

# TRAINING SUPPORT

“From Strategy to Delivery, On Time Every Time”

## ABOUT US

Virtual Asset Management (VAM) Global, a minority-owned Consulting firm that leverages our expertise and diverse technologies to support our global clientele. Our team of talented professionals with over 25 years of experience in the Federal/Local government and private sector are able to solve complex problems within industries such as Architectural / Engineering / Construction (AEC), Defense and Federal Civilian Agencies, Homeland, geospatial, and public sectors. We provide a suite of capabilities that includes Enterprise Portfolio Management, Logistics and Operational Management, Information Technology, Reality Capture, and Training Support.

## OUR MISSION

- ☑ To enhance our client and stakeholder’s knowledge and skills with high quality, accessible training and professional development opportunities that support their business vision.

## OUR VALUES

Creative, Leaders, Partners, Transparant, Solutions-Centered, Diverse.
