# Engineered Window Mullion and Clip Extrusions

## Engineered Window Mullion and Clip Extrusions for Multiple Unit Openings

- Our mullions can be used with any Approved Fenestration Product, under separate approval.
- Florida Building Code Approved by Engineering:  
Tube Mulls: FL17472.2 . Bay/Bow Mulls: FL17472.1
- Now offering 22.5°, 30°, 45° and 90° Mullion Bars
- Our tube mullions can be used vertically, horizontally or any combination of the two and our Bay/Bow Mullions are designed for vertical applications in 22.5°, 30°, 45° and 90° configurations
- All of our mullions can be used in twin configurations or in multiples, up to 108". We can cut them to any size you need. In addition, we have the largest supply of painted rectangular tubing in stock for custom applications (may be covered by FBC or Miami Dade approvals by others or can be used with site specific engineering).

## Non-Engineered Window Mullion and Clip Extrusions
