

## Ava Compression Camisole Style 911

Model's Measurements: Size Small  
Bust: 34.5, Waist: 28, Hips: 39.5)

Model's Measurements: Size Medium  
(Bust: 40, Waist: 31.5, Hips: 42)

Immediate relief from swelling discomfort caused by edema and lymphedema. In addition, the camisole smooths the tummy, back and waist.

### Features

- Snug fit for consistent and full torso compression
- Fully lined
- Wider strap than style 910
- Seamless front, no seam under the bust
- Pocketed
- UPF 50+ UV protected
- Designed and sewn in the USA

*"VERY impressed with Ava compression camisole. I chose no reconstruction and no prosthetic after my mastectomy so having a flatter camisole without extra fabric is perfect for me. I'll be buying more in the future. And I love the color Lilac!"*
