KNOW BEFORE YOU GO

The Jeep Jamboree USA Off-Road Driving Tips booklet is the ultimate guide to safe, common sense off-road driving. View the guide at <https://link.jeepjam.com/drivingtips>

FOLLOW THE FLOW

When you arrive at a Jeep Jamboree, you must complete these steps in this order:

Vehicle Evaluation → Registration → Trail Sign-Up

You will not be permitted to sign-up for trails until you have completed Vehicle Evaluation and Registration.

PHOTO ID REQUIRED AT REGISTRATION

The driver of record is required to show a photo ID when presenting your waiver and picking up your registration packet. The names on the ID and registration must match or you will be turned away without a refund.

NAME BADGE

Each person must wear their name badge throughout the entire Jamboree. A name badge is required for meals and must be presented whenever requested by a guide or staff member.

TRAIL STICKERS

Trail stickers provided at trail sign-ups must be displayed on your windshield prior to departing for any off-road trail ride.

TRAIL CONDITIONS

Trail conditions can vary widely between trails and even on the same trail on different days. Factors such as weather, other Jeepers, and the line you choose all have an effect on the trail and how your Jeep will traverse it. Rainfall, even from days prior, may increase trail ratings 1 or 2 points. When in doubt, ask a Jeep Jamboree Trail Guide for guidance. Please note that Federal, Tribal and Private landowners may limit the amount of brush we are able to trim back on a trail.

WEATHER CONDITIONS

Weather conditions can be dynamic at a Jeep Jamboree. We recommend you look at a 10-day forecast of weather conditions. Be sure to check the weather for all areas listed in the itinerary as different locations may have very different temperatures.

SAFETY EQUIPMENT

A fire extinguisher and first aid kit are highly recommended.

REQUIREMENTS FOR WINCH OWNERS

Winch owners are required to have an appropriately rated tree saver and soft shackle in your Jeep.

A MESSAGE FROM YOUR DRUMMOND ISLAND COORDINATORS...

Welcome to the Drummond Island Jeep Jamboree! We're excited to have you with us on Drummond Island!

Like any Jamboree that's been around for thirty-plus years, there have been changes over the years – some minor, some major - but every one of them has been designed to make subsequent Drummond Island Jeep Jamboree experiences better than the one before! And that's a great barometer of the appeal this event has to the "It's a Jeep thing - you wouldn't understand!" crowd!

The trails on the Drummond Island Jamboree are designed to allow our staff to match your trail ride to your personal experience, equipment and comfort level. Seasoned Drummond Island trail guides will be on hand at registration to help you with your trail selection.

Every Jeep makes the trek out to the well-known Marble Head steps (a Badge of Honor point) where you can walk right to the edge of the rocky bluffs looking down at the tops of trees, and out over the north end of Lake Huron 90 feet below! The trail getting you there is full of breathtaking vistas and bays. Your trail riding will be on trails matched to your Jeep and experience.

On the Drummond Island Jamboree you stay with the same Jeep group for both days of trail riding! And when you're on the trails keep a look out for deer, bear, moose and bald eagles! All of these critters call Drummond Island "home"!

WHAT TO EXPECT ON DRUMMOND ISLAND

DNR ORV License

In order to ride the trail system on Drummond Island, a State of Michigan "DNR ORV License" is required. A "DNR ORV License" will be provided to each Jeep at registration. You do not have to purchase an ORV license prior to the event!

Cell phones

Because of the remote location of Drummond, there are many places without cell coverage. Because of the close proximity to Canada your cell phone will connect to Canadian towers at times! We highly recommend that you turn off your roaming or add international roaming to avoid significant international roaming charges.

Drummond Island is an island

In order to get there you take a 148' ferry with a 32 car capacity from DeTour Village on the mainland side for a one mile ride across the St. Mary's River. The ferry generally makes one run per hour, more during high traffic. When planning your trip to Drummond Island build in some 'wait' time in for the ferry ride. Please refer to the ferry schedule and rate information in this itinerary to plan your trip. You'll have a good chance of seeing one of the giant Great Lakes ore freighters as they move up and down the river while on the ferry or waiting at the dock.

TRAIL DESCRIPTIONS

All trail ratings will vary as they are based on weather, vehicle set-up and driver experience. Add one rating level for wet weather.

