for the major. At least 12 hours in the major must be taken at Old Dominion University.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Oral Communication (satisfied in the major for French, German, Japanese, and Spanish by one of the following: FR 311, GER 311, JAPN 311, SPAN 311. Students in the World Cultural Studies major must complete a general education oral communication course.)

Language and Culture: satisfied by the major for French, German, Japanese, and Spanish. Students in the World Cultural Studies major must demonstrate foreign language proficiency at the fourth-semester level.

Interpreting the Past: HIST 104H may not be used to satisfy the requirement.

Literature: WCS 100L is required

Impact of Technology requirement is satisfied by TLED 430W for teacher licensure students.

Human Behavior: GEOG 100S is required

Upper-Division General Education

Satisfied by the professional education core.

Requirements for Graduation

Requirements for graduation include completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better; completion of the Senior Assessment; a minimum cumulative 2.75 GPA in the major area and in the professional education core with no grade less than a C in the major/content and with no grade less than a C- in the professional education core; successful completion of the Teacher Candidate Internship, and a minimum of 120 credit hours, which must include both a minimum of 30 credit hours overall

and 12 credit hours of upper-level courses in the major program from Old Dominion University.

Licensure requirements also include certificate of completion in First Aid/AED/CPR, Dyslexia Awareness Training, Child Abuse and Neglect Recognition and Intervention Training, and Regulations Governing the Use of Restraint and Seclusion in Elementary and Secondary Schools, and Cultural Competence Training.

Due to changing University requirements, national accreditation standards, and the Virginia Board of Education licensure regulations, the teacher education programs in the College of Arts and Letters are under constant revision. Any changes resulting from these factors supersede the program requirements described in this Catalog. Students are encouraged to obtain current program information from their advisors and from the Office of Clinical Experiences website at www.odu.edu/oce (<http://www.odu.edu/oce/>).

Students holding a baccalaureate degree in French, German, or Spanish (or its accepted equivalent) may enroll in the program leading to licensure. Students seeking licensure only must see an advisor before enrolling. A maximum of nine hours in the language, to be selected with the help of the major advisor, may also be required.

Students seeking licensure in pre-K through grade 12 complete the lower-division General Education requirements listed under the Bachelor of Arts-World Languages and Cultures major.

PreK-12 French Education Major

General Education

- * Satisfies oral communication requirement.
- ** At least three credits must be in literature at the 400 level.
- *** Satisfies impact of technology requirement.
- **** Student teaching.

Elective Credit

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Information

Admission

All students must apply for and be admitted into the approved foreign language PreK-12 teacher education program for French, German or Spanish. Students must meet the required criteria for admission by earning the minimum required grade point averages (GPA).

Prescribed Virginia Board of Education Assessment for Admission to an Approved Teacher Education Program

Old Dominion University students seeking admission to an approved teacher education program must satisfy the Virginia Board of Education required assessment for admission into an approved teacher education program.

For the most current information on the prescribed Virginia Board of Education admission assessment, visit the Office of Clinical Experiences website, <http://www.odu.edu/oce> (<http://www.odu.edu/oce/>) and review the *Professional Education Handbook*.

Required grade point averages (GPA)

- A cumulative GPA of 2.75 is required.
- A major/content GPA of 2.75 is required – all French, German or Spanish major courses must be passed with a grade of C or higher.
- A professional education GPA of 2.75 is required – all professional education courses must be passed with a grade of C- or higher.

Although students may enroll in a limited number of education courses, students must be admitted into the approved foreign language teacher preparation program prior to enrolling in any instructional strategies practicum education course. Students must also meet with an education advisor in the Office of Clinical Experiences in the Darden College of Education and Professional Studies.

Continuance

Students must maintain a cumulative GPA of 2.75, a major/content GPA of 2.75 and a professional education GPA of 2.75. French, German or Spanish courses must be passed with a grade of C or higher. The professional education core must be completed with a grade of C- or higher for continuance. A professional education GPA of 2.75 is required for continuance. Students must take and pass the Praxis Subject Assessment, French, German or Spanish World Language (formerly Praxis II) and receive an official rating of Advanced-low or higher on the ACTFL OPI prior to or while enrolled in the instructional strategies course. All assessments must be passed prior to the start of the Teacher Candidate Internship Orientation session.

Background Clearance Requirement

Old Dominion University requires a background clearance check of candidates interested in many of the professional education programs. Professional education programs have several field experiences that are required for continuance and graduation from the program. The background clearance must be successfully completed prior to a field experience placement. Candidates will be provided a field experience placement when the background check process is completed with resolution of any issues. The process to complete the ODU clearance background check is located at: <https://www.odu.edu/clinical-experiences/placement/background-checks> (<https://www.odu.edu/clinical-experiences/placement/background-checks/>). The ODU clearance process includes: an FBI fingerprint, a child protective service/social service review, and a Virginia State Police sex offender registry review. Candidates interested in the professional education programs are advised to complete this clearance process immediately upon entry into the program since the clearance process takes a minimum of eight weeks to complete.

Virginia Board of Education Prescribed Assessments for Licensure

- Praxis Subject Assessment, French World Language (test code 5174) – passing score of 163 required
- Praxis Subject Assessment, German World Language (test code 5183) – passing score of 163 required
- Praxis Subject Assessment, Spanish World Language (test code 5195) – passing score of 168 required

To review more information on the Virginia Board of Education prescribed assessments, visit the Office of Clinical Experiences website, www.odu.edu/oce (<http://www.odu.edu/oce/>).

