

KEEPING OUR COMMUNITY STRONG 24/7/365.

PAUL SASSO, MD, Emergency Department, Medical Director
Assistant Vice President of Clinical Operations

VISHAL MEHTA, DO, St. John's Medical Group & Westchester
Orthopedic Center, Orthopedic Surgeon

HELP POWER OUR MISSION.

Help us continue to elevate critical patient care, advanced technology, and quality healthcare, right here in Yonkers and the Rivertowns.

MARY'S STORY

“ I first started to feel sick with horrible stomach pain. Suddenly, I started coughing up blood and an ambulance rushed me to the ER at St. John's. With many past cardiac issues my family was quite anxious. I was treated so quickly yet so carefully. Admission and a lifesaving intervention for an abdominal bleed made me realize that I am lucky to be alive.

Dr. Christopher DiGiorno and the ER / ICU teams went above and beyond. The medical skill, sensitivity, speed and care I received at St. John's were truly exceptional. They saved my life.”

YOUR GIFT MEANS MORE HERE.

St. John's is much more than a reliable, welcoming community hospital for over 150 years. We understand the most urgent healthcare needs of the people we serve. And we're continually investing in new infrastructure, technology, and medical talent to meet those critical needs.

DONATE TODAY, AND EVERY DOLLAR YOU GIVE WILL BE MATCHED*.

We're neighbors serving neighbors. That's what defines our community, and describes St. John's Riverside Hospital.

Every gift, large or small, makes a difference.
Can we count on your support?

TOMAS'S STORY

“ Prostate cancer, two debilitating strokes, and a bladder damaged by radiation with uncontrolled bleeding. This was the shape my father was in when we found St. John's. Dr. Paul Antonecchia moved mountains to get him into care, and the Hyperbaric team was amazing. Not only did his bladder heal to nearly 90%, but he also recovered his ability to walk, hold a spoon, move his hands, and start speaking again. We owe everything to this extraordinary team. As the patriarch of the family, they restored not just my father's health, but his dignity.”

Katherine (Cruz) Laroza, daughter

THE DIFFERENCE YOU MAKE.

Your generosity helps continue investments in state-of-the-art facilities, and the most sought-after medical professionals which directly answer our community's unique healthcare needs:

- Doubling the capacity of St. John's 24/7 Emergency Departments** and introducing Fast Track Services to ensure that each patient sees the right professional as quickly as possible.
- Introducing new CT scan and wide-bore MRI technology** that accommodates people of all body types and makes the scan experience more physically and emotionally comfortable.
- Important facility upgrades at ParkCare Pavilion**, the heart of one of the largest and most comprehensive behavioral health treatment systems in New York State.

SUPPORT THE HEALTHCARE SYSTEM BUILT FOR THIS COMMUNITY.

Gifts large and small, from people like you, have enabled St. John's to expand and enhance services tailored precisely to your needs.

- State-of-the-art MAKOplasty® robotic technology, offering unmatched precision in joint replacement.
- Comfortable, home-like Maternity Center overlooking the peace and beauty of the Hudson River, and proud recipient of the Five-Star Award for Excellence in Maternity Care for sixteen years in a row.
- Cutting-edge Hyperbaric Oxygen Therapy Center for convenient treatment of chronic non-healing wounds, carbon monoxide poisoning, infections and other illnesses and injuries.
- Joshi Center for Comprehensive Renal Care, offering nearby, coordinated care to those suffering from kidney diseases and disorders.
- Award-winning Stroke Program that has earned the Joint Commission's Disease-Specific Gold Seal of Approval® for Stroke Accreditation, recognizing our commitment to providing safe and quality patient care.
- A commitment to education allowing us to teach and hire the best medical professionals for our patient population. St. John's serves as a regional campus for the nation's largest medical school, The Lake Erie College of Osteopathic Medicine.

EVERY DOLLAR MAKES A DIFFERENCE

Make a gift of any amount by December 31, 2025, and your impact will be DOUBLED with a 100% MATCHING DONATION*!
