Limited Edition

Made without machines, using ancient methods to honor the craft and the pleasure of making wine with patience and respect.

Our Limited Edition line features artisanal micro-vinifications, crafted without the use of electric machinery. This allows you to experience first hand the process of working the grapes, employing the methods of those who came before us in this noble and dedicated endeavor of producing wines for enjoyment. From fermentation in open vats, the wines are transferred directly to 4th and 5th use barrels for maceration and aging for over 24 months.

MALBEC EDICIÓN LIMITADA

Reserve

Over the years, our young winery has expanded its range of wines thanks to production of new varietal vineyards.

This time has also allowed us to arrive at the first expression of our reserve line (12 months in oak barrels and one year in the bottle) of our Malbec and Red Blend. Both combine in integrated harmony the complexity of aging with the freshness of vibrant fruit, in a balance of aromas, intense colors, and profound palates.

MALBEC RESERVA

(12 month in french Oak barrels)

Cost per unit: (FOB) U\$D 10.- / € 8,57.-