Human Behavior: GEOG 100S is required

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program, such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Oral Communication (satisfied in the major for French, German, Japanese, and Spanish by one of the following: FR 311, GER 311, JAPN 311, SPAN 311. Students in the World Cultural Studies major must complete a general education oral communication course.)

Language and Culture: satisfied by the major for French, German, Japanese, and Spanish. Students in the World Cultural Studies major must demonstrate foreign language proficiency at the fourth-semester level.

Interpreting the Past: HIST 104H may not be used to satisfy the requirement.

Literature: WCS 100L is required

Impact of Technology requirement is satisfied by TLED 430W for teacher licensure students.

Human Behavior: GEOG 100S is required

Upper-Division General Education

Satisfied by the professional education core.

Requirements for Graduation

Requirements for graduation include completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better; completion of the Senior Assessment; a minimum cumulative 2.75 GPA in the major area and in the professional education core with no grade less than a C in the major/content and with no grade less than a C- in the professional education core; successful completion of the Teacher Candidate Internship, and a minimum of 120 credit hours, which must include both a minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.

Licensure requirements also include certificate of completion in First Aid/AED/CPR, Dyslexia Awareness Training, Child Abuse and Neglect Recognition and Intervention Training, and Regulations Governing the Use of Restraint and Seclusion in Elementary and Secondary Schools, and Cultural Competence Training.

Due to changing University requirements, national accreditation standards, and the Virginia Board of Education licensure regulations, the teacher education programs in the College of Arts and Letters are under constant revision. Any changes resulting from these factors supersede the program requirements described in this Catalog. Students are encouraged to obtain current program information from their advisors and from the Office of Clinical Experiences website at www.odu.edu/oce (<http://www.odu.edu/oce/>).

Students holding a baccalaureate degree in French, German, or Spanish (or its accepted equivalent) may enroll in the program leading to licensure. Students seeking licensure only must see an advisor before enrolling. A maximum of nine hours in the language, to be selected with the help of the major advisor, may also be required.

Students seeking licensure in pre-K through grade 12 complete the lower-division General Education requirements listed under the Bachelor of Arts-World Languages and Cultures major.

PreK-12 German Education Major

General Education

Complete lower-division requirements 35-47

Complete upper-division requirements (satisfied by professional education coursework)

World Languages and Cultures Core

Complete world languages and cultures core requirements 6

PreK-12 German Education

GER 311 Global Conversations * 3

GER 312W Writing Around the World 3

GER 323 World Cultures and Contexts 3

GER 407 Advanced Grammar and Syntax 3

Six GER 300/400 level electives ** 18

Professional Education Sequence

TLED 301 Foundations and Introduction to Assessment of Education 3

TLED 360 Classroom Management and Discipline 2

TLED 408 Reading and Writing in Content Areas 3

TLED 430W PK-12 Instructional Technology *** 3

TLED 485 Teacher Candidate Internship 12

SPED 313 Fundamentals of Human Growth and Development: Birth through Adolescence 3

SPED 400 Foundations of Special Education: Legal Aspects and Characteristics 3

WLC 452 Methods for Teaching World Languages in Pre-K through Grade 12 3

WLC 456 Seminar in World Languages Teacher Education 1

Total Credit Hours 104-116

- * Satisfies oral communication requirement.
** At least six credits must be on the 400 level and one in literature.
*** Satisfies impact of technology requirement.

Elective Credit

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Information

Admission

All students must apply for and be admitted into the approved foreign language PreK-12 teacher education program for French, German or Spanish. Students must meet the required criteria for admission by earning the minimum required grade point averages (GPA).

Prescribed Virginia Board of Education Assessment for Admission to an Approved Teacher Education Program

Old Dominion University students seeking admission to an approved teacher education program must satisfy the Virginia Board of Education required assessment for admission into an approved teacher education program.

For the most current information on the prescribed Virginia Board of Education admission assessment, visit the Office of Clinical Experiences website, <http://www.odu.edu/oce> (<http://www.odu.edu/oce/>) and review the *Professional Education Handbook*.

Required grade point averages (GPA)

- A cumulative GPA of 2.75 is required.
- A major/content GPA of 2.75 is required – all French, German or Spanish major courses must be passed with a grade of C or higher.
- A professional education GPA of 2.75 is required – all professional education courses must be passed with a grade of C- or higher.

Although students may enroll in a limited number of education courses, students must be admitted into the approved foreign language teacher preparation program prior to enrolling in any instructional strategies practicum education course. Students must also meet with an education advisor in the Office of Clinical Experiences in the Darden College of Education and Professional Studies.

Continuance

Students must maintain a cumulative GPA of 2.75, a major/content GPA of 2.75 and a professional education GPA of 2.75. French, German or Spanish courses must be passed with a grade of C or higher. The professional education core must be completed with a grade of C- or higher for continuance. A professional education GPA of 2.75 is required for continuance. Students must take and pass the Praxis Subject Assessment, French, German or Spanish World Language (formerly Praxis II) and receive an official rating of Advanced-low or higher on the ACTFL OPI prior to or while enrolled in the instructional strategies course. All assessments must be passed prior to the start of the Teacher Candidate Internship Orientation session.