Marble Head • Rated 3–7 (Trail difficulty depends on choice of line, weather, and trail conditions)

The Marble Head Trail is our signature trail on the Drummond Island Jeep Jamboree, all groups will have the opportunity to run this trail. To get to the Marble Head lookout Jeeps negotiate a challenging series of rock steps - first down, and then back up on the way out! Your route to Marble Head will vary to accommodate all groups, but all the trails may be characterized as rocky & muddy, and with several stops along Drummond's picturesque Lake Huron beaches. You will be provided with a pack lunch to eat out on the trail. Great photo ops on this trail!

Upper Turtle Ridge • Rated 3–7 (Trail difficulty depends on choice of line, weather, and trail conditions)

Upper Turtle Ridge is tight and rocky, and has several obstacles - The Citadel, Moss Rock, and The Ledges – each offering several lines of varying difficulty to test you and your Jeep's ability. This trail will be combined with either **Lower Turtle Ridge** or **Drummond Island Inner Trails** to provide a full day of Drummond Island off road fun and you will be treated to a hot lunch cooked at Upper Turtle Ridge while you are there!

Drummond Island Inner Trails • Rated 3–7 (Trail difficulty depends on choice of line, weather, and trail conditions)

A group of trails in the central part of Drummond Island with names like Tight Twisties, Halfrisch, Walker, Tree Hugger, and Conner Hole that can be described as tight, rocky, and fun! These trails have tricky rock climbs, lots of woods, and good chance to see deer or other wildlife.

Lower Turtle Ridge • Rated 6–8 (Trail difficulty depends on choice of line, weather, and trail conditions)

This section of trails is reserved for Jeeps that are modified with experienced drivers. This section's trails are littered with larger rocks, aggressive rock climbs, mud, and off-camber sections. These trails have some of the most difficult sections on this Jamboree!

TRAIL RATING SYSTEM

Every Jamboree trail is rated from 1 (easiest) to 10 (the most difficult). These ratings are based on the overall trail, not just on one or two tough spots. Rain can increase ratings by one or two points. Please remember, all vehicles are subject to vehicle check prior to trail departure. Numerically higher rated Jamborees are more likely to result in vehicular damage.

1-2 Obstacles and terrain are relatively easy to navigate. In optimum weather conditions, some trails may not require continual use of four-wheel drive (4WD).

3-5 Moderately demanding. Challenge for novice drivers. Obstacles may include: mud holes, boulders, and streams. Requires 4WD with 4-LO.

6-7 Demanding. Challenge for most skill levels. Mud holes get deeper, boulders get larger, and climbs get steeper. Requires 4WD with 4-LO.

8-9 Very demanding. Likelihood of getting stuck is high. Mud holes may be deep and rock climbing is more arduous. Lifts and lockers are helpful. Requires 4WD with 4-LO.

10 Extremely demanding. Reserved for the toughest off-road trip in the U.S.A. – the Rubicon Trail.

Requires 4WD with 4-LO, front and rear lockers, skid plates, rock rails and an aftermarket rear differential cover.

Rubicon Trail Jeep Jamboree is limited to TJ, JK, JL and JT models only without prior approval. Jeep Renegade, Patriot, Compass, Liberty, Cherokee, Grand Cherokee, Commanders, and Wagoneers are not allowed.

During registration you will have the opportunity to discuss the trails, your driving experience, and Jeep capabilities with the trail guides. The guides will work with you to select appropriate trails. Rain may increase trail ratings 1 or 2 points, especially with street tires.

PLEASE TREAD LIGHTLY!

Travel responsibly on designated roads and trails or in permitted areas.

Respect the rights of others including private property owners and all recreational trail users, campers and others to allow them to enjoy their recreational activities undisturbed.

Educate yourself by obtaining travel maps and regulations from public agencies, planning for your trip, taking recreation skills classes, and knowing how to use and operate your equipment safely.

Avoid sensitive areas such as meadows, lakeshores, wetlands and streams, unless on designated routes. This protects wildlife habitat and sensitive soils from damage.

Do your part by leaving the area better than you found it, properly disposing of waste, minimizing the use of fire, avoiding the spread of invasive species, restoring degraded areas, and joining a local enthusiast organization.

A NOTE ON LAND USAGE

Many Jeep Jamboree USA events are held on private lands with the consent of landowners, or on public lands through special use permits. In some cases, Jamboree trail groups are granted access to trail areas which are closed to all other vehicular access during the year.

