I am striving for all A+ ratings. If there is a problem with this product that makes it less than A+ please let me know and I will do my best to remedy that.

Solar System Printable
Play Dough and Sensory Bins

Your kids will have a blast with these solar system printables!

To prepare simply print on card stock and/or laminate. I strongly suggest laminating because it will make your printables last a lot longer. Some of our play dough and sensory bin printables have been going on several months with frequent use. Then, cut them out and add them to your sensory bin.

To see what we did with them, you can click here to view my Solar system sensory bin post. You can also use them with play dough or completely on their own if you prefer.

Most importantly, have fun while you learn all about the solar system!