Background Clearance Requirement

Old Dominion University requires a background clearance check of candidates interested in many of the professional education programs. Professional education programs have several field experiences that are required for continuance and graduation from the program. The background clearance must be successfully completed prior to a field experience placement. Candidates will be provided a field experience placement when the background check process is completed with resolution of any issues. The process to complete the ODU clearance background check is located at: <https://www.odu.edu/clinical-experiences/placement/background-checks> (<https://www.odu.edu/clinical-experiences/placement/background-checks/>). The ODU clearance process includes: an FBI fingerprint, a child protective service/social service review, and a Virginia State Police sex offender registry review. Candidates interested in the professional education programs are advised to complete this clearance process immediately upon entry into the program since the clearance process takes a minimum of eight weeks to complete.

Virginia Board of Education Prescribed Assessments for Licensure

- Praxis Subject Assessment, French World Language (test code 5174) – passing score of 163 required
- Praxis Subject Assessment, German World Language (test code 5183) – passing score of 163 required
- Praxis Subject Assessment, Spanish World Language (test code 5195) – passing score of 168 required

To review more information on the Virginia Board of Education prescribed assessments, visit the Office of Clinical Experiences website, www.odu.edu/oce (<http://www.odu.edu/oce/>).

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Oral Communication (satisfied in the major for French, German, Japanese, and Spanish by one of the following: FR 311, GER 311, JAPN 311, SPAN 311. Students in the World Cultural Studies major must complete a general education oral communication course.)

Language and Culture: satisfied by the major for French, German, Japanese, and Spanish. Students in the World Cultural Studies major must demonstrate foreign language proficiency at the fourth-semester level.

Interpreting the Past: HIST 104H may not be used to satisfy the requirement.

Literature: WCS 100L is required

Impact of Technology requirement is satisfied by TLED 430W for teacher licensure students.

Human Behavior: GEOG 100S is required

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study
- Option C. An approved certification program, such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

World Languages and Cultures Core

Select one of the following: 6

Option A: Another foreign language at any level or

Option B: Area Studies. Consult the department for a list of approved courses each semester.

Total Credit Hours 6

Japanese Major

General Education

Complete lower-division requirements 38-44

Complete upper-division requirements (minimum of 6 credit hours) 6

World Languages and Cultures Core

Complete world languages and cultures core requirements 6

Japanese

Japanese Major Prerequisites

JAPN 301 Intermediate to Advanced Japanese I 3

JAPN 302 Intermediate to Advanced Japanese II ** 3

Grade C or above in JAPN 302, or a satisfactory placement test score, is a prerequisite for the Japanese major. JAPN 301 and JAPN 302 do not contribute to a student's GPA for the Japanese major.

Japanese Major Requirements

JAPN 311 Global Conversations * 3

JAPN 312W Writing Around the World ** 3

JAPN 323 World Cultures and Contexts 3

Two JAPN 400-level electives 6

Five JAPN 300- or 400-level electives 15

Total Credit Hours 86-92

* Satisfies oral communication requirement.

** Grade of C or better required.

Elective Credit

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements

Transfer Credits

Students who have received an AA, AS or AA and S from a Virginia community college, Richard Bland College or an equivalent associate degree approved by Transfer Evaluation Services have met all lower-division general education requirements. However, completion of ENGL 211C and either six hours of a second foreign language or six hours of area studies (which may include WCS 100L) are major requirements and are not automatically met by completion of an associate degree. Transfer

students who have taken a different general education course in the same perspective area should consult the chief departmental advisor to determine if substitutions are possible.

All majors must complete the Lower-Division General Education requirements and the core requirements and select one of the following majors. A cumulative grade point average of 2.00 is required for the 30 hours of upper-division courses in French, German, Japanese, or Spanish. No more than two FR/GER/JAPN/SPAN courses taught in English can be counted for the major. At least 12 hours in the major must be taken at Old Dominion University.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Bachelor of Arts World Languages and Cultures with a Major in PreK-12 Spanish Education (BA)

Requirements

Lower-Division General Education

Written Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#written)	6
Oral Communication (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#oral)	3
Mathematics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#math)	3
Language and Culture (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#language)	0-6
Information Literacy and Research (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#information)	3
Human Behavior (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#behavior)	3

Human Creativity (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#creativity)	3
Interpreting the Past (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#interpret)	3
Literature (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#literature)	3
Philosophy and Ethics (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#philosophy)	3
The Nature of Science (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#nature)	8
Impact of Technology (http://catalog.odu.edu/undergraduate/requirements-undergraduate-degrees/#impact)	3

Written Communication: Grade of C or better required in both courses and in ENGL 110C before declaring major.

Oral Communication (satisfied in the major for French, German, Japanese, and Spanish by one of the following: FR 311, JAPN 311, GER 311, SPAN 311. Students in the World Cultural Studies major must complete a general education oral communication course.)

Language and Culture: satisfied by the major for French, German, Japanese, and Spanish. Students in the World Cultural Studies major must demonstrate foreign language proficiency at the fourth-semester level.

Interpreting the Past: HIST 104H may not be used to satisfy the requirement.

Literature: WCS 100L is required

Impact of Technology requirement is satisfied by TLED 430W for teacher licensure students.

Human Behavior: GEOG 100S is required

Upper-Division General Education

Satisfied by the professional education core.

Requirements for Graduation

Requirements for graduation include completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better; completion of the Senior Assessment; a minimum cumulative 2.75 GPA in the major area and in the professional education core with no grade less than a C in the major/content and with no grade less than a C- in the professional education core; successful completion of the Teacher Candidate Internship, and a minimum of 120 credit hours, which must include both a minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.