Please be aware that access to these trail areas is allowed only by guided Jeep Jamboree USA groups during the scheduled Jeep Jamboree trail rides. Individual Jamboree guests returning later to drive in these areas on their own do so in violation of Jeep Jamboree USA's land use agreements and endanger future Jamboree usage of these restricted trails as well as being removed from the Jamboree without a refund.

Thank you for your cooperation in assuring Jamboree access to some of America's most spectacular backcountry.

FREQUENTLY ASKED QUESTIONS

ARE JEEP JAMBOREES SAFE?

Our trail guides are trained to put your safety first. If they ask you to refrain from any activity or to avoid specific trails or areas, you must follow their directions. Jeep Jamboree USA does not authorize or promote any night runs. You must wear your seat and shoulder belts. If a Trail Guide asks you to wear your seat belt and you do not comply, you will be removed from the Jeep Jamboree without a refund and banned from Jeep Jamborees.

WILL MY JEEP BE GOING THROUGH WATER?

Some Jamborees may have water crossings and mud holes. Many of these crossings and holes offer a bypass. It is very important to watch and listen to your trail guide. When driving in deep water, **go very slowly!** If your engine gets wet and stalls, **do not** try to start it as you may cause serious engine damage. For additional tips on water crossings and many other off-road situations, please refer to your copy of *Jeep Jamboree USA Off-Road Driving Tips*, available at <https://link.jeepjam.com/drivingtips>

YOU MUST WEAR YOUR NAME BADGE

When you register on-site, you will be given one name badge per participant. Please wear your name badge while at the event as it is verification of your registration, your admission to the trails and meals, and helps everyone get to know each other.

GET CONNECTED WITH OUR FACEBOOK GROUPS

Join one or more of the Jeep Jamboree discussion groups on Facebook. Ask questions, share information and photos before, during and after your great adventure.

WHAT SHOULD I BRING?

- A basic tool kit, first aid kit, tire gauge, rain jacket, and clothing for all weather conditions are highly recommended.
- An ice chest full of your favorite non-alcoholic beverages. It is important to stay hydrated!
- A full tank of gas prior to General Attendance Meeting as you will not have time to fuel up after the meeting.
- Trail snacks and a chair/blanket for the lunch stop.
- Insect repellent, Sun Block, Medications, Hand Sanitizer, Flashlight, Camera, Binoculars
- Toilet paper and Zip-lock bags for tissue disposal

MAY I BRING MY PET?

Bringing pets is strongly discouraged. If your pet must attend, you must submit a pet waiver during registration.

WHAT IS THE POLICY ON ALCOHOL, DRUGS, ETC.?

No occupants of the vehicle will possess or consume alcohol, non-prescription drugs, or be under the influence of any substance while on the trails. Doing so means immediate expulsion without a refund and those involved will be banned from all future Jeep Jamborees.

COULD MY VEHICLE BE DAMAGED ON A JAMBOREE?

Every effort is made by Jeep Jamboree USA to make the trails as safe as possible. You are advised to closely follow instructions given by Jeep Jamboree Trail Guides. Jamborees with higher difficulty ratings are more likely to encounter rough and challenging terrain that may contribute to vehicular damage. Any damage is the owner's responsibility.

GMRS RADIO, CHANNEL, AND FREQUENCY INFO

IF YOU DON'T HAVE A GMRS RADIO YET

Your easiest and best option is to purchase one of the recommended Midland radios. These quality radios are easy to use and are available at <https://link.jeeppjam.com/radios> and at Jeep Jamborees.

RADIO DIFFERENCES AND FREQUENCIES

In late 2017, the FCC set standards for FRS/GMRS channel numbers and frequencies. Any FCC approved radio manufactured after October of 2017 will match the channels in the chart and work for your Jeep Jamboree.

FREQUENCIES AND POWER

FRS and GMRS use the same channels/frequencies. FRS runs at lower power while GMRS runs at higher power.

LICENSING

Operating a GMRS radio requires a valid license. Any radio using the shared FRS/GMRS frequencies that is able to transmit above 2 Watts of power is considered a GMRS radio and requires a license.

WHY GMRS OVER FRS OR CB?

With FRS handhelds you may hear others on the trail, but they may not hear you. GMRS has more power, meaning you can transmit farther. GMRS offers more reliability, usability, and quality over a CB radio.

Frequency	FRS/GMRS Channel	FRS Power	FRS Bandwidth	GMRS Power	GMRS Bandwidth
462.5625 MHz	1	2 W	12.5 kHz	5 W	20 kHz
