Bitrix24

Our product was originally launched in 2008 as Bitrix Intranet and was renamed into Bitrix24 in April 2012, right after it was expanded with a cloud version. Bitrix24 is currently one of the largest collaboration platforms in the world, chosen by more than 15 million companies. The platform offers over 35 tools, including a powerful CRM system.

Bitrix24 Partner Network currently lists more than 2,000 companies worldwide. Our partners provide Bitrix24 implementation, customization, and employee training services.

We store client data in 9 data centers and 600 servers in North America and Europe. Our data centers are fully GDPR-compliant (learn more here <https://www.bitrix24.com/gdpr>).

Bitrix24 has received multiple awards from PC Magazine, Forbes, TechRepublic, The Huffington Post, Venture Beat, and other media: <https://www.bitrix24.com/about/press.php>.
