

DISABLED-FRIENDLY, BARRIER FREE ENVIRONMENT

C.K. College of Engineering & Technology is committed to providing a disabled-friendly, barrier-free environment within our campus. To ensure accessibility and inclusivity for individuals with disabilities, we have implemented various facilities and features. These include wheelchair ramps at all entrances and exits, designated accessible parking spaces close to main buildings, and elevators equipped with Braille signage and auditory announcements for those with visual impairments. Additionally, our campus pathways are wide and level, making navigation easier for individuals using mobility aids such as wheelchairs or walkers. Restrooms are also designed with accessibility features such as grab bars and lowered sinks. Furthermore, our classrooms and lecture halls are equipped with adjustable desks and seating arrangements to accommodate diverse needs. These facilities collectively contribute to creating an environment where everyone, regardless of their abilities, can fully participate in academic and social activities on our campus.

Our college has the following facilities

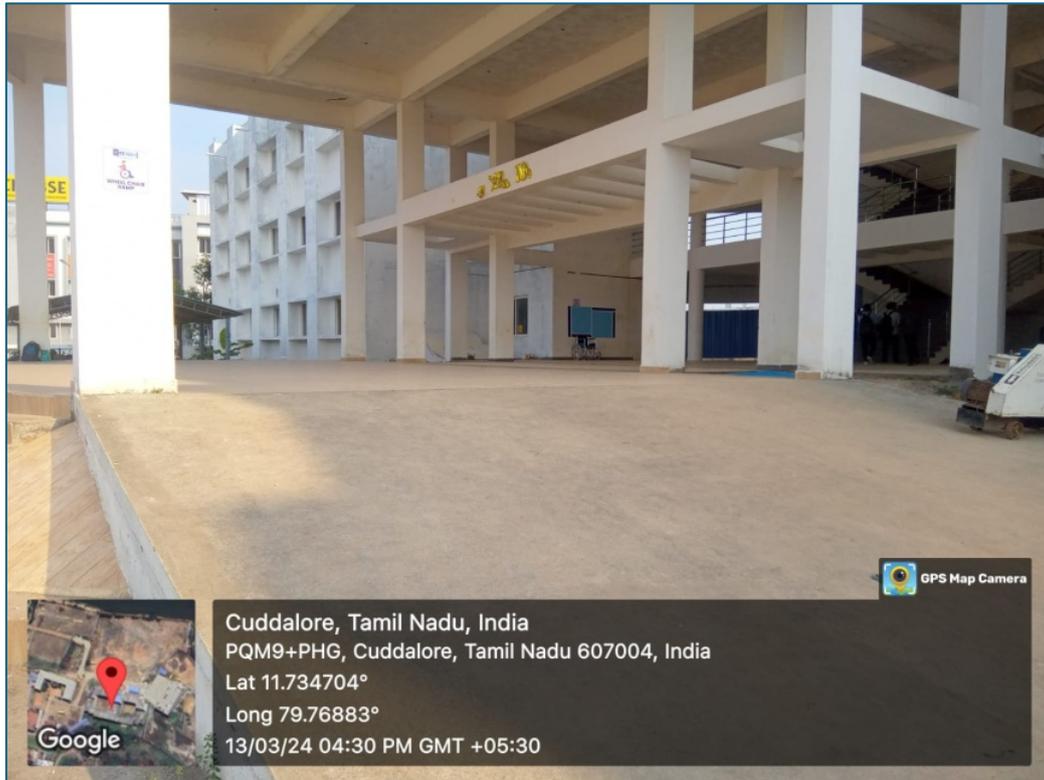

- Ramps for easy access to classrooms
- Lift for easy access to classrooms
- Disabled-friendly washrooms
- Sign boards

1. RAMPS FOR EASY ACCESS TO CLASSROOMS

The Persons with Disabilities Act of 2016 (PwD) has been adopted by the College. The college buildings are built in accordance with PWD standards and incorporate accessible elements, such as ramps with rails, disabled-friendly restrooms, etc., for the benefit of people with disabilities.