Licensure requirements also include certificate of completion in First Aid/AED/CPR, Dyslexia Awareness Training, Child Abuse and Neglect Recognition and Intervention Training, and Regulations Governing the Use of Restraint and Seclusion in Elementary and Secondary Schools, and Cultural Competence Training.

Due to changing University requirements, national accreditation standards, and the Virginia Board of Education licensure regulations, the teacher education programs in the College of Arts and Letters are under constant revision. Any changes resulting from these factors supersede the program requirements described in this Catalog. Students are encouraged to obtain current program information from their advisors and from the Office of Clinical Experiences website at www.odu.edu/oce (<http://www.odu.edu/oce/>).

Students holding a baccalaureate degree in French, German, or Spanish (or its accepted equivalent) may enroll in the program leading to licensure. Students seeking licensure only must see an advisor before enrolling. A maximum of nine hours in the language, to be selected with the help of the major advisor, may also be required.

Students seeking licensure in pre-K through grade 12 complete the lower-division General Education requirements listed under the Bachelor of Arts-World Languages and Cultures major.

PreK-12 Spanish Education

General Education

Complete lower-division requirements	35-47

Complete upper-division requirements (satisfied through professional education coursework)

World Languages and Cultures Core

Complete world languages and cultures core requirements	6

PreK-12 Spanish Education

Total Credit Hours	104-116

* Satisfies oral communication requirement.

** Satisfies impact of technology requirement.

Elective Credit

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Information

Admission

All students must apply for and be admitted into the approved foreign language PreK-12 teacher education program for French, German or Spanish. Students must meet the required criteria for admission by earning the minimum required grade point averages (GPA).

Prescribed Virginia Board of Education Assessment for Admission to an Approved Teacher Education Program

Old Dominion University students seeking admission to an approved teacher education program must satisfy the Virginia Board of Education required assessment for admission into an approved teacher education program.

For the most current information on the prescribed Virginia Board of Education admission assessment, visit the Office of Clinical Experiences website, <http://www.odu.edu/oce> (<http://www.odu.edu/oce/>) and review the *Professional Education Handbook*.

Required grade point averages (GPA)

- A cumulative GPA of 2.75 is required.
- A major/content GPA of 2.75 is required – all French, German or Spanish major courses must be passed with a grade of C or higher.
- A professional education GPA of 2.75 is required – all professional education courses must be passed with a grade of C- or higher.

Although students may enroll in a limited number of education courses, students must be admitted into the approved foreign language teacher preparation program prior to enrolling in any instructional strategies practicum education course. Students must also meet with an education advisor in the Office of Clinical Experiences in the Darden College of Education and Professional Studies.

Continuance

Students must maintain a cumulative GPA of 2.75, a major/content GPA of 2.75 and a professional education GPA of 2.75. French, German or Spanish courses must be passed with a grade of C or higher. The professional education core must be completed with a grade of C- or higher for continuance. A professional education GPA of 2.75 is required for continuance. Students must take and pass the Praxis Subject Assessment, French, German or Spanish World Language (formerly Praxis II) and receive an official rating of Advanced-low or higher on the ACTFL OPI prior to or while enrolled in the instructional strategies course. All assessments must be passed prior to the start of the Teacher Candidate Internship Orientation session.

Background Clearance Requirement

Old Dominion University requires a background clearance check of candidates interested in many of the professional education programs. Professional education programs have several field experiences that are required for continuance and graduation from the program. The background clearance must be successfully completed prior to a field experience placement. Candidates will be provided a field experience placement when the background check process is completed with resolution of any issues. The process to complete the ODU clearance background check is located at: <https://www.odu.edu/clinical-experiences/placement/background-checks> (<https://www.odu.edu/clinical-experiences/placement/background-checks/>). The ODU clearance process includes: an FBI fingerprint, a child protective service/social service review, and a Virginia State Police sex offender registry review. Candidates interested in the professional education programs are advised to complete this clearance process immediately upon entry into the program since the clearance process takes a minimum of eight weeks to complete.

Virginia Board of Education Prescribed Assessments for Licensure

- Praxis Subject Assessment, French World Language (test code 5174) – passing score of 163 required
- Praxis Subject Assessment, German World Language (test code 5183) – passing score of 163 required
- Praxis Subject Assessment, Spanish World Language (test code 5195) – passing score of 168 required

To review more information on the Virginia Board of Education prescribed assessments, visit the Office of Clinical Experiences website, www.odu.edu/oce (<http://www.odu.edu/oce/>).

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Human Behavior: GEOG 100S is required

Upper-Division General Education

- Option A. Approved Minor, 12-24 hours; also second degree or second major
- Option B. Interdisciplinary Minor, 12 hours specified by the department, 3 of which may be in the major area of study

- Option C. An approved certification program, such as teaching licensure
- Option D. Two Upper-Division Courses from outside the College of Arts and Letters or from the Social Science Component within the College of Arts and Letters that are not required by the major (6 hours).

Requirements for Graduation

Requirements for graduation include the following:

- Minimum of 120 credit hours.
- Minimum of 30 credit hours overall and 12 credit hours of upper-level courses in the major program from Old Dominion University.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward the major.
- Minimum overall cumulative grade point average of C (2.00) in all courses taken toward a minor.
- Completion of ENGL 110C, ENGL 211C or ENGL 231C, and the writing intensive (W) course in the major with a grade of C or better. The W course must be taken at Old Dominion University.
- Completion of Senior Assessment.

