ENDECK[®]

PVC DECKING

Premium Dock and Boat Lift Decking

Cedar

Endeck Forest™ Series

Rich colors lend a natural beauty found only in the most exotic hardwoods.

Endeck captures the classic look and feel of real wood, but leaves the headaches of extra maintenance time and expense behind.

The exclusive HardCover™ Capstock delivers unmatched durability and ultra-low maintenance.

Fade and stain resistant with a deeply embossed variegated wood grain.

Chestnut

Sequoia

Endeck Woodland™ Series

Offering soft earthy hues and beautiful finishes that are a favorite amongst coastal communities.

Endeck manufacturing technology allows the decking underfoot to remain comfortable, and cooler to the touch - even on the hottest days.

Tough Inside and Even Tougher Outside.

Endeck boards are strong, durable, engineered to resist sagging
Endeck has been code approved (ASTM D7032 compliant) since 2009.
