4. 2. 2. For purposes of pairings the players shall be seeded according to the most recent FIDE standard rating list as per the moment when the pairings are announced. In case of equality of two or more players, the player with the bigger number of games played during the period covered by the list shall be seeded higher. In case of equal number, the order shall be decided by draw of lots. If he enters, the reigning World Champion shall be seeded number one.

4. 7. 5. If the score is level after the games in [Article 4.7.4](#), then one sudden death game shall be played. The sudden death game shall be the following:

- White shall have 4 minutes + 2 seconds increment per move, starting from move 1.
- Both players shall submit a time bid – specifying how much starting time they are willing to play with as Black, also with a 2-second increment per move, starting from move 1. A bid cannot be more than 4 minutes. The player who submits the lowest time wins the bid and plays with Black.
