## Upper Deck Organized Play Program

Thank you for your interest in the Upper Deck Organized Play Program. Please use this application to be considered as an Upper Deck Organized Play Retailer. If you plan on selling any Upper Deck Game Product in your Hobby Shop, but do not plan on running any gaming events, you can still use this application to be included on our Upper Deck Store Locator and gain access to our incentives.

All applicants will need to be verified as a Certified Diamond Dealer (CDD) through your preferred Distributor before acceptance in our Organized Play Program. Please contact your rep at the following Distributors to get an application and become verified to sell Upper Deck Gaming Products if you have not done so already.

### [US & Canada Distributors List](#)

#### **Advantages to being accepted into the Upper Deck Organized Play Program**

- Access to product pre-releases – ability to sell product ahead of street date
  - Ability to order Organized Play Kits through our website
- Access to retailer support assets – social media graphics, web banners, in store posters, and more!
- Officially recognized on our store and event locator which gives you additional reach and allows players to find your location and upcoming events.

#### **Application Timeline**

- Upper Deck Organized Play application approval times may vary, depending on whether you are currently a CDD or not.
- If you are already an approved CDD, please expect 3-5 days for approval of your application in our UD Organized Play program.
- If you are not a CDD, please reach out to your preferred Distributor (listed above). Once you have applied through your Distributor, please allow 3-5 days for status of your application. Once approved, then submit an application through this portal and allow an additional 3-5 days for approval as an Upper Deck Organized Play Retailer.
- Contact Upper Decks at [hobbypolicy@upperdeck.com](mailto:hobbypolicy@upperdeck.com) for any questions about your application.

Locations that have already been approved do not need to re-apply for the Upper Deck Organized Play Program.

If you do have multiple locations, please apply for each store location so we can approve each separately.

Once you are approved, you are set to run events and access exclusive materials to aide in selling Upper Deck Gaming Products.

In addition to being CDD certified, you will need a Discord Login. Click below to sign in or sign up for an account.

# Neopets Employee Tournament round 1 matches

## Round Matchups

Make sure that all Matchups are good using the below criteria as necessary.

Yellow/Red highlight rows indicate players who have already played each other previously in this tournament. This should be avoided when possible.

If you do not see any highlighted rows, then it is safe to immediately Lock the Matchups.

Starting with the first/top highlighted matchup and repeat the below for each bad matchup

Look for another matchup where there is a player who has not played one of the two highlighted players. Preferably the same score. If there are none, look for another player they have not played that is only one difference in score. As a last resort, look for a player they have not played that is two difference in score. Never go farther than two difference in score.

Put the PMID number for two players you want to have swapped into the Swap form. Submit.

Now that those two players are swapped, you can now look for the next set of highlighted players.

Extra details about match ups.
