

Pet Hold Harmless Agreement

Mark A. Smith Off-Road, Inc. / Jeep Jamboree USA / Jeep Adventure Academy strongly suggests that pets are not recommended at Jeep Adventure Academy events. Long hours in vehicles, association with people unfamiliar to the animal, access to inappropriate foods, restricted park areas, leash rules and laws, and many other drawbacks make including pets in the events punishing to the pet, the owner and the other participants. If you must bring your pet, you must agree to the following:

1. Provide documentation from your health department or veterinarian showing that the animal is currently inoculated for rabies.
2. The animal must be confined to the owner's vehicle or on a leash and kept away from other participants.
3. Owners are responsible for removal and disposal of their pets' waste in all public areas.
4. Pets are not allowed in dining or gathering areas at any time.
5. Certain facilities do not allow pets on-site. Please make sure to check trip itineraries for specific restrictions. This does not include certified Service Dogs.
6. The owner agrees to hold Mark A. Smith Off-Road, Inc., Jeep Jamboree USA, Jeep Adventure Academy, Stellantis N.V., and all employees thereof harmless from any liability which arises out of any incident involving owner's pet, and harmless from any incident harming the pet itself.

By signing below, I affirm that I have read, understand, and agree to the above terms.

Jeep Jamboree Location: _____

Pet's Name: _____

Pet Owner's Name: _____
