

In cooperation with the CDC, local officials, and the Ripley County Board of Health, the Batesville Memorial Public Library Board of Trustees has made the decision to close the library to the public as of Tuesday, March 17th at 5:00pm.

We plan to reopen on April 6th however we will continue to assess the situation to determine if we need to remain closed longer or may be able to reopen sooner.

All items will be due on April 28th. If you have a hotspot checked out it will remain usable until April 6th. If we must remain closed longer, the hotspot due date will be extended.

We encourage our patrons to visit our website (www.ebatesville.com) to access online resources. You may also access free Wi-Fi outside of our building. We encourage you to follow us on Facebook for further information and other services that may be provided during this time.