World Languages and Cultures Core

Select one of the following:	6
Option A: Another foreign language at any level or	
Option B: Area Studies. Consult the department for a list of approved courses each semester.	
Total Credit Hours	6

World Cultural Studies Major

The World Cultural Studies major provides students the critical skills necessary to understand, identify, and approach global challenges and to critically evaluate and provide effective solutions for open-ended problems depending on varying cultural perspectives, values, and resources. Courses in this major are taught in English.

General Education		
Complete lower-division requirements		41-47

WCS 407	Global Communication in Practice	3
300/400-level elective *		3
300/400-level elective *		3
300/400-level elective *		3
300/400-level elective *		3
400-level elective *		3
Total Credit Hours		83-101

* Electives may be chosen from WCS 300/400-level courses, 300/400-level courses in Arabic, Chinese, French, German, Japanese and Spanish offered by the World Languages and Cultures Department (if the student is proficient), or approved courses from the Business, Engineering, and Global Citizenship focus areas listed below.

300/400-Level Electives

Business Focus Area

The business focus area provides a critical advantage in understanding the global nexus of cultural influences in international business today.

ECON 450	International Economics	3
FIN 435	International Financial Management	3
INBU 431	Doing Business in Europe	3
INBU 432	Doing Business in Latin America	3
INBU 433	Doing Business in Asia	3
MGMT 462	Comparative International Management	3
MGMT 463	Management Seminar Abroad	3
MKTG 411	Multi-National Marketing	3
PHIL 303E	Business Ethics	3
PHIL 344E	Environmental Ethics	3
WCS 307	Understanding European Culture through Film	3
WCS 310	Japan: A Cultural Odyssey	3
WCS 330	Contemporary Cultures and Media	3
WCS 410	Berlin-Paris: Crucibles of European Ideas	3
WCS 445	German Cinema I	3
WCS 471	Hispanic Women Authors	3
WCS 476	German-Jewish Literature and Culture	3

Engineering Focus Area

The Engineering focus area bridges gaps between science and culture, incorporating skills in transcultural communication and understanding that will serve students interested in working for international corporations or in development sectors.

CEE 402	Professional Practice of Engineering	1
CEE 458	Sustainable Development	3
CEE 459	Biofuels Engineering	3
ECE 407	Introduction to Game Development	3
GEOG 305	World Resources	3
GEOG 306T	Hazards: Natural and Technological	3
IT 425	Information Systems for International Business	3
PHIL 355E	Cybersecurity Ethics	3
PHIL 383T	Philosophy of Technology	3
POLS 324	International Relations Theory	3
WCS 307	Understanding European Culture through Film	3
WCS 310	Japan: A Cultural Odyssey	3
WCS 330	Contemporary Cultures and Media	3
WCS 410	Berlin-Paris: Crucibles of European Ideas	3
WCS 445	German Cinema I	3
WCS 471	Hispanic Women Authors	3
WCS 476	German-Jewish Literature and Culture	3

Global Citizenship Focus Area

In the global citizenship focus area, students learn skills necessary to approach global problems through in-depth analysis, inquiry into global challenges and cultural perspectives, and innovative paths to solutions.

CEE 458	Sustainable Development	3
COMM 400W	Intercultural Communication	3
COMM 471W	International Film History	3
ECE 407	Introduction to Game Development	3
ENGL 371W	Language and Culture	3
GEOG 451	Europe	3
GEOG 452	Africa	3

GEOG 453	Asia	3
GEOG 455	The Middle East	3
HIST 371	Modern Mexico	3
HIST 372	Central America and the Caribbean Since 1800	3
HIST 373	U.S.-Latin American Relations	3
HIST 470	Struggle for Democracy and Development in Latin America	3
PHIL 250E	World Religions: Beliefs and Values	3
PHIL 290G	Philosophy of Digital Culture	3
PHIL 353	Asian Religions	3
PHIL 485	Japanese Religion and Philosophy	3
POLS 324	International Relations Theory	3
POLS 325W	World Politics	3
POLS 436	Japanese Politics	3
POLS 445	Globalization: Dynamics and Implications	3
POLS 462	Ethnic Conflict in the New Global Order	3
PSYC 420	Cross-Cultural Psychology	3
WCS 307	Understanding European Culture through Film	3
WCS 310	Japan: A Cultural Odyssey	3
WCS 330	Contemporary Cultures and Media	3
WCS 410	Berlin-Paris: Crucibles of European Ideas	3
WCS 445	German Cinema I	3
WCS 471	Hispanic Women Authors	3
WCS 476	German-Jewish Literature and Culture	3
WGS 390T	Women, Gender, and Technology Worldwide	3
WGS 401W	Women: A Global Perspective	3

Elective Credit

Elective credit will be needed to meet the minimum requirement of 120 credit hours.

Additional Requirements

Transfer Credits

Students who have received an AA, AS or AA and S from a Virginia community college, Richard Bland College or an equivalent associate degree approved by Transfer Evaluation Services have met all lower-division general education requirements. However, completion of ENGL 211C and either six hours of a second foreign language or six hours of area studies (which may include WCS 100L) are major requirements and are not automatically met by completion of an associate degree. Transfer students who have taken a different general education course in the same perspective area should consult the chief departmental advisor to determine if substitutions are possible.

