FEVER

MUSIC  
FEVER<sup>®</sup>

We develop socioemotional skills through music

## Our Core Belief:

A **high-quality music education** program can foster the **holistic development** of individuals, hand in hand with other areas of **formal learning**

# What Does Music Fever Offer?

## High-quality music education program

A fully-structured program from ages 2 to 18, using exclusive materials.

Students demonstrate their knowledge through artistic presentations.

## Comprehensive and enjoyable musical experience

Our classes are designed to be fun, inclusive, and musically enriching.

Students engage in musical experimentation and performance.

Technology supports learning and student autonomy.

## Specialized in socioemotional development

Each musical experience is designed to cultivate essential life skills.

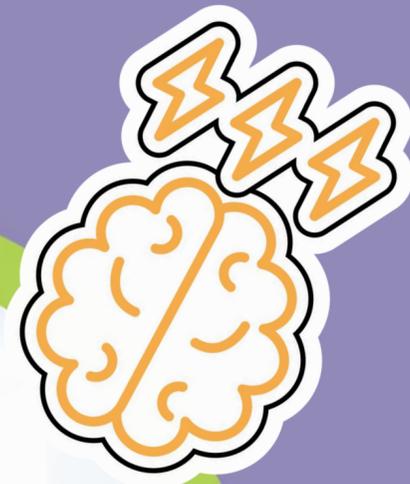

## Conducted completely in English

Classes are fully taught in English by bilingual teachers, and additional materials are also available in English.

# Foundations

- USA and Canadian music teaching models and programs
- Canadian ensemble formation principles
- MYP and PYP programs (International Baccalaureate)
- Finnish and Danish educational proposals
- Socioemotional learning principles
- Aligned with MEP programs

# Our Programs

## **Music Fever Stimulation (Preschool)**

Expression, interaction, communication, and learning through play and music.

## **Music Fever Exploration (Elementary)**

Awakening curiosity about the musical world. Awareness to music and self-perception.

## **Music Fever Proficiency (High School)**

Musical specialization. Deep knowledge of music. Development of interpersonal skills through music production, music project management, music technology, theory, and performance.

# Standards and Emphasis

Standards: A structured progression of musical knowledge and skills

Emphasis: A specialized musical focus tailored to each level
