

I've had the privilege of being Chaston's friend for some time. I knew he was a DJ in the down town scene and had seen his work from his social media. I had asked him as a friend (not thinking he'd be able to DJ my wedding) best decision ever! He came the day before and took in the lay of the land. We talked about where he would set up inside and what we were thinking for outside. What he could bring and what I could bring. He was professional and so easy to work with! Day of my wedding was something I'll remember forever. I definitely was a bride without a plan and chaston went with it. He was flexible and patient. I would hire him again as a DJ. He's amazing and made my wedding day a blast!

DJ Chaston is great! He performed for my wedding and was super responsive, proactive, and helpful throughout the planning process. He worked closely with me and my fiancé on the playlists and timing for songs. Highly recommend using his services for any event requiring music and a good time, 5/5 stars.

We would highly recommend Chaston for your wedding after party. He knows what to play to get the party moving. Very accommodating and talented.

Thanks for making our wedding even better

Chaston was our wedding DJ a little over two years ago, and we STILL get compliments on our DJ. Our dance floor was packed with friends and laughter thanks to the engaging music he was playing. He brought the life to the party and we couldn't be more grateful. I've been to so many weddings where the dance floor is bare and the music just isn't great. My one request was to keep us on the dance floor, and he did not disappoint. Our music range was wide and he didn't miss a beat (pun intended). I'm forever thankful for Chaston making our magical day everything we dreamed and more.

Chaston was a consummate professional to work with. This includes the lead up to our wedding (all wedding songs set up, integrating other songs, etc). Not only was he easy to work with but he absolutely delivered the night of the wedding. I haven't stopped getting compliments texted to me about our wedding and 100 percent of them site the music.

Thank you!

We are so happy we booked DJ Chaston for our wedding! From the start, he was super easy to work with — he even helped us pick out music for the ceremony and nailed every transition throughout the night.

The reception was incredible. The dance floor was packed the whole time, and he knew exactly what to play to keep the energy up without ever feeling forced. He handled all the announcements smoothly and made everything flow perfectly. So many of our guests came up to us saying how awesome the DJ was. If you want someone who knows how to throw a great party and actually listens to what you want, definitely go with DJ Chaston!

★★★★★ 5/5

We had the best night ever thanks to Chaston! He kept the energy high all night, included everyone on the dance floor, and made sure the mood never dropped. His announcements were perfect, and he truly was the life of the party. Couldn't recommend him more — if you want an unforgettable wedding, Chaston's your DJ!