All majors must complete the Lower-Division General Education requirements and the core requirements and select one of the following majors. A cumulative grade point average of 2.00 is required for the 30 hours of upper-division courses in French, German, Japanese, or Spanish. No more than two FR/GER/JAPN/SPAN courses taught in English can be counted for the major. At least 12 hours in the major must be taken at Old Dominion University.

Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<http://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

BA or BS to MPA (Master of Public Administration) Linked Program

The linked BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (<http://catalog.odu.edu/graduate/business/public-service/>). For additional information, please contact the School of Public Service in the Strome College of Business.

Minor Arabic Minor

Coordinator: Shadi Bayadsy, sbayadsy@odu.edu

The Arabic minor consists of 12 credit hours of 300- and 400-level courses that combine the study of language and culture. For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Requirements

Prerequisite Courses: 12 credit hours

ARAB 111F	Beginning Arabic *	6
ARAB 212	Intermediate Arabic *	6

Required Courses: 12 credit hours

ARAB 311	Advanced Arabic Language and Culture I	3
ARAB 312	Advanced Arabic Language and Culture II	3
ARAB 395	Topics in Arabic	3
ARAB 495	Topics in Arabic	3

* Not included in the calculation of the 2.00 grade point average required for the minor.

Minor Chinese Studies Minor

Coordinator: Zhongtang Ren, zren@odu.edu, 683-5242

The Chinese Studies minor consists of 12 credit hours of 300- and 400- level courses that combine the study of language and culture. For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Requirements

Prerequisite Courses *

CHIN 111F	Beginning Chinese	6
CHIN 212	Intermediate Chinese	6

Total Credit Hours 12

* Prerequisite courses do not count in the 2.00 grade point average required for the minor.

Required Courses

CHIN 311	Advanced Chinese Language and Culture I	3
CHIN 312	Advanced Chinese Language and Culture II	3

Elective Courses

Select 6 credit hours from any two different subject areas listed below

CHIN 395	Topics in Chinese
CHIN 395	Topics in Chinese (Study abroad in China)
CHIN 396	Topics in Chinese

CHIN 495	Topics in Chinese
ASIA 336	The Emergence of New China
ASIA 338W	Politics of East Asia
ASIA 353	Asian Religions
ASIA 395	Topics in Asian Studies (Study abroad in China)
ASIA 435	Chinese Politics
HIST 336	The Emergence of New China
INBU 433	Doing Business in Asia
MGMT 462	Comparative International Management
MGMT 463	Management Seminar Abroad
PHIL 353	Asian Religions
PHIL 381	Buddhist Traditions
PHIL 482	Chinese Religion and Philosophy

POLS 435	Chinese Politics
POLS 437	International Relations in East Asia

Total Credit Hours 12

Any study abroad course at the 300-400 level that offers three credits can fulfill one course requirement for this minor. In cases where a study abroad course fits the themes of another interdisciplinary minor, students may request approval from the minor coordinator to use that study abroad course.

Minor European Studies Minor

Coordinator: Peter Schulman, 683-3973

The turn of the twenty-first century coincides with the first united European currency, the Euro. The Euro is emblematic of a new Europe, one that has become a major force not only in world politics but in the ever-evolving cultural landscape of the new millennium. The study of European cultures provides students with a unique understanding of the complex mosaic that is today's Europe. In the increasingly competitive job market, a focus on European Studies is a valuable asset in any field.

Requirements

Students who minor in European Studies focus on different aspects of European culture, language, literature, film, politics, geography, philosophy, and history. Students may declare a minor in European Studies upon successful completion of FR 311 and FR 312W or GER 311 and GER 312W or SPAN 311 and SPAN 312W, or the equivalent. The additional 12 credit hours will include electives in the Department of World Languages and Cultures and courses from the following program areas: Art, Geography, History, Music, Philosophy, and Political Science.

Option 1

- Two courses from World Languages and Cultures, above 312W or the equivalent. One course must be outside the language of proficiency, or can be a WCS course with a European emphasis.
- Two courses from related disciplines outside of the Department of World Languages and Cultures.

Option 2

- Three courses from World Languages and Cultures, above 312W. One course must be outside the language of proficiency, or can be a WCS course with a European emphasis.
- One course from related disciplines outside of the World Languages and Cultures Department.

Credits can also be earned by studying abroad in Europe. The student's course of study will be determined in consultation with an advisor from the Department of World Languages and Cultures.

For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a

requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Minor French Minor

Students must complete 15 hours of 300/400-level courses in French and earn a cumulative grade point average of 2.0 in the upper-level courses specified as a requirement for the minor. Lower-level courses and prerequisite courses do not count toward the grade point average required for the minor. Only one FR course taught in English may be applied toward the minor. At least six hours of upper-level courses must be taken through courses offered by Old Dominion University. To declare a minor the student must have completed ENGL 110C and the 202 course in the language, or have placed out of 202.

Advisor: Elizabeth Black, eblack@odu.edu

Requirements

Fifteen credit hours of 300/400-level courses in the language are required. Requirements are as follows:

FR 311	Global Conversations	3
FR 312W	Writing Around the World	3
Three FR courses at the 300/400 level		9
Total Credit Hours		15

Minor German Minor

Students must complete 15 hours of 300/400-level courses in German and earn a cumulative grade point average of 2.0 in the upper-level courses specified as a requirement for the minor. Lower-level courses and prerequisite courses do not count toward the grade point average required for the minor. Only one GER course taught in English may be applied toward the minor. At least six hours of upper-level courses must be taken through courses offered by Old Dominion University. To declare a minor the student must have completed ENGL 110C and the 202 course in the language, or have placed out of 202.

