

RESNA Privacy Policy for Website

RESNA respects the privacy of visitors to its website. This Privacy Policy governs the use and collection of information from this website.

When you visit our website, you may provide us with two types of information: personal information you knowingly choose to disclose that is collected on an individual basis, and website use information collected on an aggregate basis as you and others browse our website. This information is not collected for commercial marketing purposes but may be shared with outside agencies (unless you have indicated otherwise). If you do not want your information included in directories or shared with others, please contact RESNA at (202) 367-1121.

In general, the information collected, whether or not personally identifiable, is not limited to text characters and may include audio, video, and other graphic formats you send to us. Information is retained and used in accordance with existing laws, rules, regulations, and other policies.

Cookies

Cookies are simple text files stored by your web browser that provide a method of distinguishing among visitors to the website. Cookies created on your computer by using our website do not contain personally identifiable information and do not compromise your privacy or security.

Online Registration Information

You will provide us with information about yourself and your organization when you register for meetings/conferences and listservs or buy products. This information is not used for any other purpose than to fulfill your request and is not shared with outside parties. However, visitors should be aware that information collected through the RESNA website may be subject to examination and inspection if such information is a public record or not otherwise protected from disclosure.

Security

For various services requiring online transmittal or private information, RESNA uses the Secure Sockets Layer (SSL) encryption protocol to safeguard your sensitive personal information. Information is encrypted from your computer to the RESNA server processing your request. To further secure your privacy, do not divulge any personal identification numbers, passwords, or sensitive information to anyone in a phone call or email. When finished with applications that are password protected or require the input of your personal information, it is always recommended that you close or otherwise exit all instances of your browser.

Changes to this Privacy Statement

RESNA reserves the right to modify the Site and/or Privacy Statement at any time, and users are deemed to be apprised of and bound by any such modifications. Our goal is to provide all services

to customers in an accessible, efficient, and friendly manner while maintaining their privacy. If you have comments or questions regarding privacy, please contact us.

Nor does RESNA guarantee the accuracy, completeness, efficacy, or timeliness of information located therein.

RESNA – Artificial Intelligence Policy

RESNA is committed to providing a safe and secure environment for all volunteers, staff, and stakeholders we partner with and serve through the responsible use of Artificial Intelligence (AI) technology.

The use of AI tools is revolutionizing the way we work. These tools have the potential to automate tasks, improve decision-making, and provide valuable insights into our operations. However, their use also poses new information security and data protection challenges.

Due to these security and data protection challenges, RESNA is studying and evaluating the best use of AI within the organization. As a result, RESNA asks volunteers, staff, and stakeholders not to use AI for RESNA-oriented work, especially when it concerns confidential, proprietary, private, or copyrighted information. This includes the use of AI tools for summarizing meetings or note-taking during meetings concerning copyrighted material, such as standards.

Until RESNA authorizes reputable AI tools that meet our security and data protection needs, volunteers, staff, and stakeholders who wish to use AI for a particular purpose must contact the Executive Director's Office for approval prior to its use.