2. LIFT FOR EASY ACCESS TO CLASSROOMS

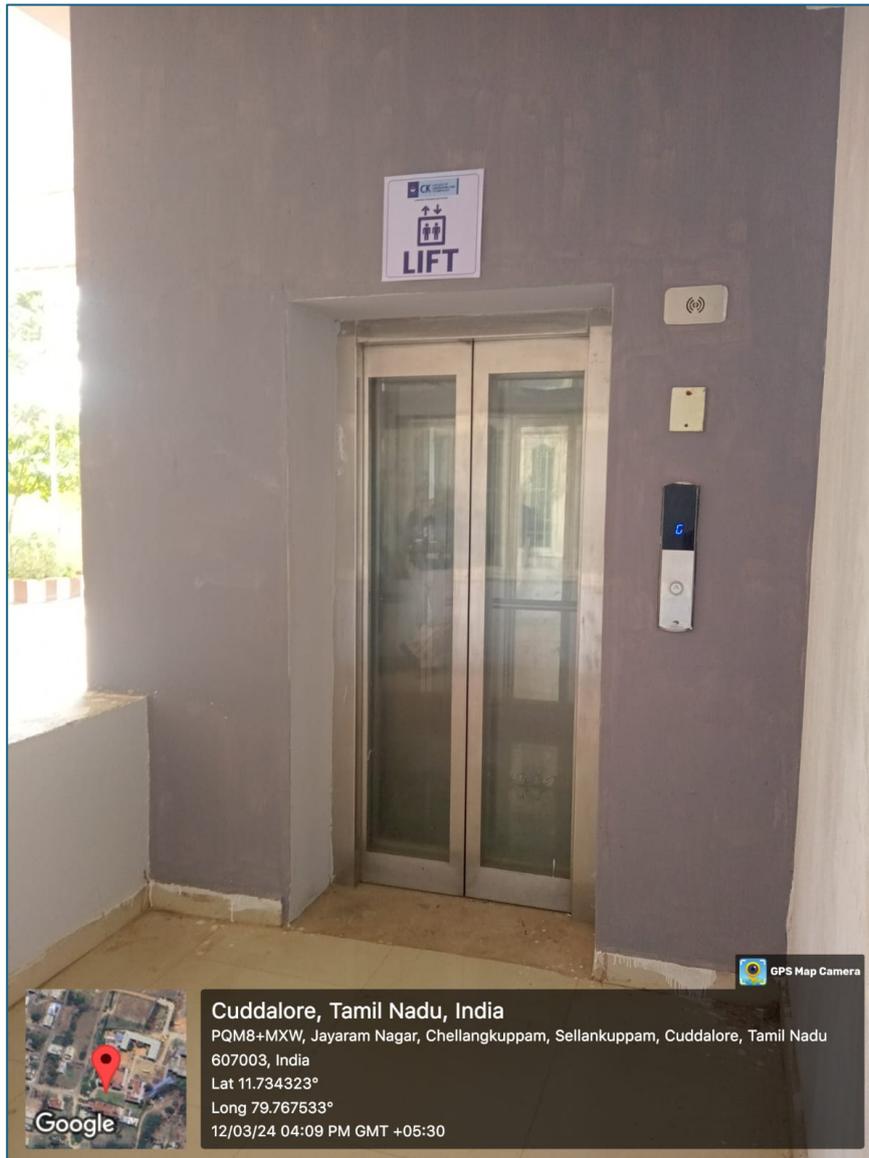

C.K. College of Engineering & Technology prioritizes accessibility by providing lift access for disabled students. This initiative ensures equal opportunities for all individuals to navigate between floors within campus buildings comfortably and safely. By implementing lift access, the college demonstrates its commitment to inclusivity and creating a barrier-free environment for students of all abilities.

3. DISABLED-FRIENDLY WASHROOMS

C.K. College of Engineering & Technology features disabled-friendly washrooms equipped with spacious layouts, grab bars, and accessible fixtures, ensuring comfort and convenience for individuals with disabilities. These facilities reflect our commitment to inclusivity and providing equal access to essential amenities for all members of our campus community.