Advisor: Kerstin Steitz, ksteitz@odu.edu

Requirements

Fifteen credit hours of 300/400-level courses in the language are required. Requirements are as follows:

GER 311	Global Conversations	3
GER 312W	Writing Around the World	3
Three GER courses at the 300/400 level		9
Total Credit Hours		15

Minor Japanese Minor

The Japanese minor consists of 12 credit hours of 300- and 400-level courses that combine the study of language and culture. For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Coordinator: Minori Marken, mmarken@odu.edu

Requirements

Prerequisite Courses: 12 credit hours

JAPN 111F	Beginning Japanese *	6
JAPN 212	Intermediate Japanese *	6

Required Courses: 6 credit hours

JAPN 301	Intermediate to Advanced Japanese I	3
JAPN 302	Intermediate to Advanced Japanese II	3

Electives: 6 credit hours

Two JAPN courses at the 300/400 level	6

* Not included in the calculation of the 2.00 grade point average required for the minor.

** JAPN 212 or equivalent is a prerequisite to JAPN 311.

Minor Latin American Studies Minor

Program Director: Angélica Huízar, ahuizar@odu.edu

The minor in Latin American Studies provides students with an interdisciplinary understanding of the remarkably diverse Latin American region as well as the US bilingual and bicultural community. For completion of a minor, a student must have a minimum overall cumulative grade point average of 2.00 in all courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses and complete a minimum of six hours in upper-level courses in the minor requirement through courses offered by Old Dominion University.

Requirements

The requirements for a minor in Latin American Studies are 15 credit hours comprised of the following:

1. Three credit hours to demonstrate Spanish proficiency (202-level or higher) or the equivalent by examination.
2. Twelve credit hours at the 300- or 400-level taken from at least three of the following program areas: Geography, History, International Business, Latin American Studies, Political Science, Spanish, and World Cultural Studies. Other courses with Latin American area focus may also count; please confirm with the Program Director.

Select four courses from at least three of the following program areas (12 credits)

Geography:	
GEOG 454W	Latin America
History:	
HIST 371	Modern Mexico
HIST 372	Central America and the Caribbean Since 1800
HIST 373	U.S.-Latin American Relations
HIST 409	History of US-Mexico Borderlands
HIST 470	Struggle for Democracy and Development in Latin America
HIST 471	Revolution in Latin America
International Business:	
INBU 432	Doing Business in Latin America
Latin American Studies:	
LAS 320	Latin American Studies: Overview of Field
LAS 321	Comparative Caribbean and Latin American Culture and Civilization
LAS 330	Afro-Latinx Narratives
LAS 331	Brazilian Cultural History
LAS 395	Topics in Latin American Area Studies
LAS 421	Human Rights in Latin America

LAS 430	Latin American Thinkers Changing Culture and Politics

12	

Minor

Spanish Minor

Students must complete 15 hours of 300/400-level courses in Spanish and earn a cumulative grade point average of 2.0 in the upper-level courses specified as a requirement for the minor. Lower-level courses and prerequisite courses do not count toward the grade point average required for the minor. Only one SPAN course taught in English may be applied toward the minor. At least six hours of upper-level courses must be taken through courses offered by Old Dominion University. To declare a minor the student must have completed ENGL 110C and the 202 course in the language, or have placed out of 202.

Advisor: Luis Guadano, lguadano@odu.edu

Requirements

Fifteen credit hours of 300/400-level courses in the language are required. Requirements are as follows:

SPAN 311	Global Conversations	3
SPAN 312W	Writing Around the World	3
Three SPAN course at the 300/400 level		9
Total Credit Hours		15

Minor

World Cultures: Values and Visions Minor

Coordinator: Lee Slater, lslater@odu.edu

The World Cultures: Values and Vision interdisciplinary minor requires 12 credit hours of 300/400-level courses selected from at least two different disciplines with a maximum of six credits from any one discipline. For completion of the interdisciplinary minor, students must have a minimum overall cumulative grade point average of 2.00 in ALL courses specified as a requirement for the minor exclusive of lower-level courses and prerequisite courses. At least six hours of upper-level courses must be taken through courses offered by Old Dominion University. Three credit hours may be in the major, if a major course is listed as an option for the interdisciplinary minor. As such, it will be credited toward both the major and the interdisciplinary minor.

This interdisciplinary minor develops an understanding of human behavior in different cultures. In order to interpret information from other countries and ethnic groups, students need to learn that certain common notions such as perceptions of personhood, the organization of time and space, and the appropriate organization and behavior of social groups vary from country to country. This minor will explore different cultural perspectives and value systems. Students should emerge with a more sophisticated understanding of their own and others' cultures.

Requirements

Course options are as follows:

ARAB 311	Advanced Arabic Language and Culture I	3
ARAB 312	Advanced Arabic Language and Culture II	3
ARTH 305	Egyptian Art	3

Old Dominion University's Strome College of Business has as its principal objective the preparation of liberally educated specialists who will enter the challenging world of business and public administration. All programs in the College are designed to promote the following: professional competence; facility in the communication arts; analytical skills; leadership abilities; an understanding of social, political, and economic forces; and a strong sense of business ethics and public purpose, with a focus on problem solving. This foundation enables graduates of these programs to advance in a broad range of careers in the public and private sectors.

The Strome College of Business is one of approximately 800 schools in the world to have achieved accreditation at the graduate and undergraduate levels by the Association to Advance Collegiate Schools of Business – AACSB International. The undergraduate and graduate accounting programs have received their own accreditation through the same agency. In addition, the Master of Public Administration program is one of approximately 164 graduate programs certified as meeting the standards of the National Association of Schools of Public Affairs and Administration (NASPAA).

Undergraduate students may pursue majors in accounting, business analytics, economics, finance, human resources management, information systems and technology, international business, management, marketing, personal financial planning, real estate, and risk management and insurance. The College offers graduate programs in accounting, business administration, economics, and public administration. Additionally, the College offers a joint master's degree in computer information science with the Computer Science Department. Information about the graduate programs is available in the Graduate Catalog.

Also housed within the College is the Department of Military Science and Leadership. The mission of this department is to provide professional instruction and leadership development for selected students who desire to serve in the active or reserve components of the U.S. Army. Additional information about this program may be obtained through the Military Science and Leadership Department.

Mission and Vision Statements

The mission of the Strome College of Business is The Business of Problem Solving. Our vision is to be the preeminent source for problem solving in business, government, and non-profit organizations.

Distance Education

The college offers several degrees online through ODUGlobal to students throughout the state of Virginia and beyond. Usually students complete their general education program in a community college and transfer to Old Dominion University to complete the degree requirements. Bachelor of Science degrees in accounting, finance, information systems and technology, management, and marketing are available through different delivery technologies. Minors in several disciplines are also available.

Bachelor of Arts - Economics

The Bachelor of Arts in Economics has been discontinued. Continuing students must earn their degree by the end of spring semester 2025. This program is not available for students entering Old Dominion University in fall 2020 and subsequent semesters.

Centers and Institutes

The College has several external units that enhance and support the academic programs. These units, listed below, offer opportunities for faculty members and students to interact with representatives of business, industry and government regionally, nationally, and globally.

Dragas Center for Economic Analysis and Policy

The primary objectives of the center are to conduct research and develop a knowledge base relating to regional issues concerning Hampton Roads. In addition, via its annual *State of the Region* report, the center provides a forum for analysis and discussions of vital issues relating to the region and its cities.

Harvey Lindsay School of Real Estate

The Harvey Lindsay School of Real Estate at ODU embraces a comprehensive multi-disciplinary approach to real estate education. The faculty bring real-world experience to the classroom to engage students in a curriculum that will assist in developing the analytical and professional skills necessary for a career in real estate or economic development. Students enjoy access to research programs involving real-time development issues in the Hampton Roads community, as well as internship opportunities throughout the region and beyond.

Hudgins Transitional Entrepreneurship Lab

The Lab has a three-pronged mission. The first goal is to develop entrepreneurship skill-sets among individuals in the following groups in the Hampton Roads community: veterans, individuals in economically-distressed communities, women, immigrants and refugees. In addition, the Lab will develop and disseminate research focused on entrepreneurship among transitional communities. Finally, the Lab will offer students an opportunity to work on projects and activities that are entrepreneurial and community-minded to drive economic development, particularly in disadvantaged communities, with priority given to the Greater Peninsula region.

Insurance and Financial Services Center

The Insurance and Financial Services Center supports undergraduate and graduate curricula in the disciplines of professional financial planning and risk and insurance. In addition, it provides for active involvement with the Eastern Virginia financial services community as a placement, research, consultative, and resource agency. The center further supports educational

programs and seminars for the profession including a professional development program for practitioners that leads to the designation of Professional Financial Planner (PFP).

Loyalty Science Lab

The Loyalty Science Lab houses the Customer Analytics and Strategy Collaboratory (CASC). The goal is to bridge businesses and academia for collaborative inquiry and educational endeavors on turning customer data into actionable marketing strategy through advanced analytics. Faculty and student teams work with business partners to identify critical, long-standing marketing and customer challenges that research can help solve. Combining years of experience in retail, finance, travel and other sectors, we aim to create mutually beneficial relationships that help businesses answer their important questions, help our researchers do more relevant research, and help our students gain important learning experiences.

Strome Center for Entrepreneurship and Innovation

The Strome Center for Entrepreneurship and Innovation aims to spur a vibrant entrepreneurship and innovation ecosystem among ODU's student population. Open to all students across all disciplines, the Center serves as a resource for those students wanting to start a venture as well as those students interested in learning about entrepreneurship and innovation.

Thurmond School of Professional Sales and Negotiations

The core mission of the School is to provide negotiation, sales, and communication skills education. Specifically, the Thurmond School of Professional Sales and Negotiations serves four communities: (1) practitioners, (2) the local community, (3) ODU students and (4) academic scholars. The School is a boundary-spanning organization that engages in customized training sessions, hosts events, and provides research opportunities related to negotiation, sales, and communication skills. A core value of the School is to empower women and minorities through customized negotiation skills education.

E.V. Williams Center for Real Estate

The mission of the E.V. Williams Center for Real Estate is to connect the multi-disciplinary analyses, innovative curriculum and research underway at Old Dominion University with students, industry and the public sector interested and engaged in the real estate and economic development communities. By hosting topical seminars on key development issues and working closely with real estate and economic development professionals, the E.V. Williams Center builds relationships throughout the community, to facilitate research, growth and development. The E.V. Williams Center publishes annual real estate market reviews on the office, industrial, retail, single family and multi-family real estate markets and sponsors the Hampton Roads Real Estate Market Review and Forecast.
